WARRANTY, TERMS AND CONDITIONS

Warranty:
First Office casegoods products are guaranteed to be free from defects in design, material, and workmanship, given normal use and proper care, for 12 years of single-shift service from date of purchase as shown on your original receipt or other proof of purchase with the exceptions noted below. First Office will repair or replace, at our discretion without charge to the original purchaser, any product or part thereof which fails as the result of such a defect during the warranty period. Freight or other shipping charges on returned product or part must be prepaid by the purchaser. Labor and service not covered under warranty. First Office assumes no responsibility for repairs to products that result from user modifications, attachments to a product, misuse, abuse, alteration, or negligent use. Except as stated above, First Office makes no expressed or implied warranties as to any product, and, in particular, makes no warranty of merchantability or of fitness for any particular purpose. First Office shall not be liable for consequential or incidental damages arising from any product defect.

All components not listed below – 12 years
All drawer glide suspensions – lifetime
All locking mechanisms – lifetime
All door hinges – 12 years
Door latches – 12 years
Drawer pulls – 12 years
Casters and pneumatic lifts – 2 years
Projection Screen – 2 years

This warranty does not cover:
- Damage caused by a transportation company.
- Natural variations in color, grain, or texture of wood and other covering materials over which First Office has no control.
- Damage caused by loading file drawers with anything other than hanging files.
- Freight or other shipping charges on returned product or parts, labor and service.

Ordering information:
All orders should be placed with:
First Office
1204 East 6th Street
Huntingburg, IN 47542
P800.983.4415
F812.683.7256
order_entry@firstoffice.com

A customer drawing or sketch of the planned configuration in modular applications will facilitate order processing.

Prices:
All prices herein are list prices including delivery to one destination, effective with the date printed on the cover and supersede all other published price lists. US List Prices are domestic prices only for shipment within the Continental United States. Prices are subject to change without notice, unless quoted in writing. Possession of the price list does not constitute authority to sell or offer for sale First Office products.

Acknowledgments:
Orders are acknowledged upon receipt of credit approval. Your acknowledgement is a detailed description of items, prices, shipping information, and shipping date. Please read your acknowledgment closely and notify First Office immediately of any discrepancies. First Office is not responsible for errors on orders placed by phone without written confirmation.

Availability:
First Office is committed to the fastest possible shipment of all products. Throughout this price list you will find some items denoted with the following symbol. GO items marked with this symbol are a part of the First Office GO program and deliver on or before 12 business days subject to inventory levels and credit approval.

Example: **GO**-4-7236FDPB-LC2-EX-BB-G1

First Office GO items are available in select finishes, hardware and edge options. When ordering GO items, be sure to designate these items with a GO in front of the model number. Quantities on our GO program are limited to a maximum of 10 suites per order. All other items are available within our normal manufacturing schedule. For information on stock availability, call our customer service hotline 800.983.4415.
Note: Planned shipping dates may be delayed due to fires, strikes, natural disasters, or other causes beyond our control.

Quantity Orders:
Contact your First Office customer service representative to verify inventory and production schedules to ensure requested shipment date prior to placing large quantity orders.

Delivery and Freight Charges:
All shipments are F.O.B. point of shipment, freight prepaid and allowed, excluding fuel surcharges. Shipments outside of the Continental United States are freight prepaid and allowed to port of exit. First Office reserves the right to select the most appropriate carrier and routing on all shipments; however, we will try to accommodate requests for your preferred carrier. First Office reserves the right to implement a fuel surcharge. **Orders of less than $1,500 net** will be assessed a handling charge of $100 net per order. Any charges arising from failure to receive a shipment, rerouting while in transit, or carrier storage charges are not included in prices shown. Orders requiring special services are subject to an additional charge.
These services include:
- Reconsignment from original destination to new destination - $35 plus $3.00 per mile net
- Refused/Returned Freight
  - Freight refused at destination and returned to First Office - Double Freight
  - Freight refused at time of delivery; returned to First Office to deliver at a later date - Triple Freight
- Detention Fees (after 2 hours of waiting) - $85 net per hour
- Weekend delivery available Friday after 3:00 p.m. through Sunday night, or Holiday - $600 net per truck
- Customer Pickup
  - Customer Request for 3rd party to pick up freight at First Office terminal - $125 net
- Change of Tags/Address/Phone #'s on Shipments- $35 net

Cancellation / Order Changes:
All orders accepted by First Office are considered firm and binding and are not subject to cancellation.

Warehouse Storage Charges:
If a shipment is held beyond fourteen (14) calendar days after the order is ready for shipment at your request, a 0.067% per day (2% per month) storage charge will be assessed. The effective date will be fourteen (14) calendar days after the order is ready for shipment, as long as this date is after the acknowledged ship date. Further, the prices applied to the order will be those prices in effect at the time of shipment.

Extended Production / Ship Dates:
Orders placed with First Office with extended lead times as requested by you will be subject to price in effect at time of shipment.

Damaged Merchandise and Freight Claims:
1. Inspect all cartons for damage and verify carton quantity. All shipments are delivered to the transportation company in good condition; First Office's liability ceases at this time. Do not refuse merchandise damaged in transit. Instead enter a claim with the transportation company.

2. Record damages and/or shortages on the bill of lading and freight bill. Do not accept the shipment until all shortages are noted on both the bill of lading and the freight bill. Sign only for the items you receive. If you give the delivering carrier a clear receipt for a shipment, the carrier is relieved of further responsibility.

3. If concealed damage is found: Notify the delivering carrier at once and request an inspection. For shipments via Styline Logistics, notify your First Office customer service representative. This must be done within 20 calendar days of delivery. Without this inspection the transportation company will not entertain a claim for loss or damage. If the carrier will not perform this inspection, you should prepare an affidavit that you contacted the carrier, noting the time and date, and that the carrier failed to comply with your request. All shipping cartons and inner packing must be retained for carrier inspection. Do not move the damaged merchandise from the receiving location. It must also be retained for the inspection.

Return of Merchandise:
First Office will not accept returned merchandise without a signed Return Authorization (RA) issued by our customer service department. All returned merchandise must be properly packaged and cartoned to prevent further damage. Carton must be clearly marked with identifying RA number so that proper credit can be issued. We will consider issuing RAs for the following reasons:

- Manufacturing defect (must be inspected by First Office sales representative)
- First Office order processing error
- Shipping error
- Duplicate shipments
- Mismarked cartons

All merchandise must be returned within thirty (30) days of the date of the RA to receive credit. Freight damage, signs of usage, missing parts, etc. will be adjusted on the amount of credit to be issued.

Repair Charges:
Reimbursement from First Office for repairs must have prior approval.

WARRANTY, TERMS AND CONDITIONS

Finish:

euroluxe™ with SILVERBAN™

The patented Euroluxe™ finish is a chemically re-engineered Urethane clear coat that preserves the beautiful depth and clarity of OFS' finishes, but allows for much greater performance with chemical and scratch resistance, as well as the complete elimination of dangerous formaldehyde emissions. The Euroluxe™ finish system achieves indoor air quality standards set by LEED and BIFMA furniture emission standards and allows all products to achieve SCS Global Services' Indoor Advantage Gold Certification.

SilverBan™ technology is an antimicrobial utilizing silver ions infused into the Euroluxe™ wood finish for antimicrobial protection on all exposed wood surfaces. SilverBan™ inhibits the growth of mold, mildew, fungus and bacteria on wood surfaces, as well as odors caused by bacterial growth, by 99.99%.

Custom Finish Color:
Custom finish matching is available for special requirements. First Office must be provided with a suitable 8" x 10" or larger finish sample. First Office has a complete library of previously developed custom finishes that may be an acceptable match. However, new custom finishes can be developed to meet specific needs. **There will be a $300 net upcharge per order for new custom finishes (waived on projects of $100,000 list price or more). Custom finish upcharge for repeat or additional orders will be $150 per order, even when the upcharge was waived on the original project.** Custom finish matches are valid for 12 months from sample date. After this time period, custom finishes must be rematched and reapproved for use.

Finish Disclaimer:
Some desktop accessories with plastic feet can penetrate or burn the finish. This is not a defect in the finish. Wood is a natural product and minor variations in wood color, grain, and texture may be visible even though the pieces are finished at the same time. Also, light finishes when exposed to ultraviolet rays may darken and change color. These are not defects in finish, and merchandise cannot be replaced because of these natural variations.

BIFMA and ANSI testing:
First Office is a member of the Business and Institutional Furniture Manufacturer's Association. Tests developed by BIFMA and approved by the American National Standards Institute (ANSI) determine the strength and durability of casegoods and seating in its everyday use. Although this testing does not serve as a warranty or guarantee, First Office products within this price list generally meet or exceed applicable BIFMA and ANSI standards.

Modification Pricing:
Modifications must be clearly designated on customer's purchase order by placing the letters MOD in front of the model number and noting the modification needed.

Example:
MOD-17-2248LPR-MLC-DS-CJ-JP-G3 with modified Box/Box/File pedestal

Contact your Customer Service Representative for upcharge on drawer configuration changes for traditional casegoods series.

Tackboard Fabrics:
All First Office carded fabric patterns **except Vinyls and Leathers** are preapproved for tackboard application. A complete list of fabrics that have been tested for tackboard application can be accessed at www.firstoffice.com · Materials · select a Textile Card and hover over swatch color. A window will open displaying tackboard availability.

If your selected fabric is not on the list, please contact your Customer Service Representative for approval.

Locking Information:

Factory Installed Locks are always keyed alike with key number 345T.

Specific Key Options:
Requirements for specific key options by office must be specified on the purchase order at the time the order is placed. Model Numbers with specific key options will specify "NO LOCK CORE" on the acknowledgment. A separate line item will be listed on the acknowledgment as "LOCK CORE SET." Specific lock cores and keys will be sent separately (see **Field Installation** below).

Keyless Cabinet Locking System:
Keyless cabinet locking system uses radio frequency technology. One transmitter pad can operate single or multiple receiver latches. The locking system operates with separate and programmable user and supervisor codes. Optional modes are available for manual locking, self locking or single use locking of drawers and doors. Please contact your Customer Service Representative for applicability and for a price quotation.

Field Installation:
Blank lock cores are installed at factory, allowing specific lock numbers to be ordered but shipped in a separate package for field installation. Lock Core Order Form (see page 4) **must be filled out and submitted** with the purchase order. Lock core/key numbers 100 through 150 are available.

For quantity of locks per unit, please visit www.firstoffice.com and select Resources · Forms & Guides · Lock Core Guide.

Re-keying in the Field:
Lock cores and keys can be purchased separately. The purchase order must specify quantity, key number(s), and color of the core (available in nickel, brass, or black). Key numbers above number 150 are not stocked and may require a 2-week lead time. Orders ship standard UPS ground. **Please note:** A lock core change tool must be ordered for lock cores that will be re-keyed in the field.

Item:	
Lock Core and Key	**$14** LIST
Lock Core Change Tool	**$28** LIST
Master Key	**$28** LIST

All items are non-returnable.

Lock Core Order Form

Date: Submitted By:

Dealer Name:

End User Name:

Purchase Order No. Acknowledgement No.

Comments:

If Lock Core Order Form is not submitted with the purchase order, all units will be keyed 345T.

NOTE: Each lock ordered consists of one (1) core and one (1) key.

Quantity	Key No.	Color	Tag

Lock cores are available in **nickel, brass, or black.** Key numbers **100-150 are in stock,** and available for shipment with purchase order. Other key numbers will be ordered, acknowledged, and shipped on a separate order with a three week delivery. Please continue on additional page(s), if needed. Indicate No. of Pages here _____

1	MOD#2	4-9622MCT	cut down to 94" wide	LC2 - EW - G1 - G1	$468 + $100 = $568

First Office Environmental Attributes

Euroluxe™ with SilverBan™
The patented Euroluxe™ finish is a chemically re-engineered Urethane clear coat that preserves the depth and clarity of OFS Brands finishes and achieves SCS Global Services' Indoor Advantage Gold Certification. SilverBan™ technology utilizes silver ions infused into the Euroluxe™ wood finish for anti-microbial protection on all exposed wood surfaces.

INDOOR ADVANTAGE GOLD FURNITURE

All OFS Brands products have achieved **SCS Indoor Advantage Gold Certification** from SCS Global Services. Indoor Advantage Gold certification is SCS Global Services' highest level of indoor air quality performance for furniture. The certification assures that furniture products support a healthy indoor environment by meeting strict chemical emission limits for volatile organic compounds (VOCs). To be certified, products must be tested by independent labs for compliance with the ANSI/BIFMA X7.1, and either ANSI/BIFMA e.3 or CDPH/EHLB Standard Method V1-1 for VOC emissions of concerns.

level is the multi-attribute, sustainability standard and third-party certification program for the furniture industry. It has been created to deliver the most open and transparent means of evaluating and communicating the environmental and social impacts of furniture products in the built environment.

Taking into account a company's social actions, energy usage, material selection and human and ecosystem health impacts, level addresses how a product is sustainable from multiple perspectives.

With level, customers can make informed choices about commercial furniture that exceed single attribute eco-certifications. The level brand identifies that a product has been vetted by an independent third party certifier and its numeric marking 1, 2, or 3 indicates what threshold of certification it has achieved.

Manufacturers – big and small – now have a methodology to present the environmental characteristics in a clear, easily understood manner with a vernacular that gives end users the ability to make an "apples to apples" comparison.

SCS Global Services **(SCS)** has been providing global leadership in third-party quality, environmental and sustainability verification, certification, auditing, testing, and standards development for three decades. Its programs span a cross-section of industries, recognizing achievements in green building, product manufacturing, food and agriculture, forestry, power generation retail, and more. SCS is accredited to provide services under a wide range of nationally and internationally recognized certification programs. Consistent with its mission, SCS is a chartered benefit corporation and Certified B Corp™, reflecting its commitment to socially and environmentally responsible business practices.

The mark of responsible forestry

The **FSC®** standards (Forest Stewardship Council®) represent the world's strongest system for guiding forest management toward sustainable outcomes. us.fsc.org

FSC certified products are manufactured with material that comes from managed forests that are traceable from the time the logs are cut to the time the final project is installed and are recorded by way of a COC or chain of custody claim on all invoices.

The demand for certified forest products has grown significantly in recent years. OFS Brands' goal to act as a responsible steward of the environment encouraged us to pursue our FSC Chain of Custody (COC) certification which would provide our customers (Dealer, A&D Community and End-users) the added reassurance they've done their part to be earth friendly in their product purchase and enable them to substantiate the LEED (Leadership in Energy and Environmental Design) Materials & Resources Credit 7 for certified wood, in which the intent is to encourage environmentally responsible forest management.

FSC certification is optional on many, but not all, OFS Brands' product lines. Please contact OFS Brands Customer Service for information in regards to which of our product ines are available as FSC certified, and what the necessary procedures are for ordering FSC certified products from OFS Brands.

OFS Brands' company-owned transportation company, Styline Logistics, is **SmartWay**-certified. SmartWay is one of U.S Environmental Protection Agency (EPA's) clean air programs that uses voluntary, rather than regulatory methods, to achieve air quality benefits. SmartWay's focus is in the transportation sector, and encompasses products and services associated with fuel-consuming engines.

The **"Premium Indiana Forest Products"** brand tells everyone that there is an abundant, sustainable supply of the finest Indiana hardwoods to meet consumer demand. It also tells them that Indiana's forests are well-managed, legally-harvested and environmentally responsible. The logo is reflective of the wood itself. Indiana hardwoods display a depth that defies imagination.

PULSE

Laminate:
Quality laminate panel construction using thermally-fused laminate with 1mm PVC edge.

Primary Worksurface:
1.125" thick worksurfaces are thermally-fused laminate with a 3mm PVC edge. Primary worksurfaces are profiled on approach and user sides; secondary worksurfaces are profiled on user side only. Durable scratch-resistant matte finish on all units. Optional high pressure laminate tops available.

Recessed Desk Modesty:
36"D rectangular desk - 9"
30"D rectangular desk - 3"
36"D bow desk (ends are 30") - 3"

Pedestals:
Full or 3/4 pedestals with full modesty panels are standard.

Wire Management:
Wire management is standard in returns, bridge units, credenzas, corner units and hutch units.

Drawers:
Engineered composite wood material with mitered corners provides excellent strength and durability. Wood grain patterned drawer sides provide a consistent appearance and are stain resistant and easily cleaned.

File Drawers:
File drawers have full extension, progressive action slides with steel ball bearing suspensions. They accommodate letter or legal filing.

End and Back Panel Grain Direction:
End panels on all desks, credenzas, returns, bridges, P-tables, bullet tables, wardrobes, lateral files,bookcases, corner units, cockpit corner units, modular pedestals, shells, and wing assemblies are all vertical grain.

Back panels on units that are 60" overall and larger have horizontal grain direction.

Locking:
Pedestal locks secure all drawers with the turn of a single key. All units are standard shipped keyed alike. Specific key requirements may be specified on the purchase order at the time the order is placed for field installation (ships separately). Removable lock cores allow for re-keying in the field. See page 3 for options and order information.

Built up units (desks, credenzas, returns, etc.) locking is on inside of pedestal except for multi-files or lateral files. Multi-flies, lateral files and modular products locking is on front of pedestal.

Go:
Pulse GO items are scheduled to be delivered on or before 12 business days and are available in (LC2) Light Cherry and (MC2) Mocha Cherry laminate, with (EX) Flair edge, with all drawer pulls and laminate (JB) or glass (JC) doors. Inside back panel GO only when (W2) No Tackboard is specified. Standard grommets only are available on GO. When ordering GO items, be sure to designate these items with a GO in front of the model number.

Filing:
See page 198 for diagrams of all Pulse filing capabilities.

Finish Options:
Available in (EW) Bead, (EX) Flair, and (EY) Square edges only:

(EW) Bead (EX) Flair GO (EY) Square

PULSE

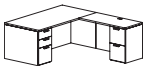
How to order L's and U's:
You can build a multitude of L's and U's by simply specifying the components needed such as desks, bridges, returns and credenzas. We offer these components individually so specifiers can select the exact shape and size needed.

L's:
To build an L, select a single pedestal desk and a return. Right L's require a left pedestal desk with right pedestal return. Left L's require a right pedestal desk with a left pedestal return.

U's:
To build a U, select a single pedestal desk with a bridge and a single pedestal credenza. Right U's require a left pedestal desk with right pedestal credenza (bridge in between). Left U's require a right pedestal desk with a left pedestal credenza (bridge in between).

Cockpit U's:
To build a cockpit U, select a single pedestal cockpit desk with a corner unit and a return. Right cockpit U's require a left pedestal corner desk with a right corner unit and right pedestal return. Left cockpit U's require a right pedestal corner desk with a left corner unit and a left pedestal return.



Example of a Right L **$2,511** LIST

QUEST - VENEER

Veneer:
Bookmatch Cherry, Maple and Walnut veneers.

Primary Worksurface:
Desk tops are 1.1875" thick and profiled on all four sides. Secondary worksurfaces are profiled user side and ends. Durable scratch resistant matte finish on all units. Optional high pressure laminate tops available.

Pedestals:
Full or 3/4 pedestals with full modesty panels are standard.

Wire Management:
Wire management is standard in returns, bridge units, credenzas, corner units and hutch units.

Drawers:
Engineered composite wood material with mitered corners provides excellent strength and durability. Wood grain patterned drawer sides provide a consistent appearance and are stain resistant and easily cleaned.

Optional hardwood drawer interiors are available at an upcharge. Please contact Customer Service for price quote. To order, specify each item:
MOD - wood drawer interiors (HWD)

File Drawers:
File drawers have full extension, progressive action slides with steel ball bearing suspensions. They accommodate letter or legal filing.

Locking:
Pedestal locks secure all drawers with the turn of a single key. All units are standard shipped keyed alike. Specific key requirements may be specified on the purchase order at the time the order is placed for field installation (ships separately). Removable lock cores allow for re-keying in the field. See page 3 for options and order information.

Go:
Quest GO items are scheduled to be delivered on or before 12 business days and are available with (CD) Finger Grip pull, standard grain cherry and walnut veneers only, and wood doors only. Finished back option not available on GO. Standard grommets only are available on GO. When ordering GO items, be sure to designate these items with a GO in front of the model number.

Filing:
See page 198 for diagrams of all Quest filing capabilities.

Finish Options:
(MFC) Formal Mahogany/Cherry GO
(MFP) Formal Mahogany/Cherry Laminate
(MGC) Grand Cherry GO
(MLC) Light Cherry GO
(CHP) Light Cherry Laminate
(MMC) Mocha Cherry
(MNC) Natural Cherry GO
(MVC) Vintage Mahogany/Cherry
(MGP) Vintage Mahogany Laminate
(MEW) Executive Walnut GO
(EWP) Executive Walnut Laminate
(MVW) Vintage Mahogany/Walnut GO
(VMP) Vintage Mahogany/Walnut Laminate
(MSW) Sable Walnut
(MBM) Blonde Maple
(MHM) Honey Maple

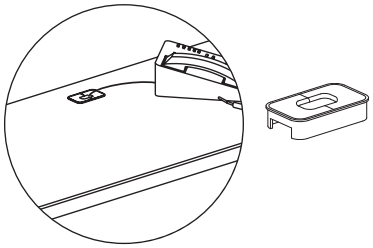
Edge:

Drawer Pull Options:

(CD) Finger Grip (standard) GO
(QA) Optix Black
(QB) Optix Satin Nickel

Note: When selecting pull option for hutch doors, an oval pull will be used.

Standard Grommets (factory installed):
Grommets are standard on these secondary worksurfaces: returns, bridge units, credenzas, corner units and hutch units.



overall size 3.375" x 2"
inside dimensions with inserts 1.5" x .75"
inside dimensions without inserts 2.9375" x 1.5"

Optional Worksurface Grommets Location Options (factory installed):
Grommet Location Option:
G1 No Grommet (standard)- No Upcharge
G2 Grommet on Right - Add $61 list
G3 Grommet in Center - Add $61 list
G4 Grommet on Left - Add $61 list
G5 Grommets Right and Left - Add $122 list

QUEST - VENEER

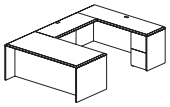
How to order U's and L's:
You can build a multitude of U's and L's by simply specifying the components needed such as desks, bridges, returns and credenzas. We offer these components individually so specifiers can select the exact shape and size needed.

U's:
To build a U, select a single pedestal desk with a bridge and a single pedestal credenza. Right U's require a left pedestal desk with right pedestal credenza (bridge in between). Left U's require a right pedestal desk with a left pedestal credenza (bridge in between).

L's:
To build an L, select a single pedestal desk and a return. Right L's require a left pedestal desk with right pedestal return. Left L's require a right pedestal desk with a left pedestal return.



Example of a Right U **$5,061** LIST
71.8125" x 105.625" x 30"

Desk:
- Recessed modesty (3")
- 2 box drawers
- 1 file drawer (letter or legal)

QUEST - LAMINATE

Laminate:
Quality laminate panel construction using thermally-fused laminate.

Primary Worksurface:
Worksurfaces are 1.125" thick thermally-fused laminate with mitered corners. Desk worksurfaces are profiled on all four sides. Secondary worksurfaces are profiled on user side and ends. Durable scratch-resistant matte finish on all units.

Pedestals:
Full or 3/4 pedestals with full modesty panels are standard.

Wire Management:
Wire management is standard in returns, bridge units, credenzas, corner units and hutch units.

Drawers:
Engineered composite wood material with mitered corners provides excellent strength and durability. Wood grain patterned drawer sides provide a consistent appearance and are stain resistant and easily cleaned.

File Drawers:
Box and file drawers have full extension, progressive action slides with steel ball bearing suspensions. They accommodate letter or legal filing.

Locking:
Pedestal locks secure all drawers with the turn of a single key. All units are standard shipped keyed alike. Specific key requirements may be specified on the purchase order at the time the order is placed for field installation (ships separately). Removable lock cores allow for re-keying in the field. See page 3 for options and order information.

Filing:
See page 198 for diagrams of all Quest filing capabilities.

Finish Options:
(LM2) Light Maple
(LC2) Light Cherry
(QE2) Quartered Espresso Cherry

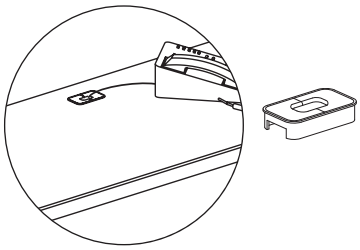
Edge:

Drawer Pull Options:

(CD) Finger Grip (standard)
(QA) Optix Black
(QB) Optix Satin Nickel

Note: When selecting pull option for hutch doors, an oval pull will be used.

Standard Grommets (factory installed):
Grommets are standard on these secondary worksurfaces: returns, bridge units, credenzas, corner units and hutch units.



overall size 3.375" x 2"
inside dimensions with inserts 1.5" x .75"
inside dimensions without inserts 2.9375" x 1.5"

Optional Worksurface Grommets Location Options (factory installed):
Grommet Location Option:
G1 No Grommet (standard)- No Upcharge
G2 Grommet on Right - Add $61 list
G3 Grommet in Center - Add $61 list
G4 Grommet on Left - Add $61 list
G5 Grommets Right and Left - Add $122 list
G6 Grommets Right and Center - Add $122 list
G7 Grommets Left and Center - Add $122 list

QUEST - LAMINATE

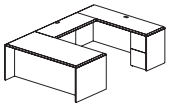
How to order U's and L's:
You can build a multitude of U's and L's by simply specifying the components needed such as desks, bridges, returns and credenzas. We offer these components individually so specifiers can select the exact shape and size needed.

U's:
To build a U, select a single pedestal desk with a bridge and a single pedestal credenza. Right U's require a left pedestal desk with right pedestal credenza (bridge in between). Left U's require a right pedestal desk with a left pedestal credenza (bridge in between).

L's:
To build an L, select a single pedestal desk and a return. Right L's require a left pedestal desk with right pedestal return. Left L's require a right pedestal desk with a left pedestal return.



Example of a Right U **$3,135** LIST
72" x 106" x 30"

Desk:
- Recessed modesty (3")
- 2 box drawers

SMART

Veneer:
Bookmatched cherry, maple and walnut veneers.

Primary Worksurface:
Desk tops are 1.125" thick with solid hardwood rims shaped on all four sides. Secondary worksurfaces are profiled on user side and ends. Durable, scratch-resistant matte finish on all units. Optional high pressure laminate tops available.

Hardware Options:
Four drawer pull designs in Black and Satin Nickel or select Finger Grip option.

Edge Options:
Four top edge designs consisting of Radius, Reed, Bevel and Sway.

Wire Management:
Wire management is standard in returns, bridge units, credenzas, corner units and hutch units.

Drawers:
Engineered composite wood material with mitered corners provides excellent strength and durability. Wood grain patterned drawer sides provide a consistent appearance and are stain resistant and easily cleaned.

Optional hardwood drawer interiors are available at an upcharge. Please contact Customer Service for price quote. To order, specify each item:
MOD - wood drawer interiors (HWD)

File Drawers:
File drawers have full extension, progressive action slides with steel ball bearing suspensions.

Locking:
Pedestal locks secure all drawers with the turn of a single key. All units are standard shipped keyed alike. Specific key requirements may be specified on the purchase order at the time the order is placed for field installation (ships separately). Removable lock cores allow for re-keying in the field. See page 3 for options and order information.

Go:
Smart GO items are scheduled to be delivered on or before 12 business days and are available with all edges, all hardware, straight grain veneers only, wood doors only, and in all cherry and walnut finishes. Finished back option not available on GO. (FS) Straight modesty option not available on GO. Fiddleback veneer option not available on GO. Standard grommets only are available on GO. When ordering GO items, be sure to designate these items with a GO in front of the model number.

Filing:
See page 198 for diagrams of all Smart filing capabilities.

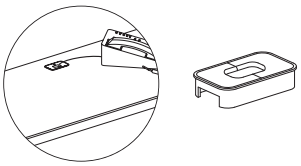
Standard Grommets (factory installed):
Grommets are standard on these secondary worksurfaces: returns, bridge units, credenzas, corner units and hutch units.



overall size 3.375" x 2"
inside dimensions with inserts 1.5" x .75"
inside dimensions without inserts 2.9375" x 1.5"

Optional Worksurface Grommets Location Options (factory installed):
G1 No Grommet (standard)- No Upcharge
G2 Grommet on Right - Add $61 list
G3 Grommet in Center - Add $61 list
G4 Grommet on Left - Add $61 list
G5 Grommets Right and Left - Add $122 list
G6 Grommets Right and Center - Add $122 list
G7 Grommets Left and Center - Add $122 list
G8 Grommets Right, Left, and Center - Add $183 list

Note: Desk grommets: G1, G2, G4 and G5 only.
Note: Bridges, Returns, Credenzas are standard with G3 center grommet; for other grommet options: Add upcharge of $61 list for grommets specified in addition to center grommet; i.e. For G5 Right and Left, add $122 list; for G6 Right and Center, add $61 list.

Grommet color will match drawer pull color. For Bullet and P-Tables, Bridges, Corner Units, Desk Shell, Credenza Shell and Modular Cabinet Tops, specify grommet color:

Grommet Color:
G1 No Grommet
LJ Black
LK Satin Nickel

How to order U's and L's:
You can build a multitude of U's and L's by simply specifying the components needed such as desks, bridges, returns and credenzas. We offer these components individually so specifiers can select the exact shape and size needed.

U's:
To build a U, select a single pedestal desk with a bridge and a single pedestal credenza. Right U's require a left pedestal desk with right pedestal credenza (bridge in between). Left U's require a right pedestal desk with a left pedestal credenza (bridge in between).

L's:
To build an L, select a single pedestal desk and a return. Right L's require a left pedestal desk with right pedestal return. Left L's require a right pedestal desk with a left pedestal return.

VEGAS

Veneer:
Bookmatched cherry, walnut, and maple veneers. Quartered walnut and oak veneers.

Primary Worksurface:
Worksurfaces are 1.1875" thick. Durable scratch-resistant matte finish on all units. Optional high pressure laminate tops available.

Drawer Pull:
Five drawer pull designs in black and satin nickel.

Wire Management:
Wire management is standard in returns, bridge units, credenzas, corner units and hutch units. Wire management options available on desk tops.

Drawers:
Engineered composite wood material with mitered corners provides excellent strength and durability. Wood grain patterned drawer sides provide a consistent appearance and are stain resistant and easily cleaned.

Optional hardwood drawer interiors are available at an upcharge. Please contact Customer Service for price quote. To order, specify each item:
MOD - wood drawer interiors (HWD)

File Drawers:
File drawers have full extension, progressive action slides with steel ball bearing suspensions. All file drawers accommodate letter or legal filing. Filing hardware is coated to prevent corrosion.

Locking:
Pedestal locks secure all drawers with the turn of a single key. All units are standard shipped keyed alike. Specific key requirements may be specified on the purchase order at the time the order is placed for field installation (ships separately). Removable lock cores allow for re-keying in the field. See page 3 for options and order information.

Go:
Vegas GO items are scheduled to be delivered on or before 12 business days and are available with (EF) Square, (H1X) 1" Flat Knife, and (H1Y) 2" Flat Knife edges, all hardware, straight grain veneers only, wood doors only, and in all cherry veneers. (MV), (MP), and (MQ) base options only are available on GO. Finished back option not available on GO. (GP) Half Diamond modesty option not available on GO. Standard grommets only are available on GO. When ordering GO items, be sure to designate these items with a GO in front of the model number.

Filing:
See page 198 for diagrams of all Vegas filing capabilities.

Finish Options:
(MFC) Formal Mahogany/Cherry GO

VEGAS

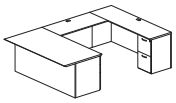
How to order U's and L's:
You can build a multitude of U's and L's by simply specifying the components needed such as desks, bridges, returns and credenzas. We offer these components individually so specifiers can select the exact shape and size needed.

U's:
To build a U, select a single pedestal desk with a bridge and a single pedestal credenza. Right U's require a left pedestal desk with right pedestal credenza (bridge in between). Left U's require a right pedestal desk with a left pedestal credenza (bridge in between).

L's:
To build an L, select a single pedestal desk and a return. Right L's require a left pedestal desk with right pedestal return. Left L's require a right pedestal desk with a left pedestal return.



Example of a Right U **$4,752** LIST
72" x 108" x 30"

Desk:
- Straight front modesty panel
- 2 box drawers
- 1 file drawer (letter or legal)

VEGAS

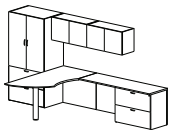
How to order L's and U's:
You can build a multitude of L's and U's by simply specifying the components needed, such as workwall knife table, cockpit desk or cockpit bullet table, workwall knife table bridges, workwall/cockpit returns, standard credenzas, and modular components. We offer thesecomponents individually so specifiers can select the exact shape and size needed.

L's:
Workwall knife table, cockpit desks and cockpit bullet tables connect to Workwall/cockpit returns. Right L's require a left desk or table with right pedestal return. Left L's require a right desk or table with a left pedestal return. Modular cabinet tops with flat ends can also be used as a return top with workwall knife tables and cockpit desks and cockpit bullet tables.

U's:
Workwall knife table connects to workwall knife table bridge and standard or modular credenza to build a U unit. Modular return tops with one flat end and one shaped end can also be used as a bridge top with workwall knife tables. Flat end connects to workwall knife table.

Cockpit desks and cockpit bullet tables connect to cockpit corner units and cockpit returns to build a U unit.



Example of a Workwall

CAMBRIA - VENEER

Veneer:
Cambria units feature Bookmatched Walnut veneers.

Primary Worksurface:
Desk tops are 1.0625" thick shaped on all four sides. Secondary worksurfaces are profiled on user side and ends. Tops have semi-open grain with a rich, lustrous finish. Optional high pressure laminate tops available.

Hardware:
Decorative antique brass or antique silver hardware accentuates the collection.

Features:
Recessed modesty panels are standard on desks. Center drawers, pullout writing slides and decorative desk-front mouldings are available for desk units.

Wire Management:
Wire management is standard in returns, bridge units, credenzas and hutch units. Optional fold down modesty panels are available on returns, credenzas, bridge units and computer desks.

Drawers:
Engineered composite wood material with mitered corners provides excellent strength and durability. Wood grain patterned drawer sides provide a consistent appearance and are stain resistant and easily cleaned.

Optional hardwood drawer interiors are available at an upcharge. Please contact Customer Service for price quote. To order, specify each item:
MOD - wood drawer interiors (HWD)

Drawer Suspension:
Tray, Box and File drawers have full extension, progressive action slides with steel ball bearing suspensions. File drawers accommodate letter or legal filing.

Locking:
Pedestal lock secures all drawers with the turn of a single key. All units are standard shipped keyed alike. Specific key requirements may be specified on the purchase order at the time the order is placed for field installation (ships separately). Removable lock cores allow for re-keying in the field. See page 3 for options and order information.

Filing:
See page 198 for diagrams of all Cambria filing capabilities.

Finish Options:
(MEW) Executive Walnut
(EWP) Executive Walnut Laminate
(MSW) Sable Walnut
(MVW) Vintage Mahogany/Walnut
(VMP) Vintage Mahogany/Walnut Laminate

Edge:

Drawer/Door Pull Options:

(A1K) Antique Brass Strande
(A1L) Antique Silver Strande

(A1M) Antique Brass Colonnade
(A1N) Antique Silver Colonnade

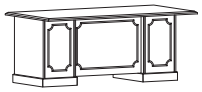
(DX) Antique Brass Asbury
(A1P) Antique Silver Asbury

Highback and Wallmount Organizer Door Pull Options:

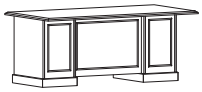
(A1F) Antique Brass
(A1G) Antique Silver

(A1H) Antique Brass with Back Plate
(A1J) Antique Silver with Back Plate

Moulding Options:
(NF) No Moulding (standard)



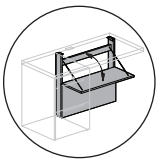
(LL) Cameo



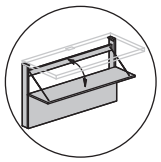
(LQ) Atria

Back Options:
(LW) Unfinished (standard)
(LX) Finished
(FZ) Hinged Access Panel

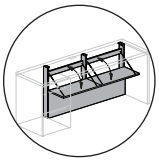
Fold-down Hinged Access Panel is an option on kneespace credenzas, bridges, and returns. Hinged Access Panel is recessed 4" and allows access to power receptacles in the wall behind the unit. Hinged Access Panels are intended for placement against a wall, and back is unfinished.



Return

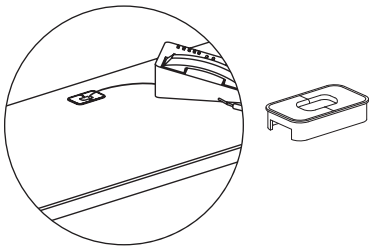


Bridge



Credenza

Standard Grommets (factory installed):
Grommets are standard on these secondary worksurfaces: returns, bridge units, credenzas, and hutch units.



overall size 3.375" x 2"
inside dimensions with inserts 1.5" x .75"
inside dimensions without inserts 2.9375" x 1.5"

Optional Worksurface Grommets Location Options (factory installed):
G1 No Grommet (standard)- No Upcharge
G2 Grommet on Right - Add $61 list
G3 Grommet in Center - Add $61 list
G4 Grommet on Left - Add $61 list
G5 Grommets Right and Left - Add $122 list
G6 Grommets Right and Center - Add $122 list
G7 Grommets Left and Center - Add $122 list

CAMBRIA - VENEER

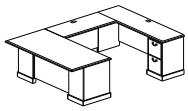
How to order U's and L's:
You can build a multitude of U's and L's by simply specifying the components needed such as desks, bridges, returns and credenzas. We offer these components individually so specifiers can select the exact shape and size needed.

U's:
To build a U, select a single pedestal desk with a bridge and a single pedestal credenza. Right U's require a left pedestal desk with right pedestal credenza (bridge in between). Left U's require a right pedestal desk with a left pedestal credenza (bridge in between).

L's:
To build an L, select a single pedestal desk and a return. Right L's require a left pedestal desk with right pedestal return. Left L's require a right pedestal desk with a left pedestal return.



Example of a Right U **$4,557** LIST
72" x 104" x 30"
LBS: 487 · CU FT: 86

CAMBRIA - LAMINATE

Laminate:
Quality laminate panel construction using thermally-fused laminate.

Primary Worksurface:
Desk tops are 1.125" thick thermally-fused laminate with high density fiberboard, shaped on all four sides. Durable scratch-resistant matte finish on all units.

Hardware:
Decorative antique brass or antique silver hardware accentuates the collection.

Features:
Recessed modesty panels are standard on desks. Center drawers, pullout writing slides and decorative desk-front mouldings are available for desk units.

Wire Management:
Wire management is standard in returns, bridge units, credenzas and hutch units. Optional fold down modesty panels are available on returns, credenzas, bridge units and computer desks.

Drawers:
Engineered composite wood material with mitered corners provides excellent strength and durability. Wood grain patterned drawer sides provide a consistent appearance and are stain resistant and easily cleaned.

Drawer Suspension:
Tray, Box and File drawers have full extension, progressive action slides with steel ball bearing suspensions. File drawers accommodate letter or legal filing.

Locking:
Pedestal locks secure all drawers with the turn of a single key. All units are standard shipped keyed alike. Specific key requirements may be specified on the purchase order at the time the order is placed for field installation (ships separately). Removable lock cores allow for re-keying in the field. See page 3 for options and order information.

Filing:
See page 198 for diagrams of all Cambria filing capabilities.

Finish Options:
(LC2) Light Cherry
(QE2) Quartered Espresso Cherry
(VM2) Vintage Mahogany

Edge:

Drawer/Door Pull Options:

(A1K) Antique Brass Strande
(A1L) Antique Silver Strande

(A1M) Antique Brass Colonnade
(A1N) Antique Silver Colonnade

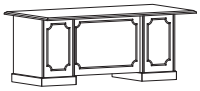
(DX) Antique Brass Asbury
(A1P) Antique Silver Asbury

Highback and Wallmount Organizer Door Pull Options:

(A1F) Antique Brass
(A1G) Antique Silver

(A1H) Antique Brass with Back Plate
(A1J) Antique Silver with Back Plate

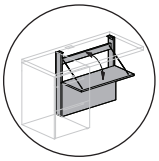
Moulding Options:
(NF) No Moulding (standard)



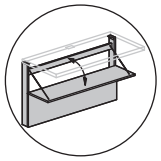
(LL) Cameo

Back Options:
(FX) No Hinged Access Panel (standard)
(FZ) Hinged Access Panel

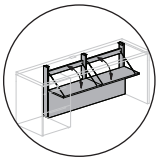
Fold-down Hinged Access Panel is an option on kneespace credenzas, bridges, and returns. Hinged Access Panel is recessed 4" and allows access to power receptacles in the wall behind the unit.



Return

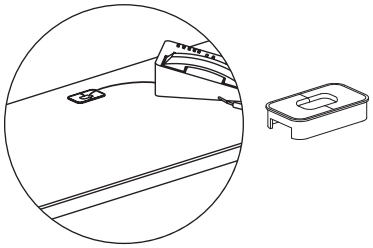


Bridge



Credenza

Standard Grommets (factory installed):
Grommets are standard on these secondary worksurfaces: returns, bridge units, credenzas, and hutch units.



overall size 3.375" x 2"
inside dimensions with inserts 1.5" x .75"
inside dimensions without inserts 2.9375" x 1.5"

Optional Worksurface Grommets Location Options (factory installed):
G1 No Grommet (standard)- No Upcharge
G2 Grommet on Right - Add $61 list
G3 Grommet in Center - Add $61 list
G4 Grommet on Left - Add $61 list
G5 Grommets Right and Left - Add $122 list
G6 Grommets Right and Center - Add $122 list
G7 Grommets Left and Center - Add $122 list
G8 Grommets Right, Left, and Center - Add $183 list

Note: Desk grommets: G1, G2, G4 and G5 only.
Note: Bridges, Returns, Credenzas are standard with G3 center grommet; for other grommet options: Add upcharge of $61 list for grommets specified in addition to center grommet; i.e. For G5 Right and Left, Add $122 list; for G6 Right and Center, Add $61 list.

CAMBRIA - LAMINATE

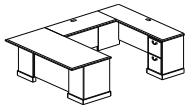
How to order U's and L's:
You can build a multitude of U's and L's by simply specifying the components needed such as desks, bridges, returns and credenzas. We offer these components individually so specifiers can select the exact shape and size needed.

U's:
To build a U, select a single pedestal desk with a bridge and a single pedestal credenza. Right U's require a left pedestal desk with right pedestal credenza (bridge in between). Left U's require a right pedestal desk with a left pedestal credenza (bridge in between).

L's:
To build an L, select a single pedestal desk and a return. Right L's require a left pedestal desk with right pedestal return. Left L's require a right pedestal desk with a left pedestal return.



Example of a Right U **$3,718** LIST
72" x 104" x 30"

TOP CONSTRUCTION

Tops are constructed with 1.125″ thick particleboard core. 84″W and 96″W tops are supported with a base frame. Underside support rails are standard on all 60″W and 72″W tops for support. 20″D and 24″D tops have 1 support rail; 30″D tops have 2 support rails. Additional support may be required when the weight of equipment placed on the top surface exceeds normal use. Please contact your Customer Service Representative for availability and a quote.

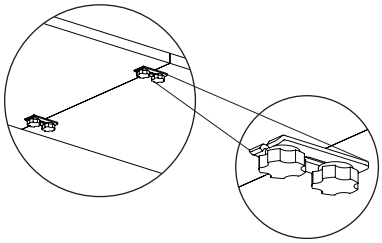
QS Power Cutout in Center

QS-QT Power Cutouts Right and Left

TABLE CONNECTOR BRACKETS OPTION

Connector brackets are required when single circuit or multi circuit electric systems are installed in 2 or more tables to prevent separation and damage to electrical system.



The set of 2 brackets consists of 2 steel plates and 4 thumb screws per table. Tops are predrilled for connector brackets. Brackets are attached using thumb screws into threaded inserts. No tools are required. Brackets are self storing under the top when not being used.

Connector brackets are sold as an option of the top. However, all tops are predrilled so connector brackets can also be retrofit in the field, no tools required. For retrofit, purchase brackets as a separate model number TC1 in a set of 2 to install on previously purchased tables (see page 270).

TOP OPTION:

X9 No Connector Brackets
Connector brackets are required when a single or multi circuit electrical system is installed in 2 or more tops.

Set of 2 Connecting Brackets

A4W Option: Set of 2 Connector Brackets
Add A4W to model number to order as an option of the top.

MODEL NUMBER (retrofit in the field):

TC1 Model Number: Set of 2 Connector Brackets
Order by model number for retrofitting connector brackets in the field.

Center Column

X Base for Round & Square Tops

Folding: Steel and plastic with touch-release mechanism

Center Column

Some top sizes are not fully compatible with folding bases. Please refer to the base model number for information.

Flip-and-Nest: Cast aluminum top plate with extruded aluminum bottom plate; 2-handle dual release mechanism for safety of user and equipment 24″D and 30″D tops only
Not available for use with 18″D, 20″D and 36″D tops

Center Column

Arc Base Options

Powder Coat Colors: Specify color

Glides/Casters:
Optional 50mm non-hooded locking casters

A4F Glides

A6G Black Casters

Note: Due to need for mobility in nesting, casters are standard on Flip-and-Nest tables.

ORB BASE

Base Construction

- Overall base height 27.75″
- Table height with top 28.875″
- 2″ diameter tubular steel column, 9 powder coat colors
- 2″ column base sold in sets of 4; order quantity (1) for each table; ships in 2 cartons

Static: Fixed steel flat plate

Column Base
Not available for use with 72″W or larger tops

Pin Set Adjustable Height: Fixed steel flat plate with pin set adjustable height from 18.75″H to 27.75″H in 1″ increments

Adjustable Height Column Base
Not available for use with 72″W or larger tops

Orb Base Options

Powder Coat Colors: Specify color

Glides/Casters:

Control Panel Option

Introducing your own personal standing coach – the LINAK Wellness Switch.

This tool is designed to help you engage with your sit-stand desk. This control will switch on wellness by reminding you to stand. It will track your standing minutes throughout the day and convert those minutes into calories burned. If your goal is to stand six times a day, you can see that information too.

MODESTY PANELS

Modesty panels help to conceal circuitry components for electrical applications and to provide privacy for users.

- 7"H panel; 7.5"H with top attachment brackets
- Flat edges
- Tops are predrilled for modesty bracket attachment

MODESTY WIDTHS

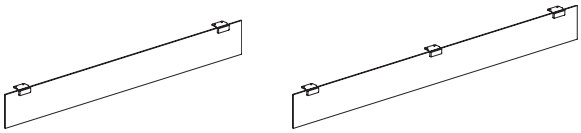

Table Width	Modesty Width	Number of Brackets
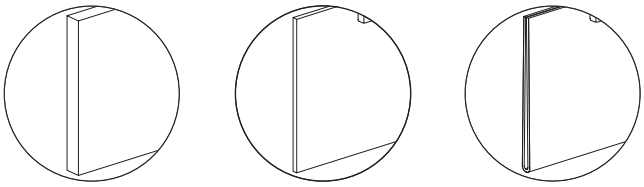
36" Rectangle	35.5"	2
48" Rectangle	47.5"	2
60" Rectangle	59.5"	2
72" Rectangle	71.5"	3
84" Rectangle	83.5"	3
96" Rectangle	95.5"	3
48" Rectangle	25.125" (24.5" for leg base)	2
60" Rectangle	31.125" (30.5" for leg base)	2
Arc Segment	19.25" (18.25" for leg base)	2

MODESTY PANEL MATERIALS



Thermally-Fused Laminate, Veneer Modesty Panels
.75" thick panels are constructed with thermally-fused laminate and veneer faces.

Acrylic Modesty Panel
.25" thick acrylic modesty panels are available in frosted acrylic.

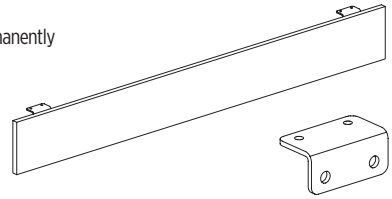
Acrylic Insert Modesty Panel
Soft-fold acrylic panels are available with polycarbonate, film insert. Film panels are fully opaque.

MODESTY PANEL BRACKET types are designed to use specifically on tables with Static, Folding, or Flip-and-Nest bases. Brackets ship attached to modesty panel. Brackets for Thermally-Fused Laminate and Veneer modesty panels attach to the back of the panel. The brackets used on acrylic modesty panels include a front cap for attachment through the acrylic.

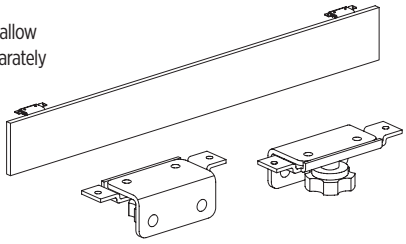
Thermally-Fused Laminate, Veneer Modesty Panels

Thermally-Fused Laminate	.75" thick in 16 First Office wood grains and colors
Veneer	.75" thick in 15 First Office wood finishes

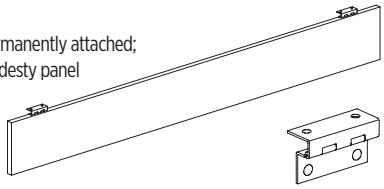
FOR STATIC BASE
FIXED modesty panel is permanently attached with black L-brackets.



FOR FOLDING BASE
REMOVABLE black brackets allow modesty panel to be stored separately from the table.



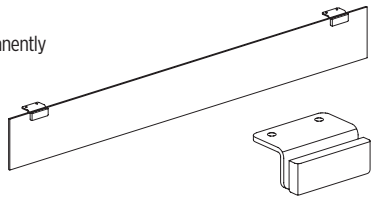
FOR FLIP-AND-NEST BASE
HINGED modesty panel is permanently attached; hinged black bracket allows modesty panel to fold to the top for storage.



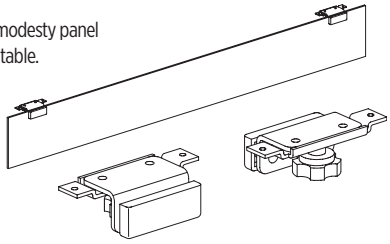
Acrylic and Acrylic Insert Modesty Panels

Frosted Acrylic	.25" thick frosted acrylic panel
Acrylic Insert	Soft-fold acrylic with polycarbonate film insert

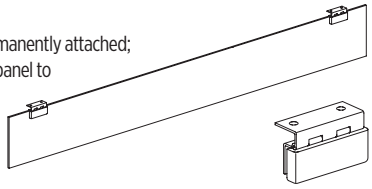
FOR STATIC BASE
FIXED modesty panel is permanently attached with L-brackets.



FOR FOLDING BASE
REMOVABLE brackets allow modesty panel to be stored separately from the table.



FOR FLIP-AND-NEST BASE
HINGED modesty panel is permanently attached; hinged bracket allows modesty panel to fold to the top for storage.



APPLAUSE
POWER AND DATA

PLANNING GUIDELINES

Step 1 The Room:
- How will the room be used and will it be reconfigured?
- How will the tables be configured?
- Where are the room's power sources located?

Step 2 Electrical Equipment:
- What electrical equipment will be used now and for future needs?
- Where will the electrical equipment be located?

Step 3 Calculate Amps:
- Determine AMPs usage - usually listed on the name plate on the back or bottom of the equipment; may also be found in the user manual.
- Calculate the total number of AMPs needed and divide that total by 16 to determine the number of circuits needed. If number of circuits is a decimal, round up to the nearest whole number.

Step 4 Select the Electrical System:
- If AMPs total 12 or fewer, **Perimeter single circuit system** can be used.
- If AMPs total 16 or fewer, **4-Trac multi circuit system with 20 amp Plug In-feed** can be used if city code does not require hardwire power in-feed.
- For **4-Trac multi circuit system with Hardwire Power In-feed or Rotating Power Entry with Quick Disconnect**, determine the number of circuits needed based on the configuration, power source locations, and equipment location. Our 4-wire, 2-circuit system gives customers the ability to "right-size" their electrical, paying only for the material that is being used.
- Also available from First Office is an 8-wire, 4-circuit system. Circuits 1, 2, and 3 share a common ground; Circuit 4 has a separate ground and neutral wire and is used for more sensitive equipment needs, such as projectors, printers and servers. For information, please contact your CSR.

Always consult with a local authority for compliance with specific code regulations.

ELECTRICAL SYSTEMS

Perimeter single circuit system
- Plug-and-play with easy reconfigurability
- Single circuit system
- (1) 15 amp circuit
- 12 amp total system rating
- Self-diagnostic system status
- Economical
- Cannot be used where city code requires hardwire power in-feed

4-Trac multi circuit system
- 4-wire, 2-circuit system
- Permanent hardwire in-feed with the flexibility of rotating power entry in-feed or 20 amp plug in-feed (20 amp plug in-feed brings system down to 1 circuit)
- (2) 20 amp circuits; (with 20 amp plug - (1) 20 amp circuit)
- 16 amps per circuit, 32 per system is maximum allowed for a continuous load
- Standard underworksurface (2) duplex receptacles - 4 outlets per table
- Metal conduit option for New York, San Francisco, and anywhere it is required by local code

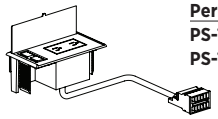
Stand-alone power/ data center
- Use in single table applications such as a presenter table

POWER TAPS

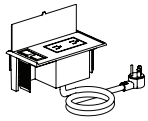
POWER/DATA CENTER

The Power/Data Center is UL Recognized, and designated models can be used in single circuit, multi circuit, or stand-alone applications. Cord length and plug type are specific to the application, and **power/data centers are not interchangeable between applications.** Power/Data Centers are ordered separately from the top. Table top must be specified with power cutout(s) for field installation of the power/data center(s) - see page 206.

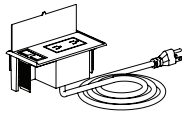
The Power/Data Center measures 6.375"W x 3.375"D x 2.75"H. Each Power/Data Center contains 1 duplex power tap (2 - 15 amp outlets) and 2 blank data port inserts. Voice and data RJ45 modules can be ordered to replace preinstalled blanks in the field. The Power/Data Center fits into a cutout in the table top. Self-storing lid retracts inside the unit during use. Available in black and silver.



Perimeter Single Circuit
PS-18 (Black) 1' cord with Perimeter plug
PS-19 (Silver) Use up to 8 units where minimal connectivity to building power supply is required. The Power/Data Centers are an integral component of the single circuit system.



4-Trac Multi Circuit
PS-23 (Black) 2' cord with a 90° 15 amp plug
PS-24 (Silver) Use up to 13 duplex receptacles per circuit where multi circuit connectivity is required. The Power/Data Centers are an add-on option to bring power to the worksurface.



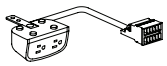
4-Trac Multi Circuit
PS-21 (Black) 10' cord with straight 15 amp plug
PS-22 (Silver) Use for single table for mobility and often reconfigured tables. The Power/Data Center is a stand alone unit to bring power to the worksurface.

RJ45 Module
5G108RE5 Black single CAT5E module

RJ45 Module
U1KEY345-BK Black single CAT5E module

MINI ADAPT UNDERSURFACE POWER (Single Circuit Applications Only)

PS-20 Mini Adapt is 3.75"W x 3"D x 2"H and consists of 1 undersurface duplex power tap (2 - 15 amp outlets) with Perimeter plug; can be used only in Perimeter Single Circuit applications.



Perimeter Single Circuit
PS-20 (Black) 1' cord with Perimeter plug
Use up to 8 units where minimal connectivity to building power supply is required. The Mini Adapt Undersurface Power unit can be used as an alternative to the Power/Data centers in a single circuit system for power underneath the worksurface.

PERIMETER SINGLE CIRCUIT SYSTEM

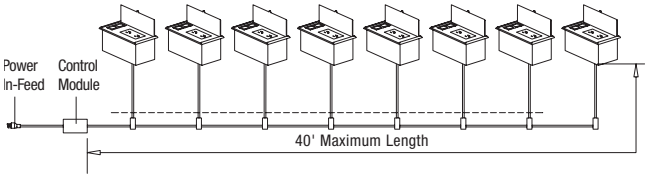
THE COMPLETE ELECTRICAL PACKAGE

Today's conference, learning, and teaming environments demand more furniture flexibility and reconfiguration that is fast and easy. First Office can deliver total "plug-n-play" ease for unlimited power reconfigurations without a service call. Perimeter is a UL 962 recognized electrical system that offers true flexibility and simplicity in reconfiguration of training work space. A safe, reliable, and innovative electrical solution, Perimeter is a single circuit configuration of up to 8 duplex outlets with a standard 15 amp plug and offers total reconfigurability.

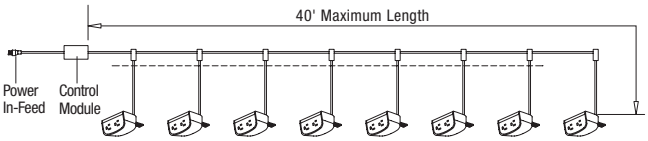
PERIMETER OVERVIEW

First Office utilizes the Perimeter electrical system allowing up to 8 duplex power outlet modules to be daisy-chained together and powered from a single power in-feed with standard 15-amp plug. This system uses patented technology that allows power modules to be connected in any order without the need for sequential keying. The number of power modules connected is automatically limited to the maximum allowed under UL Standard 962. If too many power modules are connected, the control module disconnects all power to the system and illuminates a red diagnostic LED. Power is restored to the system automatically after the extra power module or modules are disconnected, which is indicated by a green diagnostic LED.

POWER/DATA CENTER with 1' cord and PERIMETER plug.
PS-18 (Black)
PS-19 (Silver)



MINI ADAPT UNDERSURFACE POWER with 1' cord and PERIMETER plug.
PS-20 (Black)



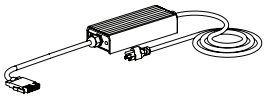
TRAINING TABLE APPLICATIONS

This system is typically applied to training tables where multiple power outlets are desired to be supplied by one power cord. It is especially valuable in applications where the setup or configuration may change. Its patented technology allows power modules (Power/Data Center or Mini Adapt Undersurface Power) to be connected or reconnected in any order at any time. All power modules offer 3 connection ports for unmatched flexibility in how power modules and the furniture they are mounted to may be arranged or rearranged.

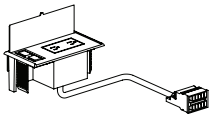
SYSTEM COMPONENTS

Only 3 component types are needed to create the electrical system:

1. Power In-Feed



2. Power In-Feed and/or Mini Adapt Undersurface Power



3. Jumper

TECHNICAL INFORMATION

- Single circuit power
- 12 amp total system rating
- 15 amp power in-feed cord - 10'
- Over-current protection
- Up to 8 duplex devices
- 2 ft. maximum unsupported cable
- Connector brackets required between tables
- Perimeter system by itself is UL Recognized
- 40 ft. maximum length from control module to last power/data center

CONNECTIVITY

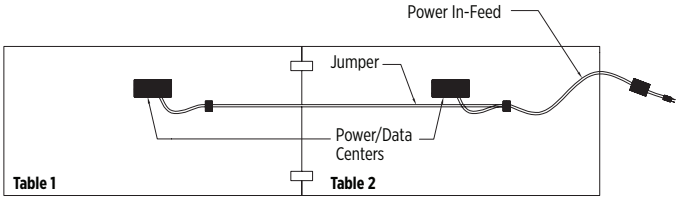
Maximum number of tables with 1 power/data center per table
- (8) 30"W, 36"W, 48"W or 60"W tables
- (6) 72"W, 84"W or 96"W tables

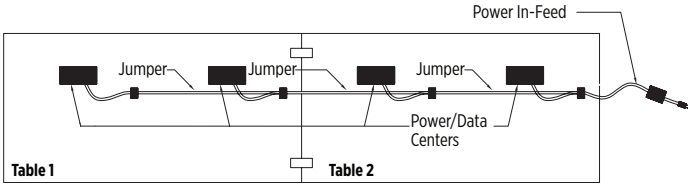
Maximum number of tables with 2 power/data center per table (not available on 30"W, 36"W or 48"W tables)
- (4) 60"W tables
- (4) 72"W, 84"W or 96"W tables

APPLAUSE

PERIMETER JUMPER LENGTHS

When using the Perimeter system, the specifier must determine jumper lengths that must be ordered to fit the configuration. See chart below. For assistance, please contact your CSR.





With 1 Power/Data Center Per Table Between:

Connecting	Jumper Length

Half Round - 60″ Rectangle	24″
Half Round - 72″ Rectangle	30″
60″ Rectangle - Quarter Round - 60″ Rectangle	42″
72″ Rectangle - Quarter Round - 72″ Rectangle	48″

CONNECTOR BRACKETS

When jumpers are used to connect power from table to table, connector brackets must be used to prevent separation and damage to electrical system. Specify A4W Set of 2 Connecting Brackets option with each top. See TABLE CONNECTOR BRACKETS OPTION on page 207.

4-TRAC MULTI CIRCUIT SYSTEM

First Office's 4-Trac Multi Circuit System accommodates typical power needs in a training environment. Powered tables must be joined with Connector Brackets to prevent separation and damage to electrical components. Some city codes require hardwire power in-feed. Metal conduit is required for New York and San Francisco. Consult with a local authority for compliance with specific code regulations.

For your particular electrical requirements, First Office has trained staff available to help with your power/data specifications. Please provide:

- permanent or reconfigurable installation needs
- room layout drawing showing tables, locations for power in the tables, and the building's power sources

All components of the 4-Trac Multi Circuit System are UL listed with the exception of the 20 Amp Power Entry with 90° Plug, which is UL recognized.

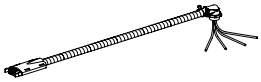
SYSTEM COMPONENTS

1. Power In-Feed

First Office offers 3 types of power in-feeds. Determine the type you need based on need for reconfigurability, the building's available power sources, and local electrical codes.

4-Trac Hardwire Power Entry with 6′ Cord

PWF2L
Power In-Feed with Black Liquid Tight Conduit



PWF2M
Power In-Feed with Metal Conduit

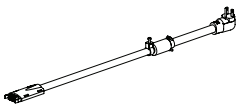
- Installed at the wall or floor by a licensed electrician.
- Modular end connects to duplex receptacle kit
- 20 amp, 2-circuit system
- No connection sequence required
- UL listed

4-Trac Rotating Power Entry with Quick Disconnect

PWF2QD

- Replaces an existing wall outlet; installed by licensed electrician.
- 72″ jumper connects from the Rotating Power Entry to duplex receptacle kit (order separately: F-MCJ72L with Liquid Tight Conduit or F-MCJ72M with Metal Conduit)
- 20 amp, 2-circuit system
- No connection sequence required
- UL listed

20 Amp Power Entry with 6′, 9′ or 12′ Cord and 90° Right Angle Plug



PWF2QD

- Plugs into standard 20 amp wall outlet
- Modular end connects to duplex receptacle kit
- Limits system to single circuit only
- 20 amp, 1-circuit system
- All kits in series must be Circuit I
- No connection sequence required
- UL recognized

H Block Connector

HCB

Some configurations and building power supply locations may require bringing power to the table in a location other than the ends. The UL listed H block connector, model number HCB, enables connection at your desired location. Jumper lengths will depend on the application; some lengths may require jumper to be coiled underneath the worksurface so that the modular end can be inserted into the H block connector.

2. Duplex Receptacle Kits

	CIRCUIT I KITS LIQUID TIGHT	CIRCUIT II KITS LIQUID TIGHT
For 48″ Table	**MCK48C1L**	**MCK48C2L**
For 60″ Table	**MCK60C1L**	**MCK60C2L**
For 72″ Table	**MCK72C1L**	**MCK72C2L**
For 84″ Table	**MCK84C1L**	**MCK84C2L**
For 96″ Table	**MCK96C1L**	**MCK96C2L**

	METAL CONDUIT	METAL CONDUIT
For 48″ Table	**MCK48C1M**	**MCK48C2M**
For 60″ Table	**MCK60C1M**	**MCK60C2M**
For 72″ Table	**MCK72C1M**	**MCK72C2M**
For 84″ Table	**MCK84C1M**	**MCK84C2M**
For 96″ Table	**MCK96C1M**	**MCK96C2M**

The 4-Trac Multi Circuit System is available in kits (duplex receptacle-jumper-duplex receptacle) to simplify electrical specification. Multi Circuit Kits are UL listed. Each kit contains either Circuit I or Circuit II duplex receptacles. Alternating Circuit I and Circuit II kits from table-to-table will prevent accidental overload of any one circuit. Specify an equal number of Circuit I and Circuit II kits and use them alternately between tables that are connected to the same power in-feed.

CIRCUIT I KIT	CIRCUIT II KIT	CIRCUIT I KIT	CIRCUIT II KIT
Table 1	**Table 2**	**Table 3**	**Table 4**

For power to 30″ and 36″ Rectangle, Trapezoid, Arc Segment, Half Round and Curve tops, a single duplex receptacle is offered: Circuit I (DPLX1) or Circuit II (DPLX2) with mounting hardware.

3. Jumper

MCJ22L

MCJ22M

Appropriate-length jumper(s) must be specified, depending on the application (see page 216). Jumpers are UL listed.

STANDARD FEATURES

- 4-wires, 2 circuits, 20 amps each (Circuit I and II only)
- 13 - duplex receptacles per circuit, 26 - 15 amp duplex receptacles per power in-feed maximum
- Easy to specify
- Easy to install and reconfigure
- UL Listed as a Manufactured Wiring System
- More economical than 8-wire system

CONNECTIVITY

Most computing is done via laptops; total amps should not exceed 16 amps per circuit. In a training environment utilizing computer towers and monitors, the 4-wire, 2-circuit system supports 4 computers per circuit. If 2 computers are used per 72″ table, the 4-wire, 2-circuit system supports power for 24 linear feet of worksurface or 4 tables. Other electrical needs, such as a projector, are generally few and can be accommodated by the 4-wire, 2-circuit system.

- Length limitation for jumpers and in-feeds: 300″ or 25′
- Maximum duplex receptacles allowed: (13) duplex receptacles per circuit, (26) per in-feed
- Recommendations: (10) duplex receptacles per circuit, (20) per in-feed, or (4) computer towers and monitors per circuit, (8) computer towers and monitors per in-feed

APPLAUSE

4-TRAC MULTI CIRCUIT JUMPER LENGTHS

When using the 4-Trac Multi Circuit system, the specifier must determine jumper lengths that must be ordered to fit the configuration. See chart below. For assistance, please contact your CSR.

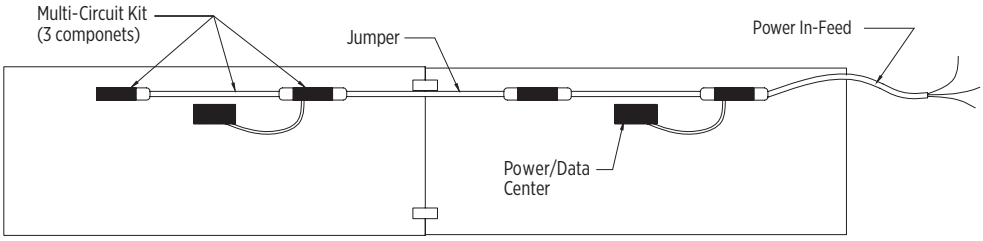
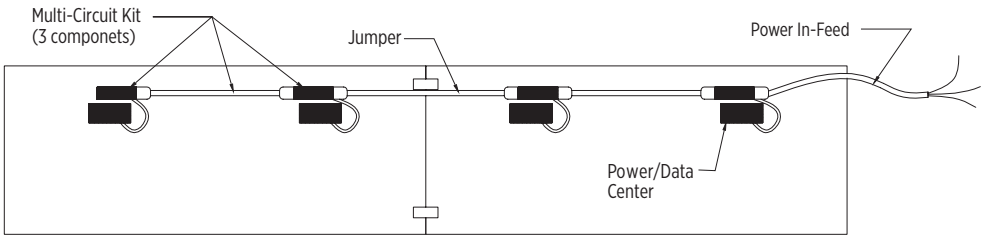
USING POWER/DATA CENTERS IN MULTI CIRCUIT SYSTEM

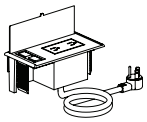
Power/Data Centers can be used in the multi circuit system to bring power to the worksurface. Each Power/Data Center has (1) duplex receptacle and 2 blank data ports for RJ45 modules (purchased separately).

With 1 Power/Data Center Per Table



With 2 Power/Data Centers Per Table





Multi Circuit
PS-23 (Black) 2′ cord with a 90° 15 amp plug
PS-24 (Silver)

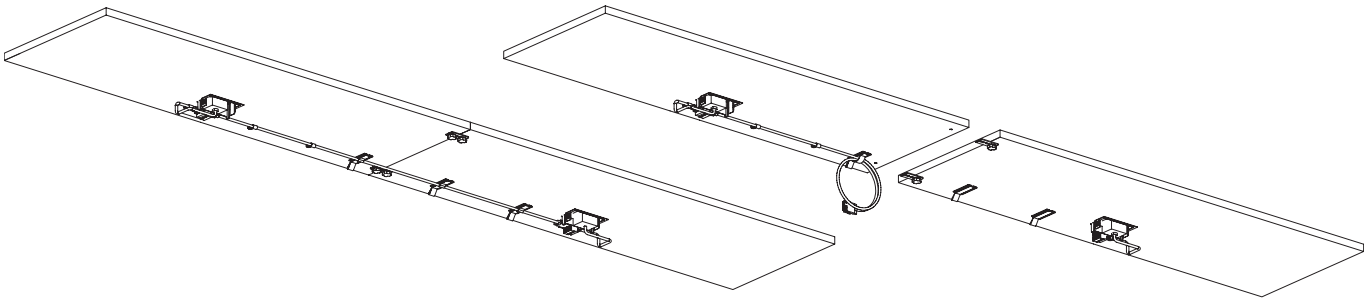
CONNECTOR BRACKETS

When jumpers are used to connect power from table to table, connector brackets must be used to prevent separation and damage to electrical system. Specify A4W Set of 2 Connecting Brackets option with each top. See TABLE CONNECTOR BRACKETS OPTION on page 207.

CONNECTOR BRACKETS

When jumpers are used to connect power from table to table, connector brackets must be used to prevent separation and damage to electrical system. Specify A4W Set of 2 Connecting Brackets option with each top. See TABLE CONNECTOR BRACKETS OPTION on page 207.

The **Perimeter Single Circuit System** is shipped with P-clips to attach cables to the underside of top. For easy reconfiguration, First Office recommends using supplied P-clips and the Velcro Wire Managers and/or Cable Management Undersurface Clips that are to be ordered separately. When pulling tables apart for reconfiguration, the jumper can be disconnected from the Velcro Wire Manager and/or Cable Management Undersurface Clip on the second top and stored wrapped up and held in place by the Velcro Wire Manager on the first top.



Use P-clips and (1) Velcro Wire Manager on first top.

Use Velcro Wire Managers and/or Cable Management Undersurface Clips on second top.

With the **4-Trac Multi Circuit System**, when storing tables, the jumpers between tables should be removed and stored separately in the same location as the tops. When reconfiguring the tables, make certain to reassemble by alternating tables with Circuit I Kits and tables with Circuit II Kits. Jumpers and kits are sized to fit to the length of the top. In situations where wire management is desired, First Office recommends using Cable Management Undersurface Clips and/or Velcro Wire Managers so that jumpers can be easily disconnected and removed for storage or to reconfigure.

CABLE MANAGEMENT

Vertebra Cable Manager and Cable Management Column Clip are available to route wires from the tabletop to the floor. Order separately. Select from Transparent, Graphite, or Silver colors.

Vertebra Cable Manager

Cable Management Column Clip

For undersurface cable management, use Cable Management Undersurface Clip (Black only) or Velcro Wire Manager (Black only) accessories. Order separately.

Cable Management Undersurface Clip

Velcro Wire Manager

SUPPORT UNITS

Lecterns, Markerboards, Hospitality Carts, and Visual Presentation Boards are available with options to coordinate with table tops and bases. See pages 271 - 274.

Table Transport is available for storage. See page 275.

BULK PACKAGING

First Office cartons all items for shipping. In the case of full truckloads or large orders, some items may qualify for bulk packaging. Please contact your CSR to find out if your order qualifies. First Office will provide a quote for bulk packaging on approved orders.

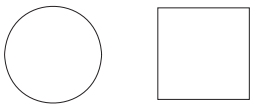
BASE OPTIONS

For easy selection of bases we have complied a quick reference guide of compatible bases with tops. After base is selected see pages 326-338 for specifications and ordering.

Base options for round and square tops



Note: All round and square conference tops require additional weight in the base when using cylinder bases to prevent the table from tipping over. First Office provides instruction sheets and clear 6 ML bags with base. Customer must provide dry sand for the additional weight.

24" tops - require 1 base

NOTES:

OASIS OCCASIONAL - VENEER

Veneer:
Quarter grained cherry, maple, walnut, and oak veneers.

Veneer Tops:
Square edge, 1.125" thick with 4.75"H end pieces in 23 wood finishes or 3 paint color choices.

Solid Surface Tops:
Square edge, 1" thick with 4.75"H end pieces in 3 color choices.

Sides and Bottom:
1.5625" thick in 23 wood finishes or 3 paint color choices.

Base:
Recessed plinth base in 23 wood finishes or 3 paint color choices.

Assembly:
Top and 4.75"H ends are post-and-cam construction. Chassis is miter construction assembled with dowels and glue.

Finish:
First Office utilizes a Euroluxe finish to enhance the natural hardwoods used in First Office products and ensure durability.

Top Finish Options:
Veneer (Quartered)
(GBM) Matte Black
(MFC) Formal Mahogany/Cherry
(MGC) Grand Cherry
(MLC) Light Cherry
(MMC) Mocha Cherry
(MNC) Natural Cherry
(QEC) Quartered Espresso Cherry

SCALE OCCASIONAL

Wood Components:
Apron rails and legs are beech hardwood. Tops feature straight grain beech veneer.

Square and Rectangle Tops:
Tops feature straight grain beech veneer faces with two edge options: (WV) Square Edge and (YN) Quest Edge.

Round Tops:
MDF core tops with straight grain beech veneer faces. Round tops feature a cove shaped edge.

Assembly:
Apron rails are attached to the top with screws. Legs are attached to the top and apron rails with hardwood corner blocks. Shelves on round tables are attached with pins to the legs.

Finish:
First Office utilizes a Euroluxe finish to enhance the natural hardwoods used in First Office products and ensure durability. Tops feature moderate open grain and available in matte finish.

Finish Options:
(GBM) Matte Black
(MFC) Formal Mahogany/Cherry
(MGC) Grand Cherry
(MLC) Light Cherry
(MMC) Mocha Cherry
(MNC) Natural Cherry
(QEC) Quartered Espresso Cherry
(MVC) Vintage Mahogany/Cherry
(MGW) English Walnut
(MEW) Executive Walnut
(MNW) Natural Walnut
(MSW) Sable Walnut
(MVW) Vintage Mahogany/Walnut
(MBM) Blonde Maple
(MHM) Honey Maple
(PWM) Quartered Maple
(MRO) Clear Oak
(MSO) Espresso Oak
(MUO) European Oak
(MGO) Steel Grey Oak

SEATING WARRANTY

Warranty:
First Office seating products are guaranteed to be free from defects in design, material, and workmanship, given normal use and proper care, for 12 years of single-shift service from date of purchase as shown on your original receipt or other proof of purchase with the exceptions noted below. First Office will repair or replace, at our discretion without charge to the original purchaser, any product or part thereof which fails as the result of such a defect during the warranty period. Freight or other shipping charges on returned product or part must be prepaid by the purchaser. Labor and service not covered under warranty. First Office assumes no responsibility for repairs to products that result from user modifications, attachments to a product, misuse, abuse, alteration, or negligent use. Except as stated above, First Office makes no expressed or implied warranties as to any product, and, in particular, makes no warranty of merchantability or of fitness for any particular purpose. First Office shall not be liable for consequential or incidental damages arising from any product defect.

All components not listed below – 12 years
Pneumatic Cylinders and Control Mechanisms – 2 years
Casters – 2 years
Foam padding – 2 years

Fuze and Phame
12 years of single shift service for all chair components including pneumatic cylinder, control mechanism, base, casters, frame and other structural elements. Foam is covered for 5 years. Upholsteries are not warranted by First Office for wearability or long-term adhesion.

This warranty does not cover:
- Damage caused by a transportation company.
- Natural variations in color, grain, or texture of wood and other covering materials over which First Office has no control.
- Freight or other shipping charges on returned product or parts, labor and service.

Ordering information:
All orders should be placed with:
First Office
1204 East 6th Street
Huntingburg, IN 47542
P 800.983.4415
F 812.683.7256
order_entry@firstoffice.com

Prices:
All prices herein are list prices including delivery to one destination, effective with the date printed on the cover and supersede all other published price lists. US List Prices are domestic prices only for shipment within the Continental United States. Prices are subject to change without notice, unless quoted in writing. Possession of the price list does not constitute authority to sell or offer for sale First Office products.

Acknowledgments:
Orders are acknowledged upon receipt of credit approval. Your acknowledgement is a detailed description of items, prices, shipping information, and shipping date. Please read your acknowledgment closely and notify First Office immediately of any discrepancies. First Office is not responsible for errors on orders placed by phone without written confirmation.

Availability:
First Office is committed to the fastest possible shipment of all products. Throughout this price list you will find some items denoted with the GO symbol. Items marked with this symbol are part of the First Office GO program and deliver on or before 12 business days subject to inventory levels and credit approval. First Office GO seating items are available in all finishes. See page 446 for fabric and leather selections. When ordering GO items, be sure to designate these items with a GO in front of the model number. Quantities on our GO program are limited to a maximum of 30 chairs, with no more than 10 lounge, per dealership, per day. GO fabrics are quick ship only when ordered on GO frames. COM upholsteries are also available on GO frames. Lead times for GO frames with COM upholstery will be acknowledged from the date orders are determined to be "clean" and the COM upholstery is received at the factory. All other items are available within our normal manufacturing schedule. For information on stock availability, call our customer service hotline 800.983.4415.
Note: Planned shipping dates may be delayed due to fires, strikes, natural disasters, or other causes beyond our control.

Quantity Orders:
Contact your First Office Customer Service Representative to verify inventory and production schedules to ensure requested shipment date prior to placing large quantity orders.

Delivery and Freight Charges:
All shipments are F.O.B. point of shipment, freight prepaid and allowed, excluding fuel surcharges. Shipments outside of the Continental United States are freight pre-paid and allowed to port of exit. First Office reserves the right to select the most appropriate carrier and routing on all shipments; however, we will try to accommodate requests for your preferred carrier. First Office reserves the right to implement a fuel surcharge. **Orders of less than $1,500 net will be assessed a handling charge of $100 net per order**. Any charges arising from failure to receive a shipment, rerouting while in transit, or carrier storage are not included in prices shown.
Orders requiring special services are subject to an additional charge.
These services include:
- Reconsignment from original destination to new destination - $35 plus $3.00 per mile net
- Refused/Returned Freight
  - Freight refused at destination and returned to First Office - Double Freight
  - Freight refused at time of delivery; returned to First Office to deliver at a later date - Triple Freight
- Detention Fees (after 2 hours of waiting) - $85 net per hour
- Weekend delivery available Friday after 3:00 p.m. through Sunday night, or Holiday - $600 net per truck
- Customer Pickup
  - Customer Request for 3rd party to pick up freight at First Office terminal - $125 net
- Change of Tags/Address/Phone #'s on Shipments- $35 net

Cancellation / Order Changes
All orders accepted by First Office are considered firm and binding and are not subject to cancellation.

Warehouse Storage Charges:
If a shipment is held beyond fourteen (14) calendar days after the order is ready for shipment at your request, a 0.067% per day (2% per month) storage charge will be assessed. The effective date will be fourteen (14) calendar days after the order is ready for shipment, as long as this date is after the acknowledged ship date. Further, the prices applied to the order will be those prices in effect at the time of shipment.
Extended Production / Ship Dates:
Orders placed with First Office with extended lead times as requested by you will be subject to price in effect at time of shipment.

Damaged Merchandise and Freight Claims:
1. Inspect all cartons for damage and verify carton quantity. All shipments are delivered to the transportation company in good condition; First Office's liability ceases at this time. Do not refuse merchandise damaged in transit. Instead enter a claim with the transportation company.

2. Record damages and/or shortages on the bill of lading and freight bill. Do not accept the shipment until all shortages are noted on both the bill of lading and the freight bill. Sign only for the items you receive. If you give the delivering carrier a clear receipt for a shipment, the carrier is relieved of further responsibility.

3. If concealed damage is found: Notify the delivering carrier at once and request an inspection. For shipments via Styline Logistics, notify your First Office customer service representative. This must be done within 15 calendar days of delivery. Without this inspection the transportation company will not entertain a claim for loss or damage. If the carrier will not perform this inspection, you should prepare an affidavit that you contacted the carrier, noting the time and date, and that the carrier failed to comply with your request. All shipping cartons and inner packing must be retained for carrier inspection. Do not move the damaged merchandise from the receiving location. It must also be retained for the inspection.

Return of Merchandise:
First Office will not accept returned merchandise without a signed Return Authorization (RA) issued by our Customer Service Department. All returned merchandise must be properly packaged and cartoned to prevent further damage. Carton must be clearly marked with identifying RA number so that proper credit can be issued. We will consider issuing RAs for the following reasons:

- Manufacturing defect (must be inspected by First Office sales representative)
- First Office order processing error
- Shipping error
- Duplicate shipments
- Mismarked cartons

All merchandise must be returned within thirty (30) days of the date of the RA to receive credit. Freight damage, signs of usage, missing parts, etc. will be adjusted on the amount of credit to be issued.

Repair Charges:
Reimbursement from First Office for repairs must have prior approval.

Finish:
euroluxe™ with SILVERBAN™
The patented Euroluxe™ finish is a chemically re-engineered Urethane clear coat that preserves the beautiful depth and clarity of First Office finishes, but allows for much greater performance with chemical and scratch resistance, as well as the complete elimination of dangerous formaldehyde emissions. The Euroluxe™ finish system achieves indoor air quality standards set by LEED and BIFMA furniture emission standards and allows all products to achieve SCS Global Services' Indoor Advantage Gold Certification.

SilverBan™ technology is an antimicrobial utilizing silver ions infused into the Euroluxe™ wood finish for antimicrobial protection on all exposed wood surfaces. SilverBan™ inhibits the growth of mold, mildew, fungus and bacteria on wood surfaces, as well as odors caused by bacterial growth, by 99.99%.

SEATING WARRANTY

Finish Color Matching:
Different wood species offer unique texture and grain. Minor variations in finish color may occur due to the natural characteristics of wood.
First Office is very selective in all materials used in its products, therefore assuring a commercially acceptable color and finish.

Finish Disclaimer:
Some accessories with plastic feet can penetrate or burn the finish. This is not a defect in the finish. Wood is a natural product and minor variations in wood color, grain, and texture may be visible even though the pieces are finished at the same time. Also, light finishes when exposed to ultraviolet rays may darken and change color. These are not defects in finish, and merchandise cannot be replaced because of these natural variations.

Fabric Color Matching:
First Office does not guarantee and will not assume responsibility for the fastness of colors or wearing qualities of any material. Because of industry dye lot variations, colors may not match exactly. Any adjustments made will depend upon the fabric manufacturer's willingness to stand behind their product.

Fabric Puddling:
The content of certain fabrics makes these fabrics susceptible to puddling and wrinkling over which First Office has no control. Slight changes in weather and humidity can affect these fabrics. First Office will not assume responsibility when this happens.

Directional Fabrics:
Directional fabrics such as plaids, stripes and certain patterns may not match from seat to back. If you have a question or concern about the upholstery of a directional fabric, please contact your First Office customer service representative and submit a fabric sample for approval prior to placing an order.

Fabric Application:
All COM fabrics are cut according to the fabric pattern at the discretion of First Office unless otherwise directed by the customer. Fabrics such as plaids, stripes and certain patterns may not meet your expectations due to certain sewing patterns, tufting and contoured shapes of certain styles and models. When required we will upholster to customer specifications but such orders are not subject to return. If you have a question or concern about one of these fabrics, please contact your First Office customer service representative and submit a fabric sample for approval prior to placing an order.

Fire Retardant Products:
California Technical Bulletin 117: All First Office seating is manufactured with foam that meets Cal TB 117 guidelines.

California Technical Bulletin 133: Cal TB 133 is a flammability test for seating products used in public spaces. The testing procedure for Cal TB 133 requires the burning of an entire product since the test is a composite test and not a component test. First Office has pretested and certified many different chair styles and upholsteries. If Cal TB 133 certification is required, a burn test may need to be completed with a specific model and upholstery combination. Contact Customer Service for Cal TB 133 approval, pricing and lead times.

First Office can not be held liable if purchase order does not indicate a requirement for Cal TB 133 compliance.

Boston Fire Code: Please contact First Office Customer Service if compliance is required.

COM Yardage Requirements:
For clarification and convenience. First Office has listed yardage requirements for non-directional COM and COL for each frame throughout the price list. Yardage requirements are based on 54" wide plain fabric. Extra fabric is needed to match any pattern with matching repeats. Use the chart below as a guide for additional COM yardage needed where repeats are involved.

Repeat	Percent of Extra Fabric Needed
1" – 4"	Additional 10%
5" – 9"	Additional 20%
10" – 14"	Additional 25%
15" – 19"	Additional 30%

Repeats larger than 19", fabrics less than 54" wide, or fabrics requiring matching (stripes, plaids, prints, large patterns) will require additional yardage based on the fabric used and the item ordered. COM must be a single cut piece. Multiple pieces will require more yardage. A swatch showing one full repeat must be sent for yardage requirements instructions for these special circumstances.

COL Square Footage Requirements
COL requirements are based on an average hide size of 50-55 square feet. Please consult the sales office for requirements on sizes different from this. All square footage requirements are based on usable footage. The shape of the hide and the usable footage may make it necessary for us to request more leather after your COL is received. Please note that leather is a natural product and variation in texture is a pleasing quality belonging exclusively to high grade, full top grain leathers. Due to the variation in thickness of leather, First Office recommends sending a 4" x 4" swatch for approval. First Office approval signifies only that such materials can be applied to the products for which they are intended. Such approval does not constitute any responsibility nor any warranty on the part of First Office as to the appearance, behavior or durability of the COL.

Note: Calf hide requirements will vary based on the chair model selected. Please contact the sales office for pattern adaptability confirmation and square footage requirements prior to placing an order.

COM / COL Ordering Instructions:
All COM / COL materials must be submitted to First Office for preliminary approval prior to shipment of fabric or leather. First Office approval signifies only that such materials can be applied to the products for which they are intended. Such approval does not constitute any responsibility nor any warranty on the part of First Office as to the appearance, behavior or durability of the COM / COL.

1. Send 4" x 4" swatch for approval to:
   First Office
   Attn: Customer Service
   1204 East 6th St.
   Huntingburg, IN 47542

2. Send a swatch along with the order to:
   First Office
   Attn: Customer Service
   1204 East 6th St.
   Huntingburg, IN 47542

   This sample is used to verify that the correct fabric is received. It is not used for application approval.

3. Specify the COM or COL supplier must include the dealer name and purchase order number on all packing lists.

4. Application instructions for striped, plaid, patterned or unusually designed fabrics (i.e. direction of stripes) and which face to use on reversible fabrics.

5. Ship COM or COL material to:
   First Office Plant 3
   Attn: COM Department
   105 West 10th Street
   Huntingburg, IN 47542

COM and COL orders will be scheduled for production only upon receipt of production yardage. In absence of a representative sample sent with the purchase order or application instructions, First Office will apply the fabric in what it determines to be the best manner and cannot be held responsible after upholstering.

Excess COM / COL materials will be discarded at the discretion of First Office unless otherwise instructed by the customer at the time the order is placed.

FABRICS

First Office has partnered with these textile manufacturers to bring our customers a broad selection of fabric patterns and leathers. Leathers are listed below. Please call the textile manufacturer for memo samples or availability. For a complete list of fabrics according to grade, please visit www.firstoffice.com and select Design Resources • Materials.

PHAME TASK / WORK

Frame Construction:
The Phame swivel chair features a molded plywood seat and a molded plywood back. The back features a height adjustment mechanism for additional back support.

Seat/Back Construction:
Polyurethane foam in the seat and back provides high-resiliency for long-lasting support and comfort.

Arms:
The standard swivel is offered without arms or with 3 arm options.

Controls:
The standard swivel is offered with a synchronous control and a pneumatic lift.

Bases:
The standard swivel is offered with a 5-prong black polyurethane base. An optional 5-prong polished aluminum/black base is also available.

PHAME TASK / WORK

YAZ BARSTOOL

Frame Construction:
The Yaz barstool features a powder coated steel tube frame with a twisted polyurethane arm.

Seat/Back Construction:
The seat features a molded plywood seat panel and high-resilient polyurethane foam for long lasting support and comfort.

Back Construction:
The back features a molded plywood back panel and polyurethane foam for long lasting support and comfort.

Companion:
This collection features a companion side chair. See page 515.

SLIM LOUNGE

Frame Construction:
Slim lounge features a frame that is constructed of furniture grade plywood and interior grade hardwoods. The corners are notched and slotted and reinforced with corner blocks that are glued and stapled into position.

Seat Construction:
Seats feature a steel frame for stability and polypropylene seat webbing for long lasting support and comfort. Polyurethane foam in the seat and back provides high resiliency and comfort.

Legs:
Slim lounge seating is supported by low profile black plastic foot. Casters are available on the lounge chair.

Accessories:
A variety of storage shelves are available on all units. A variety of swivel tablet arms are available on the lounge chairs.
