General Information

take off – CONFERENCE

DESCRIPTION

This price list groups the meeting tables of the Take Off Collection as well as the associated accessories and complementary products.

The collection is divided into 3 furniture series: **Lima**, **Mike** and **Victor**. These series differ mainly in the thickness of the surfaces and types of edges.

TAKE OFF CONFERENCE : 3 SERIES

The Lima and Mike series
These two series are characterized by TFL or HPL surfaces with straight edge banding. Available in 2 thicknesses: 1" (Lima) and 1½" (Mike).

L Lima	M Mike
1"	1½"

The Victor series
The Victor series is characterized by its HPL surfaces 1" thick (MDF) with reverse edge profiles.

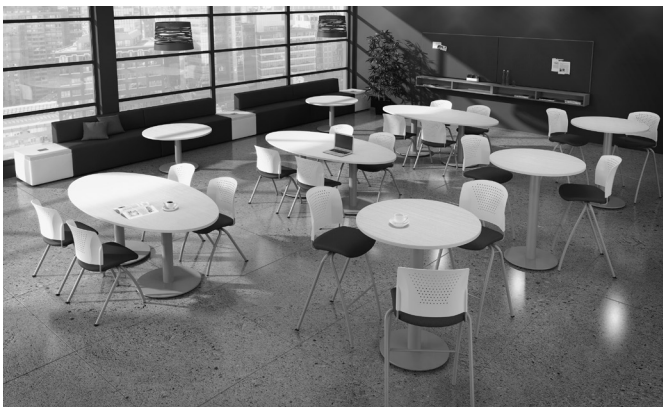
V Victor
1"

The Take Off Conference series works in various meeting applications, such as :

Conference room

Work or meeting room

Training room



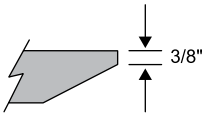
Gathering spaces and collaborative zones

GENERAL INFORMATION

MATERIALS

The Take Off Conference table surfaces are made of 1" (25 mm) thick pressed wood for the **Lima** series and 1½" (38 mm) for the **Mike** series. The surfaces can be specified in TFL or HPL. HPL adds 1/16" (1.6 mm) to the thickness of the surface. There is a 3/32" (2.5 mm) thick PVC edge banding on the surfaces with a choice of matching or contrasting colors, fluted or striped.

The surfaces of the Victor series are available in HPL only and are made of are made of 1" (25 mm) thick pressed wood with a 3/8" (10 mm) contour. The surface has a 3/32" (2.5 mm) thick PVC edge banding with a choice of matching or contrasting colors but not available fluted or striped.



The architectural table bases, sideboard cases, drawer fronts and doors are made of 11/16" (17.5 mm) thick pressed wood. These panels have a 3/32" (2.5 mm) thick PVC edge banding in matching TFL colors.

The panel and X-shaped bases, work walls (upper and lower) are made of 1" (25 mm) thick pressed wood. These panels have a 3/32" (2.5 mm) thick PVC edge banding in matching TFL colors.

LAMINATE FINISHES

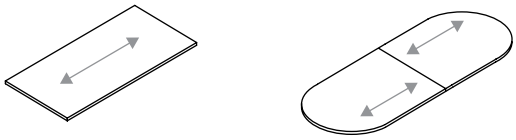
The available finishes are divided into 4 categories :
- The "**Surface**" finish (applied on the surfaces of tables and sideboards).
- The "**Edge Banding**" (surface contour).
- The "**Base**" finish (applied on the bases of tables, sides of sideboards, presentation board, lectern and work walls).
- The "**Front**" finish (applied on the front of drawers and sideboard doors).

Casters and internal structural or mechanical components have a black finish while metal components (legs, finishing details, etc.) are available in 4 finishes: Silver (**3090**), Polar White (**3002**), Charcoal (**3064**), Black (**3067**), as specified in the price list.
Refer to the product descriptions and finish charts for more information, see p.16-17.

WOOD GRAIN DIRECTIONS

Surfaces

The wood grain runs parallel to the longest side of the surface.

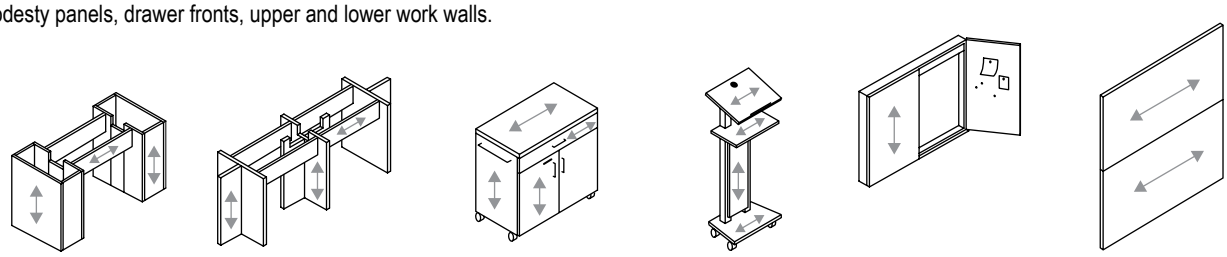


CONFERENCE TABLES IN 2 SECTIONS
The wood grain is not aligned where the two surfaces meet.

Legs, Backs, Doors and Fronts

The wood grain is positioned vertically on:
- Table bases, sides and hinged doors of sideboards, presentation boards and lectern.

The wood grain is positioned horizontally on:
- Modesty panels, drawer fronts, upper and lower work walls.



ASSEMBLY AND HARDWARE

Pre-assembled products such as sideboards, lectern and presentation boards require no assembly upon delivery except for casters and pulls (if applicable).

Knockdown products are delivered with the necessary hardware (brackets and screws) pre-assembled to the parts. Table legs and bases are delivered with the necessary hardware for attaching to surfaces.

take off – CONFERENCE

MEETING AND CONFERENCE TABLES

The Take Off Conference collection offers a wide range of conference tables and meeting tables tailored to many uses and spaces, in a variety of shapes and sizes.

CONFERENCE TABLES

Rectangular Boat-shaped "Racetrack" Tapered Elliptical

Standard conference tables are 29"H. However, conference tables with metal legs with base plate (round or square) are available 29", 36" and 40" H.

Surfaces and bases
Table surfaces are available in the **Lima** Series (1" thick), the **Mike** Series (1½" thick) and the **Victor** series (reverse edge) with a choice of laminate bases or metal legs. The bases and legs are attached under the surface using screws. Pre-drilled holes assist the positioning during installation.

Multi-outlet module (optional)
Multi-outlet modules can be added. Refer to the product description for available options (module choices, position, etc).
For specific details regarding the multi-outlet modules, see p. 10.

MEETING TABLES

Square Rectangular Round

Meeting tables are 29"H. Certain models are also available in 24", 29", 36" and 40" H. Table 24" H. or "lounge" tables complete collaborative work environments and tables 36" and 40" H. suit "bistro" height meeting configurations.

Surfaces and Bases
Table surfaces are available in the **Lima** Series (1" thick), the **Mike** Series (1½" thick) and the **Victor** series (reverse edge) with a choice of laminate bases or metal legs. The bases and legs are attached under the surface using screws. Pre-drilled holes assist the positioning during installation.

Multi-outlet module (optional)
Multi-outlet modules can be added to the center of the table. Refer to the product description for available options. For specific details regarding the multi-outlet modules, see p. 10.

Conference table boat-shaped 96"

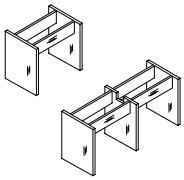
BASES

The conference and meeting tables include the surface and base. Various models of bases and legs are available according to the type of table (conference, meeting, etc). The number of bases or legs varies according to the shape and size of the table. Levelers allow for a height adjustment of 1½" (38 mm), unless otherwise indicated.

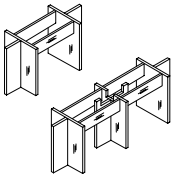
The metal legs and bases with metal accents are available in 4 finishes: Silver, Polar White, Charcoal or Black, unless otherwise indicated. Laminate bases are available in all the TFL "base" finishes (the modesty finish will be the same as the specified base finish).

LAMINATE BASES

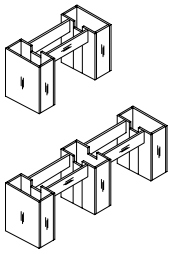
PANEL bases
- 1" TFL panels and 11/16" modesties.
- Modesties 6½" H. are included to ensure stability and conceal conference table cabling.
- Assembly required.



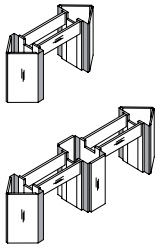
X-SHAPED bases
- 1" TFL panels and 11/16" modesties.
- For tables where 3 bases are required, an X-shaped base is placed in the center
- Modesties 6½" H. are included to ensure stability and conceal conference table cabling.
- Assembly required.



RECTANGULAR Architectural Bases
- 11/16" TFL panels.
- Available in laminate, with or without metal corners (square or rounded).
- Modesties 6½" H. are included to ensure stability and conceal conference table cabling.
- Cables can be passed through the base and a removable door (optional) provides convenient access inside the base.
- Square architectural bases are available for meeting tables 29" and 24" H.

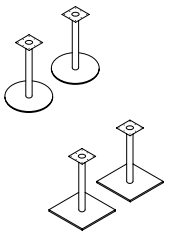


TRIANGULAR Architectural Bases
- 11/16" TFL panels.
- Available with metal corners (square or rounded).
- For tables where 3 bases are required, a rectangular base is placed in the center.
- Modesties 6½" H. are included to ensure stability and conceal conference table cabling.
- Cables can be passed through the base and a removable door (optional) provides convenient access inside the base.

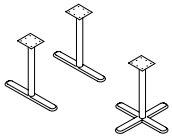


METAL LEGS

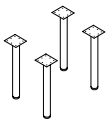
Tubular legs with BASE PLATES
- Round tubular (4" diam.) metal with base plate, round or square.
- The tubular leg allows for the installation of a multi-outlet module and the cables can be passed through the leg to the floor.
- The size of the base plate varies according to the shape and size of the table.
- Tubular legs with base plates are available for tables 40", 36", 29" and 24" H.



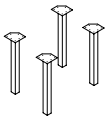
"T" and X-BASE tubular metal legs
- Round tubular (2½" diam.).
- Flat metal base.



ROUND tubular legs
- Round tubular (3" diam.) metal with integrated black leveler.
- Casters* are available as an option.

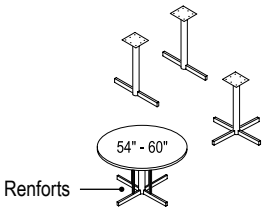


SQUARE tubular legs
- Square tubular (2½" x 2½") metal with leveler allowing for a total height adjustment of 2".
- Casters* are available as an option.



*Black nylon casters 2½" H. A table with four legs on casters includes two locking casters; a table with six legs includes three locking casters.

"T" and X-BASE tubular metal legs
- Round tubular and vertical base support.
- Meeting tables 54" and 60" long have a reinforced base to ensure stability.



MULTI-OUTLET MODULES
Multi-outlet modules (M2, M3, M4, M5 and M6) may not be flush with the underside of certain models of tables.
A finishing case (sold separately) conceals the base of the module under the table, see following page.

MULTI-OUTLET MODULES (optional)

Recessed multi-outlet modules are available on the Take Off Conference series tables. The surface is pre-cut in factory but the connection box must be installed on-site.

The position and number of multi-outlet modules varies according to the shape and size of the table surface and the bases used.
Multi-outlet modules must be ordered at the time of specification of the table, they cannot be ordered separately.
Refer to the options listed in the product description.

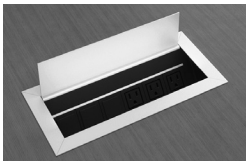
MULTI-OUTLET MODULES

A range of multi-outlet modules responds to all user needs :

M2 Multi-outlet

- 4¼" diameter on the surface.
- Module will exceed 4" under the 1" surface.
- Two power outlets and two communication outlets (RJ45, cable not included).
- Power cord : 6'.
- UL Certified.
- Black finish.

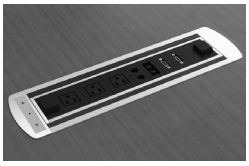
M3 Multi-outlet



- 5½" x 11½" on the surface.
- Module will exceed 3" under the 1" surface.
- Three electric outlets.
- Power cord : 6'.
- Three punch outs for communication connections.
- UL Certified.
- Anodized aluminum finish.

M4 Multi-outlet

M4 MODULE CONFIGURATION
The configuration of the M4 multi-outlet module cannot be modified.

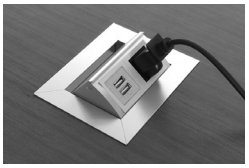


- The module opens and closes with a switch and automatically closes after a few minutes of non- use.
- 4¼" x 15½" on the surface.
- The module will exceed 4" under the 1" surface.
- Three electric outlets.
- Power cord : 6'.
- One communication outlet (RJ45).
- One phone jack (RJ11) and two audio jacks 3.5.
- One VGA and one HDMI outlet.
- Cables included for all outlets.
- UL Certified.
- Anodized aluminum finish.
- Sensor prevents rotation when the outlets are in use.

M5 Multi-outlet

- 4" x 5" on the surface.
- Module will exceed 1½" under the 1" surface.
- One power outlet and one punch out for communication outlets.
- Touch retractable.
- Power cord : 6'
- UL Certified.
- Anodized aluminum finish.

M6 Multi-outlet

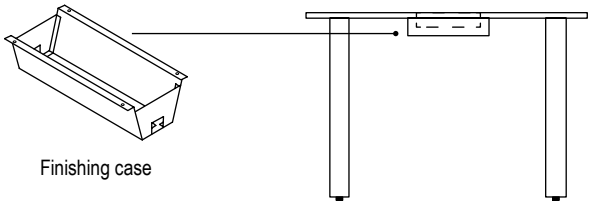


- 4" x 5" on the surface.
- Module will exceed 1½" under the 1" surface.
- One power outlet and two USB charging outlets.
- Touch retractable.
- Power cord : 10'.
- UL Certified.
- Anodized aluminum finish.

FINISHING CASE

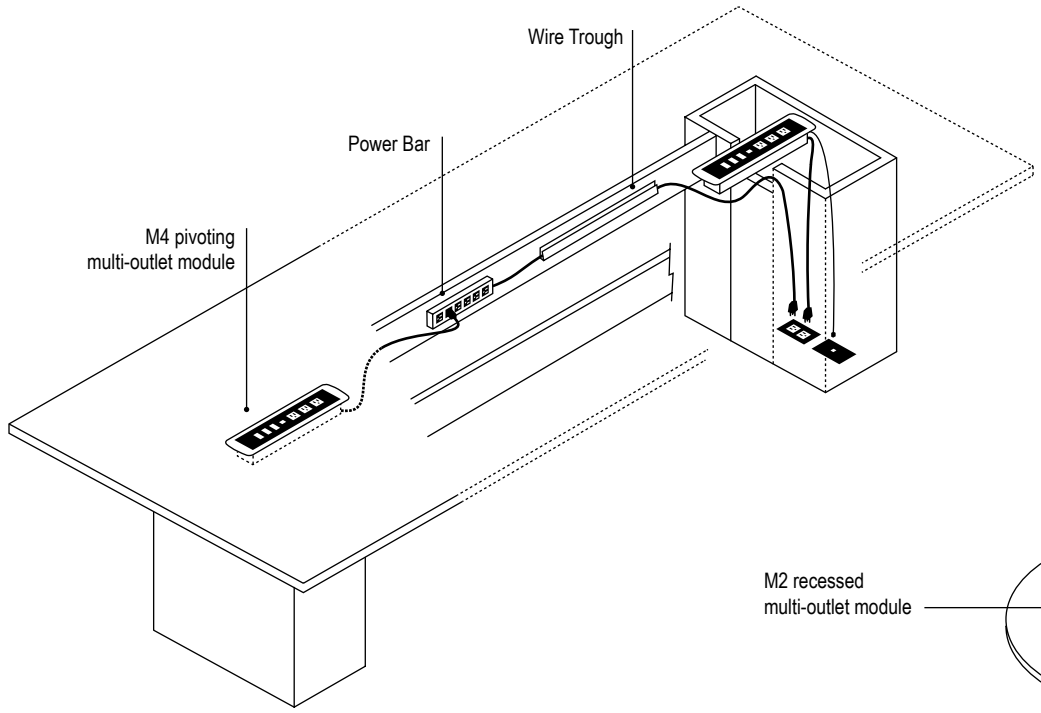
A finishing case 6¼" D. x 16" L. x 4¼" H. can be ordered to conceal the connection box of a multi-outlet module when it is visible under the table. For example, an M3 module on a meeting table with round tubular legs.

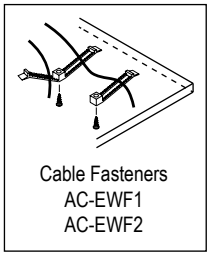
The finishing box is attached under the surface using screws and has openings for the passing of cables to the left, right and to the floor. The box is made of folded metal in 4 finishes: Silver, Polar White, Charcoal and Black.

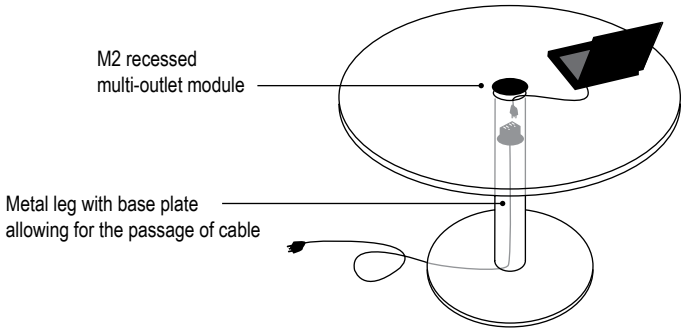


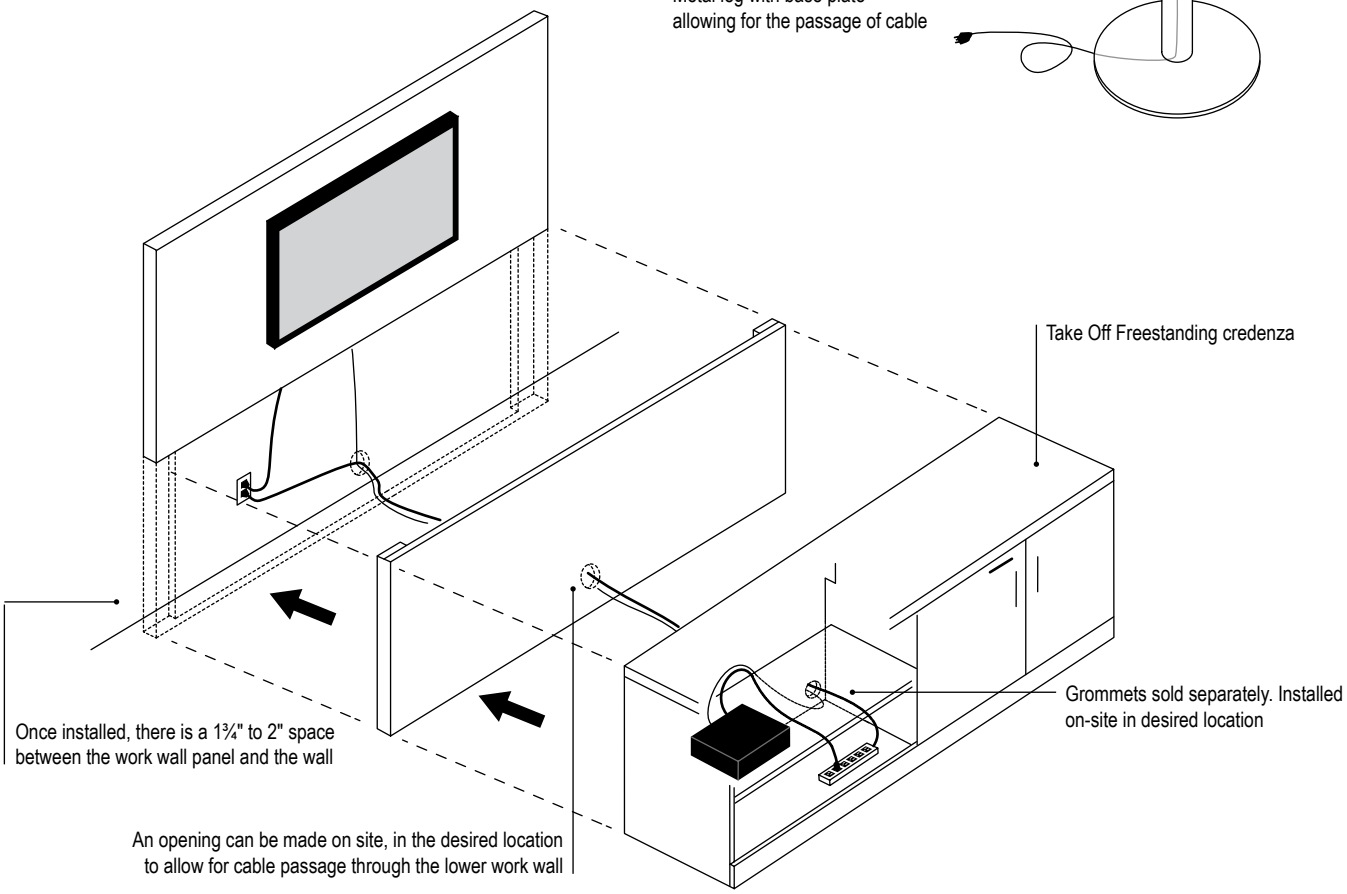
CABLE MANAGEMENT

A variety of components (sold separately) allow for the routing of cables under the surfaces, along modesty panels, bases and legs.
For example, wire troughs (AC-WR24 and AC-LW24) and plastic cable fasteners can be used. Refer to the Accessories section, p.72.









MODULAR TABLES

The surfaces and legs of the modular tables are sold separately. The required number of legs to ensure maximum stability is indicated in the product description but layouts using junction plates and fewer legs are possible. Various shapes of surfaces are available in the **Lima** series (1" thick) and the **Mike** series (1½" thick).

LEGS

The legs are attached under the surface of the modular tables using screws (pre-drilled holes are provided). Two leg models are available in 3 finishes: Aluminum (**CMW**), White (**CMB**) and Black (**CMN**).

Standard Leg - Table 29" H.
• Round tubular metal, 2½" diameter, without sleeve.
• Integrated black leveler for a height adjustment from 27⅝" to 28¾".

Leg with sleeve - Table 26" or 29" H.
• Round tubular, 2½" diameter, with metal sleeve.
• Casters are available (sold separately).

"Standard" leg

Leg "with sleeve"

Caster with brake

GROMMETS or MULTI-OUTLET MODULES (optional)

Center grommets or multi-outlet modules can be specified on rectangular, square and crescent surfaces.

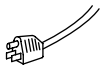
Rectangular grommet

Rectangular Grommet
The grommet with the Artopex logo has a cover with two openings :
• The first opening is for large cables (screen, computer, lamp, etc.).
• The second opening is for smaller wires (cell, USB plug, etc.).
• Dimensions of opening when the cover is removed: 3⅜" x 1⅝".

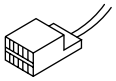
The grommet is available in two plastic finishes : White (**G1C**) and Charcoal (**G2C**).
The finish must be specified in the product specification.

Multi-outlet module

UCC and ECC Multi-Outlet Modules
The black plastic multi-outlet module has :
• 2 electrical outlets with ground and 12A circuit breaker.
• 2 punch outs for communication connections.
• 1 retractable lid that can be closed when module is not in use.



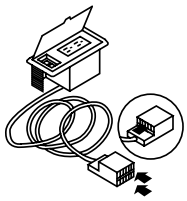
Conventional



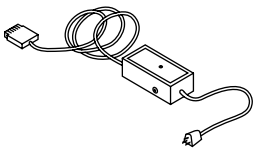
1-circuit system

Connections
The multi-outlet module is available with two types of connections :
A conventional wall connection and a connection for the 1-circuit system.
Both modules are UL and CSA compliant.

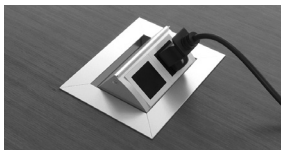
UCC Recessed surface outlet
with conventional wall connection



ECC Recessed surface outlet
1-circuit electrical system

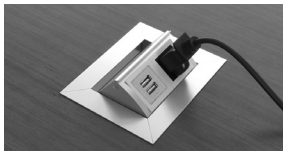


AC-ECFK
Power Module



M5 Multi-outlet module

The ECC option requires the use of 1-circuit system components such as the AC-ECFK power module.
For 1-circuit systems, consult the current Artopex Accessories price list.



M6 Multi-outlet module

M5 and M6 Multi-Outlet modules
These multi-outlet modules have an anodized aluminum finish.
For a complete description of these modules, see page 10.

MODULAR TABLES (continued)

MODULAR TABLE ACCESSORIES

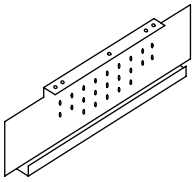
Accessories such as locking brackets, metal modesty panels, privacy screens and Take Off accessory bars are available on modular tables.

Locking bracket
The locking bracket is attached under the surface using screws.
They are used to join the surfaces of two modular tables together.

Locking-bracket

Metal modesty panel
The perforated metal modesty panel is attached under the surface using screws and has a metal slot (1½") at the bottom to accommodate wiring.

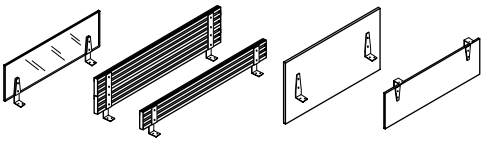
The modesty panel is available in two lengths :
• 48" for surfaces 48" L.
• 60" for surfaces 60" and 72" L.



Metal modesty panel

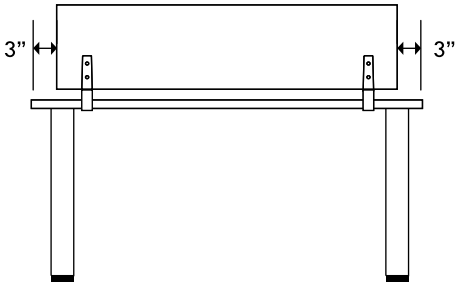
Modesty panels, privacy screens and accessory bar
Modesty panels, laminate and frosted acrylic privacy screens as well as accessory bars from the Take Off Freestanding collection are available on modular tables.

To specify privacy screens, modesty panels and accessory bars on modular tables (rectangular, "crescent" and "arc"), the following rule applies :



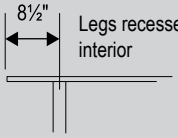
Privacy screens, accessory bar, modesty panel

When ordering a privacy screen, modesty panel or accessory bar, specify the **MAXIMUM** length available, **6 inches shorter than the surface length** to allow for a 3" space on each side for the installation plates of the legs.



72" MODULAR TABLES

The legs under the 72" modular tables are recessed toward the interior. Therefore the privacy screen, modesty panel or accessory bar must be specified 54" L. in order to allow for the space necessary for the installation plates of the legs.

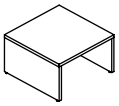


take off – CONFERENCE

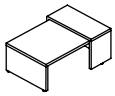
OCCASIONAL TABLES

The occasional tables are available in various shapes in the **Lima** series (1" thick) and the **Mike** series (1½" thick) and the **Victor** series (reverse edge) with a choice of laminate or metal bases, unless otherwise indicated. The metal bases are available in 4 finishes: Silver, Polar White, Charcoal and Black.

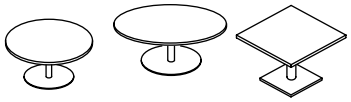
X-base



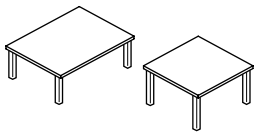
Laminate base



Laminate base - ribbon style detail



Round tubular legs with round or square base



Square tubular legs

COMPLEMENTARY PRODUCTS

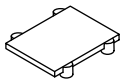
Practical and functional complementary products are available to complete the layout of conference or training room.

Sideboards
The sideboards are available in two sizes: 24" and 36" W. and 36" H.
They come with :
- Cutlery tray in the drawer.
- A pull on the left side so it can be easily moved.
- Four casters, two with brakes.

The Noki lock, exclusive to Artopex, is optional on sideboards (locks the doors).

36" wide Sideboard

Projector Shelf
The projector shelf is 13" L. x 15½" D. x 2½" H. and is used on the conference table surface.
It is made of 1" thick laminate with slip-resistant plastic posts, aluminum finish.

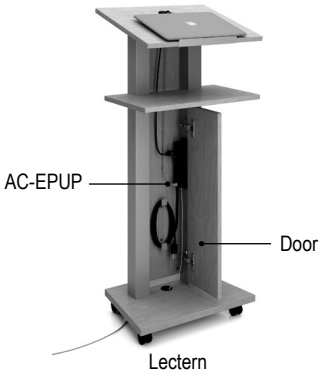


Projector shelf

Lectern
The lectern is made of laminate panels and metal posts available in 4 finishes :
Silver, Polar White, Charcoal and Black. It has :

- An angled upper shelf with document holder and a grommet for cables.
- A lower attached shelf for storage (presentation materials, etc.).
  A door under the shelf provides access to a multi-outlet module (AC-EPUP, included) and a support for managing access cable.
- A base with casters, two with brakes.

The AC-EPUP module includes the following :
- 3 power outlets with a ground, 12 amp circuit breaker.
- Electrical cord : 108".
- CSA Certified.

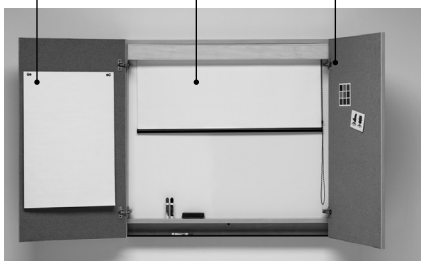


Lectern

Presentation Boards
Two models of presentation boards 48" L. x 45" H. with hinged door are available.

The first model includes :
- A writing pad 20" L. x 30" H.
- White marker board (high-gloss HPL for use with dry erase markers only).
- Dry erase markers and eraser.
- A tackboard.

Second model includes all the above items as well as :
- A retractable projection screen 46" W.



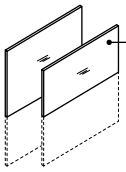
Presentation board

WORK WALL PANELS

Complete the look and utility of conference, meeting and training rooms as well as lounge spaces and closed offices with the work wall panels (whitemarker board, tackboard, etc) from the Take Off Conference collection. The upper work wall can be used alone, side-by-side or with a lower work wall panel of the same length (sold separately).

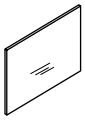
The work walls are available in all “base” laminate colors with a horizontal wood grain. The edge banding is in a matching color except for the white marker board and tackboard where the edge color will correspond with the specified “base” color. Wall mounting brackets are included on all work wall panels.

UPPER WORK WALL PANEL

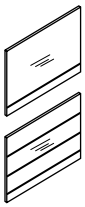


Differents types of upper panels

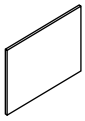
- 2 heights: 43" and 37".
- 8 widths: 30" to 72" (increments of 6").
- Thickness: 2".



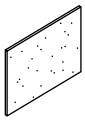
Laminate panel
- A monitor can be attached.



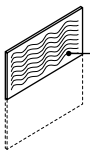
Accessory bar panel
- With one or more integrated accessory rails.
- The top and bottom of the panel are edged in a coordinated color while the sides are edged in aluminum which covers the ends of the accessory rail.
- The accessory rails have an anodized aluminum finish and are used to attached Artopex accessories and shelves (not for use with monitors).



White Marker Board panel
- The white marker board is made of high-gloss white HPL for use with dry erase markers only.

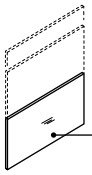


Tackboard panel
- The tackboard is covered in fabric (Refer to the current Artopex panel fabrics chart).
- Fabric is always positioned at 90° (railroad).



Fabric positioned at 90° (railroad)

LOWER WORK WALL PANEL



- Height : 29"
- 8 widths : 30" to 72" (increments of 6").
- Thickness : 2".

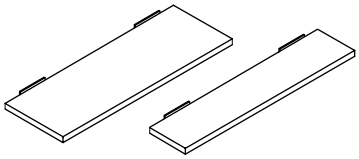
Lower work wall panel in laminate only

The lower work wall panel cannot be used alone; it must be specified with an upper work wall panel of the same width :
- Used with an upper work wall 43" H., the total height will be 72".
- Used with an upper work wall 37" H., the total height will be 66".

ACCESSORIES FOR ACCESSORY RAILS

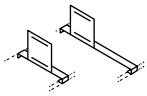
Shelf
The shelf attaches to the accessory rail of the work wall panel.
It is made of 1” thick TFL with a matching straight edge banding.
Depending on its length, two or three supports finished in anodized aluminum are included.

- Lengths : 24" to 72".
- Depths : 6" or 10".



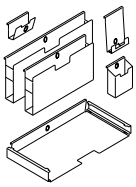
10" or 6" deep shelf

Bookends
The bookends are made of folded steel and attach to the shelves 6” or 10” deep.
They are sold in pairs and are available in 4 finishes: Silver, Polar White, Charcoal and Black.



Bookends

Plastic and Metal Accessories
A variety of plastic and metal accessories can be used on the accessory rail.
Refer to the current product lists at www.artopex.com.



Artopex metal accessories

T			/					

Specify **Series** : L, M or V (specifications p.6).

Code : Consult the above product code list.

Surface / Edge / Base : Take Off finishes, p.16-17.

Metal corners (S or R): Specify the finish : Black (**3067**), Charcoal (**3064**), Silver (**3090**) or Polar White (**3002**).

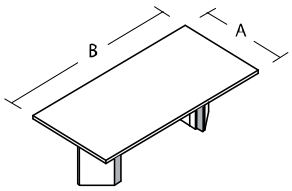
Options **Multi-Outlet** : Round (**M2** +$330 ea.), recessed (**M3** +$1133 ea.), pivoting (**M4** +$825 ea.), data outlet (**M5** +$385 ea.) or USB outlet (**M6** +$660 ea.).

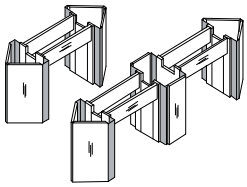
Position : For more than one location, indicate the multi-outlet code and all the position codes, ex.: M2 on all three positions, the option code will be M2LCR.

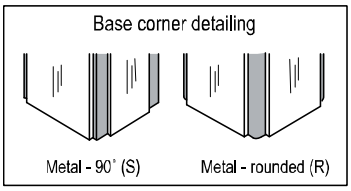
* The highlighted area at right shows the availability & position of the multi-outlet modules depending on the selected table.

Door : At left (**PL**), in center if 3 bases (**PC**), at right (**PR**). Add $165 ea. Ex.: For option at left and right, indicate *PLPR* .

RECTANGULAR CONFERENCE TABLES WITH TRIANGULAR ARCHITECTURAL BASES







Rectangular table 29" H. with triangular architectural bases.

6½" H. modesty panels are included to ensure base stability.

Two corner detailing options are available : laminate with 90° metal corners (S) or laminate with rounded metal corners (R).

For a set with three bases, central base is rectangular.

Use plastic fasteners or AC-WR24 wire trough to secure cabling to the modesty panels, see p.74.

Multi-outlet module option, see p.10.

A removable door option on the base allows access to interior cabling (from surface to the floor).

SPECIFY — OPTIONS

Series	Code	Surface	Edge	Base	Metal	M-Outlet	Position	Door
T ☐ -	☐ -	☐ /	☐ -	☐ -	☐ -	☐	☐ -	☐

Specify **Series** : L, M or V (specifications p.6).

Code : Consult the above product code list.

Surface / Edge / Base : Take Off finishes, p.16-17.

Metal corners (S or R): Specify the finish : Black (**3067**), Charcoal (**3064**), Silver (**3090**) or Polar White (**3002**).

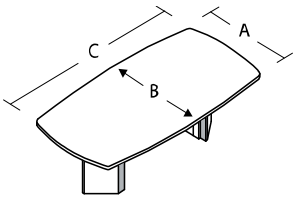
Options **Multi-Outlet** : Round (**M2** +$330 ea.), recessed (**M3** +$1133 ea.), pivoting (**M4** +$825 ea.), data outlet (**M5** +$385 ea.) or USB outlet (**M6** +$660 ea.).

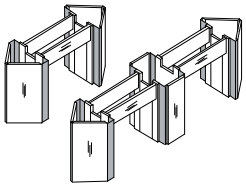
Position : For more than one location, indicate the multi-outlet code and all the position codes, ex.: M2 on all three positions, the option code will be M2LCR.

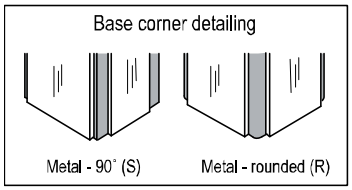
* The highlighted area at right shows the availability & position of the multi-outlet modules depending on the selected table.

Door : At left (**PL**), in center if 3 bases (**PC**), at right (**PR**). Add $165 ea. Ex.: For option at left and right, indicate *PLPR* .

BOAT-SHAPED CONFERENCE TABLES WITH TRIANGULAR ARCHITECTURAL BASES







Boat-shaped table 29" H. with triangular architectural bases.

6½" H. modesty panels are included to ensure base stability.

Two corner detailing options are available : laminate with 90° metal corners (S) or laminate with rounded metal corners (R).

For a set with three bases, central base is rectangular.

Use plastic fasteners or AC-WR24 wire trough to secure cabling to the modesty panels, see p.74.

Multi-outlet module option, see p.10.

A removable door option on the base allows access to interior cabling (from surface to the floor).

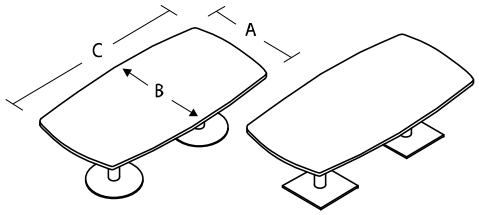
BOAT-SHAPED CONFERENCE TABLES WITH TUBULAR LEGS AND ROUND OR SQUARE BASE PLATE - 29" H.



Boat-shaped table 29" H. with tubular metal legs (4" diam.) and base plate (24"), round or square.

Legs allow cable passage (from surface to floor) using the M2 multi-outlet module.

Multi-outlet module option, see p.10. The multi-outlet module will be visible under the surface.

A finishing case (sold separately) covers the base of the multi-outlet module under the table, see p.73.

Surface / Edge / Base : Take Off finishes, p.16-17.

Metal corners (S or R): Specify the finish : Black (**3067**), Charcoal (**3064**), Silver (**3090**) or Polar White (**3002**).

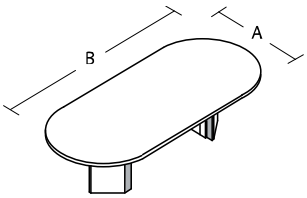
Options **Multi-Outlet** : Round (**M2** +$330 ea.), recessed (**M3** +$1133 ea.), pivoting (**M4** +$825 ea.), data outlet (**M5** +$385 ea.) or USB outlet (**M6** +$660 ea.).

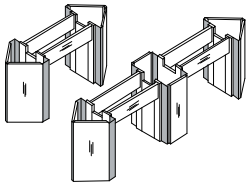
Position : For more than one location, indicate the multi-outlet code and all the position codes, ex.: M2 on all three positions, the option code will be M2LCR.

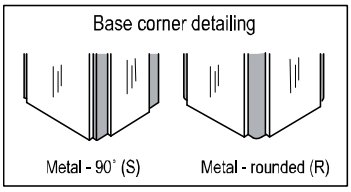
* The highlighted area at right shows the availability & position of the multi-outlet modules depending on the selected table.

Door : At left (**PL**), in center if 3 bases (**PC**), at right (**PR**). Add $165 ea. Ex.: For option at left and right, indicate *PLPR* .

"RACETRACK" CONFERENCE TABLES WITH TRIANGULAR ARCHITECTURAL BASES







"Racetrack" table 29" H. with triangular architectural bases.

6½" H. modesty panels are included to ensure base stability.

Two corner detailing options are available : laminate with 90° metal corners (S) or laminate with rounded metal corners (R).

For a set with three bases, central base is rectangular.

Use plastic fasteners or AC-WR24 wire trough to secure cabling to the modesty panels, see p.74.

Multi-outlet module option, see p.10.

A removable door option on the base allows access to interior cabling (from surface to the floor).

Price List – USA

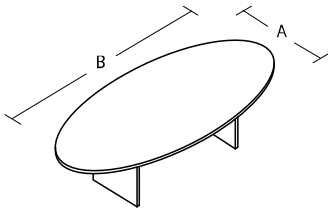
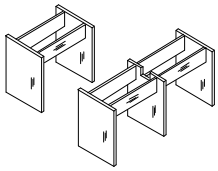
ELLIPTICAL CONFERENCE TABLES WITH PANEL BASE





Elliptical table 29" H. with panel base.

6½" H. modesty panels are included to ensure base stability.

Use plastic fasteners or AC-WR24 wire trough to secure cabling to the modesty panels, see p.74.

This base requires assembly.

Multi-outlet module option, see p.10.

Prices and Payment

All prices shown in this price list are suggested retail prices and are subject to change without notice. Prices do not include installation and shipping costs. Taxes are extra. These prices are guaranteed for 30 days from the date of quotation and are firm and final after acceptance of the order. Orders are invoiced at the time of shipment. Terms of payment are net 30 days from date of invoice. Any products sold by Artopex shall remain its property until fully paid in cash. In the event that the purchaser defaults in the payment of any sum due to Artopex, or in the event the purchaser's financial condition becomes unsatisfactory to Artopex, Artopex reserves the right upon notice to the purchaser, to differ or discontinue shipment of any goods or, to refuse any order until time as the default is corrected or the purchaser provides assurance of payment to Artopex.

Orders

Artopex requires that all orders be submitted in writing to avoid errors and/or duplication. The purchaser is responsible to submit complete orders. Incomplete or incorrect orders (finish colors missing…) will be processed upon reception of the complete information and normal production lead-time will be applied from the date that the complete information is received.

Acknowledgments

Orders will be acknowledged with Artopex acknowledgement forms governing the transaction. The details appearing on this acknowledgment will describe the items to be shipped to the purchaser and the ready to ship date (not the actual shipping date). It is the purchaser's responsibility to verify that the acknowledgment information is correct. If not, the purchaser must notify Artopex within 48 hours in writing. Failure to provide corrections within 48 hours could be subject to extra charges (see Changes and Cancellation).

Changes and Cancellations

Order cancellations or changes are subject to acceptance by Artopex. Special order items and fabric-covered items (standard or COM fabrics) already in production are not subject to change or cancellation under any circumstances.
A) Modifications: Standard product already in production will be subject to a 25% modification surcharge. Changes to the shipping date must be taken into consideration.
B) Cancellations: Artopex reserves the right to invoice the purchaser for any items already in production at the cancellation date and for lost profit on the remaining items.

Storage

Artopex reserves the right to invoice the purchaser for storage charges in specific cases.

Shipping

A) Prices are F.O.B. factory, collect.
B) Artopex will choose the carrier unless otherwise specified by the purchaser. Goods will be handed over to the common carrier in good condition; Artopex liability ceases at this point. Shipping will be done at the purchaser's unloading dock. The purchaser should have an unloading dock able to accommodate 53' trailers and must supply the unloading personnel.
C) Claims: Artopex is not responsible for damage that occurs in transit or in storage. It is the purchaser's responsibility to examine goods upon receipt and to file any claims with the carrier. Failure to provide an adequate description of the lost items or damages to the carrier could result in the carrier refusal to honor the charges. It is the purchaser's responsibility to obtain information on the carrier's claim policies and to send any claims to the carrier. For other policies, contact Customer Service.
D) It is the purchaser's responsibility to file any claims even if the order has been shipped directly to the client.

Return of Goods

A) No merchandise may be returned without Artopex written consent and shipping instructions. If this procedure is not followed, the merchandise will not be accepted by the factory and will be reshipped collect without further notice.
B) Goods must be returned properly packaged and all boxes must be clearly marked with the authorization number.
C) Returns of items authorized by Artopex are subject to a charge of 25% plus freight (and customs, if applicable) and repair costs.

Product Specifications

Artopex reserves the right to modify the specifications of products, materials, design or accessories without notice.
Artopex also reserves the right to cease production of any product at any time. The products, accessories, materials and finishes as described in the price list prevail over the content of brochures or folders. The weights and volumes shown on the price lists include packaging and are approximations.

Noki Lock

Mechanism warranted for 10 years. Industrial and patent pending designs.

Artopex Lifetime Warranty

Artopex warrants its products are free of defects in design, material and workmanship for as long as the original purchaser owns them.

If written notice of the defect is given to Artopex within the applicable warranty period, Artopex will repair or replace with comparable product, at Artopex's choice, without charge to the original purchaser, any part or product shipped after July 1, 2001, which fails under normal use as a result of such defect.

This warranty provides limits on the following products :

- electrical components, which are warranted for (10) ten years from date of delivery,
- seating mechanisms, which are warranted for (5) five years of single shift usage from date of delivery,
- Artopex fabrics which are warranted for (5) five years from date of delivery,
- moving and high wear parts such as covering materials/finishes, arm rests, chair bases, foam, wood framed seating products, stacking chairs, glides, slides, casters, user-adjustable worksurface mechanisms, which are warranted for (5) five years of single shift usage from date of delivery,
- non-standard specials, which are warranted for (1) one year from date of delivery.

This warranty does not extend to:

- Customer's Own Material (COM) or finishes applied to Artopex products,
- ballast and light bulbs,
- products which have been modified or have not been installed or used according to Artopex application and installation guidelines.

On products warranted for a specified number of years of single shift usage, the warranty period will be reduced in a pro-rata manner when the products are used in a manner that exceeds the equivalent of a single shift forty (40) hour work week.

This warranty is the Customer's sole remedy for product defect. This warranty does not cover damage by a carrier in transit. Artopex makes no warranties, including the implied warranties of merchantability or fitness for a particular purpose, other than the expressed warranties contained herein. There are no other warranties express or implied. Artopex shall not be liable for consequential or incidental damages arising from any product defect.

Designing, manufacturing, advising, planning and supporting: that's the art that distinguishes our purpose at Artopex.
