DM475™ digital mailing system

The new standard for mid-volume productivity

Now, getting your mail-pieces assembled and out the door is virtually effortless with the DM475 from Pitney Bowes. Right-sized for your business, the DM475 provides outstanding in-line weighing, dimensioning and rating to process mixed weight and mixed size mail. It's designed to:

- Automatically weigh and rate mail with the Weigh-on-the-Way® capability
- Handle a variety of materials (up to 5/16" thick) and sizes (ranging from postcards to 13"x 15" flats)
- Easily weigh and rate larger items with the space-saving, integrated scale

With capabilities of a larger mailing system, the DM475 represents the ideal solution for the mid-size mailroom that has occasional large mailings that require higher speeds. It's simple to operate, yet packed with advanced technology,

- Automatic feeding at up to 120 LPM
- Integrated weighing
- Seal envelopes automatically
- Built-in tape dispenser

For more information, visit us online: pitneybowes.com

Eliminate time-consuming preparation steps.

The DM475™ minimizes the time it takes to process daily mail as it eliminates the need to sort mail by weight and size before processing. Weigh-on-the-Way®, a Pitney Bowes innovation, enables more precise and accurate processing.

Designed for simplicity

The DM475 gives any operator clear, step-by-step instructions for sending mail. Selections are quick and easy through a user friendly, color graphics display.

Turn insight into action.

INVIEW® analytics provides instant visibility and meaningful insight. With it, you can replace tedious manual efforts with a consolidated view of postage spend and meter performance across your entire operation, including:

- Daily and monthly piece counts
- Postage spend by class
- Tracking by location, department or account

Connect to real savings.

With the DM475, you're connected 24/7. There's no need to move the mailing system or to install a costly phone line to download postage and update software. Simply connect to your LAN for fast and convenient access.

Standard operating features

- Auto-dating
- Low postage alert
- High-value protection
- Original value resetting
- Seal only and no seal modes
- Low ink alert
- Password security
- Envelope graphics
- Postal inscriptions
