P1 Plate Carrier

The P1 Plate Carrier was designed for high speed operators who need the versatility of a modular plate carrier system with expandable load carrying capacity. The P1 utilizes closed cell foam to protect the upper body during high speed operations and can be enhanced by adding the ergonomically correct shoulder pads to relieve load stress on the operator. The base model is ideal for active shooter scenarios and can be upgraded to a full tactical entry system allowing the operator to choose the options based on the threat. Available options include, Side Cummerbund System, Side Cummerbund Hard Armor Plates, Shoulder Pads, Level IIIA Soft Armor Ballistic Inserts and a full assortment of pouches.

Features:

- *Fully adjustable shoulder straps and closed cell foam padding to protect the upper body for maximum comfort*
- *Optional Cummerbund Systems*
- *Optional NIJ Level IIIA ballistic inserts available for Cummerbund Armor Panels (6”x6”, 6”x8” and 6”x12”)*
- *Optional Ergonomically Correct Shoulder Pad System and Ballistics.*
- *Reinforced drag handle*
- *4” x 6” loop area on front/back for ID placards*
- *Available in the following colors: Ranger Green (RG), Black (BLK), Multicam (MC) and Coyote (CT)*
