Multifunction Printer

Xerox® WorkCentre® 5755 Multifunction Printer

Raise productivity, reduce costs, stay secure.

xerox®

Xerox® WorkCentre® 5755 Multifunction Printer

Engineered to make you more productive. The WorkCentre 5755 multifunction printer provides the right tools for the work you do every day, plus advanced capabilities that help you work smarter, cost-effectively and more securely.

Office Work Optimized

- **Scan to Mailbox** feature allows you to scan to a folder on the printer's hard drive to reprint on demand or retrieve via a Web browser.
- **Easy archiving, organizing and searching.** With scan to searchable PDF or XPS files, you can create a fully text-searchable file and integrate it into your workflow process in one easy step.

The Power You Need for More Productivity

- **The speed you need.** With fast copying and printing at up to 55 ppm, there's more than enough speed to meet the needs of any busy department or workgroup.
- **Significantly smaller scan files.** The latest scan-export compression technologies reduce traffic on the network and accelerate document delivery.

Easy Operation

- **Color touchscreen interface.** Provides the comfortable look and feel Xerox is known for and features bright, intuitive icons and easy access to all major functions directly from the home screen.
- **Less user intervention means less downtime.** More efficient toner lasts longer and can be replaced quickly by any user.
- **A truly universal print driver.** Xerox® Global Print Driver® lets IT administrators install, upgrade and manage Xerox® and non-Xerox devices from a single driver. It provides a consistent, easy-to-use interface for end users, reducing the number of support calls, and simplifying print services management.
- **Advanced copy and print features.** Plenty of support for specialized print applications, such as Annotation, Bates Stamping, ID Card Copy, tab print capability and page-level programming.

Boost Your Bottom Line

- **Control costs.** Xerox® Standard Accounting monitors not only the pages your office produces, but also who produced them. Administrators can allocate user access and generate usage reports, providing the information you need to optimize device deployment and reduce costs.
- **Finish documents in-house.** A host of advanced finishing options help you save on outsourcing costs by creating your finished documents right in the office.
- **Reduce service calls with Xerox® Smart Kit® components.** Xerox® Smart Kit technology predicts and prevents downtime by letting you know ahead of time when easy-to-change components need replacement.
- **Use less paper.** Two-sided printing, junk fax rejection and efficient scanning workflows help you print less paper, and save more money.
- **Automated billing.** Job-Based Accounting ensures accurate billing of device output to the correct department using one of several third-party billing solutions.

Secure Your Information

- **Full system Common Criteria (ISO 15408) certified.** This certification ensures that the entire device, not just individual components, conforms to the most stringent security standards and regulations.*
- **Secure Print.** This feature prevents unauthorized viewers from seeing documents by holding jobs in the print queue until the user is authenticated.
- **Smart Card technology.** The WorkCentre 5755 supports the Smart Card technology used by the U.S. Department of Defense for its Common Access Card (CAC) system, which protects against unauthorized access.

Secure Administration

- **Fast deployment and consistent uptime.** Xerox® CentreWare® IS Embedded Web Server automates installation, troubleshooting, cloning and upgrading, providing virtually effortless device management. Plus, CentreWare Web software manages an entire enterprise-wide print environment—regardless of manufacturer mix—and helps ensure all devices run smoothly and reliably.
- **Third-party certification.** The WorkCentre 5755 has received certified approval for use with software solutions from such industry leaders as Citrix Systems and MEDITECH.
- **Take control.** Network authentication restricts access to scan, email and network fax features by validating user names and passwords before use. Audit Log capabilities let you know who sent what and when.

Simplified User Experience

Spend less time on support and more time getting the job done with simple-to-use interfaces that make it easy to find and manage features.

- The WorkCentre 5755 features intuitive commands and navigation that make it easy to find the right function, fast.
- A simplified user interface for Web, PC and front panel operations keeps learning to a minimum.
- On-board information pages give you flexibility over hard copy documentation. Access and print documentation about how to use particular features and functions right from the device's front panel.

Get instant access to all functions with the easy-to-follow touchscreen interface.

* Undergoing evaluation

1. **Duplex Automatic Document Feeder** automatically scans documents as fast as 80 images per minute (ipm).
2. **Convenience Stapler** staples up to 50 sheets.
3. **100-sheet Bypass Tray** handles heavy paper up to 80 lb Cover.
4. **Two 500-sheet universal trays** are adjustable up to 11 x 17 in.
5. **Optional Envelope Kit** (replaces Tray 2) provides trouble-free feeding of 50 envelopes.
6. **High-Capacity Tandem Tray** holds a total of 3,600 sheets of letter-size paper.
7. **4,000-sheet letter-size High-Capacity Feeder** (optional) can increase total capacity to 8,700 sheets. Or add the 2,000-sheet Short-Edge Kit in either letter/legal size or 11 x 17 in. size.
8. **Optional Office Finisher** features 2,000 and 250-sheet stacking trays, 50-sheet multiposition stapling and an optional hole punch.

Conservation Built-in

Get a powerful multifunction printer that is environmentally preferable.

- Power Save with quick startup conserves electricity during downtime while keeping the device ready for action.
- Full compliance with the EU Restriction of Hazardous Substances (RoHS) Directive.
- Automatic paper-saving print settings allow for reduced impact on the environment. Options include default two-sided printing, proof print, recycled paper and draft mode.
- Stay earth-friendly. Our innovative Earth Smart print driver feature automatically chooses the most environmentally sensitive options for your job.
- Factory Produced New Model—Xerox classification for equipment that is disassembled, then sent for manufacture as a significantly updated, new generation, per predetermined standards. These units may contain new and reconditioned components that meet Xerox new-product specifications. Each WorkCentre 5755 follows a predetermined manufacturing process and is newly serialized. Devices may or may not contain new software and/or firmware. All our Newly Manufactured and Factory Produced New Model equipment is backed by the Xerox Total Satisfaction Guarantee.

Xerox® WorkCentre® 5755
Multifunction Printer

Device Specifications		WorkCentre 5755
Speed		Up to 55 ppm
Duty Cycle[1]		Up to 200,000 pages / month
Hard Drive / Processor / Memory		1.2 GHz Freescale dedicated / 160 GB Hard Drive shared / 1 GB (includes 384 MB EPC and 640 MB ESS), expandable to 2 GB (includes 1 GB EPC and 1 GB ESS)
Connectivity		Ethernet 10/100/1000 Base-T, IEEE802.5 (Token Ring) [via third-party adapter], Wireless Ethernet (IEEE802.11a/b/g) [via third-party adapter], USB print
Copy and Print		
Copy and Print Resolution		**Copy:** Up to 600 x 600 dpi; **Print:** Up to 1200 x 1200 dpi
First-print-out Time (as fast as)		As fast as 3.4 seconds
Page Description Languages		PCL® 6, PCL® 5e emulation, PostScript® 3™ emulation, LCDS, SCS, XES and IPDS via third-party transforms, Direct print TIFF, PDF, A/400 support via WorkStation Customization Objects
Copy Features		Automatic two-sided, Collation, Auto reduction / enlargement, Auto paper select, Auto tray switching, Image quality enhancement, Transparencies, Booklet creation, Multi-up, Invert image, Covers, ID Card Copy, Annotation and Bates Stamping, Build Job, Inserts and tab copying, Sample set, Job storage and reprint
Print Features		Delay-, Sample-, Secure-, and Store-Print; Simultaneous RIP, receive, program-ahead, queue-process and transmit; Bidirectional print drivers; Exception page programming; Tab printing; Embedded Web Server for remote control/monitor/setup; Job monitoring at device and at desktop
Scan	Standard	Color Network Scanning, Scan to Email (Authentication and LDAP), Scan to Mailbox, Scan to Home, Scan to searchable PDF, PDF/A, XPS
	Optional	Xerox® Scan to PC Desktop®
Fax		
Fax Features	Standard	Internet Fax enablement, Network Server Fax enablement
	Optional	Walkup Fax (33.6 Kbps, one-line option) with LAN Fax and Fax Forward to Email or File
Security		Fax Security, Secure Print, 802.1X, HTTPS (SSL), SNMP V3, IPv6, IPsec, Network Authentication, Device Access Password Protection, IP Filtering, Audit Log, Disk Encryption, Disk Image Overwrite
Accounting		Xerox® Standard Accounting (Copy, Print, Fax), Network Accounting enablement (via third-party)
Other Options		Foreign Device Interface[2], Convenience Stapler, Fax / Scan / Accounting Partner Solutions, Xerox® Unicode International Printing, Common Access Card enablement
Paper Input	Standard	**Duplex Automatic Document Handler (DADH):** 100 sheets; Sizes: 5.5 x 8.5 to 11 x 17 in. / 148 x 210 mm to 297 x 420 mm **Bypass Tray:** 100 sheets; Custom sizes: 4.25 x 5.5 to 11 x 17 in. / A6 to A3; 16–58 lb Bond / 60–216 gsm **Tray 1–2:** 500 sheets each; Custom sizes: 5.5 x 8.5 to 11 x 17 in. / A5 to A3; 16–53 lb Bond / 60–200 gsm **High Capacity Tandem Tray:** 3,600-sheet total (1,600 and 2,000 sheets); Size 8.5 x 11 in. / A4
	Optional	**High Capacity Feeder (HCF):** 4,000 sheets; Size 8.5 x 11 in. / A4 long edge feed **HCF Kits (HCF required):** 2,000-sheet 11 x 17 in. Short Edge Kit or 2,000-sheet Letter/Legal Short Edge Kit
Finishing Options		**Offset Catch Tray:** 300 sheets **Office Finisher:** 2,000 + 250-sheet trays, 50-sheet multiposition stapling, optional hole punch **Convenience Stapler:** 50-sheet stapling, includes Work Shelf

[1] Maximum volume capacity expected in any one month. Not expected to be sustained on a regular basis.
[2] The optional Foreign Device Interface enables external access and accounting via third-party magnetic card readers and coin devices.
