HOW TO ORDER

AUTHORIZED DEALERS ONLY

HPFI sells to authorized dealers and resellers of office furniture, and only Authorized HPFI Dealers can place orders. To become an Authorized Dealer, you must:

- Have written approval by both the local HPFI Sales Representative and HPFI Sales Management
- Establish a line of credit (or pay for all orders with certified check, Visa or Mastercard or cash prior to order entry)
- Be prepared when the factoring company that HPFI uses contacts you for credit information. Time is of the essence in supplying this data. Purchase Orders can not be entered until credit processing is completed and a line of credit is established. Allow 2 weeks for processing.

PURCHASE ORDERS

To ensure prompt processing of your order, all purchase orders must clearly state the following:

- Dealer Name
- Purchase Order Number
- Contact Name and Phone Number
- Complete Bill To and Ship To Addresses
- Complete Product Numbers, including:
  - — Model/Finish Number + Options (casegoods)
  - — Model Number + Finish + Options + Upholstery Pattern/Color Number/Color Name (seating)
- Quantities

ORDER PLACEMENT

All orders may be mailed, faxed or e-mailed to HPFI as follows:

Mail: **HPFI**
1104 Bedford Street
High Point, NC 27263

Fax: **(800) 231-6784**

E-mail: **orderentry@hpfi.com**

ORDER ENTRY

We want to process your order on a timely basis and will make every attempt to enter all orders within one business day of receipt. Inability to clearly read an order or the lack of any of the above information will delay order entry. Clarification of any missing or unclear information will be promptly requested via fax or e-mail. Once all information is received, HPFI will complete order entry.

- Your discount and net prices will be automatically calculated. **If your purchase order prices do not match HPFI calculated net prices, you will be notified via fax or e-mail. It is the customer's responsibility to review Order Acknowledgements for accuracy and pricing**. **Any corrections must be noted immediately and faxed or e-mailed to your Customer Service Representative at 336-434-5280.**
- Minimum order $500 net, except parts.
- Only credit-approved orders are released to production. If an order is held due to credit reasons, you will be informed via fax or e-mail by the credit department.
- Published lead times start the first business day after entry of a clean, credit-approved order.

LEAD TIMES

Choose from 3 lead time options: Quick Ship (QS or NOW) or Standard Lead Time. Lead time is measured from the date the order is entered (complete and credit-approved) to the date the order ships. Transit time is not included as it varies by carrier and destination.

STANDARD LEAD TIME

Assigned to all orders unless the purchase order specifically requests and meets quick ship **QS** or **NOW** program requirements. Large orders, custom features, COM upholstery and any other special product requests may increase lead time.

Standard lead time is 3 weeks. Orders placed to ship in standard lead times are acknowledged to ship 15 manufacturing days after the date of order entry. HPFI may elect to ship prior to the acknowledged date. Occasionally, due to seasonal demand or holiday schedules, standard lead times may be adjusted. To verify lead time, contact your Customer Service Representative.

Hyperwork, Elevation 1" tops and Wyndham items are available with high pressure laminate tops at a 15% upcharge and a six-week lead time in the finishes listed for the individual series. See pages 49, 79 and 147.

Order Acknowledgements indicate the approximate ship date you can expect. Most orders ship complete by the indicated date. However, we cannot guarantee every order will ship by the date acknowledged. Occasionally, due to circumstances beyond our control, we may ship after the acknowledged date. We will make every effort to anticipate and inform you in advance of any late shipment situations.

QUICK SHIP LEAD TIMES – QS AND NOW

HPFI offers the fastest lead-time on breadth and depth of product in the furniture industry. Orders must be complete and credit approved to be released to production. HPFI now offers 2 quick ship programs that are outlined in greater detail on page 7:

QS lead time is 3 manufacturing business days **following the day the order is entered.**

NOW lead time is 7 manufacturing business days **following the day the order is entered.**

Casegoods quick ship – Casegoods product in this Price Book are marked with the symbol. Only the shaded model numbers and finishes indicated as Quick Ship are available in Quick Ship lead time.

Seating quick ship – All seating products are available in quick ship in standard QS finishes and quick ship upholsteries. **NOW** upholsteries are listed on page 262. **QS** upholsteries are listed on page 263.

Any item ordered with installed options will not be available for either quick ship program

Quick ship orders must have:

- **QS** or **NOW** clearly stated/marked on the purchase order.
- Quick ship items only on the purchase order requesting **QS** or **NOW**. If there are models of **QS** or **NOW** and Standard lead times on same order, the order will ship at standard lead-time.
- A limit of 8 each of any **QS** or **NOW** items per day. Quick ship orders exceeding the maximum for the same item cannot be ordered consecutively in the same week without prior approval from an HPFI Customer Service Representative. See **QUANTITY ORDERS** on page 7 for additional information.

Please add additional time for holidays.

ZONE 3 ZONE 2 ZONE 1

PALLETIZATION

Casegood products ordered in LTL quantities may be palletized prior to shipment for enhanced protection and further assurance of safe delivery. Pallets are one per product, in most cases, and sized per casegood product. Seating is not palletized. Palletization is $21 net per pallet. Add 40 lb. to ship wt. per pallet. Contact Customer Service or your Sales Representative for additional details and a quote.

International pallets are $26.

Palletization is not generally offered on truckload quantities or volume shipments of 14 feet or more. Contact Customer Service for a custom quote if this option is required.

HPFI has made every effort to ensure the accuracy of this Price List. HPFI cannot be responsible for typographical errors. Pricing and product specifications are subject to change and can be verified through our HPFI Customer Service Department at 800-447-3462 EXT 2120.

TERM AND CONDITIONS

All orders are subject to the terms and conditions presented in this price list. The term HPFI refers to High Point Furniture Industries, Inc., High Point, North Carolina - USA.

TERMS

Payment for all orders is due Net thirty (30) days from date of invoice.

LEASING

Please contact HPFI Sales to learn about leasing options.

CONDITIONS OF SALE

Possession and/or distribution of this price list or HPFI catalogs does not in itself constitute an offer to sell. Orders can be received only from authorized HPFI dealers.

Accepted orders will be acknowledged in writing with approximate shipping dates. Orders will be invoiced at prices prevailing at time of order entry.

PRICES

This price list contains Zone pricing, including freight prepaid and allowed to the 48 contiguous states; freight and/or fuel surcharges as dictated by carriers may apply. All prices shown are suggested retail prices. Prices, specifications and materials are subject to change without notice.

SHIPPING

All HPFI products ship as follows: **F.O.B. ORIGIN, HIGH POINT, NC - USA, FREIGHT PREPAID–** this means that ownership and the responsibility of the merchandise becomes that of the buyer upon delivery to the freight company. The zone list prices shown herein reflect the delivered price to the 48 contiguous states. It includes **dock-to-dock** shipment, with normal delivery accomplished in 3 to 10 business days, after shipment.

HPFI reserves the right to select the carrier and routing. The transportation company assumes full responsibility for safe delivery upon acceptance of the shipment from HPFI.

Special Shipping Services:

Shipments requiring special services (such as expedited delivery, delivery appointments, non-dock, residential, school, military base or inside delivery, etc.) are not included in this freight pre-paid pricing. Freight charges for these special shipments will be quoted on a pre-pay and add, case-by-case basis. Contact Customer Service for details.

Orders of less than 500 lbs. will be assessed a minimum freight charge of $75.00 net per order (excluding items shipped via small package ground service). Shipments outside the USA are pre-paid to point of departure.

Acknowledged ship dates are our best estimates of when the product will leave the factory. Actual ship dates may vary.

ORDERING

See **How To Order** pages. For clarification of any question pertaining to ordering, contact HPFI's Customer Service Department prior to placing the order.

PACKAGING

Prices quoted herein include normal packaging. HPFI products are carefully inspected and are packed one to a carton, except where indicated. All packaging conforms to or exceeds specifications as outlined in the Uniform Freight classification. Special packing (e.g. palletization) if specified, requires an upcharge.

DRAWER AND TOP OPTIONS

Inset drawers and thicker tops available at 20% upcharge. Contact Customer Service Department for details.

SPECIAL PRODUCT ORDERS

We welcome the opportunity to quote special products. Any changes in look, build, finish or options must be processed through the Custom Product Order Program. Please contact our Customer Service Department for pricing and lead times.

NOTE: Due to the cost of creating custom products, a minimum charge per order may apply. Special product orders are non-returnable and non-refundable. *A 50% deposit is required* with the order for all special product orders.

IN-TRANSIT DAMAGE

HPFI does not own or operate its own transportation equipment. All shipments made by HPFI are made using third party carriers or customer transportation. HPFI manufactures and packages its products to withstand the normal handling incurred during transportation to provide for safe transit. HPFI ships only top quality undamaged merchandise. Title and ownership of merchandise is transferred to the dealer/customer when the freight carrier signs the bill of lading. The carrier assumes complete responsibility for delivering merchandise to the consignee in good condition.

It is the responsibility of the dealer/customer to inspect all merchandise upon delivery to the customer-designated ship-to address. Any visible damage upon delivery must be noted on the bill of lading when the merchandise is signed for. Freight carriers will accept responsibility for damage which upon their inspection they deem to be their fault. It is the buyers' responsibility to file freight claims with the responsible carrier.

HPFI will provide advice and assistance to its customers with the freight claim process and will use its influence to encourage carriers to accept their responsibility.

Concealed Damage Claims must be filed within 15 days of delivery and original cartons must be retained. Most carriers will not accept a claim for concealed damage if the claim is made more than 15 days after receipt, or if the merchandise is moved from the original delivery location. It is the buyers' responsibility to file claims for concealed damage with the freight carrier.

RETURN AUTHORIZATION

An error made by HPFI resulting in shipment of an incorrect or defective product may be allowed for return to HPFI. **Such returns require prior authorization from the HPFI Customer Service Department.** Please call 800-447-3462 to request a Return Authorization and shipping instructions. **All returned products must be properly packaged to ensure safe transit.**

Certain products may not be returned under any circumstances:

- Any non-defective upholstered furniture
- Any seating product made using customer owned material (COM or COL)
- Any seating or casegoods product made using special materials or custom finishes
- Any seating or casegoods product made to custom specifications of customer

Returns for any other reason will only be allowed at the sole discretion of HPFI. All returns will be assessed a 30% restocking charge plus the cost of return freight.

Return Authorizations (R.A.s) are valid for 45 days from the issue date. Authorized returns must have the R.A. number clearly marked on all cartons and the bill of lading. All cartons must arrive at the HPFI designated ship-to location within 45 days of the authorization. Failure to return merchandise within 45 days will result in the cancellation of the Return Authorization and demand for payment.

RETURN GUIDELINES

- Merchandise must be returned in appropriate packaging to ensure safe transportation. Use the original packaging or the packaging from the replacement units including all inner and outer packaging to repack the returned product. If return is not HPFI's responsibility, repackaging and restocking charges will apply.
- All casegoods must be strapped Top-Side-Up to correct size pallet for return. DO NOT place upside down.
- All shipping documents and product cartons must be clearly marked with HPFI's Return Authorization number.
- You must use the carrier noted on the Return Authorization.
- Failure to comply with requirements will void the Return Authorization; no money will be credited; full payment will be due HPFI.

All returned product shipments received by HPFI will be promptly inspected to ensure:

- Authorized for return
- Accuracy of counts
- Validate reason for return

If approved, HPFI will issue credit to the customer less (where applicable) the 30% restocking charge, return freight and any costs incurred by HPFI to return the products to like new condition.

CANCELLATIONS

Acknowledged orders are considered firm. No cancellations or changes will be allowed without the express written authorization of HPFI management. Changes may be subject to additional charges. Upholstered items may not be cancelled after the fabrics or other upholstery cover material has been cut. Quick Ship orders cannot be cancelled.

REPAIR CHARGES

Authorization must be obtained from HPFI's Customer Service Department prior to incurring repair charges if HPFI is expected to pay all or part of these charges.

WARRANTY

Subject to the terms, conditions and exceptions stated below, High Point Furniture Industries, Inc. ("HPFI"), warrants that each new finished product, separate component or part ("Product") will be free from defects in material and workmanship, when subject to normal commercial usage, for so long as the Product is owned by the original purchaser. If the Product is sold by HPFI to a retailer or dealer, the "original purchaser" shall be the purchaser of the Product from the retailer or dealer. Otherwise, the "original purchaser" shall be the purchaser of the Product from HPFI. The original purchaser may not assign this warranty to any other person or entity.

EXCEPTIONS:

High-Wear Parts - High-wear parts such as glides, gas cylinders, casters, ergonomic chair components, polymer-based components, and user-adjustable work surface mechanisms are warranted against defects in material and workmanship only for a period of five years (three years on recliner mechanisms and casters) from the date on which the Product is sold by HPFI or until the product is no longer owned by the original purchaser, whichever is the shorter time period.

Veneer Finishes - Veneer finishes are warranted against defects in material and workmanship only for a period of three years from the date on which the Product is sold by HPFI or until the product is no longer owned by the original purchaser, whichever is the shorter time period.

Electrical Components - Electrical components are not warranted by HPFI, but may have warranties from the electrical component manufacturer.

Upholsteries - Careful consideration is given to our selection of standard upholstery offerings. The upholsteries we have selected offer the best in appearance, durability and value. However, since we have no control over the environment, cleaning or other conditions which may affect colorfastness or durability, we cannot warrant upholsteries beyond the stated warranty provided by the upholstery supplier. Customer's own materials (COM) selected by and used at the request of a customer are not warranted.

CUSTOMER'S OWN MATERIAL:

If HPFI agrees to use the customer's own material (COM) or leather (COL) on HPFI brand products, or build a custom product:

- HPFI shall have no responsibility for the condition, quality, value, performance, physical properties or any other aspect of the COM or COL.

- HPFI shall have no liability for any damages, injuries or losses to the customer or to any third party that shall be caused by any COM or COL and the customer shall hold HPFI harmless for all liability.

For complete COM order requirements and warranty information see the HPFI COM/COL Order Form on page 267.

EXCLUSIONS:

This warranty does not apply and no other warranty applies to:

- Normal wear and tear, which is to be expected over the course of ownership.
- Damage caused by the carrier in-transit, which will be handled under freight policy.
- Damage caused by or during installation.
- Modifications or attachments to the Product that do not have the prior written approval of HPFI.
- Products that are not installed or used or maintained in accordance with Product instructions and warnings.
- Damage caused by neglect or misuse of a Product.
- Products used for personal or household use (all products are intended for commercial usage) or for rental purposes.
- Normal Commercial Usage - The Products are designed and manufactured for normal commercial usage. Normal commercial usage for seating is defined as the equivalent of a single shift, forty (40) hour workweek. To the extent that a Product is used in a manner exceeding normal commercial usage, the warranty will be invalidated or HPFI may, at its option, elect to reduce the applicable warranty period on a pro-rated basis.
- Chairs designated 24/7 have a warranty of five (5) years.
- Color Variations and Finishes - Some natural variations occurring in wood, leather or other natural materials are inherent to their character, and cannot be avoided. Therefore they are not considered defects in material or workmanship and are not the basis for a warranty claim. HPFI does not warrant the color-fastness or matching of colors or grains or textures of such materials.

EXCEPT AS SET FORTH ABOVE, HPFI MAKES NO OTHER EXPRESS WARRANTIES WITH RESPECT TO ITS PRODUCTS. HPFI MAKES NO IMPLIED REPRESENTATIONS OR WARRANTIES WITH RESPECT TO ITS PRODUCTS, THEIR CONDITION, MERCHANTABILITY, FITNESS FOR ANY PARTICULAR PURPOSE OR USE BY THE PURCHASER. HPFI FURNISHES THE ABOVE LIMITED EXPRESS WARRANTY IN LIEU OF ALL OTHER WARRANTIES, EXPRESSED OR IMPLIED, INCLUDING THE WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. NO ORAL REPRESENTATIONS OR SAMPLES PROVIDED BY HPFI TO ANY RETAILER, DEALER OR PURCHASER WILL CREATE ANY EXPRESS OR IMPLIED WARRANTIES WITH RESPECT TO PRODUCTS SOLD BY HPFI.

REMEDIES:

If any defect in the workmanship and material of any Product appears within the applicable warranty period, HPFI will, at its option, repair or replace the Product, at no charge, upon examination of the Product and verification by HPFI or its authorized representative of the defect and of compliance with the warranty requirements and conditions. The Purchaser must provide such cooperation and information as HPFI or the authorized representative may reasonably request to process the warranty claim.

IN THE EVENT OF ANY DEFECT IN ANY PRODUCT SOLD BY HPFI OR ANY BREACH OF THE LIMITED EXPRESS WARRANTY DESCRIBED ABOVE, THE SOLE REMEDY FOR SUCH DEFECT AND/OR BREACH SHALL BE AS STATED IN THIS PARAGRAPH, AND IN NO EVENT SHALL THE DEALER OR RETAILER THAT PURCHASED THE PRODUCT FROM HPFI OR THE ORIGINAL PURCHASER OF THE PRODUCT FROM THE DEALER OR RETAILER, BE ENTITLED TO RECOVER FROM HPFI ANY DAMAGES, INCLUDING DIRECT, CONSEQUENTIAL OR INCIDENTAL DAMAGES, LOST PROFITS, DOWNTIME OR OTHER DAMAGES OF ANY NATURE WHATSOEVER ARISING FROM BREACH OF WARRANTY OR THE CONDITION, FUNCTION OR USE OF THE PRODUCT.

APPLICATION OF CURRENT WARRANTY AND PRIOR WARRANTIES:

This express limited warranty applies only to Products manufactured and sold by HPFI on or after April 1, 2001. Products manufactured and sold by HPFI before April 1, 2001 were covered by the warranty in effect at that time and have expired. Further information concerning terms and conditions of prior warranties are available upon request to HPFI.

These warranties are made by HPFI only to authorized dealers and retailers acquiring Products directly from HPFI and the original purchaser of the Product as defined above.

GOT A TIGHT DEADLINE?
We will ship any of our casegoods marked **QS** for quick ship and any seating products covered with our extensive **QS** upholsteries Program within three business days after the credit approved order is entered.

Casegood and occasional table products selected for the **QS** quick ship Program are noted by the **QS** symbol. The quick ship finish and pull options are designated in a note under model number.

Seating items including chairs, sofas, loveseats and healthcare products are available for quick ship in the finishes listed only with the **QS** upholsteries listed on page 263 or the **NOW** designer quick ship upholsteries listed on page 262. All other graded-in upholsteries are available at standard lead times. Any item ordered with installed options will not be available for either quick ship program.

QUICK SHIP ORDERS

Your order must be clearly marked with QS or NOW and include only those items in their respective quick ship programs. HPFI will make every effort to ship all credit approved factory QS orders within 3 business days and NOW orders within 7 business days from the date that a "clean" order is entered and approved. If an order includes both QS and NOW products, the longer lead time of 7 business days will apply.

QUANTITY ORDERS

The maximum order size for any SKU is 8 pieces per dealer, per day. There is no limit on total order size; however, there is a limit of 8 each of any quick ship item per day. Quick ship orders for the same item cannot be ordered consecutively in the same week without prior approval from HPFI. Should your product needs exceed the quick ship maximum for a quick ship item, please contact your Customer Service Representative for manufacturing time. (i.e. 12 QS items instead of 8 - HPFI may be able to offer you 12 items to ship in 6 days, etc.)

HPFI reserves the right to limit quantities based on product and upholsteries' availability.

CHANGES/CANCELLATIONS

CASEGOODS

To request a change or cancellation of a casegoods order, contact Customer Service to verify ability to adjust original order. If a change is made, the 3 business days for QS items begins anew from the date the change was made. No cancellations can be allowed once an order ships. HPFI is not responsible for any loss of sale or contract resulting from failure to ship within three business days.

SEATING

Due to the breadth of upholsteries and finishes available, seating items cannot be changed or cancelled once the order has been entered.

PAYMENT TERMS

Net thirty (30) days from date of invoice.

CARE AND MAINTENANCE
Dust only with a clean, dry cloth.
Clean any marks with a damp cloth, using a small amount of mild soap or clean with a window cleaner which contains no ammonia, followed by wiping dry using a dry soft cloth. Do not use any furniture polish containing silicone. Excessive use of any polish can eventually cause a film build up and discolor the surfaces. Do not place furniture in a position of permanent exposure to direct sunlight.

Specifications subject to change without notice.

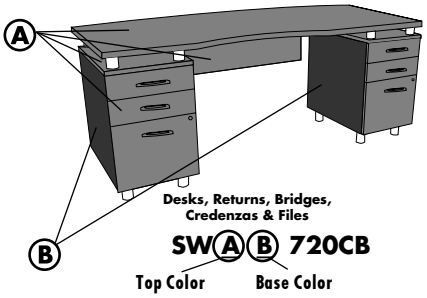
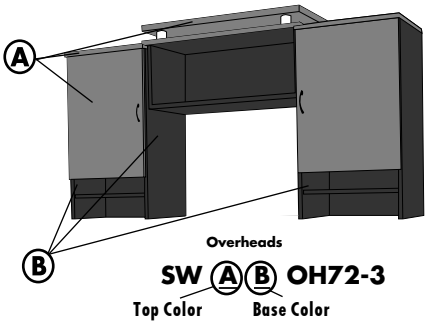
CHARACTERISTICS
Stratus casegoods offer choices for design flexibility, adapting to personal work requirements. The details below will help you understand the key components of Stratus®.

FINISHES
– ALL COLORS ARE THE SAME PRICE –
All finishes are thermally fused laminates unless otherwise noted.

FINISH COLORS

AP	Aspen	**GP**	Graphite
BW	Boardwalk	**M**	Mahogany
DW	Driftwood	**SL**	Shoreline
E	Black	**WC**	Windsor Cherry
FM	Natural Maple	**X**	Espresso





PEDESTALS & FILE CABINETS
All cases are ¾"thick core with thermally fused laminate on both sides and full 3 millimeter PVC AdvantEdge banding. Units fully assembled with dowels, glue, metal brackets, screws and mechanical fasteners.

TOPS
All tops are 1 1/8" thick with thermally fused laminate surface, proper backing and full 3 millimeter PVC AdvantEdge banding as required. All bridge and return tops feature common grain direction with connecting units.

PULL OPTIONS
Drawer/door pulls all constructed of solid metal. When ordering, use the corresponding pull designator at the beginning of the model number.

SW	Brushed Chrome
SE	Ebony
SB	Bright Brass
SD	Oval Nickel
SV	T-Bar Nickel

DRAWERS
All drawer fronts are constructed of ¾" thick core with thermally fused laminate on both sides and full 3 millimeter PVC AdvantEdge banding as required. Drawer sides are ½" thick vinyl wrap with oak grain pattern. Drawer bottoms are 1/8" thick hardboard with oak grain pattern.

- All box drawers suspended on smooth-action steel, ball-bearing slides ¾" extension
- File and lateral file drawers mounted on heavy-duty, ball-bearing, full-extension slides
- All file and lateral file drawers constructed for suspended filing with 25 lb. maximum weight for bottom-loading
- Drawers constructed with 5 sides for extra strength and durability. Drawer front is the fifth side and is removable for field-repair or hardware additions

FILING
- All file drawers include pre-installed, black filing hardware with easy-adjust crossbar
- All file drawers accommodate letter-size filing front-to-back and letter or legal-size filing side-to-side
- All lateral file drawers accommodate letter or legal-size filing side-to-side and letter or legal size filing front-to-back

LOCKS
- Desk/credenza pedestals feature single-key front locking, keyed alike
- Files and lateral file features single-key front locking
- All locks are keyed identical unless otherwise specified
- 'Key Different' option is $21 list upcharge per lock. Locks/cores packaged to customer requirements
- Additional lead time for 'Key Different'
- For optional locking on overhead storage units with wood doors and no inserts, add **Y** to the end of the model number and add $225 to the list price of units with four doors or $150 for units with three adjoining doors

ACCESSORIES *Factory Installed*
Certain accessories can be ordered installed prior to shipment. Add letter designator (C or K) at end of the desk or credenza model number:

C Center Drawer
*-Example: SWWC720**C***
K Keyboard Platform
*Example: SWWC725**K***

LEGS
- Raised platform style pedestals achieved with 2" diameter anodized aluminum legs that are 3 ½" high with heavy-duty leg levelers
- Column legs on desks, credenzas, tables and bridge tables are anodized aluminum 3" diameter and 28" high with heavy duty leg levelers
- Column legs on overhead storage units are anodized aluminum 2" diameter and rest on a steel mounting plate
- Spacers for raised tops on pedestals and tables are anodized aluminum 2" diameter and 2" high

MODESTY PANELS
- Laminate modesty panels are 3/4" thick core thermally fused laminate on both sides with 3 millimeter PVC AdvantEdge banding as required
- White acrylic modesty panels are 1/4" thick.
- All modesty panels are suspended on 3 ½" high aluminum spacers that are 1 ¼" diameter to give a 1" clearance for a floating top appearance

PACKAGING
All units are properly packed in heavy-duty cartons with reinforced corner pads. All packaging conforms to, or exceeds, specifications as outlined in the Uniform Freight Classification.

PALLETIZATION
See page 3.

CARE AND CLEANING INSTRUCTIONS
Normal cleaning: Clean using a soft cloth and a good window cleaner which contains no ammonia, followed by wiping dry using a dry soft cloth.

Specifications subject to change without notice.

CHARACTERISTICS

Pedestals, Credenzas, File Cabinets and Storage Units: Pedestal cases are ¾" thick core surfaced on both sides with laminate and edge banded as required. Units fully assembled with dowels, glue, wood cleats, metal brackets and screws. Series features full modesty panels.

FINISHES

All models available in Mahogany and Windsor Cherry wood grain thermally fused laminate on vertical surfaces with high pressure laminate (**HPL**) Tops.

TOPS

All tops are surfaced in high-gloss high pressure laminate. All bridge and return tops feature common grain direction with desk/credenza as well as reverse coped edges for smooth work surface connection with desk/credenza. All tops are 1 3/16" thick, and are properly backed. All tops feature softly rounded hardwood edges on all four sides. (Note: Tops are high gloss only).

PEDESTALS

Vitality features both full pedestal and ¾ pedestal models. The full pedestal drawer configuration is a box/box/file on all desks, and a file/file on all credenzas and returns. Four preinstalled leveling glides in each pedestal. The ¾ pedestal drawer configuration is box/file.

PULLS

Choose from 3 drawer/door pull options.

A Antique Brass
E Ebony
W Silver

SPECIFICATIONS-*Drawers*

All drawer fronts are constructed of ¾" thick core surfaced on both sides with laminate and edge banded as required. Drawer sides are ½" thick, grain printed in an oak finish. Drawer bottoms are 1/8" thick hardboard grain printed in an oak finish.

- All box drawers are ¾ extension suspended on smooth action metal slides with steel ball bearings
- All file drawers and file cabinet drawers are mounted on heavy-duty ball bearing, full-extension slides
- All full pedestal desks are equipped with writing slides
- Black filing hardware includes pre-installed rails with easy-adjust crossbar
- All ¾ pedestal file drawers allow letter filing front-to-back and letter/legal filing side-to-side
- All full pedestal file drawers allow legal filing front-to-back and letter/legal filing side-to-side
- All 36" lateral file drawers allow letter and/or legal filing front-to-back and side-to-side
- 30" and 32" lateral file drawers allow legal filing side-to-side and letter filing front-to-back
- Maximum weight for bottom loading is 25lbs.
- Drawers are constructed with 5 sides for extra strength and durability. The drawer front is the 5th side and is removable in the field for repairs or hardware additions

WIRE MANAGEMENT

All grommets are rectangular 3 1/4" x 1 7/8" and made of black high impact poly resin. See features for number of grommets and location. Additional grommets can be added for extended wire management capability at $106 list per grommet. Includes factory cut and installed grommet and black sleeve. Call for special quote. Specify location and quote number with order.

LOCKS

- Individually locking pedestals are standard on all desks and credenzas
- Two drawer lateral files feature individually locking drawers
- Four drawer lateral files feature central locking and are keyed different than other locks due to the anti-tilt mechanism inside the unit
- All locks are keyed identical unless otherwise specified
- 'Key Different' option is $21 list upcharge per lock. Locks/cores packaged to customer requirements
- Additional lead time for 'Key Different'
- For optional locking on overhead storage units with four wood doors, add **Y** to the end of the model number and add $150 to the list price of unit

PANELS

¾ pedestal units, bookcases and storage units utilize 1" thick end panels. Heavy-duty adjustable nylon leveling glides are in 5" steel plate on all units. Modesty panels are ¾" thick core.

TACK BOARDS

Fabric covered tackable board may be ordered separately to fit inside hutch. They can be ordered with any fabric to match your office chairs except leather or vinyl. See pages 157-159.

ACCESSORIES *Factory Installed*

Certain accessories can be ordered installed prior to shipment. Add letter designator (C or K) at end of the desk or credenza model number:

C Center Drawer

PEDESTALS

All cases are ¾" thick core with thermally fused laminate on both sides with 3mm PVC AdvantEdge banding. Drawer pedestals feature box/box/file configuration. Left/right desks and credenzas specified for L and U configurations feature an open storage pedestal (grommets in bottom) in the connecting corner. Pedestal-based construction allows selection of base color to match, complement or contrast the color of worksurface, modesty panel and drawer fronts.

FILE/FILE PEDESTAL OPTION

File/file pedestal option available at $21 list upcharge per pedestal. Specify (**F**) after model number. ***Example***: EWFMGP720**F**

TOPS

Select 1" (**E**) or 1.5" (**E2**) thick tops. All tops feature thermally fused laminate surface with proper backing and smooth full 3mm PVC AdvantEdge banding as required.

High pressure laminate option available.

LEGS

Raised-platform style achieved with 2.25" diameter steel legs with black powdercoat finish. Legs are 3.5" high with 1" heavy-duty leveler on bottom, allowing quick, easy adjustment.

MODESTY PANELS

Modesty panels are ¾" thick core with thermally fused laminate on both sides and full 3mm PVC AdvantEdge banding as required.

DRAWERS

- All drawers suspended on smooth action steel, ball-bearing slides
- File and lateral file drawers mounted on heavy-duty, ball-bearing, full-extension slides
- All file and lateral file drawers constructed for suspended filing with 25 lb maximum weight for bottom loading
- Black filing hardware includes pre-installed rails with easy-adjust crossbar
- All file drawers accommodate letter-size filing front-to-back and letter- or legal-size filing side-to-side
- Lateral file drawers accommodate letter or legal size filing front-to-back or side-to-side
- Drawers constructed with 5 sides for extra strength and durability. Drawer front is the fifth side and is removable for field-repair or hardware additions

FILING

All file drawers include pre-installed, black filing hardware, easily reconfigured by user to adapt to specific requirements.

WIRE MANAGEMENT

See features for number of grommets and location. Additional 2.5" grommets can be added for extended wire management capability at $106 list per grommet. Includes factory cut and installed grommet and black sleeve. Call for special quote. Specify location and quote number with order.

LOCKS

- All other locks are keyed identical, except four-drawer vertical file, unless otherwise specified
- 'Key Different' option is $21 list upcharge per lock. Locks/cores packaged to customer requirements
- Additional lead time for 'Key Different'
- For optional locking on overhead storage units with four wood doors, add **Y** to the end of the model number and add $150 to the list price of unit

ACCESSORY WALL

For flexible and personalized work areas, Accessory Wall and coordinating storage accessories are available for mounting on overhead units (see pages 160-162). All components made of black resin. Field installed.

QUICKSHIP

Quick Ship is not available on any items

ACCESSORIES *Factory Installed*

Certain accessories can be ordered installed prior to shipment. Add letter designator (C or K) at end of the desk or credenza model number:

PEDESTALS & FILE CABINETS
All cases are ¾" thick core with thermally fused laminate on both sides and full 3 millimeter PVC AdvantEdge banding. Full modesty panels. Full or ¾ height pedestals. Units fully assembled with dowels, glue, metal brackets and screws.

Pedestal Option

All units with pedestals available with full-to-floor or ¾ height pedestals.

PULL OPTIONS
Drawer/door pulls all constructed of solid metal. When ordering, use the corresponding pull designator at the beginning of the model

A1W	Brushed Chrome	**A1D**	Oval Nickel
A1E	Ebony	**AIV**	T-Bar Nickel
A1B	Bright Brass		

TOPS
All tops are 1½" thick with thermally fused laminate surface, proper backing and 3 millimeter PVC AdvantEdge banding as required. Tops have reeded edge on front and back of all units except bridges and returns which have reed edges on working side only. All bridge and return tops feature common grain direction with connecting units.

PANELS
End panels are 1" thick core with thermally fused laminate on both sides and full 3 millimeter PVC AdvantEdge banding as required. Full modesty panels are ¾" thick core with thermally fused laminate on both sides and full 3 millimeter PVC AdvantEdge banding as required. Heavy-duty adjustable nylon leveling glides in 5" steel plate.

DRAWERS
All drawer fronts are constructed of ¾"thick core with thermally fused laminate on both sides and full 3 millimeter PVC AdvantEdge banding as required. Drawer sides are ½" thick vinyl wrap with oak grain pattern. Drawer bottoms are ⅛" thick hardboard with oak grain pattern.

- All drawers suspended on smooth-action steel, ball-bearing slides
- File and lateral file drawers mounted on heavy-duty, ball-bearing, full-extension slides
- All file and lateral file drawers constructed for suspended filing with 25 lb maximum weight for bottom-loading
- Drawers constructed with 5 sides for extra strength and durability. Drawer front is the fifth side and is removable for field-repair or hardware additions

FILING
All file drawers include pre-installed, black filing hardware, easily reconfigured by user to adapt to specific requirements.

- Black filing hardware includes pre-installed rails with easy-adjust crossbar
- All file drawers accommodate letter-size filing front-to-back and letter- or legal-size filing side-to-side
- All lateral file drawers accommodate letter or legal-size filing side-to-side and letter or legal-size filing front-to-back

WIRE MANAGEMENT
See features for number of grommets and location. Additional 2.5" grommets can be added for extended wire management capability at $106 list per grommet. Includes factory cut and installed grommet and black sleeve. Call for special quote. Specify location and quote number with order.

LOCKS
- Desk/credenza pedestals feature single-key side locking, keyed alike
- Two drawer lateral file features single-key front locking and counter weight
- Four-drawer lateral file features central locking and anti-tilt mechanism
- Two and four-drawer lateral files keyed alike
- All other locks are keyed identical unless otherwise specified
- 'Key Different' option is $21 list upcharge per lock. Locks/cores packaged to customer requirements
- Additional lead time for 'Key Different'
- For optional locking on overhead storage units add **Y** to the end of the model number and add $150 to the list price of units with four doors or two doors not adjoining. Add $75 for units with two adjoining doors

ACCESSORIES *Factory Installed*
Certain accessories can be ordered installed prior to shipment. Add letter designator (C or K) at end of the desk or credenza model number:

C Center Drawer

FINISHES
Mahogany and Windsor Cherry wood grain thermally fused laminate.

PEDESTALS AND FILE CABINETS
All cases are surfaced on both sides with thermally fused laminate and edge banded as required. Units fully assembled with dowels, glue, wood cleats, metal brackets and screws. Series features full modesty panels.

TOPS
1⅛" thick tops are surfaced in thermally fused laminate. Tops feature a reversed coped shape on connecting ends of bridges and returns. This ensures smooth work surface at the connection with the desk or credenza. All tops feature full radius styling with softly rounded edges on all four sides, plus softly rounded shaping on all four corners. Ends of all tops feature solid hardwood rails.

DRAWERS
All drawer fronts are surfaced on both sides with thermally fused laminate and edge banded as required. Drawer sides and bottoms are printed with an oak grain pattern.

- All box drawers are suspended on smooth-action metal slides with ball bearings
- All file drawers and file cabinet drawers are mounted on heavy-duty ball bearing, full-extension slides
- All file drawers are fitted for letter size filing front-to-back; or legal size filing from side-to-side
- 36" lateral file drawers allow legal and or letter filing front-to-back or legal size filing from side-to-side
- 30" lateral file drawers allow legal filing side-to-side and letter filing front-to-back
- Black filing hardware includes pre-installed rails with easy-adjust crossbars
- Maximum weight for bottom loading is 25 lb
- Drawers are constructed with 5 sides for extra strength and durability. The drawer front is the 5th side and is removable in the field for repairs or hardware additions

.

TACK BOARDS
Fabric covered tackable boards may be ordered separately to fit inside hutches. They can be ordered with any fabric to match office chairs. Leather or vinyl not available.

PANELS
End panels are surfaced on both sides with thermally fused laminate and edge banded as required. Heavy-duty adjustable nylon leveling glides in 5" steel plate on all units.

WIRE MANAGEMENT
All grommets in the 2200 Series are round, 2.5" in diameter, and made of black high impact poly resin. See features for number of grommets and location. Additional grommets can be added for extended wire management capability at $106 list per grommet. Includes factory cut and installed grommet and black sleeve. Call for special quote. Specify location and quote number with order.

HARDWARE
Brass plated drawer pulls are standard on all lateral file and storage cabinets. All other drawers feature flush drawer fronts with concealed side pulls. Pulls are available at an upcharge on those models. Please specify "**P**" after model number for drawer pulls and add $38 to list price for double pedestal desks and double pedestal credenzas. Add $19 to list price for single pedestal desks, credenzas or returns.

LOCKS
- Individually locking pedestals are standard on all desks and credenzas
- Two drawer lateral files feature individually locking drawers
- Three and four drawer lateral files feature central locking and are keyed different than other locks due to the anti-tilt mechanism inside the unit
- All locks (except three and four drawer lateral files) are keyed identical unless otherwise specified
- 'Key Different' option is $21 list upcharge per lock. Locks/cores packaged to customer requirements
- Additional lead time for 'Key Different'
- For optional locking on overhead storage units with four wood doors, add **Y** to the end of the model number and add $150 to the list price of unit

ACCESSORIES *Factory Installed*
Certain accessories can be ordered installed prior to shipment. Add letter designator (C or K) at end of the desk or credenza model number:

C Center Drawer
*Example: FRM2220**C***

K Keyboard Platform
*Example: FRM2276L**K***

T Task Light
*Example: FRM2280**T***

QUICKSHIP
Quick Ship is not available on any items ordered with option.

PACKING
All units are properly packed in heavy duty cartons with heavy duty corner pads. All packaging conforms to or exceeds specifications as outlined in the Uniform Freight Classification.

All desks, credenzas, files, and overhead storage units are shipped set up. Modular L-shaped, and U-shaped workstations are shipped in multiple cartons and require connection in the field.

PALLETIZATION
See Page 3.

CARE AND CLEANING INSTRUCTIONS

PEDESTALS AND FILE CABINETS
All cases are thermally fused laminate surfaced on the outside and edge banded as required. Units fully assembled with dowels/glue, wood cleats, metal brackets and screws. Series features full modesty panels.

TOPS
All tops are surfaced in thermally fused laminate with proper backing and edge banded as required.

DRAWERS
All drawer fronts are thermally fused laminate surfaced on both sides with laminate and edge banded as required. Drawer sides and bottoms are printed with an oak grain pattern.

- All box drawers are suspended on smooth-action metal slides with ball bearings
- File cabinet drawers and file drawers are mounted on heavy-duty ball bearing, full-extension slides
- All file drawers are fitted for letter size filing front-to-back.
- File cabinet drawers are fitted for letter or legal size filing front-to-back or legal size filing from side-to-side
- All file drawers are constructed for suspended filing
- Black filing hardware includes pre-installed rails with easy-adjust crossbar
- Maximum weight for bottom loading is 25 lbs
- Drawers are constructed with 5 sides for extra strength and durability. The drawer front is the 5th side and is removable in the field for repairs or hardware additions

TACK BOARDS
Fabric covered tackable boards may be ordered separately to fit inside hutches. They can be ordered with any fabric to match office chairs. Leather and vinyl not available.

PANELS
1" end panels are surfaced on both sides with thermally fused laminate and edge banded as required. Heavy-duty adjustable nylon leveling glides in 5" steel plate in each end panel.

WIRE MANAGEMENT
All grommets are round, 2.5" in diameter, and made of black high impact poly resin. See features for number of grommets and location. Additional 2.5" grommets can be added for extended wire management capability at $106 list per grommet. Includes factory cut and installed grommet and black sleeve. Call for special quote. Specify location and quote number with order.

HARDWARE
Black drawer pulls are standard on all file and storage cabinets. All other drawers feature flush drawer fronts with concealed side pulls. Pulls are available at an upcharge on those models. Please specify **P** after model number for drawer pulls and add $38 to list price for double pedestal desks, double pedestal credenzas and lateral files. Add $19 to list price for single pedestal desks, credenzas and returns.

ACCESSORIES *Factory Installed*
Certain accessories can be ordered installed prior to shipment. Add letter designator (C, K or T) at end of the desk, credenza or overhead model number:

C Center Drawer
*Example: BPM600**C***
K Keyboard Platform
*Example: BPM725R**K***
T Task Light
*Example: BPM677**T***

LOCKS
- Bravo Panel Series features individual locking pedestals
- Two drawer lateral files feature individual locking drawers.
- Four drawer lateral files feature central locking and are keyed different than other locks due to the anti-tilt mechanism inside the unit
- All locks are keyed identical unless otherwise specified
- 'Key Different' option is $21 list upcharge per lock. Locks/cores packaged to customer requirements
- Additional lead time for 'Key Different'
- For optional locking on overhead storage units add **Y** to the end of the model number and add $150 to the list price of units with four doors or two doors not adjoining. Add $75 for units with two adjoining doors.

QUICKSHIP
Quick Ship is not available on any items ordered with option.

PACKING
All units are properly packed in heavy duty cartons with heavy duty corner pads. All packaging conforms to or exceeds specifications as outlined in the Uniform Freight Classification.

All desks, credenzas, files, and overhead storage units are shipped set up. Modular L-shaped, and U-shaped workstations are shipped in multiple cartons and require connection in the field.

PALLETIZATION
See Page 3.

CARE AND CLEANING INSTRUCTIONS
Normal cleaning: Clean using a soft cloth and a good window cleaner which contains no ammonia, followed by wiping dry using a dry soft cloth.

Use with 2200 Series and Bravo Panel

FINISHES
Bedford is available in **Mahogany** and **Windsor Cherry** laminate.

PEDESTALS, CREDENZAS, FILE CABINETS AND STORAGE UNITS
All cases are ¾" thick core surfaced on both sides with thermally fused laminate and edge banded as required. Units fully assembled with dowels/glue, wood cleats, metal brackets and screws. This series features picture frame molding on ends, backs and modesty panels. No molding on bridge. Series features full modesty panels.

TOPS
All tops are surfaced in **high-gloss, high pressure laminate** specifically chosen and color matched for this grouping. All bridge and return tops feature common grain direction with desk/credenza as well as reverse coped edges for smooth worksurface connection with desk/credenza. All tops are 1 3/16" thick with solid hardwood edges and properly backed. All tops feature traditional detail on hardwood edges on all four sides with ¾" overhang. Work surface dimensions will vary due to edge profile treatments.

DRAWERS
All drawer fronts are constructed of ¾" thick core surfaced on both sides with melamine and edge banded as required. Drawer sides are ½" thick, grain printed in an oak finish. Drawer bottoms are ⅛" thick oak-grain hardboard.

- All box drawers are suspended on smooth action metal slides with ball bearings
- All file drawers and file cabinet drawers are mounted on heavy-duty ball bearing, full-extension slides
- Black filing hardware includes pre-installed rails with easy-adjust crossbar
- All file drawers allow letter filing front-to-back and letter or legal-size filing side-to-side
- All 38" lateral file drawers allow letter and/or legal filing front-to-back or legal size filing side-to-side
- 32" lateral file drawers allow legal filing side-to-side and letter filing front-to-back
- Maximum weight for bottom loading is 25 lb
- Drawers are constructed with 5 sides for extra strength and durability. The drawer front is the 5th side and is removable in the field for repairs or hardware additions

PEDESTALS
Supported on 4 leveling glides.

PANELS
Heavy-duty adjustable nylon leveling glides installed in each end panel. Modesty panels are ¾" thick core.

TACK BOARDS
Fabric covered tackable boards may be ordered separately to fit inside hutches. They can be ordered with any fabric to match your office chairs except leather or vinyl.

BASES
All bases are 1" thick MDF surfaced with laminate.

WIRE MANAGEMENT
All grommets in the Bedford collection are rectangular 3 1/4" x 1 7/8" and made of black high impact poly resin. See features for number of grommets and location. Additional grommets can be added for extended wire management capability at $106 list per grommet. Includes factory cut and installed grommet and black sleeve. Call for special quote. Specify location and quote number with order.

HARDWARE
Pulls and knobs are a beautiful traditional design, solid metal antique brass finish.

LOCKS
- Independent fully locking pedestals are standard on all credenzas and desks.
- Two drawer lateral files feature individually locking drawers.
- Four drawer lateral files feature central locking and are keyed different than other locks due to the anti-tilt mechanism inside the unit.
- All locks are keyed identical unless otherwise specified.
- 'Key Different' option is $21 list upcharge per lock. Locks/cores packaged to customer requirements.
- Additional lead time for 'Key Different'

ACCESSORIES *Factory Installed*
Certain accessories can be ordered installed prior to shipment. Add letter designator (C, K or T) at end of the desk, credenza or overhead model number:

DIMENSIONS
All size dimensions are nominal and subject to change. If you must have exact dimensions, please contact your Customer Service Representative. Worksurface dimensions will vary due to edge profile treatment. Always measure actual top before ordering glass or other cover to fit tops.

QUICKSHIP
Quick Ship is not available on any items ordered with option.

PACKING
All units are properly packed in heavy duty cartons with heavy duty corner pads. All packaging conforms to or exceeds specifications as outlined in the Uniform Freight Classification.

All desks, credenzas, files, and overhead storage units are shipped assembled. Modular L-shaped, and U-shaped workstations are shipped in multiple cartons & require connection.

PALLETIZATION
See page 3.

CARE & CLEANING INSTRUCTIONS
Normal cleaning: Clean using a soft cloth and a good window cleaner which contains no ammonia, followed by wiping dry using a dry soft cloth.

Specifications subject to change without notice.

FINISHES
Wyndham is available in Mahogany and Windsor Cherry finishes. All finishes are thermally fused laminates unless otherwise noted. A high pressure, high gloss laminate top option is available for a 15% pricing upcharge. A six-week lead time will apply. High pressure laminate tops are only offered in Windsor Cherry and Mahogany. Contact your customer service representative to discuss specific high pressure laminate needs and delivery quotes. To order high pressure laminate tops in Windsor Cherry or Mahogany add T before the WY and add 15% to the list price of the item.
Example: TWYM601

CONSTRUCTION: *Pedestals, Credenzas, File Cabinets and Storage Units:*
All cases are ¾" thick core surfaced on the outside with laminate and edge banded as required. Units fully assembled with dowels/glue, wood cleats, metal brackets and screws. Series features full modesty panels. This series features picture frame molding on ends and backs. There is no molding on modesty panels or bridge. Series features full modesty panels.

TOPS
All tops are 1" thick MDF surfaced in thermally fused laminate and are properly backed. All bridge and return tops feature common grain direction with desk/credenza as well as reverse coped edges for smooth work surface connection with desk/credenza. Work surface dimensions will vary due to edge profile.

DRAWERS
All drawer fronts are constructed of ¾" thick core with thermally fused laminate on both sides and edge banded as required. Drawer sides are ½" thick, oak grained pattern. Drawer bottoms are ⅛" thick oak-grain hardboard.
- All box drawers are suspended on smooth-action metal slides with ball bearings
- All file drawers and file cabinet drawers are mounted on heavy-duty ball bearing, full-extension slides
- Black filing hardware includes pre-installed rails with easy-adjust crossbar
- All file drawers allow letter filing, front-to-back and legal size filing side-to-side
- All 38" lateral file drawers allow letter and/or legal filing front-to-back or legal size filing side-to-side
- 32" lateral file drawers allow legal filing side-to-side and letter filing front-to-back
- Maximum weight for bottom loading is 25 lb
- Drawers are constructed with 5 sides for extra strength and durability. The drawer front is the 5th side and is removable in the field for repairs or hardware additions

PEDESTALS
Supported with 4 leveling glides in steel plates.

PANELS
Heavy-duty adjustable nylon leveling glides in steel plate are installed in each 1" thick end panel. Modesty panels are ¾" thick core.

BASES
All bases are 1" thick fiberboard surfaced with melamine.

WIRE MANAGEMENT
All grommets in the Wyndham collection are rectangular 3 1/4" x 1 7/8" and made of black high impact poly resin. See features for number of grommets and location. Additional grommets can be added for extended wire management capability at $106 list per grommet. Includes factory cut and installed grommet and black sleeve. Call for special quote. Specify location and quote number with order.

HARDWARE
Pulls and knobs are a beautiful traditional design, solid metal, with a brass finish to complement the Wyndham collection.

TACK BOARDS
Fabric covered tackable boards may be ordered separately to fit inside hutches. They can be ordered with any fabric to match your office chairs except leather or vinyl.

LOCKS
- Independent fully locking pedestals are standard on all desks and credenzas
- Two drawer and four drawer lateral files are central locking
- Four drawer lateral files feature central locking and are keyed different than other locks due to the anti-tilt mechanism inside the unit
- All locks are keyed identical unless otherwise specified
- 'Key Different' option is $21 list upcharge per lock. Locks/cores packaged to customer requirements
- Additional lead time for 'Key Different'

ACCESSORIES *Factory Installed*

DIMENSIONS
All size dimensions are nominal and subject to change. If you must have exact dimensions, please contact your Customer Service Representative. Worksurface dimensions will vary due to edge profile treatment. Always measure actual top before ordering glass or other cover to fit tops.

QUICKSHIP
Quick Ship is not available on any items ordered with option.

PACKING
All units are properly packed in heavy duty cartons with heavy duty corner pads. All packaging conforms to or exceeds specifications as outlined in the Uniform Freight Classification. All desks, credenzas, files, and overhead storage units are shipped set up. Modular L-shaped, and U-shaped workstations are shipped in multiple cartons and require connection in the field.

PALLETIZATION
See page 3.

CARE & CLEANING INSTRUCTIONS
Normal cleaning: Clean using a soft cloth and a good window cleaner which contains no ammonia, followed by wiping dry using a dry soft cloth.

Specifications subject to change without notice.

VENEER CASEGOODS

Edge Profile

FINISH
Forté features **Honey Cherry** finish on book matched American Cherry veneer. All horizontal and vertical surfaces feature full-fill finish. Catalyzed lacquer topcoat creates a harder, more durable finish and includes high sheen. Desk pad or glass with stand-offs will further protect veneer tops.

FINISH CHOICE
C Honey Cherry

PULLS
Optional pulls are available in a beautiful contemporary design, solid metal with brushed chrome finish. To order place a **P** after the SKU# (Example: CVC720**P**). An up-charge of $11 list per drawer will be added to the prices shown.

CONSTRUCTION
All panels are 5-ply construction with commercial-grade coreboard center and two veneer sheets top and bottom. Veneer is cross-grained for strength.
Pedestals, Credenzas, File Cabinets and Storage Units: All pedestals are ¾" thick core surfaced with cherry veneer and edge banded as required. Panel ends are 1 3/16" thick core surface with cherry veneer and edge banded as required. Adjustable leveling glides are pre-installed in a propeller nut. Units fully assembled with dowels/glue, wood cleats, metal brackets/screws and mechanical fasteners. Series features full modesty panels.

TOPS
All tops are 1 3/16" thick, properly backed. All standard rectangular shaped tops have a solid hardwood edge with a stylish concave shape. All bridge and return tops feature common grain direction with desk/credenza as well as reverse coped edges for smooth worksurface connection with desk/credenza. Bow, peninsula and round shape tops utilize a composite edge.

IMPORTANT NOTE:
Because of the natural characteristics of wood, color may vary slightly between pieces. Color will mellow and age over time.

DRAWERS
All drawer fronts are constructed of ¾" particleboard core with hardwood edge surfaced in cherry veneer. Drawer sides are ½" thick hardwood veneer interiors in a lacquer finish. Drawer bottoms are 3/16" thick plywood.
- All box drawers are suspended on smooth-action metal slides with steel ball bearings
- All file drawers and file cabinet drawers are mounted on heavy-duty steel ball bearing, full-extension slides
- Black ProFile filing hardware includes pre-installed rails with adjustable crossbars that lock into position
- All file drawers allow legal filing front-to-back and letter/legal filing side-to-side
- All lateral file drawers allow letter and/or legal filing front-to-back and legal filing side-to-side
- Maximum weight for bottom loading is 40 lb
- Drawers are constructed with 5 sides for extra strength and durability. The drawer front is the 5th side and is removable in the field for repairs or hardware additions

WIRE MANAGEMENT
See features for number of grommets and location. Additional 2.5" diameter round grommets can be added for extended wire management capability at $106 list per grommet. Includes factory cut and installed grommet and black sleeve. Call for special quote. Specify location and quote number with order.

LOCKS
- Individual front locking pedestals
- All locks are keyed identical unless otherwise specified
- 'Key Different' option is $21 list upcharge per lock. Locks/cores packaged to customer requirements
- Additional lead time for 'Key Different'
- For optional locking on overhead storage units with four wood doors, add **Y** to the end of the model number and add $150 to the list price of unit

ACCESSORIES - *Factory Installed*
Certain accessories can be ordered installed prior to shipment. Add letter designator (C, K or T) at end of the desk, credenza or overhead model number:

C Center Drawer
*Example: CVC660**C***
K Keyboard Platform
*Example: CVC704**K***
T Task Light
*Example: CVC727**T***

PACKAGING
All units are properly packed in heavy-duty cartons with reinforced corner pads. All packaging conforms to, or exceeds specifications as outlined in the Uniform Freight Classification.

All desks, credenzas, files and overhead storage units are shipped preassembled. Modular L-Shaped and U-Shaped workstations are shipped in multiple cartons, requiring connection in the field.

QUICKSHIP
Quick Ship is not available on any items ordered with option.

PALLETIZATION
See page 3.

CARE & CLEANING INSTRUCTIONS FOR VENEER PRODUCTS
Normal cleaning: Wood veneer products require special care. When cleaning, it is important to use a quality window cleaner which contains no ammonia followed by a dry soft cloth to remove any dampness.
Polish Suggestions: To polish veneer furniture, we recommend that you use a quality furniture polish which contains no silicone followed by a dry soft cloth. Using a polish without silicone, will protect the everlasting beauty of this natural wood product.

Warning – Using a polish containing silicone may cloud the finish, soften, crack or lift the finish and void your warranty.

Specifications subject to change without notice.

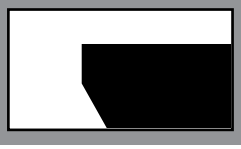
AFFIRM SIN 711-8

Edge Profile



How to Order

AV700RB C 3
Finish Pedestal

CHARACTERISTICS
Affirm veneer casegoods feature the beauty and variation of genuine select hardwood veneers. Unique grain pattern from piece to piece is a natural characteristic of genuine veneer and creates elegant furnishings, therefore HPFI does not guarantee matching grain pattern. All horizontal and vertical surfaces are veneer protected with durable catalyzed lacquer. Desk pads and/or glass with standoffs will further protect real wood surfaces. A semi-filled, satin style finish creates an elegant, understated presentation. All panels are 3-ply construction with medium density fiberboard (MDF) core and veneer top and bottom. Edges are CNC-shaped, then hand-finished to complement the collection.

FINISH CHOICES
Affirm is offered in two finishes, complementing all other HPFI veneer collections.
C Honey Cherry
M Rouge Mahogany
Variation in color is an expected and natural characteristic of real wood. Minor variation in color may occur even with pieces finished at the same time. Aging and light exposure will darken wood. Therefore, HPFI does not guarantee exact color match.

PEDESTALS
Choose any pedestal to customize drawer configurations to individual preference. All choices are the same price.
3 Box/Box/File
5 File/File
7 Left Box/Box/File & Right File/File
9 Left File/File & Right Box/Box/File

PULLS: *Standard*
Affirm features an ergonomically shaped, twisted ribbon pull with smooth, nickel finish. A coordinating elliptical knob is included on overheads with all-wood doors.

PULLS: *Alternative*
As an alternative, solid metal, curvilinear pulls are available in three colors at the same price. Specify pull designator after the drawer configuration in the model number.
W Brushed Chrome
E Ebony (black)
B Bright Brass

CARE AND CLEANING INSTRUCTIONS FOR VENEER PRODUCTS
Normal cleaning: Wood veneer products require special care. When cleaning, it is important to use a quality window cleaner which contains no ammonia followed by a dry soft cloth to remove any dampness.
Polish Suggestions: To polish veneer furniture, we recommend that you use a quality furniture polish which contains no silicone followed by a dry soft cloth. Using a polish without silicone, will protect the everlasting beauty of this natural wood product.
Warning – Using a polish containing silicone may cloud the finish, soften, crack or lift the finish and void your warranty.

CHARACTERISTICS
Legacy features **Rouge Mahogan**y finish on book matched American Cherry veneer. All horizontal and vertical surfaces feature full-fill finish. Catalyzed lacquer topcoat creates harder, more durable finish and includes high sheen. Desk pad or glass with stand-offs will further protect veneer tops. Worksurface dimensions will vary due to edge profile treatment. Always measure actual worksurface before ordering glass or other top to fit unit.

FINISH CHOICE
M Rouge Mahogany

IMPORTANT NOTE
Because of the natural characteristics of wood, color may vary slightly between pieces. Color will mellow and age over time.

CONSTRUCTION
All panels are 5-ply construction with commercial-grade coreboard center and two veneer sheets top and bottom. Veneer is cross-grained for strength. Preinstalled leveling glides.

PEDESTALS, CREDENZAS, FILE CABINETS AND STORAGE UNITS
All cases are ¾" thick core surfaced with cherry veneer and edge banded as required. Units assembled using tongue & groove construction. Most models feature full modesty panels. Inset drawer fronts available at $53 list per pedestal; specify **NC** at front of model number. Molding is standard on these selections. Standard leadtime only.

TOPS
High pressure laminate top features the same tops as in the Bedford Series, which has a solid hardwood edge with a slightly different profile than the wood veneer top. Round table top utilizes composite edge.

LVM Models: All LVM case tops are 1 3/16" thick with cherry veneer, properly backed, and have solid hardwood edges.
LVM & LPM Models: All bridge and return tops feature common grain direction with desk/credenza as well as reverse coped edges for smooth work surface connection with desk/credenza.
LPM Models: All units, except bookcases and hutches, can be ordered with a high gloss, high pressure laminate top by specifying LPM. ***Example: LPM720.***

DRAWERS
All drawer fronts are constructed of ¾" thick MDF core surfaced in cherry veneer. Drawer sides are ½" thick hardwood veneer interiors in light lacquer finish with veneer top edges. Drawer bottoms are ¼" thick hardwood veneer

- All box drawers are suspended on smooth action metal slides with steel ball bearings
- All file drawers and file cabinet drawers are mounted on heavy-duty steel ball bearing, full extension slides
- Black ProFile filing hardware includes pre-installed rails with adjustable crossbars that lock into position
- All file drawers allow letter filing front-to-back and side-to-side; legal filing side-to-side
- All lateral file drawers allow letter and/or legal filing front-to-back and legal filing side-to-side
- Maximum weight for bottom loading 40 lb
- Drawers are constructed with 5 sides for extra strength and durability. The drawer front is the 5th side and is removable in the field for repairs or hardware additions

WRITING SLIDES
Pull-out writing slides are included on all drawer pedestals on desks, credenzas and returns.

WIRE MANAGEMENT
See features for number of grommets and location. Additional 2.5" diameter round grommets can be added for extended wire management capability at $106 list per grommet. Includes factory cut and installed grommet and black sleeve. Call for special quote. Specify location and quote number with order.

HARDWARE
Pulls and knobs are a beautiful traditional design, solid metal with a brass finish to complement Legacy.

LOCKS
- Independent fully locking pedestals are standard on all credenzas and desks
- Two drawer lateral files feature individually locking drawers.
- Four drawer lateral files feature central locking and are keyed different than other locks due to the anti-tilt mechanism inside the unit
- All locks are keyed identical unless otherwise specified
- 'Key Different' option is $21 list upcharge per lock. Locks/cores packaged to customer requirements
- Additional lead time for 'Key Different'.
- For optional locking on overhead storage units with four wood doors, add **Y** to the end of the model number and add $150 to the list price of unit

DIMENSIONS
All size dimensions are nominal and subject to change. If you must have exact dimensions, please contact your Customer Service Representative. Worksurface dimensions will vary due to edge profile treatment. Always measure actual top before ordering glass or other cover to fit tops.

ACCESSORIES *Factory Installed*
Certain accessories can be ordered installed prior to shipment. Add letter designator (K or C) at end of the desk, credenza or overhead model number:

K Keyboard Platform
*Example: LVM725**LK***

C Center Drawer
*Example: LVM725**LC***

OPTIONAL MOLDING
Optional picture frame molding (**DX**) is available. Please call customer service for more information.

QUICKSHIP
Quick Ship is not available on any items ordered with option.

PACKAGING
All units are properly packed in heavy-duty cartons with reinforced corner pads.
All packaging conforms to, or exceeds specifications as outlined in the Uniform Freight Classification. All desks, credenzas, files and overhead storage units are shipped preassembled. Modular L- and U-Shaped workstations are shipped in multiple cartons, requiring connection.

PALLETIZATION
Casegood products may be palletized prior to shipment for enhanced protection and further assurance of safe delivery. Pallets are one per product, in most cases, and sized per product. Palletization is $21 net per pallet. Contact Customer Service for additional details.

CARE & CLEANING INSTRUCTIONS
Normal cleaning: Wood veneer products require special care. When cleaning, it is important to use a quality window cleaner which contains no ammonia followed by a dry soft cloth to remove any dampness.

WESTBORO SIN 711-8

Edge Profile

How to Order

WV700LB C 3
Finish Pedestal

CHARACTERISTICS
Westboro casegoods feature the beauty and variation of genuine select hardwood veneers. Unique grain pattern from piece to piece is a natural characteristic of genuine veneer and creates elegant furnishings, therefore HPFI does not guarantee matching grain pattern. All horizontal and vertical surfaces are veneer protected with durable catalyzed lacquer. Desk pads and/or glass with standoffs will further protect real wood surfaces. A semi-filled, satin style finish creates an elegant, understated presentation. All panels are 3-ply construction with medium density fiberboard (**MDF**) core and veneer top and bottom. Edges are CNC-shaped, then hand-finished to complement the collection.

FINISH CHOICES
Westboro is offered in two finishes, complementing all other HPFI veneer collections.
C Honey Cherry
M Rouge Mahogany
Variation in color is an expected and natural characteristic of real wood. Minor variation in color may occur even with pieces finished at the same time. Aging and light exposure will darken wood. Therefore, HPFI does not guarantee exact color match.

PEDESTAL CHOICES
Choose any pedestal to customize drawer configurations to individual preference. All choices are the same price.
3 Box/Box/File
5 File/File
7 Left Box/Box/File & Right File/File
9 Left File/File & Right Box/Box/File

PULLS: STANDARD
Westboro features an ergonomically shaped, transitional pull with smooth, nickel finish. A coordinating elliptical knob is included on overheads with all-wood doors.

CARE AND CLEANING INSTRUCTIONS FOR VENEER PRODUCTS
Normal cleaning: Wood veneer products require special care. When cleaning, it is important to use a quality window cleaner which contains no ammonia followed by a dry soft cloth to remove any dampness.
Polish Suggestions: To polish veneer furniture, we recommend that you use a quality furniture polish which contains no silicone followed by a dry soft cloth. Using a polish without silicone, will protect the everlasting beauty of this natural wood product.

Warning – Using a polish containing silicone may cloud the finish, soften, crack or lift the finish and void your warranty.

Specifications subject to change without notice.

CHARACTERISTICS
Inverness casegoods feature the beauty and variation of genuine select hardwood veneers. Unique grain pattern from piece to piece is a natural characteristic of genuine veneer and creates elegant furnishings, therefore HPFI does not guarantee matching grain pattern. All horizontal and vertical surfaces are veneer protected with durable catalyzed lacquer. Desk pads and/or glass with standoffs will further protect real wood surfaces. A semi-filled, satin style finish creates an elegant, understated presentation. All panels are 3-ply construction with medium density fiberboard (**MDF**) core and veneer top and bottom. Edges are CNC-shaped, then hand-finished to complement the collection.

FINISH CHOICES
Inverness is offered in two finishes, complementing all other HPFI veneer collections.
C Honey Cherry
M Rouge Mahogany
Variation in color is an expected and natural characteristic of real wood. Minor variation in color may occur even with pieces finished at the same time. Aging and light exposure will darken wood. Therefore, HPFI does not guarantee exact color match.

PEDESTAL CHOICES
Choose any pedestal to customize drawer configurations to individual preference. All choices are the same price.
3 Box/Box/File
5 File/File
7 Left Box/Box/File & Right File/File
9 Left File/File & Right Box/Box/File

PULLS: STANDARD
Inverness features traditional design pulls with antique brass style finish. A coordinating round knob is included on overheads with solid wood doors.

PULLS: ALTERNATIVE
As an alternative, solid metal, curvilinear pulls are available in three colors at the same price. Specify pull designator after the drawer configuration in the model number.
W Brushed Chrome
E Ebony (black)
B Bright Brass

CARE AND CLEANING INSTRUCTIONS FOR VENEER PRODUCTS
Normal cleaning: Wood veneer products require special care. When cleaning, it is important to use a quality window cleaner which contains no ammonia followed by a dry soft cloth to remove any dampness.
Polish Suggestions: To polish veneer furniture, we recommend that you use a quality furniture polish which contains no silicone followed by a dry soft cloth. Using a polish without silicone, will protect the everlasting beauty of this natural wood product.

Warning – Using a polish containing silicone may cloud the finish, soften, crack or lift the finish and void your warranty.

Specifications subject to change without notice.

WORKCENTER

Workcenter is comprised of modular cabinets and tops to create your ideal work space. Each cabinet features a heavy-duty wood storage drawer. Complete access to the rear of the drawer is provided due to full extension ball-bearing drawer slides.

The upper storage area includes one fixed shelf and one adjustable shelf. This storage area is concealed by two doors attached with smooth action, adjustable European-style hinges. A 10" overhang is standard on all top surfaces.

Cabinets are 36" wide and 20" deep and available in 10 laminate finishes. Tops are 1-1/2" thick with durable, fluted 3mm PVC edgebanding in four woodgrain finishes. Four door/drawer pull styles are also available.

Workcenter modular cabinets must be arranged back-to-back with a 10" overhang on all four sides for safety and to prevent tilting. They can also be arranged side-by-side to accomodate larger areas.

HELIX DR. STOOLS SIN 71-317

Comfort for Physicians

Helix provides a full range of adjustable height seating for physicians' offices, examination rooms and other areas of care. Most models include a foot activated ring in the base to provide a hands-free height adjustment. Braking casters on those models also ensure that the stool does not roll away when sitting down or getting up. Both of these features allow the user to keep hands clean and sterile.

Model **581** includes a back rest to ensure proper lumbar support.

Model **582** features a molded urethane seat and black base with a hand-lever height adjustment for ergonomic application.

Select from hundreds of standard and thousands of other available upholsteries including easy-to-clean vinyls and woven Cryptons.

Helix Details

- *Dual-wheel, braking casters on 580 & 581 inhibits movement when stool is vacant*
- *Foot-activated, hands-free pneumatic height adjustment on 580 & 581 stools*
- *Hand-activated pneumatic height adjustment on 582*
- *Choice of Black or Chrome bases with or without back rest*

FINISH CHOICES
Praxis is available in eight finishes. The color choices are **Natural Maple, Aspen, Boardwalk, Windsor Cherry, Mahogany, Driftwood, Espresso, Black** and **Shoreline** laminate.

PULLS: STANDARD
Sleek, curvilinear drawer/door pulls are solid metal and available in Brushed Chrome (W), Ebony (E), Bright Brass (B), Oval Nickel (D) or T-Bar Nickel (V) for design flexibility.

SPECIFICATIONS *Drawers*
All cases are ¾" thick core with thermally fused laminate on both sides. Units are fully assembled with dowels, glue, metal brackets, screws and mechanical fasteners. Tops are ¾" thick except on night stand which has a 1" thick top.

DRAWERS
Drawer fronts are constructed of ¾" thick core with thermally fused laminate on both sides. Drawers are constructed with 5 sides for extra strength and durability. The drawer front is the 5th side and is removable in the field for repairs.

- Drawers are suspended on heavy-duty, ball bearing full-extension slides
- PROFile filing hardware is available for file or lateral file size drawers for field installation

PACKAGING
All units are properly packed in heavy-duty cartons with reinforced corner pads. All packaging conforms to, or exceeds, specifications as outlined in the Uniform Freight Classification.

PALLETIZATION
See page 3.

CARE & CLEANING
Normal cleaning: Clean using a soft cloth and a good window cleaner which contains no ammonia, followed by wiping dry using a dry soft cloth.

Specifications subject to change without notice.

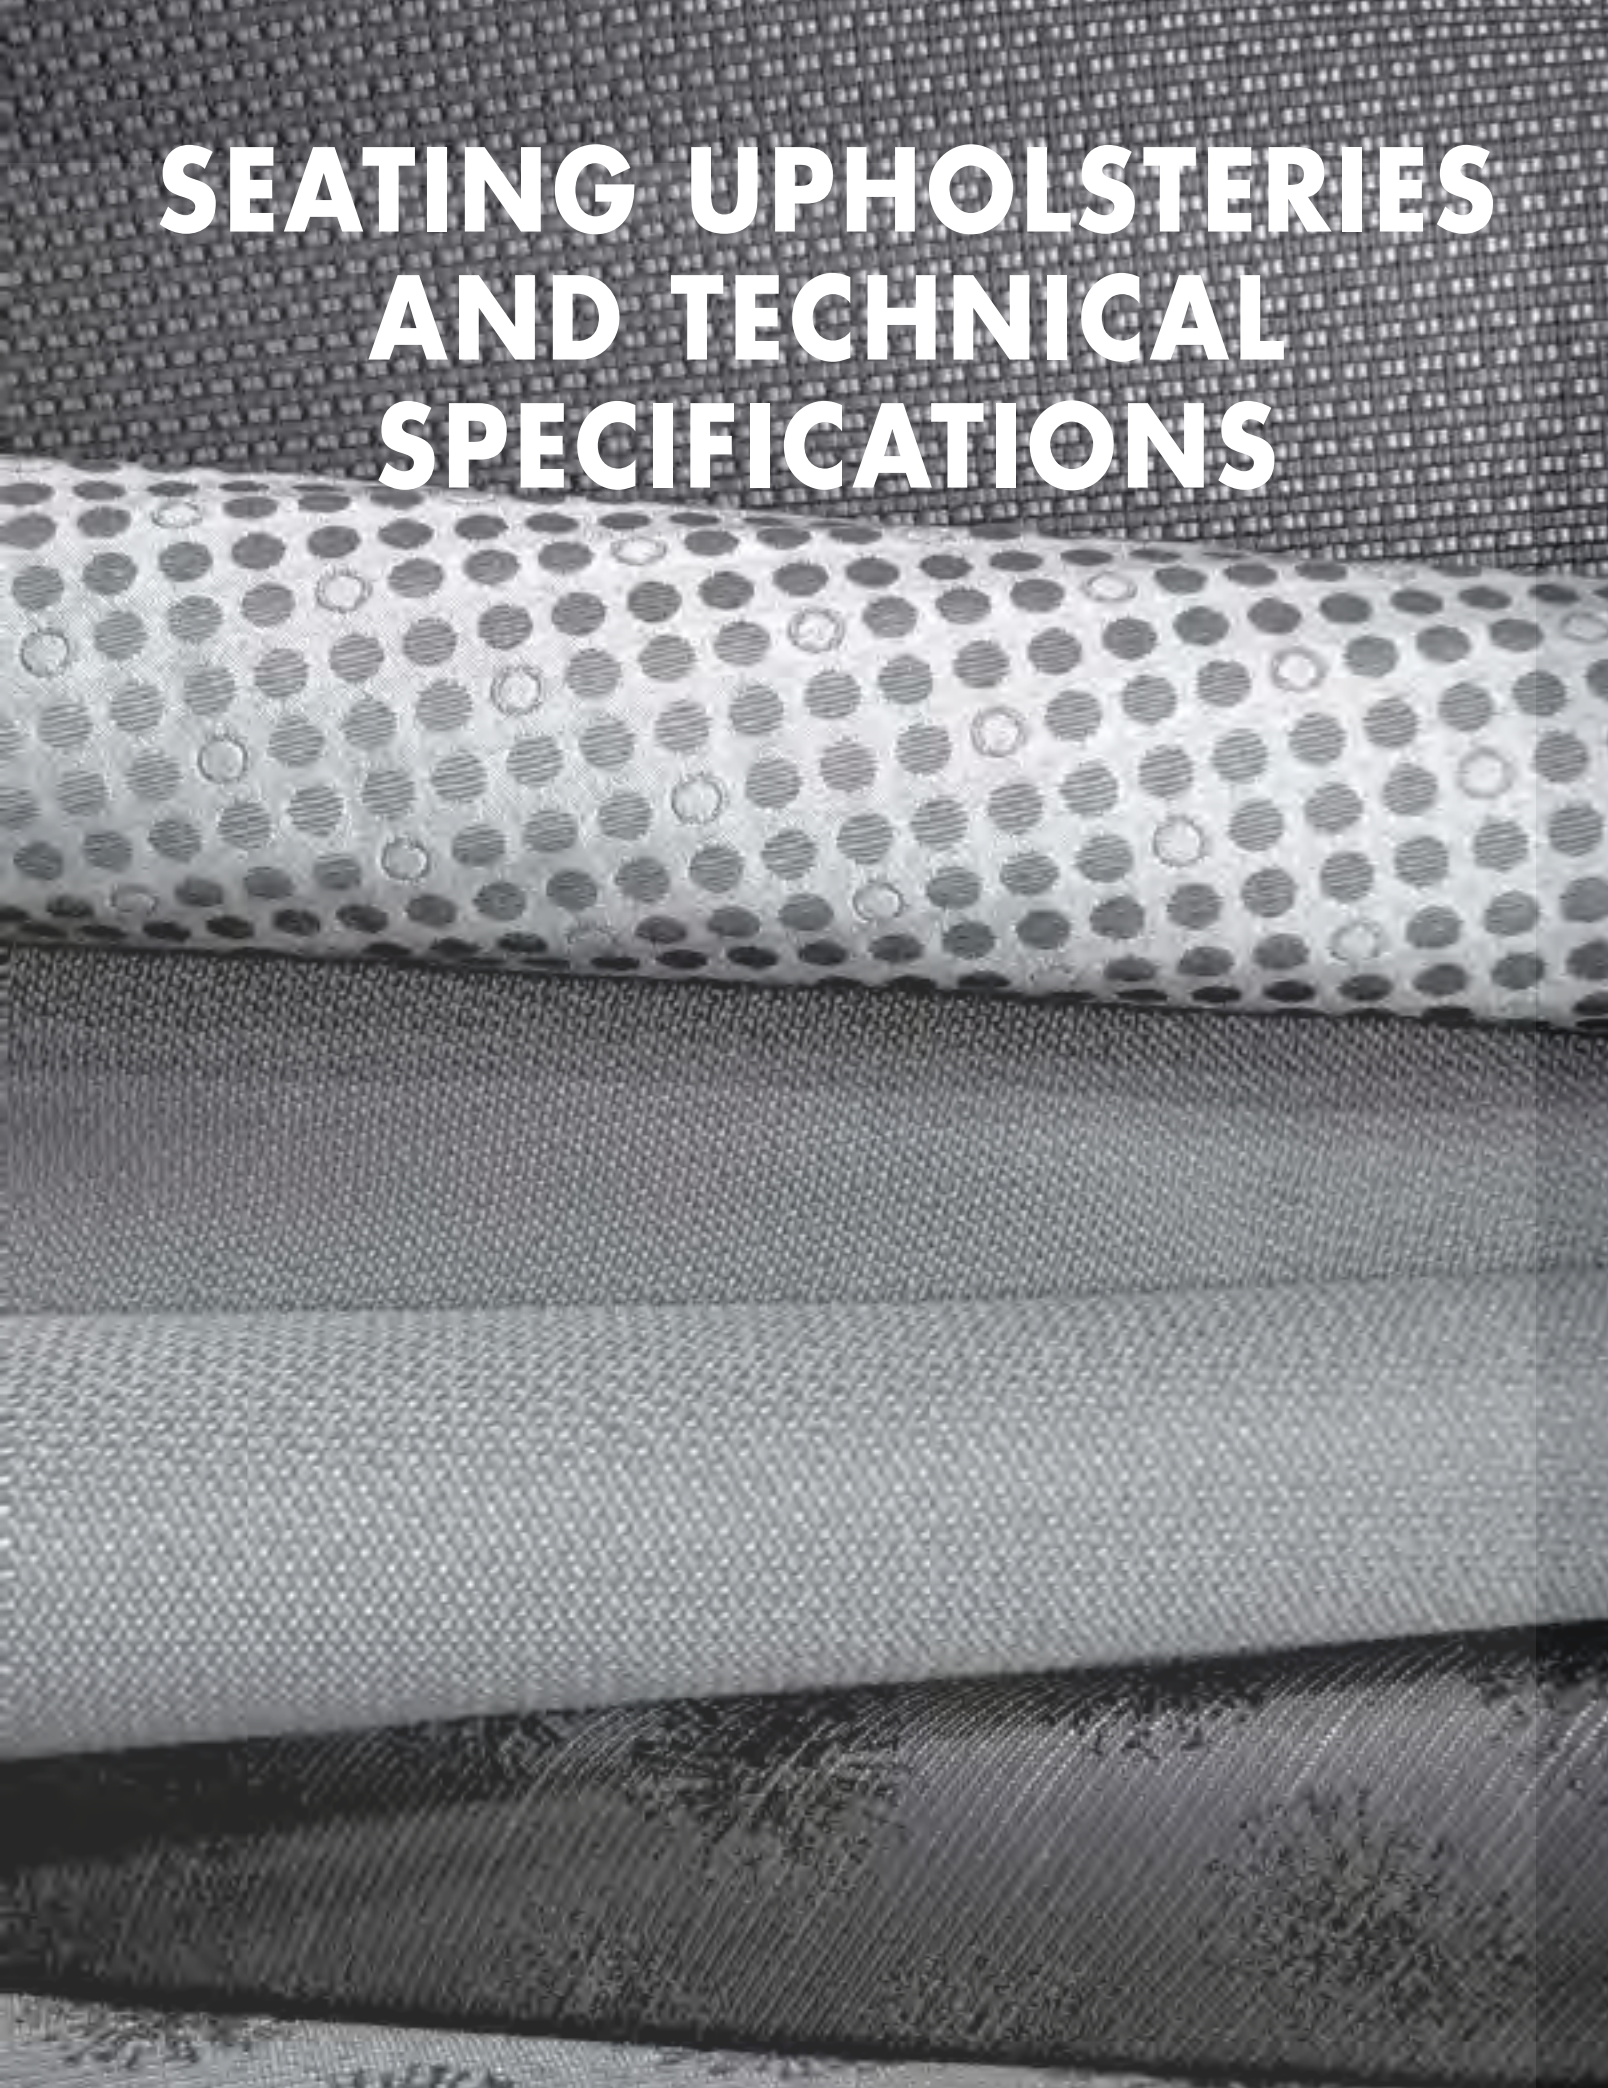
SEATING UPHOLSTERIES AND TECHNICAL SPECIFICATIONS



- *Available on all HPFI Seating*
- *All available at HPFI industry-leading standard lead times*

Due to the natural characteristics of leather, finished furnishings may vary from original swatches. HPFI neither guarantees nor warrants leather for color, color consistency, grain or other characteristics. We cannot accept return of leather furnishings for such issues.

Real. When you specify **leather furnishings from HPFI, each piece is 100% leather.** And all are real, top-grain leathers. No synthetics. No substitutes. Just real leather selected for quality and characteristics that create unique furnishings.

Natural. Leather is a **natural material.** It is an environmentally conscious upholstery cover salvaged as a by-product from meat production processes. Incorporating leather into multiple products – from furniture to clothes – is consistent with **"green"** efforts to improve production's impact on our environment.

Leather. Leather is **UNIQUE.** Each hide features characteristics developed in nature, distinguishing it from any other hide. Even within a leather hide, variations in color, texture and markings (scars, scratches, wrinkles, etc.) are natural and will appear within a given upholstered piece of furniture. These variations are not imperfections, rather they are the very essence of what makes leather an exquisite and preferred upholstery material.

LEATHER ADVANTAGES. History and tradition of use generate a special affinity and emotional preference for leather. Also consider:

- Leather breathes. It can absorb up to 25% of its own weight in humidity and release that humidity, so the body does not perspire on leather as it does on vinyl.
- Leather adapts to the closest temperature. An untouched leather chair remains room temperature. Once you sit down, the leather reaches body temperature, no higher!
- Leather is less permeable than fabrics. This barrier feature protects internal chair components from spills, inhibits dust collection by a chair's cushioning material and provides easily cleanable surfaces.

Top Grain. **All are top-grain leather taken from the outermost layer of the hide, providing the strongest,** softest and most breathable leather from the hide. Additionally, top grains show the natural markings (wrinkles, scratches, scars, etc.) that make each leather unique.

THE LANGUAGE OF LEATHER
Leather hides are processed in many different fashions, creating a variety of appearances, tactile qualities and performance capabilities. These processes and the resulting characteristics create a leather language used to classify leathers as outlined below.

Full vs. Corrected Grain. Full grain leathers exhibit more of the natural variation, texture and markings of the animal. These leathers are generally softer than corrected leathers. Corrected grain leathers have been mechanically altered through buffing, sanding or embossing to create more consistent grain pattern and uniform appearance.

Semi-Aniline. Starting with the same base as full anilines, the semi-aniline is a soft leather featuring a transparent finish that improves light and stain resistance. Slight pigmentation may be added to minimize color variation within the hide.

Pigmented. These leathers feature pigment dye applied by machine spray or roller coating, then followed by a finish coat to seal the pigment. Pigment/sealer increases a leather's resistance to fading and wearing while decreasing the softness of the material. Pigmented leathers are easier to clean and care for than non-pigmented leathers.

Pullup. Pullup leathers derive their color from waxes or oils, which dissipate and become lighter in color when the leather is pulled, as done during the upholstery process. This creates worn, weathered, distressed appearance typically found only on furnishings subjected to years of use.

Hand Antiqued. As the name implies, these leathers are handcrafted using traditional leather techniques.

Sauvage. Subtle, abstract two-tone finishes on leather provide visual depth and interest to a leather and are known as Sauvage.

HPFI can work with our leather supplier partners to color match an existing leather installation. There is a minimum of 500 square feet. Lead time to color match will take 5 - 6 weeks.

Note: *HPFI leather seating employs multi-piece backs and sides to improve yield of natural leather hides.*

FABRIC

We strive to offer the best in appearance, durability, and value. Please refer to the seating warranty section on page 6 for more information. Most fabrics are ordered at the time we receive your order. Therefore no cancellations or changes are allowed once your order is entered and the fabrics are ordered. Please make certain that your clients know this when they are making their fabric selections.

A. FABRIC INTRODUCTION

Man-made fibers such as acrylic, olefin, polyester and nylon have achieved new levels of performance with current changes necessitating a true evaluation of each fabric on its own merit. Do not assume that a specific fabric is always the best. Consult the test results on the fabric specification sheet or sample card and evaluate its performance for your particular application. HPFI chooses only those fabrics that attain the upper portion of the durability spectrum.

B. FABRIC TESTING TERMS

1. **Surface Abrasion** - Abrasion resistance is the ability of a fabric to resist surface wear caused by flat rubbing contact with another fabric. There are two different methods commonly used to test abrasion, referred to as Wyzenbeek and Martindale. Most contract grade fabrics are tested using the Wyzenbeek method. Fabrics with abrasion results below 15,000 Wyzenbeek double rubs / 20,000 Martindale cycles may prove unsatisfactory in contract upholstery application. Abrasion results exceeding 100,000 double rubs / cycles are not meaningful in providing additional value in use. Higher abrasion resistance does not necessarily indicate a significant extension of the service life of the fabric. A fabric with double the number of abrasion cycles does not indicate double the service life. There is no correlation between different test methods. It is not possible to estimate the results that might be achieved on one test, by reviewing the results from another (e.g., Martindale & Wyzenbeek.) The following guide is a general rule of thumb for upholsteries on HPFI furniture using the Wyzenbeek test method:

Light Duty Fabrics – 15,000 cycles (double rubs)
Medium Duty Fabrics – 35,000 cycles (double rubs)
Heavy Duty Fabrics – 50,000 plus cycles (double rubs)

For more information on surface abrasion, visit the Association for Contract Textiles at www.contracttextiles.org.

2. **Crocking** - The degree of resistance of material to change color characteristics, or transfer its color to other materials in any environment during the life of the fabric.
3. **Tear Strength** - The force necessary to tear a fabric, usually expressed in pounds or in grams. The most commonly used method for determination of tear strength is the ELEMENDORF tear test procedure.
4. **Tensile Strength** - The actual number of pounds of resistance that a fabric will give to a breaking machine before the material is broken.
5. **Fadometer/Color Fastness** - The fadometer (light) test determines the resistance of a specific fabric color to prolonged exposure to sunlight utilizing a water-cooled xenon lamp fading apparatus for simulation. The color fastness test determines the degree of color retention and change in shade (or lack of) during the normal life of the fabric.
6. **Fire Retardant** - Fabrics treated with special chemical agents or finishes to make them retardant or resistant to burning. Fabrics may also achieve this property by using fibers with these properties built directly into the polymer. Fire retardant coatings or specifications vary according to code requirement. Please consult fabric specifications listed with each pattern in upholsteries catalog for specific code acceptability.

C. FIRE RETARDANT PRODUCTS & SPECIAL CODES

1. Treatment or finishing of fabrics is varied as many states and municipalities have developed their own criteria for fire retardant coverings. Although attempts have been made to offer a fabric which will pass as many of these codes as a group (e.g. Boston Fire Dept. Std., The Port Authority of N.Y. and N.J., and California Technical Bulletin 117), it may be necessary to specifically treat a fabric for a special code. If special treatment is required, or if treatment of a current fabric offered by HPFI to meet a certain code is required, please contact our Customer Service Department for quotation.
2. All upholsteries offered by HPFI supplier partners meet the recently updated California Technical Bulletin 117. The current version is California TB 117-2013. Any upholstery that meets this standard will also meet similar test methods ASTM, UFAC or NFPA260.
3. Consult specifications on our or our upholsteries partners' web sites for pertinent fire code ratings and specifications. You may also request a specification sheet from our Customer Service Department.
4. Please remember that a fire retardant fabric isn't fireproof or flameproof. The purpose of the retardant is to make fabrics flame resistant to a smoldering cigarette in order to provide time for egress.
5. California Technical Bulletin #133 requires heightened levels of flammability resistance and special testing. HPFI offers a range of seating products tested and certified to Cal 133. Contact customer service for more information.

D. CLEANING CODES

1. Each fabric offered by HPFI has a cleaning code letter, assigned by the fabric manufacturer for a specific pattern, and listed on the swatch card. The cleaning codes are as follows:

W - Water based cleaners may be used.
S - Solvent based cleaners may be used.
WS - Water or solvent based cleaners may be used.
X - Do not use any cleaning fluids.
C - 10% Clorox, 90% Water, rinse

2. To prevent overall soiling, frequent vacuuming or light brushing to remove dust and grime is recommended.
3. Always pre-test a small inconspicuous area before proceeding to remove the stain.

VINYL

Vinyl Introduction: Vinyl coverings are normally 100% virgin PVC (Polyvinyl Chloride) supported by a man-made backing. They are sometimes textured and then surface finished or capped with a chemical film. Vinyl can be formulated, such as the inclusion of silver ion particles, to enhance its resistance to bacteria, flammability, discoloration, abrasion and chemical attack. Consult the technical information on the back of the vinyl swatch cards to choose the desired characteristics for the environmental setting in which the seating units will be used.

Vinyl Protection: Periodic cleaning of the vinyl by washing with lukewarm water and a mild soap will prevent hardening, cracking and peeling due to body oils and oil products used for grooming. Clean with wet sponge and dry with dampened cloth or sponge. Certain commercially available products clean routine spills effectively.

FAUX LEATHER

Faux Leather is the term most commonly used for man-made polymers such as polyurethane or vinyl. It is a resilient, flexible and durable material that offers textures and a soft feel similar to that of leather. Like genuine leather, polyurethanes do offer some breathability (vapor transmission) whereas vinyl normally doesn't. The greatest advantage of a faux leather over genuine cowhide leather is the Cleanability and consistency of appearance.

LEATHER

Leather Introduction: Leather, by virtue of its natural inherent beauty, warmth and durability, creates aesthetic appeal for those individuals desiring the very finest in office seating. The exclusive use of top grain cowhides by HPFI in Grades L and LL, assures the customer of genuine leather as opposed to split or bonded leather substitutes.

The growth marks and healed scars which occur during the animals' lifetime give leather its distinguishing "character". These signatures will appear on the chair leather, assuring the customer of the use of authentic top grain hides. Genuine top grain leather mellows with age and gains a quality and value which is unlike any manmade substitute.

Full and Top Grain Leather vs. Split Leather: When the hide is separated from the animal, it can be as much as 3/4" thick. A splitting machine then splits the hide into layers of desired thickness. Only the first cut is used in HPFI chairs, insuring maximum strength and beauty of the product. To remove spots and spills, wipe excess liquid up immediately with a clean absorbent cloth or sponge. If necessary, use clean lukewarm water only and let air dry naturally. If water is used, clean the entire area where the spot occurred. An example would be the entire seat cushion or entire arm. DO NOT dry wet areas with hair dryers, etc. For butter, oil or grease, wipe excess butter, oil or grease off the leather with a clean dry cloth, then leave it alone as the spot should dissipate into the leather in a short period of time. DO NOT apply water or try to wash such spots.

Please Note: These are recommended or suggested methods of cleaning. HPFI is not responsible for damage incurred while cleaning.

TECHNICAL BULLETIN #133

HPFI offers reception and ergonomic seating that has been tested and certified by an independent laboratory to pass California Bureau of Home Furnishings and Thermal Insulation's Technical Bulletin #133 flammability requirements. These are the most stringent U.S. flammability requirements. Testing includes full-scale burn testing of a finished, upholstered chair, which is destroyed after a single test. HPFI has chosen to use a barrier cloth or fire-blocking layer between the foam cushioning and the external upholstery cover in order to comply with California Technical Bulletin 133.

All HPFI TB 133-certified chairs have been tested and certified in 100% recycled polyester fabrics from the Foundation 10 collection, which offers 27 solid color crepe fabric options. These fabrics also pass 1,000,000 double rubs in surface abrasion testing (ASTM D 4157 Wynzenbeek Test). Reference Foundation 10 fabrics on page 263.

Unless otherwise noted, any upholstered HPFI reception or ergonomic seating unit can be specified and manufactured to comply with California Technical Bulletin #133. The upcharge for each piece is determined by multiplying its fabric requirement (as stated in this price list) by $66 list per yard.

Example: For a Claudia Club Chair #5301, you would add $412.50 list (6.25 yards at $66 list per yard) to the regular list price.

If laboratory certification is required for a specific style and upholstery combination, the following costs to the requesting party will apply:

- $1,000 NET for testing and transportation of sample
- Cost of test sample including appropriate upcharge as outlined above.

An additional 6 weeks will be added to the standard lead time for products requiring testing.

For more information and California Technical Bulletin #133 pricing, please contact your HPFI Customer Service Representative.

COM FABRICS/COL LEATHER
(CUSTOMER'S OWN MATERIAL)

Special upholstery material furnished to the company by the customer receives special processing. Prior to HPFI accepting any COM orders, a COM fabric sample and the Authorization Request Form (see next page) must be submitted to HPFI for yardage requirements. Once this form is returned to you, you can order your upholstery to be sent to HPFI.

Any orders received without accompanying fabric will be entered and acknowledged with an open shipping date until fabric is received.

Inquiries should be sent to:

HPFI
COM/COL - Customer Service
1104 Bedford St.
High Point, NC 27263
P: (800) 447-3462
F: (800) 231-6784
info@hpfi.com

A. COM/COL Shipping Address

Ship all COM/COL fabrics and leather **prepaid** to:

HPFI
COM/COL - Customer Service
1104 Bedford St.
High Point, NC 27263

Make sure a copy of the COM/COL order form is attached to the fabric (see next page). CODs not accepted on customer's own material (COM) or customer's own leather (COL).

B. General COM/COL Information:

1. Do not fold either fabric or leather for shipment. All fabric and leather must be rolled on a cardboard tube for shipment to **HPFI.** Folded fabric or leather may sustain permanent creasing, rendering it unsuitable for upholstery purposes. **HPFI** will not apply creased goods to any upholstered item(s).

2. For specific yardage requirement for large repeats or large orders, send memo sample with COM/COL order form request (see next page)to the address above. Chair models and quantities are required. A timely reply will be forwarded with yardage required.

3. **COM orders are billed at Grade 2 price.**

4. **COL orders are billed at Grade 3 price.**

C. Warranty and Application of COM/COL Coverings:

1. Upholstery coverings received from the vendor or customer for COM/COL applications are not covered by any warranties expressed or implied by **HPFI** including but not limited to wearability, light fastness or tailoring.

2. While we make every effort to check and cut COM material in the most appropriate manner, claims for flaws, insufficient yardage, discrepancies in the fabric, imperfections in the material, dye lot variations, or wearing quality of material furnished by the customer cannot be honored.

3. Do not figure COM yardage from yardage in the price book. Yardage requirements shown in this price list are based on the use of non-directional fabric 54" wide applied in a "Topped" orientation.

4. Please fill COM/COL form completely including topped out or railroaded applications also add horizontal and vertical repeats.

D. COM/COL Shipping Dates:

1. If an acknowledged order contains both regular and COM/COL units on the same order, the order will be processed with an open ship date. Once the COM/COL fabric is received, standard lead times will apply to the entire order.

FABRIC COMBINATIONS

Many seating items may be selected with multiple upholstery covers on a single unit, such as vinyl arms and fabric seat/back or solid color fabric arms with pattern fabric seat/back. **HPFI** can accommodate these special requests as outlined below.

A. Indicate clearly on original order the combination of desired fabrics as follows:
   - Chair Model
   - Finish (if applicable)
   - Seat fabric
   - Back fabric
   - Arm fabric

   If seat/back will be same fabric, order can list it as such.

B. Be certain to provide complete description of fabrics/vinyls, including pattern name, color name, and color number.

C. Combinations are available on standard and alliance program fabrics at standard lead time (not via Quick Ship). Combinations using COM fabrics may require additional lead time and must follow the COM order process.

All information on this form is required to accurately calculate the COM yardage needed.

Please complete and send to HPFI COM Coordinator. Fax: 1-800-231-6784 Email: CustomersOwnMaterial@hpfi.com

ERGONOMIC FEATURES & APPLICATIONS

Ergonomics, also referred to as Biotechnology of Human Engineering, is an applied science concerned with the characteristics of people that need to be considered in designing and arranging things that they use in order that people and things will interact more effectively, comfortably, and safely.

With respect to the office worker, ergonomics is applied to accommodate specific work postures that reduce or eliminate static loading of muscles, particularly in the neck, shoulder and lower back regions. These are the primary areas where musculo-skeletal illnesses occur, causing discomfort and pain.

In recent years we have, through the study of ergonomics, gained an increased understanding of the importance of prevention, in contrast to cure, for the seated individual. The result is new seating designs incorporating proper curvatures as well as individual adjustability. This seating construction has the following features and benefits:

- Front of seat is a “waterfall" shape - avoids restriction of circulation of blood in thighs and lower legs.
- Back support is designed with a compound curve to support lumbar vertebrae and help back hold a slightly forward arch. Fixed Lumbar Support has been incorporated into various chairs. Permanent fixed support allows proper passive ergonomic alignment of the skeletal frame.
- Seat cushion has only light but relatively firm padding so the buttocks can change pressure areas easily. Most seats are constructed with matrix support, as opposed to a platform (solid) seat pan. This increases comfort and works to reduce or eliminate pressure areas.
- Seat height is adjustable to accommodate both taller & shorter workers.
- Seat controls are designed to be able to adjust both back and seat for various positions and tasks.
- For safety, the chair bases have 5 prongs. This also makes movement easier.

As well as having all of the above features and benefits required to satisfy tasks that need to be performed. HPFI seating blends into the most discriminating office environment. Actuating paddles and knobs are positioned within easy reach from the seated position, and at the same time placed to avoid injury or inadvertent operation.

BASES

A. Wood Base:

A five prong steel understructure is continuously welded to a steel center hub for strength and durability. The center hub is equipped with a nylon hub liner to provide smooth and quiet swivel operation. Hardwood caps are secured to the steel understructure. **The base is furnished with a black metal sleeve and features black polyimide, non-abrasive, non-marking dual wheel casters.** These bases meet or exceed all BIFMA requirements. Optional additional casters are available.

B. Low-Profile Base:

Optional Leaders base features 5-prong die-cast aluminum under structure. Flat hardwood caps are finished and affixed to under structure. Contmeporary style. Meets or exceeds all BIFMA requirements.

C. Black Nylon Base:

Black five prong base of reinforced nylon resin. The base features integrated two inch hooded dual wheel casters, which meet or exceed all BIFMA requirements.

Please Note: The black nylon five prong base can be substituted for a five prong wood base at no up charge.

IMPORTANT: When ordering a replacement base or casters, please list the seating model number and the date of purchase (if known), found on the manufacturer label under the upholstered item.

PACKING

Prices quoted herein include packing. All items are packed one to a carton, except where indicated. All packing conforms to or exceeds minimum specifications as outlined in the Uniform Freight Classification.

We reserve the right to change or modify any of our products, pricing, or our packaging without notice.

Sentinel™ finish employs silver ions - a powerful, natural antimicrobial, antibacterial which assists in preventing the spread of infections without harm to human health. Disease-causing organisms on wood chair frames with Sentinel™ antimicrobial silver remain latent, are unable to propagate and soon expire. Sentinel™ antimicrobial cannot be washed away, worn off or depleted overtime. Its effectiveness is as powerful at the end of the life cycle as it is at its start.

FINISHES

The various finish combinations available for each chair model are specified by a wood finish code suffix. Wood finishes are available as noted on each page of the price list. The following legend for the wood finish code is listed at the bottom of each page of chair models available with wood finishes.

WOOD FINISH CODES

AP (Aspen)
WC (Windsor Cherry)
FM (Natural)
MAH (Mahogany)
MOB (Moab)
SL (Shoreline)
BLK (Black)
RM (Rouge Mahogany)
HCY (Honey Cherry)
ESP (Espresso)
BW (Boardwalk)
OAK (Medium Oak)
NOK (Natural Oak)

When ordering, please specify the quantity of each model, the complete model number, followed by a dash, the wood finish code, followed by the fabric name and fabric number. Example: To order 15 of model 1621 in a Windsor Cherry finish in Prism 742 Ocean fabric, your order should read:

15 1621 WC Ocean 742

PLEASE NOTE: Variations in wood color and grain pattern, contribute to the natural beauty of wood. The natural characteristics of the different species of wood, add to the distinctiveness of furniture and cannot be considered defects.

Examples of natural characteristics; pitch pockets (which are common in fruit woods such as cherry), appear as a dark spot in the grain that may not always completely accept finishing materials, darkness of end-grain on the edges of desktops, color variation of growth ring commonly called “tiger striping", slight variations in color from piece to piece.

All real wood products exhibit a certain amount of color variation when finished. This color variation is most often caused by the natural difference of initial color of the raw wood. This initial color, as with many other of the characteristics of real wood, is naturally occurring and contributes to the beauty of the finished product. These color variations are more noticeable in light colored woods finished with a clear lacquer finish. We strive to control variations in color as much as practical, however, slight variations are not defects.

DIMENSIONS

All size dimensions are nominal and subject to change. If you must have exact dimensions, please contact your Customer Service Representative. Worksurface dimensions will vary due to edge profile treatment. Always measure actual top before ordering glass or other cover to fit tops.

Custom Laminate Program

Any Wilsonart® laminate from the **Design Group 1**™ program (type 335 grade laminate) is available at an upcharge per unit. Upcharge is specified in each item description. Please specify the Wilsonart® laminate color when ordering.

Customer's Own Laminate Program: You may supply your own laminate at the listed upcharges. Please provide the exact quantity for each model number. The laminate manufacturer, color number, and grade must be provided also. We reserve the right to reject any laminate that does **not meet our manufacturing requirements.**

(*) Laminate requirements based on solid-color, non-directional design per single unit. For any laminate with pattern and/or multiple units, contact Customer Service for specific requirements.

These options **not available on Quick Ship** or regular lead time. Please call Customer Support for delivery dates.

PATRICE SIN 711-16

Patrice's cutting-edge design creates a first impression that differentiates and allows a departure from the traditional lounge seating. Lunette shaped arms permit freedom of movement from side-to-side and gentle arm support for a positive impact on the seating experience. Patrice encourages an open, collaborative environment and is ideal for spaces that are the hub of social activity.

- *Sleek layering of fabrics for an elegant visual effect*
- *Unique lunette-shaped half arms remove all barriers*
- *Angled satin finish chrome legs with stationary feet*

Power Option

Power modules can be installed in front or in side. See page 227.

Dramatic Curves

We believe that a seat can, and should, combine both form and function. For **Claudia**, we put special emphasis on the form. Take a seat and your arms will naturally fall into the gently undulating contour of the fully upholstered arms. Brightly polished aluminum legs add just the right amount of sparkle and visual interest.

Claudia Details

- *Angled satin finish chrome legs with stationary feet*
- *Taut-upholstery*
- *No-sag sinuous wire spring seat and back suspensions*
- *Coordinating cocktail and end table*

Power Option

Power modules can be installed in front or in side. See page 227.

SEATING

The Ultimate in Style & Comfort

The **Cirrus** collection offers the ultimate in comfort and style. The dual knit mesh backs provide a passive lumbar support that literally hugs your back. With easily adjustable height and width arms, the Executive and Management versions will adapt to practically any body size. A 5-position tilt-lock mechanism with tension adjustment is standard. A knee-tilt mechanism which moves the pivot point of the seat towards the front is also available. A unique, optional 6-position seat slider mechanism effectively extends the seat by 2.5" for those with longer legs.

Please Note: Mesh back and seat pan perimeter are available in three (3) colors: Black, Blue or Rouge. Black is standard and, therefore, does not require specification. To specify Blue or Rouge, add "**B**" for Blue or "**R**" for Rouge at the end of the model number.

Cirrus Design Details

- *Passive lumbar knit mesh back*
- *Braking casters*
- *5 Position synchro-tilt mechanism*
- *Height/width adjustable or loop arms*

Upholstery & Base Color Options

- *3 Standard Knit Colors (Black, Blue, Rouge)*
- *Choose from 3 standard or 6 custom knit colors combined with thousands of available upholsteries*
- *Full upholstered chairs also available*
- *Bases available in chrome or black*

SIN 711-18 QUICK SILVER

Four Designs, One Ergonomic Comfort

Quick Silver begins with an ergonomically shaped lumbar design, contoured to promote proper posture for comfort and long-term back support. Waterfall front seat edges provide freedom of movement and reduce stress on legs. All four Quick Silver designs incorporate these features in Executive, Management and Guest chair selections. Guest seating is also available.

Design Details

- **1270s** – *double trapezoid back stitching; upholstered arm caps on wood arms*
- **1830s** – *horizontal back stitching; all-wood arms*
- **3200s** – *flared vertical back stitching; upholstered arm caps on wood arms; swivel chairs also available with black base and arms*

Additional Features

- *Pneumatic seat-height adjustment standard*
- *Tilt-tension adjustment standard*
- *Extensive Standard & Quick Ship Upholsteries*
- *Limited Lifetime Warranty*

Affordable Elegance

Great design translates into all languages, and the **Accent** designs speak volumes. Graceful lines and contours are exercised in extra-thick solid wood frames with multistep finishes. Triple-groove construction of seat frame rails and corner blocks increases rigidity and long-term durability.

Accent Features

- *Four beautiful back designs*
- *Executive style and scale*
- *Triple-groove construction*
- *3" thick seat cushion*

Accent Back Design Details

- *Lattice wood back, available with or without back upholstery*
- *Open back, available with or without upholstered chair rail*

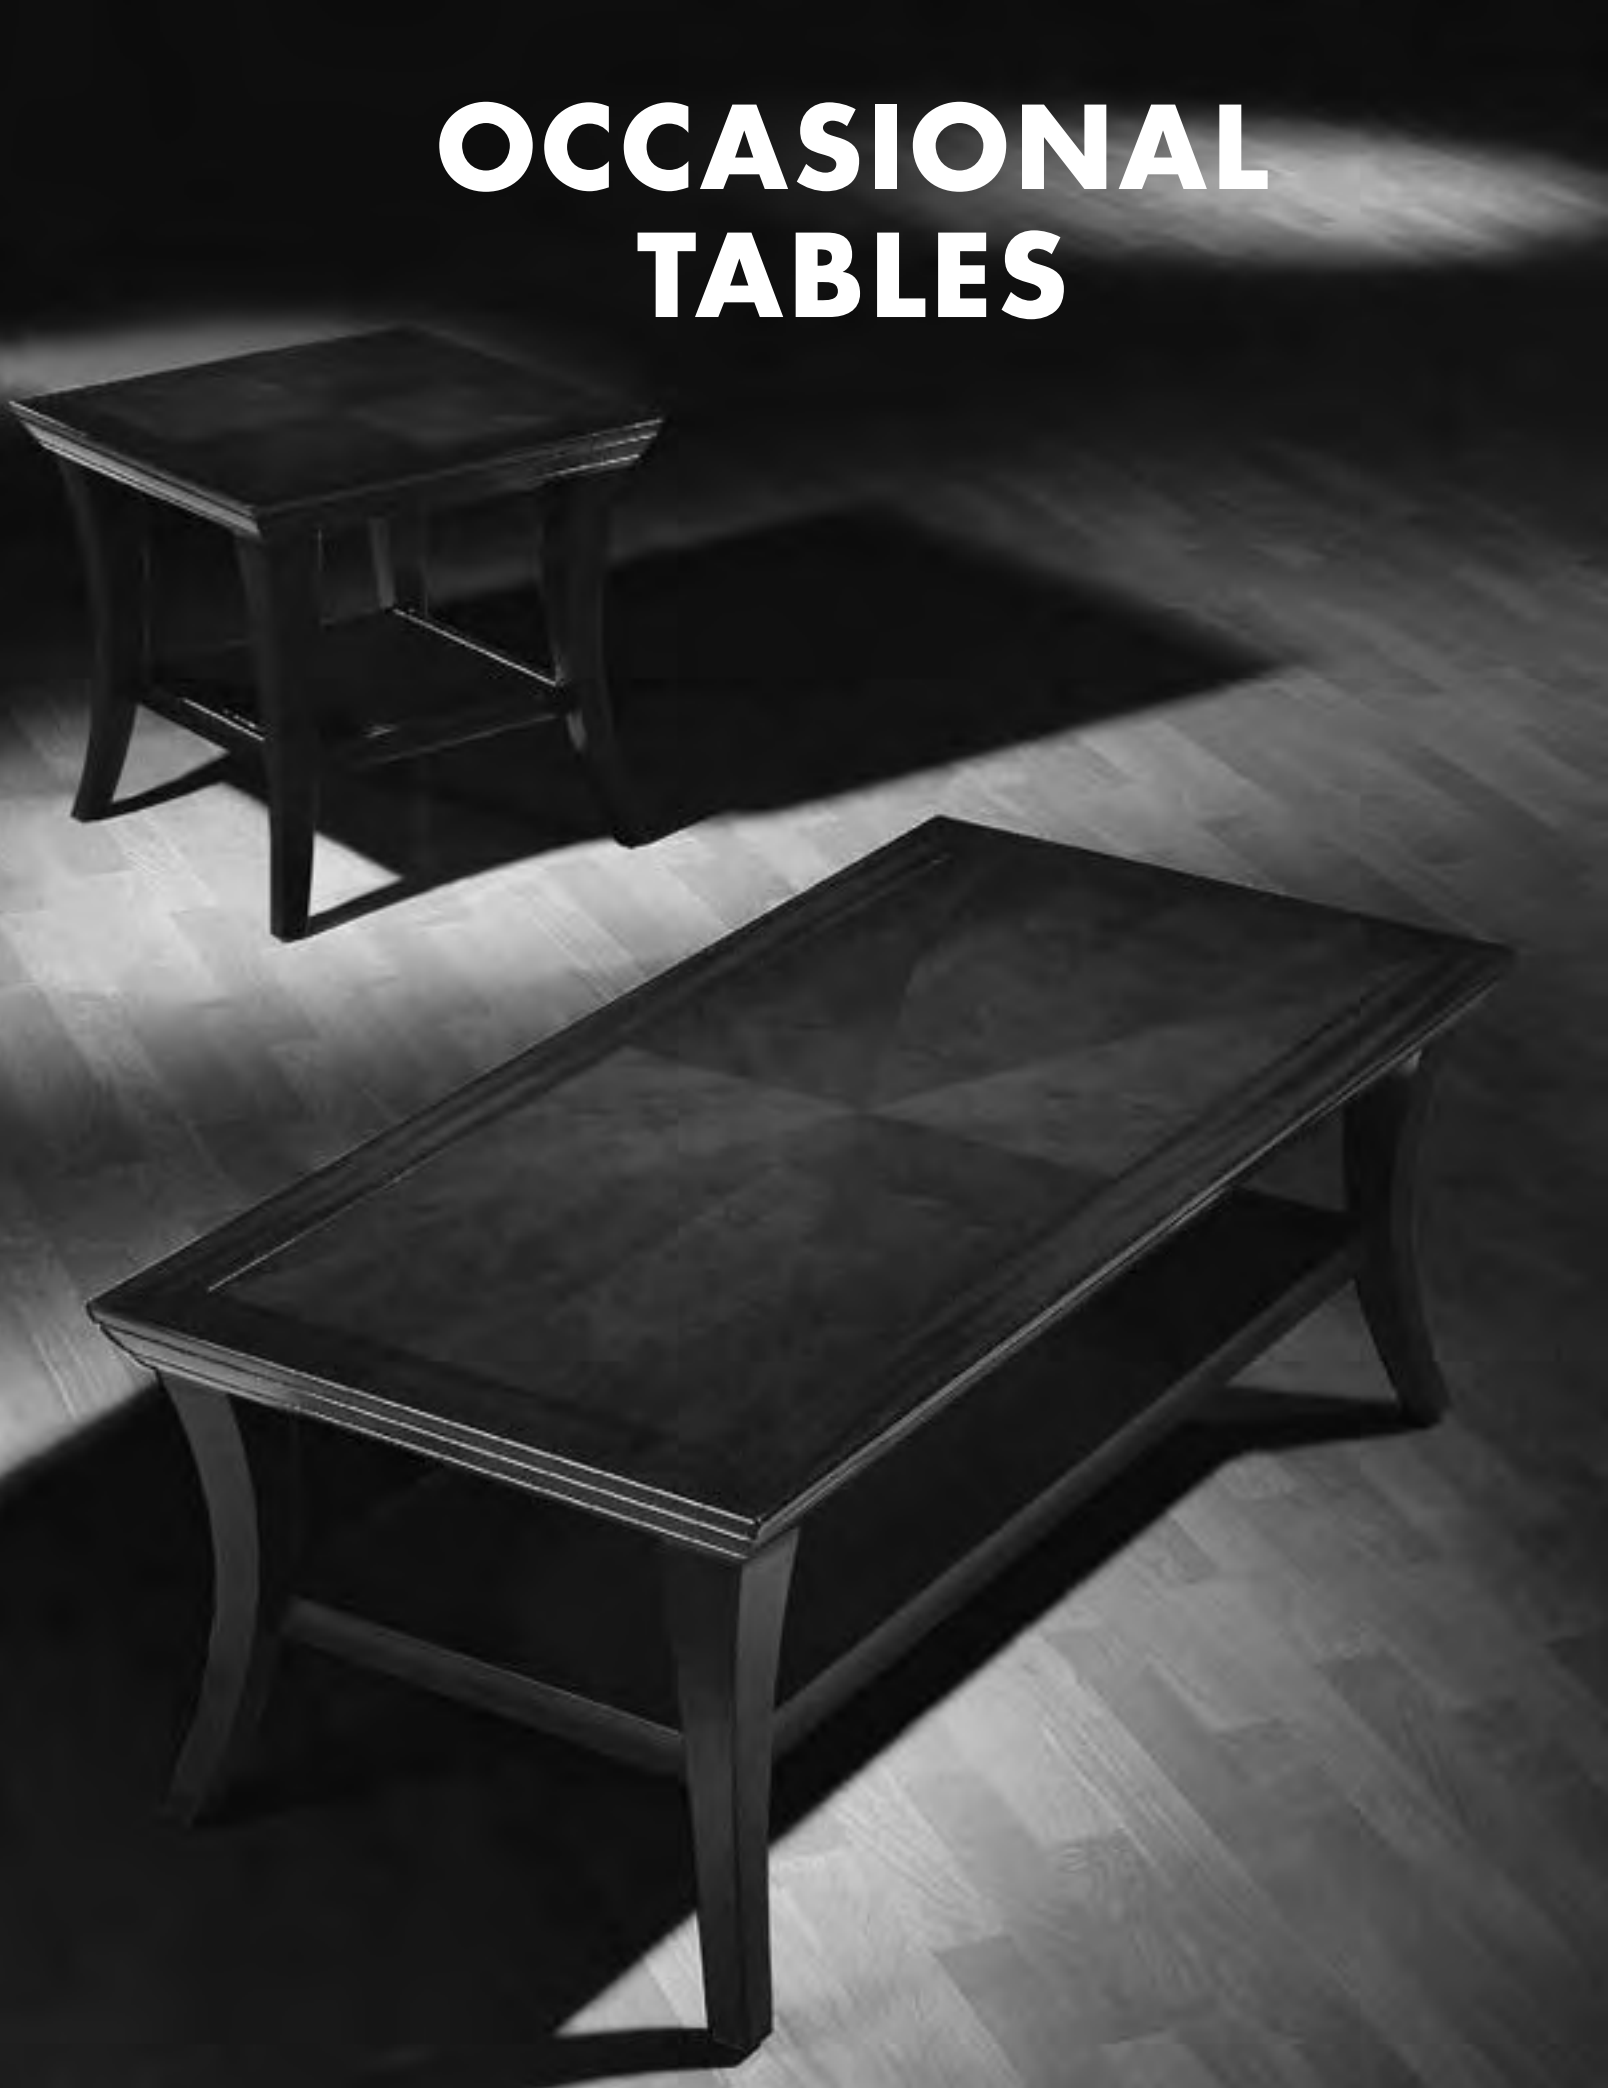
OCCASIONAL TABLES



Malibu Collection

Malibu occasional tables blend classic materials, steel and glass, to provide unique accents in a wide range of environments. Bases are built with tapered steel legs. Choose glass or laminate top.

Trados Metal Collection

Trados Metal occasional tables feature tubular steel base with a brushed aluminum powdercoat finish with a urethane clear coat. Choose glass or laminate top.

Stratus Collection

Stratus coffee table features two curved laminate tops with 2" top spacers to create a floating top. Four anodized aluminum column legs.

6700 Collection

Tapered-leg occasional tables that blend harmoniously with traditional or modern interiors, 6700 tables are available with veneer or laminate tops.

Nexstep Collection

Nexstep occasional tables bring dramatic style to any environment. Quarter-cut mahogany veneers are matched for unique pattern on tops.

Hyperwork Collection

High-quality, high-value contemporary tables for fast-paced business environments. Angled satin finish chrome legs add visual interest.

9100 Collection

9100 occasional tables feature veneer tops and the natural beauty of wood. Tops feature radius corners, ideal for waiting room environments.

7400 Modular Collection

The **7400** two-tier base creates heavy-duty frame for long-term use. Recessed plinth bases reduce scuffs and feature a textured, black vinyl surface that resists scratches.

Step Collection

Steps offers high-quality construction and durable black textured finish. Tables feature radius corners, sensitive to waiting areas where children may frequent.

Marquet Collection

Marquet table tops feature cherry, maple and walnut veneer in unique pattern influenced by traditional marquetry designs.

Bedford Collection

Bedford, an occasional table collection of traditional designs responds to the demands of the modern office. High pressure laminate top, 1-3/16" thick, has shaped edges.

Environmental and Sustainability Efforts

For more than 50 years, HPFI® (High Point Furniture Industries) has been building furniture in the United States with respect to our environment and our community. As a world-class manufacturing operation, we strive to reduce and eliminate our impact on the environment. We recycle and reuse wherever possible. When viable and acceptable to our customers, we incorporate recycled and recyclable materials into our finished products.

All certified HPFI® products are certified to level® 2. level, BIFMA's sustainability certification program for furniture, is a comprehensive and transparent third-party certification program. This standard is used to identify and certify the levels of environmental achievement as well as identify specific contributions of LEED points.

As a manufacturer of wood products, we recognize that our materials come from natural resources, which must be respected. Supplier partners are suggested to hold this same respect in harvesting and processing natural resources for supply to HPFI.

Laminate casegood materials are SCS certified for FSC-STD-40-004 v2-0, FSC-STD-40-003 and FSC-STD-40-005 v2-1standards as well as Composite Panel Association (EPP) certified for CPA 2-06 and CPA 3-08 standards. The cores of our casegood products come from suppliers that meet Sustainable Forestry Initiatives (SFI) standards and are over 80% recycled wood fibers.

Engineered wood components for upholstered seating products also meet SFI standards and meet CARB 2013 Standards for formaldehyde emissions. Seating foam is CFC-free, includes rapidly renewable bio-based materials and meets CAL TB117-2013.

Dust collection systems are in place to collect residual wood released during processing of raw wood materials into finished components for final assembly. The collected sawdust is reused for generating fuel, reducing waste as well as conserving another valuable resource, petroleum.

Proper finishing equipment is installed and maintained to appropriately collect any negative-impact materials. These are turned over to environmental professionals that specialize in safe and effective handling of such materials, further protecting our world.

We are committed to providing environmentally-conscious product solutions. HPFI actively markets Terratex-classified upholstery fabrics that are both 100% recycled (or bio-based) as well as completely recyclable (or compostable). These fabrics are manufactured from both post-consumer polyester (waste material left over once a consumer has used a product, such as a soda bottle) and post-industrial polyester (waste generated by an industrial process before the polyester is used by a consumer). In Life Cycle Assessments, Terratex-classified fabrics showed significantly lower environmental impact than fabrics made with virgin polyester across all twelve of the categories studied.

All corrugated cardboard material and containers used in the packaging and transport of our furniture products are made with a minimum of 41% recycled material (post-consumer and/or post-industrial) and meets standard performance requirements.

All of our associates are involved in environmentally-friendly practices. We utilize a 4-day work week, thereby reducing fuel consumption in both operations and commuting. Our sales brochures are printed on FSC-certified paper. Multiple collection bins are placed throughout our facilities for recycling to divert all production materials from landfills and recycled. Office paper, bottles, cans, etc. are also collected in our offices for recycling.

At HPFI, we understand the future does not belong to us, nor does the earth, nor its resources. The maintenance of our environment and a commitment to sustainability is an ongoing responsibility that we share with every person, organization and industry enjoying the abundance of this earth. We pledge to continually respect our resources and build community for those of us here today and for those who will follow.

Our sustainability efforts extend beyond the materials and processes involved in the manufacture and fabrication of our products. We also address end-of-life opportunities for our furniture. Additionally, our efforts involve social reponsibility with HPFI associates as well as our business partners.

HPFI®

All certified HPFI® products are certified to level® 2. level, BIFMA's sustainability certification program for furniture, is a comprehensive and transparent third-party certification program. The level mark attests that the product, our manufacturing facilities and our company have been evaluated against the multi-attribute criteria of the ANSI/BIFMA e3 Furniture Sustainability Standard.
