sweet ● of seating

WE ARE DEDICATED TO THE SWEET SPOT OF SEATING.

On the spectrum of seating, there's a sweet spot. It's where form and function, budget and reliability live happily ever after. Via Seating is dedicated to the sweet spot—great chairs that are easy to get from people who are passionate about the customer experience.

the sweet spot is customized not prescribed.

comfort

Our chairs are first and foremost comfortable, but don't take our word for it. Take the tush test and feel for yourself. There's a science behind our proprietary cushion molds that encourage optimal sitting positions. So while others may look similar, they simply don't offer the initial or long-term comfort you feel from Via Seating.

quality

Our product development process is driven by sourcing and developing high-quality components. Details like drawstring assembly and hand-steaming of seat fabrics to deliver consistent quality help differentiate us. (Sure it's quicker and cheaper to staple—but that's not how we think.) Our production crew takes enormous pride in their work. Plus, our Forever Warranty™ covers ALL components of your chair—and that includes our foam.

people

Can chairs change lives? Absolutely! We are a chair family that is genuinely considerate and respectful of the people we partner with and their customer experience. That means everyone who touches our chairs or supports the person who touches our chairs is important to us (and treated like kin). People who care with can-do attitudes are passionate about the customer experience and it shows.

ergonomics

We believe chairs are the single most important factor that impact health and wellness at work. We also believe ergo chairs don't have to be ugly. We take our responsibility for ergonomics very seriously, it's an art and science we are passionate about. Our chairs are designed with optimum support, intuitive ease of adjustment, and are built with quality components. We are driven to deliver the best fit chair for every body type.

48-Hour Ship

Compare our lead times with other quick-ship programs and you'll find we offer a greater selection of quality seating with a broader range of options. Choose a chair and we can have it on a truck in 48 hours or less. The point: Our lead times are customized, not prescribed.

american pride

Patriotism runs deep at Via. Our chairs are manufactured in Sparks, Nevada. U.S. military veterans are integral to our workforce. Service, discipline, vigilance and character are reflected in their commitment to the Via family and your seating. The hands of a veteran touch every chair—we think that's good for everyone.

100% commitment to quality

sweet ●

Via Seating is driven by quality of the highest order. Our standards reflect this. Every chair is produced with the highest quality components, and each chair is carefully tested and inspected before it's shipped.

That's Via's commitment to quality. That's Via's commitment to you. 100% of the time, for 100% quality. Quality, the Via way.

48-hour quick ship

sweet

Compare Via Seating lead times with other quick-ship programs and you'll find we offer a greater selection of quality seating with a broader range of options. Choose a chair and we can have it on a truck in 48 hours or less.

Via Seating makes every effort to completely fill orders as quickly as possible. Via is not liable for delays in our manufacturing processes due to delays from suppliers, strikes, lockouts or other labor difficulties, transportation difficulties, accidents, fire, war, riot, non-compliance with government regulations, acts of God or any other causes of delay.

veterans statement

Our workforce at Via Seating is characterized by long tenure (people stick around) and tenacity (the job isn't done until it's done flawlessly and completely). It's part of our culture - and we've built that culture with a great blend of people, including a vibrant core of U.S. military veterans.

We seek to hire veterans, we find that they bring the same discipline, vigilance and character to Via that they learned during their service to our country. We are immensely proud of all our high-quality people at Via, and we salute our veterans who make our country, our communities and our company stronger.

Every Via chair is touched by the hands of a vet - we think that's good for us, and good for you.

We cover all components of your chair with a **Forever Warranty** – and that includes the "happily ever after". So feel free to delve into the warranty details below, or save it for a dismally rainy day if you like. In any event, we've got you covered.

via's forever warranty

This warranty is given to the initial purchaser and is valid for as long as the product is owned by the original purchaser. This warranty is in effect from the date of original sale and covers defects in materials and craftsmanship found during normal single shift usages; single shift usage is five (5) days a week, eight (8) hours a day. See "Applicable Warranty Periods" below.

Products covered by this warranty will be either repaired or replaced at Via's discretion. Product repair or replacement of any defective part is the customer's exclusive remedy for any and all product defects. Labor is not included. Via accepts no other responsibilities or liabilities. Only those items free of misuse, abuse, accident, alteration, unauthorized repair, or damage by fire, flood, or other acts of God will be covered. This warranty applies to all Via products manufactured after July 1, 2011.

applicable warranty periods

Unless otherwise noted, all components are warranted forever.

exceptions:

- 10 Years – Brisbane HD 24/7 (2 years for fabric)
- 6 Years – Camden, Vista, Peak, Zee
- 5 Years – In-stock leathers, fabric, Genie™ mesh back
- 2 Years – Mesh back fabric (Voss, Riva, Proform™, Run)
- 1 Year – Supplemental lumbar components

warranty exceptions

- Normal wear and tear, abuse, fading, and COM/COL.
- Matching of colors, patterns, or dye lot.
- Mechanical Lumbar are warranted for one (1) year from the date of purchase.
- Products specified outside of those shown in this pricer.

warranted chair and chair control weight capacities

See chair configuration section for warranted weight capacities.

warranty claims

- Please do not return the product without prior authorization from Via.
- Please send a written notification of the defect to Via along with a copy of the original invoice.
- Please contact Via customer service at 1-800-433-6614 for details or email warranty@viaseating.com.

fabric, leather & wood variations

- Due to natural variations in materials, furniture containing leather or wood is sold subject to normal variations and/or irregularities of color, texture and grain.
- Via is not responsible for slight differences in fabric color due to supplier dye lot differences on large orders or on repeat orders.

ANSI/BIFMA compliance

- Via designs and manufactures all of its products in accordance with the ANSI/BIFMA standards.

product design

- Via reserves the right to make changes in design and construction or discontinue products without prior notice.
- All dimensions noted herein are approximate and subject to slight deviation.
- Via is BIFMA Level compliant. Please go online to see most up to date information.

in-stock fabrics and leathers

Visit viaseating.com/instock for a listing of fabrics and leathers stocked by Via.

These textiles are selected for their durability, consistency and popularity. They are subject to manufacturer's right to discontinue patterns or colors. Please contact our customer service managers with any questions at 1-800-433-6614.

graded in fabrics but not stocked at via

Graded in fabrics are not stocked at Via. **Allow 7-10 days for delivery of fabric and leather,** plus 4 days to check in. Subject to manufacturer's availability.

Please reference our website as noted below for Via graded-in options from Maharam Fabrics and Momentum Fabrics.

Maharam fabrics: Visit viaseating.com/fabrics_and_leather and select the Maharam link for Via graded-in fabric options. For Maharam samples, please call Maharam Fabrics directly at 1-800-645-3943.

Momentum Fabrics: Visit viaseating.com/fabrics_and_leather and select the Momentum link for Via graded-in fabric options. For Momentum samples, please call Momentum Fabrics directly at 1-800-366-6839.

NOTE: Arc-Com, Ultra Fabrics, and Designtex are also graded in.

CAL-117

All Via seating manufactured with Via in-stock fabrics meets the requirements of CAL-117. COM fabrics are not guaranteed to pass CAL-117. Please contact the supplier of the COM directly to determine the flame-retardancy of any COM supplied to us.

TB-133 (California Technical Bulletin 133)

21TB133 O Task/Stack add $100 List (add option -22UBF or -22UBL if a task chair)

Executive add $172 List

Lounge add $163 List per-seat (Seat includes: Two arms/seat/back)

Note: **Option FRBSU - Fire retardant back shell unit mid back Brisbane - no 22UBF or 22UBL required. Add $135 List.**

To specify a chair with TB-133 (fire proofing), you must also specify upholstered back shell: 22UBF or 22UBL and add the appropriate list price if the chair doesn't include an upholstered back as a standard.

Please Note: Additional COM/COL is required for TB-133! Please send in COM/COL requirements for seat/back cushions and the back shell.

The chairs presented within this price book, unless otherwise specified, do not meet California Technical Bulletin 133 (TB-133). Most Via chair models can be prepared to meet the flame-retardant requirements of California Technical Bulletin 133 (TB-133) and the Boston Fire Code. In order to comply with these fire codes, Via must upholster the chair twice: once with a flame-retardant material (i.e. Kevlar®), and secondly with a fire rated fabric. Additionally, most plastic components (i.e. seat pan, back shell, shrouds etc.) must be either removed or completely upholstered with a flame-retardant material.

Please note, any chair models specified to comply with TB-133 may not resemble what is photographed in any of our marketing materials after the above mentioned modifications have been made. Via is not responsible for determining the requirement of TB-133 compliance. Check with your local building departments to determine if TB-133 is required on your order. To specify TB-133 on Via chairs please refer to the pricing pages within this price book.

customers own material / leather

MUST BE TAGGED WITH RELEVANT PO# - 4 days for COM/COL to check-in - Subject to manufacturer's availability

Our Via Seating 48-hour manufacturing process starts after we receive and check in the COM or COL from the supplier. Via assumes no responsibility for the durability or tailoring quality of any COM or COL. Directional covers in particular, may not meet your satisfaction due to the design of certain products. Please be advised that products upholstered in COM/COL are not subject to return to Via. Via reserves the right to reject COM fabrics that, in Via's opinion, are unsuitable for its products. Via can determine this within 48 hours of receipt of the COM/COL sample. Under no circumstances will Via be responsible for shortages or flaws in the material or other such problems. Via will not be responsible for any costs associated (e.g. return freight and/or restocking charges) with rejected COM or COL materials. In order to meet delivery deadlines, we assume that our customers are aware of any undue delays in the shipment of their ordered fabrics. Once the COM has been accepted, Via assumes no responsibility for its overall appearance, flammability, normal durability, colorfastness, material defects, color inaccuracies, dye lot variations, or any other flaws related to the fabric quality after upholstered on a Via product. If you have doubts of the ultimate appearance of a certain covering, please order a sample cushion or chair upholstered in the specific COM or COL.

SEND COMS AND COLS PREPAID TO: Via Seating, 205 Vista Blvd., Sparks, NV 89434

In order to provide a cross reference for our production department, and to ensure accuracy on your order, both your purchase order and the arriving COM or COL must include the same detailed labeling information (such as a description of the fabric and/or leather, pattern and color number), and which of the Via items are to be covered with the arriving COM/COL.

We will be happy to supply yardage requirement quotes for large quantities of material where economies may be realized. Please contact Via customer service for a requirement quote.

Yardage requirements shown in the price list are based on non-directional goods with a width of 54". Fabrics less than 54" wide or those requiring matching stripes, prints, or matching large pattern designs require additional material. Add the following yardage for stripes, plaids, or patterns with repeats:

FABRIC WIDTH	PLAIN FABRIC	2" - 14" REPEAT: ADD FABRIC	15" - 24" REPEAT: ADD FABRIC	25" - 27" REPEAT: ADD FABRIC	28" - 36" REPEAT: ADD FABRIC
54"	0%	10%	15%	20%	25%
50"	10%	20%	25%	30%	35%
48"	15%	25%	30%	35%	45%
45"	40%	50%	55%	60%	65%
36"	50%	60%	65%	70%	75%

general information

Prices

- Prices herein are list prices and include freight (FOB destination) within the 48 contiguous United States.
- Zone restrictions apply to Alaska, Hawaii, Puerto Rico, Guam, Canada and Mexico.
- The best method of shipping is determined by Via Seating.
- All packaging is included.
- Prices are subject to change without notice, prior to order confirmation. List prices are subject to trade discount for qualified purchasers.

Terms

- Existing customers with approved credit; Terms are Net 30 Days. Past due accounts are subject to a monthly service charge of 1.5% (18% APR).
- All orders placed without approved credit must be pre-paid in full.
- First time orders with approved credit must be accompanied by a 50% deposit with balance due 30 days upon shipment.

Credit

- Credit should be established in advance of placing an order with Via to allow time for credit verification.
- A credit limit will be determined upon acceptance of satisfactory references.
- If an open account has not been established by the time of shipping, first time orders with approved credit must be accompanied by a 50% deposit with balance due 30 days upon shipment.
- New customers must contact Via, or via representative for a credit application.

Changes & Cancellations, whenever possible, Via Seating will attempt to honor change requests:

- Change requests may result in a change fee. Please call customer service for assistance.
- COM, COL and non-stock fabric or leather orders cannot be changed or cancelled without restocking charges.

Expedited Freight / Freight Claims

- Expedited freight for overnight, second and third day delivery are available, at an additional charge. Call your Via Seating Customer Service Manager for a quote.
- Freight claims - All damage claims should be filed with Via within five (5) days of receiving merchandise. Merchandise is sold FOB destination. All Via products are carefully inspected and securely packed prior to leaving our facility. The customer accepts responsibility for damage including concealed damage. Before accepting a shipment from the carrier, check for visible damage. Describe the visible damage on the freight carrier's delivery receipt. If damage is concealed, contact Via without delay requesting inspection. If this inspection is not obtainable, describe the damage in writing, giving the date the damaged product was received and file a claim with Via. If you could provide pictures that would be most helpful.

Returns

- Returns are not accepted without prior consent from Via and must have an RGA# (Returned Goods Authorization Number) assigned by Via.
- Authorized returns are subject to a minimum 25% restocking charge depending on circumstances.
- Shipping costs for returned merchandise are the responsibility of the customer.
- Via will not be responsible for any additional charges not pre-approved by Via customer service.

Expedited Production

- If desired, please call your Via Customer Service Manager for a quote.

Literature Errors & Omissions

- Every effort has been made to ensure that all Via literature, including this Price List, is up-to-date at the time of printing. However, Via is not responsible for errors or omissions, or consequences resulting from those errors or omissions. Pricing is also available online at viaseating.com.

GSA CONTRACT TERMS AND CONDITIONS

(C) Dia. Swivel and Tilt

VIA SEATING EXECUTIVE JURY BASE OPTION (WEIGHT CAPACITY 300 LBS)

Exceeding the most strict ANSI/BIFMA engineering standards, this slim profile mechanism features reinforced nylon bearings to assure smooth and noiseless operation. Tension control is easily achieved by a generous textured hand wheel located within easy reach near the front of the mechanism.

Executive Jury Base - Swivel/Tilt, with self-centering return.
Via Executive series models only.

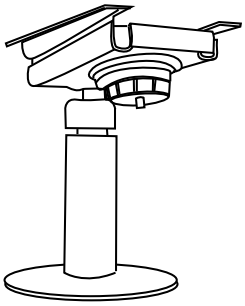
CALL CUSTOMER SERVICE FOR LEAD TIMES.
1-800-433-6614

This option is available on the following chair series:

- Linate Mid Back - Single Shell
- Carmel Mid Back - Single Shell
- Dyce Mid Back - Single Shell

Features Include:
- Height Adjustment
- Self return to center seat
- Tilt Function
- Anchor Base - Securing the chair to the floor

Add $250 List onto -11C control or equal pricing.



Black metal finish

Standard:
- Tilt angle 9 degrees.
- Swivel Rotation: Right 45 degrees / Left 45 degrees.

Desired seat height
- Seat height to be approximately 17.0"

Base
- 8" Diameter by .210 thick
- All steel plate base with six equally spaced bolt anchor holes.

BERGEN

FULL SCALE EXECUTIVE HIGH BACK WITH HEADREST

Bergen Model: 4103-12C-6A7-11PB

With characteristics similar to the Oslo Executive chair, this series offers the same automotive inspired engineering: steel frame construction with Via's Forever™ warranty foam injection molded around the frame that achieves Via signature comfort. Bergen offers height adjustable back, articulating head rest and seat depth adjustment. In addition, Bergen offers a more trim scale high back version, when a smaller footprint is desired. Finally, mid back versions are available and can be specified as either conference or management solutions.

BRISBANE
TASK SEATING

Brisbane Model: 2803-5C-39A5

A proven performer for ergonomic standards programs, Brisbane is fully modular offering three different back and four different seat sizes (including petite option). The standard task offering provides posture back, syncro or advanced ergonomic controls. Three arm styles offer height adjustment to full function capability. A full list of ergonomic options is available on the Brisbane series including the option of a stool kit. Also see Brisbane Heavy Duty (HD), for big and tall task solution.

SEAT & BACK | CONTROL | ARM STYLE | OPTION

Stool kit can only be used on a standard or medium size seat. To price, use -3C control and list price and model number, and add $136 to the list price.

Note: A slider can not be specified with a Stool Kit.

Includes lift and a footring.

TB-133 (CALIFORNIA TECHNICAL BULLETIN 133)

-21TB133 ●

To specify a Brisbane task chair with TB-133 (fire proofing), you must also specify upholstered back shell: 22UBF or 22UBL and add the appropriate list price. See page 7 for further information on TB-133.

Please Note: Additional COM/COL is required for TB-133! Please send in COM/COL requirements for seat/back cushions and the back shell.

NOTES / IDEAS, COMMENTS & REMINDERS

BRISBANE HD 24/7

HEAVY DUTY TASK SEATING

Brisbane HD 24/7 Model: 1705-61C-41A5

From heavy duty, big and tall and even 24/7 requirements the Brisbane series covers multiple applications. This heavy duty task series can accommodate weight variety from 100 to 450lbs depending on how it is specified. This extension of the Brisbane series offers two back sizes with four seat sizes that can be specified with both the mid or high back. High performance ergonomic syncro control is standard with opportunities to add options like seat slide and mechanical lumbar. If it's a heavy duty or 24/7 task application then Brisbane HD is the solution.

CAMDEN

GUEST SEATING

Camden Model: 223-C

The Camden series offers a versatile collection of guest seating solutions that can be used in a wide variety of applications. Camden can be specified with either an oval or tapered back style depending on the environment. The oval back boasts 'wall saver' capability and the tapered back offers a more sophisticated look. Frame colors include black or Chrome, and can be specified with or without casters, with or without arms and can gang and stack. The Camden's fully upholstered seat and back offer a very comfortable sit and therefore lends itself to guest seating, waiting areas, training room or cafeteria applications.

CARMEL

EXECUTIVE / CONFERENCE SEATING

Carmel Model: 6903-9C-90A-11PB

This popular chair offers subtle curves that achieve incredible comfort, combined with classic tuxedo styling to make this well designed series unique. Carmel is available in high and mid back versions and can be specified with single shell structure suitable for conference application. Split back construction offers syncro movement with the additional opportunity to add seat depth adjustment. The split back version can easily compliment a private office setting as an executive multi-task solution. Both high and mid back Carmel offer the same tuxedo style finish on the back as well as the front. So whether free standing in space, or in glass walled board rooms, Carmel's styling is visible from all angles. Several different arm styles and a wide variety of options for custom specifying are available.

NOTES / IDEAS, COMMENTS & REMINDERS

DYCE

EXECUTIVE / CONFERENCE SEATING

Dyce Model: 5303-11C-90A-11PB

The Dyce series was designed for glove-like comfort but handsomely delivers unique function for both management and conference solutions. Available in both high and mid back options, this single shell construction offers one control option perfect for either application. The high back version offers an articulating headrest by way of metal frame construction with proprietary hinge system at the perfect angle for comfort and support. Dyce can be specified with several different arm styles ranging from executive open loop to ergonomic height adjustable options.

ESSEX

EXECUTIVE / CONFERENCE SEATING

Essex Model: 4703-9C-90A-11PB

With characteristics similar to the Bergen Executive chair, this series offers the same automotive inspired engineering: steel frame construction with Via's Forever™ warranty foam injection molded around the frame that achieves Via signature comfort. Essex offers height adjustable back, articulating head rest and seat depth adjustment. In addition, Essex offers a more trim scale high back version, when a smaller footprint is desired. Finally, mid back versions are available and can be specified as either conference or management solutions.

GENIE™

TASK / CONFERENCE SEATING

Genie Model: 421-26C-45A1-6W

Genie is a high performance task series and offers a single, versatile mid back size with three seat sizes (including petite). The back frame design offers upper thoracic mobility and scapular release – creating opportunities for the user to move freely within the confines of a smaller workstation set up. The mesh (back) is elastomeric, 4-way stretch offering optimal spine support and long term comfort. Genie can be specified with a high performance syncro control with side mounted back tension control with options of seat slide or simple to use swivel tilt control. Arm options range from full function height, width and arm cap rotation, to a nicely designed fixed conference/training arm. Therefore, Genie is a great cross over series from task to conference. Finishes include black and white frame options, eight different mesh colors with matching seat upholstery. COM options are also available. In Addition, there are multiple base color options including white.

HEATHROW

EXECUTIVE SEATING

BIG AND TALL

Heathrow Model: 8803-37C-4A-11PB

This series from Via was originally designed as a 'Big and Tall' executive chair solution and has had success in meeting the needs of this specific requirement. Heathrow also delivers carefully tailored, executive class styling with this heavy duty application. As a result of this initial success, Via now offers a midscale version of this high back, that embodies the same classic styling. Both models have the same aesthetic appeal and offer several different arm styles. Options are available to custom specify this solution including metal bases, or mechanical lumbar.

LINATE

EXECUTIVE SEATING

Linate Model: 5503-9C-14A-11PB

The original signature product from Via and still one of the best and one of the most comfortable. This classic style can lend itself to a wide array of environments from contemporary to traditional. The structural integrity of this executive chair is brilliant. The outer back shell can be specified either as a single shell with simple rock and lock control, or as a split back that offers syncro movement, seat Slider and additional lumbar if required. The fit and overall sitting experience of both the high back and mid back versions communicates superior comfort and support. Linate offers several different arm styles from full panel luxurious finish to ergonomic function. Metal base options are available in addition to other product enhancements that can be custom specified.

NOTES / IDEAS, COMMENTS & REMINDERS

PEAK

STACK SEATING

Peak Model: 453-C-02P

The Peak stack series offers multiple poly seat, arm and back colors in an array of designer colors at an incredible price. Peak can be used in private offices for guest seating with upholstered pad options available, collaboration areas, temporary training rooms or even cafeteria areas. It stacks, it gangs and it sits very comfortably with pivoting function flex in the back and a generous seat width. Peak can be specified with either a Chrome or black frame, with or without casters, and with or without arms. It stacks to the peak and has the option of a cart for ease of mobility.

PROFORM™

CONFERENCE / TASK SEATING

Proform Model: 172-61C-38A-17PB

Proform is a complete seating system that provides a comprehensive, consistent look throughout a floor plan. This series offers high and mid back options in both upholstered and mesh back finishes. Two upholstery styles (parallel and panel) create opportunity to custom design the right look. Mesh back offers exceptional comfort/support and a wide range of color options. Both back heights offer ratchet back function with excellent slim line profile. Proform is designed for maximum support, comfort and performance. Control options on this series range from simple rock and lock to full ergonomic syncro function. Choose from a variety of different arm styles. Proform lends itself to management, task and conference applications.

SEAT & BACK CONTROL | ARM STYLE | OPTION

Stool kit can only be used on a mid back upholstered mid back mesh standard or medium size seat. To price, take -61C list price and model number, change -61C to -24C, and add $136 to the list price.

Note: A Slider can not be specified with a Stool Kit.
Includes lift and a footring.

TB - 133 (CALIFORNIA TECHNICAL BULLETIN 133)

-21TB133 ●

To specify a Riva Act II task chair with TB-133 (fire proofing), you must also specify upholstered back shell: 22UBF or 22UBL and add the appropriate list price. See page 7 for further information on TB-133.

Please Note: Additional COM/COL is required for TB-133! Please send in COM/COL requirements for seat/back cushions and the back shell.

RIVA ACT II

TASK / MULTI-PURPOSE SEATING

Riva-Act2 Model: 4M22-61C-39A4

Riva is an intensive task seating series. It is a hard working task seating solution. This series offers four back styles (high and mid backs either upholstered or mesh) and three seat sizes that can be matched up to custom fit the individual. Riva's modularity offers the opportunity to fit a broad range of shapes and sizes. All ergonomic functions are available with this series and the control choices offer posture back and syncro movement with the option of seat depth adjustment. The Riva high back offers a fully upholstered back as standard and can be specified with an executive loop arm (upholstered or Non Upholstered). The other arm options offer height adjustment to full function capability depending on the required application. A full list of ergonomic options is available with the Riva series. The option of a drafting stool kit is also available.

RUN

TASK / CONFERENCE / GUEST SEATING

Run Model: 961-52C-38A

Flexible in design, comfortable in sit and suitable to any budget. The Run series delivers breadth of line to cover applications from task right through to conference and guest applications. Simple to specify, Run offers a generous, single, medium seat size with one mid back size. The mesh back is 4-way stretch which offers great support and comfort and is available in multiple colors. This family of seating offers high performance ergonomics with a great syncro control, conference application with nicely designed loop arm and swivel tilt control and a four-leg frame for guest applications. Multiple arm styles and menu driven options provide opportunity to custom build for any environment.

NOTES / IDEAS, COMMENTS & REMINDERS

SIENNA
LOUNGE SEATING

Sienna Model: 95-RSL-9MF

Modular lounge seating ready to ship in 48 hours. Sienna is comfortable, functional and offers a wide range of options to create custom solutions. This lounge seating system is metal frame construction with injection molded foam surrounding the frame. It is completely modular in that each component is cleverly engineered to fit together easily. This means replacement of components after it is in service is possible. Sienna has two different arm styles to choose from both of which can accommodate a tablet arm. Duo upholstery options are also available.

SPEC STOOL

MULTI-PURPOSE

Spec Stool Model: 1401

Spec can fit anywhere and can meet applications for compact guest seating for a work station through to medical stool application. It offers a comfortable, perfectly round seat with two height adjustment options; one operated by hand and the other operated by foot activation. The latter makes it suitable for medical stool use. But as the name suggests, you can spec this anywhere. Versatility is its strength.

TERRA

TASK SEATING

Terra Model: 124-3C-38A3

A proven ergonomic standards solution, Terra offers three different seat and back sizes to accommodate a broad demographic of all shapes and sizes. Being completely modular, each seat size can be complimented by any of the back sizes making it a fully modular solution perfect for ergonomic standards. Terra's easy to adjust controls offer posture back, syncro movement or advanced ergo features. An extensive range of ergonomic options are also available on the Terra series. Three different arm styles offer standard height adjustment to full function support. The Terra can be specified with a stool kit for non-standard task height applications.

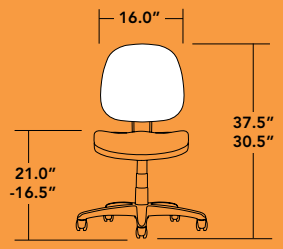
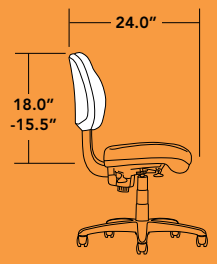
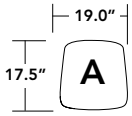
TERRA

LOW BACK - 114 / 115 / 116

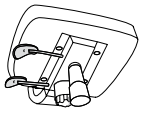




TASK SEATING



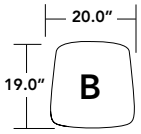
-3C
Active Back Control



Use for: Conference and task seating

Mechanical functions

- Five position back angle lock
- Back recline tension control
- Seat height adjustment
- **Add -12SS for seat slider**
- Seat angle is fixed
- Weight capacity 350 lbs.

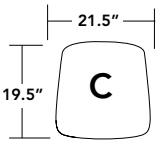


-5C
Advanced Ergo Control

Use for: Heavy duty task seating

Mechanical functions

- Five position back angle lock
- Back recline tension control
- Seat height adjustment
- Seat and back free float independently
- **Add -12SS for seat slider**
- Weight capacity 300 lbs.



-6C
Bio Syncro Ergo Control

Use for: Task seating

Mechanical functions

- Back recline tension control
- Ratchet back height adjustment
- Seat height adjustment
- 2:1 Synchronized movement
- **Add -12SS for seat slider**
- Six position lock
- Tilt tension control
- Weight capacity 300 lbs.

SEAT & BACK | CONTROL | ARM STYLE | OPTION

Stool kit can only be used on a standard or medium size seat. To price, **take -3C list price** and model number and add $136 to the list price.

Note: A Slider can not be specified with a Stool Kit.

Includes lift and a footring.

TB-133 (CALIFORNIA TECHNICAL BULLETIN 133)

-21TB133 ●

To specify a Terra Act II task chair with TB-133 (fire proofing), you must also specify upholstered back shell: 22UBF or 22UBL and add the appropriate list price. See page 7 for further information on TB-133.

Please Note: Additional COM/COL is required for TB-133! Please send in COM/COL requirements for seat/back cushions and the back shell.

NOTES / IDEAS, COMMENTS & REMINDERS

VISTA CLASSIC
GUEST SEATING

Vista Model: 324-B-WH

Vista embodies the Via quality and comfort and offers a distinctive look suitable for a wide variety of environments. The cleverly designed back is sculpted to provide a generous sit and showcases a very attractive, but practical, cut out area. This element provides an interesting aesthetic but also services the requirement for a 'wipe out area' for Healthcare environments. It can also be used as an easy to access 'hand grab' for moving the unit. The VISTA series includes a stool frame and a Bariatric version. The VISTA Bariatric solution is weight rated up to 500 lbs.

NOTES / IDEAS, COMMENTS & REMINDERS

VISTA II

GUEST SEATING

Vista Model: 322-B

Vista II, is stout, well-built and allows for specifying with arms or without, with casters or without and is available in both Chrome and black finishes. What makes Vista II different? The back shape, no cut out area (like Vista classic), and an outer plastic back shell with the option of upholstery, and a wall saver frame. This provides a competitive price as a result. This design is also available with stool frame and bariatric model. Bariatric model is weight rated up to 500lbs.

VOSS

EXECUTIVE / CONFERENCE / TASK

Voss Model: 2V39-10C-39A8-11PB

Voss can be specified for every area of the floor plan, from corner office to front desk and everywhere in between. This extensive series covers full and mid scale executive high backs, full and mid scale mid backs and high and mid mesh backs.

Voss executive offers unique functionality that includes triple adjustable cervical spine support (headrest) adjustable height back, seat depth adjustment, syncro movement and a wide range of options including several different arm styles.

Voss task provides a superior range of comfort, support and design options. The mesh back can be specified as a high or mid back solution. This strikingly good looking task chair provides suitability within a private office or conference room environment. A range of controls and arm styles can be specified to suit either application. A wide variety of menu driven options are also available for custom configuration.

ZEE

GUEST / STACK

Zee Model: 731-W

A beautiful, perfectly scaled multipurpose seating series. Zee can be specified in applications ranging from guest seating, open collaborative areas / meeting zones to cafeteria use. Its lines are enviable from any angle and the open back design creates flex in the back and an interesting visual focal point. Zee can be provided with a upholstered seat pad or fully upholstered inner shell. Five frame styles are available; four leg, rolling base, sled base, a stool height frame and swivel base. Frame color options are black, chrome and white.
