Warranty, Terms and Conditions

OFS casegoods and conference products are guaranteed to be free from defects in design, material, and workmanship, given normal use and proper care, for 12 years of single-shift service with the exceptions noted below. OFS will repair or replace, at our discretion without charge to the original purchaser, any product or part thereof which fails as the result of such a defect during the warranty period. OFS assumes no responsibility for repairs to products that result from user modifications, attachments to a product, misuse, abuse, alteration, or negligent use. Except as stated above, OFS makes no expressed or implied warranties as to any product, and, in particular, makes no warranty of merchantability or of fitness for any particular purpose. OFS shall not be liable for consequential or incidental damages arising from any product defect.

All components not listed below — 12 years
All drawer glide suspensions — lifetime
All locking mechanisms — lifetime
All door hinges — 12 years
Door latches — 12 years
Drawer pulls — 12 years
Casters/pneumatic lifts — 2 years
Projection Screens — 2 years

This warranty does not cover:
- Damage caused by a transportation company.
- Natural variations in color, grain, or texture of wood and other covering materials over which OFS has no control.
- Damage created by loading file drawers with anything other than hanging files.
- Freight or other shipping charges on returned product or parts, labor and service.

ordering information
All orders should be placed with:
OFS
1204 East 6th St.
P.O. Box 100
Huntingburg, IN 47542
800-521-5381 Fax 812-683-7256
order_entry@ofsbrands.com

A customer drawing or sketch of the planned configuration in modular applications will facilitate order processing.

prices
All prices herein are list prices including delivery to one destination, effective with the date printed on the cover and supersede all other published price lists.
US List Prices are domestic prices only for shipment within the Continental United States. Prices are subject to change without notice, unless quoted in writing.
Possession of the price list does not constitute authority to sell or offer for sale OFS products.

acknowledgments
Orders are acknowledged upon receipt of credit approval. Your acknowledgment is a detailed description of items, prices, shipping information, and shipping date. Please read your acknowledgment closely and notify OFS immediately of any discrepancies. OFS is not responsible for errors on orders placed by phone without written confirmation.

availability
OFS is committed to the fastest possible delivery of all products. Items on the OFS Arrival Day 12 program will be delivered on or before 12 business days from date of credit approved order. OFS Arrival Day 12 items that deliver in 12 business days are indicated by a symbol following the model number. Statutory holidays and scheduled factory vacations may add to acknowledged lead times of Arrival Day 12 orders. Available factory capacity for Arrival Day 12 is filled by orders received on a "first come, first serve" basis. If the normal Arrival Day 12 lead time is not available for your orders because available capacity has been filled, you will be immediately advised. Arrival Day 12 orders must be "clean" when received in order to be considered officially received on a given day, and lead times will be acknowledged from the date orders are determined to be "clean." Changes to Arrival Day 12 orders are not allowed under any circumstances.

Items ordered for delivery under OFS's Arrival Day 12 program must be clearly designated on customer's purchase order by placing the letters AR in front of the model number.

Example: **AR**-5-7236FDPB2-MCC-DM-BB-FS-FS-G1

On purchase orders that contain items for both Arrival Day 12 and standard lead times, please clearly mark order to ship and backorder. If ship and backorder is not specified, these orders will be shipped complete at standard lead times. All other items are available within our normal manufacturing schedule. For information on stock availability, call our ***customer service hotline 800-521-5381.***

Note: Planned shipping dates may be delayed due to fires, strikes, natural disasters, or other causes beyond our control.

quantity orders
Contact your OFS Customer Service Representative to verify inventory and production schedules to ensure requested shipment date prior to placing large quantity orders.

delivery and freight charges
All shipments are F.O.B. point of shipment, freight prepaid and allowed, excluding fuel surcharges. Shipments outside of the Continental United States are freight prepaid and allowed to port of exit. OFS reserves the right to select the most appropriate carrier and routing on all shipments; however, we will try to accommodate requests for your preferred carrier. OFS reserves the right to implement a fuel surcharge. **Orders of less than $1500 net** will be assessed a handling charge of $100 net per order. Any charges arising from failure to receive a shipment, rerouting while in transit, or carrier storage charges are not included in prices shown. Orders requiring special services are subject to an additional charge.
These services include:
- Reconsignment from original destination to new destination - $35 plus $3.00 per mile net
- Refused/Returned Freight
  - Freight refused at destination and returned to OFS - Double Freight
  - Freight refused at time of delivery; returned to OFS to deliver at a later date - Triple Freight
- Detention Fees (after 2 hours of waiting) - $85 net per hour
- Weekend delivery available Friday after 3:00 p.m. through Sunday night, or Holiday - $600 net per truck
- Customer Pickup
  - Customer Request for 3rd party to pick up freight at OFS terminal - $125 net
- Change of Tags/Address/Phone #'s on Shipments - $35 net

special orders
The OFS line of office furniture is among the most complete in the industry. However, should a particular need arise requiring size modification or customization, contact your Customer Service Representative for a price quotation. Because of the uniqueness of the product, special orders are not subject to cancellation.

cancellation and order changes
All orders accepted by OFS are considered firm and binding and are not subject to cancellation.

warehouse storage charges
If a shipment is held beyond fourteen (14) calendar days after the order is ready for shipment at your request, a .067% per day (2% per month) storage charge will be assessed. The effective date will be fourteen (14) calendar days after the order is ready for shipment, as long as this date is after the acknowledged ship date. Further, the prices applied to the order will be those prices in effect at time of shipment.

extended production and ship dates
Orders placed with OFS with extended lead times as requested by you will be subject to price in effect at time of shipment.

damaged merchandise and freight claims
1. Inspect all cartons for damage and verify carton quantity. All shipments are delivered to the transportation company in good condition; OFS's liability ceases at this time. Do not refuse merchandise damaged in transit. Instead, enter a claim with the transportation company.
2. Record damages and/or shortages on the bill of lading and freight bill. Do not accept the shipment until all shortages are noted on both the bill of lading and the freight bill. Sign only for the items you receive. If you give the delivering carrier a clear receipt for a shipment, the carrier is relieved of further responsibility.
3. If concealed damage is found: Notify the delivering carrier at once and request an inspection. For shipments via Styline Logistics, notify your OFS Customer Service Representative. This must be done within 20 calendar days of delivery. Without this inspection the transportation company will not entertain a claim for loss or damage. If the carrier will not perform the inspection, you should prepare an affidavit that you contacted the carrier, noting the time and date, and that the carrier failed to comply with your request. All shipping cartons and inner packing must be retained for carrier inspection. Do not move the damaged merchandise from the receiving location. It must also be retained for the inspection.

return of merchandise
OFS will not accept returned merchandise without a signed Return Authorization (RA) issued by our Customer Service Department. All returned merchandise must be properly packaged and cartoned to prevent further damage. Carton must be clearly marked with identifying RA number so that proper credit can be issued. We will consider issuing RAs for the following reasons:
- Manufacturing defect (must be inspected by an OFS sales representative)
- OFS order processing error
- Shipping error
- Duplicate shipments
- Mismarked cartons

All merchandise must be returned within thirty (30) days of the date of the RA to receive credit. Freight damage, signs of usage, missing parts, etc., will be adjusted on the amount of credit to be issued.

repair charges
Reimbursement from OFS for repairs must have prior approval.

finishes
euroluxe™ with SILVERBAN™

The patented Euroluxe™ finish is a chemically re-engineered Urethane clear coat that preserves the beautiful depth and clarity of OFS' finishes, but allows for much greater performance with chemical and scratch resistance, as well as the complete elimination of dangerous formaldehyde emissions. The Euroluxe™ finish system achieves indoor air quality standards set by LEED and BIFMA furniture emission standards and allows all products to achieve SCS Global Services' Indoor Advantage Gold Certification.

SilverBan™ technology is an antimicrobial utilizing silver ions infused into the Euroluxe™ wood finish for antimicrobial protection on all exposed wood surfaces. SilverBan™ inhibits the growth of mold, mildew, fungus and bacteria on wood surfaces, as well as odors caused by bacterial growth, by 99.99%.

custom finishes
Custom finish color matching is available for special requirements. OFS must be provided with a suitable 8" x 10" or larger finish sample. OFS has a complete library of previously developed custom finishes that may be an acceptable match. However, new custom finishes can be developed to meet specific needs. **There will be a $300 net upcharge per order for new custom finishes (waived on projects of $100,000 list price or more). Custom finish upcharge for repeat or additional orders will be $150 per order, even when the upcharge was waived on the original project.** Custom finish matches are valid for 12 months from sample date. After this time period, custom finishes must be rematched and reapproved for use.

finish disclaimer
Some desktop accessories with plastic feet can penetrate or burn the finish. This is not a defect in the finish. Wood is a natural product and minor variations in wood color, grain, and texture may be visible even though the pieces are finished at the same time. Also, light finishes when exposed to ultraviolet rays may darken and change color. These are not defects in the finish, and merchandise cannot be replaced because of these natural variations.

BIFMA and ANSI testing
OFS is a member of the Business and Institutional Furniture Manufacturer's Association (BIFMA). Tests developed by BIFMA and approved by the American National Standards Institute (ANSI) determine the strength and durability of casegoods and seating in its everyday use. Although this testing does not serve as a warranty or guarantee, OFS products within this price list generally meet or exceed applicable BIFMA and ANSI standards.

memberships
OFS is proud to be a member and support these organizations:

MEMBER BIFMA INTERNATIONAL

IFMA International Facility Management Association

IIDA INTERNATIONAL INTERIOR DESIGN ASSOCIATION

tackboard fabrics
All OFS carded fabric patterns **except Vinyls and Leathers** are preapproved for tackboard application (see OFS Seating Price List for patterns and colors). A complete list of fabrics that have been tested for tackboard application can be accessed at www.ofs.com · Products · Materials · Textiles · Tackboard Fabrics. Each fabric pattern and vendor is listed with a "YES" or "NO" for approval. If your selected fabric is not on the list, please contact your Customer Service Representative for approval.

locking information
Standard Locks are always keyed alike with key number 345T. Standard locks are placed inside the top drawer for shipping and are field installed.

specific key options
Requirements for specific key options by office must be specified on the purchase order at the time the order is placed. Model Numbers with specific key options will specify "NO LOCK CORE" on the acknowledgment. A separate line item will be listed on the acknowledgment as "LOCK CORE SET." Lock core and key (only 1 key is now included).

keyless cabinet locking system
Keyless cabinet locking system uses radio frequency technology. One transmitter pad can operate single or multiple receiver latches. The locking system operates with separate and programmable user and supervisor codes. Optional modes are available for manual locking, self locking or single use locking of drawers and doors. Please contact your Customer Service Representative for applicability and for a price quotation.

field installation
Blank lock cores are installed at factory, allowing specific lock numbers to be ordered but shipped in a separate package for field installation. Lock Core Order Form (see page 5) **must be filled out and submitted** with the purchase order. Lock core/key numbers 100 through 150 are available. For quantity of locks per unit, please visit www.ofs.com and select Resources · Forms & Documents · Lock Core Guide.

re-keying in the field
Lock core and key can be purchased separately. The purchase order must specify quantity, key number(s), and color of the core (available in nickel, brass, or black). Key numbers above number 150 are not stocked and may require a 2-week lead time. Orders ship standard UPS ground. **Please note:** A lock core change tool must be ordered for lock cores that will be re-keyed in the field.

item	*list*
Lock Core and Key	$15
Lock Core Change Tool	$26
Master Key	$26

All items are non-returnable.

Lock Core Order Form

Date: Submitted By:

Dealer Name:

End User Name:

Purchase Order No. Acknowledgement No.

Comments:

If Lock Core Order Form is not submitted with the purchase orders, all units will be keyed 345T.

NOTE: Each lock ordered consists of one (1) core and one (1) key.

Quantity	Key No.	Color	Tag

Lock cores are available in **nickel, brass, or black.** Key numbers **100-150 are in stock,** and available for shipment with purchase order. Other key numbers will be ordered, acknowledged, and shipped on a separate order with a three week delivery. Please continue on additional page(s), if needed. Indicate No. of Pages here_____

OFS Environmental Attributes

Euroluxe™ with SilverBan™
The patented Euroluxe™ finish is a chemically re-engineered Urethane clear coat that preserves the depth and clarity of OFS Brands finishes and achieves SCS Global Services' Indoor Advantage Gold Certification. SilverBan™ technology utilizes silver ions infused into the Euroluxe™ wood finish for anti-microbial protection on all exposed wood surfaces.

All OFS Brands products have achieved **SCS Indoor Advantage Gold Certification** from SCS Global Services. Indoor Advantage Gold certification is SCS Global Services' highest level of indoor air quality performance for furniture. The certification assures that furniture products support a healthy indoor environment by meeting strict chemical emission limits for volatile organic compounds (VOCs). To be certified, products must be tested by independent labs for compliance with the ANSI/BIFMA X7.1, and either ANSI/BIFMA e.3 or CDPH/EHLB Standard Method V1-1 for VOC emissions of concerns.

level is the multi-attribute, sustainability standard and third-party certification program for the furniture industry. It has been created to deliver the most open and transparent means of evaluating and communicating the environmental and social impacts of furniture products in the built environment.

Taking into account a company's social actions, energy usage, material selection and human and ecosystem health impacts, level addresses how a product is sustainable from multiple perspectives.

With level, customers can make informed choices about commercial furniture that exceed single attribute eco-certifications. The level brand identifies that a product has been vetted by an independent third party certifier and its numeric marking 1, 2, or 3 indicates what threshold of certification it has achieved.

Manufacturers – big and small – now have a methodology to present the environmental characteristics in a clear, easily understood manner with a vernacular that gives end users the ability to make an "apples to apples" comparison.

SCS Global Services **(SCS)** has been providing global leadership in third-party quality, environmental and sustainability verification, certification, auditing, testing, and standards development for three decades. Its programs span a cross-section of industries, recognizing achievements in green building, product manufacturing, food and agriculture, forestry, power generation retail, and more. SCS is accredited to provide services under a wide range of nationally and internationally recognized certification programs. Consistent with its mission, SCS is a chartered benefit corporation and Certified B Corp™, reflecting its commitment to socially and environmentally responsible business practices.

The **FSC®** standards (Forest Stewardship Council®) represent the world's strongest system for guiding forest management toward sustainable outcomes. us.fsc.org

FSC certified products are manufactured with material that comes from managed forests that are traceable from the time the logs are cut to the time the final project is installed and are recorded by way of a COC or chain of custody claim on all invoices.

The demand for certified forest products has grown significantly in recent years. OFS Brands' goal to act as a responsible steward of the environment encouraged us to pursue our FSC Chain of Custody (COC) certification which would provide our customers (Dealer, A&D Community and End-users) the added reassurance they've done their part to be earth friendly in their product purchase and enable them to substantiate the LEED (Leadership in Energy and Environmental Design) Materials & Resources Credit 7 for certified wood, in which the intent is to encourage environmentally responsible forest management.

FSC certification is optional on many, but not all, OFS Brands' product lines. Please contact OFS Brands Customer Service for information in regards to which of our product ines are available as FSC certified, and what the necessary procedures are for ordering FSC certified products from OFS Brands.

OFS Brands' company-owned transportation company, Styline Logistics, is **SmartWay**-certified. SmartWay is one of U.S Environmental Protection Agency (EPA's) clean air programs that uses voluntary, rather than regulatory methods, to achieve air quality benefits. SmartWay's focus is in the transportation sector, and encompasses products and services associated with fuel-consuming engines.

The **"Premium Indiana Forest Products"** brand tells everyone that there is an abundant, sustainable supply of the finest Indiana hardwoods to meet consumer demand. It also tells them that Indiana's forests are well-managed, legally-harvested and environmentally responsible. The logo is reflective of the wood itself. Indiana hardwoods display a depth that defies imagination.

ofs Contour

VENEER

Exposed surfaces are number one select cherry or maple veneers. Drawer fronts are matched in sets to assure proper grain balance. Select straight and close grain patterns are used overall to maintain consistency between individual units.

WORKSURFACES

Worksurfaces feature 1.1875" thick tops utilizing 3-ply construction and are profiled on all sides.

FILE DRAWERS

All file drawers accommodate letter or legal filing. Filing hardware is black powdercoated to prevent corrosion.

DRAWER CONSTRUCTION

0.4375" thick unidirectional plywood drawer sides and backs are assembled using rigid dowel construction. Drawers feature 0.25" thick drawer bottoms. Drawer interiors are sanded and finished.

DRAWER SUSPENSION

High quality drawer suspensions carry a lifetime warranty. Box and file drawers are full extension. The zinc-plated suspension systems feature positive and cushioned in/out stops and steel ball bearings to ensure a smooth ride.

LOCKING

Pedestal locks secure all drawers with the turn of a single key. All units are standard shipped keyed alike. Specific key requirements may be specified on the purchase order at the time the order is placed for field installation (ships separately). Removable lock cores allow for re-keying in the field. See page 4 for options and order information.

ASSEMBLY

Structural joints are secured by 16-gauge steel angle brackets and wood glue blocks. Adjustable levelers feature insert nuts to prevent glide tear out.

FINISHES

euroluxe™ with SILVERBAN™

The patented Euroluxe™ finish is a chemically re-engineered Urethane clear coat that preserves the beautiful depth and clarity of OFS' finishes, but allows for much greater performance with chemical and scratch resistance, as well as the complete elimination of dangerous formaldehyde emissions. The Euroluxe™ finish system achieves indoor air quality standards set by LEED and BIFMA furniture emission standards and allows all products to achieve GREENGUARD Indoor Air Quality Certification® by the GREENGUARD Environmental Institute.

SilverBan™ technology is an antimicrobial utilizing silver ions infused into the Euroluxe™ wood finish for antimicrobial protection on all exposed wood surfaces. SilverBan™ inhibits the growth of mold, mildew, fungus and bacteria on wood surfaces, as well as odors caused by bacterial growth, by 99.99%.

VENEER

Exposed surfaces are number one select cherry or maple veneers. Drawer fronts are matched in sets to assure proper grain balance. Select straight and close grain patterns are used overall to maintain consistency between individual units.

WORKSURFACES

Worksurfaces feature substantial 1.875" thick tops utilizing 5-ply construction and are profiled on all sides. Available in two edge options: Corona and Reed. Double Pedestal Desk worksurfaces are also available in high-figured cherry or birdseye maple veneers.

FILE DRAWERS

All file drawers accommodate letter or legal filing. Filing hardware is black powdercoated to prevent corrosion.

DRAWER CONSTRUCTION

0.4375" thick unidirectional plywood drawer sides and backs are assembled using rigid dowel construction. Drawers feature 0.25" thick drawer bottoms. Drawer interiors are sanded and finished.

DRAWER SUSPENSION

High quality drawer suspensions carry a lifetime warranty. Box and file drawers are full extension. The zinc-plated suspension systems feature positive and cushioned in/out stops and steel ball bearings to ensure a smooth ride.

LOCKING

Pedestal locks secure all drawers with the turn of a single key. All units are standard shipped keyed alike. Specific key requirements may be specified on the purchase order at the time the order is placed for field installation (ships separately). Removable lock cores allow for re-keying in the field. See page 4 for options and order information.

ASSEMBLY

Structural joints are secured by 16-gauge steel angle brackets and wood glue blocks. Adjustable levelers feature insert nuts to prevent glide tear out.

FINISH

euroluxe™ with SILVERBAN™

The patented Euroluxe™ finish is a chemically re-engineered Urethane clear coat that preserves the beautiful depth and clarity of OFS' finishes, but allows for much greater performance with chemical and scratch resistance, as well as the complete elimination of dangerous formaldehyde emissions. The Euroluxe™ finish system achieves indoor air quality standards set by LEED and BIFMA furniture emission standards and allows all products to achieve SCS Global Services' Indoor Advantage Gold Certification.

SilverBan™ technology is an antimicrobial utilizing silver ions infused into the Euroluxe™ wood finish for antimicrobial protection on all exposed wood surfaces. SilverBan™ inhibits the growth of mold, mildew, fungus and bacteria on wood surfaces, as well as odors caused by bacterial growth, by 99.99%.

ofs Impulse G2

IMPULSE G2: a comprehensive casegoods collection with customized flexibility, rich materials, and economical choices to fit any budget. Select from standard 1.1875" thickness worksurfaces or substantial 1.5625" thick tops. Multiple veneer and finish choices enhance the design capabilities in coordination with the new product additions which include an extensive variety of peninsula and runoff tables, storage organizers, and storage cabinets. A wide range of sizes and material options, including painted and framed insert modesty panels on desks and peninsula tables and doors on organizers and storage units, accommodate various design styles and footprints. Further customize the look by selecting “no door” options on organizers and storage units. Paper organizers and tackboard/toolbar/markerboard combinations lend flexibility and increase efficiency in any office setting.

VENEERS

Exposed surfaces are cherry, maple, walnut and oak. Quartered veneers are standard on English Walnut, Natural Walnut, Clear Oak, European Oak, Espresso Oak, Chestnut Oak, and Steel Grey Oak finishes. All other finishes are standard with plain sliced veneers. Drawer fronts are matched in sets to assure proper grain balance. Select straight and close grain patterns are used overall to maintain consistency between individual units.

WORKSURFACES

Worksurfaces feature 3-ply construction with externally banded hardwood. Primary worksurfaces are profiled on approach and user sides; secondary worksurfaces are profiled on user side only. Available in 1.1875" or 1.5625" thicknesses and 3 edge options: Bead, Flair, and Square. High pressure laminate worksurfaces are 3-ply construction with .050 thickness for high impact resistance.

Worksurfaces are available in Wilsonart -60 and -38 matte texture standard pattern High Pressure Laminates (HPL) at standard list prices. Lead times may be extended depending on supplier’s availability. Custom laminates can be ordered at an upcharge with extended lead times. Please contact your CSR for a price quotation and availability.

CONSTRUCTION

Units feature structural joints that are secured by 16-gauge steel angle brackets, flat plates and wood glue blocks for ultimate stability. Adjustable levelers feature insert nuts to prevent glide tear out.

Drawer interiors are constructed using .4375" thick unidirectional plywood drawer sides and backs and assembled using rigid dowel construction. Drawers feature .25" thick drawer bottoms. Drawer interiors are sanded and finished.

All file drawers accommodate letter or legal filing. Filing hardware is plated to prevent corrosion. High quality drawer suspensions carry a lifetime warranty. File drawers and box drawers are full extension. All suspension systems feature positive and cushioned in/out stops, steel ball bearings, and a durable finish to ensure a smooth ride.

LOCKING

Pedestal locks secure all drawers with the turn of a single key. All units are standard shipped keyed alike. Specific key requirements may be specified on the purchase order at the time the order is placed for field installation (ships separately). Removable lock cores allow for re-keying in the field. See page 4 for options and order information.

FINISHES

euroluxe™ with SILVERBAN™

The patented Euroluxe™ finish is a chemically re-engineered Urethane clear coat that preserves the beautiful depth and clarity of OFS' finishes, but allows for much greater performance with chemical and scratch resistance, as well as the complete elimination of dangerous formaldehyde emissions. The Euroluxe™ finish system achieves indoor air quality standards set by LEED and BIFMA furniture emission standards and allows all products to achieve SCS Global Services' Indoor Advantage Gold Certification.

SilverBan™ technology is an antimicrobial utilizing silver ions infused into the Euroluxe™ wood finish for antimicrobial protection on all exposed wood surfaces. SilverBan™ inhibits the growth of mold, mildew, fungus and bacteria on wood surfaces, as well as odors caused by bacterial growth, by 99.99%.

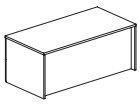
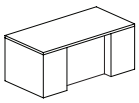
PRODUCT ENHANCEMENTS FOR DESKS, PENINSULA TABLES, RUNOFF TABLES

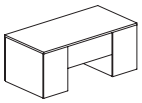
DESK MODESTY PANELS



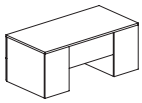
FS - Full Panel



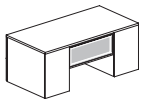
FT - Breakfront



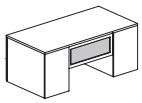
A7Z - Wood Half Modesty



GX - Painted Half Modesty - White, Black, Silver



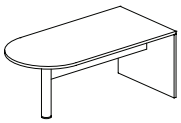
JX - Silver Frames w/Frosted Glass Insert



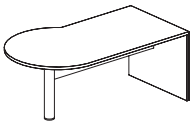
A8A - Wood Frames w/ Frosted Acrylic or Lumicor Insert

Modesty panel options for double and single pedestal desks include half modesty panels in wood or painted styles and silver framed with frosted glass or wood framed with frosted acrylic or Lumicor inserts to match door options on organizers and storage cabinets.

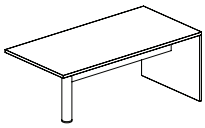
PENINSULA TABLES



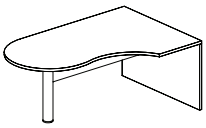
Bullet



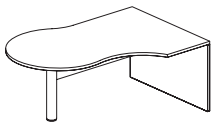
P-Top



Rectangular



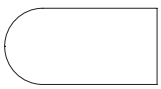
Bullet Corner



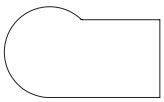
P-Top Corner

Executive peninsula tables with ends are available in bullet, P-top, and rectangular shapes. Bullet and P-tops are also available as corner tables to expand worksurfaces. Sizes range from 84" to 66" in length. Bullet and rectangular tables are 30" and 36" in width. P-tables have 36" end panels and are 42" wide overall. Corner tables have 48" end panels; bullet corner tables are 48" wide and P-top corner tables are 54" wide overall.

RUNOFF TOPS



Bullet



P-Top

Rectangular

Trapezoid

Arc

New trapezoid and arc shaped runoff tops add design flair. Runoff tops are available in 84" to 66" lengths and 36" and 30" widths.

BASES FOR PENINSULA TABLES AND RUNOFF TOPS

Metal Cylinder
MP - Black
MQ - Satin Nickel
MR - White

Veneer Cylinder

Veneer Square

The addition of a square veneer base lends a new opportunity to create an inspired all-rectilinear layout.

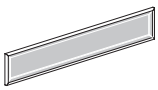
FOR RUNOFF TOPS ONLY

5 - L2S Metal Square Base (set of 2)

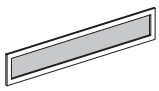
MODESTY PANEL FOR PENINSULA TABLES AND RUNOFF TOPS

Wood Veneer

Painted
BLK - Black
MTL - Silver
WHT - White



Silver Framed
w/Frosted Acrylic, Lumicor or Frabric Insert

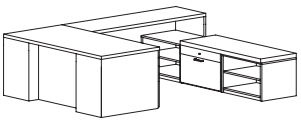


Wood Framed
w/Frosted Acrylic, Lumicor or Frabric Insert

Modesty panel options for peninsula and runoff tops include 12" high wood or painted styles and silver framed or wood framed with frosted acrylic or Lumicor inserts to coordinate with organizer and storage cabinet door options.

BRIDGE WITH OPTIONAL BENCH HEIGHT CABINETS AND CUSHIONS

Convenient bench storage in 3 widths and 3 configurations can be used alone or nested beneath bridge with end in a U unit. Bridge has one end panel opposite the connecting end.



Z1 - Open

Z2 - 4 Tray Drawers

Z3 - Tray/File Drawers

A8F - 4 Tray Drawers (top drawer painted)

A8G - Tray/File Drawers (tray drawer painted)

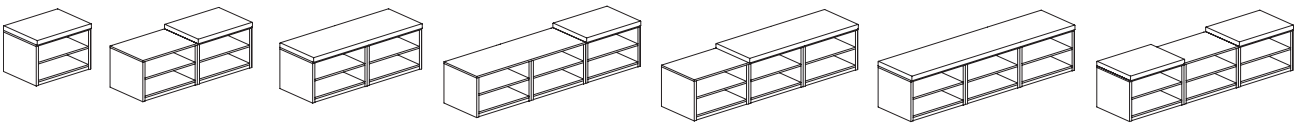
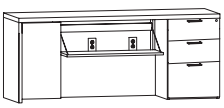
Optional cushions provide bench height seating for a quick consult. Sold as separate model numbers.



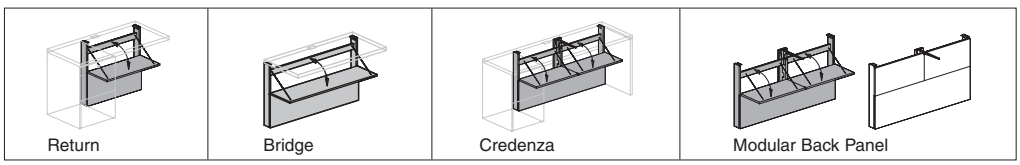
WIRE ACCESS

Hinged Wire Access Panel

Credenzas, Bridges, and Returns are available with optional fold-down hinged access panel. Modular Back Panels with hinged access panel are not an option of the full modular back panels but are listed as separate model numbers due to differences in construction. Hinged access panel is recessed 4" and allows access to power receptacles in the wall behind the unit. Hinged access panels are intended for placement against a wall. Back of panel is unfinished.



Fold-Down Hinged Access Panel



Return | Bridge | Credenza | Modular Back Panel

Wire Access Slot

Modular Cabinet Backs can be specified as V8 With Wire Access Slot. The wire access slot accommodates a 1.25"H opening at the top of the back panel, inset 6" from each end.

V7 - No Wire Access Slot

V8 - With Wire Access Slot

FIELD INSTALLED GROMMETS

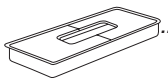
Round grommets are available for easy installation.

overall size 2.125" diameter
inside dimensions with inserts 0.5625" diameter
inside dimensions without inserts 1.8125" diameter

model number		list
CGB-1	Black	$36
CGN-1	Satin Nickel	$36

STANDARD GROMMETS (FACTORY INSTALLED)

Grommets are standard on these secondary worksurfaces: kneespace credenzas, returns and bridges.



overall size 3.375" x 2"
inside dimensions with inserts 1.5" x 0.75"
inside dimensions without inserts 2.9375 x 1.5"

OPTIONAL WORKSURFACE GROMMETS (FACTORY INSTALLED)

Grommets Location Option:

		list
G1	No Grommet

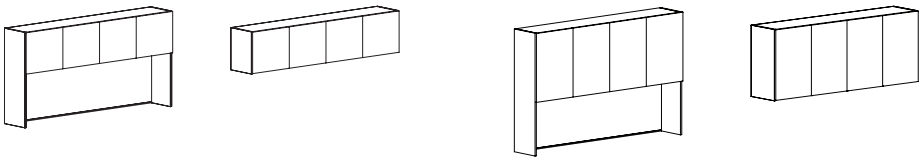
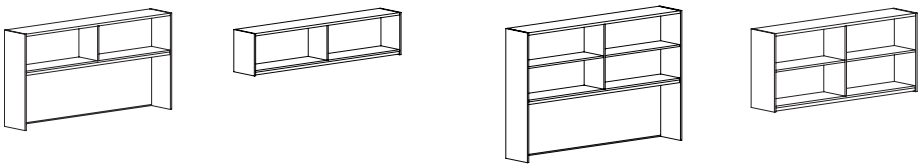
HIGHBACK AND WALLMOUNT ORGANIZER OPTIONS

HIGHBACK ORGANIZERS, WALLMOUNT ORGANIZERS - 1-HIGH AND 2-HIGH



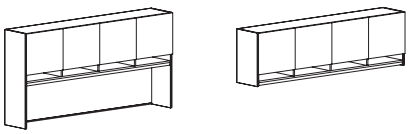
Available in 1-High and 2-High styles, highback organizers are available in widths from 106" to 60", and wallmount organizers range from 106" to 30" wide.

HIGHBACK ORGANIZERS, WALLMOUNT ORGANIZERS - NO DOORS



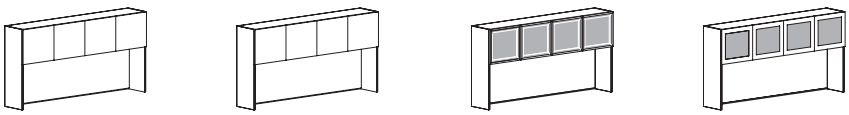
For easy access and creative design possibilities, highback organizers,and wallmount organizers are available without doors. The storage organizers without doors are specified by separate model number.

HIGHBACK ORGANIZERS, WALLMOUNT ORGANIZERS - PAPER ORGANIZER



Increase efficiency and provide extra paper containment with under-cabinet paper organizers. The paper organizer is an option of the highback organizer. Wallmount organizers with paper organizer are specified by separate model number.

HIGHBACK ORGANIZERS, WALLMOUNT ORGANIZERS - DOOR OPTIONS



Wood Panel

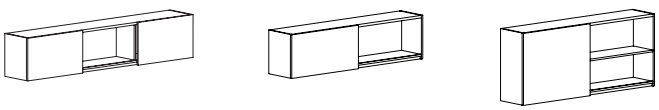
Painted
BLK - Black
MTL - Silver
WHT - White

Silver Framed
w/Frosted Glass

Wood Framed
w/Frosted Acrylic
or Lumicor Insert

Door options for highback and wallmount organizers are panels in wood or painted styles, silver framed with frosted glass, or wood framed with frosted acrylic or Lumicor inserts to match modesty panel options on desks and coordinate with modesty panels on peninsula tables and runoff tops.

WALLMOUNT SLIDING DOOR ORGANIZERS

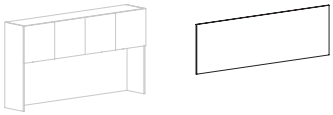


90" wide organizer is available with 2 sliding doors, one on each end, and an open center section. Sizes from 84" to 54" are available with 1 sliding door and 1 open section. Also available 2-HIGH in 72", 66", 60", and 54" widths.

TACKBOARDS WITH MARKERBOARD AND TOOLBAR OPTIONS

To utilize the space beneath highback and wallmount organizers more efficiently, select from tackboard, markerboard, and toolbar combinations to create a personalized workspace.

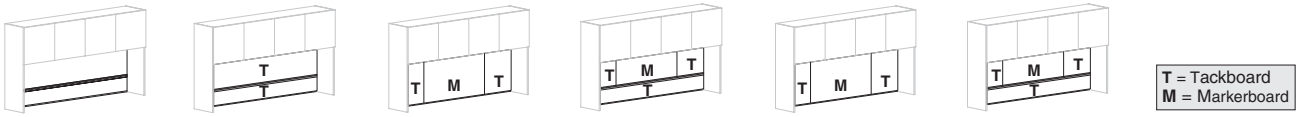
HIGHBACK ORGANIZERS



W2 - No Tackboard

When selecting fabric-only tackboards, specify tackboard by model number (see pages 134-137).

Toolbars and tackboards with markerboard and/or toolbar configurations must be assembled and installed in highback organizers at the factory. Markerboards are available in white or silver. Specify the appropriate option.



W3 - Toolbar Only in Back Panel (no tackboard)

W5 - Tackboard with Toolbar

W4 - Tackboard with White Markerboard

W6 - Tackboard with White Markerboard and Toolbar

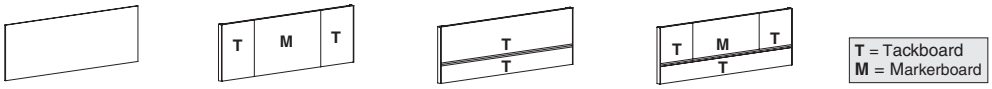
X4 - Tackboard with Silver Markerboard

X6 - Tackboard with Silver Markerboard and Toolbar

T = Tackboard
M = Markerboard

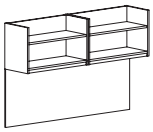
Note: Paper organizers can also be used on highback organizers with tackboard applications.

WALLMOUNT ORGANIZERS AND OPEN WALLMOUNT ORGANIZERS



T = Tackboard
M = Markerboard

Tackboards for wallmount organizers are specified separately from the organizer. Wallmount tackboards with toolbar and/or markerboard sections are assembled with side aluminum accents that provide wire management. Specify by model number.



Wallmount Organizers can be combined in multiple widths. Tackboards are provided for use with open wallmount organizers in sets of 2 for:

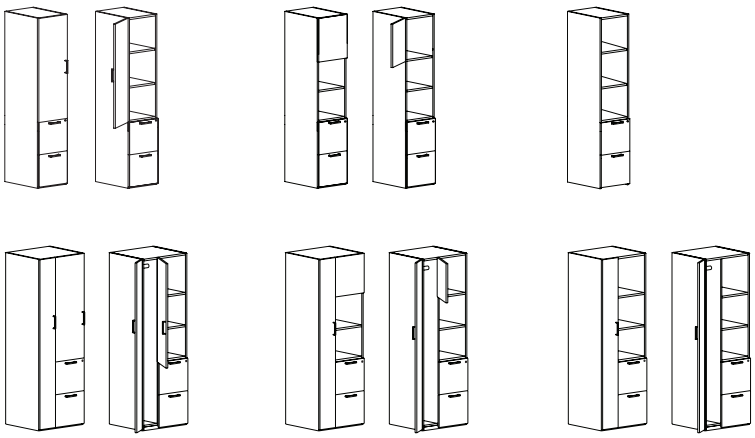
SM2-60 Post-It-Note Tray

SM2-70 Folder Tray

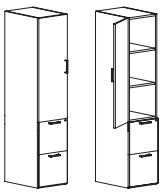
STORAGE CABINETS AND WARDROBES

Impulse G2 offers an expanded line of storage units in door, no door, with or without file drawers and lateral file drawers, and in a combination of door, drawer, and open display sections. Most single and double storage cabinets are also available with a 10" side wardrobe. Door options on storage cabinets can be selected to match or contrast with door options on highback organizers and wallmount organizers. Examples:



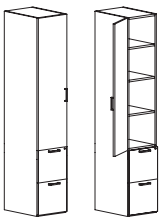
Storage units are offered in different heights to align with highback organizers and wallmount organizers that are placed above worksurfaces to accommodate the two worksurface thickness options.

1-HIGH STORAGE CABINET



Use 5-1672LSCD (72.5"H) when using a 1-high organizer with a 1.1875" thickness worksurface.
Use 5-1673LSCD (72.875"H) when using a 1-high organizer with a 1.5625" thickness worksurface.

2-HIGH STORAGE CABINET



Use 5-1684LSCD (84.5”H) when using a 2-high organizer with a 1.1875” thickness worksurface.
Use 5-1685LSCD (84.875”H) when using a 2-high organizer with a 1.5625” thickness worksurface.

See pages 203-237 for the type and size of units that provides maximum storage in coordinating designs to compliment desking and highback/wallmount components.

All OFS filing configurations meet standard file tab clearance of 1.25" above the file frame as recommended by our file frame suppliers.

ofs Offerings

OFFERINGS: a refined casegoods collection designed to meet a higher expectation. The distinct signature band, available on upper and lower cabinetry, is a stunning visual element. Use the band to create a striking contrast or textural blend. Without the band, Offerings becomes a stunning, minimalist design solution.

European-influenced desking combined with an abundance of storage: Inspire with energetic design and organize with clean, clear focus. A large offering of material and surface options allows customization of the workspace to fit any personality. Create a highly functional area with varied elevations for added interest or on a single plane for continuity.

FEATURES

- Signature band in quartered veneers, exotic veneers and paints to add heightened design and interest
- Multiple veneer options, finishes, and paints
- Solid hardwood rims to match worksurface veneer species for overall consistency in finish and high quality appearance
- Modesty-between-peds design for a recessed look and flip down wire access capabilities on ancillary products
- Modesties and doors in wood panels or aluminum frames with paint color, frosted glass, or Lumicor® inserts
- Stacking storage pieces for varied height distinction
- Backlit glass shelves, downlights and ambient lighting
- Unique product line features
    - Wallmount Credenza - offers an alternative way to work
    - Peninsula Tables in Bullet, Rectangular, and Arc Shapes and CPU End Option
    - Multiple Support Base Options
    - Extended Bridge with End Panel, Bench Height Cabinets and Cushions for U Configuration
    - Returns and Bridges accomodate larger office requirements
    - Hinged Access Panel for Easy Wire Management
    - Door/Open Storage
    - Paper Organizers including Floating Shelves and Project Drawers
    - Tackboards with Markerboard and Toolbar Options
    - Stack On Organizer for Hutches

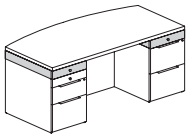
GET THE LOOK

Modern splendor with additional storage for business or personal items, Offerings creates fresh options for the workplace.

Offerings

VENEERS

Exposed surfaces are number one select cherry, walnut, maple or quartered oak veneers. Drawer fronts are matched in sets to assure proper grain balance. Select straight and close grain patterns are used overall to maintain consistency between individual units.



Signature bands are available in choice of exotic veneer species (including Carpathian Elm Burl, Birdseye Maple, Burl Walnut and Burl Oak), vertically applied quartered veneers, or 9 paint colors. Finishes have been carefully matched to veneers to take the guesswork out of suitability of the finish to the veneers. Exotic burl veneers vary greatly in character and figure for unique contrast. Paint colors can be matched to framed modesty inserts and framed door inserts for a coordinated look.

WORKSURFACES

Rims are solid hardwood. Hardwood species used on the rims are finished to match to worksurface veneer species to assure consistency in finish color and wood grain. Worksurfaces feature 1.5" thick tops utilizing 5-ply construction. High pressure laminate worksurfaces are 3-ply construction with .050 thickness for high impact resistance.

Primary worksurfaces are profiled on approach and user sides; secondary worksurfaces are profiled on user side only.

EDGE OPTIONS

AA - Bay

AB - Index

AC - Radius

AD - Reed

AE - Square

PULL OPTIONS

Pulls are available in 5 options in matte silver finish. The YU - Pure knob can be specified as a drawer pull. The knob is also standard on tray drawers, wardrobe doors, and storage cabinet doors.

YU - Pure

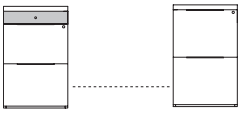
YV - Awe

YW - Bliss

YX - Gaze

VK - Era

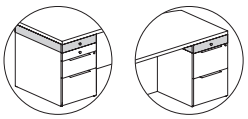
PEDESTAL DESIGN OPTIONS



Signature Pedestal Full Panel Pedestal

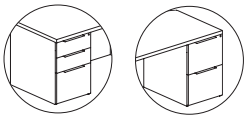
Signature band file drawers and lateral file drawers will not line up on a horizontal plane with full panel pedestals if used in the same configuration. Therefore we recommend that signature band pedestals and standard full panel pedestals are not used in the same office configuration.

For signature band desk pedestals:



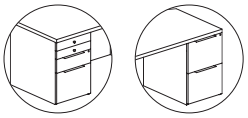
Signature band styles are always Tray/Tray/Box/File on the left and Tray/File/File on the right for double pedestal desks. Single pedestal desks are always Tray/Tray/Box/File.

For straight grain veneer desk pedestals:



YR - Box/Box/File

Full panel straight grain veneer desk pedestal styles are standard with Box/Box/File on the left and File/File on the right for double pedestal desks.



YS - Tray/Tray/Box/File

Tray/Tray/Box/File configuration is available as an option on the left pedestal of a double pedestal desk with File/File pedestal on right.

Single pedestal desks are always Box/Box/File with Tray/Tray/Box/File pedestal configuration available as an option.

MODESTY PANELS AND STORAGE DOOR PANELS

Select from straight grain veneer or aluminum frame with optional inserts for modesty panels and for above-worksurface doors on storage organizers and cabinets. Modesty panels are recessed 6" from the front of the desk and between pedestals. The straight grain veneer desk modesty is full height; peninsula table straight grain veneer modesty is 14"H. Aluminum frame modesty with optional inserts for desks and peninsula tables is also 14"H.

		Note: Because of the directional pattern, Lumicor Pearl Milan and Ivory Taipei cannot be used for door inserts over 48"H.	

WING END ASSEMBLIES

Modular desk modesty panels and credenza back panels are offered in sizes to fit between pedestals. When specifying single pedestal desks or credenzas using modular components, a wing end assembly must be ordered for the end opposite the pedestal. The modesty panel or back panel is installed between the pedestal and the wing end assembly.

Wing end assemblies for 30" and 36"D desks include a storage shelf

Wing end assemblies for 22"D credenzas

FINISHES

euroluxe™ with SILVERBAN™

The patented Euroluxe™ finish is a chemically re-engineered Urethane clear coat that preserves the beautiful depth and clarity of OFS' finishes, but allows for much greater performance with chemical and scratch resistance, as well as the complete elimination of dangerous formaldehyde emissions. The Euroluxe™ finish system achieves indoor air quality standards set by LEED and BIFMA furniture emission standards and allows all products to achieve SCS Global Services' Indoor Advantage Gold Certification.

SilverBan™ technology is an antimicrobial utilizing silver ions infused into the Euroluxe™ wood finish for antimicrobial protection on all exposed wood surfaces. SilverBan™ inhibits the growth of mold, mildew, fungus and bacteria on wood surfaces, as well as odors caused by bacterial growth, by 99.99%.

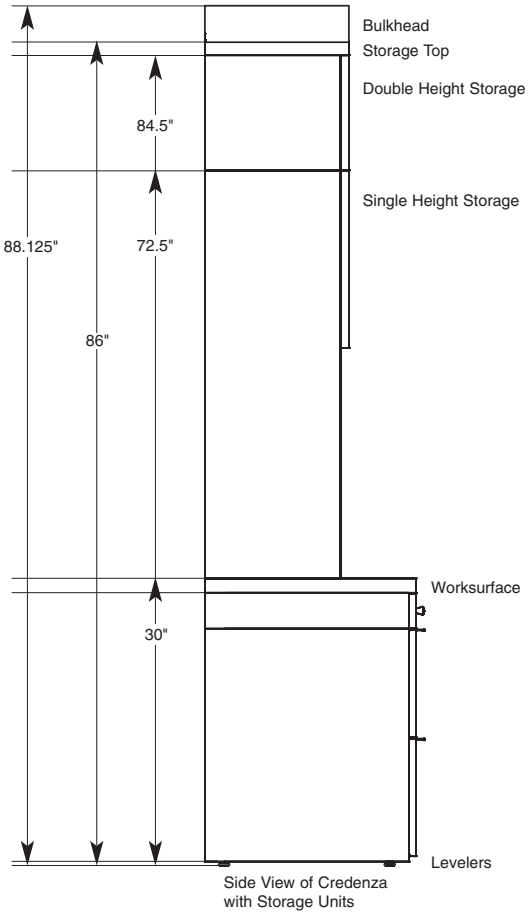
CONSTRUCTION

Units feature tenon-and-groove case construction and mortise-and-tenon pedestal construction for ultimate stability. Pedestals are constructed with lock mitre corner joints for added strength, and corners have no visible break in veneers as it wraps around the desk front and sides. Structural joints are secured by 16-gauge steel angle brackets and wood glue blocks. Adjustable levelers feature insert nuts to prevent glide tear out.

Drawers: 7/16" thick unidirectional plywood drawer sides and backs are assembled using rigid dowel construction. Drawers feature 1/4" thick drawer bottoms. Drawer dividers are included in tray and box drawers. Drawer interiors are sanded and finished. High quality drawer suspensions carry a lifetime warranty. Box and file drawers are full extension. All suspension systems feature positive and cushioned in/out stops, steel ball bearings, and a durable finish to ensure a smooth ride. File drawers accommodate letter or legal filing. See page 290 for filing capabilities. Filing hardware is plated to prevent corrosion.

HEIGHT REFERENCE

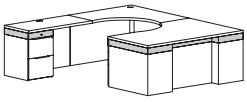


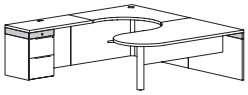
Side View of Credenza with Storage Units

- Bulkheads add an additional 3.625" in height.
- Storage Tops add an additional 1.5" in height.
- Double height storage units are 84.5" H with leveler.
- Single height storage units are 72.5" H with leveler.
- Worksurfaces are 1.5" thick.
- Overall height includes half-inch leveler at lowest point. Levelers can increase height up to 1 additional inch.

Note: The dimensions in this price list are nominal. For critical dimensions, please contact your CSR.

COCKPIT WORKSTATIONS





Cockpit desks and cockpit bullet tables have flat connecting ends and work with cockpit corner units and cockpit returns with flat connecting ends to build a U unit. Standard bridges and returns have reverse coped connecting edges and cannot be used with cockpit units.

WALL CREDENZA

Drawer configurations are specified separately and can be different for right and left sides.

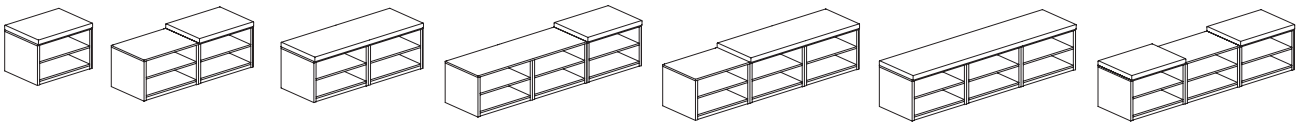
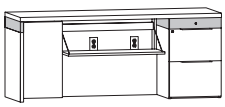
Optional cushions provide bench height seating for a quick consult.

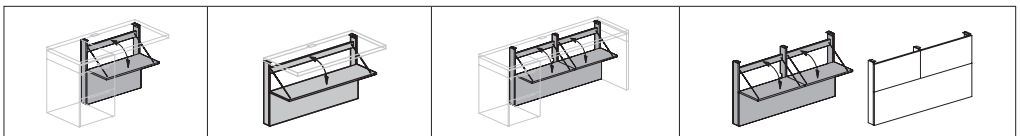


WIRE ACCESS

Hinged Wire Access Panel
Credenzas, Bridges, and Returns are available with optional fold-down hinged access panel. Modular Back Panels with hinged access panel are not an option of the full modular back panels but are listed as separate model numbers due to differences in construction. Hinged access panel is recessed 4" and allows access to power receptacles in the wall behind the unit. Hinged access panels are intended for placement against a wall. Back of panel is unfinished.



Fold-Down Hinged Access Panel



Return | Bridge | Credenza | Modular Back Panel

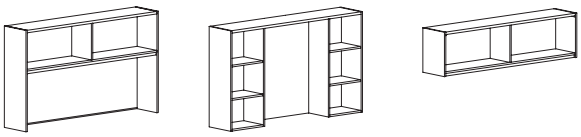
Signature Band Bridges are not available with the Hinged Access Panel option. Instead, specify bridges from page 329 or bridge top only from page 331.

Wire Access Slot
Modular Cabinet Backs can be specified as V8 With Wire Access Slot. The wire access slot accommodates a 1.25"H opening at the top of the back panel, inset 6" from each end.

V7 - No Wire Access Slot

V8 - With Wire Access Slot

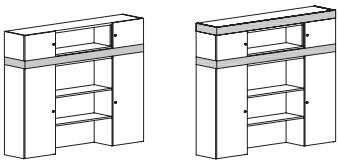
HIGHBACK ORGANIZERS, HUTCHES, WALLMOUNT ORGANIZERS - NO DOOR



For easy access and creative design possiblities, highback organizers, hutches, and wallmount organizers are available without doors. These open storage organizers are specified by model number.

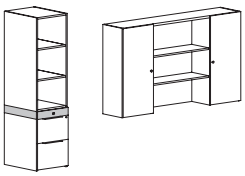
STACK-ON ORGANIZER

Stack-on Organizers have an open center section with sliding doors on either side and are used atop hutches and highback organizers in corresponding 66", 72" and 78" widths. Height is 12".



To carry out the signature design or just as an accent, the stack-on organizer can be placed on top of the storage unit with a signature band bulkhead between. The bulkhead adds 3.625" inches in height for a total of 15.625" addition in height with the stack-on organizer or 19.25" with 2 bulkheads.

LIGHTING FOR OPEN DISPLAY CABINETS AND HUTCHES



Glass shelf options for open display cabinets and hutches can be specified with lighting to enhance the beauty of the wood furniture and highlight objects displayed on shelves.

Low voltage downlight consists of a 2.75" dia. light containing (9) .25 Watt LED with an output of 126 lumens.

Back Side

The soft glow appearance of backlit glass shelves is accomplished using LED strip lighting installed in back panel behind glass shelves. Wattage and output varies with the length of the strip.

For 18.625"W Display Cabinets	17"	3.1 Watts	80 Lumens
For 66"W Hutch	29"	5.2 Watts	140 Lumens
For 72"W Hutch and 37.25"W Display Cabinets	35.625"	6.4 Watts	170 Lumens
For 78"W Hutch	41"	7.4 Watts	200 Lumens

Shelf Options

NS - No Shelf	No Shelf is an option for open section of hutches only.
LN - Veneer Shelves	No Light
YY - Glass Shelves	No Light
U7 - Glass Shelves with Downlights	Downlights only
ZZ - Backlit Glass Shelves	Backlights only
ZY - Backlit Glass Shelves with Downlights	Downlights and Backlights

AMBIENT UPLIGHTING FOR STORAGE AND WORKWALLS

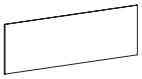
Using ambient lighting can add warmth and serenity to the workplace. Offerings offers uplighting in easy-to-specify kits with 2, 4, 6, 8, or 10 LED lights per kit. We recommend using one uplight above each door, but lights can be placed according to customer's specifications.

TACKBOARDS WITH MARKERBOARD AND TOOLBAR OPTIONS

It's not your everyday tackboard! To utilize the space beneath highback and wallmount organizers more efficiently, select from tackboard, markerboard, and toolbar combinations to create a personalized workspace.

HIGHBACK ORGANIZERS

W2 - No Tackboard

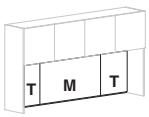


When selecting fabric-only tackboards, specify tackboard by model number (see pages 366-367).

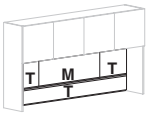
Toolbars and tackboards with markerboard and/or toolbar configurations must be assembled and installed in highback organizers at the factory. Markerboards are available in white or silver. Specify the appropriate option.

W3 - Toolbar in Back Panel

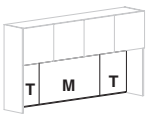
W5 - Tackboard with Toolbar



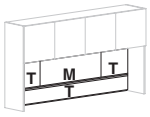
W4 - Tackboard with White Markerboard



W6 - Tackboard with White Markerboard and Toolbar



X4 - Tackboard with Silver Markerboard

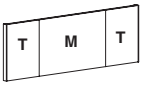


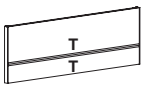
X6 - Tackboard with Silver Markerboard and Toolbar

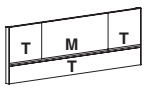
T = Tackboard
M = Markerboard

Note: Paper organizers can also be used on highback organizers with tackboard applications. Corner shelves option cannot be specified with tackboards or paper organizers.

WALLMOUNT ORGANIZERS AND OPEN WALLMOUNT ORGANIZERS

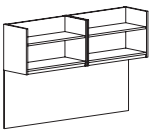






T = Tackboard
M = Markerboard

Tackboards for wallmount organizers are specified separately from the organizer. Wallmount tackboards with toolbar and/or markerboard sections are assembled with side aluminum accents that provide wire management. Specify by model number.



Open Wallmount Organizers can be combined in multiple widths. Tackboards are provided for use with open wallmount organizers in sets of 2 for:

(2) 82-4119HWO	(2) 82-2619HWO	(2) 82-3531HWO
(2) 82-3719HWO	(2) 82-2019HWO	(2) 82-3231HWO
(2) 82-3519HWO	2) 82-4131HWO	(2) 82-2631HWO
(2) 82-3219HWO	(2) 82-3731HWO	(2) 82-2031HWO

For other combinations, use Modular Wallmount Tackboards in width to match product specified. For example, for combination using (1) 82-2031HWO, (1) 82-3231HWO, and (1) 82-2031HWO, add the width of the 3 units (19.5" + 31.5" + 19.5" = 70.5"). Select the appropriate modular tackboard for the width, i.e. FT20M, and specify width of 70.5".

WORK TOOLS

Work Tools are designed to work with OFS Toolbars and are available a metal powdercoated finish. Work Tools eliminate clutter by placing often-used desk items in easy-access vertical storage above the worksurface. Work Tools hook directly onto Toolbars.

UPLK-2

VENEER

Exposed surfaces are number one select cherry, walnut, maple, or oak veneers. Drawer fronts are matched in sets to assure proper grain balance. Select straight and close grain patterns are used overall to maintain consistency between individual units.

WORKSURFACES

Worksurfaces feature 1.1875" thick tops utilizing 5-ply construction. Primary worksurfaces are profiled on approach and user sides; secondary worksurfaces are profiled on user side only. Connecting worksurfaces are reverse coped for a flush fit with the exception of the Reed(DS) edge. Available in four edge options: Bevel, Reed, Transitional and Radius. High pressure laminate worksurfaces are 3-ply construction with .050 thickness for high impact resistance.

FILE DRAWERS

All executive file drawers accommodate letter or legal filing and letter-size double file capabilities. Filing hardware is plated to prevent corrosion.

DRAWER CONSTRUCTION

0.4375" thick unidirectional plywood drawer sides and backs are assembled using rigid dowel construction. Drawers feature 0.25" thick drawer bottoms. Drawer interiors are sanded and finished.

DRAWER SUSPENSION

High quality drawer suspensions carry a lifetime warranty. Box and file drawers are full extension. All suspension systems feature positive and cushioned in/out stops, steel ball bearings, and a durable finish to ensure a smooth ride.

LOCKING

Pedestal locks secure all drawers with the turn of a single key. All units are standard shipped keyed alike. Specific key requirements may be specified on the purchase order at the time the order is placed for field installation (ships separately). Removable lock cores allow for re-keying in the field. See page 4 for options and order information.

ASSEMBLY

Units feature tenon-and-groove case construction and mortise-and-tenon pedestal construction for ultimate stability. Pedestals are constructed with lock mitre joints for added strength and corners have no visible break in veneers as it wraps around the desk front and sides. Structural joints are secured by 16-gauge steel angle brackets and wood glue blocks. Adjustable levelers feature insert nuts to prevent glide tear out.

FINISHES

euroluxe™ with SILVERBAN™

The patented Euroluxe™ finish is a chemically re-engineered Urethane clear coat that preserves the beautiful depth and clarity of OFS' finishes, but allows for much greater performance with chemical and scratch resistance, as well as the complete elimination of dangerous formaldehyde emissions. The Euroluxe™ finish system achieves indoor air quality standards set by LEED and BIFMA furniture emission standards and allows all products to achieve SCS Global Services' Indoor Advantage Gold Certification.

SilverBan™ technology is an antimicrobial utilizing silver ions infused into the Euroluxe™ wood finish for antimicrobial protection on all exposed wood surfaces. SilverBan™ inhibits the growth of mold, mildew, fungus and bacteria on wood surfaces, as well as odors caused by bacterial growth, by 99.99%.

Note: To determine which tackboard to order, add the width of the open wallmount cabinets. Maximum width for a 1-piece tackboard is 96". For widths wider than 96", divide total width in half and order 2 tackboards. Factory will specify exact dimensions.

OPTIONS

GRADE/FABRIC

Specify Grade/Fabric

See OFS Seating Price List for fabric selection. Fabric must be tested and approved for tackboard use/compatibility.

A sample of all COM fabrics must be submitted to OFS for preliminary approval prior to shipment of fabric. See OFS Seating Price List for COM Ordering Instructions.

VENEER
Exposed surfaces are number one select cherry veneers. Back panels and drawer fronts are matched in sets to assure proper grain balance. Select straight and close grain patterns are used overall to maintain consistency between individual units.

WORKSURFACES
Worksurfaces feature 1.25′′ thick tops utilizing 5-ply construction. Lumber banded edges are mitred at the corners. High pressure laminate worksurfaces are 3-ply construction with .050 thickness for high impact resistance.

FILE DRAWERS/WRITING SLIDES
All executive file drawers accommodate letter or legal filing and letter-size double file capabilities. Filing hardware is finished to prevent corrosion. Writing slides feature OFS's exclusive "Neoprene Channel" providing a snagless and quiet in-out motion.

DRAWER CONSTRUCTION
0.4375′′ thick unidirectional plywood drawer sides and backs are assembled using rigid dowel construction. Drawers feature 0.25′′ thick drawer bottoms. Drawer interiors are sanded and finished.

DRAWER SUSPENSION
High quality drawer suspensions carry a lifetime warranty. Box and file drawers are full extension. All suspension systems feature positive and cushioned in/out stops, steel ball bearings, and a durable finish to ensure a smooth ride.

LOCKING
Central locking secures all drawers with the turn of a single key. All units are standard shipped keyed alike. Specific key requirements may be specified on the purchase order at the time the order is placed for field installation (ships separately). Removable lock cores allow for re-keying in the field. See page 4 for options and order information.

ASSEMBLY
Units feature tenon-and-groove case construction and mortise-and-tenon pedestal construction for ultimate stability. Structural joints are secured by 16-gauge steel angle brackets and wood glue blocks. Adjustable levelers feature insert nuts to prevent glide tear out.

FINISHES
euroluxe™ with SILVERBAN™

The patented Euroluxe™ finish is a chemically re-engineered Urethane clear coat that preserves the beautiful depth and clarity of OFS' finishes, but allows for much greater performance with chemical and scratch resistance, as well as the complete elimination of dangerous formaldehyde emissions. The Euroluxe™ finish system achieves indoor air quality standards set by LEED and BIFMA furniture emission standards and allows all products to achieve SCS Global Services' Indoor Advantage Gold Certification.

SilverBan™ technology is an antimicrobial utilizing silver ions infused into the Euroluxe™ wood finish for antimicrobial protection on all exposed wood surfaces. SilverBan™ inhibits the growth of mold, mildew, fungus and bacteria on wood surfaces, as well as odors caused by bacterial growth, by 99.99%.

Classic

ganging bookcases (pages 598-602)

Classic bookcases with crowns and bases can be ganged to create multiple lengths of bookcase units.

Single and double bookcases are built up and ship assembled with crown and base attached. Triple bookcases are modular and require 3 chassis plus crown and base (5 pieces per triple unit).

Gang one unit with flat connecting end on right and one unit with flat connecting end on left. For longer lengths, add single or double centers unit(s) with flat connecting ends on right and left. For double bookcase units with single crown and base, see page 601. For triple bookcase units with single crown and base, see pages 602-603.

Classic bookcases with crowns and bases can be ganged to create multiple lengths of bookcase units.

Single and double bookcases are built up and ship assembled with crown and base attached. Triple bookcases are modular and require 3 chassis plus crown and base (5 pieces per triple unit).

Gang one unit with flat connecting end on right and one unit with flat connecting end on left. For longer lengths, add single or double center unit(s) with flat connecting ends on right and left. Below are examples of ganging bookcases.

ofs Executive I

VENEER
Exposed surfaces are number one select walnut veneers. Back panels and drawer fronts are matched in sets to assure proper grain balance. Select straight and close grain patterns are used overall to maintain consistency between individual units.

WORKSURFACES
Worksurfaces feature 1.1875′′ thick tops utilizing 5-ply construction. Lumber banded edges are mitred at the corners. High pressure laminate worksurfaces are 3-ply construction with .050 thickness for high impact resistance.

FILE DRAWERS/WRITING SLIDES
All executive file drawers accommodate letter or legal filing. Filing hardware is finished to prevent corrosion. Writing slides feature OFS's exclusive "Neoprene Channel" providing a snagless and quiet in-out motion.

DRAWER CONSTRUCTION
0.4375′′ thick unidirectional birch drawer sides and backs are assembled using rigid dowel construction. Drawers feature 0.25′′ thick drawer bottoms. Drawer interiors are sanded and finished.

DRAWER SUSPENSION
High quality drawer suspensions carry a lifetime warranty. Box and file drawers are full extension. All suspension systems feature positive and cushioned in/out stops, steel ball bearings, and a durable finish to ensure a smooth ride.

LOCKING
Central locking secures all drawers with the turn of a single key. All units are standard shipped keyed alike. Specific key requirements may be specified on the purchase order at the time the order is placed for field installation (ships separately). Removable lock cores allow for re-keying in the field. See page 4 for options and order information.

ASSEMBLY
Units feature tenon-and-groove case construction and mortise-and-tenon pedestal construction for ultimate stability. Pedestals are constructed with lock mitre joints for added strength and corners have no visible break in veneers as it wraps around the desk front and sides. Structural joints are secured by 16-gauge steel angle brackets and wood glue blocks. Adjustable levelers feature insert nuts to prevent glide tear out.

FINISHES

euroluxe™ with SILVERBAN™

The patented Euroluxe™ finish is a chemically re-engineered Urethane clear coat that preserves the beautiful depth and clarity of OFS' finishes, but allows for much greater performance with chemical and scratch resistance, as well as the complete elimination of dangerous formaldehyde emissions. The Euroluxe™ finish system achieves indoor air quality standards set by LEED and BIFMA furniture emission standards and allows all products to achieve SCS Global Services' Indoor Advantage Gold Certification.

SilverBan™ technology is an antimicrobial utilizing silver ions infused into the Euroluxe™ wood finish for antimicrobial protection on all exposed wood surfaces. SilverBan™ inhibits the growth of mold, mildew, fungus and bacteria on wood surfaces, as well as odors caused by bacterial growth, by 99.99%.

VENEER
Exposed surfaces are number one select walnut veneers. Back panels and drawer fronts are matched in sets to assure proper grain balance. Butt walnut drawer fronts create a unique burl figured appearance. Select straight and close grain patterns are used overall to maintain consistency between individual units.

WORKSURFACES
Worksurfaces feature 1.25'' thick tops utilizing 5-ply construction. Lumber banded edges are mitred at the corners. High pressure laminate worksurfaces are 3-ply construction with .050 thickness for high impact resistance.

FILE DRAWERS/WRITING SLIDES
All executive file drawers accommodate letter or legal filing and letter-size double file capabilities. Filing hardware is finished to prevent corrosion. Writing slides feature OFS's exclusive ''Neoprene Channel'' providing a snagless and quiet in-out motion.

DRAWER CONSTRUCTION
0.4375'' thick unidirectional birch drawer sides and backs are assembled using rigid dowel construction. Drawers feature 0.25'' thick drawer bottoms. Drawer interiors are sanded and finished.

DRAWER SUSPENSION
High quality drawer suspensions carry a lifetime warranty. Box and file drawers are full extension. All suspension systems feature positive and cushioned in/out stops, steel ball bearings, and a durable finish to ensure a smooth ride.

LOCKING
Central locking secures all drawers with the turn of a single key. All units are standard shipped keyed alike. Specific key requirements may be specified on the purchase order at the time the order is placed for field installation (ships separately). Removable lock cores allow for re-keying in the field. See page 4 for options and order information.

ASSEMBLY
Units feature tenon-and-groove case construction and mortise-and-tenon pedestal construction for ultimate stability. Pedestals are constructed with lock mitre joints for added strength and corners have no visible break in veneers as it wraps around the desk front and sides. Structural joints are secured by 16-gauge steel angle brackets and wood glue blocks. Adjustable levelers feature insert nuts to prevent glide tear out.

FINISHES
euroluxe™ with SILVERBAN™

The patented Euroluxe™ finish is a chemically re-engineered Urethane clear coat that preserves the beautiful depth and clarity of OFS' finishes, but allows for much greater performance with chemical and scratch resistance, as well as the complete elimination of dangerous formaldehyde emissions. The Euroluxe™ finish system achieves indoor air quality standards set by LEED and BIFMA furniture emission standards and allows all products to achieve SCS Global Services' Indoor Advantage Gold Certification.

SilverBan™ technology is an antimicrobial utilizing silver ions infused into the Euroluxe™ wood finish for antimicrobial protection on all exposed wood surfaces. SilverBan™ inhibits the growth of mold, mildew, fungus and bacteria on wood surfaces, as well as odors caused by bacterial growth, by 99.99%.
