The Vendor's bid proposal, once submitted and accepted as a valid bid by GPSD, shall be deemed by both parties to constitute a legal and binding offer on the part of the Vendor to sell to GPSD as per the terms of the bid specifications, all products and/or services contained therein. Bid proposals are subject to acceptance by GPSD at any time within forty-five (45) calendar days following the bid opening date. Under no circumstances may a Vendor deliver, install or perform any service as specified in these specifications without written authorization from GPSD (i.e. a duly authorized and issued purchase order or signed contract). All formal bid proposals shall be approved by the Board of Trustees prior to the award of the bid.

The Vendor shall be issued a duly authorized purchase order, which shall be deemed acceptance of the bid proposal offer made by the Vendor, for any items and/or services approved by the Board of Trustees and awarded as a result of this bid. NOTE: If Vendor policy requires that GPSD sign vendor contract documents, a sample of all such documents shall be included with the bid proposal and shall become a part of the Vendor's bid proposal. Any such sample shall be clearly marked "Sample." GPSD reserves the right to modify any provisions of any Vendor contract documents.

Bid Preference

In accordance with Section 31-7-47 of the Mississippi Code of 1972, Annotated, any Vendor domiciled in a state having laws granting preference to local contractors is required to include as part of the bid proposal, any bid preference-law which would be applied to a Mississippi company bidding in the domicile of the Vendor. Resident contractors actually domiciled in Mississippi, be they corporate individuals or partnerships, shall be granted preference over nonresidents in awarding of contracts in the same manner and to the same extent as provided by the laws of the state or domicile of the nonresident. GPSD reserves the right to reject the bid or terminate any contractual obligations to the Vendor for the failure of the Vendor to include bid preference information as a part of the bid proposal. In the event of such rejection of bid or termination of contractual obligations, the Vendor shall be liable for any costs associated with the failure to notify GPSD of any bid preference.

No Response to Bid Proposals

Any Vendor not responding in writing to bid proposals shall be removed from the list of bid vendors. Any Vendor wishing to remain on the list of bid vendors but who does not wish to bid on the current bid proposal should return only the Formal Bid Proposal (first page of the bid information) marked "NO BID ~ Please Leave Name on List of Bid Vendors."

Rejection of Bid Proposals

GPSD reserves the exclusive right to reject the bid of any Vendor in part or total for reasons deemed appropriate, such as a documented past experience(s) in which the Vendor failed to perform according to stated specifications once awarded the bid, improper financial responsibility of the Vendor, instances in which Vendor offered references were checked with resulting negative connotations, etc. GPSD reserves the right to accept the "lowest and best" bid; which in their judgment, assures GPSD the product(s) or service(s) having the best performance and the highest level of function, quality and value. GPSD reserves the right to reject any item on which the Vendor does not indicate on the "Quoting On" line the item on which a quotation is submitted, exactly what is being offered, due to the fact that what is being offered may not be clearly identified and comparable to what is specified.

Approved Equal

It is the intent of this document to clearly define "open" and competitive product or service bid specifications. All items on this bid are to be as specified or GPSD approved equals-, GPSD shall reserve the exclusive right to determine products and/or services which are approved as equal to those specified herein. Reference in these specifications to and the use of the name and model number of any article, product, material or item of furniture or equipment by proprietary name, manufacturer or manufacturer's model or catalog number in describing an item, is intended to establish a standard of type, quality and design, and is therefore not intended to limit competition. Vendors may submit bid proposals for products which are of a different manufacturer and model number from that which is specified, provided the herein procedure is adhered to exactly. - However, Vendors are encouraged to offer products of those manufacturers and model numbers specified, if at all possible.

For any item(s) which is proposed, which is other than as specified (brand name and number), it is the responsibility of the Vendor to submit with the bid proposal a sample of the proposed item. In the event submission of a sample is not possible, a manufacturer's published description, catalog or other descriptive document, explaining in detail exactly what is being proposed shall be included. Likewise, any sample or support literature for any item(s) proposed which is other than as specified (manufacturer and model number), shall be clearly labeled as to the Vendor's Name, the Item Number as it appears in the specifications and the Item Name. It shall be the responsibility of the Vendor to insure that a detailed technical description is provided for all items which shall allow for an accurate comparison to the item specified. All such support documentation shall be submitted with the bid proposal and shall be organized in one of the following manners:

- (a) Bound Volume of Pages - for each item, a picture and detailed product specifications (for the exact manufacturer and model number proposed) shall be posted on an 8 1/2" x 11 " sheet of paper bound in a cover with the Vendor's Name on the outside of the cover. The item number and item name as listed in the Detailed Specifications shall be indicated at the top of each page. The support literature shall be organized in a bound volume in order by item number. Preferable, only one item shall be placed on each page.
- (b) Published Catalog— it shall be permissible to submit with the bid, a general or manufacturer's product catalog clearly indicating the detailed product information concerning the proposed product; however, if this method is utilized, it shall be the responsibility of the Vendor to place beside the product manufacturer and model number on the "Quoting On" line the correct page number and Vendor item number (if applicable) in the catalog corresponding to the item being proposed. GPSD shall not research catalog table of contents or indexes attempting to locate items which are offered on this bid.

In addition, it shall be the responsibility of the Vendor to clearly define any deviations that exist from specifications, if any, between what is proposed and what is specified, for each item offered, which is other than as specified. All such information relating to product deviations may be placed in the bid proposal either on the page below the item specification or on a separate sheet. If a separate sheet is utilized, the page shall be entitled "Proposed Product Deviations" and each item shall be clearly labeled as to item number and name as they appear in the Detailed Specifications. Failure to provide such documenting evidence to support any such item offered and/or any significant product deviations may result in rejection of and/or all of the items bid.

Alternate Items

Vendors are discouraged from offering alternate items for bid in lieu of specifications. "Alternate Items" shall be defined for purposes of this bid to be those products which do not differ from what is specified simply because of a manufacturer and model number which is other than as specified, but rather those products which generally are non-characteristic of the product as specified. Consequently, bid proposals for "Alternate Items" as defined herein shall not be given consideration.

Vendor Preference

Where applicable, for the products and/or services to be provided in the specifications, preference shall be granted to those Vendors which offer local sales and services, parts inventories, user training orientation, etc. In the case of "tie bids", all factors being equal, the local Vendor shall be recommended to the Board of Trustees for approval.

Taxes

Vendor pricing shall not include any- taxes (unless specified), since GPSD is tax exempt therefrom. Federal Excise Tax Exemption evidence shall be executed where required upon request by the Vendor.

Grouping of Items

No grouping of items shall be allowed unless otherwise defined in the Detailed Specifications. Items are to be offered for bid on an "individual" basis and shall be awarded accordingly. However, certain circumstances may arise in which it is to the advantage of GPSD to group items offered for bid. All items in each such grouping shall be purchased from one Vendor. In order to be eligible for consideration for award of the bid for any group of items, a price quotation must be offered for all items in the grouping; award of the bid shall be made following careful analysis of the "lowest and best" bid offered for the entire group of items. Failure to offer a quotation for all items in a group may constitute a "No Bid" for the entire group of items.

Payment and Invoicing

Unless otherwise indicated in the detailed specifications of this bid document, it is mutually understood that GPSD shall make remittance in a single lump sum payment following satisfactory delivery of all items listed on the purchase order or following satisfactory delivery of all items listed on the purchase order or following satisfactory performance (final inspection) of all services as specified in the contract. GPSD remits by "completed purchase order" only; remittance shall not be made upon receipt of partial shipments or performance, or the receipt of invoicing for same, but only after all items included on the purchase order or contained in the contract are delivered and/or satisfied.

Consequently, Vendors agree to submit a single itemized invoice (original and duplicate) to GPSD, Office of the Business Manager, Post Office Box 1619, Greenville, Mississippi 38702-1619, following the delivery of all items and/or performance of services as indicated on the purchase order or contract. Multiple invoice documents (numbers) for the same purchase order or contract shall not be acceptable; following satisfactory delivery of items and/or performance of services, only one invoice shall be submitted per purchase order or per contract, which shall be for all items and/or services contained on the order or in the contract.

Following satisfactory invoices as defined above and after receipt of all items on the purchase order and/or full performance of all services specified, payment shall be made in full to the Vendor within forty-five (45) calendar days from either the date of delivery or the receipt of satisfactory invoicing in the Office of the Business Manager for the complete order or contract, whichever occurs last.

Delivery Instructions

Default and Delays

Upon failure of the Vendor to deliver all of the items ordered or to render service, within the time set or allowed, the successful Vendor shall be considered in default, in which case GPSD reserves the right to terminate the purchase order or contract and to purchase similar supplies, services, or furniture and equipment, on the open market or from the next highest bidder; such decision shall be solely at the discretion of GPSD.

Damage to School Property

Vendors shall be required to replace that defective portion or the entire order according to specifications without additional cost to GPSD. Any items which may be lost or damaged in transit from the manufacturer to GPSD shall be replaced or restored to the original good condition by the Vendor at no additional cost to GPSD, to the satisfaction of GPSD.

The Vendor shall, and hereby does, indemnify and hold harmless GPSD from any and all claims, suits, actions, judgments, settlements, damages, awards, costs and expenses of any kind or nature whatsoever arising from or out of any assertion or complaint by a third party or parties of any injury or damage resulting from the performance of this agreement by the Vendor.
