County shall be named as an additionally insured on all policies of insurance. The policy clause "Other insurance" shall not apply to any insurance coverage currently held by the County to any future coverage, or to the County's Self-Insured Retentions as, if any of whatever nature.

## **12.0 PAYMENT.**

- 12.1 Payment for work completed may be invoices on a 45-day basis. Invoice shall be based on reconciled load tickets from the daily operational reports. Payment will be based on the unit pricing submitted by the Contractor in the attached FEE PROPOSAL SCHEDULE.
- 12.2 Time is of the essence to the performance hereunder and the County shall recover from the Contractor any delay costs caused by the acts or omissions of the Contractor or its agents. Except as otherwise provided herein, payment shall be made for actual work accepted and completed. No late payment interest shall be due and owing for payments withheld in good faith for reasonable cause.
- 12.3 For reasonable cause and/or when satisfactory progress has not been achieved by the Contractor during any period for which a payment is to be made, the County's authorized agent may retain a percentage of said payment, not to exceed 5% of the contract value to insure performance of the contract. Said cause and progress shall be determined by the County's authorized agent, in his sole discretion, based on his assessment of any past performance of the Contractor and the likelihood that such performance will continue. Upon completion of all contract requirements, retained amounts shall be paid promptly less any offsets or deductions authorized hereunder or by law.
- 12.4 The County may withhold payment or final payment for reasons including, but not limited to the following: unsatisfactory job performance or progress, defective work, disputed work, failure to comply with material provisions of the contract, third party claims filed or reasonable evidence that a claim will be filed or other reasonable cause.
- 12.5 Final payment, less any offsets or deductions authorized hereunder or by law, shall be made within thirty days of the certification of completion of the project by the County's authorized agent provided the Contractor has completed filing of all contractually required documents and certifications with the County's authorized agent including acceptable evidence of the satisfaction of all claims or liens.

## **13.0 CHANGES, ADDITIONS, DEDUCTIONS AND EXTRA WORK**

Upon proper action by the County the County's authorized agent may authorize changes, additions or deductions from the work to be performed by written notice to the

Contractor. No extra work shall be done or any obligation incurred except upon written order by the County's authorized agent. If any change causes an increase or decrease in the Contractor's cost of, or the time required for, the performance of any part of the work, under this contract, the County's authorized agent shall make an equitable adjustment and modify the contract in writing.

#### **14.0 TERMINATION OF THE CONTRACT**

- 14.1 This contract may be terminated at any time for the convenience of the County. The County agrees to pay the contractor for all work completed through the termination date, as well as, any demobilization costs that were a part of the original contract.
- 14.2 This contract shall be terminated for cause if the Contractor defaults in the performance of any of the terms hereof, including but not limited to: unsatisfactory job performance or progress, defective work, disputed work, failure to comply with material provisions of the contract, third party claims filed or reasonable evidence that a claim will be filed, or other reasonable cause; or otherwise if the Contractor fails to cure any other deficiency identified by the County's authorized agent within 24 hours of delivery of notice of said deficiency. The County retains all other legal or equitable rights or remedies existing as a result of said default, including but not limited to, any legal process necessary to obtain relief against any sureties securing this contract. Any reasonable attorney's fee incurred by the County in enforcing this contract will be paid by the Contractor. Jurisdiction for all legal proceedings shall be the courts of Jefferson Davis County, Mississippi.

#### **15.0 WARRANTIES AND REPRESENTATION**

- 15.1 This contract is binding upon and insures to the benefit of the County or its assigns and is the whole agreement of the parties and governed by the Law of the State of Mississippi.
- 15.2 The Contractor shall comply with all federal, state, and local laws, ordinances, and regulations. The Contractor shall not discriminate against any employee or applicant due to sex, race, color, creed, national origin or ancestry. The Contractor further certifies he is eligible to perform this contract under local and federal law, is not now and has never been debarred from performing federal or state government contracts, and that all subcontractors used in the performance of this contract have the same qualification.

#### **16.0 DEFICIENCIES, CORRECTIVE ACTIONS AND DEDUCTIONS**

- 16.1 When the Contractor's work does not conform to the Contract requirements completely, a deficiency exists. If a deficiency(s) is serious enough to render a service unacceptable, it is also considered a defect. Defects are important in determining if non-compliance levels have been exceeded for services inspected.
- 16.2 Corrective Actions. If deficiencies are identified, the County must take action to correct these deficiencies using one, or in some cases a combination of, the following:

Stop unsafe work. The County's authorized agent may immediately stop work on that portion of the job affected by a safety hazard, until it is corrected.

Issue a Stop Work Order. If the County's authorized agent determines the deficiency is serious, the County can issue a stop work order.

Reduced Value Deduction. The County may reduce the contract price to reflect the reduced value of the services performed. This method is normally used when the work is performed by the County or another contractor rather than the Contractor under this contract. The amount of the deduction is equal to the value of the service(s) not performed. As appropriate, calculation of deductions for certain deficiencies will be made using approved methods included in the Contract provision entitled "Inspection of Services."

The Contract may be terminated.

- 16.3 The County may discuss corrective actions with the Contractor to prevent future occurrences.
- 16.4 The County's authorized agent will notify the Contractor, in writing, of any observed noncompliance with the aforementioned federal, state, or local laws or regulations. Such notice, when delivered to the Contractor at the site of the work, shall be deemed sufficient for the purpose. After receipt of such notice, the Contractor shall immediately inform the County's authorized agent of proposed corrective action and take such action as may be approved. If the Contractor fails or refuses to comply promptly, the County's authorized agent may issue an order stopping all or part of the work until satisfactory corrective action has been taken. No part of the time lost due to any such stop orders shall be made the subject of a claim for extension of time, or for excess costs or damages by the Contractor.

## **17.0 NOTICES**

- 17.1 At the time of the award, the Contractor shall designate, in writing, a Contractor's Representative (CR) to receive any notice required hereunder and who shall be available at the local work site in the County, during all times that the Contractor is performing work in accordance herewith. A copy of said designation shall be provided to the County's authorized agent at the time of award.
- 17.2 The County individual authorized to receive any notice required hereunder shall be the County's authorized representative. Said notice must be hand delivered during normal business hours to County's authorized representative.

The County reserves the right to issue other contracts or direct other contractors to work within the area included in this contract.
