

## COVERT CARRIERS

Ergonomic designs, lightweight fabrics and contoured stitch lines are the platform on which comfort and mobility are built into every covert carrier. From the ultra-concealable F1 to the premier features of the P1, these covert carriers are a sampling of how Safariland® Armor covers all the bases for fit, comfort, and performance.

### P1

- Lightweight four-way stretch ripstop shell fabric
- High-performance spacer mesh liner
- Complementary lightweight spacer mesh liner for improved airflow
- Removable contoured ergonomic straps, with controlled stretch
- Front and back plate pockets
- Zip out front and back panels for easy accessibility with zipper garage
- Strategically located ergonomic VELCRO® Brand hook and loop channels for easy fastening and removal
- High-profile VELCRO® Brand hook and loop fasteners for extra strength and durability

BACK

### M1

- Front and rear plate pockets
- Removable contoured ergonomic straps, with controlled stretch
- Durable hexagon ripstop shell fabric
- X-Static® silver anti-microbial wicking mesh liner
- Full row high-profile VELCRO® Brand hook and loop closures
- Strategically located ergonomic VELCRO® Brand hook and loop channels for easy fastening and removal

BACK

BACK

### F1

- Second skin construction for ultra-concealability
- Ergonomic design for multi-directional mobility
