

THE EASY CHOICE WHEN LUXURY, PERFORMANCE AND VALUE MATTER

Whether you're reeling in a big catch or scooting over to the park, the new Drive² line of Personal Transportation Vehicles provides superior precision engineering and technological innovations. Whatever challenges your day may hold, you'll have plenty of strength to tackle them.

the All New
DRIVE²

A HISTORY *of* MOVING DREAMS *forward*

RELIABILITY

60^{YEARS}

of experience building everything from golf cars to snowmobiles, making Yamaha one of the most recognized and respected brands in the world.

With Yamaha, every challenge is an opportunity for adventure. Snowmobiles, generators, scooters, ATVs, personal watercraft vehicles and more.

With such a long history of success in a variety of industries, you can trust Yamaha to continue innovating with new technology that creates unforgettable moments in the lives of our customers.

1975

YG-292 MODEL GOLF CAR
Yamaha's first golf car. This powerful unit was compact and lightweight, and served as the bedrock for more things to come.

1985

G-2 MODEL GOLF CAR
The first golf car to feature a 4-stroke, overhead valve engine and an injection molded, plastic front and rear body.

1996

G-19 MODEL (ULTIMA) GOLF CAR
Our first 48-volt electric golf car featured innovative roll-away safety protection and regenerative braking.

2006

YDR (THE DRIVE®) PERSONAL TRANSPORTATION VEHICLE
The Drive was introduced to the world with striking new features designed to radically change people's perception of the golf car.

2016

DRIVE² GOLF CAR
The Drive² lineup brought forward all the best features from The Drive but also introduced QuietTech EFI – a gas car that's almost as quiet as an electric. Additionally, QuietTech EFI included the first Independent Rear Suspension ever to be found on a golf car.

Model shown with available accessories.

The best car
JUST GOT BETTER

At Yamaha, we're innovating with the modern driver in mind, and we've created something completely new — the Drive². With newly designed LED headlights, and an automotive style dash with standard USB ports, we've thought of everything you could want or need on the go.

HALOGEN
Old Yamaha Standard

LED
New Enhanced Yamaha Standard

YAMAHA *lights the way*

We won't stop until we've come to the best solution for our customers, and that usually means the old industry standard isn't quite good enough. That's why we decided we could do better than halogen. Our personal transportation vehicles come standard with LED headlights and an optional LED front logo for a brighter ride. Our lights are more powerful with less drain on your batteries, and deliver a 2-3 times wider field of vision than our competitors, so you can enjoy the ride worry-free, even after the sun goes down.

QUIET, SMOOTH RIDE

A gas car that is
ALMOST AS QUIET
as an **ELECTRIC**

the **All New**
DRIVE²
QUIETECH EFI

Our Personal Transportation Vehicles take the effort out of errands. The Drive² handles like a dream and makes even short trips fun! We developed our new QuieTech EFI technology to create a quieter, more fuel-efficient ride, so you can spend less money on fuel and more on doing the things you love.

The new QuieTech EFI boasts the lowest decibel output of any gas car and features the industry's first-ever Independent Rear Suspension in a personal transportation vehicle. These innovations will give you plenty of quiet time, and quality time, when you're on the go.

261 MILES

AVERAGE RANGE BETWEEN FILL-UPS

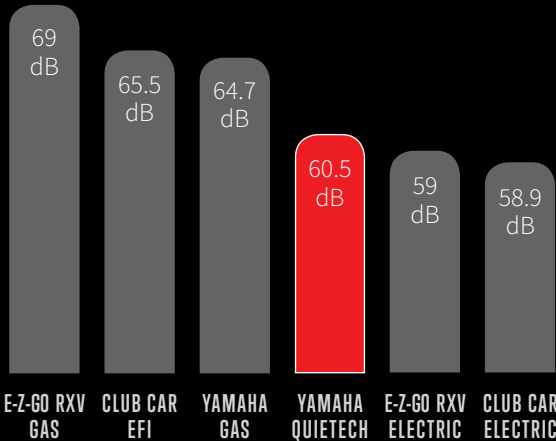

45 MPG*

UP TO 23%

BETTER FUEL ECONOMY THAN OUR COMPETITORS

QUIETECH EFI. EVERYTHING ELSE IS JUST NOISE.

NOISE LEVEL⁽¹⁾

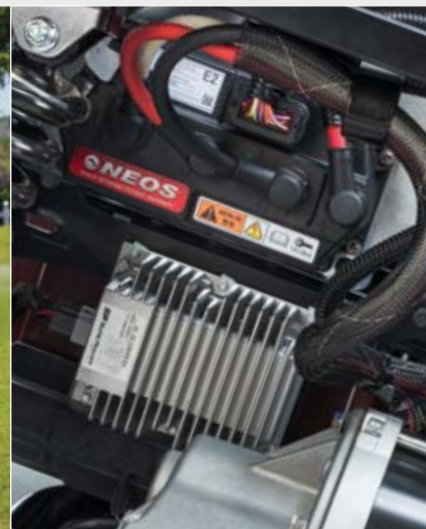

* Independent laboratory testing in a fleet environment by Transportation Research Center, Inc. 2015, on model year 2016 cars.

⁽¹⁾Decibel reading from 25 feet at constant speed on a paved cart path for 2016 fleet models.

It's ALL ABOUT the JOURNEY

the All New
DRIVE²
PowerTech AC

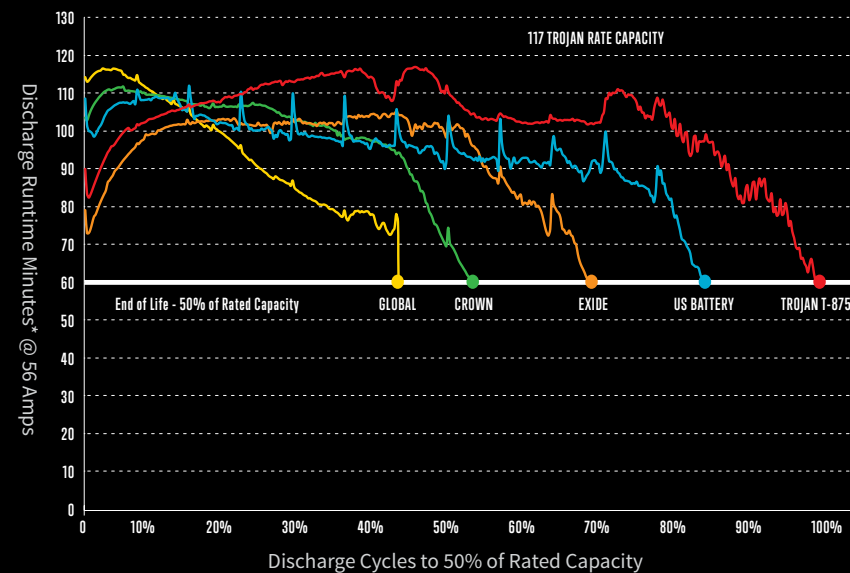

Whether you want a Personal Transportation Vehicle for riding around the neighborhood with friends and family, or to climb hills without breaking a sweat, the silky smooth acceleration of the all-new PowerTech AC PTV will allow you to enjoy the journey as much as the destination.

Toyota Industries-built
motor control unit.

Independent Laboratory Testing 8 Volt Batteries

Yamaha is the only
golf car manufacturer
that uses industry-best
Trojan T-875 batteries
as standard equipment.

* Based on the averaging of two completed
separate tests on two batteries for each brand.

OUR ONLY QUESTION FOR YOU IS REFILL OR RECHARGE?

With our quiet gas cars boasting a 261-mile range and our electric cars wielding an industry-leading 6.5 horsepower motor, making a decision between the two simply comes down to preference. Either way, the choice is yours.

QUIETECH EFI

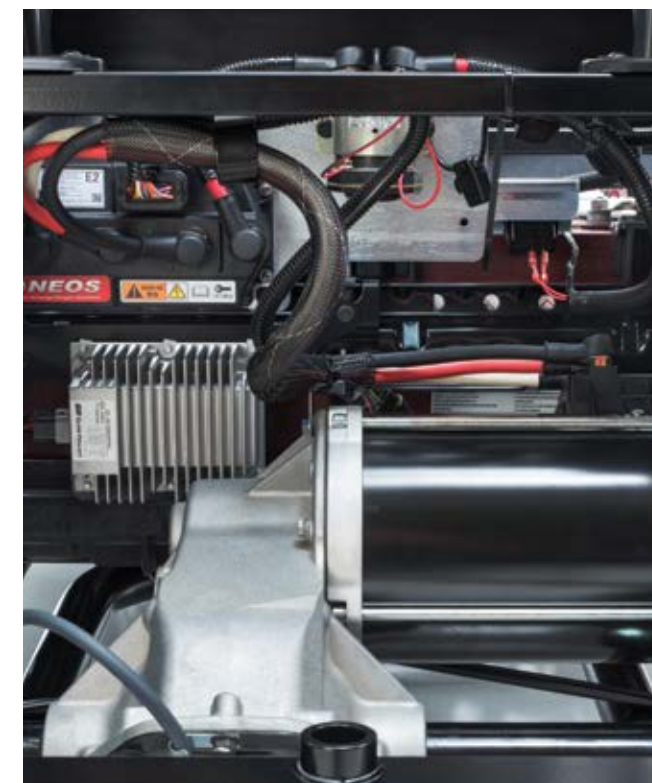

Our QuieTech EFI cars, now equipped with Independent Rear Suspension, are the quietest, most comfortable on the road. And if you're worried about emissions, don't be! Our gas cars feature the lowest fuel emissions around, and with over 60 years of gas motor manufacturing experience under our belts, you can trust the dependability and performance known to Yamaha owners around the world.

- Yamaha exclusive QuieTech technology
- Independent Rear Suspension
- 12.8% more miles to the gallon over the competition – 45 MPG*
- Yamaha-built engine
- Industry-leading fuel economy
- Fewest emissions and up to 76% fewer pollutants than competitors*

DRIVE²
QUIETECH EFI

OR

POWERTECH AC

PowerTech AC cars prioritize energy efficiency while offering all the power you need – rapid acceleration, smooth uphill climb, and exceptional battery strength and endurance. You can't go wrong with PowerTech AC because our battery power is synonymous with horsepower, and efficiency is our middle name.

- PowerTech AC Drive
- Toyota Industries-built motor controller unit
- Reliability and proven performance
- Cradle smooth suspension system
- Industry-leading T-875 Trojan batteries come standard
- Best hill-climbing ability
- Yamaha-built charger

CUSTOMIZED ACCESSORIES

LED Front Logo

Attention grabbing LED lit logo for increased visibility.

LED Taillights

Optional LED ANSI compliant taillights.

Premium Light Package

Turn signal package (includes LED taillights).

Ultra Premium Light Package

Ultra Premium PTV Upgrade Kit adds daytime running lights (DRL), LED turn signals and upgraded Sequential LED brake lights. Includes random key switch.

Enclosure

Fits over the roof and features easily stored zip-off windshield, easy-zip doors, and quick, easy adjustment. Installs in minutes. Includes deluxe carrying case.

Steering Wheel

3-spoke design with black molded polyurethane grip. Silver anodized spokes. 11 1/2" diameter.

Mirrors

4"x 6" side mirrors mount to the sun top uprights. Made of durable black automotive ABS. Easy install.

Stereo Console

Console includes speakers and features black roto-molded, foam-insulated, double-wall plastic construction. Mounts underneath vehicle top. Stereo not included.

Bluetooth Media Receiver

Includes Bluetooth connectivity for Android smartphones and USB connections for iPod®/iPhone®. Two phones connect for hands-free calling and listening services.

Cooler

This blow-molded, easily removable cooler with double wall construction mounts easily on either side of car. Fits six 12 oz. bottles with ice.

Sand Bucket

This high quality Sand Bucket with hinged lid and scoop can be mounted on either side of car alongside the sand bottle.

Golf Club/Ball Washer

Easily installed, this high quality Club and Ball Washer can be mounted on the right or left side of the car alongside the sand bottle.

Club Cover

Our weather-resistant, marine-grade, 600D polyester golf car cover installs quickly, easily, and requires no modification to ClimaGuard™ Suntop.

Carry Bag

Straps conveniently into your golf bag strap. Perfect for carrying groceries, shopping bags, boxes and more.

Parking Pad

Made with a poly film backing to protect your garage floor.

Optional Black Top

Protection from the elements. Our ClimaGuard™ top with dual gutters is 33% larger than the nearest competitor.

Optional Black Seat

Widest, most comfortable seat, contoured for the most ergonomic ride.

Classic RFS Kit

Complete, easy-to-install rear-facing seat kit converts easily to light duty cargo area.

Eight 6-Volt Battery Option

We offer eight 6-volt Trojan T-105 batteries which provide approximately 30% more range and an extended life due to a lower depth of discharge.

Chrome Kick Plate

Includes a sleek, modern, easy to care for kickplate to protect your interior.

Polycarbonate Split Windshield (clear or tinted)

Clear Split Windshield
With a contoured bottom designed to hug the front of the vehicle and seal out the elements, this polycarbonate windshield has a flexible hinge that allows the windshield to smoothly fold and lock in place.

Tinted Split Windshield

Car Storage Cover

Made of high performance, heavy duty vinyl, with sealed seams and industrial zippers, custom-tailored to fit over the ClimaGuard™ Top.

Wheels

CASINO

BLACK CASINO

RALLY HUBCAP

Millennia MA100 Speaker/Amp Package

This Bluetooth® audio kit has no external buttons or lights, giving your golf car a clean look. Includes two speakers and all wiring.

Bluetooth® with Volume Control

Easy to operate, waterproof device is iPhone and Android compatible and it features three connection options. Connects to MA100 Speaker/Amp Package (sold separately).
