

BLACK EAGLE® SAFETY 55 MID SZ

Art. No.: 620012 men, 620013 women

NFPA 1999-2018, ASTM F2413-2018, CSA Z195-2014

HAIX® Secura Liner, HAIX® Composite Toe Cap, leg height: 5 inches

Available sizes: Men 4 – 16 & half sizes, Women 5 – 12 & half sizes

HAIX® Composite
Toe Cap

HAIX® Vario Wide
Fit System

Side Zip

Upper Material

2.0 – 2.2 mm thick waterproof, hydrophobic and breathable leather

HAIX® Secura Liner®:

Footwear inner liner which will never pull out or wrinkle up over time; lining is firmly secured and sealed along with the upper leather beneath the sole.

Inner lining

CROSSTECH® Laminate Technology; watertight and breathable. Abrasion-resistant lining with optimized climate comfort for all seasons, especially for alternating between indoor and outdoor use. Superior penetration resistance against blood and body fluids (protection against blood borne bacteria and virus). Increased chemical protection.

Insert

Comfortable, cushioning and moisture repellent. Separate heel shape for good cushioning and foot insertion. "AIRFLOW" channels. "Perfect-Fit" mark for an optimal verification of the correct shoe size.

Anti Slip

Very good grip on different terrains by profile configuration and use of a special rubber.

HAIX® Composite Toe Cap

Anatomically formed and ultralight protective toe cap made of fiber-reinforced plastic to meet the highest safety requirements.

Sole

Lightweight and Athletic sole construction with a high level of slip and abrasion resistance, offering improved heel to toe control in all weather conditions. The lightweight PU cushioned sole provides optimum comfort as well as excellent thermal insulation. The non-marking rubber outsole is also resistant to heat, oil and gasoline.

HAIX® Vario Wide Fit System

For a more individualized fit, boot fit can be adjusted with an alternate insole. Blue – Narrower fit (thickest), Red – Moderate fit (average thickness), Yellow – Wider fit (thinnest). If boots feel slightly wide, HAIX® recommends using the next thickest insole; or, if slightly narrow, to use the next thinnest insole.

Puncture Resistant Midsole

Flexible, lightweight and completely metal free puncture resistant midsole.

Sun Reflect

Reducing heating effect of the upper leather by direct sunlight. Sunlight is reflected by the leather, keeping the feet cool.

HAIX® Climate System

The HAIX Climate system uses the pumping movement, which permits air circulation with every step – warm air is released and fresh air comes in through the vent holes at the top of the boot.

Others

Lightweight, metal-free, Electrical Hazard Resistant Footwear (EH) / Electrical Shock Protective Footwear (Ω)

Extended Wear Program

Out of warranty footwear can be refurbished with original factory parts through an extended wear package. This package includes any necessary replacement or repair of stitching, insoles, and retreading of soles. Footwear will be cleaned and deodorized. HAIX footwear owners also have the option of a sole retread only or a toe cap replacement only.

BLACK EAGLE® SAFETY 42.1 LOW

Art. No.: 610013

ASTM F2413-2018, CAN/CSA Z195-2014

Color: black, waterproof and extremely breathable with GORE-TEX® Extended, leg height 3 inches, sole 019

Available sizes: 4 – 16 & half sizes

Widths: medium, wide

HAIX® Composite
Toe Cap

HAIX® Vario Wide
Fit System

Upper Material

Microfiber/textile combination.

Inner Lining

GORE-TEX® Extended; waterproof and highly breathable. Abrasion-resistant lining with optimized climate comfort, especially for flexible alternating inside and outside use.

Insert

Comfortable, cushioning and moisture repellent. Separate heel shape for good cushioning and foot insertion. "AIRFLOW" channels. "Perfect-Fit" mark for an optimal verification of the correct shoe size.

HAIX® Anti Slip

Very good grip on different terrains by profile configuration and use of a special rubber.

HAIX® Protective Throughsole

Flexible, lightweight and metal-free sole.

Sole

Modern, light weight and sporty sole construction with rubber/PU street/terrain tread, abrasion-proof, for enhanced toe-to-heel support, ideal for cold weather conditions. The lightweight PU cushioning wedge provides optimum wear comfort. Excellent thermal insulation. The non marking outer sole is resistant to heat and fuel-oil.

HAIX® Composite Toe Cap

Anatomically formed and ultralight protective toe cap made of fiber-reinforced plastic for highest safety requirements.

HAIX® Vario Wide Fit System

For a more individualized fit, shoe fit can be adjusted with an alternate insert. Blue – Narrower fit (thickest), Red – Moderate fit (average thickness), Yellow – Wider fit (thinnest). If boots feel slightly wide, HAIX® recommends using the next thickest insert; or, if slightly narrow, to use the next thinnest insert.

HAIX® Smart Lacing

Smooth and non-pressure adjustment of the boot to the foot, quick lock and lace pocket.

Others

Lightweight, metal-free, Electrical Hazard Resistant Footwear (EH) / Electrical Shock Protective Footwear (Ω)

Extended Wear Program

Out of warranty footwear can be refurbished with original factory parts through an extended wear package. This package includes any necessary replacement or repair of stitching, profiled rubber toe caps, insoles, and retreading of soles. Footwear will be cleaned and deodorized. HAIX footwear owners also have the option of a sole retread only or a toe cap replacement only.

ATHLETIC 2.1 T

low / black
Art. No. 330016

Microfiber/textile, breathable inner liner, antistatic, sole 018

Available sizes US 4 – 13 & half sizes, extra large sizes US 14/15/16

Available widths: medium, wide

330016

Upper Material

Microfiber/textile combination

Inner Lining

Breathable inner liner

Insole

Comfortable, cushioning and moisture repellent. Highly abrasion-resistant polyester fabric on breathable PUR foam. Washable up to 86° F. "AIRFLOW" channels.

Running sole

Made of rubber; fuel-oil, heat resistant as well as cold insulating, non-marking, abrasion resistant and self cleaning.

Durable Sole

Rubber mixture for long lasting durability.

Anti Slip

Excellent grip on a variety of terrains, even in the cold due to specific outsole design and use of special rubber.

Midsole

Double density PU midsole, lightweight and cushioning effect. Stabilization zone for optimal pressure distribution on uneven terrain.

Smart Lacing

Smooth and pressure free adjustment for the shoe to the foot, quick lock and lace pocket.

Others

Low weight, closed lacing system with quick closure and lace pocket, toe bumper for additional abrasion protection, metal-free, antistatic, sole is very non-skid in wet and cold conditions, durable, good cushioning effect

BLACK EAGLE® TACTICAL 2.1 GTX

low / black
Art. No. 340001

Leather/textile combination, waterproof and extremely breathable with GORE-TEX® Extended, leg height 3.5 inches, antistatic, sole 018

Available sizes US 4 – 13, Extra large sizes US 14 – 16

Available widths: medium, wide

Upper Material

Waterproof Leather 1.6 – 1.8 mm thick, hydrophobic, breathable

Inner Lining

GORE-TEX® Extended; Waterproof and highly breathable. Abrasion-resistant lining with optimized climate comfort, especially for flexible alternating inside and outside use.

Insole

Comfortable, cushioning and moisture repellent. Separate heel shape for good cushioning and foot insertion. "AIRFLOW" channels.

Running sole

Made of rubber; fuel-oil, heat resistant as well as cold insulating, non-marking, abrasion resistant and self cleaning.

HAIX® Anti Slip

Very good grip on different terrains by profile configuration and use of a special rubber.

Durable Sole

Rubber mixture for long durability.

Midsole

2-component PU, light, cushioning, supporting

Pronation Support

Supports the center of the heel, prevents buckling inward.

Stabilizer

Asymmetrical PU for stabilizing the heel.

HAIX® Smart Lacing

Smooth and non-pressure adjustment of the boot to the foot, quick lock and lace pocket.

Sun Reflect

Reduces the heating effect of the upper leather by direct sunlight. Sunlight is reflected by the leather, keeping the leather and the feet cooler.

Others

Low weight, antistatic, metal-free

Soft and supple waterproof leather, hydrophobic, breathable

Sole

Extremely slip resistant rubber outsole with PU wedge which is fuel-oil and skid resistant, with a non-marking, self-cleaning, antistatic tread. Excellent insulation against heat and cold

Insole

Anatomically formed, quick change, machine washable insert with excellent moisture absorption and quick drying qualities

Footbed

TEXON (fleece) insole absorbs moisture

Moisture Barrier

CROSSTECH® footwear, with warp knit inner lining, highest level of abrasion resistance and fast drying, waterproof, breathable, blood and body fluid and common chemical resistance

HAIX® Secura Liner®

Footwear inner liner which will never pull out or wrinkle up over time; lining is firmly secured and sealed along with the upper leather beneath the sole

HAIX® Sun Reflect Leather

Reduces the heating effect of the upper leather by direct sunlight. Sunlight is reflected by the leather, keeping the leather and the feet cooler

HAIX® Climate System

Permits air circulation with every step – moist air is released and fresh air comes in through the vent holes at the top of the boot

Other

Anatomically formed and softly padded tongue, lightweight, high quality low friction loops and reinforcement in the toe and heel area. Superior sole stability enhanced by a plastic stone shield built into the sole which also prevents the sole of the foot from feeling every rock and stone

Extended Wear Program

Out of warranty footwear can be refurbished with original factory parts through a resole package. This package includes any necessary replacement or repair of stitching, profiled rubber toe caps, soles, and insoles. Footwear will be cleaned and deodorized
