Subject: Intent to purchase notification to local paper

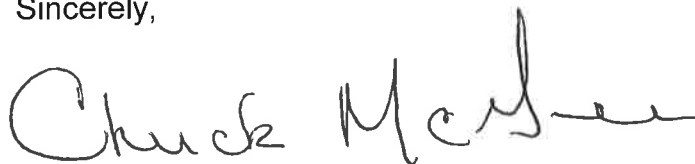

Rhonda,

I need the following information published for 2 consecutive weeks in the local newspaper.

"To all interested bidders, Stone County School District is accepting bids for upgrades to its wireless access network at Stone High School. The district plans to upgrade its existing wireless network controller and add 30 additional wireless access points throughout the high school campus. These upgrades are needed to support the increased number of wireless computing devices currently being used by students and staff. Detailed information concerning the requirements associated with this bid can be found here:

Sincerely,

A handwritten signature in black ink that reads "Chuck McGee". The signature is written in a cursive, flowing style.

Chuck McGee

Director of Technology

Stone County Schools
