CITY OF NATCHEZ  
BID FORM FOR ROOT CONTROL SERVICES  
BIDS TO BE RECEIVED 10:00 A.M., MARCH 23, 2023

This bid is to apply chemical root control agent to sanitary sewers, in order to kill the root growth present in the lines and to inhibit re-growth, without permanently damaging the vegetation producing the roots.

Bidders must be fully licensed in pesticide application and certified to apply EPA registered herbicides to sanitary sewers in compliance with Federal and State regulations. Root control product shall be free of metam-sodium.

Bidder must attach proof of general liability insurance and workers' compensation with this bid form.

Contractor is responsible for all property damage and for all clean up and restoration associated with any chemical spill. The contractor is not responsible for any damages caused by sewer stoppages.

Contractor is responsible for all maintenance of traffic, barricades, flagmen, and other traffic management devices and labor.

For each sewer section (manhole to manhole) that is treated, the contractor shall guarantee the work as follows: The Contractor shall, at his own expense, re-treat a sewer section, or refund 100% of the payment received to treat that section, in the event that (1) live roots are found in the section within six months after the application: or (2) the section plugs up and floods due to tree root obstructions within a period of two years, beginning on the date of treatment, and ending two years after the date of treatment. Re-treatments, performed at no charge in honor of the guarantee, do not extend the expiration date of the guarantee.

The guarantee applies to sewer stoppages caused by live tree roots. It does not apply to stoppages caused by grease or other foreign matter: flat, collapsed or deformed pipe: or flooding caused by a surcharged or plugged sewer section downstream from a guaranteed sewer section. The contractor is not responsible for any damages caused by main line sewer stoppages, regardless of cause.
