FEATURES

A DREAM TEAM

The Luna Collection delivers smart space-conscious and style-forward design. Boasting task, task stool, and side chair models, Luna is built for easy coordination. Mixing and matching is a snap, with two frame colors and 18 mesh colors to choose from.

LUNA TASK & STOOL

The Luna task chair's distinctive polished aluminum accents on its Black or Dove Gray frame makes every office look and feel like the corner office. Plenty of ergonomic features come standard on the task model, including the seat depth adjustment and multiple synchro controls. If you want even more, you can add extras like four-way adjustable arms or a height-adjustable lumbar support.

LUNA SIDE

Featuring a wall-saver frame design, the Luna side chair is the perfect companion for an office, café, or anywhere else you team up. Choose armed or armless, and coordinate with your choice of black or silver metal frames. With its multiple glide and caster options, Luna side suits various floor types. Luna side easily goes where you need it to, stacking five high on the optional dolly and five high on the floor.

A SINGULAR SOLUTION

From the lobby to the board room and everywhere in between, Luna unifies your entire space with its plentiful options. Whether casual or dressed up, its expressive lines match any interior style.

THE CHOICE IS UP TO YOU

The Luna Collection was created to merge comfort and refinement. It has all the ergonomics you want, whether fully upgraded or just the basics. Luna's design options give you infinite possibilities for customization, so it can blend in or stand out.
