Project Details

1. Describe the commodity that the agency is seeking to procure:

The University of Mississippi Medical Center (UMMC) seeks to purchase Pressure and Activity Implantable Telemetry Probes and accessories. The Pressure and Activity Implantable Telemetry Probes and accessories are needed for their ability to measure blood pressure and heart rate in small animals such as rats and mice with the capability to exchange older telemetry probes with battery replacement.

2. Explain why the commodity is the only one (1) that can meet the needs of the agency:

The DSI Pressure and Activity Implantable Telemetry Probes and accessories are proprietary to the existing equipment and software that UMMC currently utilizes for the physiological monitoring of small animals such as rats and mice.

3. Explain why the source is the only person or entity that can provide the required commodity:

Data Sciences International (DSI) manufactures the DSI Pressure and Activity Implantable Telemetry Probes and accessories for proper use of the system. Data Sciences International (DSI) is the sole manufacturer and supplier of the Pressure and Activity Implantable Telemetry Probes and accessories. They are not available to the University from any other distributor. See supporting letter from Data Sciences International (DSI) Attachment A.

4. Explain why the amount to be expended for the commodity is reasonable:

The estimated amount to be expended is for the purchase of the Pressure and Activity Implantable Telemetry Probes and accessories is \$13,000. This amount is within the expected price range for these products.

5. Describe the efforts that the agency went through to obtain the best possible price for the commodity:

Through market intelligence, UMMC was able to negotiate best pricing for these products. All applicable discounts were explored and applied.

Submission Instructions and Format of Response from Objecting Parties

Interested parties who have reason to believe that the Pressure and Activity Implantable Telemetry Probes and accessories, (hereafter, "Products") should not be certified as a sole source should provide information in the Vendor Form for the State to use in determining whether or not to proceed with awarding the sole source to Data Sciences International (DSI).
