

Parsons Table

# Parsons Table

Versteel puts a spin on the Parsons table, creating the most stable platform available with integrated wire management and easy assembly. A unique construction technique allows the table to ship flat for on-site installation, and once assembled all fasteners are concealed. End panels are available with wire management access for power and data specification and ships standard with nylon adjustable glides. So simple, yet so versatile . . .

## AVAILABILITY

- Rectangle
- Fixed

## SPECIFICATIONS

- Standard panel thickness is 2" (available in laminate).
- Under top support thickness is 1.5" (available in laminate).

## OPTIONS

- Alternate Height
- Wire Management (in end panels)
