### **1. DEFINITIONS**

The use of the word “agency” in any Bid Invitation solicitation or specification shall be intended to mean state agencies only. The words “governing authority” when used shall be intended as meaning city, county or other local entities.

### **2. PREPARATION OF BIDS**

- 2.2. To submit bids electronically, bidders must ensure they are registered in the MAGIC system and have received a login, password, and supplier number and that all technical requirements have been met.
- 2.3. If a bidder is unwilling or unable to participate through MAGIC, an MDMR representative can enter the Vendor’s bid(s) manually (i.e. Surrogate bidding).
- 2.4. Bidders participating in person by surrogate bidding must so indicate in their response to the initial Request for Quote-Formal (RFQF).
- 2.5. Failure to examine any drawings, specifications, and instructions will be at bidder's risk.
- 2.6. Price each item separately. Unit prices shall be shown. Bid prices must be net.
- 2.7. It is understood that reference to available specifications shall be sufficient to make the terms of such specifications binding on the bidder.
- 2.8. Bidders must furnish all information requested in the bid specifications. Further, when required, each bidder must submit for bid evaluation cuts, sketches, descriptive literature and technical specifications covering the product offered. Reference to literature submitted with a previous bid or on file with MDMR will not satisfy this provision.
- 2.9. Samples of items, when requested, must be furnished free of expense, and if not destroyed in testing will, upon request, be returned at the bidder's expense. Request for the return of samples must be made within ten (10) days following opening bids. Each individual sample must be labeled with bidder's name, manufacturer's brand name and number, State of Mississippi commodity number, bid number and item reference.

- 2.10. Time of performance. The number of calendar days in which delivery will be made after receipt of order shall be indicated in the bid specifications.

### **4. ACCEPTANCE OF BIDS**

MDMR reserves the right to reject any and all bids, to waive any informality in bids and unless otherwise specified by the bidders, to accept any items on the bid. The State reserves the right to modify or cancel in whole or in part its Invitation for Bids.

If a bidder fails to state the time within which a submitted bid will expire, it is understood and agreed that the MDMR shall have 60 days to accept.

### **5. ERROR IN BID**

If a vendor is participating in a Live Auction, the vendor can notify MDMR in the event of an erroneous bid via the chat message feature. Erroneous bids, where the mistake is apparent to MDMR, may be deleted during the live auction.

### **6. SPECIAL DISCOUNT PERIOD**

Time in connection with a special discount offered will be computed from date of delivery at destination or from the date correct invoices are received, if the latter date is later than the date of delivery. Cash discounts will not be considered in the award process.

### **7. AWARD**

- 7.1. Contracts and purchases will be made or entered into with the lowest responsible bidder meeting specifications, except as otherwise specified in the bid specifications. Where more than one item is specified in the specifications, MDMR reserves the right to determine the low bidder either on the basis of the individual item(s) or on the basis of all

items included in its Invitation for Bids, or as expressly provided in MDMR's Invitation for Bids.

- 7.2. Unless the bidder specified otherwise in the bid, MDMR may accept any item or group of items of any kind.
- 7.3. A written purchase order or contract award furnished to the successful bidder within the time of acceptance specified in the Invitation for Bid results in a binding contract without further action by either party. The contract shall consist solely of these General Conditions, the Instructions and Special Conditions, the successful bidder's bid, and the written purchase order or contract award. The contract shall not be assignable in whole or in part without the written consent of MDMR.
- 7.4. Suppliers should be advised that no award will automatically result from a reverse auction, and that the purchasing entity will review the results of the auction and make a determination in a timely manner.

## **8. INSPECTION**

Final inspection and acceptance or rejection may be made at delivery destination, but all materials and workmanship shall be subject to inspection and test at all times and places, and when practicable. During manufacture, the right is reserved to reject articles which contain defective material and workmanship.

Rejected material shall be removed by and at the expense of the contractor promptly after notification or rejection. Final inspection and acceptance or rejection of the materials or supplies shall be made as promptly as practicable, but failure to inspect and accept or reject materials or supplies shall not impose liability on the State or any subdivision thereof for such materials or supplies as are not in accordance with the specification. In the event necessity requires the use of materials or supplies not conforming to the specification, payment therefore may be made at a proper reduction in price.

## **9. TAXES**

The State is exempt from federal excise taxes and state and local sales or use taxes and bidders must quote prices which do not include such taxes. Exemption certificates will be furnished upon request. Contractors making improvements to, additions to or repair work on real property on behalf of the State are liable for any applicable sales or use tax on purchase of tangible personal property for use in connection with the contracts. Contractors are likewise liable for any applicable use tax on tangible personal property furnished to them by the State for use in connection with their contracts.

## **10. GIFTS, REBATE, GRATUITIES**

- 10.1. Acceptance of gifts from bidders is prohibited. No officer or employee of the MDMR, nor any head of any state department, institution or agency, nor any employee of any state department, institution or agency charged with responsibility of initiating requisitions, shall accept or receive, directly or indirectly, from any person, firm or

corporation to whom any contract for the purchase of materials, supplies, or equipment for the State of Mississippi may be awarded, by rebate, gifts, or otherwise, any money or anything of value whatsoever, or any promise, obligation or contract for future rewards or compensation.

10.2. Bidding by state employees is prohibited. It is unlawful for any state official or employee to bid on, or sell, or offer for sale, any merchandise equipment or material, or similar commodity to the State during the tenure of his or her office or employment, or for the period prescribed by law thereafter, or to have any interest in the selling of the same to the State.

## **11. BID INFORMATION**

Bid information and documents may be examined pursuant to the Mississippi Public Records Act of 1983, MS Code 25-61-1 et seq.

## **12. PRECEDENCE**

Bids shall be made and the contract shall be entered into in accordance with the General Conditions as hereinafter amended and modified. Should a conflict exist between the General Conditions and the Instructions and Special Conditions, the Instructions and Special Conditions shall take precedence.

## **13. COMPETITION**

There are no federal or state laws that prohibit bidders from submitting a bid lower than a price or bid given to the U.S. Government. Bidders may bid lower than U.S. Government contract price without any liability as the State is exempt from the provisions of the Robinson-Patman Act and other related laws. In addition, the U.S. Government has no provisions in any of its purchasing arrangements with bidders whereby a lower price to the State must automatically be given to the U.S. Government.

## **14. WAIVER**

MDMR reserves the right to waive any General Condition, Special Condition, or minor specification deviation when considered to be in the best interest of the State.

## **15. CANCELLATION**

Any contract or item award may be canceled with or without cause by the State with the giving of 30 days written notice of intent to cancel. Cause for the State to cancel may include, but is not limited to, cost exceeding current market prices for comparable purchases; request for increase in prices during the period of the contract; or failure to perform to contract conditions. The Contractor will be required to honor all purchase orders that were prepared and dated prior to the date of expiration or cancellation if received by the Contractor within a period of 30 days following the date of expiration or cancellation. Cancellation by the State does not relieve the Contractor of any liability arising out of a default or nonperformance. If a contract is canceled by the State due to a Contractor's request for increase in prices or failure to perform,

that Contractor will be disqualified from bidding for a period of 24 months. The Contractor may cancel a contract for cause with the giving of a 30-day written notice of intent to cancel. Cause for the Contractor to cancel may include, but is not limited to, the item(s) being discontinued and/or unavailable from the manufacturer.

## **16. SUBSTITUTIONS DURING CONTRACT**

During the term of a contract, if adequate documentation is provided that supports the claim that the contract item(s) are not available, items which meet the minimum specifications may be substituted if approved by MDMR and the substitutions are deemed to be in the best interest of the State.

## **17. APPLICATION**

It is understood and agreed by the bidder that any contract entered into as a result of this Invitation for Bids is established for use by state agencies and all purchases made by these agencies for products included under the provisions of the contract shall be purchased from the bidder receiving the award unless exempt by special authorization from the MDMR.

Under the provisions of Section 31-7-7 Mississippi Code of 1972, Annotated, the prices offered herein shall be extended to the governing authorities. However, the governing authorities, by provisions of Section 31-7-12 Mississippi Code, may purchase products covered by state contracts from any source offering an identical product at a price that does not exceed the state contract price.

Employees of the MDMR have acted exclusively as agents of the State for the award, consummation, and administration of the contract and are not liable for any performance or nonperformance by the state agencies that utilize the contract.

## **18. ADDENDA**

Addenda modifying plans and/or specifications may be issued if time permits. No addendum will be issued within a period of two (2) working days prior to the time and date set for the bid opening. Should it become necessary to issue an addendum within the two (2) day period prior to the bid opening, the bid date will be reset to a date not less than five (5) working days after the date of the addendum, giving bidders ample time to comply with the addendum. When replying to a bid request on which an addendum has been issued, and the specifications require acknowledgement, the bid shall indicate that provisions of the addendum have been noted and that the bid is being offered in compliance therewith. Failure to make this statement may result in the bid being rejected as not being in accordance with the revised specifications or plans.

## **19. NONRESPONSIVE BIDS**

Nonresponsive bids will not be considered. A non-responsive bid is considered to be a bid that does not comply with the minimum provisions of the specification. Any bidder found to repeatedly offer alternated products that are not compliant with specifications in an attempt to obtain a contract on the basis of pricing only will be disqualified from bidding for a period of 24 months.

## **20. SPECIFICATION CLARIFICATION**

It shall be incumbent upon all bidders to understand the provisions of the specifications and to obtain clarification prior to the time and date set for the live auction or bid opening. Such clarification will be answered only in response to a written request submitted in the specified amount of time set by the MDMR. The MDMR reserves the right to specify a time frame in which clarification request shall be made.

## **21. PRE-QUALIFICATION PROCESS**

- 21.1. The purpose of the RFQF is to advertise the competitive procurement for solicitation of formal quotes from potential bidders to participate in the Reverse Auction. The MDMR will be responsible for defining product categories, adding bidders, and publishing all bid related documents to the procurement portal. Once the responses have been received and the Opening Date has been reached, the MDMR will review the submissions to qualify bidders and determine a starting price for reverse auction items.
- 21.2. The Invitation for Bids/RFQF shall be advertised in accordance with Section 3.106.05.4 of the Mississippi Procurement Manual. The MDMR shall advertise once each week for two (2) consecutive weeks in accordance with Section 31-7-13(c)(i)(1) of the Miss. Code Ann. Responses to the RFQF will be due no earlier than the 8th working day after the last day of advertisement.
- 21.3. The initial response to the Invitation for Bids shall include a proposed product, including specifications and/or samples, for the purchasing entity to evaluate and determine responsiveness to requirements. Responses to the RFQF will be reviewed by the MDMR for responsiveness to specifications. Once a supplier's product is determined to be responsive, the supplier may participate in the reverse auction. Price quotes received will be evaluated in conjunction with other market research to determine the starting price for the Auction.
- 21.4. The MDMR will accept bidder responses in MAGIC who have qualified meeting RFx specifications. Bidders not meeting specifications will not be allowed to participate in the Auction.

- 21.6. It is requested that bids be submitted on the basis of statewide distribution. Contractors must maintain adequate distribution capabilities and adequate stock of all items to insure prompt delivery.

## **22. FIRM BID PRICE**

Prices accepted from bidder submissions shall be firm for the term of the contract except that the State shall receive the benefit of any price decrease in excess of five (5) percent. The

contractor must provide written price reduction information within ten (10) days of its effective date.

## **23. CONTRACT EXTENSION**

23.1 Automatic contract renewals or extensions are not allowed. Contracts must be extended or renewed with the proper documents signed or approved by the MDMR.

23.2 The MDMR reserves the right to extend the term of a contract, when necessary, to continue a source of supply whenever new or replacement contracts are not completed prior to the expiration date. Such extensions are dependent upon agreement of the Contractor and shall not exceed three (3) months.

## **24. SUSPENSION AND DEBARMENT**

By submitting a bid, the bidder is certifying that neither the bidder nor any potential subcontractors are debarred or suspended or are otherwise excluded from or ineligible for participation in federal assistance programs.

## **25. ASSIGNMENT**

The Contractor shall not assign or subcontract in whole or in part, its right or obligations under this agreement without prior written consent of the MDMR.

## **26. INDEMNIFICATION**

In the State's sole discretion, Contractor may be allowed to control the defense of any such claim, suit, etc. In the event Contractor defends said claim, suit, etc., Contractor shall use legal counsel acceptable to the State; Contractor shall be solely liable for all reasonable costs and/or expenses associated with such defense and the State shall be entitled to participate in said defense. Contractor shall not settle any claim, suit, etc., without the State's concurrence, which the State shall not unreasonably withhold.

## **27. LIVE AUCTION**

27.1. Notification of Auction Start date and time will be sent via email to qualifying bidders. If a bidder is unwilling or unable to participate through MAGIC, a representative from the MDMR can enter the Vendor's bid(s) manually (i.e. Surrogate Bidding). **If a bidder elects to participate via Surrogate Bidding, the bidder must be physically present at the public bidding location, with the means to submit written bids for each offer made and signed by an authorized agent of the Vendor.** A Bid Form will be provided

to the Vendor at the start of the auction. This form will not be returned to the bidder but will become a part of the Bid Documentation for Evaluation by the MDMR.

- 27.2. The Auction time may be extended at the discretion of the MDMR. Examples of reasons to extend an auction include, but are not limited to, technical difficulties experienced by the MDMR or bidder, the need to pause the Auction, or bids placed within the last few moments of bidding.
- 27.3. Communication with bidders participating electronically during the Auction may be done via the Live Chat Feature. The MDMR has the ability to send messages to particular bidders or broadcast to all bidders. Bidders can ONLY communicate with the MDMR and not other bidders.
- 27.4. Bidders may be removed from a Live Auction for improper conduct, including but not limited to profanity, threats, consistently entering erroneous or extremely low bids, or other disruptive behavior.

## **28. THE TIMING OF THE AUCTION (RA REQUIREMENT).**

The Invitation for Bids shall be advertised in accordance with Section 3.106.05.4 of the Mississippi Procurement Manual, and the deadline to receive initial responses by suppliers shall be due no earlier than the 8th working day after the last day of advertisement. After such deadline has passed, the submissions shall be taken under advisement for prequalification. The reverse auction should occur only after the purchasing agent has had sufficient time to prequalify the suppliers. Such anticipated time shall be included in the Invitation for Bids Packet; however, the purchasing agent should reserve the right to extend the auction date if necessary to complete prequalification.

## **29. QUOTES (RA REQUIREMENT)**

Responding suppliers must provide a quote with the initial response. Quotes are utilized by the purchasing agent to determine market pricing and set the auction parameters (e.g., Start Price).

## **30. FORCE MAJEURE**

If the MDMR is closed for any reason, including but not limited to: acts of God, strikes, lockouts, riots, acts of war, epidemics, governmental regulations superimposed after the fact, fire, earthquakes, floods, or other natural disasters (the "Force Majeure Events"), which closure prevents the opening of bids at the advertised date and time, all bids received shall be publicly opened and read aloud on the next business day that the agency shall be open and at the previously advertised time. The new date and time of the bid opening, as determined in accordance with this paragraph, shall not be advertised, and all bidders, upon submission of a bid proposal, shall be deemed to have knowledge of and shall have agreed to the provisions of this paragraph. Bids shall be received by the agency until the new date and time of the bid opening as set forth herein. The MDMR shall not be held responsible for the receipt of any bids for which the delivery was attempted and failed due to the closure of the MDMR as a result of a Force Majeure Event. Each bidder shall be required to ensure the delivery and receipt of its bid by the MDMR prior to the new date and time of the live auction or bid opening.

## **SECTION II**

The contractor must make the boat available for a sailing and motoring sea trial to MDMR's satisfaction. Contractor must make the boat available for marine and engine condition surveys to the MDMR's satisfaction at MDMR's expense. If the sea trial or surveys reveal defects in the boat, then the contractor must correct the defects at no additional cost to MDMR. On the delivery of the boat, the contractor must provide a bill of sale, warranting the boat to be free and clear of all liens, claims, and encumbrances.

## SECTION II-A

### CONTRACT CLAUSES

THE FOLLOWING ARE THE CLAUSES THAT WILL BE INCLUDED IN ANY CONTRACT ARISING FROM THIS RFQF. BY SUBMITTING A BID, YOU AGREE TO BE BOUND BY THESE CLAUSES.

#### 1. Payment

**Payment Processing.** The MDMR makes payments within 45 days of receiving an approved invoice. Payment will not be made for services performed before the execution or after expiration of this contract.

**How Payments Are Made.** The MDMR makes payments electronically through the MAGIC Accounting System. Payments are deposited into the Contractor's chosen bank account. The MDMR may require the Contractor to electronically submit invoices and supporting documentation. The Contractor understands that the MDMR is exempt from paying taxes.

#### 2. Certifications

The Contractor certifies the following:

**Representation Regarding Gratuities.** The Contractor has not violated, is not violating, and promises that it will not violate the prohibition against gratuities set forth in Section 9.105 of the Mississippi Procurement Manual.

**Representation Regarding Contingent Fees.** The Contractor represents that it has not retained a person to solicit or secure a state contract upon an agreement or understanding for compensation, except as disclosed in Contractor's bid or proposal.

#### 3. Employees and Subcontracts

**Independent Contractor Status.** The Contractor is an independent contractor for MDMR, not an employee, agent, or partner.

**Discrimination Prohibited.** The MDMR is an equal opportunity employer and maintains a policy which prohibits unlawful discrimination based on race, color, creed, sex, age, national origin, physical handicap, disability, genetic information or any other consideration made unlawful by federal, state, or local laws. The Contractor agrees to strictly adhere to this policy in its employment practices and provision of services.

**E-Verify Program.** The Contractor will ensure its compliance with the Mississippi Employment Protection Act, Miss. Code Ann. §§ 71-11-3. For anyone hired to perform work in Mississippi, the Contractor must register and participate in the E-Verify Program operated by the United States Department of Homeland Security. The Contractor agrees to maintain records of compliance and to provide a copy of verification to the MDMR on request. The Contractor further represents and warrants that any person assigned to perform services related to this contract meets the employment eligibility requirements of all immigration laws of the State of Mississippi. The Contractor understands that any breach of these warranties may subject it to the following:

- a) termination of this Agreement and ineligibility for any state or public contract in Mississippi for up to three years, with notice of the termination being made public, or
- b) the loss of any license, permit, certification or other document granted to Contractor by an agency, department or government entity for the right to do business in Mississippi for up to one year, or
- c) both. In the event of termination, Contractor is also liable for any additional costs incurred by the state due to contract cancellation or loss of license or permit.

#### **4. Access to Records**

The Contractor agrees that the MDMR, or any of its duly authorized representatives, at any time during the term of this contract, has access to, and the right to audit or examine any pertinent documents, paper, and records, related to charge and performance under this contract. The Contractor agrees to refund to the MDMR any overpayments disclosed by an audit. Records must be kept for a period of three years after final payment, unless the MDMR authorizes earlier disposal. However, if any litigation, claim, negotiation, audit or other action involving the records has been started before the expiration of the three-year period, the records must be retained until completion of the action and resolution of all issues which arise from it.

#### **5. Termination**

The MDMR may terminate the contract for any of the following reasons:

- A. for default;
- B. for convenience;
- C. for insufficient funds; or
- D. by mutual agreement.

**Termination for Default.** If the MDMR determines that the Contractor has breached any provision of this contract, or it appears that the project deadlines will not be met, the MDMR may notify the Contractor in writing of the delay or nonperformance. The writing must provide a time period for cure. If the Contractor does not cure in the time specified, then the MDMR may terminate all or part of the contract. The MDMR may then procure similar supplies or services from another vendor. The Contractor must continue performance of the contract to the extent it is not terminated and is liable for MDMR's excess costs to procure similar goods or services.

**Termination for Convenience.** The MDMR may, when the interests of the state so require, terminate this contract in whole or in part, for the convenience of the state.

**Termination for Insufficient Funds.** The MDMR's obligations under this contract are conditioned on the appropriation of funds by the state or federal government. If the anticipated funds are ever insufficient or there is a material alteration in the funded program, then the MDMR may terminate this agreement with 10 day's written notice to the Contractor. If the MDMR terminates the contract under this subsection, then it does so without any damage, penalty, cost, or expense.

**Mutual Termination.** Upon agreement of both parties, the contract can be terminated immediately.

**Force Majeure.** Each party is excused from performance of any period and to the extent that it is prevented from performing any obligation or service, in whole or in part, as a result of causes beyond the reasonable control and without the fault or negligence of the party or its contractors. Force majeure events include acts of God, strikes, lockouts, riots, acts of war, epidemics, governmental regulations superimposed after the fact, fire, earthquakes, floods, or other natural disasters. When such a cause arises, the Contractor must notify the MDMR immediately in writing of the cause of its inability to perform; how it affects its performance, and the anticipated duration of the inability to perform. Delays in delivery or in meeting completion dates due to force majeure events automatically extend such dates for a period equal to the duration of the delay caused by such events, unless the MDMR determines it to be in its best interest to terminate the contract.

**In Case of Termination.** On the date of termination, the Contractor incurs no further obligations regarding the terminated portion of the work. The MDMR will pay for completed services at the contract price. The MDMR may withhold such sums as the MDMR considers necessary to protect the state against loss because of outstanding liens or claims of former lien holders and to reimburse the MDMR for the excess costs incurred in procuring similar goods and services.

On termination, the Contractor must do all of the following:

1. Terminate outstanding orders and subcontracts as they relate to the terminated work.
2. Settle the liabilities and claims arising out of the termination of subcontracts and orders connected with the terminated work.
3. Take timely, reasonable, and necessary action to protect and preserve property in its possession in which the state has an interest.
4. Assign the Contractor's rights, titles, and interest under terminated orders or subcontracts to the state, if requested by the MDMR.
5. If the termination is just for a portion of the work, then complete the non-terminated work duties.

## **6. Stop Work Order**

### **Order to Stop Work.**

The MDMR may require the Contractor to stop all work or any part of the work called for by this contract. The order must be identified as a "stop work order" and cite this section of the contract. The written stop work order must not exceed 90 days, unless the parties agree to a longer period. The MDMR may issue the order at any time and without notice to any surety.

The Contractor must comply with the stop work order and take all reasonable steps to minimize costs allocable to the order. Before the stop work order expires, the MDMR may either:

- a) cancel the stop work order; or
- b) terminate the work covered by the order. If MDMR elects to terminate for default, it does not need to issue a new notice and may terminate immediately.

### **Cancellation or Expiration of the Order:**

If a stop work order expires or is cancelled, the Contractor may resume work. An appropriate adjustment may be made in the delivery schedule and price if:

1. the stop work order results in an increase in the time or cost required for performance of this contract;
2. the Contractor asserts a claim for an adjustment within 30 days after the end of the period of work stoppage. The MDMR may waive this time requirement if it decides that the facts justify such an action; and,
3. the modifications are put in writing and signed by the parties.

## **7. Confidentiality**

**Confidentiality.** The Contractor must not use or disclose any confidential information. However, nothing in this section precludes the Contractor from disclosing or using confidential information, if:

- a) The confidential information is available to the public or in the public domain at the time of such disclosure or use, without breach of this Agreement;
- b) Disclosure of the confidential information is required to be made by any law, regulation, governmental authority, or court; or,
- c) The confidential information was received by the Contractor after termination of the service period from a third party that had a lawful right to disclose it to the Contractor.
- d) Contractor must not disclose or discuss the contents of any personnel file except to MDMR personnel that are authorized to receive and review such information.

**Transparency.** This contract, including all attachments, is under the Mississippi Public Records Act of 1983 (Miss. Code Ann. §§ 25-61-1 et seq. and § 79-23-1) and the Mississippi Accountability and Transparency Act of 2008 (Miss. Code Ann. §§ 27-104-151 et seq.). Unless exempted by a court-issued protective order, a copy of this contract will be posted to the Department of Finance and Administration's website for public access at [www.transparency.mississippi.gov](http://www.transparency.mississippi.gov). Information identified by the Contractor as trade secrets, or other proprietary information, including confidential vendor information or any other information which is required to be kept confidential by state or federal law or outside the applicable freedom of information statutes, will be redacted. In the event the MDMR receives a public records request for documents containing information identified by the Contractor as trade secrets or proprietary information, the MDMR will notify the Contractor who will be given a reasonable time to obtain a court order protecting the information. See Mississippi Code Annotated § 25-61-9(1).

**Trade Secrets, Commercial and Financial Information.** It is expressly understood that Mississippi law requires that the provisions of this contract which contain the commodities purchased or the personal or professional services provided, the price to be paid, and the term of the contract shall not be deemed to be a trade secret or confidential commercial or financial information and shall be available for examination, copying, or reproduction.

### **Liability and Indemnification**

**Liability and Indemnity.** The Contractor assumes all liability for work to be performed and for breach of any of the terms of this Agreement. The Contractor agrees to indemnify, hold harmless and defend the State of Mississippi, MDMR and any and all of its affiliates, directors, officers, agents or employees from and against all loss, injury, damage and legal liability including attorneys' fees and other costs of defense, arising out of any breach of confidentiality,

negligent act, error or omission of Contractor, its employees or representatives. Contractor assumes all liability for workers' compensation and employers' liability coverage for its own employees. Contractor is responsible for and holds MDMR harmless from loss of or damage to Contractor's or Contractor's tools and equipment and rented items which are used or intended for use in performing work, and for any consequential, special or indirect damages, or loss of anticipated profits sustained by Contractor or its independent contractors. Contractor must comply with all applicable laws and government regulations, including OSHA and comparable state requirements.

**Attorneys' Fees and Expenses.** Subject to other terms and conditions of this contract, in the event the Contractor defaults in any obligations under this contract, the Contractor must pay to the MDMR all costs and expenses (including, without limitation, investigative fees, court costs, and attorneys' fees) incurred by the MDMR in enforcing this contract or otherwise reasonably related thereto. Contractor agrees that under no circumstances is the MDMR or the State of Mississippi obligated to pay any attorneys' fees or costs of legal action to the Contractor.

## **8. Miscellaneous**

**Severability.** Each provision of this Agreement must be interpreted in a way that is valid under applicable law. If any provision is held invalid, the rest of the Agreement remains in full effect.

**Entire Agreement.** This Agreement and its attachments are the entire understanding between the parties.

**Changes.** The parties can amend this Agreement only by a written document signed by both parties.

**No Delegation (Subcontracting).** The Contractor acknowledges that it was selected by the MDMR to perform the work based upon the Contractor's special skills and expertise. The Contractor must not delegate its duties under this Agreement in whole or in part without the prior written consent of the MDMR. The MDMR may, in its sole discretion, approve, approve with conditions, or deny consent without reason. Any attempted delegation or transfer of its obligations without consent is null and void. No approval by the MDMR of any subcontract is consent to increase the maximum price of this contract.

**Applicable Law.** This Agreement is governed and interpreted by Mississippi law. Any lawsuit arising directly or indirectly out of this Agreement must be litigated in the state courts of Mississippi. The Agreement is further governed by the Mississippi Procurement Manual, a copy of which is available online at <http://www.dfa.ms.gov/dfa-offices/purchasing-travel-and-fleet-management/purchasing-and-travel/procurement-manual/>
