

ALPHA

CHAIR

ALPHA CHAIR

A contemporary union of powder-coated metal and your choice of wood finish and upholstery, Brodart's **Alpha Chair** transforms the simplicity of rounded edges and curved surfaces into a strikingly unique seating series. A generous design ensures inviting comfort, and a heavy-duty metal frame guarantees years of use. Alpha Chairs are available with or without upholstery in your choice of two sizes. To make the Alpha Chair a part of your library's design scheme, call **888-521-1884** or visit **www.brodartfurniture.com**.
