MOBILE EZ-TILT TABLES

MRZT60

Quality and Durability

Smoothly lower table from vertical storage position into flat open position until spring loaded T-Autolock firmly engages onto table with a click

Ease of Operation

Simultaneously pull spring loaded T-Autolock and lift table top, then fold vertically for safe storage

MHXZT60

MSQZT60

One-Piece Top

EZ-Tilt flexible, seamless top allows for quick, easy cleaning before, during, and after dining

Balanced Construction

A well-balanced, strong underside with 14 gauge steel construction keeps table flat and sturdy for years of service with a custom high-speed gas cylinder system

Spring Loaded T-Autolock

Spring loaded T-Autolock ensures top stays safely locked in ready-to-use position

Compact Storage

EZ-Tilt tables nest easily and compactly

MOBILE SPACE SAVERS

MSS214

Space Saver System

This recessed or surface mounted table and bench system can provide the most efficient use of space in a cafeteria or other multi-purpose room setting.

Authorized Access

Key activated unlocking ensures limited access to table

Ease of Operation

Locking system activates and pops lower lock, which releases only bottom portion of table and benches a good distance away from pocket for easy opening

Automatic Lower Lock

Automatic lower lock latches when table and benches are in full storage position for added safety

Automatic Upper Lock

Spring loaded automatic upper lock positively engages when table and benches are folded for storage to ensure full compliance with state laws

Pocket Safety Guides

Safety guides lead table and benches into proper locked and unfolded positions

Safety Throughout Design

Legs lock securely in open and closed position with patented spring loaded Glide-matic™ positive locking system.

Mitered Corners

Square steel tube legs bottom mitered for strength and visual appeal

Vinyl T-Molding Edge

Heavy duty vinyl edge with plywood core withstands shocks while protecting chair backs and preserving table edge

Easy Assembly

Slide and place leg into already mounted bracket, insert one screw and lock

Adjustable Heights

Height easily adjusts in 1" increments and self locking screw tightens leg against upper fixed leg assembly

MOBILE E-Z RISERS

PCR3

PCR4

PCR3
PICTURE SHOWS STRAIGHT CONFIGURATION

E-Z Riser™ Arrangements

E-Z Risers™ can be arranged in many configurations (shown below)

For a straight arrangement, alternate reversed riser units with regular units.

For a horseshoe arrangement, reverse the center unit and add three regular units to each end.

For a winged arrangement, reverse only the center unit.

For a semicircular arc, place regular units end to end.

Easy Set Up

Patent pending design allows one person set up

Heavy Duty Ball Bearing Casters

3" dia x 1 1/4" wide heavy duty double ball bearing non-marking casters easily rolls through any standard doorway

Storage Position

Compact for easy storage

Couplings

Level to level drop in couplings securely connects multiple units to eliminate riser movement when in use.

Custom High Speed Gas Cylinders™

Two custom built, high speed gas cylinders ease operation and provide a safer work environment.
