NEW COMPLETE OFFICE FURNITURE SYSTEMS

Compatico's AO2 complete office furniture systems are designed to stand alone, be interchangeable with, or work in tandem with Herman Miller® Action Office® Series 1 and 2. What makes them different is they are produced by a company whose commitment to customer service, quality and value is unsurpassed in the office furniture industry.

SERVICE THAT'S MORE THAN A DEPARTMENT

Customer Service isn't a department at Compatico. It is a principle that is at the core of everything we do for our customers. You'll benefit from this philosophy when your order is specified, priced, ordered, financed, and shipped. Our people work to solve your office system challenges as if they were their own.

AFFORDABLE ALTERNATIVES TO OEM SYSTEMS AND VALUE OPTIONS FOR ANY BUDGET

The Compatico Team will work with you to meet any space plan and budget target. From TAAC™ to hard surface panels, 8 wire/4 circuit to 5 wire/3 circuit UL listed electrical. From domestic storage to value imported. From graded fabrics and laminates to Advantage Value selections.

Herman Miller®, Action Office®, and AO® are registered trademarks of Herman Miller, Inc., Zeeland, MI. Compatico, Inc. is not affiliated with Herman Miller, Inc.

Fabrics (Guilford of Maine):
Spa 2737-2773
Stainless 2737-2195
Surface: Formica® 949.58 White
Finish: WD (White Wonder)
Dividers: Frosted Glass

WHY COMPATICO AO2?

- Panels are constructed using Compatico development - TAAC™ offering tackable and acoustic benefits.
- U.S. Electrical Systems by Byrne, offering a 10 year warranty and \$5 million liability coverage (UL listed product)
- BIFMA-approved product components.
- BIFMA Level® certified Compatico manufacturing facility in the United States.
- Fully radio frequency (RF) bar-coded manufacturing facility to ensure accuracy and on-time shipments.
- Long-lasting textured plastic raceways with plenty of wire management access (no gaskets).

SIMPLE, BUT NOT LIMITED

AO2 is a tried and true product line. It can be configured to create a work space for any environment, and is available in an array of colors and finishes. Compatico AO2 is an enhanced system with detail upgrades such as standard tackable panels, acoustical panels and PolyPanel design panels. AO2 also offers a distinctive wire-mangement system from Byrne Electric.

- AO PolyPanel design enables tile design at a reasonable price.
- Connectors complete corner design.
- Connections include straight, 90, 120, 180 degree angles, as well as 3 and 4 way connections.
- Every installer loves the quick and self-leveling design.
- One of the industry's largest commercial and GSA install base.
- Standard finishes include: BU (Black Umber), HF (Innertone Light), MT (Medium Tone), WD (White Wonder), MS (Metallic Silver). Special finishes also available.

Fabrics (Guilford of Maine):
Cape Cod 3073-7030 Cloud
Cape Cod 3073-7050 Key Lime
Surface: Kensington Maple - WA 10776.60
Finish: BU (Black Umber)

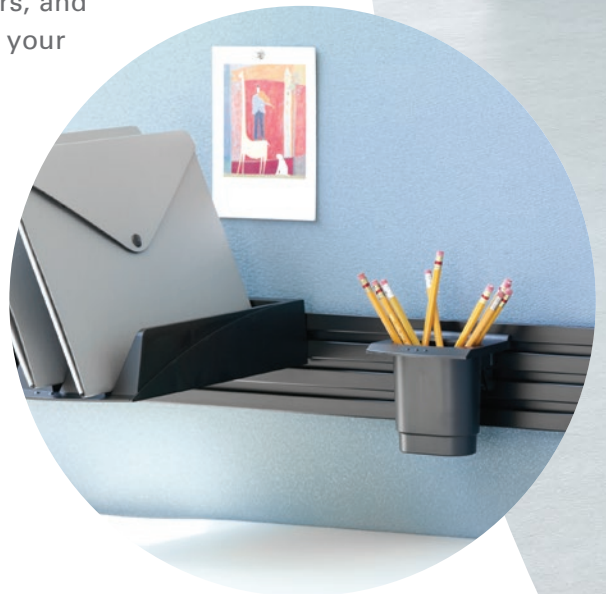

A WIDE SELECTION OF WORKSURFACES

AO2 worksurfaces have many different laminate colors and wood grain finishes, as well as multiple edge colors. AO2 is finished with 3 millimeter edge banding, Self edge, or a variety of special profile edges. Surface shapes include rectilinear, curvilinear, peninsula, round or racetrack, 180° or 90° spanners, and straight or curved counter caps can also be incorporated into your AO2 furniture system.

EMPOWERED PEOPLE WHO PERFORM

Our simplified structure leads to greater empowerment of our people, so they are more motivated to perform at the highest level for our customers. Because our employees feel greater ownership for their area of responsibility, they also stay with us longer, raising the level of knowledge and expertise you'll receive when you specify AO2 by Compatico.

MULTIPLE PANEL OPTIONS

AO2 panels come in standard and optional paint finishes that match or are compatible with Herman Miller® colors. Panels can be ordered with fabric covered hard surface, tackable or acoustical, open or glazed frames (frosted, clear, and smoked), in full, partial or half glazed panels, laminates, and whiteboard.

Fabrics (Guilford of Maine):

Gala 3948-2699

Gris 3948-2701

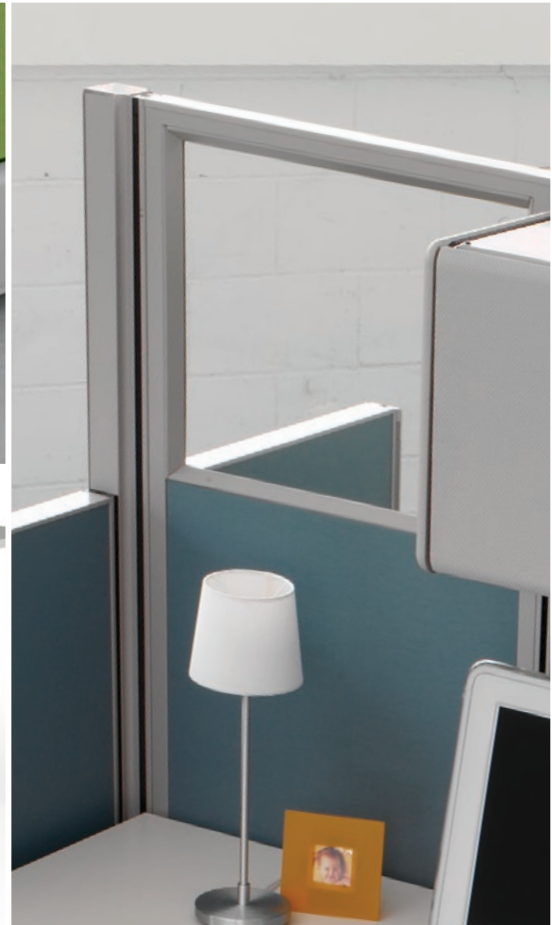

Surface: Frosty White - WA 1573.60

Finish: LG (Light Gray)

Dividers: Smoke Glass

QUALITY VENDORS ADD TO QUALITY SERVICE

The longevity and expertise of our staff cultivates strong and lasting relationships with our vendors. Solid alliances with suppliers allow us to overcome obstacles more quickly, solve problems more effectively, and negotiate greater cost savings for you.

PAPER MANAGEMENT is designed to create added workspace for the office environment. Paper trays and sorter trays, and binder, CD, and pencil holders create a more efficient workspace.

SPANNER WORK SURFACES that join two workstations allow for interaction and collaboration with co-workers. Special shapes and sizes can be made upon request.

A02 WIRE MANAGEMENT is 5" high, creating room for power and virtually all cabling requirements.

CHAT UNITS

Adjustable Height Tables
2 and 3 leg units available to fit virtually any work station configuration. Available in metallic silver and black. Virtually any surface laminate may be specified.

PARTIAL GLAZED PANELS are available with clear, smoked or frosted acrylic. Panel connectors are variable height and punched for all standard 34", 42", 48", 62" and 80" heights.

TOWER STORAGE CABINETS

are available in a variety of configurations including a wardrobe with cabinet/box/box/file, bookcases, and 2-door storage cabinets. Radius and square edges with corresponding pulls offer you the style that fits your workspace. The LL Series lock allows you to key alike with other Compatico components.

ROD AND BLOCK PANEL CONNECTIONS

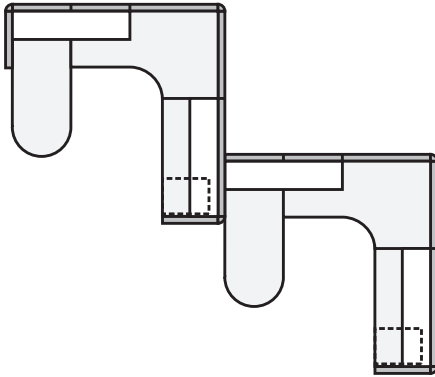

allow for easy and efficient installation. In-line connectors provide a clean, visually pleasing appearance.

OVERHEAD STORAGE UNITS can be fabric covered or metal. AO2 fabric covered fronts have squared corners with beveled top and bottom edges. The LL Series lock allows you to key alike with other Compatico components.

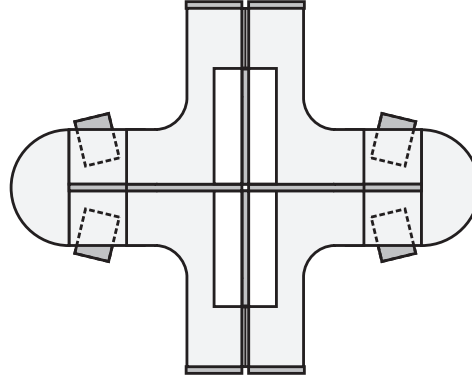

PEDESTALS are available in many standard colors. They are configured with box/file, box/box/file, or file/file, and can be work surface supporting, freestanding or mobile.

RIGID CONSTRUCTION, FLEXIBLE IN FUNCTION

Assembly of the Compatico PolyPanel System is easy. It uses standard Compatico AO2 hardware that adds strength and stability to any office layout. Base panels come in a variety of sizes and work with various height stackers to create the panel height you desire.

AO2/PolyPanel fits alongside any standard AO2 panel layout.

POLYPANEL STATEMENT OF LINE

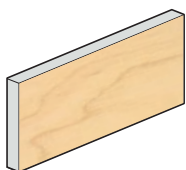

To maintain OEM standard heights – Panel height desired:

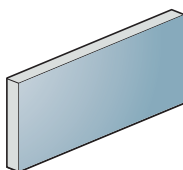

47" = 34" panel + 8" stacker
53" = 34" panel + 14" stacker
53" = 42" panel + 6" stacker
67" = 48" panel + 14" stacker

67" = 34" panel + 14" stacker + 14" stacker
85" = 62" panel + 18" stacker
85" = 48" panel + 18" stacker + 14" stacker
