# OUR BELIEFS

# artcobell

What we do is important because these kids are the future.

We provide tools that support learning, not just build furniture.

Treating people with kindness and respect is not optional.

Loyalty is earned.

Value is determined over time.

Style and function are not mutually exclusive.

There is only one Earth so we must take care of it.

Making it here is better than buying it from over there.

You can't positively impact the future if you're not around.

Whoever said "you can't please all the people, all the time" gave up too easy.

NEW! SNUGSACKS

It's no secret that education is evolving. Today's learning strategies focus on increasing student engagement and building 21st century skills. Today's classrooms can be found almost anywhere. Today's furniture needs to inspire and connect both students and teachers.

Just like technology, curriculum, and crayons, **Artcobell** furniture helps teachers create spaces that spark creativity, enhance collaboration, and expand the imagination.

# MOBILITY

Why is movement so important for student success?

ARTCOBELL

## THE NEXT MOVE IN MULTI-FUNCTIONAL CLASSROOMS

INTRODUCES

“Children who are able to move, fidget, get up, walk around, stand, to take a break from too much sitting still... they perform better within their own abilities.”

**DR. MARK E. BENDEN CPE**  
Texas A&M  
School of Public Health

“If I’m moving, I feel like I’m interacting more. If I stay still, I can daydream, but if I’m moving, I can stay focused.”

**JADA**  
High School Student

# NXT MOV

REDEFINING MOVEMENT FOR EDUCATION SPACES<sup>SM</sup>

The NXT MOV classroom combines mobility, flexibility, coordination and collaboration using movement seating and configurable desks and tables. See products on pages 30, 54, and 56.
