

## Sole Source Justification of the OMEGA® System

The Ohio Willow Wood Company, Mt. Sterling, OH USA, is the exclusive owner and has exclusive rights to sell the OMEGA CAD system, including the OMEGA Carver.

OMEGA shape capture devices: OMEGA Tracing Pen is manufactured by The Ohio Willow Wood Company. The OMEGA Scanner 3D and Carver are sold exclusively by The Ohio Willow Wood Company; however, they are manufactured by an outside source.

Laptop computers, preloaded with OMEGA software, are offered as an add-on option to the OMEGA System.

The distinct qualities of the OMEGA system are:

- Step-by-step user-friendly software
- Electronic patient record management
- Shape capture and fabrication of protective helmets that can be used to treat head trauma and brain injury patients
- OMEGA Scanner 3D is ideal for capturing deep scars and invaginations and is accurate to +/-0.5mm over the entire surface area
- AK templates are included at no extra cost
- Numerous design tools
- No metal or electromagnetic interference associated with the OMEGA Scanner 3D
- Lightweight scanner connects directly to the computer via one cable
- OMEGA Scanner 3D is portable and easy to use
- Lower cost than other CAD systems
- Education offered at no additional fee
- Reliable OMEGA technical support

Please contact WillowWood directly at 800 848.4930 if you have questions.
