

ATTACHMENT C

Fork Lift Specifications

Non-Restrictive Clause: Any use of brand name or equal within this specification is to be considered a reference for the purpose of describing the standard of quality, performance, and characteristics desired. It is not intended to limit or restrict competition.

The vendor must respond to each of the following statements. Specifications listed are **minimum** requirements that must be met for a vendor to qualify for an award. A "YES" response means the vendor guarantees that they meet this requirement. A "NO" response means the vendor cannot meet the requirement and will not be considered. The vendor must supply printed literature that shows compliance with each requirement of the Equipment Specifications and, if on inspection, an item is found not to comply, the bid will be rejected.

Descriptive literature shall be furnished to substantiate the details specified in the bid upon MDOC request.

- Must be new and unused model
- Minimum 5,000 lb. lift capacity
- 36 or 48 Volt System
- Battery installed and fully operational equipment
- 36/48 dual voltage 3-phase AC transistorized Heavy-duty fully enclosed pump motor
