

BLUE PLANET™

HARD SURFACE CLEANER

- highly concentrated
- very effective

Net Contents: 1 gallon/3.78 liters

HARD SURFACE CLEANER

This versatile product is formulated to offer the most effective, economical cleaning power currently available. It can be applied by mop, spray, pressure washer or automatic scrubber in industrial, institutional, commercial and food service areas.

Truly an all purpose cleaner, this product can be used on any water washable surface, thus eliminating the use of several products. It is concentrated for economy, yet effective in the hardest water conditions without leaving a film on cleaned surfaces. For more fantastic cleaning power, try this chemically dynamic product in hot water. This power-packed formula is non-toxic, non-corrosive, non-flammable, highly concentrated and very effective for safety and ease of use.

DIRECTIONS FOR USE:

This all-purpose cleaner is highly concentrated for economy and should be diluted before use. For lowest environmental impact, dilute with cold water. For best results, dilute with warm or hot water.

LIGHT SOIL: Dilute 1:128 (1 oz/gallon of water) for damp mopping and spray cleaning

HEAVY SOIL: Dilute 1:64 (2 oz/gallon of water) for damp mopping and spray cleaning.

- No Persistent Bioaccumulative or Toxic Chemicals
- No Ozone Depleting Compounds
