OPERATOR Rabb Contracting Company, LLC		ADDRESS 27073 Hwy 15, Ferriday La 71334	
WELL NAME Brasseal SWDW			WELL NO. 1
LOCATION OF WELL FR SE COR Sec 28, T9N-R2W, Jefferson County go NE Aig East Boundary of Sec 28 for 2854', Then SE @ RA 660'			
A.P.I. NO. 23-063-00105-0001		FIELD NAME Church Hill	
SECTION 28	TOWNSHIP 9N	RANGE 2W	COUNTY Jefferson
DATE PLUGGING TO COMMENCE 08/08/2021			

FIRM ENGAGED TO PLUG WELL WT Drilling		ADDRESS Natchez, MS 39120
---	--	-------------------------------------

PROPOSED PLUGGING PROCEDURE

1. Move in and Rig WO up.
2. Pull out hole with tubing and packer
3. Injections perf 3020-3040' and squeezed @ additional 100', cement over topmost perforation. Top of cement plug will be tagged and identified to verify depth. Tagging will not be necessary if if retainer is set above 100'. plug leaving 10' of cement on top of retainer.
4. CBL has been ran to demonstrate adequate isolation of the USDW, however if reviewed and deemed inadequate, the BU/USDW plug shall be a cement plug of no less than 100' w/ atleast 50' above and 50' below. Both inside and out the cement plug shall be tagged to every depth. A MIT will be performed at 500 psi for every 30 min to verify mechanical integrity.
5. Set 25' cement plug with 10 +/- sacks in 5 1/2" surface and all annular spaces.
6. Cut pipe off 3" below ground level.
7. Employ wellsite restoration as required in Rule 28C. Restoration of Location.
8. Perform Norm Survey as required in Rule 28.

ANY MODIFICATION TO THE
APPROVED PROCEDURE
REQUIRES VERBAL APPROVAL
BY OGB STAFF

After plugging of well
location must be restored
in accordance with
Rule 28, part 7.c.1

NORM Survey must be performed
and recorded on Form 21
in accordance with
Rule 69, part 6.b

**USPW Sqr not necessary. Place Inside plug from 1125-1325*

MISSISSIPPI OIL AND GAS BOARD
PLUGGING RECORD

Within 30 days after the plugging of any well the owner, operator or producer responsible therefor shall file an affidavit on Form No. 7 with the Board, setting forth in detail the method used in plugging the well and a record of any casing removed.

Producer R. A. Campbell Field CHURCH HILL
Pool Artman County Jefferson
Address all correspondence concerning this form to:
Street _____ City Vidalia State Louisiana
Lease Name Foster Well No. 1

Sec. 68 Township 9N Range 1W Date Plugged 3-2-55
Set out in detail the method used in plugging well, showing the interval of cement plugs, weight of mud left in hole, description of plug left at surface, and a record of any casing pulled with notation of any junk left in hole at time of plugging.

Plugged bottom with 25 sacks between 5454 to 5520 (Artman Zone). Placed plug
#2 from 650' to 715' with 25 sacks cement. Mud weight 10 vis. 40. Mr.
Foster to make water well through surface casing; therefore, it was not
plugged.

INSTRUCTIONS

This form shall always be filed in duplicate with one copy being returned to the operator, which copy will serve as a permit to plug, abandon, sidetrack, rework or pull casing.

Plugging of Wells

This form shall be filed in duplicate prior to the plugging of any well. Oral permission may be granted in case of emergencies; however, written application must be filed within five days after emergency authorization.

Before a drilling rig is moved away from a dry hole, said well shall be properly mudded and cemented, provided authorization to the contrary has not been given by the Board.

Even though a well has been plugged with approval of Form 6 and a plugging record filed on Form 7, no surface or production casing shall subsequently be pulled from any abandoned well without the filing of this form and upon completion of said work a refiling of Form No. 7 (Plugging Record) showing record of pipe pulled and method well was plugged.

Unless otherwise authorized all wells shall be plugged in accordance with Statewide Rule No. 28 (Procedure for Plugging).

Any person engaged in the business of pulling casing from any well shall obtain a Casing Puller's Permit from the Board and shall file with the Board proper bond, as provided in SWR No. 31.

Sidetrack

To directionally deviate a drilling well, it is necessary to file this form and secure a permit in compliance with SWR No. 14.

After a well has once been completed it shall not be deepened, plugged back or reworked with a changed producing interval except for ordinary maintenance operations, or for recompletion in the same producing interval, without first giving five days notice on this form or in compliance with SWR No. 25.

Injection or Disposal

Application to inject gas, air or water into any formation shall be made in compliance with SWR No. 45.

Casing

No surface or production casing shall be pulled from any abandoned well without first filing this form and the filing of Form No. 7 (Plugging Record) after completion of work.
