PAUL CONWAY
HELMETS™

Designed exclusively for rescue operations. Customized fit ... optimum comfort

Exclusive Features

- 1 **Shell** — state-of-the-art fiberglass materials for light weight and structural integrity. RTM technology provides color pigmentation throughout the shell.
- 2 **Impact cap** — Lexan®/ABS dome encapsulated with urethane foam for outstanding thermal resistance.
- 3 **Suspension** — patented Center of Gravity™ adjustment system lets you set the center of gravity to your liking and keeps it positioned in place.
- 4 **Height adjusters** — provide three different headband height positions.
- 5 **Ratcheting headband** — adjusts from size 5½ to 9½. Headband is cushioned with foam and covered with black knit DuPont™ Nomex® brand fiber for comfort and secure fit.
- 6 **Four-point chinstrap attachment** — delivers stability in tight places. Easy-to-adjust. Quick-release buckle.
- 7 **Ear covers** — Nomex®/flannel ear covers for added neck/ear protection. Other materials available upon request as replacement parts.
- 8 **3M™ Scotchlite™ Reflective Material (1" x 4" lime-yellow bars)** — has excellent heat resistance and maintains brightness and color after heat exposure.

Colors — available in yellow, black, white, red, blue, orange, or green.

Optional goggles — must be purchased for NFPA 1971 compliance.
