ADVANTAGES

- Highly resistant
- Quick and easy to install. No rivets, no fasteners; it can easily be assembled in a few minutes
- Double security: not only does the entire unit lock but it also comes with individually locking security drawers
- Meets HIPAA compliance, providing the necessary security for patient's records privacy
- Easily adjustable to accommodate all future needs
- Double wall uprights provide smooth placement of folders and prevent items from lodging behind upright posts
- Bottom shelf support can be securely anchored to floor, deck or Montel mobile platform
- Available in several standard colors
- Compatible with all Montel mobile systems
