**[www.cascocleaningsolutions.com](http://www.cascocleaningsolutions.com)**

Casco Cleaning Solutions, LLC was re-opened in Brookhaven, MS in the summer of 2022 to continue providing world-class poultry and industrial chemicals, made on-site, along with a full line of janitorial supplies, equipment, and paper products.

Casco's history dates back to 1983 when the company was founded as Casco Products Company. Casco's objective was to formulate, manufacture, and distribute a new generation of chemical products for the fast growing Poultry Industry, primarily in the state of Mississippi.

The company was successful from its inception and soon, demand for its products had spread to other states. Also, other industries and institutions soon saw a need for the products and services offered by Casco.

Casco is a Custom Blender and Formulator. We develop and manufacture chemical products to solve specific problems unique to certain industries and institutions. If you have a special problem, give us a call – we may be able to help.

## **CHEMICAL CLEANER PRODUCTS**

### **Wetshine Floor Sealer/Finish**

Wetshine is a liquid polymer floor finish containing 23% solids and leaves a glossy, transparent protective coating over vinyl tile, terrazzo, linoleum, and hardwood floors. Highly durable finish stays bright and glossy after repeated cleanings. All in one product, eliminating the need for multiple products, seals and finishes floors at the same time. Wetshine keeps dirt, soil, and spills locked out.

### **CS Concentrate**

CS Concentrate is an all-purpose neutral cleaner with a combination of detergents, surfactants, and boosters with excellent cleaning power, yet gentle to hands. This product is not affected by water hardness. It is ideal for cleaning walls, woodwork, finished or unfinished floors, plastic, porcelain, and marble. This is an excellent neutral cleaner for finished floors and may be diluted at 3 to 12 oz. per gallon of water, depending on the area to be cleaned. This is a red liquid with a soap fresh aroma and won't damage any surface water won't damage.

### **CS-100 Plus Heavy Duty Floor Stripper**

CS-100 Plus is a highly concentrated floor stripper & degreaser. It is designed for use as a floor stripper or as a heavy duty cleaner. This product is widely used in floor stripping procedures. The animal and poultry industries use this product as a heavy duty cleaner. It can be used as a steam cleaning compound, motor cleaner or added to tray wash cleaning solutions. Hot water activates this product and aids in the cleaning process. CS-100 Plus is a green color with butyl odor.

### **Mountain Fresh Odor Eliminator**

MOUNTAIN FRESH is a multi-purpose air freshener and deodorizer. It is designed to quickly mask malodors, then find the source of the odor and eliminate it by chemical absorption. MOUNTAIN FRESH may be used as a room spray air freshener or in a detergent solution to mask, then eliminate the source of the odor. MOUNTAIN FRESH leaves the air with a fresh and clean smell. As an air freshener, dilute MOUNTAIN FRESH 1:4 with water. As a deodorant, add 2 to 4 ounces of MOUNTAIN FRESH per gallon of cleaning solution. MOUNTAIN FRESH is a blue liquid with a fresh odor.

### **Pine Plus Cleaner/Deodorant**

PINE PLUS is a highly concentrated cleaner and deodorizer to be used where light to heavy cleaning problems exist and a fresh pine scent is desired. PINE PLUS is recommended for hospitals, schools, nursing homes, office buildings, plants, factories and farms. PINE PLUS may be diluted from 1 to 6 ounces per gallon of water, depending on the surface to be cleaned. PINE PLUS is a thick brown liquid with a pine scent.

### **MR. C - Concentrated Carpet Shampoo**

MR. C Carpet Shampoo is a specially formulated product consisting of surfactants, penetrants, emulsifiers and degreasers. This product provides fast carpet cleaning action without excessive amounts of suds. MR. C is safe to use on all fabric not harmed by water. MR. C for industry and institutions, where large floor areas are covered by carpet. MR. C may be used at 4 to 6 ounces per gallon of water. MR. C is a blue liquid with a fresh odor.

### **CS-590 De-Foaming Compound**

CS-590 should be used when normal mechanical and chemical adjustments fail to control foam. This product is designed to rapidly dissipate and control foam in chemical and detergent washing applications, agitation operations, high pressure and hot solution applications. Excellent for controlling foam in wet vacuum tanks and tray wash tanks. Use dilution is 1 oz. per gallon in recovery solution tanks and 1 quart per 100 gallons of water in traywash machines. CS-590 is a white liquid with little to no odor.

### **Medi-Clean Hand & Body Soap**

MEDI-CLEAN Hand and Body Soap incorporates the ultimate in skin cleaning agents in a thick, concentrated, liquid product. The product is especially useful to those who must wash their hands several times a day. Does not leave hands sticky to attract dirt. MED-CLEAN may be used full strength or diluted 1:1 with water. MEDI-CLEAN is a very economical solution for soap dispensers. MEDI-CLEAN is pink color, thick liquid with almond fragrance.

### **LCW Liquid Car Wash**

LCW Liquid Car Wash LCW is a highly concentrated car and truck wash product. This product is formulated to produce luxurious suds that will clean and not harm painted surfaces, vinyl tops, chrome and glass. LCW will not leave streaks or water spots on surfaces. This product may be used as a hand wash or with mechanical car washing equipment. LCW may be diluted at 2 to 4 ounces per gallon of water for hand washing applications. May be used in mechanical and pressure washing applications. LCW is a thick, blue liquid with a fresh soap odor.

## **DISINFECTANT PRODUCTS**

### **Casco Decimate**

Decimate is an EPA-registered disinfectant/sanitizer and can also be used as a virucide, fungicide and food prep surface cleaner. This EPA registered disinfectant, when diluted at 4 ounces per gallon of water, is effective against most common bacteria, mold, fungi and viruses. This veterinarian type disinfectant is designed for use in animal hospitals, poultry premises and kennels. When used as directed, this formulation is specifically designed to disinfect, deodorize and clean. Can be used on walls, floors, sink tops, furniture, kennel runs, operating tables, cages and feeding-watering equipment. In addition, this product will deodorize areas, which are generally hard to keep fresh smelling such as garbage storage areas, empty garbage bins and cans, and any areas prone to odors. Decimate is formulated with the addition of detergents for cleaning surfaces, along with disinfecting in one step.
