

Compile

As your business grows, Compile adapts to changes within your workplace and grows with you. Compile's simplicity and flexibility aim to keep your long-term costs low. It's the furniture solution you can afford to complete your office environment today and tomorrow without sacrificing quality and beauty.

The Evolve System is Greenguard certified to rigorous indoor air quality standards for low-emitting interior products.

Paper stock used in printing this brochure contains post consumer recycled content.

Variations: Create individual work privacy without isolation by utilizing varying panel heights. Curvilinear worksurfaces also provide the appropriate amount of workspace, while increasing chair mobility in ever decreasing workstation footprints.

Worksurface shown in True White (S645LP) with Black (BLK) paint. Panel fabrics shown are Birdseye, Glide (BE26) and Loopy, Oyster (LP60).

Roma seating is shown with Roma Mesh, Autumn Orange (AO) back and Arc-Corn Roundabout, Papaya (AC-60097).

Interaction: Larger workstations provide the increased worksurface and storage capacity while lower panels allow convenient interaction.

Worksurface and trim shown in Winter Cherry (WCRLP) with Nevada (NEV) paint. Panel fabrics are Birdseye, Glide (BE26) and Loopy, Oyster (LP60).

Synopsis seating is shown in Arc-Com Roundabout, Tangerine (AC-60096).

Simply Simple.

Compile panels and universal corner posts ship with pre-assembled "Quick Connect", which make it one of the easiest system products to install and reconfigure. Aluminum raceway covers hinge upward and lock in place, or can be easily removed providing open access and better protection, for power and data in the base of the panel.

Simply Clean.

The Compile system offers a clean appearance from top to bottom. Panels are available in monolithic or single segmented, and utilize aluminum raceway covers that are available with or without knockouts. An innovative worksurface support and overhead storage mounting system eliminates the need for slots in the panel frames, providing a softer visual appearance.

Collaboration: Increase visibility and collaboration by using lower panels to increase natural light yet still provides seated privacy. Removing panels between workstations promotes collaboration in a team oriented environment.

Worksurface shown in True White (S645LP) with Nevada (NEV) paint. Panel fabrics shown are Coronet, Stone (CO12) and Loopy, Hazelnut (LP63).

Synopsis seating is shown in Arc-Com Roundabout, Papaya (AC-60097).

Key Features

- A Aluminum Raceway Covers
- B Universal Corner Posts
- C Quick Connect Panel Hooks
- D Full-to-floor End Trims
- E Top Caps Integrated Into Panel Frame

Worksurface shown in True White (S645LP) with Steel (STL) paint. Panel fabrics shown are Coronet, Charcoal (C011) and Loopy, Marble (LP62).

Roma seating is shown with Roma Mesh, Winter Grey (WG) back and Arc-Com Roundabout, Papaya (AC-60097).
