

STOCK CHASER

BUILT FOR TIGHT SPACES AND HIGH PLACES.

The Stock Chaser™ is designed to work its way through narrow warehouse aisles, distribution centers and manufacturing facilities. Featuring a spacious cargo deck and a 1,000 lb. payload capacity, it's powered by a zero-emissions, 24V electric drivetrain. If you need a vehicle that can easily maneuver through the most demanding environments, rely on the Stock Chaser to get it done.

TITAN® XD

MEET THE REAL INDUSTRY GIANT.

Equipped with AC and IntelliBrake™ technology, the Titan XD offers increased energy efficiency and greater range, ready to conquer your longest days. A large cargo deck offers 3,000 pounds of hauling power and its impressive 8,000 lb towing capacity makes no task off limits. So take the burden out of your day and let the Titan XD carry the load.

TITAN® HD

VERSATILE AND RELIABLE PERFORMANCE FOR IMPROVED PRODUCTIVITY.

The Cushman® Titan® HD has the versatility you need to get more work done. Equipped with a fully electric, 36V, zero-emissions drive train, the Titan features a payload capacity of up to 2,500 pounds. So, whether you are transporting personnel, materials or equipment, the Titan HD will make the job easier and improve workplace performance.

THE SUPREME TOWING MACHINE.

If you need a vehicle with exceptional towing capability, look no further than the Cushman® Tug™. It's built to pull the heaviest loads, with a powerful 48-volt AC motor and an 8,000-lb towing capacity. More than just a workhorse, the Tug makes health and safety a priority with its zero-emissions drivetrain, ergonomic controls and electronic park break that automatically engages at each stop making it an ideal choice for factories, distribution centers and other facilities. No matter the load, you can count on the Tug to pull its weight.
