Covered L Specification

The Covered L Gallery Panel attaches directly to the end of a Dividends Horizon Panel as a return without the need for a Universal Post. Covered L applications are specified as either right or left handed and have a maximum overall width of 99". Extension can be added to create longer runs. Returns can be added to enclose a space or provide additional stability. All hardware is included.

Follow the steps below to complete a Covered L Gallery Panel specification:

- 1. Application:** Covered L (L).
- 2. Plus Dimension:** In applications where a Return is required, choose the plus dimension: left, right or none (L, R or N). L and R add 1 $\frac{3}{16}$ " to the overall width and preserves the on-module width inside the workstation.

3. Height: Worksurface Height, 36" 42", 50"

4. Width: 16", 19", 20", 24", 30", 36", 42", 48", 54", 60", 66", 72", 78", 84", 90", 96"

Note: Widths above are the usable, on-module dimension inside the workstation, not overall dimension.

5. Handed: Choose either left or right (L or R). handedness is determined from the user's perspective within the workstation. See below.

Note: If a Plus Dimension is chosen (L or R), the handedness must match (L or R).

6. Adjacent Panel Height: Choose the height of the adjacent Dividends Horizon (50, 42, 36 or WH).

Note: Hi Lo applications with WH Dividends Panels are not supported.

7. Finish: Choose the appropriate laminate or veneer finish.

8. Laminate Grain Direction: Choose vertical or horizontal grain direction (V or H) or (~) for solid color laminate.

Note: No grain direction choice is required for solid color laminate.

Note: Woodgrain laminate is not available with grain matching in Shared T and Extension/Return Gallery Panel applications.

Note: See width limitations by finish option as referenced on the Dividends Horizon Gallery Panel Specification page.

9. Edgeband: Choose any standard synthetic edge option.

Length of Run Restriction: No Covered L Gallery Panel run can exceed 96" (usable), including extensions without lateral support for stability i.e. attaching to freestanding storage or using a Gallery Panel Return.
