DUXBURYCOLLECTION

The Duxbury series consists of an enormously wide variety of SKU's to make configuration possibilities virtually limitless. The collection offers inside and outside wedges of various angles in both seating and ottoman varieties. The metal legs make a contemporary statement yet also promote durability.

Seating SKU's are available with arms, without arms or with only 1-arm on the left or right. Tablet arms are also optional. Power modules may also be specified for placement on the front or side border of the seat. Pieces may be ganged or left as free-standing.

Modular table/ottomans and freestanding table/ottomans are available in various forms. They may be specified as fully upholstered, with laminate top or as fully laminate clad.
