## Order Information

## Order Processing

Orders are processed by email (orders@enwork.com)

## Acknowledgments

All orders will be acknowledged within 48 hours unless clarification, special engineering, or material sourcing is needed. Orders will be accepted, manufactured and invoiced based upon the information and terms on the acknowledgment. If there is any discrepancy, it is the responsibility of the dealer to notify our Customer Service department immediately at 800-8157251.

## Quoting Department

> For any special provisions, requests, or pricing questions, submit an email to designteam@enwork.com and our department will work quickly and efficiently to answer your questions.
> Quotes are typically turned around within 48-72 hrs.

## Changes and Cancellations

Change or cancellation requests must be made in written form. Orders may not be changed or canceled without the written consent of Enwork. It's always best to contact Enwork immediately if a change or cancellation is being considered. Changes or cancellations are subject to the following fees.
> Orders shipping within 7 business days that include built-to-order products, are subject to charges equal to $100 \%$ of each order line.
> Orders shipping more than 7 business days: Dealer will be responsible for any manufacturing costs already incurred as well as a $\$ 250$ (net) change/restock fee.

## Product Lifecycle

Enwork reserves the right to make changes in product design, or detail, and to discontinue any product or material without notice. Enwork will make a good faith effort to maintain product compatibility within our various generations of product platforms to provide our customers with spaces that adapt to change. Enwork's non-obsolescence policy commits to provide our customers with products of comparable function or operational characteristics for a term equal to the warranty period.

## Shipment of Goods

Enwork ships products in the most efficient manner. Direct shipments and arrival appointments are available upon request for large orders that warrant full truck load shipment. These appointments are occasionally delayed by unforeseen circumstances, including traffic, equipment problems, inclement weather, and local limitations for large trailers. Enwork is not liable for carrier-related delivery issues. For shipments less than a truck load in size, Enwork will work with carriers to try to meet specific delivery date requests. Enwork does not guarantee arrival times for small orders (less than a truckload (LTL)). Delivery by appointment (e.g. 9:00 am) is possible for an upcharge. Most of Enwork's LTL carriers can provide a 2-4 hour window in advance for delivery. Standard deliveries are made Monday through Friday between the hours of 8:00am and $5: 00 \mathrm{pm}$. The receiving party is responsible for unloading all freight at time of delivery. Failure to take delivery will result in additional reconsignment and freight charges. If your delivery requires special accommodations not outlined here (e.g. driver assist), please contact Enwork prior to shipment. Accommodations may carry an upcharge.

## Transit Time Guide

(in business days - not guaranteed)

## International Shipping

Enwork will drop ship to any US port of embarkation (excluding Alaska \& Hawaii) and will not be responsible for any additional packaging required after that point. Products that come standard assembled can be shipped knock-down (KD) upon request. Enwork will provide estimated weight \& cube, but the dealer or freight forwarder is responsible for all customs/shipping paperwork as well as marine insurance. Product title transfers at port of embarkation.

## Storage of Completed Orders

Enwork does not have room to store product beyond the acknowledged ship date. In the event that a customer cannot accept delivery of a finished order, prior to shipment the customer can request that the order be shipped to an alternate address. In the event that no alternate address is provided, Enwork may choose to send the product to a storage facility. The customer will be responsible for charges associated with storage (including transportation to storage) as well as damage or loss risks.

## Standard Freight and Minimum Quantity Terms

> Product is FOB Enwork freight prepaid in the continental United States. Title passes to dealer when it leaves our dock. Standard delivery procedure includes transportation of the shipment to the destination loading dock to be unloaded by the consignee. Truck drivers are required only to bring merchandise to the tailgate of their vehicle. Consignee must be present to inspect and sign for the delivery. If the consignee is not available at time of delivery, additional delivery fees such as storage charges and/or re-delivery may be assessed.
> Orders less than \$1500 net are assessed a \$150 net freight fee with one exception.
> There is no freight fee for orders less than $\$ 500$ net that can be sent FedEx Ground (e.g. small legs, brackets, etc.). Orders \$500 net or more that can be sent via FedEx Ground have a \$75 freight fee.

## Lift Gate and Special Freight Services

Requests for lift gate service, inside delivery, or special services/equipment (e.g. box trucks in big cities) may require additional shipping fees. Fees for lift gate service on small orders that fit on a box truck are $\$ 200$. Fees for lift gates on larger orders that require a full 53 -foot truck will be higher and must be quoted on a case-by-case basis. Lift gate options on full-trucks only exist on a small percentage of trucks thus driving incremental shipping costs that will be billed on a per-order basis. Call your customer service representative for more information.

## Lead Time

Lead times vary. For current lead times and a list of Quick Ship products, consult Resources/Dealer Support at www.enwork. com. LEAD TIME DATE CALCULATION BEGINS AFTER RECEIPT OF A CLEAN ORDER. A significant amount of orders arrive at Enwork missing information to process the order so please review your order carefully. An accelerated lead time may be available upon request. Enwork will notify you of the anticipated ship date on your Order Acknowledgment.

## Terms and Conditions

Exclusive Application of Terms and Conditions. These terms and conditions apply to all sales and related dealings between you, the customer ("Buyer"), and ASSA Group, Inc., dba Enwork, a Michigan corporation ("Seller"). No additional or contrary terms, whether contained in an order, acknowledgment, or other document from Buyer, shall be binding upon Seller unless agreed to in writing signed by an authorized officer of Seller, and Seller expressly rejects all such additional or contrary terms as may be contained in Buyer's documents. Seller's performance is conditioned on Buyer's unmodified consent exclusively to these Terms and Conditions. BUYER'S ACCEPTANCE OF ANY TENDER OF DELIVERY CONSTITUTES ACCEPTANCE OF ALL OF THESE TERMS AND CONDITIONS.

Price, Payment \& Delivery. All prices are those indicated on this document or a separate term sheet incorporated by reference. If pricing is based on Buyer purchasing a certain quantity of goods and Buyer subsequently reduces the quantity purchased, whether by return, cancellation or otherwise, the pricing will be adjusted based on the amount actually purchased. The price and terms of this Agreement are confidential and Buyer shall not disclose them to any person or entity without Seller's written consent, other than to essential personnel. Seller reserves the right at any time to demand payment in advance of shipment. Prices are subject to change at any time without notice. Prices do not include handling or taxes, and Buyer is responsible to pay all taxes of any type or kind regardless of whether collected by Seller. The purchase price is due and payable 30 calendar days from the date of invoice or the date of delivery, whichever is sooner. Seller may refuse to ship where Buyer is in default under this Agreement or any other agreement between the parties. Any payments not timely received by Seller will accrue interest at a rate of $1.5 \%$ per month, unless not permitted by law, in which case the interest charge shall be the highest rate permitted by law. In order to ensure payment, and in addition to all security interests granted by operation of law, Buyer grants Seller a security interest in all items sold pursuant to this Agreement and agrees to allow Seller to sign all documents allowing Seller to perfect this security interest. In the event that such items could be deemed to be inventory, Buyer agrees to allow Seller to do all things necessary to perfect its security interest including, but not limited to, notifying existing secured parties and filing a financing statement prior to delivery of the goods. If any payment required under this Agreement is past due, Buyer shall be in default and Seller may exercise all of its legal rights and remedies, including those set forth in Articles 2 and/or 9 of the Uniform Commercial Code. Delivery is F.O.B. Seller's point of shipment. Title passes on Seller's delivery to the carrier. Delivery dates are estimates only, and Seller is not responsible for any delays of any type or kind. Seller may cancel this Agreement without advance notice in the event of Buyer's breach, for failure to give adequate assurances of future performance after Seller's request for such assurances, or for any other reason in Seller's sole discretion. If Buyer terminates this Agreement, it shall only do so on 30 days advanced written notice, and Buyer will remain liable to Seller for all costs, commitments and liabilities incurred by Seller while fulfilling its obligations under this Agreement, including overhead allocated by Seller to such costs and Seller's anticipated profit from this Agreement. If this Agreement is placed in the hands of an attorney for collection of any amounts due, Buyer shall pay all of Seller's actual attorneys fees and costs of collection.

## Exclusive 12 Year Limited Warranty

Enwork warrants that the goods shall be free from defects in materials or workmanship for a period of twelve (12) years except as follows. Proxi Electric bases are warranted for a period of seven (7) years. Taper edge (contour laminate) worksurfaces, height-adjustable tables, electrical components, pneumatic cylinders, traditional key and lock cores, drawer slides, and glides are warranted for a period of five (5) years. Universal Locker digital and mechanical locks are warranted for a period of two (2) years. Casters are warranted for a period of one (1) year. There is no warranty for "self-edge" chipping or peeling, or on appliances.

Upholstery fabrics, vinyl, and polyurethanes are warranted from defects in material and workmanship for five (5) years. Customer's own materials (COM) are not covered by this warranty. Consult with upholstery materials suppliers for performance criteria and suitability of individual materials. Textiles and laminates are sold subject to minor variations of color. Since textiles vary in weave, thickness and memory, some creasing and/or gathering may occur during the upholstery application process. Because leather is a natural product, variations of texture are common and should be expected.

This warranty excludes any type of misuse, abuse, as well as ordinary wear and tear.
Pursuant to this warranty, if a product fails under ordinary use as a result of a defect in materials or workmanship, Enwork will, at its option, (a) repair the affected product at no charge, (b) replace the affected product at no charge with a new or refurbished product of comparable function, performance, and quality, or (c) refund the original purchase price for the affected product if repair or replacement is not commercially practicable or cannot be completed in a timely manner. This warranty applies solely to the original Buyer with the period starting on the date of shipment, and only for products shipped to and sold for use in the U.S. and Canada. This is Enwork's sole and exclusive warranty, and the Buyer waives all others.

The foregoing warranty shall not apply to damage caused under the following circumstances: (a) damage caused during shipping (this will be handled under separate terms); (b) modifications or attachments to the product that are not Enwork approved; (c) products that were not installed, used or maintained in accordance with product instructions and normal industry practice; (d) products used for rental purpose; (e) damage caused by misapplication of cleaning product; (f) natural variations in wood grain, color, texture, figure, or the presence of character marks; or (g) changes in surface finishes due to aging or exposure to light; or (h) damage, marking, or staining of veneer surfaces due to contact with rubber or similar compounds, damage from sharp objects, or imprinting from writing instruments. If a damaged product is repairable, Enwork may, at its option, permit the Buyer to repair the item and Enwork will issue a credit to the Buyer in accordance with Enwork's repair allowance schedule.

Warranty Disclaimer. Enwork expressly and unconditionally disclaims any and all warranties, express or implied, including but not limited to any warranties of fitness for a particular purpose or merchantability, or warranties based on oral representations from Enwork's personnel or agents, affirmations, models, drawings, samples, promotional literature whether in print, on the internet or in any other format or media.

Limitation of Liability. Enwork's maximum cumulative liability to buyer shall not exceed the purchase price of the goods claimed defective. In no event shall Enwork be liable for any indirect, incidental, special or consequential damages of any type or kind, including but not limited to lost profits, lost business opportunities or lost goodwill, relating to the goods sold hereunder, their installation or use, whether in contract, tort pursuant to statute or otherwise, even if Enwork has been advised of the possibility of such damages.

Indemnity. Buyer shall indemnify and save Enwork harmless from and against all claims of any type or kind for personal injury or property damage, including all costs and attorney's fees, made or alleged as a result of Buyer in any way or manner incorporating or installing any item purchased herein into another product manufactured, assembled, sold or marketed by Buyer.

No Design or other services provided. This agreement involves the sale of goods only. Buyer does not hire Enwork to perform any design services or for the production of any drawing or other media relative to the goods sold pursuant to this Agreement or Buyer's end product. To the extent that Enwork offers any advice or produces any drawings or other media, Enwork does so as a courtesy to the Buyer and Buyer agrees that it will not rely on such advice, drawing or other media and Enwork shall not be liable for any matter arising from such advice, drawings or other media. Buyer shall have no recourse against Enwork for any services of any type or kind. Buyer shall be solely and exclusively responsible for use and/ or installation of all items purchased herein. The items sold herein are based on Buyer's descriptions and Buyer bears sole responsibility for ensuring that the products sold meet Buyer's needs and expectations and are suitable for Buyer's intended use. Enwork is not responsible for Buyer's inaccurate or inadequate design or Buyer's furnishing of incorrect information.

Correction of Errors. Enwork shall have the right to correct any errors, whether clerical or mathematical, which are contained in this Agreement or any term sheet or invoice.

## (Warranty Continued)

Disputes. All disputes of any type or kind, shall be determined by a court of competent jurisdiction which is situated in Kent County, Michigan. Buyer irrevocably consents to such exclusive venue and jurisdiction.

#### Abstract

Miscellaneous. Buyer shall not assign any rights under this Agreement without the prior written consent of Seller. Failure to exercise any rights under this Agreement shall not constitute a waiver and a waiver on one occasion will not constitute a waiver of the same item on any subsequent occasion. No waiver or amendment to this Agreement shall be effective unless it is in writing and signed by authorized representatives of both parties. Paragraph headings are for reference only and are of no legal force or effect. All notices shall be provided to the addresses set forth in this Agreement and if none is provided, to the party's resident agent in the state of incorporation or organization. This Agreement shall be governed by the law of the State of Michigan without regard to any conflicts of law principles. Wherever possible, all terms shall be interpreted consistently. In the event of a conflict with regard to price, payment terms or delivery, the typed provisions on a separate or attached term sheet shall control over the printed provisions on this Agreement. For any other conflict, these Terms and Conditions shall control. No usage in trade shall create a conflict with the terms of this Agreement. Seller reserves the right to correct any typographical errors anywhere in this Agreement. A facsimile signature or a legally valid electronic substitute for a signature shall bind Buyer. If any provisions are determined to be unenforceable, the remainder of the Agreement shall remain in full force and effect.

Entire Agreement. This is the complete and exclusive statement of the terms and conditions relating to the subject matter of this Agreement and all negotiations and representations, if any, made prior to the execution of this Agreement are merged into this Agreement. Seller shall not be bound by any agent's or employee's representations, promises, or inducements not set forth in this writing unless such representation, promise or inducement is set forth in writing, dated subsequent to this Agreement, and signed by an authorized officer of Seller.

## Product Issue Instructions

## Shipping Damages and Claims

Should you receive any portion of a shipment in damaged condition, either apparent or concealed, it is the duty of the customer to note any suspected damage on the carrier's delivery receipt, to accept the damaged goods, and to contact Enwork immediately to begin the freight claim process. Do not install damaged product. All damaged product and packaging must be retained until the freight claim is settled. Failure to retain damaged product and packaging will result in a transfer of liability from Enwork to the customer. Enwork will not warranty custom one-piece tops over 96 " from freight damage. Concealed
Damage: Freight damage must be reported to Enwork within 5 days of receipt. Failure to report freight damage within this timeframe will result in a transfer of liability from Enwork to the customer. Claims and questions can be submitted to info@ enwork.com

## Defective Products

Enwork may request samples, photos, or videos demonstrating the defect. No merchandise shall be returned or scrapped without prior approval from Enwork. All unauthorized returns may be refused by Enwork and returned to the customer. Credit or reimbursement will be issued for the original purchase price or a replacement will be sent. Enwork reserves the right to request the return of any or all defective products. Enwork also reserves the right to repair defects in the field with an Enwork-provided repair team.

## Repair Authorization

Requests for Enwork funded repairs by Enwork dealers must be submitted in writing prior to repair work. Repairs made without Enwork's consent will not be funded. Repair costs for warranty or defect issues must be reasonable.

## Credit for Returned Goods

Credit will not be honored for returned merchandise until all returned goods have been checked by the Enwork Quality Control Division and confirmed to be defective.

## Pricing

Prices in this Price List are United States list prices and include freight (subject to minimum order quantities) within the continental U.S. and to most of Canada. Canadian market orders can be invoiced and paid in U.S. or Canadian dollars. Enwork's USD:CAD conversion rate is posted on www.enwork.com and typically updated quarterly. Canadian market orders must specify USD or CAD on the order. The Canadian Dollar price will be based on the conversion rate in effect at the time the order is received. For convenience, the exchange rate and GST will be included as separate line items on order acknowledgments and invoices.

## COM Yardage Requirements

## Procedure

1) Identify product type and size
a. For Seating COM information, refer to the Ordering Information for each specific model
2) Determine fabric roll width (Enwork uses the RAILROAD method exclusively)
3) Find corresponding fabric usage value from table below
4) Calculate fabric required using the formula below
a. (\#UNITS $\times$ FABRIC USAGE) +2.0
b. Add $10 \%$ to accommodate fabric flaws, wrinkles and other imperfections
c. Please order COM IN SEPARATE ROLLS for each product type (e.g. one roll for Grid Tiles, another roll for Ped Cushions) to accommodate multiple manufacturing centers. Tag each roll with the order number and send to
Enwork, 12900 Christopher Dr., Lowell MI 49331

## Procedure

1) Identify product type and size
a. For Seating COM information, refer to the Ordering Information for each specific model
2) Determine fabric roll width (Enwork uses the RAILROAD method exclusively)
3) Find corresponding fabric usage value from table below
4) Calculate fabric required using the formula below
a. (\#UNITS $\times$ FABRIC USAGE) +2.0
b. Add $10 \%$ to accommodate fabric flaws, wrinkles and other imperfections
c. Please order COM IN SEPARATE ROLLS for each product type (e.g. one roll for Grid Tiles, another roll for Ped

Cushions) to accommodate multiple manufacturing centers. Tag each roll with the order number and send to
Enwork, 12900 Christopher Dr., Lowell MI 49331

## FABRIC USAGE CHART (54w/66w Rolls)

| For 54"w Rolls | $\mathbf{2 4 " w}$ |
| :--- | :---: |

| LNC84 | 2.44 |
| LNC96 | 2.76 |
| LNC108 | 3.12 |
| LNC120 | 3.44 |
| LNC132 | 3.76 |
| LNC144 | 4.12 |

## Lock program does not apply

 to eBench mobile peds.

## Lock Cores

Lock cores are LL Series. UM Series and alternate lock cores on select products are available upon request.

## Keyed Random

Random locks automatically ship with the product unless otherwise specified. Random means no effort has been made to match key numbers, or to make them different.

## Keyed Alike

For the convenience of the user, furniture may be keyed alike at no charge. Using the keyed alike instructions, order lock cylinders and keys as line items on your purchase order. The Enwork Grand Rapids Lock Center will select key numbers. Key numbers will not be repeated unless the standard range has been exceeded. Lock cylinders will ship separately from the product, ready for field installation.

## Installing Lock Cylinders

Installation of lock cylinders will be on-site. Enwork will not be responsible for lock cylinder installation. Lock cylinders are installed or removed using a change key. A change key is provided at no charge with each key-alike request. To order additional change keys, specify part number NWCHANGE (\$20 list) on your purchase order. Cylinders must be in the unlocked position to be removed.

## Lock Distribution

All lock orders are packaged and shipped from the Grand Rapids Bush Lock Center, regardless of where the products are manufactured. Lock cylinders and keys will ship via FedEx. Please provide a contact name on your purchase order to receive the keys.

## Lock Part Numbers

| Part \# | Description | List Price |
| :--- | :--- | :--- |
| NWSPEC2 | Set of 2 locks | N/C |
| NWSPEC3 | Set of 3 locks | N/C |
| NWSPEC4 | Set of 4 locks | N/C |
| NWSPEC5 | Set of 5 locks | N/C |
| NWCHANGE | Change Key | $\$ 20$ |
| NWMASTER | Master Key | $\$ 20$ |

## How to Specify Keyed Alike

Following is an example of how to specify keyed alike locks for a 6-pack of workstations.

Step 1 - Using the floor plan (left), count the number of locks in each workstation.
Step 2 - Count the number of workstations with the same quantity of locks. Group together the workstations with a like number of locks.
3 workstations with 4 locks per station
1 workstation with 3 locks per station
2 workstations with 2 locks per station
Step 3 - For the first group (3 sets of 4 locks), enter the number of workstations in the quantity column.
QTY Part \# Description List Price Ext. List 3

Step 4 - Then enter the part number NWSPEC__ and add a suffix for the number of locks for that group (i.e. for 4 locks per station, add the suffix "4").

Step 5 - Repeat for other groups.

| QTY | Part\# | Description | List Price | Ext. List |
| :--- | :--- | :--- | :--- | :--- |
| 3 | NWSPEC4 | Set of 4 locks | N/C | N/C |
| 1 | NWSPEC3 | Set of 3 locks | N/C | N/C |
| 2 | NWSPEC2 | Set of 2 locks | N/C | N/C |

Enwork will select key numbers for each set from the available numbers.

## Enwork Product and Finish Information

Grain Direction on all wood grain laminates runs as shown below. Alternative grain directions are available for a charge. Great care is taken on multi-piece tops to match laminate wood grains as close as possible given the limitations of pattern, shape, laminate repeatability, and manufacturing tolerances.

*Exceptions: Veneer tops with 2 or more pieces and laminate tops 66 "D and 72 "D are cross grain.
Veneer Stains are defined by species:
> Maple veneer (D) is stained similar to Chelsea Maple laminate.
> Walnut veneer (7) is clear coated similar to Pecan Walnut laminate
or ( $T$ ) stained similar to Wilsonart Ebony Recon (non-standard) laminate.
> Rift Cut Oak (6) is clear coated similar to Scandi Rift Oak laminate.
$>$ Ash veneer is available in clear coat (3), light grey (4) stained similar to Pale Brushstroke laminate, and dark grey (5) stained similar to Storm laminate. Ash species color and grain variation is significant, ranging from blonde in color to darker. This affects clear coat and stained products. Be aware that the natural variation may be visible within products or from product-to-product.
> Alternative stains are available upon request. The fee to match a stain is $\$ 700$ list. Additionally, there is a $10 \%$ upcharge to each item's list price. The matching and approval process must take place prior to order entry. For stain matching approval process email designteam@enwork.com or call customer service at 800.815.7251 for information.
Laminate Tables with wood edge have the following solid wood edge thicknesses (top view):

1. 3 mm edge is $0.12^{\prime \prime}$ wide.
2. Knife edge is $1.9^{\prime \prime}$ wide.
3. Bullnose edge is $1.25^{\prime \prime}$ wide.

Veneer Tables with wood edge have the following solid wood edge thicknesses (top view).

1. 3 mm edge is $0.12^{\prime \prime}$ wide.
2. Knife edge is $0.12^{\prime \prime}$ wide ( 3 mm ). Undercut is MDF stained to match.

## Edge and Grommet Finish Defaults

Enwork offers the following HPL laminate finishes with default edge colors:

| Laminate | Finish <br> Letter | 3mm/Knife <br> Edge Color | Grommet <br> Color | Knife Edge (MDF) <br> Undercut Color |
| :--- | :---: | :---: | :---: | :---: |
| Formica Pecan Walnut (6996-26) | 2 | Pecan Walnut | Black | Clear |
| Formica Millennium Oak (5887-26) | 3 | Millennium Oak | Light Taupe | Clear |
| Formica Scandi Rift Oak (8677-26) | 4 | Scandi Rift Oak | Black | Clear |
| Formica Pale Brushstroke (6997-58) | 5 | Pale Brushstroke | Light Taupe | Clear |
| Formica Storm (912-58) | 6 | Storm | Black | Clear |
| Formica Fenix White (Bianco Kos - J0032)* | 8 | Fenix White | White | Clear |
| Formica Fenix Black (Nero Ingo - J0720)* | 9 | Fenix Black | Black | Clear |
| Formica Chelsea Maple (9238-58) | A | Chelsea Maple | Grey | Clear |
| Formica Zen Grey (9243-58) | E | Zen Grey | Grey | Clear |
| Formica Black (909-58) | F | Black | Black | Clear |
| Formica Graphite (837-58) | G | Graphite | Black | Clear |
| Formica Ceruse Gray Walnut (6994-26) | H Ceruse Gray Walnut | Light Taupe | Clear |  |
| Formica Aged Ash (8844-WR) | K | Aged Ash | Light Taupe | Clear |
| Formica Formal Walnut (5782-NG) | L | Formal Walnut | Black | Clear |
| Formica Classic White (9244-58) | M | Classic White | White | Clear |
| Formica Inked Oak (5792-PG) | Q | Inked Oak | Black | Clear |
| Formica Brite White (459-58) | W | Brite White | White | Clear |

* Fenix White and Fenix Black laminates are only available on conference rectangle tops as standard. Contact designteam@enwork.com

Tip: Contour Laminate default grommet colors are as follows: Natural Maple (Grey), Designer White (Grey), Hayward Cherry (Black), Fashion Grey (Grey).

Tip: Veneer default grommet color is black. Laminate with veneer edge grommet color defaults to the laminate.
Tip: Additional edge colors can be used. For availability and pricing, email designteam@enwork.com.
Tip: When specifying a special laminate, please freeform a standard edge color on order. If a non-standard edge is needed, contact designteam@enwork.com for availability and pricing

## Paint Finishes

Enwork offers the following paint colors:

| Paint/Name | Finish Letter |  |
| :--- | :---: | :--- |
| Storm | G |  |
| Black | R |  |
| Silver | S |  |
| Medium Tone | T |  |
| Arctic White (textured) | W | $* *$ Only offered on Odyssey table bases. |
| **Odyssey Red | D |  |

Some Steelcase, Miller/Knoll, Haworth, and Allsteel paints are available for a \$1000 List fee per order. Call/email for availability of specific colors. Additional custom paints (e.g. Tiger Dry Lac) must be quoted through designteam@enwork.com.

Notes

ENWORK

## Worksurface (Top) Support and Bracing Rules

> Conference and training table tops 60 "wide and wider come with support braces (NWBRACE) at no charge, if required. See page 24 for a list of how many braces are included per top.
> Grid and Ambition worksurfaces do not include braces due to unknown applications (peds, lats, etc.). Standard laminate worksurface (NWBRACE) support is required on unsupported spans 54 " W and wider. Supports can be fixed peds, legs, or braces.
> The maximum allowable span between legs or supports is 72" - even with braces.
$>$ As an alternate to braces, legs may be inset from table ends.
> All 30"D tops 72"W or wider, as well as tops 36"D or deeper and 60"W or wider, require two braces instead of one. Braces are included automatically on all conference and table tops, if required.
> Foundation Panel Base Trough Kits, Stealth, Lugano, Equilibrium, Expanse, Odyssey, Foundation EX, eBench, and Concurrence conference tables are designed with support and don't utilize stand-alone (NWBRACE) braces.
> For additional information about bracing installation for Training and Conference tops, please visit www.enwork.com/resources/planning-installation-guides.

Centered (Qty. 1)

Between Bases (Qty. 2)

Between Bases (Qty. 3)

## Adventure

> $1.5^{\prime \prime} \times 3.5^{\prime \prime}$ Baltic birch leg with clear, finish
$>7$ gauge steel top plate and metal assembly for legs
> Top plate sizes

- $10^{\prime \prime} \times 28^{\prime \prime}$ for $30-36^{\prime \prime} \mathrm{D}$ table leg kits
-10" $\times 34^{\prime \prime}$ for $42-48^{\prime \prime}$ D table leg kits
-10" x 46 " for $54-60 " D$ table leg kits
> Foot bars are .25 " T-channel
> Adjustable levelers or locking casters
> Legs ship assembled

## Alkalign

> Leg height is $27.75^{\prime \prime}$
> $3^{\prime \prime} \times 2$ " 11 gauge steel tube legs
> Integrated sheet metal trough system
> Hinge door access in trough
> Laminate, veneer, perforated steel or glass infills optional
> Optional power kit integration
> Levelers included

## Concurrence

> Base height is $27.75^{\prime \prime}$
> 7 gauge top plate
> Aluminum extrusion ( .090 wall thickness) construction with particle board support
> 5" or 12"W individual bases
> Cable access door optional on 12"W individual base
> Levelers included

## Disc Bases

> Base height is 27.75", Bar Height is 40.75"
> 7 gauge top plate
> Bolted base-3/8" plate steel
$>$ Vertical tubing is $3^{\prime \prime}$ or $4^{\prime \prime}$ tubing and 17 gauge or 14 gauge
> Levelers (available on select part numbers) have $5 / 8^{\prime \prime}$ adjustment

## Emerson

> 14 gauge 2"x2" legs.
> 14 gauge 2.75 " $\times 1.7^{\prime \prime}$ apron.
> Apron mounts directly to top via brackets
> Available in levelers or casters
> Bar height and counter height bases have 7 " $\times 7$ " struts. Optional horizontal tubes 12 " off the ground is also available.

## Equilibrium

> Base height is $27.875^{\prime \prime}$ for seated heights and $40.875^{\prime \prime}$ for standing heights
> 3/8" Steel welded steel construction for frame
> Cosmetic and removable covers are 20 gauge steel
$>$ Base for round tops $36^{\prime \prime}-54^{\prime \prime}$ diameter is $3.5^{\prime \prime} \mathrm{D} \times 6 " \mathrm{~W}$
> Base for round tops $60^{\prime \prime}-84^{\prime \prime}$ diameter is $6 " \mathrm{D} \times 8^{\prime \prime} \mathrm{W}$
> Base for rectangle tops $36^{\prime \prime}-54^{\prime \prime} \mathrm{D}$ (and select 60" D ) tops is $16^{\prime \prime} \mathrm{D} \times 26^{\prime \prime} \mathrm{W}$ at seated height and $16^{\prime \prime} \mathrm{D} \times 33^{\prime \prime} \mathrm{W}$ at standing height.
> Base for rectangle tops $66^{\prime \prime}-72^{\prime \prime} \mathrm{D}$ (and select $60^{\prime \prime} \mathrm{D}$ ) tops is $34 " \mathrm{D} \times 26$ "W (available seated height only).
> Must be bolted to 4" thick concrete

## Expanse

> Aluminum Extrusion $0.187^{\prime \prime}$ wall thickness.
$>0.375^{\prime \prime}$ thick top plate that ranges from $11.25^{\prime \prime} \mathrm{W}-16^{\prime \prime} \mathrm{W} \times$
$>26 " \mathrm{D}-39^{\prime \prime} \mathrm{D}$ depending on table size.
$>0.375^{\prime \prime}$ thick vertical steel structure supports
0.25 " thick steel legs

## Foundation EX

> Aluminum Extrusion $0.187^{\prime \prime}$ wall thickness.
$>0.375^{\prime \prime}$ thick top plate that is $16^{\prime \prime} \mathrm{W}$ and either $30^{\prime \prime} \mathrm{D}$ or $43^{\prime \prime} \mathrm{D}$
depending on table size.
$>0.375^{\prime \prime}$ thick vertical steel structure supports
> Laminate shroud is $3 / 4$ " thick, post-formed with no seams.

## Foundation Panel Bases

> Base height is 27.75"
> 3/4" double sided melamine construction, cam lock and doweled
> Levelers included

## Foundation Drum Bases

> Base height is $27.75^{\prime \prime}$
> 1/4" BendiPly wrapping, $3 / 4^{\prime \prime}$ thick HPL construction
> Levelers included

## Impression

> Leg height is $27.75^{\prime \prime}$
> 8 gauge foot and top plate Top plate sizes:
$\cdot 6^{\prime \prime} \times 6^{\prime \prime}-$ Straight Leg, 4-Post X-Base (qty. 4)
$\cdot 6^{\prime \prime} \times 8^{\prime \prime}-\mathrm{C}, \mathrm{T}, \mathrm{TT}$ (qty. 2) Legs
$\cdot 12^{\prime \prime} \times 12^{\prime \prime}-$ X-Base
$>$ Vertical rectangular tubing is $3^{\prime \prime} \times 1.5^{\prime \prime}, 14$ gauge for all fixed legs
> Vertical square tubing is $2.5^{\prime \prime} \times 2.5^{\prime \prime}, 14$ gauge for all fixed X-bases and $1.5^{\prime \prime} \times 1.5^{\prime \prime}$ for straight legs
> 12 gauge crossbars on adjustable height legs
> 20 gauge powerlex modesty
> Levelers have 1" of adjustment
> Casters are all locking
> Flip tables lock in up (vertical) and down (horizontal) positions and have a die cast aluminum mechanism
> Optional Routing Holes are 2 " $\mathrm{W} \times 2.75^{\prime \prime} \mathrm{H}$

## Kinsey

> Leg height is 27.75"
> Aluminum die cast feet
$>$ Tube with 1.5 mm wall thickness
$>7$ gauge top plate that is $12^{\prime \prime} \mathrm{W} \times 12^{\prime \prime} \mathrm{D}$

## Ligouri

$>$ Wood legs with aluminum accents and frame.
$>$ Base seated height is $28.56 " \mathrm{H}$, bar height is $40.81 " \mathrm{H}$ without tops.
> Seated height wood legs are $1.75^{\prime \prime} \mathrm{D} \times 2.75^{\prime \prime} \mathrm{W}$ at thickest point. Standing height legs are $2.25^{\prime \prime} \mathrm{D} \times 3^{\prime \prime} \mathrm{W}$.
$>$ Frame is made with $2^{\prime \prime} \times 1^{\prime \prime}$ aluminum extrusions.
$>$ Bases with floating top feature have 7 gauge top plates and a $2.8^{\prime \prime}$ gap between frame and top.
> Bases without floating top feature have 7 gauge corner brackets.

## Lugano

> Post-formed laminate cabinet
> 11- and 14-gauge steel mitered, tapered plinth and top plate
> Electric height-adjustable range is $30^{\prime \prime}$ - 49.5"
$>$ Electric height-adjustable base supports 300 lbs .
> Levelers included

## Odyssey

> Aluminum Extrusion 0.187" wall thickness.
$>0.375$ thick top plate that is $15.63^{\prime \prime} \mathrm{W} \times 23.88^{\prime \prime} \mathrm{D}$
$>0.375$ thick vertical steel structure supports
$>$ Shroud is fiberglass.

## Oh Hey!

> Wood construction
$>$ Metal Shelf is 14 gauge.
$>$ Glass is $3 / 8^{\prime \prime}$ thick.

## Proxi

> Base height is $22.6^{\prime \prime}-48.7^{\prime \prime}$ including $3 / 4^{\prime \prime}$ tabletop)
$>1$ gauge cold rolled steel foot, solid steel 8 mm
> 16 gauge vertical columns
> Adjusts 1.4" per second

## Sawhorse

> Leg height is 27.75"
> Vertical rectangular tubing is $3^{\prime \prime} \times 1.5^{\prime \prime}, 14$ gauge
> Levelers have 1 " of adjustment
> Square tubing is 1.5 " $\times 1.5$ ", 14 gauge
> 7 gauge top plate

## Sensation

> Leg height is $27.75^{\prime \prime}$
> 7 gauge top plate
Top plate sizes:

- $6^{\prime \prime} \times 6^{\prime \prime}$ - Straight Leg, 4-Post X-Base (qty. 4)
- $6^{\prime \prime} \times 8^{\prime \prime}-\mathrm{C}, \mathrm{T}, \mathrm{TT}$ (qty. 2), Y Legs, Split Y-Leg Bases
- $9.5^{\prime \prime} \times 9.5^{\prime \prime}$ - LMXA/LMXB X-Bases
- $12^{\prime \prime} \times 12^{\prime \prime}$ - LMXC/LMXD X-Bases, LMYB Y-Leg Bases
> Welded column, bolted feet construction
> Feet are made of die cast aluminum
$>$ Vertical tubing is $2.36^{\prime \prime}$ diameter, 14 gauge
$>$ Levelers are 3/8-16 x $1^{\prime \prime}$
> Casters are 3" Nylon Twin Wheel with brake and all locking
> Flip tables lock in up (vertical) and down (horizontal) positions and have a die cast aluminum mechanism
> Optional Routing Holes are 1.5" diameter.

## Solano

> Leg height is 27.75"
$>7$ gauge steel foot
> 8 gauge steel top plate
Top plate sizes:

- $6^{\prime \prime} \times 6^{\prime \prime}-$ Straight Leg, 4-Post X-Base (qty. 4)
- $6^{\prime \prime} \times 8^{\prime \prime}-$ C, T, TT (qty. 2) Legs
-12" x $12^{\prime \prime}$ - X-Base
$>$ Vertical rectangular tubing is $3^{\prime \prime} \times 1.5^{\prime \prime}, 14$ gauge for all fixed legs
$>$ Vertical square tubing is $2.5^{\prime \prime} \times 2.5^{\prime \prime}, 14$ gauge for all fixed $X$ bases and $1.5^{\prime \prime} \times 1.5^{\prime \prime}$ for straight legs
$>12$ gauge crossbars on adjustable height legs
> 20 gauge powerlex modesty
$>$ Levelers have 1" of adjustment
> Casters are all locking
> Flip tables lock in up (vertical) and down (horizontal) positions and have a die cast aluminum mechanism
> Optional Routing Holes are 2 " $\mathrm{W} \times 2.75^{\prime \prime} \mathrm{H}$

## Solano Fast Crank

> Height range is $26^{\prime \prime}-44^{\prime \prime}$ (including top)
> Lifts 110 lbs when moving, 210 lbs when static (load capacity includes weight of worksurface)
> Requires approximately two turns per inch

## Square Bases

> Base height is $27.75^{\prime \prime}$, Bar Height is $40.75{ }^{\prime \prime}$
> 7 gauge top plate
> Bolted base-3/8" plate steel
> Vertical tubing is $3^{\prime \prime}$ or $4^{\prime \prime}$ tubing and 17 gauge or 14 gauge
> Levelers (available on select part numbers) have 5/8" adjustment

## Statement

> Leg height is 27.75"
$>$ Leg width is 6 "
> Leg is $2.75^{\prime \prime}$ thick Baltic birch ply construction with mitered corners
> 10 gauge top plate, 6 " $\times 8$ " each
$>$ Levelers are 5/16-18× $1^{\prime \prime}$
> Cable Management is $2.56^{\prime \prime} \mathrm{w} \times 1.56^{\prime \prime}$ tall

## Stealth

> Base height is 27.75"
> Aluminum extrusion (. 090 wall thickness) construction with particle board support
> Levelers included
$>7$ gauge top plate

## Tangent

> 1/4" bent steel legs
> 11 gauge top plate that is $4^{\prime \prime} \mathrm{W} \times 4^{\prime \prime} \mathrm{D}$

## Tubular

> Leg height is $27.75^{\prime \prime}$
$>7$ gauge top plate
> Fully welded construction
$>$ Vertical tubing is $1.9^{\prime \prime}$ diameter, 14 gauge
> Horizontal feet are 1.9" diameter tubing, 14 gauge
> Levelers are $3 / 8-16 \times 1.375^{\prime \prime}$
> Casters are 2" Nylon Twin Wheel with brake and all locking
> Flip tables lock in up (vertical) and down (horizontal) positions and have a die cast aluminum release handle

## Table Leg and Base Specifications (Cont'd)

## Zori

> Leg height is $27.75^{\prime \prime}$
> T-, C-, and Straight leg heights for K-12 classrooms are $22.75^{\prime \prime} \mathrm{H}$ or $25.75^{\prime \prime} \mathrm{H}$
> 7 gauge top plate

- Top plate sizes:
- 6" x 6" - 4-Post X-Base
- $6 " \times 8$ " - C, T, TT, straight legs,

Y-Legs, Split Y-Leg bases

- $9.5^{\prime \prime} \times 9.5^{\prime \prime}$ - CYXA/CYXB X-Bases
-12" x 12" - CYXC/CYXD X-Bases
> Aluminum Columns
${ }^{-T}$, C Legs, $1.75^{\prime \prime} \times 3^{\prime \prime}$
- X Base, $2.25^{\prime \prime} \times 2.25^{\prime \prime}$
> Cast aluminum feet
> Bar flip mechanism that locks in the up (vertical) and down (horizontal) positions
> Adjustable levelers
> Locking casters

## General Information on Wood Cores

> Passes all NEMA and BIFMA tests for high pressure laminate worksurfaces.
> Core material is $1.125^{\prime \prime}$ thick, M3 rated ( 45 lb .) furniture grade particleboard.
> FSC Mixed Sources accreditation.
> ISO 140001 certification for wood cores.
> Made from 30\% post-consumer and 70\% pre-consumer recycled content.
> Eco-Certified Composite Grademark Program (ECC) certified by Composite Panel Association (CPA).
> CARB Phase 2 and EPA TSCA Title VI compliant for formaldehyde emissions less than 0.09ppm.
> Adhesives are solvent free water based PVA (poly vinyl acetate).
> Formaldehyde-free cores are available via special quote at designteam@enwork.com.
> Tables have a 200 pound load capacity (functional load).

## Standard Laminates and Melamines

> HPL (high pressure laminate) construction, .030" or .050" thick depending on color.
> Backer is moisture-resistant phenolic material for balanced construction.
> Laminates and backers are Greenguard certified for Indoor Air Quality.
> PVC (default) or ABS (upon request, call for quote) edge choices in 3 mm , and Knife.
> Other edge choices include Veneer and Solid Wood.

## Contour Laminates

> Commonly known as Rigid Thermofoil (RTF).
> Contour Laminate is high performance, with comparable durability to HPL laminate.
> The taper edge is seamless with no visible edgeband or t-molds, offering an inherent anti-microbial sealed surface.

## Wood Veneers

> Natural veneers are used in Ash, Maple, Walnut, and Oak species.
> One-piece tops use full-cut slip-matched veneers along the depth dimension. Tops with two or more pieces are slip match cross grain.
> Grain and color variations may occur in veneer products because of the inherent nature of wood. Every effort is made to achieve consistency. However, exact matching is now guaranteed. Wood naturally changes color due to aging: samples or finished products may change from exposure to light.
> Edge choices are 3mm (wood), or Knife (wood)
> There is a $10 \%$ custom stain upcharge that assumes a custom color on a standard Enwork full-cut veneer substrate.
A separate custom stain match PO should be submitted in advance of the full order to orders@enwork.com along with a sample mailed to Enwork, Attn: STAIN SAMPLE. Production cannot begin until the stain match is approved. If during this process it is determined that one of our standard veneer substrates is not acceptable, additional charges and lead time may apply.

## Birch Ply Edges

> Edge is clear coated when specified with laminate and stained-to-match when sold with veneer.
> Due to material sizes and necessary trimming, 48"D tops and 60"D tops are undersized by one inch. Tops with pieces $60 " \mathrm{~W}$ and 96 "W will also be undersized on inch.

## Back-Painted Glass

> 1/4" thick, tempered, flat-polished low iron. Available as clear glass (B) or satin-etched/frosted glass (D). Glass sits on a $1-1 / 8$ " knife edge MDF substrate painted to match*. Brilliant white and black as standard (white matches Benjamin Moore brilliant white paint). Any Benjamin Moore color available upon request. \$1500 list custom color fee applies for orders of less than 250 sq . ft . There is also a $20 \%$ upcharge to each top's list price for custom colors**.
> Glass may overhang MDF substrate up to $1 / 8$ " on each side.
> Glass width and depth may vary $1 / 8$ " from piece to piece due to cutting machine tolerance. If depth varies, position all pieces in the center resulting in a 1/16" offset on each side.
> Single-piece custom patterned/logo tops are back-painted. Multi-piece patterned/logo tops have a printed backer. Certain blue/gray colors may not produce acurately on printed (multi-piece) tops. Consult Enwork if perfect color match in this situation is required.

* The side and cut of the MDF substrates are painted. The top and bottom of the substrates are exposed backer and not painted.
** Enwork makes every effort to accurately produce custom colored back-painted glass using the best specialized low-iron glass on the market. Despite these efforts, there is still a natural iron variation in all glass on a sheet-by-sheet basis which affects color match (iron causes a green hue in glass color). Similar to a wood veneer, where no two trees are the same, a glass sample may not perfectly match the final product.

## KrystalCast ${ }^{\circledR}$

> Krystalcast is available as a special upon request.
> Acrylic on MDF* or birch ply is available in any Benjamin Moore color. Light colors perform best, with Super White being the most popular choice. Darker colors are not recommended for KrystalCast and instead perform best with matte glass. The MDF substrate will default to either black or white paint. Substrates are available in Benjamin Moore colors other than the default white or black at a 10\% upcharge. See www.KrystalCast.com for technical specs and care instructions.

## Solid Surface (Wilsonart)

> Designer White is standard in satin finish. See https://www. wilsonart.com/solid-surface/design-library for additional finish/color choices. Price varies by finish/color, contact designteam@enwork.com with your preferred selection.

## Cambria Quartz

Enwork sells three different thicknesses of quartz ( 0.25 ",
0.75 ", $1.25^{\prime \prime}$ ) depending on application.

1. Conference Tops are available in two thickness:
a. $0.25^{\prime \prime}$ thick quartz is supported by a $1.125^{\prime \prime}$ thick painted MDF knife edge sub-top on all sides (sub-top is same depth/width as the quartz). It is secured to the substrate by silicone (included). Due to 0.25 " thick quartz weight only specify on complete conference bases or Sawhorse/Alkalign individual legs installed in a splayed position.
b. $0.75^{\prime \prime}$ thick quartz that is supported by a $1.125^{\prime \prime}$ thick painted MDF knife edge sub-top that is inset by $2^{\prime \prime}$ on each side for a floating quartz look. Due to heavy $0.75^{\prime \prime}$ thick quartz weight only specify on complete conference bases, not individual legs.
c. Note: Painted MDF substrate is painted grey on Berwyn, Buxton, and Carrick quartz. Substrate is painted white on Portrush, Swanbridge, Torquay and Whitehall quartz.
2. Landing Tables utilize 1.25 " thick quartz in lieu of the laminate top.
3. Credenza Toppers are available in two thicknesses:
a. 0.25 " thick quartz toppers are utilized with the Universal Credenza family of products. The toppers set directly on top of the credenza and are secured by silicone (included).
b. 0.75 " thick quartz toppers are available for Foundation and the Universal Credenza family of products. The toppers sit directly on the credenza, but do not need silicone due to their weight. Note: For Foundation Credenzas specify the "B" Specialty Top option to omit the standard thickness laminate top and get a sub-top instead.
4. Occasional Tables
a. Oh-Hey utilizes 0.25 " thick quartz set directly on top of the Oh-Hey product and secured by silicone (included).
b. Occasional Thin Profile Tops for use with Tangent, etc. Bases utilize $0.25^{\prime \prime}$ thick quartz on a $0.75^{\prime \prime}$ thick painted MDF substrate with matching dimensions. Quartz is secured by silicone (included). See 1c above for painted MDF color specification.

## Quartz Pattern Alignment:

1. Quartz patterns on multi-piece tops do not align perfectly for grain/pattern match.
2. For those patterns that have a graining to them you will receive a print from Enwork Customer Care 1-2 weeks after order entry for your approval. This print shows the expected pattern on the table top given slabs that are available at the time of manufacturing

## Product Specifications:

> Edge profile is the same on all sides.
> D2 is 12" less than D1 on Boat tops.
> Laminate with knife wood edge $(\mathrm{G})$ is $1.9^{\prime \prime}$ wide. Veneer with knife wood edge $(R)$ is $0.12^{\prime \prime}$ wide (3mm).
> Great care is taken on multi-piece tops to match laminate wood grains as close as possible given the limitations of pattern, shape, laminate repeatability, and manufacturing tolerances. Tops that have $3+$ pieces are not guarenteed to be a perfect grain match.
> Multi-piece tops come with alignment hardware.
> See page 32 for additional finish specifications.

Rounded Rectangle tops will have $4^{\prime \prime}$ radius corners if Plyband (L) or 3mm wood edge ( $E, P$, or $R$ ) is chosen in Step 2.

Ordering Information:
> BRACES ARE INCLUDED WITH TABLE TOPS IF REQUIRED. See below for quantities.
> Tops for open plan workstations can be found on pages 356-386.

## Product Specifications:

> Edge profile is the same on all sides
> D2 is 12 " less than D1 on Boat tops.
> Laminate with knife wood edge (G) is $1.9^{\prime \prime}$ wide. Veneer with knife wood edge $(R)$ is $0.12^{\prime \prime}$ wide ( 3 mm ).
> Great care is taken on multi-piece tops to match laminate wood grains as close as possible given the limitations of pattern, shape, laminate repeatability, and manufacturing tolerances. Tops that have $3+$ pieces are not guarenteed to be a perfect grain match.
> Multi-piece tops come with alignment hardware
> See page 32 for additional finish specifications.
> Rounded Rectangle tops will have $4^{\prime \prime}$ radius corners if Plyband $(\mathrm{L})$ or 3 mm wood edge ( $\mathrm{E}, \mathrm{P}$, or R ) is chosen in Step 2.

## Ordering Information:

> BRACES ARE INCLUDED WITH TABLE TOPS IF REQUIRED. See below for quantities.
> Tops for open plan workstations can be found on pages 356-386.
> A freight fee of $\$ 150$ net is assessed on orders less than $\$ 1500$ net. See page 11.

|  |  |  |  |  |  |  |
|  |  |  |  |  |  |  |
|  |  |  |  |  |  |  |

## Product Specifications:

> Only available in rectangle. For other shapes contact designteam@enwork.com
> Edge profile is the same on all sides.
$>$ Quartz is $3 / 4^{\prime \prime}$ thick.
$>$ Glass is $1 / 4^{\prime \prime}$ thick.
> Tops do not include external braces as they are intended for use with Expanse, Odyssey, and Foundation EX bases.
> Great care is taken on multi-piece tops to match laminate wood grains as close as possible given the limitations of pattern, shape laminate repeatability, and manufacturing tolerances. Tops that have $3+$ pieces are not guarenteed to be a perfect grain match.
> See page 32 for additional finish specifications.

## Ordering Information:

## > A freight fee of \$150 net is assessed on orders less than \$1500 net. See page 11

## Solid Hardwood Plank Rectangle Table Tops

## STEP 1

(\&) Finish and Edge Suffix List
S Hardwood Plank Clear Coat Ash - Flat Edge
U Hardwood Plank Clear Coat Walnut - Flat Edge
Q Hardwood Plank Clear Coat White Oak - Flat Edge 9 Hardwood Plank Clear Coat Ash - Live Edge W Hardwood Plank Clear Coat Walnut - Live Edge F Hardwood Plank Clear Coat White Oak - Live Edge

## Product Specifications:

> Wood patterns and coloration vary by plank due to natural variation in wood
> Available in clear coat finishes only.
> Solid hardwood planks are 4 " wide and 1.25 " thick
> Live edge tops have knife live edge on sides (width) of top. End of tops (depth) have flat edges.
> Multi-piece tops come with alignment hardware.
> See page 32 for additional finish specifications

## Ordering Information:

Tip: Some Steelcase, Miller/Knoll, Haworth, and Allsteel paints are available for $\$ 1000$ list fee per order. Call/email for availability of specific colors. Additional custom paints (e.g. Tiger Dry Lac) must be quoted through designteam@enwork.com.
See page 76 for Adventure Conference Table Leg Kits with Turnbuckles for use with quartz, solid surface, and glass tops or if desired for design aesthetic

Product Specifications:
U.S. Patent No. D882995
> Legs are available in clear coat Birch ply and clear coat white oak veneered birch ply.
> Legs always have exposed Birch ply edge.
> Casters are $5^{\prime \prime}$ industrial style caster with grey wheel and silver metal components.
> Bars for rail kits are 12" from the ground.

## Ordering Information:

> Must order a leg kit and rail kit (can order both rail kits). For rail kits, see page 78.
> Tops ordered separately. Due to the extra weight, quartz, solid surface, and glass tops are not recommended. See page 76 for Adventure legs for quartz, solid surface, and glass tops.
> On 30" or 36"D tables, Power/data units cannot be placed over top of legs.
> Oasis power units cannot be placed over top legs of any size table, they only fit if placed between legs.
> A freight fee of $\$ 150$ net is assessed on orders less than $\$ 1500$ net. See page 11.

+\$1,300

## Product Specifications:

U.S. Patent No. D882995
> Legs are available in clear coat birch ply and clear coat white oak veneered birch ply.
> Legs always have exposed Birch ply edge
> Adventure vertical cable management hangers are available. See page 78.
> Footer bars are 12" from the ground.
> NEWR66SL is compatible with Adventure Trough NEWCT1. Other bases are not compatible with Adventure Troughs.

## Ordering Information:

> Tops ordered separately
> Power Units that do NOT work on Adventure for Round/Square tops: Oasis, Alexander Linear, Ellora Double Sided 6 and 8 receptacle units, Ellora Double Sided 4 receptacle (not in NEWR36BL only)
> For custom paint color, freeform black or silver hardware on order.
> A freight fee of $\$ 150$ net is assessed on orders less than $\$ 1500$ net. See page 11.

## Product Specifications:

> Troughs accommodate all Enwork power/data units and have access doors in each section. Single and two circuit pre-configured power kits are available. See page 94
> Trough dimensions are $6.5^{\prime \prime} \mathrm{H} \times 10.25^{\prime \prime} \mathrm{W}$.
> Base height is $27.75^{\prime \prime} \mathrm{H}$ ( $29^{\prime \prime} \mathrm{H}$ with top).
> End bases are $15^{\prime \prime}$ from ends of conference top.
> One column of each base contains a knock-out routing hole. Routing hole covers are available. See page 94. Cables can also route from the trough to the floor using cable managers. See page 94 .

> Alkalign is not compatible with Ellipse Tops
> Alkalign glass infills are back painted glass adhered to MDF wrapped in matching thermofoil. MDF is not visible.
> Splayed leg bases have corner legs at a 45 degree angle.
> If perforated steel infill choosen, infill will be painted to match the base.

## Ordering Information:

> Must specify base assembly and infill kit. See steps 2 and 4 for infill materials and finishes.
> A freight fee of $\mathbf{\$ 1 5 0}$ net is assessed on orders less than \$1500 net. See page 11.

## Product Specifications:

> Troughs accommodate all Enwork power/data units and have access doors in each section. Single and two circuit pre-configured power kits are available. See page 94.
> Trough dimensions are $6.5^{\prime \prime} \mathrm{H} \times 10.25^{\prime \prime} \mathrm{W}$.
> Base height is $40.75^{\prime \prime} \mathrm{H}$ ( $42^{\prime \prime} \mathrm{H}$ with top).
> End bases are $15^{\prime \prime}$ from ends of conference top.
> One column of each base contains a knock-out routing hole. Routing hole covers are available. See page 94. Cables can also route from the trough to the floor using cable managers. See page 94.
> Alkalign is not compatible with Ellipse Tops.
> Alkalign glass infills are back painted glass adhered to MDF wrapped in matching thermofoil. MDF is not visible.
> If perforated steel infill chosen, infill will be painted to match the base.

## Ordering Information:

> Must specify base assembly and infill kit. See steps 2 and 4 for infill materials and finishes.
> A freight fee of $\$ 150$ net is assessed on orders less than $\$ 1500$ net.
See page 11.

** 3 Ash-Clear Coat
** 4 Ash - Light Grey Stain (stained similar to Pale Brushstroke laminate)
** 5 Ash - Dark Grey Stain (stained similar to Storm laminate)
6 Rift Cut Oak - Clear Coat (stained similar to Scandi Rift Oak laminate)
7 Walnut-Clear Coat (stained similar to Pecan Walnut laminate)
X Stain Match (add a one-time $\$ 700$ list Stain Match fee)

## Ordering Information:

> Bases must be connected with structural beams, ordered separately (see next page)
> End Application bases should be inset $24^{\prime \prime}$ from end of table top.
> Bases must be same depth ( 18 ", 24 ", 30 ", or 36 "). 5 " W and 12 " W can be used under the same table.
> Use 12" base when power/data in table top is directly over the base.
> Two bases required for tables up to 168". Three bases required for tables 180"-240".
> Where required, the third "center application" base must be centered ( $+/-12$ ") under the table.
> Optional bases can be added for cable management (e.g. when a power/data unit or the floor power monument is in the center of a two base table).
> Trough covers are available to conceal equipment and hide wiring \& cabling. See chart on page 101.
> Tops are ordered separately.
> Concurrence bases ship assembled.
> For number of bases required per table size and recommended base locations, see page 24.
> A freight fee of $\$ 150$ net is assessed on orders less than $\$ 1500$ net. See page 11.

## Cable Management

EMPDT29^ Steel Rectangle Legs with Power/Data Holes, 29"H \$387
EMPDT36^ Steel Rectangle Legs with Power/Data Holes, 36"H \$468
EMPDT42^ Steel Rectangle Legs with Power/Data Holes, 42"H \$548
Tip: If option E or H is chosen in step 1 , steel leg will need to be placed on the outside of the shelf.

## Power/Data Unit Undertable Power/Data Concealing Cover

LNPDTA Undertable Cover A, Black \$321

Tip: Use on all Enwork power/data units except Oasis, Ellora Deep Well, and Alexander

LNPDTB Undertable Cover B (used on 15" Oasis), Black \$321
Tip: Use on Oasis 15" power/data units

STEP 1
$\left.{ }^{( }\right)$Paint Suffix List
S Silver (textured)
R Black (textured)
G Storm (textured)
T Medium Tone (textured)
W Arctic White (textured)
Z Other (textured)
TBD
Tip: For other available colors, contact designteam@enwork.com

Tip: Bases \& Cantilever Top Supports can be ordered different paint colors for two-tone effect.

## Product Specification:

> Bases support conference tops $36^{\prime \prime}-54^{\prime \prime} \mathrm{D}$ and all $60^{\prime \prime} \mathrm{D}$ tops except solid surface and quartz.
> Bases for solid surface and quartz 60 " D tops and $66^{\prime \prime}-72^{\prime \prime} \mathrm{D}$ tops see page 114.
$>29^{\prime \prime} \mathrm{H}$ bases have a footprint of $26^{\prime \prime} \mathrm{W} \times 16^{\prime \prime} \mathrm{D} .42^{\prime \prime} \mathrm{H}$ bases have a footprint of $33^{\prime \prime} \mathrm{W} \times 16^{\prime \prime} \mathrm{D}$.
Ordering Information:
> Bases require Cantilever Top Supports, ordered separately.
> Bases are ordered in multiple pieces for design and paint color flexibility.
> Base must bolt to a $4^{\prime \prime}$ concrete floor. Fasteners provided.
> Power data units are housed between cantilever supports. Ordered separately.
Exception: Positioning for some power/data assemblies (e.g. Oasis) is limited due to base structure.
> Cantilever support trough covers provided to conceal power and cable routing on solid design cantilevers (only).
> A freight fee of $\$ 150$ net is assessed on orders less than $\$ 1500$ net. See page 11.

## Seated Height Equilibrium Inverse V Base, 29"H

| EQV296^ | Inverse V Base (only), for $36-* 60 " D \times 84-144^{\prime \prime} W$ tops with Centered Cantilever Supports | $\$ 11,813$ |
| :--- | :--- | :--- | :--- |
| EQV298^ | Inverse V Base (only), for $36-* 60 " D \times 156-240 " W$ tops with Centered Cantilever Supports | $\$ 12,097$ |
|  | and 36-*60"D $\times 120-192^{\prime \prime}$ W tops with Offset Cantilever Supports |  |

Tip: Inverse V bases include magnetic inner cable management covers.
Two of 4 inner covers have a mousehole for cord pass through.
Tip: Bases require Cantilever Top Supports, ordered separately.
Standing Height Equilibrium Inverse V Base, 42" H

| EQV426^ | Inverse V Base (only), for $36-* 60 " D \times 84-144 " W$ tops with Centered Cantilever Supports | $\$ 13,079$ |
| :--- | :--- | :--- | :--- |
| EQV428^ | Inverse V Base (only), for $36-\star 60 " D \times 156-240 " W$ tops with Centered Cantilever Supports | $\$ 13,386$ |
|  | and $36-* 60 " D \times 120-192^{\prime \prime}$ W tops with Offset Cantilever Supports |  |

Tip: Inverse V bases include magnetic inner cable management covers.
Two of 4 inner covers have a mousehole for cord pass thru.
Tip: Bases require Cantilever Top Supports, ordered separately.

Seated Height Equilibrium Triangle Base, 29"H
EQT296E^ Triangle Base (only), for 36-*60"D x 84-144"W tops with Centered Cantilever Supports
EQT298E^ Triangle Base (only), for 36-*60"D x 156-240"W tops with Centered Cantilever Supports and $36-* 60 " D \times 120-192^{\prime \prime}$ W tops with Offset Cantilever Supports

Tip: Triangle base includes one set of magnetic cable management covers.
Tip: Base is open in the middle. End covers fully enclose the base,
concealing hardware, technology, and floor monument.
Tip: Bases require Cantilever Top Supports, ordered separately.

> * Bases on this page support all $60 " \mathrm{D}$ tops except solid surface and quartz tops. For bases that will support $60^{\prime \prime}$ solid surface and quartz tops, see page 114 .

## Disclaimer

Equilibrium tables must be installed directly onto a four inch minimum thickness concrete floor using factory provided hardware.

## Warning

- Failure to install on four inch thick concrete floor or failure to follow instruction may cause table to function improperly and could lead to personal injury and or structural damage.
- Equilibrium assembled can weigh between 350 and 1,700 pounds depending on configuration and is supported in a three and a half square foot area. It is the responsibility of the dealer and or end user to determine if the installation location for Equilibrium is suitable.
- Enwork is not responsible for any structure failures or personal injuries due to improper installation or improper use of product.

## Note

Installation requires at least two people.

Z Other (textured)
Tip: For other available colors, contact designteam@enwork.com.

## Product Specification:

> Equilibrium Freestanding Plate can be used to anchor select Equilibrium bases without having to bolt them to the floor. Only works with EQV296, EQV298, EQT296E, and EQT298E with CENTERED cantilever supports. Is not compatible with EQV426, EQV428, EQV297, EQV299, EQT297E, and EQT299E bases or offset cantilever supports.
> Carpet can be placed over the plate to conceal it or under the plate.
> Freestanding Plate comes with set screw levelers in both black and zinc finishes that are installed on site.
> Freestanding Plate ships in two pieces that are $15^{\prime \prime} \mathrm{D} \times 55^{\prime \prime} \mathrm{W} \times 0.5^{\prime \prime} \mathrm{H}$. Final foot print once installed is 30 " $\mathrm{D} \times 55^{\prime \prime} \mathrm{W}$.
> Contains a 12 " $\times 12^{\prime \prime}$ center cutout to allow access to a floor core.

## Ordering Information:

> Equilibrium base and cantilever supports sold separately.
> A freight fee of $\$ 150$ net is assessed on orders less than $\$ 1500$ net. See page 11.

Part Number Description

Equilibrium Freestanding Plate
EQFRP^ Freestanding Plate for Seated Height Conf Bases \& Centered Cantilevers

## Disclaimer

Must attach compatible Equibrium base to Equilibrium Freestanding Plate using factory supplied hardware.

Product Specification:
> Bases support round tops 36-84" diameter.
> Angled base for $60-84^{\prime \prime}$ round tops have a footprint of $8^{\prime \prime} \mathrm{W} \times 6$ " D . Angled base for $36-54^{\prime \prime}$ round tops have a footprint of $6 " \mathrm{~W} \times 3.5$ " D .
> Bases for $36-54^{\prime \prime}$ round tops have $5.875^{\prime \prime} \mathrm{D} \times 13.5^{\prime \prime} \mathrm{W} \times 3.5^{\prime \prime} \mathrm{H}$ power data clearance and will accommodate Axil, Ellora Single-sided, Node, and Ellora B units. Some unit orientation limitations may apply.
> Bases for $60-84^{\prime \prime}$ round tops have $9.875^{\prime \prime} \mathrm{D} \times 22^{\prime \prime} \mathrm{W} \times 3.75^{\prime \prime} \mathrm{H}$ power data clearance and will accommodate Alexander Linear, Axil, Ellora Single- and Double-sided, Node, and Ellora B units. Some unit orientation limitations may apply.

## Ordering Information:

> Angled bases for round tops include cantilevers
> Base must bolt to a 4" concrete floor. Fasteners provided.
> Removable covers provided to conceal power and cable routing for all bases.
$>$ A freight fee of $\$ 150$ net is assessed on orders less than $\$ 1500$ net. See page 11.

## Warning

- Failure to install on four inch thick concrete floor or failure to follow instruction may cause table to function improperly and could lead to personal injury and or structural damage.
- Equilibrium assembled can weigh in excess of 500 pounds depending on configuration and is supported in a 0.33 square foot area. It is the responsibility of the dealer and or end user to determine if the installation location for Equilibrium is suitable.
- Enwork is not responsible for any structure failures or personal injuries due to improper installation or improper use of product.

## Note

Installation requires at least two people.

X Other (textured)
Tip: Some Steelcase, Miller/Knoll, Haworth, and Allsteel paints are available for $\$ 1000$ list fee per order. Call/email for availability of specific colors. Additional custom paints (e.g. Tiger Dry Lac) must be quoted through designteam@enwork.com.

## Product Specifications:

$>$ Bases for $48^{\prime \prime}-60^{\prime \prime} \mathrm{D} \times 120^{\prime \prime}-240^{\prime \prime} \mathrm{W}$ are $9^{\prime \prime} \mathrm{W} \times 26^{\prime \prime} \mathrm{D}$. Bases for $48^{\prime \prime}-60^{\prime \prime} \mathrm{D} \times 264^{\prime \prime}-432^{\prime \prime} \mathrm{W}$ are $14^{\prime \prime} \mathrm{W} \times 26^{\prime \prime} \mathrm{D}$
$>$ Bases for $66^{\prime \prime}-72^{\prime \prime} \mathrm{D} \times 144^{\prime \prime}-240^{\prime \prime} \mathrm{W}$ are $9 " \mathrm{~W} \times 40^{\prime \prime} \mathrm{D}$. Bases for $66^{\prime \prime}-72^{\prime \prime} \mathrm{D} \times 264^{\prime \prime}-432^{\prime \prime} \mathrm{W}$ are $14^{\prime \prime} \mathrm{W} \times 40$ " D .
> All bases are 27.3"H.
> Bases have cable management vertically through the base and also horizontally (via removable cover). Bases also have a $6^{\prime \prime} \times 6$ " access hole (48-60" tops) or 8"x8" access hole (66-72"D tops).

## Ordering Information:

> A freight fee of \$150 net is assessed on orders less than \$1500 net. See page 11.

## Product Specifications:

> Base is 27.75 " H
> Optional aluminum trim is $1-1 / 4^{\prime \prime}$ wide

> All Bases in Base Kit include 1 removable door and levelers.
> Trough includes cable grippers for cable retention.
> Trough includes removable bottom panel.
> Braces are not required on tables with the Panel Base Kit.

## Ordering Information:

> Door kits for top access to trough are located on page 126

## $>$ A freight fee of $\$ 150$ net is assessed on orders less than $\$ 1500$ net. See page 11.

** See page 20 for color and grain variation.

## Product Specifications:

> Base height is 27.75"
> Bases include Levelers
> Optional aluminum trim is $1-1 / 4^{\prime \prime}$ wide
> Top and bottom of base are open for cable management. Panel Bases have a cable management cutout on both sides at the top.

## Ordering Information:

> Boat Tables require smaller (less deep) bases on ends than middle. See page 26 for recommendations.
> For number of bases required per table size and recommended base locations, see page 25.
> A freight fee of $\$ 150$ net is assessed on orders less than $\$ 1500$ net. See page 11.

7 Walnut-Clear Coat (stained similar to Pecan Walnut laminate)
X Stain Match (add a one-time $\$ 700$ list Stain Match $+10 \% * * *$ fee)
** See page 20 for color and grain variation *** $10 \%$ upcharge does not apply if a top with the same stain is included on the same purchase order.

Product Specifications:
> Foundation EX is part of the Enwork big table platform base collection (along with Expanse/Odyssey). The aesthetic and engineering is completely different than Foundation
> Bases are $10^{\prime \prime} \mathrm{W} \times 30^{\prime \prime} \mathrm{D}$ for $48^{\prime \prime}-60^{\prime \prime} \mathrm{D}$ tops and $10{ }^{\prime \prime} \mathrm{W} \times 44^{\prime \prime} \mathrm{D}$ for $66^{\prime \prime}-72^{\prime \prime}$ tops
$>$ All bases are $28^{\prime \prime} \mathrm{H}$.
> Bases are composed of internal steel supports with laminate/veneer surrounds
> Bases contain power/data access door and a 6 "x 6 " access hole in the bottom of base in the bottom to access floor core infeeds.
> Conference base assembles are post-form construction with no visible edgeband.
> Top support frame is painted

Tip: Height range is $29^{\prime \prime}-43^{\prime \prime}$ with $1.5^{\prime \prime}$ increments (including top).
Tip: Set-Screw Adjustable legs cannot accept the cable management cover.

## Product Specifications:

> Powerlex modesty includes scallops at the top of the modesty for cable management.
> Powerlex modesty includes one removable door (with fasteners) \& one locking hinged door. Modesty is non-handed and oriented at install.
> Powerlex modesty includes 4-wire power system with 3 duplex receptacles and jumpers. Infeed ordered separately.
> 27.75" H bases have a finished surface height of $29^{\prime \prime} \mathrm{H}$.
> See page 21 for Powerlex Grommet option, which can be specified in table top

## Ordering Information

$>$ Installation hardware is included
> Base Power Infeed must be specified with the base.
$>$ A freight fee of $\$ 150$ net is assessed on orders less than $\$ 1500$ net. See page 11.

| LCKS30722^ | C-Leg base with Powerlex Modesty, levelers, for 30 " 72 " top, Circuit 2 | \$3,206 |

Tip: Specify Base Power Infeed (see below).

## Routing Hole Covers

| WCVRB | Routing Hole Cover, Black | \$71 |
| :--- | :--- | :--- |
| WCVRS | Routing Hole Cover, Silver | $\$ 71$ |
| WCVRT | Routing Hole Cover, Medium Tone | $\$ 71$ |

Tip: Powerlex tables have routing holes on the inside of each foot as well as on the outside of each column where power is run from table to table. Routing hole covers can be ordered to cover any unused holes in the foot or at the end of a run.

Cable Cover

## CYCC^

Cable Cover
Tip: Optional cover that can be used to cover cables running between standard desks. Tip: Will result in $1 / 16^{\prime \prime}$ gap between tops. Installers may shift tops to resolve.

15 amp Receptacle

20 amp Receptacle

## Base Power Infeeds

A8BP72 Base Power Infeed for Hardwire, 72" \$209
A8BP120 Base Power Infeed for Hardwire, 120" \$252
A1BP72 Base Power Infeed for Right Angle (RA) Plug Circuit 1 (only), 72" \$297
A1BP120 Base Power Infeed for Right Angle (RA) Plug Circuit 1 (only), 120"
A1BPS72 Base Power Infeed for Straight Plug Circuit 1 (only), 72"\$328

A1BPS120 Base Power Infeed for Straight Plug Circuit 1 (only), 120" \$452
Tip: Power infeeds with plugs are not for use with circuit 2 Powerlex modesties
Tip: Use hardwire in feeds if UL listed (not recognized) is required.
Tip: Infeeds have a 20 amp plug end which requires a 20 amp wall receptacle. A plug adapter is required if using a standard 15 amp receptacle. The adapter is not included and must be purchased separately. Conntek 30129 15-Amp to 20-Amp Plug Adapters and similar are available through amazon.com and at many electrical supply houses.

## Product Specifications:

> Double support panels $(12 \mathrm{H})$ run the entire length of the top to hide power data units and cables. 24 " D tables have one support panel flush with back edge and one inset. All other depths have support panels that are centered.
> For 24"D tables, cable management options G, K, and C will be located center rear on the table.
> Tables with quartz and solid surface tops come with wire chase for structural support.
> Solid surface and quartz not available on 24"D or 30"D tables.
$>$ Solid surface and quartz options apply to top only. Laminate options must still be selected in Steps 5 and 6 .
> Tables 108" and longer have a center panel.
> Part number includes entire table (ie. top, sides, and structure)
> Optional footer bars are 7" from the ground.
> Great care is taken on 2-piece tops to match laminate wood grains as close as possible given the limitations of pattern, shape, laminate repeatability, and manufacturing tolerances.

A Polished Aluminum $+\$ 900$
G Storm no charge
$R$ Black no charge
S Silver
T Medium Tone no charge no charge no charge
W Arctic White
$X$ Other (call for quote)

## Product Specifications:

> Overall table height with top is 29.75 H H .
> Legs are solid wood; clear coat, stained or painted with precision aluminum detailing and top trim (finish of aluminum matches frame)
> Legs are tapered "D" shape. Leg profile dimension 1.75"D x 2.75"W at thickest point (top of leg) (Exception: standing height conference table base legs are 2.25"D x 3"W)
> Legs ship subassembled, frames ship unassembled.
> Conference Bases and larger "X" bases create a floating top aesthetic. They include stantions to create a 2.8" gap between top and frame. Touchdown tables, Occasional tables and small " X " bases attach directly to the frame.
> Base works on rectangle and rounded rectangle top shapes.
> Frame is aluminum; painted or polished.
> Bases support laminate and veneer tops only. For glass and $0.25^{\prime \prime}$ quartz tops order add-on struts. 0.75 " quartz tops are not compatible with Ligouri. See page 155.

## Ordering Information:

> Tops are ordered separately
> Vertical cable management and Power/Data under-table covers are ordered separately. See page 155

** See page 20 for color and grain variation.

## Product Specifications:

> Overall table height with top is 29.75 H H .
> Legs are solid wood; clear coat, stained or painted with precision aluminum detailing and top trim (finish of aluminum matches frame)
> Legs are tapered "D" shape. Leg profile dimension 1.75"D x 2.75"W at thickest point (top of leg) (Exception: standing height conference table base legs are 2.25 " $\mathrm{D} \times 3 \mathrm{~W} \mathrm{~W}$ )
> Legs ship subassembled, frames ship unassembled
> Conference Bases and larger "X" bases create a floating top aesthetic. They include stantions to create a 2.8 " gap between top and frame. Touchdown tables, Occasional tables and small "X" bases attach directly to the frame.
> Base works on rectangle and rounded rectangle top shapes.
> Frame is aluminum; painted or polished
> Bases support laminate and veneer tops only. For glass and 0.25 " quartz tops order add-on struts. $0.75^{\prime \prime}$ quartz tops are not compatible with Ligouri. See page 155.

## Ordering Information:

> Tops are ordered separately.
> Vertical cable management and Power/Data under-table covers are ordered separately. See page 155.
$>$ A freight fee of $\$ 150$ net is assessed on orders less than $\$ 1500$ net. See page 11.

## Product Specifications:

> Overall table height with top is $29.75^{\prime \prime} \mathrm{H}$ for seated height and 42 " H for standing height.
> Legs are solid wood; clear coat, stained or painted with precision aluminum detailing and top trim (finish of aluminum matches frame)
$>$ Legs are tapered "D" shape. Leg profile dimension $1.75^{\prime \prime} \mathrm{D} \times 2.75^{\prime \prime} \mathrm{W}$ at thickest point (top of leg)

## COORDINATING FURNITURE

See pages 241-246,
250-259 for coordinating
Ligouri furniture.
> Legs ship subassembled, frames ship unassembled.
> Conference Bases and larger " X " bases create a floating top aesthetic. They include stantions
to create a 2.8 " gap between top and frame. Touchdown tables, Occasional tables and small "X" bases attach directly to the frame.
> Base works on rectangle and rounded rectangle top shapes.
> Frame is aluminum; painted or polished.

## Ordering Information:

> Tops are ordered separately.
> Vertical cable management and Power/Data under-table covers are ordered seperately. See page 155
> A freight fee of $\$ 150$ net is assessed on orders less than $\$ 1500$ net. See page 11.

Tip: Some Steelcase, Miller/Knoll, Haworth, and Allsteel paints are available for $\$ 1000$ list fee per order. Call/email for availability of specific colors Additional custom paints (e.g. Tiger Dry Lac) must be quoted through designteam@enwork.com.

## Product Specifications:

> Bases are $24^{\prime \prime} \mathrm{W} \times 18^{\prime \prime} \mathrm{D}$.
> Bases for rectangle tops are $27.6^{\prime \prime} \mathrm{H}$. Bases for freestanding round tops are $27.5^{2} \mathrm{H}$. Bases for floor anchored round tops are 27.3"H.
> Bases are composed of steel structure with fiberglass surrounds. Fiberglass has a high-gloss finish.
> Bases for rectangle tops include one base with a 6"x6" power/data magnetic access panel in the fiberglass surround and one base without an access panel. Bases for round tops have an optional magnetic access panel. See Step 1.
> Table bases for round tops (only) are available as freestanding or floor anchored. Floor anchored bases must be anchored to a 4" thick concrete floor. Hardware provided
> Freestanding bases for round tops have a round 48 " diameter steel plate that ships in two pieces. It is $0.5^{\prime \prime}$ thick. Carpet can be placed over the plate to conceal it or under the plate.
> Bases have a $6^{\prime \prime} \times 6^{\prime \prime}$ access hole in the bottom to access floor infeeds located beneath the base.
> Odyssey bases for round tops (only) have a 4" 48 " clearance for power data units and will accommodate Axil and Node units. Odyssey bases for rectangle tops can accomodate all Enwork standard power units between the steel beams.

Tip: Bases for round tops (only) must be floor anchored to a 4" thick concrete floor. Hardware provided.

Disclaimer: Floor anchored Odyssey tables for round tops must be installed directly into a 4-inch minimum thickness concrete floor using factory-provided hardware.

Warning: Failure to install on 4-inch thick concrete floor or failure to follow instruction may cause table to function improperly and could lead to personal injury and/or structural damage. It is the responsibility of the dealer and/or end user to determine if the installation location for Odyssey Table Bases for Round Tops is suitable. Enwork is not responsible for any structure failures or personal injuries due to improper installation or improper use of product.

## Product Specifications:

> Tapered rounds are available in veneer and solid laminate only
> Diameter dimension is the flat surface at the top. Actual dimensions at the bottom are 4" larger than at the top for tables without a shelf. Taper round coffee table with shelf (DPBP3617) has dimensions of 24" diameter at top, 30" at bottom and 36 " on shelf. Tapered round end table with shelf (DPBP2421) has dimension of $12^{\prime \prime}$ diameter at top, $18^{\prime \prime}$ at bottom and $24^{\prime \prime}$ on shelf.
> 2"H tapered painted plinth at bottom is optional.
> Corner radius on squares and hexagons is 2.5".
> Optional power unit with one plug, one USB A+C, and a 72" plug infeed. Available on top of all tables or on the side on square and hexagon tables. See step 2.
> Optional power unit is grey for squares and hexagons. Power unit is silver with black outlets for round and guitar pick tables.

## Product Specifications:

$>$ Tables nest in-line. Nested, each table is 7-1/2" between front of one table to front of next table
> Overall height is $29^{\prime \prime} \mathrm{H}$ (special heights not available).
$>$ Foot is $23.5^{\prime \prime}$ deep, utilized on both $24^{\prime \prime}$ and $30 " \mathrm{D}$ tables. Ritz is not available with 18 " or 36 " D tops
> The dimension between legs (knee space) is: $39.5^{\prime \prime}$ for $48^{\prime \prime} \mathrm{W}$ tops, $51.5^{\prime \prime}$ for $60 " \mathrm{~W}$ tops, $63.5^{\prime \prime}$ for $72^{\prime \prime} \mathrm{W}$ tops, $75.5^{\prime \prime}$ For $84^{\prime \prime} \mathrm{W}$ tops, and $87.5^{\prime \prime}$ for $96^{\prime \prime} \mathrm{W}$ tops
> Top is rectangular. Other top shapes and edge options are available, contact designteam@enwork.com.
> Underside of worksurface is black HPL.
> Knife edge is on user side only, all other sides are 3mm. Undercut of knife edge is clear-coated MDF. 3 mm edge tops have 3 mm edge on all sides
> Mechanism is black and is fully assembled.
> Table legs and top are connected to the mechanism in the field.
> Top locks in both the flat and flipped up positions for safety
> Includes locking casters.

Product Specifications:
U.S. Patents No. DS875,449
> Angled leg flip tables nest in-line. Straight leg flip tables nest off-set. Nested, both leg styles have $7-1 / 2^{\prime \prime}$ between front of one table to front of the next table.
> Straight foot depth is approximately $18^{\prime \prime}$ for $18^{\prime \prime}$ D flip tables, $22^{\prime \prime}$ for $24^{\prime \prime}$ D flip tables, and $28^{\prime \prime}$ for $30 " \mathrm{D}$ flip tables.
$>$ Table height is $29^{\prime \prime} \mathrm{H}$. For shorter height flip tables, put X in front and add \$118 list. Shortest worksurface height is $21^{\prime \prime} \mathrm{H}$ For taller height flip tables, put XX in front and add \$118 list. Maximum worksurface height is $42^{\prime \prime} \mathrm{H}$.
> Cable troughs are available. See page 178.
> Locking casters included.

## Ordering Information:

> Standard height is $27.75^{\prime \prime}$. T-Leg (straight) flip tables $24^{\prime \prime} \mathrm{D}-36$ " D are available at taller heights. Put " XX " in front of the part number and add $\$ 118$ list. Maximum worksurface height is $42^{\prime \prime}$.
> Installation hardware is included.
> For a standard pivoting modesty solution for 30/36" Zori flip bases, specify a 6" narrower modesty for straight legs. Alternatively, for a full width modesty, a shortened 7"H modesty ia available at no charge. Put an X in front of the part number and freeform **7" $\mathrm{H}^{* *}$ in the description. See page 281 for pivoting modesties.
> Flip tables include Top with 3mm edge or knife edge on user side
> Polished finish columns have a black crossbeam. For all other paint colors, crossbeam is painted to match.
> Polished aluminum foot trim available for paint (non-polished) feet. See Step 4.
> A freight fee of $\$ 150$ net is assessed on orders less than $\$ 1500$ net. See page 11.

## Product Specifications:

> Angled leg flip tables nest in-line. Straight leg flip tables nest off-set. Nested, both leg styles have 7-1/2" between front of one table to front of the next table
> Angled foot depth is approximately $21^{\prime \prime}$ for 24 "D flip tables, and 27 " for 30 "D flip tables.
$>$ Table height is $29^{\prime \prime} \mathrm{H}$. For shorter height flip tables, put X in front and add $\$ 118$ list. Shortest worksurface height is $21^{\prime \prime} \mathrm{H}$.
> Cable troughs are available. See page 178.
> Locking casters included.

## Ordering Information:

> Installation hardware is included.
> A special 7"H hinged modesty panel, or a narrower width, are recommended for use with all angled and 30 "D and 36 "D straight Zori flip bases to avoid potential paint scratches on the feet. Contact designteam@enwork.com for more details.
> Polished finish columns have a black crossbeam. For all other paint colors, crossbeam is painted to match.
> Flip tables include Top with 3mm edge or knife edge on user side
> Polished aluminum foot trim available for paint (non-polished) feet. See Step 4
> A freight fee of $\$ 150$ net is assessed on orders less than $\$ 1500$ net. See page 11.

## Zori X-Bases with Levelers

CYXSLF@^ $\quad$ - Base, levelers, for $24^{\prime \prime}$ round table ( $21^{\prime \prime} \times 21^{\prime \prime}$ spread) \$734
CYXSLG@^ X-Base, levelers, for 30-36" round or 24-30" square table ( $27^{\prime \prime} \times 27^{\prime \prime}$ spread) \$765
CYXSLH@^ X-Base, levelers, for 42" round or 36" square table ( $33^{\prime \prime} \times 33^{\prime \prime}$ spread) \$780

## 

Zori X-Bases with Levelers and Power/Data Top Plate
CYXSLA@^ $\quad$ - Base, levelers, for $24^{\prime \prime}$ round table ( $21^{\prime \prime} \times 21^{\prime \prime}$ spread) \$760
CYXSLB@^ X-Base, levelers, for 30-36" round or 24-30" square table ( $27^{\prime \prime} \times 27^{\prime \prime}$ spread) \$790
CYXSLC@^ X-Base, levelers, for 42" round or 36" square table ( $33^{\prime \prime} \times 33^{\prime \prime}$ spread) \$808
Tip: Top plate can accommodate the Axil, Node, Ellora B and Single-Sided Ellora power data units.

## Zori X-Bases with Casters

CYXSCA\&@^ X-Base, casters, for $24^{\prime \prime}$ round table ( $21^{\prime \prime} \times 21^{\prime \prime}$ spread) \$811
CYXSCB\&@^ X-Base, casters, for 30-36" round or 24-30" square table ( $27^{\prime \prime} \times 27^{\prime \prime}$ spread) \$836
CYXSCC\&@^ X-Base, casters, for 42" round or 36 " square table ( $33^{\prime \prime} \times 33^{\prime \prime}$ spread) \$855

## $\underset{\sim}{\infty}$

Zori X-Bases with levelers - Bar Height
CYXBLA@^ X-Base, bar height, levelers, for $24^{\prime \prime}$ round table ( $21^{\prime \prime} \times 21^{\prime \prime}$ spread) \$830
CYXBLB@^ X-Base, bar height, levelers, for $30-36^{\prime \prime}$ round or $24^{\prime \prime}-30^{\prime \prime}$ square table ( $27^{\prime \prime} \times 27^{\prime \prime}$ spread) \$858
CYXBLC@^ X-Base, bar height, levelers, for 42" round or $36^{\prime \prime}$ square table ( $33^{\prime \prime} \times 33^{\prime \prime}$ spread) \$875

## Zori X-Bases with Levelers and Power/Data Top Plate - Bar Height

CYXPDBLA@^ X-Base, bar height, levelers, for $24^{\prime \prime}$ round table ( $21^{\prime \prime} \times 21^{\prime \prime}$ spread) \$898
CYXPDBLB@^ X-Base, bar height, levelers, for $30-36^{\prime \prime}$ round or $24^{\prime \prime}-30^{\prime \prime}$ square table ( $27^{\prime \prime} \times 27^{\prime \prime}$ spread) \$925
CYXPDBLC@^ X-Base, bar height, levelers, for 42" round or $36^{\prime \prime}$ square table ( $33^{\prime \prime} \times 33^{\prime \prime}$ spread) \$942
Tip: Top plate can accommodate the Axil, Node, Ellora B and Single-Sided Ellora power data units.

## Zori Flip X-Bases on Casters

$\begin{array}{lr}\text { CYFXSCA\&@^ Flip X-Base, casters, for 24" round table (21" } \times 21^{\prime \prime} \text { spread) } & \$ 996 \\ \text { CYFXSCB\&@ Flip X-Base, casters, for } 30-36^{\prime \prime} \text { round table ( } 27^{\prime \prime} \times 27^{\prime \prime} \text { spread) } & \$ 1,034\end{array}$
Zori 4-Post X-Bases on Levelers
CY4XSLC?@^ 4-Post X-Base with levelers, for 54" one piece round top, or 48" square table \$1,510
( 41 " $\times 41^{\prime \prime}$ spread)
CY4XSLA?@^ 4-Post X-Base with levelers, for 60"-66" one piece round top, or $54^{\prime \prime}$ - $60^{\prime \prime}$ square table $\$ 1,554$
( $45.5 " \times 45.5$ " spread)
CY4XSLB?@^ 4-Post X-Base, levelers, for 72"-84" 2-piece round table or 66"-72" square table \$1,768
( $58.25^{\prime \prime} \times 58.25^{\prime \prime}$ spread)
Tip: For shorter heights put " $X$ " in front of the part number and add \$236 list.
For taller, put " XX " in front and add $\$ 236$ list. Maximum worksurface height is 42 ".

## Zori 6-Post Hex-Bases on Levelers

CY6XSLA?@^ 6-Post Hex-Base, levelers, for $96 "-108$ " round table ( 63 "x ${ }^{\prime \prime}$ " ${ }^{\prime \prime}$ spread)
\$2,631
CY6XSLB?@^ 6-Post Hex-Base, levelers, for $120^{\prime \prime}$ round and hexagon table ( $75^{\prime \prime} \times 87^{\prime \prime}$ spread)
\$2,800

Tip: For shorter heights put " $X$ " in front of the part number and add \$354 list. For taller, put " XX " in front and add $\$ 354$ list. Maximum worksurface height is 42 ".

## Product Specifications:

> Powerlex modesty includes scallops at the top of the modesty for cable management.
$>$ Powerlex modesty includes one removable door (with fasteners) \& one locking hinged door. Modesty is non-handed and oriented at install.
> Powerlex modesty includes 4-wire power system with 3 duplex receptacles and jumpers. Infeed ordered separately.
> Powerlex modesty contains four data jack openings
> 27.75 " H bases have a finished surface height of $29^{\prime \prime} \mathrm{H} .30 .75 \mathrm{H} \mathrm{H}$ bases have a finished surface height of 32 " H for wheelchair accessibility.
> See page 21 for Powerlex Grommet option, which can be specified in table top

## Ordering Information:

> Installation hardware is included.
> A freight fee of $\$ 150$ net is assessed on orders less than $\$ 1500$ net. See page 11.

## Product Specifications:

> Desk height is $30 " \mathrm{H}$ (with top).
> Inner and outer back panels are laminate. Tops are laminate with a 3mm edge
> Monitor Lift Tables available with LH or RH laminate end panels if desired for aisle applications
> Monitor mounts accept monitors that adhere to the $75 / 100 \mathrm{~mm}$ VESA Mounting Standard.
> Includes storage tray for keyboard and mouse, under monitor.
> Monitors rise by activating switch at station, or with handheld remote control (sold separately).
$>$ Maximum monitor size $25.6 " \mathrm{~W} \times 20.3^{\prime \prime} \mathrm{H} \times 3.25$ " D (includes VESA bracket adapter). Maximum monitor weight is 40 lbs .
> Interior components are black.
> Plug strips, data lines, jumpers, and infeeds are stored within laminate case.
> Surface mount convenience outlets specified separately.

## Notes

## Choosing Power, Data, \& Telecom Solutions

We make it easy to choose the right Power/Data assembly, assuring you have a highly functional yet cost effective solution. With a little bit of planning, empowering a table or a large training room can be simple - usually without the added complexity and expense of a technology integrator. Listed below are planning tips to help assure an impressive, productive installation.

Step 1 - Determine the number of power outlets needed.
Based on the size of the table and type of space, determine how many users might need power.
Tip: If the table will be used continuously for long periods of time, users will need to plug in their laptops. If so, a higher number of outlets may be needed.

Step 2 - Determine the number and type of datacom connections needed.
Which systems require physical connections? If the room or facility has a wireless network, fewer will be needed.

Step 3 - Determine which Power/Data unit best fits your requirements. Use the Conference and Training/Teaming charts as well as the detailed assembly descriptions in this Price List to compare capabilities and features. Be sure to review the datacom options available for each assembly.

Data Options - Each unit is marked with an $\boldsymbol{\Delta}$ or to identify the category of datacom options available. Both types can meet most needs, but if you have diverse or unusual needs, assemblies with a have a wider variety of options available.

A : Power/Data units in this category come standard with data openings and a Voice/Data Adapter kit. Adapters from the kit are used to install jacks or couplers (ordered separately from Enwork or supplied by the customer) into the data openings of the power/data unit. Voice/data options are punch down. Audio/video options are inline.

- Power/Data units in this category come standard with datacom plate openings. Datacom plates must be ordered from Enwork or openings can be left empty. Datacom plates can be configured to include multiple voice, data, audio and video solutions. Voice/data options are punch down. Audio/ video options are inline.

Tip: Two or more smaller units can provide better user access on longer conference tables. When using multiple units, it is often easier and more convenient if power cords can be combined. Some assemblies can be daisy-chained together under the table. In other cases a UL listed power strip under the top or hidden in a base becomes the consolidation point, reducing the number of cords that need to be routed to the floor.

Tip: Some units are one-sided, others are two-sided. For the same number of outlets, a single two-sided unit will be lower cost than two one-sided units.

Tip: Be sure you understand how power and cabling will be routed from the building into the space and to the table(s).

Tip: To select an appropriate in-feed, determine if power will be coming from an outlet or hard-wired to the building. Hardwiring also allows the possibility of multi-circuit power within a table or series of interconnected tables. Note that only some units can be hardwired.

Tip: If power needs to run from one table to the next, look for units that can be daisy-chained. If connected tables will be re-configured into alternate set-ups, then units with non-sequential daisy-chaining are often the best solution.

Step 4 - Determine the location and orientation of the Power/Data units in the table top. The position of units in a table is important because it affects both access from different seating positions as well as the ease with which power and data can be routed from the building into the table.

| TOPS |
| :---: |
| BASES |
| POWER |
| DATA |
| SUPPORT |
| FURNITURE |
| ACCESSORIES |

Tip: For smaller tables, a single unit in the center is the most common solution. For tables longer than $96{ }^{\prime \prime}$, multiple and/or two-sided units provide more convenient user access.

Tip: One-sided units typically open towards the end of a table. Two-sided units typically open towards the long sides of a table.

Tip: Multiple units are often spaced equally along the length of the table or positioned near the ends of the table, typically 20-24" in from the edge.

Tip: Positioning one or more units just next to legs or bases usually makes it easier to keep everything hidden. Placing assemblies directly over legs or bases requires special attention to assure there is no physical interference-contact designteam@enwork.com.

Tip: Refer to the Conference Table Power/Data Standard Cut-outs page in this Price List to see different positioning options.

Step 5 - Don't forget to order accessories
Cable Grippers, Cable Managers, and other accessories help keep all the wires and cables organized and out of sight. See page 230 for available options.

## Disclaimer

Equilibrium credenzas must be installed directly onto a four inch minimum thickness concrete floor using factory provided hardware.

## Warning

- Failure to install on four inch thick concrete floor or failure to follow instruction may cause table to function improperly and could lead to personal injury and or structural damage.
- Equilibrium credenza assembled can weigh in excess of 400 pounds depending on configuration and is supported in a 0.17 square foot area. It is the responsibility of the dealer and or end user to determine if the installation location for Equilibrium credenza is suitable.
- Enwork is not responsible for any structure failures or personal injuries due to improper installation or improper use of product.

## Note

Installation requires at least two people.

## Product Specifications:

> Shelving units have floating shelves and come fully assembled. The top has a $1^{\prime \prime}$ radius and shelves have a $1.5^{\prime \prime}$ radius corners.
> Shelving units are $17^{\prime \prime} \mathrm{D} \times 36^{\prime \prime} / 48^{\prime \prime} \mathrm{W}$ overall. Individual shelves are $14^{\prime \prime} \mathrm{D} \times 32^{\prime \prime} / 44^{\prime \prime} \mathrm{W}$
$>$ We recommend shelving units be ganged, floor mounted, or attached to a wall for security. However, shelving units pass BIFMA testing without stabilizing.
> Cabinet is non-locking.
> Shelves and cabinet are laminate.

## Universal Lockers

## Product Specifications:

$>$ Lockers are 18 " W (interior width of $16.5^{\prime \prime}$ ). They are available in $18^{\prime \prime} \mathrm{D}$ or $24^{\prime \prime} \mathrm{D}$ (interior depths of $16.5^{\prime \prime}$ or $22.5^{\prime \prime}$ ). Heights vary depending on configuration.
> Optional feet are available and add $6^{\prime \prime}$ to the overall height of the unit. Ash feet are clear coated (no stain).
> 1-high $52^{\prime \prime} \mathrm{H}$ \& $66^{\prime \prime} \mathrm{H}$ units and 2-high $66^{\prime \prime} \mathrm{H}$ units come with two bag hooks installed per locker. All other units do not come with bag hooks.
> Arc and bar pulls are brushed aluminum, Ligouri pulls are painted.

## Ordering Information:

> Ships as 1-wide units. Shared top and base are attached at installation.
> Standard locks require a master key to open if user loses key. See page 384.
> Electronic locks require a manager key and programming key to reset lock if code is forgotten. Both are ordered separately. See page 384.
> Mechanical locks require a manager key and reset tool to reset lock if code is forgotten. Both are ordered separately. See page 384.
> A freight fee of \$150 net is assessed on orders less than \$1500 net. See page 13.

A Formica Chelsea Maple (9238-58)
E Formica Zen Grey (9243-58)
F Formica Black (909-58)
G Formica Graphite (837-58)
H Formica Ceruse Gray Walnut (6994-26)
K Formica Aged Ash (8844-WR)
L Formica Formal Walnut (5782-NG)
M Formica Classic White (9244-58)
Q Formica Inked Oak (5792-PG)
W Formica Brite White (459-58)
$X$ Formica Non-Premium (58,43, MC, SP, $+\$ 264$ and NT finishes), Formica Premium (WR, $-26,42,46,77$, RD finishes), Wilsonart Non-Premium ( $-38,-60$ ), and Wilsonart Premium (-07, $-12,-16,-18,-28,-52,-78)$
Z Pionite Non-Premium, Nevamar Non-Premium, and Formica 459-90 Brite White whiteboard laminate
Wilsonart virtual design library Y series laminates, Wilsonart Solicor, and Formica ColorCore2, and traceless laminates are not included in the above upcharges. For pricing, contact designteam@enwork.com

## STEP 1 (Perforated Metal Panel \&

## LRFT2 Only)

$\left.{ }^{( }\right)$Paint Suffix List
G Storm
R Black
S Silver
T Medium Tone
W Arctic White
X Other (call for quote)
TBD
Tip: Some Steelcase, Miller/Knoll, Haworth, and Allsteel paints are available for $\$ 500$ list fee per order. Call/email for availability of specific colors. Additional custom paints (e.g. Tiger Dry Lac) must be quoted through designteam@enwork.com.

## Product Specifications:

> Cubby units include a 2 " H cushion that is always $18^{\prime \prime} \mathrm{D}$
> Cubby units are to be placed between sets of lockers and share feet with lockers. For freestanding cubbies, feet are ordered separately.

## Ordering Information:

> Cubby part number is dependent on Universal Locker depth and foot option.
> Perforated metal panel part number is dependent on Universal Locker height and foot option.
> A freight fee of $\$ 150$ net is assessed on orders less than $\$ 1500$ net. See page 11.
Universal Locker Perforated Metal Panel for Seat Cubby

| LRPPN52^ | Panel for Seat Cubby with 52"H lockers and no feet | $\$ 2,704$ |
| :--- | :--- | :--- |
| LRPPN66^ | Panel for Seat Cubby with 66"H lockers and no feet | $\$ 2,704$ |
| LRPPF52^ $^{\wedge}$ | Panel for Seat Cubby with 52"H lockers and feet | $\$ 2,704$ |
| LRPPF66^ $^{\wedge}$ | Panel for Seat Cubby with 66"H lockers and feet | $\$ 2,704$ |

Feet for Freestanding Seat Cubby with Cushion

| LRFT1 | Angled Ply Wood Feet, Clear Coated, 6"H, Pkg of 4 | $\$ 459$ |
| :--- | :--- | :--- |
| LRFT2^ $^{\wedge}$ | Aluminum Square Legs, 6"H, Pkg of 4 | $\$ 306$ |

Universal Locker Mechanical Lock Keys
LRMMKEY Mechanical Manager Key

Tip: Used to open locker when code is set.

LRMRESET Mechanical Reset Key

Tip: Used to reset locker code when code is forgotten

## Universal Locker Electronic Lock Keys

LREMKEY Electronic Manager Key

Tip: Used to open locker code when code is set

LREPKEY Electronic Programming Key

Tip: Used to reset locker code when code is forgotten

Universal Locker Standard Lock Keys
LRMASTER Standard Lock Master Key

## Ambition Planning - Options to Complete your Application

## Planning - Freestanding Tables

Leg placement of freestanding tables may vary to accommodate Ambition Beam supports where necessary.
Alternatively, low-profile T-Leg Beam supports can be used, allowing freestanding tables to be positioned on top of the low profile foot with the levelers adjusted accordingly.

Height-Adjustable Options

- Solano: Set-Screw, Fast Crank,
- Proxi

End Supports:

## Fixed Height Options

- Impression: T-, C-, Straight , O-Legs
- Sawhorse
- Sensation: T-, C-, Straight, Y-Legs
- Solano: T-, C-Legs
- Tubular: T-, C-, Straight Legs
- Zori: T-, C-, Straight, Y-Legs

## Planning-Storage

## Universal Mobile Peds \& Apex Metal Storage

- Universal Mobile peds, including Skinny (12" mobile peds) with side drawer pulls are found on page 381.
- Universal Apex Steel Mobile Peds, Fixed Peds, etc. are found on page 380
- Cushions available

## Universal Landscape Storage

- 4-types available: Steel Box/Files, Bookcases, and Personal Towers
- Include Laminate Tops
- 20 " H x 18 " D
- Cushions available
- Available on page 379.

## Universal Steel Storage

- Box Laterals and Bookcases
- 21.5"Hx 18"D
- Available on page 469.

## Universal Laminate Mobile Boxcar Storage

- Ped/Bookcase combination
- LH and RH orientation available
- $18^{\prime \prime} \mathrm{D}, 23.75^{\prime \prime} \mathrm{H}$; available 30 " or $36^{\prime \prime} \mathrm{W}$
- Available on page 381.
