## CONCENTRATED ALKALINE STRIPPER

### Product Properties

COLOR: Colorless  
ODOR: Butyl  
pH: 13.5  
VISCOSITY: 10 cps  
SPECIFIC GRAVITY: 1.04  
FOAMING: Low  
DETERGENCY: Excellent

### Description

This super strength stripper completely removes the toughest finish buildups - fast! Combining alkaline strength with solvent power, this product strips away multiple layers of "burnished in" finish that can take ordinary strippers several applications to remove. Use where extreme conditions require extraordinary stripping action.

### Features...Benefits

Concentrated .....	Economical
Fast Acting .....	Labor Saving
Complete Finish Removal .....	Labor Saving
Versatile .....	Ease of Use
Powerful Formula .....	Improved Performance

### Directions

STRIPPING: Dilute with hot water at 12 oz. per gallon. Apply solution liberally to floor surface. NOTE: Increasing solution strength will decrease stripping time. Allow to penetrate and soften finish, then scrub with stripping pad. Add more solution as necessary - do not let loosened finish dry on floor. Pick up with wet vac or mop. Rinse with clear water twice or with a neutralizing solution. Allow to dry completely before finishing.

### Safety Information

KEEP OUT OF REACH OF CHILDREN

WARNING: May cause burns to eyes and skin. Harmful if swallowed. Avoid contact with eyes and skin. In case of contact with eyes, flush with water for 15 minutes. Seek medical attention. In case of contact with skin, wash with soap & water and seek medical attention if irritation persists. If swallowed, drink plenty of water and seek medical attention.
