Finishes (continued)

FairShield+ Upholstery Finishes

FairShield+ topcoat (available on upholstery finishes only) offers enhanced chemical, moisture, mar and scratch resistance; ideal for high-use commercial environments or the every-day wear and tear of residential environments. The clear top-coat conversion varnish forms a chemically cross-linked barrier that is more resistant to wear and abrasion and is more impervious to moisture and commercial cleaning materials. FairShield+ is also formulated with UV inhibitors to reduce the harmful effects of sunlight and features silver ion technology (antimicrobial agent) to help preserve the finish and protect it against mold, mildew, fungus and odor-causing bacteria.

Cleaning Tips for FairShield+ Upholstery Finishes

The "silver ion" technology in our FairShield+ finish topcoat means that it deters the growth of bacteria. Clorox wipes can be used to clean and remove soiled areas on the finish surface, using the wipe on, wipe off method. First, wipe on the surface with a Clorox wipe. Then immediately wipe off with a damp cloth. Agents with less than 5% ammonium chloride and agents with sodium chloride or sodium chlorite may also be used to clean the finish surface. After cleaning the finish surface with one of these three agents, we strongly suggest that the finish surface be cleaned with warm, clear water and dried with a soft cloth.

Note: All standard upholstery finishes are available as FairShield+ by specifying the suffix "FS" following the name of the finish (i.e. Cafe Mocha-**FS**).

Wood Cleaning & Care | Standard, Premium Upholstery Finishes & Monogram Casegood Finishes

- It is important to ensure that the surface is dried.
- Always wipe in the direction of the wood grain.
- Household polishes that are wax free and silicone free can be used on an infrequent basis (we recommend Guardsman Furniture Polish).
- Routine cleaning will prevent long term damage from dirt and grease which will form a film over time, dulling and discoloring the finish.
- Using anything other than a mild soap solution and then drying the surface with a soft cloth may damage the finish.
- Where possible, keep finish away from exposure to direct sun. Over time sunlight may change the color of the finish, and/or damage the finish.
- Avoid extreme temperature or moisture as they can cause wood to expand or contract leading to potential coating damage.

Kickplates - Bar and Counter Stools

Kickplate finish for bar and counter stools will be consistent with selected nailhead trim.

- Nickel or pewter nails will have a nickel kickplate.
- Brass nails will have a brushed brass kickplate.
- Aged bronze nails will have an aged bronze kickplate.
- Black Nickel nails will have a black nickel kickplate.

If no nailhead trim is used, the standard kickplate will be brushed brass, unless otherwise specified.

Nailhead Trim Options

When selecting your nailhead trim, please specify the number, size, and color (**example: 1009 Small Pewter**).

If a frame is standard with nails, Brass finish will be applied, unless otherwise specified.

Please see individual items in price list for availability and pricing. Please see the website for color photos of each nail.

Available in the following colors:	1054 Medium Brass	1054 Medium Bright Brass	1054 Medium Nickel	1054 Medium Pewter	1054 Medium Aged Bronze	1054 Medium Black Nickel

Pricing Formula (U + Fabrics)

Each frame lists individual pricing from grades D through U; however, some fabrics may fall beyond U grade. These fabrics are graded using a **"U+" format**.

In order to allow you to accurately calculate frame pricing for these fabrics, Fairfield uses the following formula:

(# of grades above U) x Riser + U Grade price

Please Note: Risers, U Grade Pricing and U+ Pricing Formulas are provided for each individual item throughout the price list. See each individual frame for this information.

For example*: If you choose to upholster the 1431-01 Lounge Chair in fabric 4995 Poppy (which currently is a U+6 grade), you will use the following formula:

6 (# of grades above U) x \$15 (Riser) + \$2040 (U Grade price) = \$2130

The list price for the 1431-01 Lounge Chair in fabric 4995 Poppy would be \$2130.00

*This example is for illustrative purposes only.

Fabrics will naturally stretch and wear with normal use. This is not considered evidence of defectiveness. Fabric fading, piling, heavily soiled, improperly cleaned and "after-market" chemically treated fabrics are not covered by this warranty. Customer's Own Material (COM) is not warranted.

Seat cushion cores have a lifetime warranty against loss of resiliency. Through normal use, all cushion cores will soften and lose loft with time. Loose seat cushions and back pillows should be fluffed and turned weekly. Polyester fibers will lose loft with normal use and is not to be considered defective.

Warranty service is handled through the original furniture agent/dealer. Should service be needed, contact your furniture agent/dealer. After receiving Fairfield authorization, the agent/dealer will either repair or return the defective item to the factory for repair or replacement. Fairfield's responsibility for transportation and labor is limited to one year from the original purchase date and to the transportation between the agent/dealer's location and the factory. Outside the USA, warranty is limited to replacement parts only.

Replacement parts for office mechanisms, office bases, loose seat and back pillow cores and swivel bases are without charge. Installation of these items is the responsibility of the agent/dealer and is not covered by this warranty.

Consequential and incidental damages are excluded from this warranty. This warranty gives you specific legal right, and you may also have other rights that vary from state to state.

Our frames are constructed to support individuals up to 300 pounds per seat and our Bariatric Chairs are constructed to support individuals up to 500 pounds per seat. Testing results based on BIFMA standards.

Note – Freight claims must be communicated within 15 days of receipt of product(s). Product that is moved from the original delivery address negates this warranty.

** Glass and marble casegood pieces must be inspected at the time of delivery.
