INTRODUCTION

The Gunlocke Company is dedicated to providing the finest products and service possible. This price list reflects that commitment. Included is a current listing of our casegood models.

Seating and Lounge are presented in a separate price list. Contact your Gunlocke Customer Services Representative for more information, (800) 828-6300.

Designed for easy use, each page of this price list, and the inside front cover fold out provide all information required to order a product correctly. Should additional information be needed, contact your Gunlocke customer service representative.

PRICING

Prices shown cover standard product specifications. Any changes or alterations, other than those listed, will be subject to an additional charge. Prices include cartoning and freight. Authorization and pricing must be secured in advance for orders or contracts calling for large quantities, indefinite quantities, or extended delivery dates. Prices are subject to change without notice; the most current prices are published on <http://www.gunlocke.com>.

ORDERING

To expedite order entry and to assure proper service, email or fax all orders directly to:

The Gunlocke Company

Attn: Order Entry
One Gunlocke Drive
Wayland, New York 14572

585-728-5111
585-728-8350 FAX
800-828-6300
www.gunlocke.com

Gunlocke will not be responsible for duplicate orders if purchase orders are left unmarked.

ACKNOWLEDGEMENT

Each order will be acknowledged by Gunlocke. Customers should check each acknowledgment for accuracy and immediately notify Gunlocke of any discrepancies. The printed acknowledgment is the final agreement between The Gunlocke Company and the customer, superseding all previous communications regarding the order.

SPECIFICATION CHANGES

Gunlocke reserves the right to change specifications for the improvement of products at any time, without notice.

ORDER CHANGES

Gunlocke is not required to accept changes in orders after confirmation. Reasonable changes are subject to additional charges for labor, material and administrative costs.

Order changes of acknowledgment may result in re-scheduling of product.

RETURNED MERCHANDISE

No merchandise may be returned without prior authorization.

SHOWROOMS

For all showroom locations and tour information, please reference the showrooms page online at: www.gunlocke.com/inspiration/showrooms

CANCELLATIONS

Cancellation of orders cannot be accepted since every order is manufactured according to customer specifications.

STORAGE

If delivery cannot be made and products are ready, Gunlocke will transfer products to a storage facility and products will be invoiced at that time. The customer is responsible for storage charges and assumes and bears all risks associated with the storage of that product.

TERMS

Net 30 days from date of invoice. A service charge of eighteen percent (18%) per year or .0004931% per day, compounded monthly, will be added to balance due beyond the thirtieth day. Products are shipped FOB factory, freight prepaid and allowed. Title passes to purchaser and Gunlocke's responsibility ceases when shipment is accepted for transportation by a carrier. A full explanation of all payment terms is found on order and invoice forms.

ORDERING INFORMATION

1a.Intended use: The furniture on this schedule is intended for use by Government executives (or equivalent military rank) in the Executive, Judicial and Legislative Branches of the Federal Government. To help customers make a good purchasing decision based on their needs and budget, GSA has established four grades of furniture. Grade (1) includes furniture that tends to be the most expensive on this schedule, grade (2) furniture tends to be more moderately priced and grades (3) and (4) furniture tend to be affordably priced when compared to grades (1) and (2). Some pieces of furniture on this schedule may be significantly higher in price than GSA Traditional and Contemporary Executive Special Order Program furniture. The ordering agency or service is responsible for determining furniture appropriate for use in its offices which will fit within its budget and comply with applicable Federal or internal agency procurement regulations. Please see reverse for GSA terms and conditions.

Grade 1 All exposed solid parts such as top rims, base rails etc. (except decorative accents and inlays) shall be the same species as the face veneer. Top and bottom edges of drawer fronts shall be solid wood in the same species as the face veneers. Drawer sides and backs shall be solid wood.

Grade 2 Exposed wood panel trim and trim on tops shall be the same wood species as the face veneer on the top. Some or all other exposed solid parts, such as base rails can be an alternative wood species (such as poplar or gum) different from the face veneers. Exposed, finished engineered wood core material such as MDF is acceptable only for the edges of drawer fronts. Drawer sides shall be solid wood or veneer core plywood/laminated construction. Silea is grade 2.

Grade 3 Most or all exposed solid parts can be an alternative wood species (such as poplar or gum), different from the face veneers. Exposed, finished engineered wood core material such as MDF is acceptable only for the edges of drawer fronts. Drawer sides shall be solid wood or veneer core plywood/laminated construction. Credentials, and all tables are grade 3.

Grade 4 Most or all exposed solid parts can be an alternative wood species (such as poplar or gum), different from the face veneers. Exposed, finished engineered wood core material such as MDF is acceptable only for the edges of drawer fronts. Drawer sides shall be composite wood material construction such as MDF. Trio is grade 4.

1. **Maximum Order Threshold:**
SIN# 33721 \$250,000
2. **Minimum order:** \$2,000 list

28. **CCR registration/Cage Code:** The Gunlocke Company is registered in the DoD CCR. Cage Code - 26574
29. **Returns:**
No returns of goods will be accepted without written consent and shipping instructions from Gunlocke, and the Government customer will be required to pay all return freight charges. A restocking fee of 30% net will apply on all authorized returns provided Gunlocke receives goods in the condition in which they left the factory. No credit will be given if goods cannot be reused. Special order items are in no event subject to return. Goods must be returned within 70 days of shipment from factory.
30. **Cancellations:** No charge prior to production. After production has begun (5 days ARO), only the actual costs that the contractor can demonstrate will be billed to the customer if the merchandise cannot be resold within a reasonable period of time (90 days).
31. **Inside Delivery:** Gunlocke rates are for dock-to-dock delivery and do not include inside delivery, un-cartoning or set up. If desired, arrangements for inside delivery must be made and approved when the order is placed and will have a corresponding fee of 7% of list price of the order with a minimum charge of \$75. Requests for un-cartoning and set up will be coordinated with a Gunlocke Dealer with applicable charges applied to the order.
32. **Federal Tax ID # 22-3887942**

12 YEAR WARRANTY

Subject to the limitations set forth below. The Gunlocke Company warrants to the original purchaser all product in this price list to be free from defects in material and workmanship for a twelve year period from the date of shipment. This 12-year warranty applies to all products sold and installed by a Gunlocke authorized agent for normal commercial single shift service. Gunlocke will repair, or at its option, replace defective merchandise, free of charge. The following components not manufactured by Gunlocke have the following warranties:

- **High wear components** such as casters and glides are warranted for five years after date of shipment to original owner.
- **Electrical components** are warranted 10 years from date of manufacture with exception of lamps and ballasts which are not warranted. This includes Fluorescent Tasklights.
- **LED tasklights** are warranted for 3 years from date of shipment to original owner.
- **Drawer suspensions** are warranted for lifetime of product after shipment to original owner.
- **Personal corners** including covering (leather) are warranted for three years of single shift and normal use after shipment to original owner.
- **Height adjustable electrical components** are warranted for 7 years of single shift and normal use after shipment to original owner.

Any non-standard material selected by the customer is not warranted. Neither does this warranty apply to damage resulting from accident, alteration, or misuse, as well as damage from normal wear and tear such as dents, nicks, scratches, fading and improper maintenance. That is, Gunlocke's warranty is only valid if products are given proper use and care. Gunlocke assumes no responsibility for product damages resulting from improper installation or user modification.

WOOD FURNITURE

Wood owes its inherent beauty to variations in color, grain, and texture, and therefore, these variations are not considered defects. There may be minor variations from one piece of furniture to the next even though they are finished at the same time. Exposure to light and the aging process will cause a darkening of natural wood products. Light finishes on wood products do not mask the natural characteristics of wood. The Gunlocke Company does not guarantee the exact matching of grain, pattern, and color.

These finishes do not cover any of the natural characteristics of the wood, including nature's colorations, pitch pockets, and the variations of steam-bent wood. Merchandise will not be replaced because of these natural variations.

It is expressly understood and agreed that the buyer's sole and exclusive remedy for any and all losses or damages resulting from nonconforming goods, or from any other cause, shall be repair or replacement of defective parts, and that Gunlocke shall not be liable for damages or injury to persons or property, nor for replacement of the entire commercial unit, if repair or replacement of defective parts can reasonably render the unit conforming.

All warranty claims must be made in writing by the original owner. Owner may be required to produce the invoice or other evidence to establish that a claim is within the warranty period. Warranty claims may be submitted on the Gunlocke website.

<https://apps.gunlockeadvantage.com/QualityFeedback/>

As stated and illustrated on the website, serial numbers are required to process a warranty claim. No person, firm or corporation is authorized to assume for Gunlocke any liability in connection with the sale or installation of Gunlocke products except as stated above.

All other warranties, expressed or implied, are excluded. Gunlocke shall not be liable for incidental or consequential damages of any sort.

Within the Continental USA, all orders above \$20,000 list are shipped FOB factory, freight prepaid and allowed. All orders less than \$20,000 list will be subject to a \$200 net freight charge. Products shipped to Alaska and Hawaii FOB factory, freight prepaid and allowed to port of embarkation. Customer is responsible for freight charges from port of embarkation to final destination.

An anticipated shipping date is indicated on the order acknowledgment. Gunlocke cannot accept responsibility for shipping delays caused by outside sources or unforeseen problems. Delay of shipments requested by customers must be approved by Gunlocke. Any resultant storage charges will be charged to the customer.

Gunlocke may await completion of the entire order and ship all at once or may make partial shipments from time to time at its sole discretion unless the customer requests in writing that partial shipments are needed and Gunlocke approves the specific shipping schedule. Additional charges may apply.

Gunlocke is not liable for any delay or failure to deliver or perform due to strikes, lock-outs, or other labor or transportation difficulties, delay of sources or supply, accidents, fires, acts of God, or any other causes of like or unlike nature beyond the control of Gunlocke.

LIABILITY

Gunlocke products and their packaging are tendered to a transportation company only after passing rigid quality control inspection. At that time, title to the product is passed to the purchaser. However the transportation company assumes all liability from acceptance of shipment through its delivery. That is, Gunlocke's liability ceases at the time of shipment.

FILING OF CLAIMS

All claims for damage or loss must be submitted via our website at: <https://apps.gunlockeadvantage.com/QualityFeedback/> within 15 days after receipt of merchandise. Do not return freight damaged merchandise to Gunlocke. Follow the steps below to expedite processing and resolution of claims.

For Visible Damage

1. Make damage notation on delivery receipt and have driver sign. Do not reject or refuse the shipment.
2. Immediately contact Gunlocke Traffic Department at 585-728-8268.
3. Hold damaged carton and all interior packing for carrier's inspection. These materials will be needed to substantiate the claim.

For Concealed Damage

1. Open cartons within 15 days of receipt and inspect.
2. Follow steps 2, and 3 as listed under Visible Damage.
3. Do not remove product from delivered destination.

For Loss

1. Be sure loss notation is made on delivery receipt and have driver sign.
2. Contact Gunlocke Distribution at 585-728-8268.

Should transportation company seek to limit its liability on concealed, loss, or damage claims, please contact Gunlocke's traffic department. After a thorough investigation of the claim, the traffic department will provide you with guidance in corresponding with the carrier.

Returned merchandise, regardless of delivery method, will not be accepted unless specifically authorized by Gunlocke.

For Damage or Loss of Parcel Post or UPS Shipment

Notify Gunlocke distribution immediately at 585-728-8268.

NORMAL DELIVERY

All normal ground transportation by Gunlocke will be made on a dock-to-dock basis. The Gunlocke traffic department will determine the recommended method of shipment according to the ship to destination. If the delivery on a shipment takes longer than 2 hours to be unloaded, an additional charge will be billed at \$60/hour at 15 minute increments. Gunlocke reserves the absolute right to determine the method of shipping unless special delivery instructions have been previously approved.

Gunlocke will make every effort in honoring delivery requests as stated on orders. However, the Company shall have no liability for failure to deliver, perform or delay in delivery due to any cause outside the control of Gunlocke. The Company assumes no liability for costs incurred due to delayed or late deliveries.

If a guaranteed delivery time is needed please call Gunlocke Traffic Department at 585-728-8268 for a quote as additional charges will apply. Weekend or after hours deliveries are subject to additional charges.

WEEKEND DELIVERY

A \$500 charge will apply on weekend delivery after 3:00 PM Friday through Sunday evenings.

DROP SHIP / JOB SITE DELIVERY

Orders under \$50,000 list will incur a \$125 charge for ship to locations other than a designated dealer warehouse.

INSIDE DELIVERY

Inside delivery must be noted on order. A minimum \$100 charge will apply.

SPECIAL DELIVERY

Please contact the Gunlocke traffic department for special delivery services such as inside delivery, weekend or after hour deliveries, reconsignment or other special needs. These are billable services.

Gunlocke will make every effort in honoring delivery requests as stated on orders. However, the Company shall have no liability for failure to deliver, perform or delay in delivery due to any cause outside the control of Gunlocke. The Company assumes no liability for costs incurred due to delayed or late deliveries.

DOCK RESTRICTIONS

Gunlocke trailers are 53' x 102"; when attached to truck cab the total length is 75'. If delivery dock will not accommodate trucks of this sizes, the Gunlocke traffic department must be contacted prior to shipping. Alternate arrangements can be made; additional charges may apply.

veneers

Available in 8 select veneers and 2 premium veneers. All exposed wood surfaces utilize select flat cut Cherry, Maple, Walnut veneers, Stratawood (FSC reconstituted veneer), premium quarter cut Walnut, or Rift Oak veneers. Stratawood veneer is made from rapidly renewable wood veneer, which provides a repeatable, consistent straight grain pattern. Stratawood veneers are available in Cherry, Maple, Walnut, or Oak at veneer 1 pricing in vertical or horizontal orientation. All veneers are carefully selected and matched to assure balance and consistency.

specialty finishes

- Submit a color sample block (minimum size 3" x 3") to Gunlocke so that a finish formulation can be developed to match the special finish and color.
- Review the approval sample provided by Gunlocke.
- Written approval and sign off is required for Gunlocke Customer Service.
- Once written approval and sign off is received, the special finish order will be acknowledged.

Note: See Gunlocke Advantage website for special finish request forms.

All Casegoods & Tables Purchase Orders:

- 10% list upcharge per wood unit to specified veneer option receiving special finish.
- \$250 net formulation fee for special finish.

veneer 1 (select)

Full-Fill Cleartech (upcharge)	FF

Full Fill Top ≤ 120" Length (+\$273)
Full Fill Top ≥ 120" Length (+\$475)

Note: FSC options can be chosen as option pick for each model.

REFERENCE

Materials & finishes

Silea

03/23

The plastic laminate offering includes 11 woodgrain and 3 solid laminate options from Wilsonart. Laminate tops are high-pressure laminate (HPL), and chassis/storage components are thermally fused laminate (TFL). Laminate edgebands are 2mm thick and are color matched to the laminate option chosen.

* See cross reference above for Gunlocke wood finish match. Although these are good matches, they are not exact matches due to grain pattern and sheen variation from laminate to veneer. They coordinate throughout a floorplate, but we recommend they not be utilized in the same office.

Note: Gunlocke does not guarantee an exact finish match to the plastic laminates listed above.

The Silea style metal pull is available in 5 metal finish colors - Silver, Black, Pyrite, Matte Gold, and Designer White. Pulls have the ability to be placed left, right or center with the same drawer front and pull hardware. Pulls are 6" less than the drawer front size with the exception of a 9" pedestal which comes with a 9" pull. Note: This applies to the Silea style pull only. This does not apply to the Arch, Arette, Linear, Bar, or Modern pulls.

The Silea pull enables you to select drawer pull orientation at the time of installation. Maximum flexibility.

CLOSET LOCATIONS

PEDESTAL LOCATIONS

Locks are standard on all below worksurface storage units. Closets and overhead storage are optional locking.

STANDARD OPTIONS

- **Random Keying:** Key(s) arbitrarily assigned and installed at the factory. Factory installed locks are silver.
Note: When the random option is selected, some units may be shipped with the same key number.
- **Omit Lock Core:** The factory will omit lock cores. Removable lock core kits with specific key numbers must be ordered to facilitate keying alike in the field. A lock program must be specified. Field installed locks are available in Matte Silver, Black, Pyrite, Matte Gold, and Designer White.

KEYING

Random Matte Silver Keying (Factory Installed)	STD	
Omit Lock Core (Field Installed)	OMT	(If option is chosen, a field installed lock program must be specified)

LOCK PROGRAM (FIELD INSTALLED ONLY)

Random Keying	X
Specified Keying	X101 - X225
Sequential Keying	SEQ/101 - SEQ/225

KEYING COLOR (FIELD INSTALLED ONLY)

Matte Silver	MTS
Black	BLK
Matte Gold	MGD
Pyrite	PYT
Designer White	PJW

REPLACING LOCK CORES

- Lock must be in the unlocked position.
- Insert core removal key and pull core straight out.
- Insert new core with core removable key, hold core into lock and withdraw core removal key.
- Retain original core for future use.

For field installed locks, the "Omit Lock Core" option must be chosen. Then, specify lock model based on total quantity of lock cores within each office. To ensure ease of ordering for a variety of situations, lock cores can be specified in 3 ways – Random, Specified or Sequential.

LOCKING MODELS	DESCRIPTION	LIST
GLKFE1	1 core, 2 keys	\$16
GLKFE2	2 core, 2 keys	\$21
GLKFE3	3 core, 2 keys	\$26
GLKFE4	4 core, 2 keys	\$30
GLKFE5	5 core, 2 keys	\$34
GLKFE6	6 core, 2 keys	\$42
GLKFE7	7 core, 2 keys	\$48
GLKFE8	8 core, 2 keys	\$56
GLKFE9	9 core, 2 keys	\$63
GLKFE10	10 core, 2 keys	\$69
GLKFE11	11 core, 2 keys	\$77
GLKFE12	12 core, 2 keys	\$83
GLKFE13	13 core, 2 keys	\$91
GLKFE14	14 core, 2 keys	\$98
GLKFE15	15 core, 2 keys	\$104

RANDOM KEYING (FIELD INSTALLED)

The Random Keying option is provided for instances where there are multiple orders or phases to a project and the offices need to be keyed alike but the key numbering is not required. With the random keying option, key numbers are not specified. However, the core kits will be in sequential order from a random starting point.

SPECIFIED KEYING (FIELD INSTALLED)

The Specified Keying option is provided for instances where there is a specific key number desired for all of the cores ordered.

SEQUENTIAL KEYING (FIELD INSTALLED)

The Sequential Keying option is provided for instances when there are multiple orders or phases to a project and it is imperative that key numbers are not duplicated..

Note: One core removal key minimum per order. One additional core removal key per 25 lock cores will be shipped.

MASTER KEY

One key available **GLKMSTR** **\$9**
to authorized dealers

KEY NUMBERS 101-225 ARE AVAILABLE.

Orders without key numbers will be specified at random.

RANDOM KEYING EXAMPLE

- There are 18 offices which have 3 black locks that need to be keyed alike, but the key number is not important.

Model String:

GLKFE3.	BLK.	X.	18
<i>Model</i>	<i>Color</i>	<i>Program</i>	<i># of Offices</i>

SPECIFIED KEYING EXAMPLE

- There are 6 offices which have 2 silver locks that need to be keyed alike with the key number 202.

Model String:

GLKFE2.	MTS.	X202.	6
<i>Model</i>	<i>Color</i>	<i>Program</i>	<i># of Offices</i>

SEQUENTIAL KEYING EXAMPLE

- A multiple phase project has 100 offices - 60 in the first phase with 4 locks, 40 in the second phase with 3 locks. No key number can be duplicated.

Model String (First Phase):

GLKFE4.	PYT.	SEQ/101.	60
----------------	-------------	-----------------	-----------

Model String (Second Phase):

GLKFE3.	PYT.	SEQ/161.	40
<i>Model</i>	<i>Color</i>	<i>Program</i>	<i># of Offices</i>

veneers

Available in 8 select veneers and 2 premium veneers. All exposed wood surfaces utilize select flat cut Cherry, Maple, Walnut veneers, Stratawood – FSC reconstituted veneer, premium quarter cut Walnut, or Rift Cut Oak veneers. Stratawood veneer is made from rapidly renewable wood veneer, which provides a repeatable, consistent straight grain pattern. Stratawood veneers are available in Cherry, Maple, Walnut, or Oak at veneer 1 pricing in vertical or horizontal orientation. All veneers are carefully selected and matched to assure balance and consistency.

veneER TOPS

Wood veneer tops feature 3-ply construction and are comprised of a premium 1.125" thick substrate. Tops are available with a square edge profile and are constructed of 45 lb. density particleboard. Tops are faced with premium veneer and backed with a polymer resin impregnated moisture resistant material. Rectangular tops utilize 2mm solid wood edgebands that are species matched except for Rift Cut Oak which is paired with solid ash hardwoods. Non-rectangular tops utilize matching 1mm edgebands that are doubled up for added durability, creating a total thickness of 2mm.

laminate

The standard laminate offering includes solid and woodgrain laminates from Wilsonart. Laminate tops feature a high pressure laminate (HPL), a balanced 3-ply construction and are comprised of a 1.125" thick substrate. Tops are available with a square edge and are made with 45 lb. density particleboard. Laminate tops have a 2mm matching vinyl edgeband on all sides. Chassis and storage components feature a thermally fused laminate (TFL).

For complete technical specifications, visit www.wilsonart.com.

SOLID SURFACE TOPS

Solid surface tops with plywood subtops are a total of 1.25" thick. Tops are constructed with 0.5" Corian solid surface material applied to premium 0.75" plywood with a built up softened edge detail. Corian has a matte finish.

BACK PAINTED GLASS

Back painted glass is captured by an extruded aluminum mitered frame. The frame is low profile, allowing only a 0.063" visible frame around the perimeter of the glass from the front view. Aluminum frames are powder coated to match the color of the glass option chosen. Back painted glass is 4mm thick and whiteboard applications include a steel backer for use with magnets – 6 magnets are included with each whiteboard. Back painted glass has a clear glossy finish for use as a writable surface and can be used with dry-erase markers. Whiteboards are mounted to the wall with a z-bracket connection.

CHASSIS & PEDESTAL CONSTRUCTION

All chassis are constructed with a mixture of 3/4" thick balanced 3-ply panels and 3/4" thick panels. Panels are securely fastened together using cam-lock fasteners and dowels. Steel glide plates are attached to single end panels with screws. End panels are pre-bored to accept the stem of the glide. The threaded steel glide plate provides a durable connection from glide to end panel.

Each unit is equipped with a minimum of four adjustable glides.

OVERHEAD CABINET CONSTRUCTION

All cabinets are constructed with a mixture of 0.75" thick balanced 3-ply panels and 0.75" thick MDF panels. Wood panels are securely attached with hidden fasteners and dowels, and are securely adhered with PVAc-dispersion adhesive. All laminate panels are securely fastened together

using cam-lock fasteners and dowels.

All surface mount cabinets connect to worksurface with double-sided adhesive tape.

Wall mount cabinets are mounted to the wall with a spade and "z" bracket attachment method. Spade brackets are securely mounted through the back of wall mount cabinets. All units ship with a steel z bracket. This bracket is mounted to the wall by field installers. Installers are responsible for selecting and supplying appropriate fasteners for wall conditions.

GLIDES

Glides provide 1.125" of vertical leveling adjustment. Glide bottom is durable non-rust nylon.

TACKBOARDS

Tackboards are constructed of 0.875" thick material comprised of a 0.125" thick hardboard glued in between a layer of 0.375" thick pressboard on each side. The fabric is precisely aligned and fitted to the tackboard and adhered to the rigid hardboard with staples.

DRAWERS

All drawers are constructed of four sides and a bottom, which are attached to a drawer front with screws for easy removal. Drawer fronts feature matched veneer within each pedestal set. The drawer side material is 3-ply 12mm vinyl wrapped particleboard and are miterfold construction. The bottom material is a 3-ply substrate consisting of vinyl wrapped high density fiberboard core.

SUSPENSIONS

Suspensions utilize cold rolled steel, zinc plated, high-grade drawer suspensions. Box drawers are full extension, featuring precision steel ball bearings for a smoother, quieter range of motion and are load rated for 120 lbs. File drawers are full extension, featuring precision steel ball bearings

for increased weight capacity and are load rated for 120 lbs. Lateral file suspensions are load rated for 150 lbs. and include an anti-tip mechanism that prevents both drawers from being opened at the same time. All suspensions are soft close and are warranted for the lifetime of the product.

HINGES

Doors with metal pulls include a 105° hinge with an integrated soft-close mechanism. Doors with touch latch utilize a 110° hinge. Hinges are fully adjustable.

FILING

The file hanging system is an integral part of the drawer. A highly durable black plastic extrusion is securely fastened into a rout on the top of the drawer. The plastic extrusion was designed to promote optimum filing capacity within the drawer while providing a durable, reliable and maintenance free filing system. (See filing capability section for technical information on drawer dimensions).

LOCKS

Locks are standard on all desks, credenzas, returns, modular pedestals, and storage units. Locks are optional on closets and overhead cabinets. Each pedestal is independently locked.

Keying is available either random (factory installed), or omit (field installed).

When "Random Keying" is chosen, the factory will assign key(s) arbitrarily. Factory installed lock cores will be matte silver.

When "Omit Lock Core" is chosen, the factory will omit lock cores and locks will be field installed. A keying program must be chosen - Random, Specified, or Sequential - to specify keys. Field installed locks will be available in matte silver, black, pyrite, and matte gold.

WIRE MANAGEMENT

Wire management capabilities include optional worksurface grommets that can house cords, a monitor arm, or be replaced with a power unit to bring technology to the worksurface. Cavities in the back of pedestals, removable panels, and wall access panels can be used for cord concealment and management.

Under worksurface wire managers (Model # ACWM) are sold separately to conceal wires between pedestals. These units house and manage wires horizontally around a station.

Continuous aluminum wire management troughs provide seamless integration of technology in the credenza. Modular trough tops come with 2 end caps to close off the open-end condition. Clip-in wire management accessories are provided to assist with technology ease and organization. Troughs, end caps and clip-in accessories are available in 5 metal finish colors – silver, black, pyrite, matte gold, and designer white.

POWER

Power units are available in three sizes and are offered as surface mount, under worksurface mount, and clamp mount units. Available in black, white or silver, power units incorporate a combination of power, USB power, and data integration. Each enclosure is rated for 15 amp, 125 volt. Units can be specified with 10' standard plug or 6' hardwire conduit option. Unit is field installed. UL Listed. USB charging ports are 2.1 amps per port. For information on each model, reference the "Power Units" page in the price book.

MAGNETIC ACCESSORIES

Magnetic accessories include imbedded magnets and can be positioned anywhere on magnetic tackzones and back painted glass tackzones/whiteboards. The accessories provide quick access to files, pencils, and other work utensils.

PERSONAL CORNER & DESKPADS

Personal corners can be used between two perpendicular worksurfaces to create an ergonomic corner for user. Deskpads are used in-line. All units are wrapped in leather or vinyl. The bottom surface has a felt lining to protect the worksurface. The chassis is made from 10-gauge aluminum. Personal corners are 36W x 12.5D. Deskpads are 36W x 18D. Units are designed to fit over 1 1/8" worksurfaces.

LIGHTING

LED lighting provides high efficiency, low energy lighting with a long life. All LED lights are encased in a silver aluminum extrusion and include a built-in switch to turn the light on/off with a dimming feature. Lights are field installed. All units include a standard plug.

- Low profile strip light 0.625"H x 0.75"D
- Power: 2.92W / Foot
- LED's per meter: 120
- Color Temp: 3000K
- Certification: UL Listed
- GSA and TAA compliant

HEIGHT ADJUSTABLE

Height adjustable components include:

- Qty (2) height adjustable lifting columns
- Qty (1) control box
- Qty (5) keypad options from basic to premium
- Qty (2) cables connecting lifting columns to control box
- Qty (1) standard plug power cable to connect control box to power source

Lifting columns are rated for 225 lbs. dynamic load per column and are connected to tops using steel support brackets. Height range is 29" to 42.5". Each control box is powered by 120V / 60Hz. 2 lifting columns may draw approximately 1.5 amps total maximum under full load. Standby power is 0.1W.

WORKWALLS

WorkWalls include wall mounted, wall mounted with wall access panels, stack on, and freestanding versions. Incorporating both a collaborative side and personal side, WorkWalls utilize a back painted glass sliding door that can serve as a whiteboard and be secured with a digital lock. The digital lock incorporates a keypad and smartphone app, along with 2 standard USB ports for emergency power jump and battery charging.

WOOD FINISH

Natural veneer is subject to nature's quality control. Each species will exhibit differences in grain pattern and tone. This is to be expected and, in fact, contributes to the beauty and individuality of each product. Flat Cut veneers emphasize the variations of wood by exhibiting cathedrals in the grain pattern. Quarter Cut and Rift Cut veneers are a premium cut that maintains variations in the grain but without cathedral patterns. Stratawood is a natural, FSC® - certified reconstituted veneer that is designed to exhibit a straight-grain pattern, absent of cathedrals or other significant grain and tone variations.

Worksurfaces are protected by one of the world's most advanced UV cured finish coatings, available in Full Fill ClearTech® or Open Pore low sheen finish, applied by state-of-the-art finishing equipment. Both finishes meet the EPA's stringent requirements for VOC emissions and air quality. Cured in a specially designed ultraviolet oven, the finish fuses to the wood, forming a durable shield that provides a high level of scratch, stain, chemical, and heat resistance, along with a high level of clarity.

Chassis, storage, overheads and veneer bases are finished with a 30 sheen. For the Finish System Guide & Technical specifications, visit www.gunlocke.com.

CLEANING CLEARTECH™ FINISH

Dust with a damp cloth. Remove fingerprints or soiling with mild solution; 3 parts water with small amount of mild dish detergent. Apply solution with spray bottle, wipe clean and dry with soft cloth. Note: Do not use furniture polishes containing oil, wax, or silicone, which can produce an oily film or haze.

CLEANING LAMINATE

Dust with a damp cloth. Remove fingerprints or soiling with mild solution; 3 parts water with small amount of mild dish detergent. Apply solution with spray bottle, wipe clean and dry with soft cloth. Note: Do not use furniture polishes containing oil, wax, or silicone, which can produce an oily film or haze.

For specific cleaning instructions on Wilsonart laminates, please visit www.wilsonart.com.

CLEANING GLASS

Dust with a damp cloth. Remove fingerprints or soiling with mild solution; 3 parts water with small amount of mild dish detergent. Apply solution with spray bottle, wipe clean and dry with soft cloth.

CLEANING SOLID SURFACE CORIAN

Using a damp sponge or cloth, use warm soapy water, an ammonia-based household cleaner, or a dedicated countertop cleaner to clean Corian solid surface. Rub over area using small circular motions, from the front to the back, then side to side, overlapping the circles until the entire area has been cleaned. Rinse the top thoroughly with clean water and wipe surface completely dry.

STANDARD FILING OPTIONS FOR PEDESTALS

9 wide x 30 and 36 deep pedestal

File rails included: 2 per drawer

- A.** 2 rows of letter side to side with 2 file rails
- B.** 1 row of legal side to side

Replacement File Rail Kit Model #ACFLR9-P

A

B

15 wide x 30 and 36 deep pedestal

File rails included: 2 per drawer

- C.** 2 rows of letter side to side with 2 file rails
- D.** 1 row of legal-side to side,

Replacement File Rail Kit Model #ACFLR15-P

C

D

15 wide x 24 deep pedestal

File rails included: 1 per drawer

- E.** Legal-side to side
- F.** 1 row letter side to side,
Model #ACFLR15
Ships w/pedestal.
1 per file drawer.

Replacement File Rail Kit Model #ACFLR15-P

E

F

18 wide x 24 deep pedestal

File rails included: 1 per drawer

- G.** Letter-front to back with file rail
- H.** Legal-side to side

Replacement File Rail Kit Model #ACFLR18-P

G

H

STANDARD FILING OPTIONS

(continued)

Lateral 30 wide x 24 deep pedestal

File rails included: 1 kit per drawer

- I.** Legal-side to side
- J.** Letter-side to side
- K.** 2 rows letter front to back

Replacement File Rail Kit Model #ACFLR30-P

I

J

K

Lateral 36 wide x 24 deep pedestal

File rails included: 1 kit per drawer

- L.** Letter-side to side
- M.** 2 rows letter front to back
- N.** Legal-side to side
- O.** 2 rows legal front to back

Choice.

Silea enables you to select drawer pull orientation at the time of installation. Maximum flexibility.

ACCESSORY DRAWER

ACCESSORY DRAWER (OPEN)

IMPORTANT SPEC TIP: HEIGHT ADJUSTABILITY WITH MONITOR ARMS

- Monitor arms should **ALWAYS** be installed in grommets on Silea HAT units. Please ensure a grommet location is specified on the top. This allows for bolt mount or clamp mount install of monitor arm.
- Monitor arms should **NOT** be clamped to back edge of top where chassis interference can occur.
- The dimension from top of chassis to bottom of top on many HAT units allows for only approximately 2.250" clearance. Many monitor arm clamps, including Allsteel Pivot Monitor arms, have a taller clamp mount that will crash into the chassis during operation resulting in damage and/or loss of operation.

Storage options feature a nested laptop drawer, thoughtfully placed power access, and a multi-functional storage locker.

Laptop Drawer

Storage Drawer

SURFACE MOUNT CABINETS

39 High

52 High

Technology information & wire management:

- Tasklight cord grommet optional.
- Located in upper right-hand corner, provides task light cord access to wall outlets.

Grommet Height 39H and 52H = 24

Surface mount overhead cabinets must be supported with adequate pedestal or panel support on ends. In addition, the location where the surface mount cabinet and tower meet the worksurface using intermediate supports.

Recommended
Support Examples

Inadequate
Support Examples

When specifying surface mount storage across multiple units, careful considerations must be used to ensure the correct overall length. An end or back panel of a supporting unit must support the end panel of an overhead cabinet.
