HBF Conference Tables

Conference Table Finish Options

Veneer and Finishes	Wood owes its inherent beauty to variations in color, grain, and texture; therefore, these variations are not considered defects. Due to the natural color and grain variances of wood the final finish color, texture and grain may vary from one furniture piece to another even though they are finished at the same time. Exposure to light and the aging process will cause changes in surface color of natural wood products. Light finishes on wood products do not mask the natural characteristics of wood. HBF does not guarantee the exact matching of grain, pattern and color. An upcharge of 5% Net per unit for occasional tables, with a minimum upcharge of \$500 Net per order, will apply for any custom wood finish. Refer to the following page for product material options.
