2017 Brochure

Ben 2 and Lite Force Helmets

When Durability Meets Protection

Strength

Proprietary shell material provides superior heat protection with 39% more resistance to impact penetration than conventional fiberglass material.

Durability

Precision-engineered with rugged components that stand up to the test of time.

Comfort

Easy-to-adjust padded headband and suspension components ensure a customized fit and low ride.

Innovation

Unique design and materials provide superior protection and functionality.

BEN 2 HELMETS

Ben 2 LR Low Rider Models

Deliver a lower center of gravity, and our 6-position suspension provides a full inch and a half of adjustment for a quick and easy custom fit.

- ① **Durable Eagle Front Holder**
Moves forward and backward to fit any brand/style of front
- ② **High Heat Performance Shells**
Proprietary technology – standard.
- ③ **FYR-Glass Shells**
Strongest shell on the market – proprietary technology.
- ④ **Bulldog™ Edge Beading**
Rugged and durable.
- ⑤ **Large Hang-up Loop**
Large enough to easily fit over a peg.
- ⑥ **Securely Attached Ear Covers**
Tough and durable Nomex® ear covers are easily removed for cleaning.
- ⑦ **Reversible 2-point Quick-attach Chinstraps**
Tough and durable Nomex® chinstraps are quickly and easily changed or switched to right- or left-hand cinch.
- ⑧ **Comfortable and Easy to Replace Suspension**
Cradles your head in comfort.
- ⑨ **Protected Suspension Straps**
Internally located and not affected by external heat or flame.
Goggle Garage
Protects goggles from debris and radiant heat (optional).
- ⑩ **Built-in Easy Attach Goggle System**
Offers easy attachment for full or 2-strap eyelet goggle).
- ⑪ **Certified EZ-Flips™**
NFPA 1971, 2013 Edition and ANSI Z87.1+ standards (optional)
- ⑫ **Anti-catch Safety Bracket for Leather Fronts**
Exclusive on our traditional helmets

EZ-FLIPS™

Flip-down Face Protection

The 2013 edition of NFPA 1971 raised the requirements for helmet-mounted faceshields below the brim. Our team worked arduously to develop a new generation of EZ-Flips that would meet the rigorous new criteria. The new EZ-Flips were born...outperforming those tough requirements, making it the only helmet with flip-down face protection certified to NFPA 1971, current edition.

FYR-Glass

Strongest Shell on the Market

Available in:

- Ben 2 LR – Structural and Proximity
- Lite Force LR – Structural and Proximity
- Heavy Duty Technical Rescue & Recovery

FYR-Glass is a proprietary custom-blended material found only in Morning Pride helmets. Our testing shows that FYR-Glass helmets are 39% more resistant to impact penetration than conventional fiberglass helmets with or without impact caps. FYR-Glass allows design options not available with other materials, resulting in a helmet that is lighter and better fitting. FYR-Glass also exhibits the best in heat performance. When exposed to radiant heat of two watts per square centimeter (2 W/cm² is the NFPA-mandated test exposure), FYR-Glass outperforms other materials. FYR-Glass shows no blistering or finish damage.

The only helmet with flip-down face protection Certified to NFPA 1971, 2013 Edition

Low Riding, Great Fitting Superior Suspension System

Morning Pride provides a one-piece headband and ratchet assembly that can be adjusted without disassembly. It accommodates the widest range of hat sizes of any NFPA helmet on the market— from under size 6 to over size 9. Our new 6-position suspension provides a full inch and a half of adjustment for a quick and easy custom fit. Our unique padded suspension system and wider interior provide superior comfort and fit. The FYR-Glass shell is inherently stronger, eliminating the need for impact caps. The Low Rider models deliver an even lower center of gravity, resulting in significantly less neck strain.

STRUCTURAL MODERN HELMET. NFPA 1971 CERTIFIED

How to Build Your Helmet

Step 1: Specify base model:

Base model includes FYR-Glass shell, 2-piece padded brow comfort cap and ratchet, 6-point suspension with 6 depth adjustments, aramid liner cap, postman slide chinstrap, 4" x .150" new generation faceshield, 8 lime Reflexite® trapezoids, golden-plated eagle front holder and hang-up loop.

Step 2: Select required components:

- Choose one ear cover
- Choose one chinstraps
- Choose one eagle front holder
- Choose eye/face protection
- Choose one retroreflective trim pattern/package

Step 3: Select options:

- Choose accessories
- Choose front
- Choose auxiliary helmet products
- Choose shell color: B – black, W – white, R – red, Y – yellow, O – orange, U – blue, G – green

- Standard Ben 2 LR HT-BFL-BPR with yellow Nomex® moisture barrier FR cotton ear cover
- Standard Ben 2 LR HT-BFL-HDO with yellow Nomex® FR cotton ear cover
- Models HT-BF2-BPR and HT-BF2-HDO also available

EAR COVERS

(required component)

Standard HDO yellow Nomex® FR cotton.
Optional black Pbi® FR cotton (FDNY spec optional material choice)
Other outer shell colors available

Standard
BPR yellow Nomex® moisture barrier FR cotton ear cover

Optional
Canadian-style ear cover

CHINSTRAPS

Standard
Nomex® postman slide and quick-release chinstrap

Optional
Nomex® 4-point with quick-release chinstrap

EAGLE FRONT HOLDERS

Standard Golden alloy plating traditional eagle front holder

Optional stamped brass traditional eagle front holder

EYE/FACE PROTECTION

Standard 4" x .150" new generation faceshield

Optional Paulson or ESS NFPA 1971 goggles

Optional
EZ-Flips™ Meets standards of NFPA 1971 and ANSI Z87.1+

RETROREFLECTIVE TRIM

Standard
8 – trapezoids Reflexite® lime

Optional
8 – trapezoids 3M™ Scotchlite™ lime or orange

Optional
8 – trapezoids 3M™ Scotchlite™ 2-tone lime or orange

Optional
8 – trapezoids Foxfire™ illuminating trapezoids

ACCESSORIES

Goggle garage

LITE FORCE HELMET

Lite Force LR Low Rider Models

Deliver a lower center of gravity, and our 6-position suspension provides a full inch and a half of adjustment for a quick and easy custom fit.

- ① **High Heat Performance Shells**
Proprietary technology – standard
- ② **FYR-Glass Shells**
Strongest shell on the market – proprietary technology
- ③ **Reflective Trim 5-1~x 4~**
Reflexite® Lime Bars
- ④ **Bulldog™ Edge Beading**
Rugged and durable
- ⑤ **Large Hang-up Loop**
Large enough to easily fit over a peg
- ⑥ **Securely Attached Ear Covers**
Tough and durable Nomex® ear covers are easily removed for cleaning, available in yellow Nomex® with moisture barrier FR cotton or yellow Nomex® 2-layer FR cotton
- ⑦ **Reversible 2-point Quick-attach Postman Slide Chinstrap**
Tough and durable Nomex® chinstraps are quickly and easily changed or switched to right- or left-hand cinch
- ⑧ **Comfortable and Easy to Replace Suspension**
Cradles your head in comfort
- ⑨ **Protected Suspension Straps**
Internally located and not affected by external heat or flame
- ⑩ **Built-in Goggle Retention System**
Goggle-ready and equipped with our unique integrated goggle strap attachment system. No extra retaining parts are required.
- ⑪ **Standard 4~x 150~ New Generation Faceshield**
Available Shell Colors: Black, white, yellow, red, orange, blue, and green.

Strongest shell. Modern styling.

FYR-Glass: Strongest Shell on the Market

The 2013 edition of NFPA 1971 raised the bar. FYR-Glass is a proprietary custom-blended material found only in Morning Pride helmets. Our testing shows that FYR-Glass helmets are 39% more resistant to impact penetration than conventional fiberglass helmets with or without impact caps. FYR-Glass allows design options not available with other materials, resulting in a helmet that is lighter and better fitting. FYR-Glass also exhibits the best in heat performance. When exposed to radiant heat of two watts per square centimeter (2 W/cm² is the NFPA-mandated test exposure), FYR-Glass outperforms other materials. FYR-Glass shows no blistering or finish damage.

Superior, Low-riding Suspension System

The 2013 edition of NFPA 1971 raised the bar. Our unique padded suspension system and wider interior provide superior comfort and fit. The FYR-Glass shell is inherently stronger, eliminating the need for impact caps. Low Rider models deliver an even lower center of gravity, resulting in significantly less neck strain.

How to Build Your Helmet

Step 1: Specify base model:

Base model includes FYR-Glass shell, 2-piece padded brow comfort cap and ratchet, 6-point suspension with 6 depth adjustments, aramid liner cap, postman slide chinstrap, 4" x .150" new generation faceshield, 5 lime Reflexite® bars, and hang-up loop

Step 2: Select required components:

- Choose one chinstrap
- Choose one ear cover
- Choose eye/face protection
- Choose one retroreflective trim pattern/package

Step 3: Select options:

- Choose accessories
- Choose front
- Choose auxiliary helmet products
- Choose shell color: B – black, W – white, R – red, Y – yellow, O – orange, U – blue, G – green

- Standard Lite Force LR HT-LFL-BPR with yellow Nomex® moisture barrier FR cotton ear cover
- Standard Lite Force LR HT-LFL-HDO with yellow Nomex® FR cotton ear cover
- Models HT-LF2-BPR and HT-LF2 HDO also available

EV1 Helmets

The Revolution

Yet another milestone in our history of championing innovation and bringing you revolutionary products, developed with you in mind!

The progressive interface and cutting-edge features of EV1 helmets offer unmatched performance with a sturdy, sleek, lightweight design that customizes fit for unparalleled comfort and superior functionality. All EV1 helmets feature a low-profile design with patented internal springloaded EZ Touch face and eye protection. Standard features include leather headband and ratchet assembly with hook and loop – so that adjusting can be done on the go.

- ⑥ **Securely Attached Ear Covers**
Easily removed for cleaning
- ⑦ **Leather Headband and Ratchet Cover with Mesh Crown**
Standard on all models
- ⑧ **Anti-catch Safety Bracket for Leather Fronts**
Exclusive on our traditional helmets
- ⑨ **Lightweight, Low Profile Design**
Weighs in under 50 oz. Provides superior comfort and optimal balance.
- ⑩ **6-point Suspension with Easy-to-adjust Hook and Loop Headband System**
- ⑪ **Bulldog Edge Beading**
Rugged and durable.
- ⑫ **Adjustable Integrated EZ Touch Face and Eye Protection with Safety Lock**
Proprietary EZ touch feature allows for one-touch deployment of your face protection.
- ⑬ **EZ Clip, Reversible Chinstrap with Quick-release Buckle and Postman Slide**
For easy adjustment and proper fit.

Lightweight,
Low Profile,
Unprecedented
Comfort.

Adjustable, Integrated EZ Touch Lens

Proprietary EZ Touch feature allows for one-touch deployment of your face and eye protection. No fuss. No hassle. The EZ Touch lens stows internally and is released at the touch of a finger. It truly is the only solution for quick one-handed deployment.

Featuring a safety lock and a nose guard, the EZ Touch lens is easily adjusted to fit your face perfectly, thanks to its spring-loaded innovative design. In the event of impact, the face shield will move freely, avoiding potential nose fractures caused by non-spring loaded face shields available on the market.

Low-profile design combined with lighter-weight materials provides superior comfort and optimal fit. You will be amazed by how comfortable and well-balanced the EV1 feels once customized for perfect fit.

STRUCTURAL TRADITIONAL HELMET. NFPA 1971 CERTIFIED

EV1 Traditional Model

HT-TRA-EV1

- Leather headband and ratchet covers
- EZ Touch internal face and eye protection with safety lock
- Black Nomex® FR cotton ear covers
