Gentex is the only manufacturer of third party certified Aluminized shell material. As the Manufacturer of the fabric they have chosen to exercise their right granted in NFPA 1851 to define how their product is cleaned and warranted. They are now limiting their warranty to 12 months from the date of manufacturer, even when following their exact cleaning and storage guidelines*, and then the warranty only covers the actual cost of the material excluding manufacturing costs.

* Clean only with a soft cloth or sponge and mild soap. Rinse thoroughly. DO NOT MACHINE WASH. Dry by hanging in a well ventilated shaded area. Use a fan to circulate the air. Do not store when wet or with any chemical contamination. Do Not clean with any compounds containing ammonia, chlorine, other oxidizing or abrasive agents. Never store folded.

REED HOOD SIZES: Reed Hoods come in sizes from XS through XXXL.

TYPE OF MASKS: The Reed Hood was originally designed to fit SCOTT AV-2000 masks. New production models have been adjusted so they can usually work with both AV-2000 and AV-3000 masks. When properly fitted they can work with many other masks too.

FITTING: Due to variations in head and mask sizes, individuals should be fitted while wearing their actual equipment. Therefore, we will be pleased to exchange any Reed Hoods that are returned in like new, unused condition with the original packaging for Reed Hoods of the same spec and current NFPA Edition, but in a different size. Contact your regional team to pre-arrange this service should you need it.
