## NATURAL SOLVENT CLEANER/ DEGREASER

### Product Properties

COLOR: Clear Amber  
ODOR: Mild  
pH: 12  
SPECIFIC GRAVITY: 1.022  
FOAMING: Moderate  
DETERGENCY: Excellent  
SOLUBILITY IN WATER: Complete  
RINSABILITY: Complete

### Description

This concentrated, economical degreaser offers the natural solution to many tough industrial cleaning and degreasing problems. The natural solvents used in this formula cut grease and oils fast, yet without a lot of harmful alkaline ingredients. Its emulsifying properties hold soils in suspension and allow oils to separate for recovery or disposal. Versatile and effective, this product replaces and out performs a variety of products, yet is low in alkalinity, and non-acid. Can also be used as a laundry prespray & spoter.

### Features...Benefits

Concentrated ..... Economical  
Multi-Purpose ..... Easy to Use  
Corrosion Inhibited ..... Safer on Surfaces  
Removes Soils Fast ..... Labor Saving  
Use Manually or With Spray Equipment Dilute

### Directions

AUTOSCRUBBERS - Dilute 2 to 8 ounces per gallon of scrub solution.

MANUAL DEGREASING - Dilute from 4 oz. per gallon up to full strength, depending on soil conditions. Apply to soiled area and agitate with mop, brush or cloth. Rinse thoroughly with fresh water if practical.

SOAK TANKS - Dilute 8 to 40 oz. per gallon of water, and use from room temperature to 140°F (60°C).

LAUNDRY ADDITIVE - Add 4 to 8 oz. to the break, pre-wash or wash cycle of the machine along with your regular detergent. Launder as usual. If spots are not completely removed or desired whiteness or brightness is not obtained, use pre-spotting method and launder again or increase amount added to next washing.

LAUNDRY PRESPOTTING - Apply directly to spotted areas on fabric. Agitate by rubbing fabric together or by brushing. Place in washer and launder as usual.

### Safety Information

KEEP OUT OF REACH OF CHILDREN

WARNING. Contains Sodium dodecylbenzenesulfonate (25155-30-0) and Diethylene glycol monobutyl ether (112-34-5). DO NOT take internally. Avoid contact with eyes. In case of contact, immediately flush eyes with plenty of water for at least 15 minutes and seek medical attention. If swallowed, consult a physician immediately.
