Attachment A Armored Vehicle SPECIFICATION CHECKLIST

INSTRUCTIONS: Complete this form and submit as part of the IFB. Circle YES or NO for compliance with each specification ("no" responses require an explanation in the notes section). In the Notes Section, the bidder may offer equivalent ("Or Approved Equal") items that possess the pertinent salient characteristics of the comparable item. Any component that will fully perform the function specified will be considered 'equal,' provided the Bidder submits proof that such item is of equivalent substance and function. <u>All Specifications are MANDATORY.</u>

ITEM	DESCRIPTION	SELEC	TION	NOTES				
	Vehicle Chassis:							
3.1	One (1) Base OEM vehicle shall be a New or Unused	YES	NO					
3.2	Ten (10) speed or greater HD Automatic Transmission with Select Shift.	YES	NO					
3.3	Power brakes with 4 wheel anti-lock	YES	NO					
3.4	Wheelbase: Maximum length of 132 inches, Minimum Length 126 inches. (Must include drawing that verifies wheelbase length)OEM disclaimers are irrelevant.	YES	NO					
3.5	Crew area floor height distance to ground maximum 41 inches	YES	NO					
	Vehicle Interior:							
3.6	Tilt Steering Wheel	YES	NO					
3.7	Two (2) Front Seats with Heavy Duty Fabric (Driver Seat Armrest).	YES	NO					
3.8	Minimum of Fourteen (14) USB charging ports.	YES	NO					
3.9	In-dash OEM AM/FM Radio.	YES	NO					
3.10	OEM AC/Heat for the front drivers' area	YES	NO					
3.11	Cup Holders in front and rear.	YES	NO					
3.12	Front and Rear HD Floor Mats	YES	NO					
3.13	Heavy Duty Tie Down/Tie off Points in the Interior.	YES	NO					
3.14	Minimum of a Five (5) lb. Fire Extinguisher on Board.	YES	NO					
3.15	Eight (8) Interior Red & White LED Dome Lights for rear passenger area and cab area.	YES	NO					

Custom made Console – must contain amenities for future installation of Radios	YES	NO	
Seating for (2) front and (7-8) rear with removable wall mounted seats	YES	NO	
Vehicle Body:			
Forward Opening Two (2) Front Doors and one (1) side doors with auto hold out, and foot tap release (Must include video demonstration of auto hold out system and foot tap release in operation).	YES	NO	
Single Rear Door that can be locked open at 180 degrees or 90 degrees.	YES	NO	
Heavy Duty Battle Bolts/door locking system on all Doors including Rear Door.	YES	NO	
Emergency Exit Door-lock Override.	YES	NO	
Multiple Tow/Pull Points on Front and Rear	YES	NO	
	YES	NO	
Running Boards must be Military Specifications armor plate, Side and Rear minimum 11.5 inches deep.	YES	NO	
Side Running Boards with Weight Capacity of 3,000 lbs. individually (engineering documentation supporting weight capacity mandatory).	YES	NO	
Bolt-On Running Boards are prohibited.	YES	NO	
Heavy Duty LED Headlights	YES	NO	
Brush/Debris Protection over Headlight Area (does not have to be ballistic protection).	YES	NO	
Vehicle Performance:			
Armored Vehicle Aberdeen Performance Tested or U.S. equivalent with minimum 36.8-degree side slope (must provide documentation, test results must be within the last 20 years).	YES	NO	
Armored Vehicle Aberdeen Brake Performance Testing or U.S. Equivalent (must provide documentation, results no older than 20 years)	YES	NO	
Paved Surface Requirements 20mph stopping distance maximum 27.5 feet 40mph stopping distance maximum 97.5 feet 60mph stopping distance maximum 230.5 feet 	YES	NO	
	YES	NO
