VISUALIZE. DESIGN. CREATE.

PRICE GUIDE
Effective January 18, 2017

Who We Are

Since 1996, we've built a reputation for making well-designed, comfortable and affordable seating. Our unique build-to-order manufacturing model allows us to create beautiful and durable chairs and ship them quickly.

BUILD-TO-ORDER

We make thousands of custom chairs per day, built exactly the way you want, with absolute attention to quality control. Executive, conference, task, multipurpose and lobby seating – we've got it all.

FASTEST SHIPPING

Our nimble size and lean manufacturing operation mean speed in sourcing, warehousing, assembly and logistics that other manufacturers just can't match. This helps us cut lead time, sync orders to ship dates, and avoid redundant and off-schedule shipments, making us the fastest in the industry.

AFFORDABLE & EASY

You'll get more for your dollar with an IDEON chair. All we do is make great seating and deliver it fast, backed by an outstanding customer service experience before, during and after each sale.

WORLD-CLASS DESIGN

IDEON designers and engineers in southern California incorporate the best technical innovations from automotive, aerospace and other industries, and has over 50 years of accumulated design experience.

OUR COMMITMENT TO SUSTAINABILITY

Our commitment to sustainability makes it easier to design and build green, or upgrade your facility to the latest environmental standards.

DURABILITY

All our high-quality products are developed and sustainably built, making our products a cost-effective solution for any location.

DESIGN FLEXIBILITY

Our elegant product collections have been developed by world-renowned designers with the goal of giving you the ability to create custom seating to your own specifications.

LEED CERTIFICATION

Earn points toward LEED certification thanks to our manufacturing locations and our consciousness of recycled material.

ENVIRONMENTAL DATA SHEETS

Our Environmental Data Sheets are detailed documents declaring the percentage of recycling content, manufacturing process and indoor air emissions.

GREENGUARD CERTIFICATION

All SitOnIt Seating and IDEON products have been tested and certified by the GREENGUARD Environmental Institute and have met the rigorous criteria required by GREENGUARD Gold in accordance with the Collaborative for High Performance Schools.

LEVEL CERTIFICATION

Sustainability matters; that's why we've worked to achieve BIFMA level® certification for all SitOnIt Seating and IDEON seating products.

ORDER SIZE

No minimum order is required. Large orders may require additional lead time:

SitOnIt Seating

All orders in excess of 250 units

IDEON

Aviera: 50+ seat positions
Arioso, Composium and Visit Modular: 25+ seat positions

Contact Customer Support for details.

QUANTITY DISCOUNTS

Quantity discounts for CAL 133 textiles and some shipping methods are available. See the appropriate Price Guide or contact Customer Support for more information.

CHANGE ORDERS

Orders which have entered into production may not be changed. All changes on customer orders previously acknowledged must be requested in writing and are subject to approval. Requests for changes are not deemed accepted until acknowledged. In the event a revision is accepted, change fees may apply.

PRODUCT MODIFICATION

Special requests are available and additional charges will be determined per quotation. Up to five working days are required after the special request is received to prepare a quotation. Contact Customer Support for details.

CANCELLATION AND RETURNS

Orders that have entered any stage of production cannot be cancelled. Request for cancellations are not accepted until acknowledged. In the event a cancellation is accepted, cancellation charges may be imposed for the entire amount of the order. Authorization for return must be requested from and approved by Customer Support prior to the return of the merchandise. Returns may be subject to a restocking charge equivalent to 40% of the net order plus freight. Unauthorized returns will not be accepted.

LEAD TIME

We have thousands of carded textiles – including vinyl and leather – that ship in two, five or ten days. For a complete listing of textile lead times, see the Carded Textile Program section of the Textile Information Guide or visit the Textiles tab on our websites. Graded-in, COM and COL orders start production when the textile arrives from the manufacturer.

SitOnIt Seating

Lead time is 2, 5 or 10 days based on the textile. Plastic shell colors are available in two-days to three-weeks. Tablet arms require 3-weeks.

IDEON

Lead time is 10-days.

Orders received by 10 a.m. Pacific Time begin assembly the next day. Orders that are “On Hold” will begin production only when all holds are released. Types of holds include:

- Credit Hold for issues related to billing and invoicing.
- Incomplete Hold if the purchase order is incomplete or illegible.
- Pricing Hold if the price on the purchase order does not match the pricing shown in the Price Guide or in our computer system.
- New Fabric Hold for non-standard textile orders without an inventory part number.
- Graded Hold is placed by the Purchasing Department while confirming delivery of graded fabric from the vendor.

Customer Service will notify you of any holds placed on your order.

MULTI-UPHOLSTERY

The multi-upholstery option allows one fabric to be selected for the back and a different fabric for the seat. Multi-upholstery pricing is different for SitOnIt Seating and IDEON.

SitOnIt Seating

Upholstery pricing is based on both seat and back being the same textile. Otherwise:

- If two fabrics of the same grade are chosen, one grade level will be added to the upholstery price. Example: grade 4 for the seat and a different grade 4 for the back, the upholstery price will be grade 5 for both.
- If two fabrics of different grades are chosen, the final upholstery price will be based on the highest grade. Example: grade 2 for the seat and grade 3 for the back, the upholstery price will be grade 3. For both.

IDEON

A standard upcharge applies to all multi-upholstery orders. Different fabrics and grades may be combined because back, seat, arm and valance are separately priced.

- Add the single multi-upholstery upcharge to the cost of the components.
Example: upcharge + any grade price for the seat + any grade price for the back + any grade price for the arm.

PRODUCT AND DESIGN CHANGES

We reserve the right to discontinue product lines, models and parts at any time. We also reserve the right to make changes in design and material when such action is deemed to be an improvement in design, function and/or construction.

Ordering Information

MINIMUMS

SitOnIt Seating

There is no minimum requirement. Standard transportation freight costs are included in the price of the product.

IDEON

The freight program is designed to be delivered freight prepaid to the designated consignee, based upon a minimum of three or more items. If the shipment does not meet the minimum unit requirement, a freight surcharge of \$95 net per shipment will be assessed. Multiple orders for IDEON products may be combined to meet the three piece minimum requirement, as long as all items are shipping on the same day to the same delivery location. Due to different carriers and shipping methods IDEON cannot be combined with SitOnIt Seating products to meet the three piece requirement.

FREIGHT TERMS

Freight terms apply to the continental US only. This excludes Alaska and Hawaii. All standard transportation services and freight costs are included in the price of our products. We ship Freight Prepaid and Allowed, FOB, Origin. The Customer takes possession of the physical goods at the time of shipping. We are not responsible for in-transit damage. In the event of damage the customer is responsible for filing any claims with the carrier.

Shipments outside the contiguous U.S. are shipped to the point of embarkation free of charge, if the shipment meets the minimum requirement. All subsequent freight charges will be at the customer's expense, shipped collect.

Because of the fluctuation of fuel prices we reserve the right to impose fuel surcharges for any shipments.

SHIPPING

Standard shipments are made via common carrier, unless otherwise specified. Special routing requests made by the customer or the consignee may result in additional charges.

Standard deliveries are dock-to-dock and are scheduled to occur Monday through Friday between 8 a.m. and 5 p.m., based on our published transit times. We will not be held responsible for issues or costs arising from carrier transit delays, missed delivery appointments, etc. We reserve the right to charge for non-standard customer delivery requirements that may include order deliveries, inside deliveries, etc. For information concerning these charges contact Customer Support.

Shipments are not guaranteed. Expedited service is available at an additional cost. We will work to arrange a specific delivery timetable with the carrier. Expedited services contracted with carriers are done solely at the request of the customer, and we in no way assume responsibility, either financial or otherwise, for any costs incurred as a result of a service failure on an expedited shipment. Contact Customer Support for more information.

FREIGHT DAMAGE

We are not responsible for product damage occurring in transit or during storage. Before accepting a shipment from the carrier, carefully review the packing list and inspect the quantity and condition of the items. Promptly document all visible damage on the Bill of Lading and request a carrier inspection of the product. In the event of damage, accept the order and contact Customer Support for issue resolution. Concealed damage must be reported in writing within 15 days of accepting delivery. We will take all reasonable steps to assist customers in resolving claims for loss or damage.

WILL CALL

Customers with Will Call orders will be notified once orders are ready to be picked up. Customers will have three business days from notification to pick up the order. If the order is not picked up within this time frame storage charges will start at a rate of \$30 per business day until the order has been claimed.

INVOICING

Invoicing is triggered when the product ships.

CAL 133

Fire safety is a top priority for us. SitOnIt Seating and IDEON strongly support CAL 133 standards and makes it easy for designers and buyers to specify CAL 133 chairs.

CAL 133 VS. TB-117

Under California law all upholstered furniture must meet TB-117-2013 by January 1, 2015. At a minimum all SitOnIt Seating and IDEON fabrics, vinyl, leathers, and resilient filling material (i.e., foam and Dacron) meet TB-117. Unlike TB-117, which tests only the inner upholstery components, with CAL 133 the entire piece of furniture must withstand ignition from a gas burner inside a testing chamber.

WHAT IS CAL 133?

CAL 133 is a standard of furniture flammability required by the California Bureau of Home Furnishings and Thermal Insulation for furniture used in public buildings such as healthcare facilities, convalescent homes, public assembly areas of hotels and motels, hospitals, board and care homes, stadiums, licensed child care facilities, prisons and jails.

CHOOSING CAL 133 TEXTILES

Consult the individual SitOnIt Seating and IDEON fabric cards to review the specifications for each fabric offered. Because we offer such a vast array of fabrics with varying degrees of flame retardancy, we suggest you consult the published technical data of the fabric supplier when making your fabric selection.

Specify CAL 133 textiles in the Material section of the Final Price Calculation worksheet or on your purchase order.

SitOnIt Seating and IDEON assume no responsibility for the flame retardancy of any customer provided textile.

CAL 133 APPROVED MODELS

The following models when combined with approved textiles and blocker meet the CAL 133 standard:

CAL 133 TESTING

CAL 133 is a full scale fire test for furniture manufactured for use in public buildings. The standards do not specify how to construct furniture, but only how it should perform when tested. To pass this fire standard test, a fire blocking liner is sandwiched between the foam and the fabric of our chairs. This liner acts as a fire extinguisher by smothering the flame.

COM/COL compliance for CAL 133 models listed above can be determined by specifying upholstery with the exact characteristics as approved textiles or by conducting a full chair burn test. There is a non-discountable test fee for each chair-textile combination plus the cost of the chair. The lead time for testing is 4 weeks.

SitOnIt Seating

\$600 (4 weeks lead time)

IDEON

\$800 (6 week lead time)

For more information on TB-117 and CAL 133 visit the State of California Department of Consumer Affairs website.

TO ORDER CAL 133

Allow a ten-day lead time. There is a 3-week lead time for InFlex black, bisque, salsa, navy, pebble, chocolate and slate. There is a 4-week lead time for Torsa desert, desert stripe, fog, fog stripe, electric blue, fire and navy. Clearly specify CAL 133 on your order. For each chair add the appropriate additional charge (see Price Guide).

CAL 133 COM/COL

COM/COL compliance for CAL 133 models listed above can be determined by specifying upholstery with the exact characteristics as approved SitOnIt Seating fabrics and leathers or by conducting a full chair burn test. The non-discountable test fee for each chair-textile combination is \$600 net plus the cost of the chair. The lead time for testing is 4 weeks.

SitOnIt Seating

\$600 (4 weeks lead time)

IDEON

\$800 (6 week lead time)

CAL 133 LEATHER

Volo leather meets CAL 133 when applied to @Work, Focus, Freelance, Glove Active, Glove Executive, Leader Knit Back and Sona.

CAL 133 PLASTIC

All our plastic chairs are CAL-133 approved except our Achieve collection.

CAL 133 TEXTILES

Over a thousand CAL 133 approved textiles in all grades, colors and styles are listed on the SitOnIt Seating website. Visit sitonit.net and search textiles by CAL 133 compliance, manufacturer, grade, lead time and other attributes.

TO CHECK PURCHASED SEATING FOR CAL 133

To determine whether your current SitOnIt Seating chair meets CAL 133, or to check an order you have recently received, check the bottom of the chair seat pan for the label shown below. If your chair does not have this tag, your chair does not meet CAL 133.

NOTICE

This article is manufactured for use in public occupancies and meets the flammability requirement of California Bureau of Home Furnishings technical bulletin 133. Care should be exercised near open flame or with burning cigarettes.

MOISTURE BARRIER

Accidents happen. To help protect your investment moisture barrier for seats and backs is an option on all IDEON seating products.

Specify moisture barrier seats and/or backs in the Material section of the Final Price Calculation worksheet or on your purchase order. Note that specification and pricing is separate for seat and back and applies to each single seat or back position

UNMATCHED PATTERN MATCHING

IDEON is the industry leader in pattern matching. Our PatternMatch™ expertise links patterns to chair components for a unified look across the back, front, seat and valance. Fabric for the right and left arms are cut to be mirror images. With this technology, every chair is a perfect match.

And the match can be replicated, even years later. If a replacement seat, back, valance – or even a complete chair – is needed, PatternMatch ensures the replacement perfectly matches the original.

FABRIC DIRECTION

Patterned fabric may be oriented to your liking. Each upholstered component (seat, back, arm, valance) can be positioned independently.

Dotted lines on the chair images on the next page represent how we judge directional patterns travel. If you wish the pattern to travel according to our standard direction for each component do nothing or add “S” to the manufacturer/pattern/colorway information on your order. If you wish the pattern to be rotated select “Rotate Fabric Direction 90 Degrees” in the Final Price Calculation worksheet or add “R” to the manufacturer/pattern/colorway information on your order.

Example

Back or Front & Top Panel (ottoman)		\$
Textile Manufacturer:		
Textile Pattern:		
Textile Colorway:		
<input type="checkbox"/> Rotate Fabric Direction 90 Degrees		

To ensure desired fabric direction use the form on page 8.

All fabric will be applied in the standard direction unless otherwise specified. Since some fabrics may be bi-directional with a subjective dominate direction, IDEON reserves the right to use its own judgment and will apply the fabric in what is determined to be the best manner. To assure we meet your expectations, some upholstery selections may require visual verification prior to production. Visual verification orders will not be scheduled for production or acknowledged with a ship date until the customer has approved the visual image.

TEXTILE SAMPLE

To avoid confusion you may wish to attach a sample textile with the desired face and direction indicated.

Custom Finish Program

Our Stain-to-Match Program is designed to match your distinctive wood stain finish on our wood surfaces.

PRICING

We will gladly do our best to match any stain in your color scheme, such as flooring, trim and other furniture. The stain-to-match upcharge is applied to each chair or table requiring the custom finish.

Custom Stain Match

If the desired stain is not one of the standard finishes listed in a Price Guide, a custom stain match fee will apply. Our custom finish process requires extra time to create a perfectly matched sample for your personal approval. Since stain reacts differently on different woods, and color batches vary, it is important to perform this test. This one-time net fee applies the first time a request is made for that particular stain color. The charge does not apply to reorders of the same product by the same customer. Once the custom stain has been approved, a stain-to-match upcharge is applied to every chair ordered with the new stain.

SitOnIt Seating

Stain matching fee (net): \$350

Stain-to-match upcharge: \$55 (waived for 50 or more units)

IDEON

Stain matching fee (net): \$275

Stain-to-match upcharge: \$70

APPROVAL PROCESS

Since all new stains must be approved before they can be applied to seating or tables allow extra time. Custom finishes generally require two weeks to create a matched sample and then we'll need your written approval to schedule the order into production and acknowledge a ship date. We reserve the right to decline the opportunity to match a finish color.

1. Send a 3" x 4" or 4" x 6" sample of the stain, along with the model numbers and options to which the finish will be applied, to:

2. We will send a finish sample to you along with any caveats that may apply. We will keep an identical sample in our files for future orders. Custom finishes generally require two weeks to create a matched sample.
3. Carefully review the sample. Note the STAIN ID# (example: SM#070214-1); this will be needed for your order. We'll need your written approval to schedule the order into production and acknowledge a ship date.

ORDERING

When ordering, enter the approved STAIN ID# in the Material section of the Final Price Calculation worksheet or on your purchase order.

CUSTOM FINISH TERMS & CONDITIONS

Wood is inherently beautiful because of natural variations in color, grain and texture. There may be minor differences from one chair to the next, even though they are finished at the same time. We cannot guarantee exact matches of grain or natural wood color.

Component Pricing

COMPONENT PRICING

This IDEON Price Guide features component pricing. Component pricing puts you in the driver's seat: it is designed to show you exactly what you are paying for.

The following pages provide the specific product information that will help you price and create a custom model number for your chair, settee, sofa, ottoman or bench.

Begin at step 1 by choosing a model. Work your way through the worksheet by choosing arm, back, valance and foot styles. Select the accessories and textiles you desire (sequence and number of steps will vary depending on product).

The choices you make will either add to or subtract from the prominently listed base price. Standard features add nothing to the base price, and some choices are even a deduction! At the Final Price Calculation step simply enter the item codes and add up the pricing.

Specify the quantity desired and your requested delivery date and fax the worksheet along with your P.O. number and contact information to (714) 995-4855 or email to purchaseorder@exemplis.com. Or transfer the information to your own company's order form.

All products, prices and codes are subject to change. For the most current information see the IDEON Price Guide online at ideondesign.com.

GUEST LOUNGE SEATING

The Aviera collection was developed specifically for high traffic areas. The stylish collection includes versatile guest, patient, bariatric and multi-seating, bringing new meaning to the term customizable. Seats can be specified in 21", 24", 30" and 44" widths and there are two back types. Mezzanine and linking tables round out the offering to create an ideal solution for high-traffic entry, reception, waiting and common areas.

Aviera beech and maple chairs are available in four wood stain finishes, and metal chairs are offered in three powder-coat finishes. Tables come in wood veneer or laminate tops with polymer edges. All Aviera wood surfaces feature a silver ion anti-microbial finish that inhibits the growth of mold, mildew and bacteria.

HIGH TRAFFIC. LOW STRESS.

FREESPAN 2-SEAT MULTI-SEATING

The Aviera collection was developed specifically for high traffic areas. The stylish collection includes versatile guest, patient, bariatric and multi-seating, bringing new meaning to the term customizable. Seats can be specified in 21" and 24" widths. Mezzanine and linking tables round out the offering to create an ideal solution for high-traffic entry, reception, waiting and common areas.

Aviera beech and maple chairs are available in four wood stain finishes, and metal chairs are offered in three powder-coat finishes. Tables come in wood veneer or laminate tops with polymer edges. All Aviera wood surfaces feature a silver ion anti-microbial finish that inhibits the growth of mold, mildew and bacteria.

PRE-CONFIGURED 3-SEAT MULTI-SEATING

The Aviera collection was developed specifically for high traffic areas. The stylish collection includes versatile guest, patient, bariatric and multi-seating, bringing new meaning to the term customizable. Seats can be specified in 21" and 24" widths and there are two back types. Mezzanine and linking tables round out the offering to create an ideal solution for high-traffic entry, reception, waiting and common areas.

Aviera beech and maple chairs are available in four wood stain finishes, and metal chairs are offered in three powder-coat finishes. Tables come in wood veneer or laminate tops with polymer edges. All Aviera wood surfaces feature a silver ion anti-microbial finish that inhibits the growth of mold, mildew and bacteria.

HIGH TRAFFIC. LOW STRESS.

AVIERA LINKING TABLES

Tables are like bridges joining chairs and multi-seating elements. Connect like items together or mix it up. For instance, a table can link to a Guest or Patient chair on one side and a Pre-Configured, Freespan, Start or End element on the other. In a Start/Center/End configuration a table must connect to either a Start or an End. End tables have two legs, and 90° radius and square tables have one leg.

HIGH TRAFFIC. LOW STRESS.
