TERMS AND CONDITIONS

Ordering Procedures

Purchase orders must be received with complete information, which includes the following:

- Complete/valid model numbers
- All textiles, finish, and material specifications for each line item.
- "Ship to" address and contact
- Special shipping instructions (tagging, requested dates, etc.)
- Billing address
- Net prices

Submit orders electronically via EDI or OrderXchange.

To order literature or check order status on-line, please visit us at **kimballhealth.com.**

The customer bears sole responsibility for order correctness. Orders are accepted only by issuance of Kimball Health's formal order confirmation and are subject to the terms and conditions set forth herein, notwithstanding any variance in terms and conditions set forth on buyer's order forms.

The order confirmation is the final agreement between the customer and Kimball Health and supersedes all prior oral, written or electronically transmitted statements regarding the order. Kimball Health will attempt to meet all requested ship or delivery dates. If no specific date is requested, we will assign the best possible ship date available.

Changes and Cancellations

A confirmed order may not be changed or cancelled, in whole or in part, without prior written consent of Kimball Health. Expenses incurred because of the changes shall be charged to the Purchaser. In the event of cancellations, Purchaser will be liable for reasonable cancellation charges established by Kimball Health. Changes may affect delivery dates.

No changes or cancellations will be accepted after order entry for:

- Non-standard lead time products
- Engineer-to-order (modified or non-standard products)
- Alliance program upholstery
- Customer's own material (COM)
- Customer's own leather (COL)
- Customer-specified laminate (CSL)
- Customer-specified paint (CSP)
- Mock-ups
- Service parts/replacements

Modified Product

Our manufacturing flexibility allows us to accommodate requests for non-cataloged product. We are happy to discuss your unique product requirements and determine feasibility and pricing.
➤Contact ***By Design*** for assistance at 800.482.1616 extension 6002.

Finishes and Materials

Wood Finish Color Matching
Each piece of natural wood offers unique texture and grain. Minor variations in finish color and value may occur due to the natural characteristics of wood. Kimball Health carefully selects all materials used in every product ensuring a commercially acceptable color and finish. Factors such as aging and exposure to light alter finishes.

Fabric Color Matching
Kimball Health will always ship a satisfactory commercial match on fabric. Because of industry dye-lot variation, colors may not match exactly.

Terms and Pricing

Net 30 days. If the invoice amount is not paid in full within the terms of the invoice, the invoice may be subject to a monthly finance charge equal to the lesser of 1.5% or the highest amount permitted by law. List prices include freight charges; however, they do not include:

- Storage and insurance charges
- Sales and other taxes
- Local delivery, unloading, or installation

These items will be invoiced as separate line items.

All prices herein are delivered list price, unless noted, effective December 18, 2017, and supersede all other published prices. Prices shown cover standard product only, additional charges will be applied for changes to standard product. Kimball Health reserves the right to change prices without prior notice. Prices herein are only for shipment within the continental United States or Canada.

Selling Information
Distribution of this price list does not in itself constitute an offer to sell. Orders can be received only from authorized Kimball Health customers. Kimball Health price lists and catalogs are not available to the general public.

Product Design

Kimball Health reserves the right to make changes in design, specifications, and construction or discontinue products without prior notice.

Shipping/Freight

Products are priced and will be delivered C.P.T. one contiguous U.S. destination, one Canadian destination or one port of exit, freight prepaid (Incoterms 2010). Title shall transfer with risk of loss.

Kimball Health reserves the right to select the most appropriate shipping terms.

Delivery

Normal delivery hours are 8:00 a.m. to 5:00 p.m. Monday through Thursday and 8:00 a.m. to 3:00 p.m. on Friday. Any delivery arrangements made outside of normal delivery times are subject to additional charges.
➤See below.

Any charges incurred because of failure to receive a shipment or offload a shipment in a timely manner (maximum time allowed to offload trailer is 3 hours) will be billed to the sold-to customer.

Any charges as a result of rerouting a shipment while in transit will be billed to the sold-to customer.

Any order requiring **Special Delivery Service** will incur additional charges. All such requirements must be noted on the purchase order. These are services that are not included in the standard price of the product or require the usage of specialized carriers. These services include:

- Weekend delivery (after 3:00 p.m. Friday through Sunday evening)—minimum $500 charge.
- Inside delivery—minimum $50 charge.
  Note: Must be approved and coordinated 10 days prior to shipment.
- Non-dock delivery—minimum $50 charge.
- JIT delivery (specific day and/or time)—Orders under $25,000 list will incur a $125 charge.
- Rush delivery (1-3 days from ship date)—Contact Customer Service for charges.

Carrier Selection
Kimball Health reserves the right to select the most appropriate mode of shipment. Kimball Health relinquishes all responsibility for goods shipped upon a clean receipt from the carrier. Customer bears the risk of loss or damage during shipment.

Packaging
Kimball Health's standard method of shipping is to carton most items. Certain full truck load shipments may qualify for special consideration. Contact Kimball Health for guidelines. International shipments can be crated at the customer's request. The expense of crating will be the responsibility of the customer.

Palletizing
Kimball Health may elect to palletize or shrinkwrap key products on projects when it effectively reduces carton waste and improves stability within the shipment.

Loss, Damage, or Delay
Kimball Health shall not be liable for loss, damage, detention or delay resulting from causes beyond its reasonable control including but not limited to fire, strike, weather, wreck or delay in transportation. In the event of delay due to any such cause, the delivery date will be postponed by such length of time as may be reasonably necessary to compensate for the delay.

Storage
If the customer requests a change of ship date and the product is in production, Kimball Health reserves the right to transfer the product to storage at the customer's risk and expense. All requests to store product must be approved by Kimball Health Customer Service and may be subject to storage fees. Such transfer to storage will be deemed delivery to the customer for all purposes including insurance, liabilities, invoicing, and payment.

Returned Merchandise
Merchandise will only be accepted for return under the following conditions:

① The product is a "made to stock" item; *and*
② Return Goods Authorization (RGA) is given to you by your Customer Service Team.

All returns are subject to a 50% restocking fee. All freight charges for returned product are the responsibility of the customer. Unauthorized returns will not be accepted and will be returned freight collect. All merchandise being returned must be properly packed and protected in the original cartons. Upon receipt, all returned merchandise will be thoroughly inspected. Any discrepancies, such as additional damage, signs of usage, missing parts, etc., will result in an adjustment to the amount of credit issued.

Claim Process

All products produced by Kimball Health are carefully inspected and properly cartoned prior to shipment. All shipments are delivered to the transportation company in good condition. Kimball Health customer service will file the freight claims for you. **Follow these easy steps:**

① Before signing for the merchandise, make notation of all visible damage, shortages and/or time of truck arrival on the bill of lading.
② Contact Customer Service within 15 calendar days of delivery receipt to report issue. We will advise whether a freight claim will need to be filed based on mode of transportation.
③ If claim must be filed, carrier must be contacted within 15 calendar days of delivery. Retain all shipping cartons for inspection by the carrier agent.
④ A copy of the Carrier Disposition Letter must be sent to Customer Service to receive additional credit on concealed damage issues via Redistribution/LTL carrier shipments.

For Concealed Damage, follow steps 2 through 4.

PRODUCT WARRANTY

Lifetime Assurance of Quality

Our Pledge

Kimball Health stands behind the craftsmanship of our products. When brought to our attention, we will address warranty issues quickly and effectively.

Recommendations

Faciltliies managers and users are urged to make periodic inspections to look for signs of structural fatigue, damage, or potential failure that may occur as a result of daily handling and use. Inspections should include the structural joints, corner blocks, screws or fasteners, welds, and any other points of stress. If any problems are found, the product should be taken out of service and Kimball Health Customer Service should be contacted promptly at 800.482.1818

Limited Product Warranty

Kimball Health warrants that its products are free from defects in materials and workmanship given normal use and care for a lifetime of the product.
Exception: Some products and parts have limited warranty periods.
➤See lists at right.

This warranty is made by Kimball Health to the original customer for as long as the original customer owns and uses the product.

This warranty is only valid if the products are given normal and proper use, and installed or used in accordance with Kimball Health installation and/or application guidelines, and installed by an authorized Kimball Health dealer or agent.

Kimball Health assumes no responsibility for repairs to products sustaining damages resulting from user modification, attachments to a product, misuse, abuse, alteration, or negligent use of our products.

EXCEPT AS EXPRESSLY SET FORTH ABOVE, THERE ARE NO OTHER WARRANTIES EITHER EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR ANY PARTICULAR PURPOSE. WE EXCLUDE AND WILL NOT PAY CONSEQUENTIAL, PUNITIVE, OR INCIDENTAL DAMAGES UNDER THIS WARRANTY.

All warranties run from date of manufacture.

Warranty Periods

Warranty periods are limited for certain products and/or component parts as follows:

10-Year Warranty
- Veneers
- Laminate
- EOS^{CU}
- Pneumatic lifts (cylinder assembly)

5-Year Warranty
- High-wear parts (such as casters, glides, drawer slides, moving chair arms)
- Seating mechanisms for Shore and Meadow
- Electrical/power products
- Covering materials (such as foam, most textiles, 3D laminate, and decorative trim)

3-Year Warranty
- Custom products

Warranty Exclusions

This warranty does not cover:
- The substitution of non-Kimball Health components for use in place of Kimball Health components
- Naturally occurring variations and differences in grain character and color between and within wood species
- Natural variations in marble and leather
- Damage caused by a freight carrier
- Normal wear and tear arising from product use
- Damage resulting from improper use or storage of the product
- C.O.M. (Customer's Own Material) or any other non-standard material specified by the customer, including attributes such as appearance, durability, quality, performance, colorfastness, etc.
- Alliance program fabrics
- Fabric, leather, and felt fading and wear, discoloration from contact with liquids or change in color or texture caused by application of finishes (flame proofing, stain resistance)
- Alterations or repairs to the product not expressly authorized by Kimball Health
- Products considered to be of consumable nature (such as bulbs, light ballast, and certain electronic products)

Process for Warranty Issues

① A customer should contact his or her dealer, who will contact Customer Service at 800.482.1818. The purchase order or acknowledgement number, model number, and a detailed description of the warranty issue should be provided. Serial numbers may be required before the claim can be processed.

② Customer Service will determine and pre-approve all resolutions to the claim, such as replacement units, service parts, and labor charges related to repair or redelivery of damaged or defective product.

③ Upon approval, a Case Number and resolution will be assigned to an authorized dealer, and all parts and components necessary for the repair/replace will be sent to the authorized dealer, which will carry out the resolution. The dealer should include the Case Number on all invoices for reimbursement once the warranty repair/replace has been completed. Kimball Health shall not be responsible for any unauthorized expenses. Kimball Health will only accept dealer invoices submitted within 90 days of the final approval by Customer Service; invoices received after 90 days will not be approved for dealer credit or payment. All warranty information should be sent to:

SUSTAINABILITY

Enhancing the Home We All Share

At Kimball Health, we are proud of our environmental stewardship. We are committed to sustainable business practices and continuous improvement. It's part of our heritage to take initiative, to reduce waste, to conserve energy, to commit fully, and to lead by example.

Throughout our more than 40 years of documented environmental actions, we have been a responsible steward of resources and have acted as an agent of sustainable change in our industry.

ANSI/BIFMA level™

We offer one of the most sustainable portfolios in the industry, which includes systems, casegoods, tables, and seating. Our product testing team evaluates all Kimball Health products, ensuring they meet ANSI/BIFMA Standards.

LEED® Certification

Kimball offers furniture solutions which may contribute toward LEED® certification. The LEED Green Building Rating System™ is the nationally accepted benchmark for design, construction, and operation of high performance green buildings. Kimball has sought and received LEED certification for several of its facilities across the country.

LEED-CI Gold:

- San Francisco, CA showroom

LEED-CI Silver:

- Chicago, IL showroom
- Washington, DC shownroom

LEED-CI:

- Corporate Headquarters

Pura® is our proprietary wood finish that has virtually no volatile organic compounds (VOCs). Pura is a key part of our sustainability story, enabling a broad range of products to exceed indoor air quality standards and help our customers achieve LEED credits.

➤Find more specific details regarding the environmental aspects of our product offerings at: **kimball.com**

KIMBALL REFERENCE PRODUCTS

We understand that the Healthcare Market is dynamic and complex. The highly-styled line of innovative products in the Kimball Health line, combined with the intuitive and vast Kimball product portfolio, offers solutions for nearly every interior application of a healthcare project.

Our understanding and commitment to giving patients and their loved ones the right solutions is evident in Kimball's 45-year history of creating purposeful products.

The following images represent the broad and integrated portfolio of well-crafted, stylish, and durable products that Kimball can provide to fit your facility needs.

To learn more about these product lines please visit kimball.com or see our comprehensive price lists.

HOW TO SPECIFY

Product Page Organization

Each product page in this price list includes (as applicable):

- Illustrations
- Pricing by model and grade
- Standard list
- Options list
- Shipping weight and cubic feet information
- Yardage requirements
- Specification steps

Complete Specifications

Complete specifications are built by following a set of steps. These "How to Specify" steps are located on each pricing page and are specific to the models found on that page.

Base model numbers may be comprised of two or more steps. For concise presentation, some model numbers have been truncated within the pricing table.

- The steps numbered using a solid circle with a white number inside (e.g., ❶, ❷, or ❸) make up the base model number.
- Steps numbered using an outlined circle with black number inside (e.g., ④, ⑦, or ⑨) are required to complete the specification.

Electronic Catalog and Specification Software

Kimball promotes the use of electronic drawing and specification tools to automate the furniture sales, design, and specification process. We provide our symbol and product information to industry leading design and specification software companies. We work closely with 20-20 Technologies Inc. to develop additional automation routines for our products; these are available in CAP and Giza software tools. We also partner with KISP and all of our products are available in The KITS *collaborator*™. As noted in our Terms and Conditions, the customer bears the responsibility for order correctness.

WOOD

Characteristics, Samples, and Maintenance Tips

Characteristics

Kimball Health's experience in wood finishing extends from past generations of craftsmen to present day state-of-the-art technology.

Our Pura® finish is a proprietary, wood finish on Beo, Sanctuary, and Villa Health. It has virtually no volatile organic compounds (VOCs). It uses less energy than our conventional finishing process and meets or exceeds BIFMA Furniture Emission Standards (FES) and U.S. Green Building Council LEED requirements for indoor air quality. Pura is exceptionally clear and allows the beauty of our wood to shine through. The depth, clarity, and beauty of Pura meets the high expectations customers have of Kimball Health finishes.

Color Matching

Each piece of natural wood offers unique texture and grain. Minor variations in finish color and value may occur due to the natural characteristics of wood. Kimball Health carefully selects all materials used in every product ensuring a commercially acceptable color and finish. Factors such as aging and exposure to light alter finishes.

Brighton maple is a clear finish for those who appreciate the inherent beauty of wood. Differences in grain character and color are natural characteristics of wood and will show through in the finished product.

The wood species on seating may vary from the wood species on the patient room casegoods. Different wood species offer unique texture and grain which provide more variation in finish color; however seating finishes are compatible with casegoods finishes.

Samples

Samples of wood finishes, paints, and laminates are available upon request. Samples are to be used as guidelines only. Slight variations within commercial tolerance may occur in color and texture. Kimball carefully selects all materials used in every product, ensuring a commercially acceptable color and finish.

Swatch cards and memo samples of Kimball fabrics are available upon request. There may be slight differences between samples and actual yardage as a result of variations in dye lots.

To order samples:

- Visit the Partner web site at kimballhealth.com to order materials electronically.
- Contact your Kimball Health Sales Representative or the nearest Kimball Health Showroom.
- For Alliance program fabrics, contact our Alliance partner directly.

To Maximize Longevity and Beauty of the Wood Finish

- Clean all surfaces frequently with a water dampened soft cloth following direction of the grain.
- Dry with a separate cloth if needed.
- Avoid exposure to strong sunlight or extremes in temperature or humidity.
- Avoid exposure to harsh solvents and always remove any spilled liquids immediately.
- Use a desk pad. This will help protect against possible damage and imprinting caused by writing instruments and sharp objects.
- Pads with foam backing are not recommended.
- If using a protective glass top, always place felt spacer pads under the glass to allow the wood to breathe.
- Do not leave plastic, vinyl, or rubber items on finished wood surfaces. Sustained contact could damage the finish.

WOOD
Wood Finishes

Applies to:
- Alpine arm caps
- Beo frame and arm caps*
- Meadow arm caps
- Pairings Health
- Shore arm caps
- Spruce frame, arm caps, and tables
- Sycamore wood frame and tandem tables
- Tucker frame
- Villa Health lounge arm caps and tapered legs
- Villa Health sleep sofa arm caps

ALLIANCE PROGRAM FABRICS

In order to provide a broad range of design-oriented fabrics, Kimball Health has formed partnerships with:

- Arc-Com
- Carnegie
- CFStinson
- KnollTextiles
- EnviroLeather
- Maharam
- Mayer Fabrics
- Momentum
- Ultrafabrics

Application of Alliance Program fabrics will be as depicted on the website or memo sample unless otherwise instructed on the order.

Alliance graded pricing includes the cost of the material. Repeat is also accounted for and no additional upcharge is required.

Lead Time:

Lead times for alliance fabrics are based on supplier availability. Pre-planning orders can help facilitate arrival of products as needed. Each supplier reserves the right to discontinue patterns or colors. Kimball Health will not be held responsible for supplying discontinued patterns/colors or when minimum order quantities apply. Contact Customer Service for availability before finalizing orders.

IMPORTANT: Orders cannot be cancelled for alliance program fabrics.

TB133:

Contact Customer Service about TB133 requirements.
Note: Many of these fabrics may pass additional flammability tests. Please inquire about compliance with specific regulations.

Samples:

For memo samples, contact our alliance partners directly.

Ultrafabrics
877.309.6648
ultrafabrics.com

How to Specify:

① Follow the “How to Specify” steps listed on the alliance fabric pricing page within each section.
② For the “fabric grade” step, add the appropriate three-letter supplier prefix to the fabric grade:
ARC[grade] = Arc Com
CAR[grade] = Carnegie
CFS[grade] = CF Stinson
KNL[grade] = KnollTextiles
LDI[grade] = EnviroLeather
MHM[grade] = Maharam
MAF[grade] = Mayer Fabrics
MOM[grade] = Momentum
ULT[grade] = Ultrafabrics
③ For the “fabric designator” use the designator for the pattern/color:

To view the complete offering of graded-in fabrics, visit kimball.com/materials/#COLL=GRADED

TB133:

TB133 is available on all patterns, except:

- Dolce is not available on Beo enclosed-arm models with TB133

Railroad Application:

Railroad application of any fabric must be custom quoted.

➤Please contact ***By Design.***

Contrasting Fabric:

Contrasting fabric is defined by entire back and seat fabric application. Contrasting fabric is available on:

- Alpine
- Beo
- Event
- Meadow (seat, back, and frame)
- Pairings Health
- Spruce
- Shore (seat, back, and frame)
- Sycamore
- Tucker
- Villa Health

Select any contrasting inline, Alliance Program, COM, or COL fabric.

IMPORTANT: When specifying contrasting fabric, use an electronic specification tool for pricing. If one is not available, you may contact Customer Service.

How to Specify:

① Follow the "How to Specify" steps on the appropriate pricing pages for the seating model, indicating the contrasting fabric or button information in the order outlined.

Contrasting Button:

Contrasting button is available on Beo (button back model) at no upcharge.

Kimball Health fabric or leather MUST be specified if you desire a contrasting fabric on the button; Alliance program fabric is not available for contrasting button.

How to Specify:

① Follow the "How to Specify" steps on the appropriate pricing pages for the seating model, indicating the contrasting fabric or button information in the order outlined.

Cut Yardage:

Kimball Health fabric is available in whole yards for fabric or faux leather and in half or whole hides for leather. List prices include freight.

Price Grade	*List Price per yard*
1	$38
2	58
3	76
4	99
5	130
6	173
7	220

Leather Grade	*List Price per Half Hide (25–28 sq ft)*	*List Price per Full Hide (50–57 sq ft)*
L7	$580	$1190
L8	689	1417

How to Specify:

① Model number:
KOUPHCUTYDG = fabric or faux leather
KOLTHRFHIDE = leather (full hide)
KOLTHRHHIDE = leather (half hide)
② Fabric grade
③ Fabric number

Standard Regulation Testing:

TB117-2013

California Flammability Regulation #117 is a set of minimum allowable standards of flammability to which all upholstered furniture sold in the State of California must comply. It relates primarily to fabric coverings and resilient fillings. All shipments of Kimball Health fabric comply with Regulation #117 and our invoices and law labels for such goods bear certification that our upholstered products comply.

UFAC

All Kimball Health seating is made in accordance with the Upholstered Furniture Action Council (UFAC) criteria to reduce chance of ignition by burning cigarettes.

TB133 Factor

TB133 factor is a full-scale fire test for furniture manufactured for public use in which an entire piece of furniture is tested as a unit. Kimball Health offers a wide variety of seating products that can be manufactured to meet TB133.

Advisory

Purchaser must consult local fire and code official to determine the suitability of product being selected for any particular application.

Certain jurisdictions may require the use of additional fire retardants of composite flammability testing. Kimball Health assumes no responsibility for composite testing or for compliance with any particular code or other flammability standards different than as contained in applicable catalog information unless such requirements are specified in writing by purchaser to Kimball Health prior to confirmation of order. Cost of additional flammability treatments or testing needs of purchaser shall be borne by purchaser.

COM AND COL

Process Overview

Process Overview:

Kimball Health will upholster its products in fabric or leather supplied by the customer whenever possible.

IMPORTANT: Before placing an order utilizing COM or COL, please read all the information in this section. Orders for COM or COL are not subject to return.

Larger Orders:

When ordering 10 or more chairs in the same COM, yardage requirements may be reduced.
➤Contact Customer Service.

Step ①

Send a sample to Kimball Health for approval. Sample should be no smaller than 5" x 7" for fabric or 4" x 4" for leather. Include a list of model numbers on which you wish to use the COM. Reference "application approval" and send to:

Kimball Health
Attn: COM Administrator
1600 Royal Street
Jasper, IN 47549

Kimball Health will advise of approval or disapproval. Approval signifies only that such fabric or leather can be applied to the products for which intended. Such approval does not constitute any responsibility nor any warranty on the part of Kimball Health as to appearance, behavior, or durability of the fabric or leather.

Step ②

Verify yardage requirements.
➤See pricing pages for non-directional COM and COL requirements.
➤See page 23 for additional fabric required for material with a repeat.

Step ③

Prepare and send your purchase order. Purchase order must include:

- Fabric vendor
- Pattern number and name
- Color number and name
- Application instructions (i.e., direction of pattern) for striped, plaid, patterned, or unusual fabrics and which face to use if fabric is reversible.
  Note: If you do not supply application instructions, Kimball Health will apply the fabric in what it determines to be the best manner, and cannot be held responsible after the fabric is applied.

Kimball Health will send an acknowledgement of your order with a tentative order ship date and the date by which your COM or COL must be received. If your material is not received by the specified date, your ship date will be reassigned.

Step ④

After you receive order acknowledgement from Kimball Health, ship your material to the location indicated below based on the product line:

For Alterna bench cushions, Beo, Event, Exam stool, Pairings Health, Sycamore Metal, Tucker, and Villa Health lounge—

Kimball Health
Attn: COM Department
340 East 11th Avenue
Jasper, IN 47549-1001

For Meadow, Shore, Sycamore Wood, and Villa Health sleep sofa—

Kimball Health Product
104 Seminole Drive
Archdale, NC 27263

For Alpine and Spruce—

Kimball Health
667 West Ward Avenue
High Point, NC 27260

Please include:

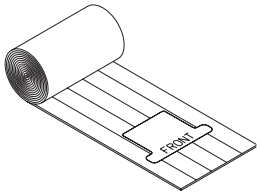
- Dealer name and p.o. number
- Kimball Health seating model number
- Quantity of chairs
- Kimball Health acknowledgement number

COM AND COL

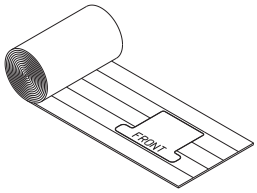
Additional Information

Directional Fabrics:

Some COM fabrics are considered directional that may not be considered directional by the fabric supplier due to the upholstering process used by Kimball Health.



"Up the Roll"



"Railroaded"

Application of COM fabrics—"up the roll" or "railroaded"—will be as depicted on the swatch card or website. If a different application is desired, see table below for additional yardage factors.

Railroad application of any fabric must be custom quoted.
➤Please contact ***By Design.***

Customer's Own Leather:

Customer's own leather yardage (size) requirements for Kimball Health seating are based on an average hide size of 45–50 sq. feet.
➤Consult Customer Service for requirements for other hide sizes.

The shape of a hide and the usable, clean square footage may make it necessary for us to request more leather after COL is received.

Calf hides must be at least 30 square feet of clean, usable, matching hides. When specifying calf hides, add 15% to COL requirements.

Leather is a natural product and variation in texture is a pleasing quality belonging exclusively to high grade, full top grain leathers.

TB133:

Kimball Health provides TB133 testing services for COM (Customers Own Material), COL (Customers Own Leather), and Alliance Program fabric orders. We require that COM, COL, or Alliance Program fabric first be evaluated for application approval, then for TB133 approval.

California Technical Bulletin No. 133—Flammability Test Procedure for Seating Furniture for Use in Public Occupancies—provides guidelines for a full-scale, composite burn test. To obtain TB133 certification, a specific model/fabric combination must be subjected to and pass TB133 testing.

IMPORTANT: The CAL TB133 Seating Fabric Inquiry Form must be submitted prior to order entry for all seating with COM, COL, or Alliance Program fabric specified to meet TB133.
➤See page 24.

The Process:

① If specifying Alliance Program fabric for TB133, contact Customer Service to receive a custom quote for your seating order.
② Complete the CAL TB133 Seating Fabric Inquiry Form and submit it to Customer Service.
③ Kimball Health will determine:
- If the fabric is similar in content to a previously approved fabric for the chair model;
- If additional testing is required because no similar test documentation was found for the model/fabric combination; or
- If the combination will not meet TB133 requirements, based on previous testing.

④ If a burn test is required, pricing for the testing will be as follows:
- $1300 (list, including shipping) for testing services; plus the
- Chair price (test sample)

Note: COM price is invoiced at Kimball fabric price grade 1, plus the cost of the COM; COL is invoiced at price grade 3 plus the cost of the leather. All Alliance Program fabric orders must be custom quoted.

⑤ If the model/fabric combination passes testing, you will receive proof of TB133 certification, at which time you may place your seating order.

Flammability Compliance:

Kimball Health assumes no responsibility for the flame retardancy of any COM/COL. Customers are solely responsible for making sure that COM/COL complies with all applicable codes and regulations.

When COM/COL products must meet specific requirements, Kimball Health will require the customer to supply documentation that the material meets the code requirements.

Kimball Health strives to create upholstered products with no added fire retardant chemicals. Written confirmation is required from the fabric or leather manufacturer stating that the COM/COL provided does not contain any fire retardant chemicals. Without adequate confirmation from the manufacturer, Kimball Health will continue to apply these approved materials, but will consider the COM/COL as containing fire retardant chemicals, and will label as such.

COM/COL Storage:

Kimball Health will store excess COM/COL for 6 weeks after completion of order. Unallocated COM fabric will be stored for three months.

Kimball Health must be advised if COM is to be retained longer than three months for a future order or if it is to be returned.

Yardage Requirements for 54"W fabrics:

Repeat	*Railroaded*	*"Up the Roll" Right-Way*	*2-Way**
Non-Directional	n/a	➤See pricing page	n/a

NOTE: California Technical Bulletin No. TB133 is a full scale burn test. Kimball Health will provide TB133 testing services for COM (Customer's Own Material), COL (Customer's Own Leather) or Alliance Partner pattern orders. TB133 Certification is based on actual testing. Approval can also be determined by similar, previously tested fabrics on similar chair models by experts familiar with TB133 testing. As there are a wide array of materials and chair models it is inconceivable to test all possible material and model combinations. All COM, COL and Alliance patterns must first be evaluated for application approval, then for TB133 approval.

COM APPROVAL INFORMATION

☐ Fabric is similar in content to a previously approved fabric for this chair model and will not require a full scale burn test. Letter of Assurance is available upon request.

☐ Additional testing will be required because no similar test documentation was found for this content/model. To proceed with TB133 testing, please submit a purchase order and yardage needed for a specific model. Certification Letter is available upon request.

☐ Based on previously tested models, this will not meet TB133 requirements.

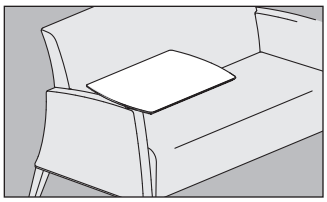
Tablet Arm and Arm Cap Options for Lounge Seating

Tablet Arms:

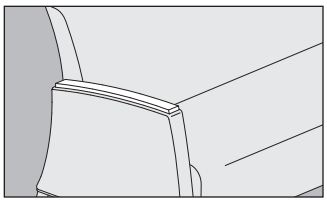


Tablet arms are available. Tablet arms may be specified for the right, left, or center arm (as seated; one per model), and are available with a black 3D laminate, phenolic-core HPL, or wood surface.

IMPORTANT: Tablet arm location is defined from the user's perspective when seated.

If a second tablet arm is desired on a particular model, specify with tablet on one side and a tablet grommet on the other, and order an additional tablet arm separately.
➤See page 33.

Arm Caps:



Wood or black polyurethane arm caps are available. For arm options featuring both a tablet arm and an arm cap, the materials will always coordinate: wood arm cap with a wood tablet (same finish); polyurethane arm cap with a 3D laminate or HPL tablet.

PAIRINGS® HEALTH

Lounge Overview

Clean-out design allows for easy clean up of debris or liquids. Clean-out space does not detract from the aesthetic or function of the lounge.

Privacy panels are 2"D and are 41"H. Contrasting upholstery may be specified on the outside, inside, and privacy panel boxing. Privacy panels are available on one-, two-, and three-seat lounges, with or without arms, and in conjunction with tablet top and tech arm options.

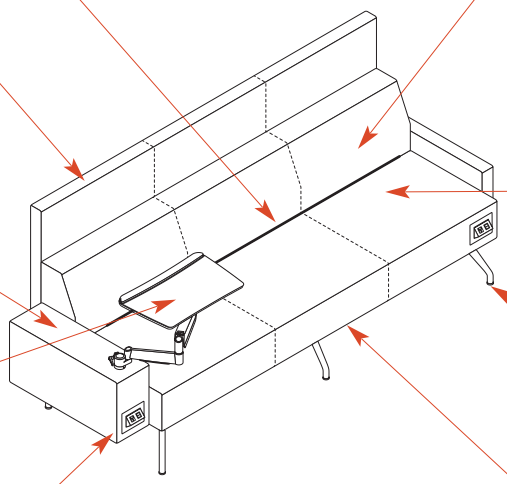
Arm tops and outside panels panels feature ¾"-thick, high-grade polyurethane foam. Arms feature a sewn slipcover with French seams that is stapled into place.

Models with tech arm feature an HPL with phenolic core tablet on an articulating arm.

Tablets are available as an option. They are available in 3D laminate, HPL with a phenolic core or wood.

Power/USB modules are available on left, right, or left and right kick rail on all lounge and bench models as well as left, right, or left and right front of arm on 8" and tech arms.

➤See page 43.



Cushions are made of high grade, high resiliency, CFC-free, laminated polyurethane foam. Seat cushions are 2¾" thick. Back cushions are 2" thick and upholstered using the slipcover method and finished with French seams:

- Double-stitch seams in center (27"W segments)
- Single-French seams at sides of lounge to create double-stitch appearance when joined with other lounge units.

Seats feature a high-tension, strip webbing suspension that is stapled to the frame. Seat upholstery features a wrap-around upholstery method and is stapled into place.

Legs are 9¼"H and available in brushed or polished aluminum. Non-skid, adjustable glides are 2" in diameter.

Frame is constructed of plywood, using a lap-joint construction method. Frames are glued and screwed together.

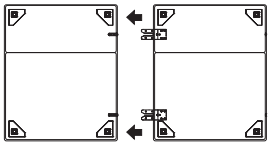
Handing designation (left or right of unit) is determined from the user's perspective when seated.

Connections:

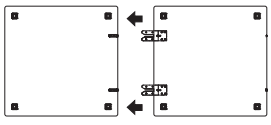
Two ganging brackets are required to join two units together; specify two K60GB models to gang two lounge units together or two K82PGB to gang two perch units together. Lounge models have pre-drilled holes in the base to accept the ganging bracket and small mating piece. Hole patterns are available bracket installation on perch units. Once brackets are installed, units slide together for a secure connection. To disconnect, lift up and pull outward on the unit with the smaller, mating piece).

➤Assembly instructions and video available at kimball.com.

➤See page 46 to specify.

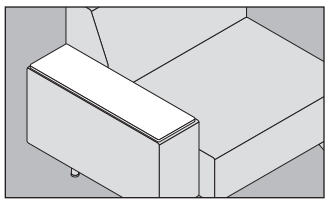


K60GB ganging brackets for lounges

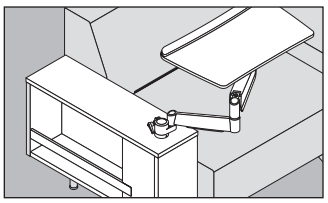


K82PGB ganging brackets for perch units

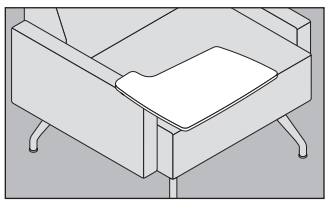
Options:



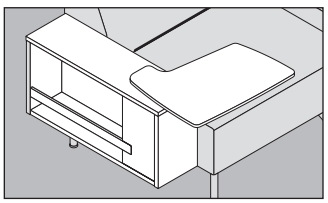
Arm caps



Storage tech arm



Tablet arms



Storage tablet arm

PAIRINGS® HEALTH

Divider Wall Overview

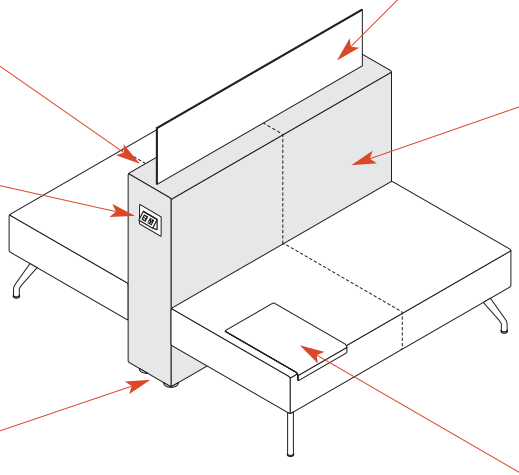
Divider walls are available in free-standing, in-line, end-of-run, "L," "T," "Plus," and "Z" models and in heights of 30" and 41"H. Freestanding walls do not connect to other walls, but can accept bench and lounge units.

Frame is constructed of plywood, using a lap-joint construction method. Frames are glued and screwed together.

Power modules and infeed grommets are available as options. Each power module has one plug and two USB ports. Infeed grommet allows power infeed to enter the wall. Power modules and infeed grommet locations are different depending on the type of wall.

Bottoms have a 1⅛"H MDF core with black TFL toe-kick rail, inset by ¾", and attached after upholstery is applied.

These Pairings models coordinate with Pairings Health models.
➤See the Kimball Seating Price List for the complete offering, details, and to specify.



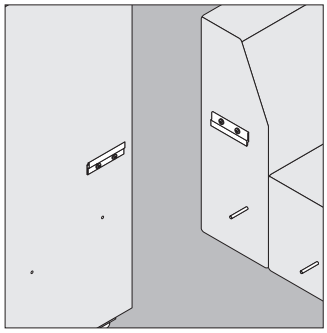
Frameless resin or glass is available in 27", 54", and 81" widths for 41"H straight divider walls to add an additional layer of privacy. Specify divider wall with extrusion insert and frameless glass or resin panel separately. Extrusion insert is not available on corner walls.

Divider walls are fully upholstered and finished with single- and double- French seams. Contrasting fabric may be specified on the inside, outside, boxing (sides) or accent (top). Top is also available with a 3D laminate or solid surface top cap on 30" or 41"H models and with a solid surface work shelf on 41"H models only.

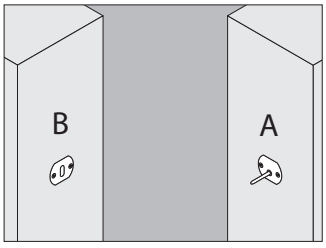
IMPORTANT: Upholstery patterns and stripes on Pairings lounge and bench models will not align with divider wall upholstery patterns and stripes.

Portable surfaces are available for use on benches, lounges (18" model; shown), and on top of divider walls (10" model).

Connections:



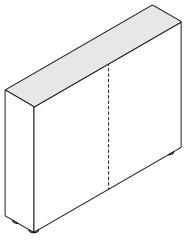
Z-clip brackets, along with screws, are used to connect lounges to a divider wall. Side attachment shown.
➤See page 44 – 45 for locations of brackets and connection options.



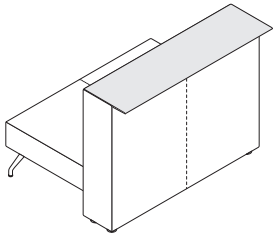
A and B connectors are pre-installed on applicable models. They allow dividers walls to be connected to an adjacent divider wall.

Assembly instructions and video are available at kimball.com.

Options:



3D laminate or solid surface tops are available on divider walls.



41"H divider walls with solid surface work shelf are available. Work shelf overhangs the wall on one side (outside).

IMPORTANT: Divider walls with solid surface work shelf require a full lounge or full bench connection on the inside to balance the overhang on the opposite side.

PAIRINGS® HEALTH

Upholstery Specification Reference

Contrasting fabric may be specified for each of the areas shown below.

IMPORTANT: Use an electronic specification tool for accurate pricing when specifying contrasting fabrics.

Upholstery paterrns and stripes on Pairings lounge and bench models will not align with divider wall upholstery patterns and stripes. While seat and back upholstery will align on a unit, there is no guarantee that individual models will align when attached to each other.

Applying upholsteries with horizontal or vertical patterns and stripes on corner units, wedge units, and the backs of units that will be used in a ganging application is discouraged.

Fabrics reflect light differently when viewed at various angles, creating a natural phenomenon called “flip.” Flip is visible on all fabrics and is not considered a defect; it is more easily recognized on fabrics with a nap or shimmer and more apparent on crescent or corner units.

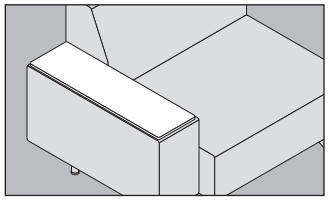
PAIRINGS® HEALTH

Arm Cap and Tablet Arm Options for Lounge Seating

Arm Caps:



Arm cap substitution, when desired, must be made for each arm, and *must be the same* on both arms for models with arms on both sides (regardless if it is 2", 8", 8" tech arm, or a combination). *For example: K82LC32L**AU**2R**AU**PFB would become K82LC32L**AW**2R**AW**PFB to add wood arm caps on both arms.*

IMPORTANT: Upcharges listed are per arm.

Lounges with privacy panels are not offered in all arm cap options:

- Two- and three-seat lounges with privacy panels are not available with arm caps.
- One-seat lounges with privacy panel(s) featuring 2" arm(s) are not available with arm caps.

Handing designation (left or right of unit) is determined from the user's perspective when seated.

Tablet Arms:

Tablet arm substitution is available on select models.
➤See individual pricing page for availability by model.

Tablet arms are available on both arms of two- and three-seat models with 8" arms only; tablet materials must match.

Tablet arm/arm cap combinations are only available in the combinations at right.

Tablet arms are mounted to upholstered arms.

PAIRINGS® HEALTH

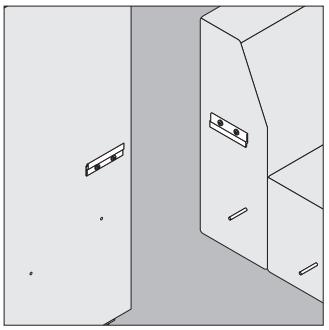
Lounge Back to Divider Wall Connection Options

Lounge to divider wall connections are made on the back, left, or right side of the lounge model.
➤See next page for lounge-side-to-wall connections.
➤See the Kimball Seating Price List for additional planning information and to specify divider walls.

Bracketry for connecting walls to lounges ships installed; upcharge applies. The type of connection being made must be specified as part of the complete model number for both models. Possible combinations of lounge-back-to-wall connections and their applicable designators and upcharges are listed below.

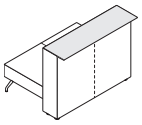


Z-clip brackets, along with screws, are used to connect lounges to a divider wall. Side attachment shown.

Assembly instructions and video are available at: kimball.com.

Divider walls provide support for the lounge on the back side; only the legs necessary for support will ship with the lounge model.

IMPORTANT: Wall connection is not possible to privacy panel or arm. Connections are made to the lounge side or back that does not have a privacy panel or arm.



Divider walls with solid surface work shelf or extrusion insert for frameless glass/resin require a full inside lounge, full inside bench, or an "L" or "T" wall connection to balance the additional weight.

Corner lounge cannot be attached to straight divider wall because it will extend beyond the end of the divider wall.

* Applies to one-seat perch units also
** Applies to two-seat perch units also
***Applies to inside corner perch units also

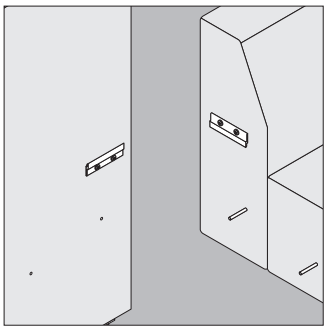
IMPORTANT: Outside corner perch cannot be connected to divider walls.

PAIRINGS® HEALTH

Lounge Side to Divider Wall Connection Options

Lounge to divider wall connections are made on the back, left, or right side of the lounge model.
➤See previous page for lounge-back-to-wall connections.
➤See the Kimball Seating Price List for additional planning information and to specify divider walls.

Bracketry for connecting walls to lounges ships installed; upcharge applies. The type of connection being made must be specified as part of the complete model number for both models. Possible combinations of lounge-side-to-wall connections and their applicable designators and upcharges are listed below.

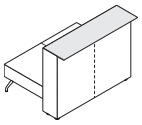


Z-clip brackets, along with screws, are used to connect lounges to a divider wall. Side attachment shown.

Assembly instructions and video are available at: kimball.com.

Divider walls provide support for the lounge on the connection side; only the legs necessary for support will ship with the lounge model.

IMPORTANT: Wall connection is not possible to privacy panel or arm. Connections are made to the lounge side or back that does not have a privacy panel or arm.



Divider walls with solid surface work shelf or extrusion insert for frameless glass/resin require a full inside lounge, full inside bench, or an "L" or "T" wall connection to balance the additional weight.

Shipping:
➤See page 104 for weight and cubic feet.

Yardage Requirements:
➤See page 89.

Options:
- Arm options
- Kickrail power/USB
- Divider wall connection

➤See page 9 for finishes and materials.

How to Specify:
❶ Model
➤See page 42 for arm option designators and upcharges.
② Back fabric grade or Alliance prefix + fabric grade
③ Back fabric number
④ Seat fabric grade or Alliance prefix + fabric grade
⑤ Seat fabric number
⑥ Arm fabric grade or Alliance prefix + fabric grade
⑦ Arm fabric number
⑧ Arm cap or tablet arm finish price group (omit if n/a)
STD = Group 1
⑨ Arm cap or tablet arm finish designator (omit if n/a)
⑩ Kickrail power/USB option
➤See page 43 for designators and upcharges.
X = None
⑪ Leg finish designator:
494 = Brushed Aluminum
497 = Polished Aluminum
⑫ Divider wall connection:
➤See page 44 – 45 for designators and upcharges.
X = No connection

Shipping:
➤See page 104 for weight and cubic feet.

Yardage Requirements:
➤See page 89.

Options:
- Kickrail power/USB
- Arm power/USB
- Divider wall connection

➤See page 9 for finishes and materials.

How to Specify:
1. Model
2. Back fabric grade or Alliance prefix + fabric grade
3. Back fabric number
4. Seat fabric grade or Alliance prefix + fabric grade
5. Seat fabric number
6. Arm fabric grade or Alliance prefix + fabric grade (include for models with a 2" or 8" arm only)
7. Arm fabric number (include for models with a 2" or 8" arm only)
8. Tech tablet laminate (HPL) price group:
   STD = Group 1
9. Tech tablet laminate (HPL) designator
10. Storage TFL designator
11. Kickrail power/USB option
    ➤See page 43 for designators and upcharges.
    X = None
12. Arm power/USB option
    ➤See page 43 for designators and upcharges.
    X = None
13. Leg finish designator:
    494 = Brushed Aluminum
    497 = Polished Aluminum
14. Divider wall connection:
    ➤See page 44 – 45 for designators and upcharges.
    X = No connection

Shipping:
➤See page 104 for weight and cubic feet.

Yardage Requirements:
➤See page 89.

Options:
• Kickrail power/USB
• Divider wall connection

Note: Privacy panels are not available in leather. Grades L7 and L8 reflect the pricing for leather on the lounge and grade 1 fabric on the privacy panel.
➤See page 9 for finishes and materials.

How to Specify:
❶ Model
② Back fabric grade or Alliance prefix + fabric grade
③ Back fabric number
④ Seat fabric grade or Alliance prefix + fabric grade
⑤ Seat fabric number
⑥ Inside privacy panel fabric grade or Alliance prefix + fabric grade
⑦ Inside privacy panel fabric number
⑧ Outside privacy panel fabric grade or Alliance prefix + fabric grade
⑨ Outside privacy panel fabric number
⑩ Privacy panel boxing fabric grade or Alliance prefix + fabric grade
⑪ Privacy panel boxing fabric number
⑫ Kickrail power/USB option
➤See page 43 for designators and upcharges.
X = None
⑬ Leg finish designator:
494 = Brushed Aluminum
497 = Polished Aluminum
⑭ Divider wall connection:
➤See page 44 – 45 for designators and upcharges.
X = No connection

Shipping:

➤See page 104 for weight and cubic feet.

Yardage Requirements:

➤See page 89.

Options:
- Arm options
- Kickrail power/USB
- Divider wall connection

Note: Privacy panels are not available in leather. Grades L7 and L8 reflect the pricing for leather on the lounge and grade 1 fabric on the privacy panel.

➤See page 9 for finishes and materials.

How to Specify:

❶ Model
➤See page 42 for arm option designators and upcharges.
② Back fabric grade or Alliance prefix + fabric grade
③ Back fabric number
④ Seat fabric grade or Alliance prefix + fabric grade
⑤ Seat fabric number
⑥ Arm fabric grade or Alliance prefix + fabric grade
⑦ Arm fabric number
⑧ Inside privacy panel fabric grade or Alliance prefix + fabric grade
⑨ Inside privacy panel fabric number
⑩ Outside privacy panel fabric grade or Alliance prefix + fabric grade
⑪ Outside privacy panel fabric number
⑫ Privacy panel boxing fabric grade or Alliance prefix + fabric grade
⑬ Privacy panel boxing fabric number
⑭ Arm cap finish price group (omit if n/a)
STD = Group 1
⑮ Arm cap finish designator (omit if n/a)
⑯ Tech tablet laminate (HPL) price group:
STD = Group 1
⑰ Tech tablet laminate (HPL) designator
⑱ Kickrail power/USB option
➤See page 43 for designators and upcharges.
X = None
⑲ Leg finish designator:
494 = Brushed Aluminum
497 = Polished Aluminum
⑳ Divider wall connection (omit for models with privacy panels and/or arms left, right and back):
➤See pages 44 – 45 for designators and upcharges.
X = No connection

*Add 8 lbs. for tablet arm.

Features:
- Square legs: steel with powder-coat finish in platinum metallic
- Clean-out
- Non-skid, adjustable glides
- Arm caps are available in beech wood, 3D laminate, or solid surface
- Tablet arm on applicable models

Options:
- EOS^{CU} (Cupron-enhanced EOS) biocidal solid surface arm caps
➤See page 15.
- Tablet arm grommet (NH) to enable tablet arm to be moved to the other arm by user
- Second tablet arm (LR)
- Power/USB grommet on left, right, or left and right front
➤See page 9 for finishes and materials.

Yardage Requirements:

Model	*COM*	*COL*
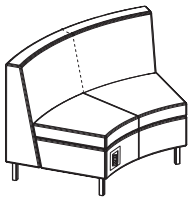
K6035ACO**	7.7	151.0
Back	3.3	63.0
Base/Seat	2.9	57.0
Arms	2.7	51.5

How to Specify:
❶ Model
❷ TB133 option (if applicable):
F = Fire code treatment
③ Back fabric grade or Alliance prefix + fabric grade
④ Back fabric number
⑤ Seat fabric grade or Alliance prefix + fabric grade
⑥ Seat fabric number
⑦ Arm fabric grade or Alliance prefix + fabric grade
⑧ Arm fabric number
⑨ Wood or HPL tablet arm/ wood arm cap price group (if applicable):
STD = Group 1
⑩ Tablet arm/arm cap finish designator (if applicable); (+$912 for EOS^{CU} arm caps)
⑪ Tablet arm location (if applicable):
L = Left as seated
R = Right as seated
NH = Non-handed (+$28)
LR = Left and right as seated (+$355 for laminate or +$380 for wood)
⑫ Power/USB module option:
G55KRPL = Left front as seated (+$370)
G55KRPR = Right front as seated (+$370)
G55KRPLR = Left and right front (+$740)
X = No power/USB module
⑬ Leg option:
➤See page 119 for designators.

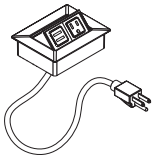
VILLA™ HEALTH

45° Crescent



K60CCCO

Note: Illustration above shows optional power/USB grommet on right.



Optional G55 Power/USB Module

- Available on left, right, or left and right front (as seated)
- Single-sided, pneumatic pop-out design: platinum metallic
- 6' cord
- 4" x 5" cut-out

➤See Kimball Seating Price List for the complete Villa seating line.

Model	*COM*	*COL*
K60CCCO	4.3	83.5
Back	3.4	66.5
Base/Seat	2.2	39.0

IMPORTANT: Fabrics reflect light differently when viewed at various angles, creating a natural phenomenon called “flip.” Flip is visible on all fabrics and is not considered a defect; it is more easily recognized on fabrics with a nap or shimmer and more apparent on crescent or corner units.

Fabrics with a distinct pattern do not lend themselves to the curved design of crescent models and are not recommended for use on these units.

How to Specify:

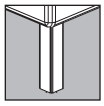
❶ Model
❷ TB133 option (if applicable):
F = Fire code treatment
③ Back fabric grade or Alliance prefix + fabric grade
④ Back fabric number
⑤ Seat fabric grade or Alliance prefix + fabric grade
⑥ Seat fabric number
⑦ Seat cushion firmness:
STD = Standard cushion
⑧ Power/USB module option:
G55KRPL = Left front as seated (+$370)
G55KRPR = Right front as seated (+$370)
G55KRPLR = Left and right front (+$740)
X = No power/USB module
⑨ Leg option:

➤See page 119 for designators.

VILLA™ HEALTH

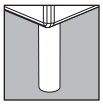
Leg Options

Square Metal Legs:



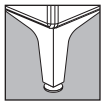
S = Square

Round Metal Legs:



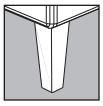
R = Round

Y Metal Legs:



Y = Y-Leg

Tapered Wood Legs:



T = Tapered

IMPORTANT: Specify leg option and finish together in one step.

➤See page 19 for paint designators for metal legs.
➤See page 11 for wood finish designators.

Examples:
S405 = Square metal leg in Designer White
TMC = Tapered wood leg in Amber

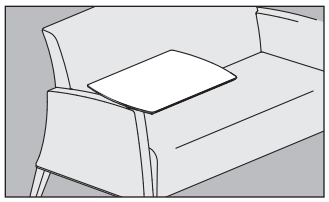
Tablet Arm and Arm Cap Options for Tandem Lounge Seating

Arms:



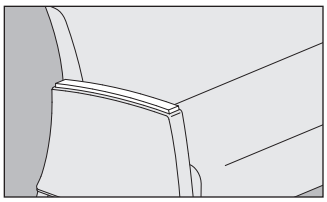
Tablet arms are available. Tablet arms may be specified for the right, left, or center arm (as seated; one per model), and are available with a black 3D laminate, phenolic-core HPL, or wood surface.

IMPORTANT: Arm location is defined from the user's perspective when seated.

Center tablet option on tandem three-seater provides one tablet and two grommets; one in each of the center arms, so that the tablet can be installed on either center arm.

If more than one tablet arm is desired on a particular model, specify with tablet arm (right) and tablet grommets (left and center), and order additional tablet arms separately.
➤See page 142.

Arm Caps:



Wood or black polyurethane arm caps are available. For arm options featuring both a tablet arm and arm caps, the materials will always coordinate: wood arm caps with a wood tablet (same finish); polyurethane arm caps with a 3D laminate or HPL tablet.

MEADOW™

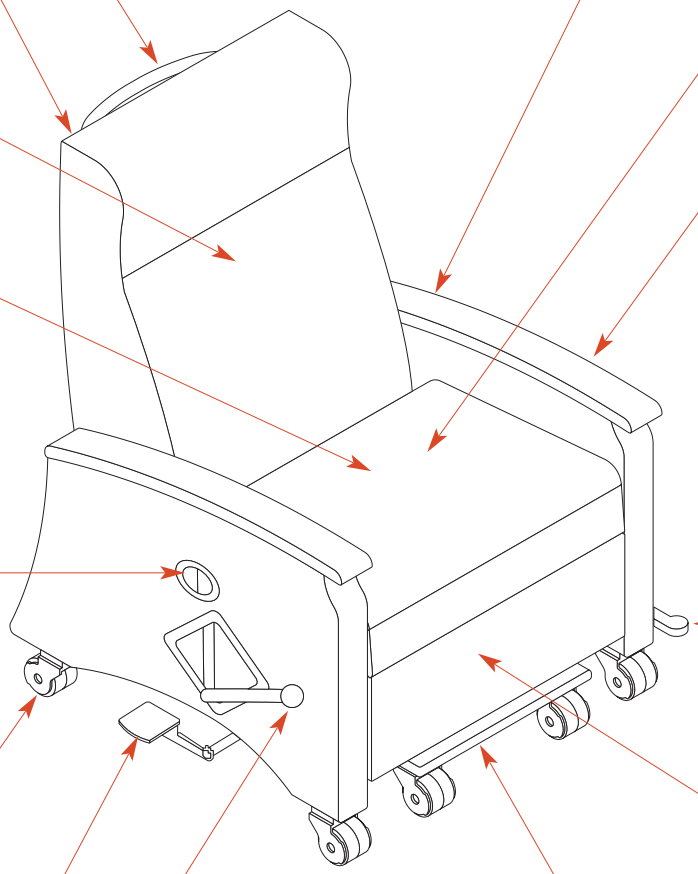
Patient Recliner Overview



Optional push bar with a platinum metallic finish helps caregivers reposition the chair.

Optional bump guard is a protective plastic welt cord.

Contoured back offers supportive, patient comfort.

Heated seat is available as an option.

Infinite back lock allows locking the back into various positions in 1 degree increments.

Grey, non-marking casters work on both hard and soft surfaces. Individual-locking, single-wheel casters are standard (not shown); central-locking, dual-wheel casters are optional (shown).

Trendelenburg option allows feet to be higher than head; paddles are located on both sides of the recliner.

Footrest lever allows footrest to be extended independently of the back operation.

Arm caps are available in polyurethane, 3D laminate, finished beech wood, and solid surface. EOS^{CU} (Cupron-enhanced EOS) biocidal solid surface arm caps are optional on solid surface arm cap model; upcharge applies.

Model without arm caps is also available.

Optional moisture barrier is available on seat cushion.

Optional fold-down tray is available on the left side of the recliner as seated; not shown.

Optional utility bag hook can be specified on the left side (as seated); not shown.

Optional central-locking casters with brake are controlled from a foot pedal on the left side of the recliner.

Footrest features a removable upholstery cover.

Optional pull-out footrest allows for patient to ingress and egress more easily. Footrest also can be used for comfort when recliner is in the seated position.

MEADOW™

Drop Arm Recliner Overview

Drop arm recliner is designed to allow caregivers easier access to move a patient from bed to chair.

Optional push bar with a platinum metallic finish helps caregivers reposition the chair.

Optional bump guard is a protective plastic welt cord.

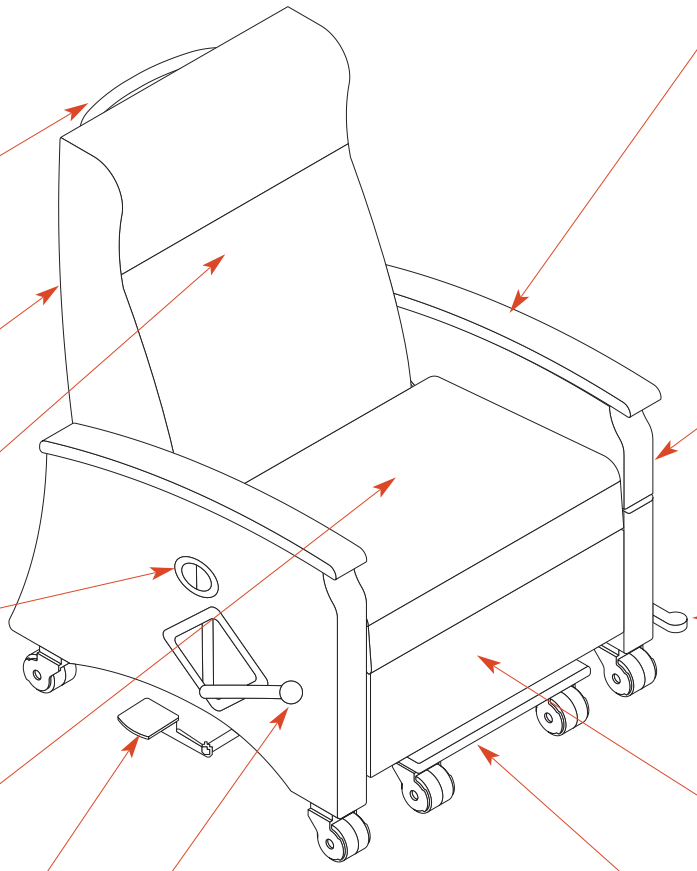
Contoured back offers supportive, patient comfort.

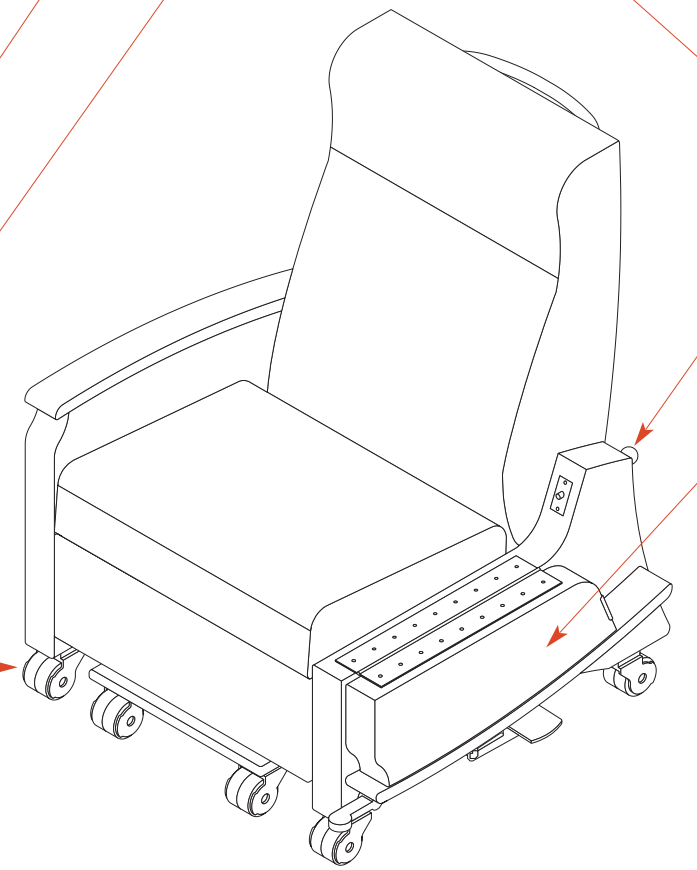
Infinite back lock allows locking the back into various positions in 1 degree increments.

Optional moisture barrier is available on seat cushion.

Trendelenburg option allows feet to be higher than head; paddles are located on both sides of the recliner.

Footrest lever allows footrest to be extended independently of the back operation.





Grey, non-marking casters work on both hard and soft surfaces. Individual-locking, single-wheel casters are standard (not shown); central-locking, dual-wheel casters are optional (shown).

Arm caps are available in polyurethane, 3D laminate, finished beech wood, and solid surface. EOS^{CU} (Cupron-enhanced EOS) biocidal solid surface arm caps are optional on solid surface arm cap model; upcharge applies.

Model without arm caps is also available.

Drop arm eases lateral patient transfer. Arm is shown in the “up” position.

Optional central-locking casters with brake are controlled from a foot pedal on the left side (as seated) of the recliner.

Footrest features a removable upholstery cover.

Optional pull-out footrest allows for patient to ingress and egress more easily. Footrest also can be used for comfort when recliner is in the seated position.

Pull-out knob unlocks the drop arm.

Drop arm is shown in the “down” position.

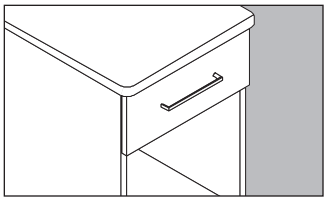
SANCTUARY™ BEDSIDE CABINETS

Features

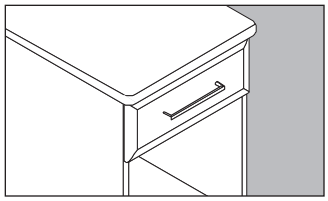
Chassis & Fronts:

Chassis and front are available in:
- Laminate
- Wood

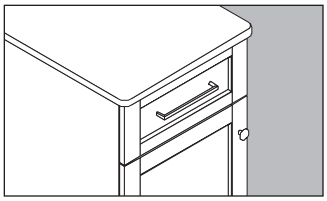
Sanctuary bedside cabinets are available in three front styles:



Flat



Radius

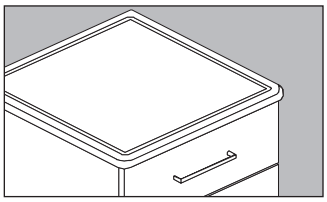


Shaker

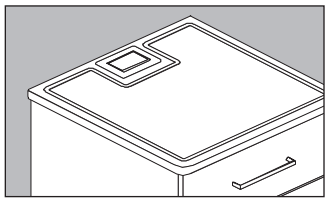
Tops:

Sanctuary bedside cabinet tops are available in:
- TFL with 3mm PVC rim
- 3D laminate
- Wood
- Solid surface, including EOS^{CU} (Cupron-enhanced EOS) biocidal solid surface material; upcharge applies to EOS^{CU}

➤See page 15.



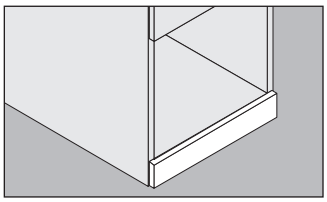
Spill groove is optional on solid surface and 3D laminate tops; upcharge applies.



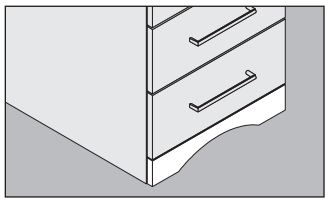
Spill groove is inset around power/USB module when both options are selected.

Base Rails/Feet:

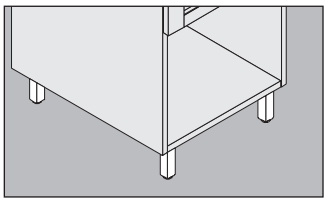
Sanctuary bedside cabinets are available in three base styles:



Straight Base Rail
- Available with hidden casters or adjustable floor glides



Arched Base Rail
- Available with hidden casters or adjustable floor glides



Metal Feet
- Standard with adjustable floor glides

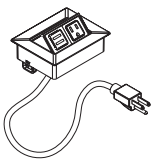
Drawer Configurations:

Sanctuary bedside cabinets are available in the following drawer configurations:
- Box/box/box
- Box/open
- Box/door hinged left
- Box/door hinged right

Top drawers may be specified as locking.

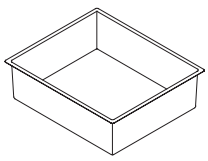
➤See page 216 for lock options.

Options:



Power/USB module is available factory-installed in bedside cabinet top; upcharge applies.

Related Products:

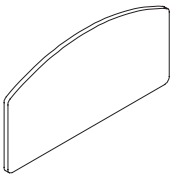


Drawer liners may be specified separately for box drawers.

➤See page 217.

Utility bag hooks may be specified separately and installed in the field.

➤See page 217.



Headboards and footboards are available in arched (shown above) and radiused models.

➤See page 230 for laminate.
➤See page 231 for wood.

CASEGOODS

How to Specify:

❶ Specify pull option and finish together in one step. If pull finish designator is a number, insert an underscore between the pull designator and the finish designator.

Example:
89_514 = Studio pull, carbon metallic

Note: Door knob, if applicable, will match the finish specified for the drawer pull.

SANCTUARY™ BEDSIDE CABINETS

Lock Options

Top drawers on flat-front and shaker-front bedside cabinets are available:

- Non-locking (standard)
- Key random with a black lock core and black hinged key (KRB);
- Key random with a silver (matte nickel) lock core and black hinged key (KRS); or
- Key specific (KS)

Note: Radius-front bedside cabinets are non-locking only.

Key Random:

When key random option is selected, key numbers will be assigned arbitrarily at the factory with key numbers ranging from KCCB001 to KCCB300 (black) or KCCG001 to KCCG100 (silver).

Randomly numbered lock core(s) will ship standard along with your order for field installation.

With random keying, different furniture units may or may not have the same key number. If you must have all locks keyed differently or all locks keyed the same, choose the key specific option.

Key Specific:

When key specific option is selected, the storage unit will be pre-drilled to accept a lock core; however, no lock cores will be shipped standard with the unit.

You must specify lock core(s) separately for key specific option; specify any key number from KCCB001 to KCCB300 (black) or KCCG001 to KCCG100 (silver).

To key all the furniture units in a workstation or department alike, choose the key specific option and order the quantity of locks needed for your installation.

Installing Locks:

Standard key that ships with the lock core can be used for the initial installation of the lock core in the field.

Changing Locks:

IMPORTANT: A change key, specified separately, is required to remove lock cores in the field.

Master Key:

Master key is available.

Black Lock Core

- Key numbers: KCCB001 to KCCB300
- Black hinged key

$25

Silver (Matte Nickel) Lock Core

- Key numbers: KCCG001 to KCCG100
- Black hinged key

$25

Change Key

- Model number: KCCB1CK
- Allows removal of lock cores within these ranges: KCCB001–KCCB300 KCCG001–KCCG100

$9

Master Key

- Model number: KC2GMK
- Unlocks any lock within these key ranges: KCCB001–KCCB300 KCCG001–KCCG100

$15

How to Specify:

❶ Specify exact key number for lock cores or model number for change or master key.

*Depth and width listed reflects the actual top dimensions; top overhangs the case by ½" on sides and front.

Standard Includes:
- Chassis: TFL with a 3D laminate front
- Top: TFL with 3mm PVC rim (same as chassis), 3D laminate, or solid surface
- Finished, vented back panel
- Interior finished to match exterior
- Drawer pull(s)/door knob (same finish)
- Non-locking drawer(s) and/or door
- Metal feet
- Adjustable floor glides

Options:
- Locking top drawer
- EOS^{CU} (Cupron-enhanced EOS) biocidal solid surface top
➤See page 15.
- Power/USB module
- Spill groove available on 3D laminate and solid surface tops
➤See page 9 for finishes and materials.

How to Specify:
❶ Model
❷ Top material:
LL = TFL
T = 3D laminate
S = Solid surface
③ Pull option:
➤See page 215 for designators.
④ Lock option:
X = Non-locking
KRB = Key random, black core (+$66)
KRS = Key random, silver core (+$66)
KS = Key specific (+$39); specify lock core separately
➤See page 216.
⑤ 3D laminate or solid surface color designator for top, if applicable (+$1897 to solid surface price for EOS^{CU})
⑥ TFL color designator
⑦ Power/USB module option:
N = No
Y = Yes (+$370)
⑧ Spill groove on 3D laminate or solid surface tops
N = No
Y = Yes (+$106)

ALTERNA™

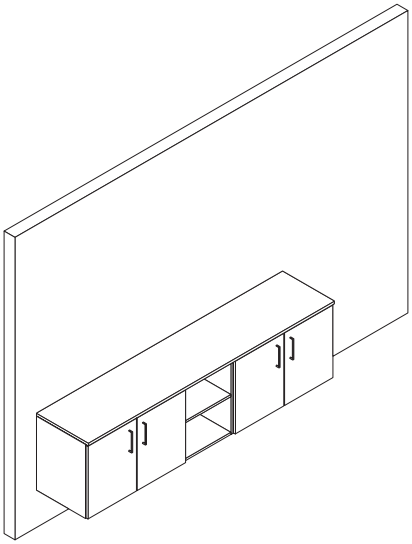
Introduction

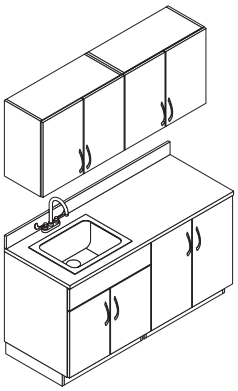
As healthcare continues to advance, the needs and expectations of patients and caregivers are changing, altering the course of traditional healthcare environments.

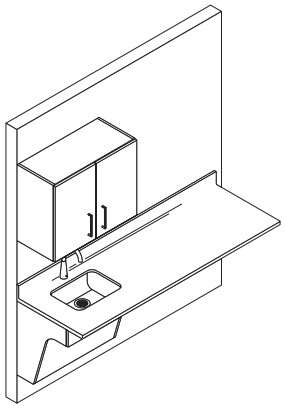
These changes are what has driven the development of Alterna, designed to support this evolving landscape with seamless and durable solutions for the entire facility—from public zones, to clinical areas, workspaces, and more.

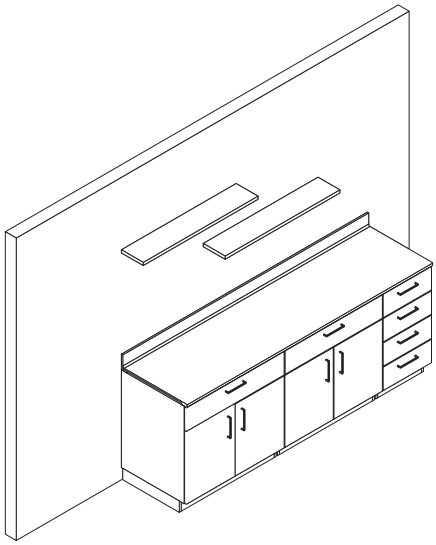
The high-quality construction of Alterna means it's dependable throughout the life of the product, and the broad offering of finishes and materials make it easy to specify for new construction or renovations to existing faciltiies.

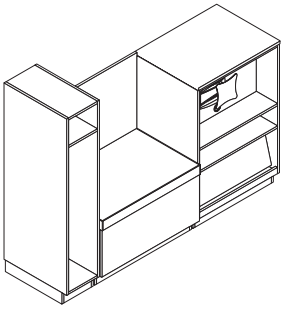
Alterna is caseworks built to support the full facility.











ALTERNA™

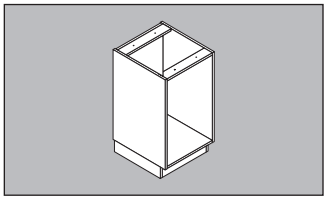
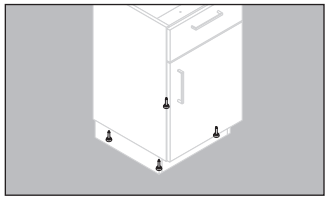
Features

Chassis:

- TFL with .5mm edge banding
- Interior material matches exterior
- Adjustable floor glides are standard for added flexibility and stability; they provide 1¼" adjustment

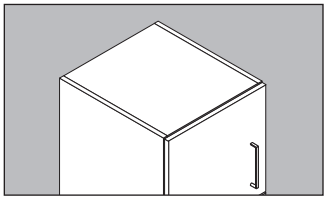




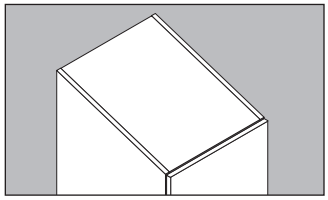
Adjustable floor glides

Flat or Sloped Top:

- Available on upper cabinets, storage cabinets, and lockers for cleanability and local codes



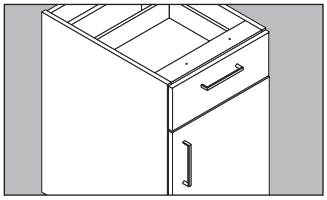
Flat top

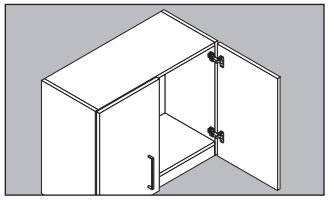


Sloped top

Doors and Drawers:

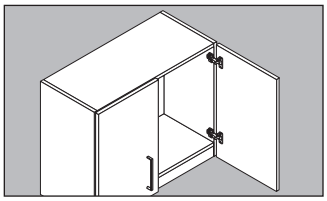
- TFL with 2mm edge banding
- Door interior material matches exterior
- Drawer interiors are white
- Drawers feature full extension for access to the entire drawer



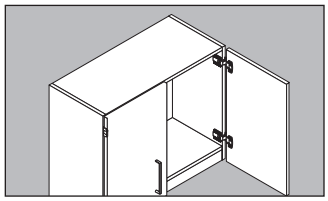


Hinges:

- Concealed hinges are standard and opens 120 degrees
- Optional pivot hinge is partially exposed and opens 270 degrees



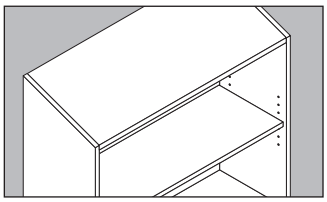
Concealed



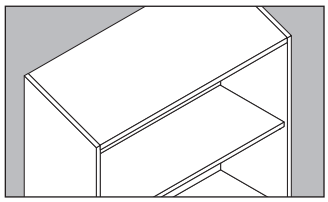
Pivot

Shelves:

- Adjustable or fixed shelves available on all open cabinets
- Base cabinets with doors available with optional shelves
- Upper cabinets include adjustable shelves



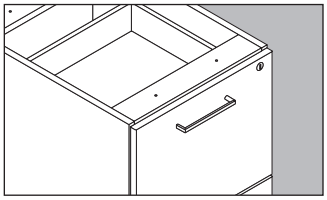
Adjustable



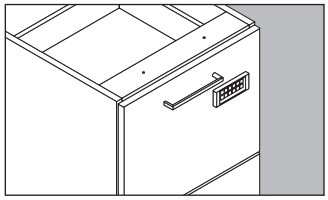
Fixed

Locks:

- Non-locking is standard
- Key random, key specific, and keyless lock options with combination keypads are optional



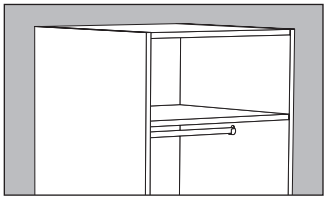
Lock core



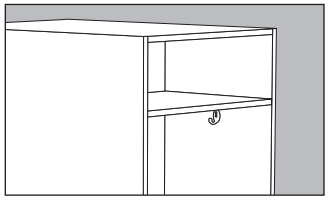
Keyless Lock

Coat Rod, Coat Hooks, and Wardrobe Rail:

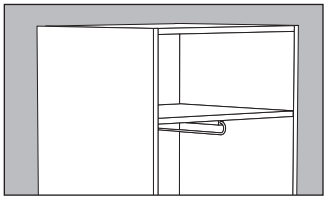
- Available on storage cabinets for hanging personal items
- Coat hooks are also available on lockers



Coat rod



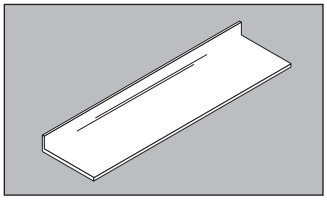
Coat hooks



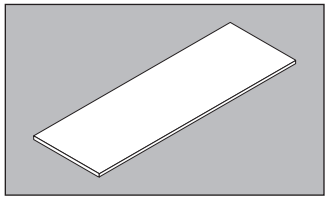
Wardrobe rail

Worksurfaces:

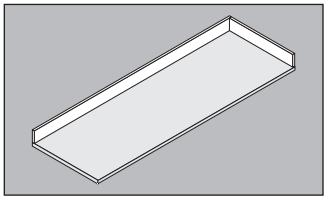
- Solid surface worksurfaces available in 3 standard colors and in all Corian colors as graded-in
- Laminate worksurfaces available in standard HPL colors; CSL optional
- Solid surface tops available with or without integrated backsplash; sidesplashes available separately
- Back and sidesplashes, if needed, are specified separately for HPL tops



1"-thick solid surface
(shown with integrated backsplash)



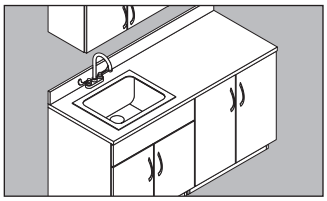
1 3/16" laminate



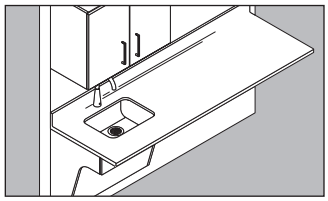
Backsplashes and sidesplashes

Sinks:

- Optional stainless steel drop-in or undermount sink with drain and flat strainer
- Available in ADA option
- Sink cut-out locations are available in 1" increments



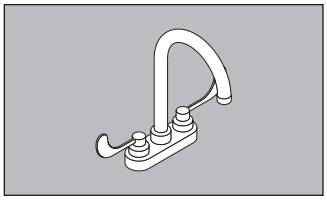
Drop-in



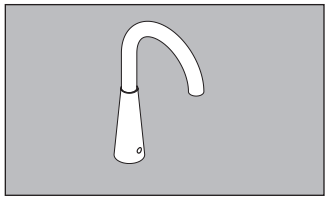
Undermount

Faucets:

- Available in paddle handle or touchless sensor



Paddle handle



Touchless sensor

ALTERNA™

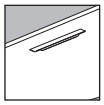
Curve	8 1/8"	1/2"	1 1/4"
Mod	6 9/16"	1/2"	1 3/16"

---

61 Helix



90 Trinity
(+$29/unit)

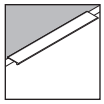
Finishes:
405 Designer White
462 Cinder
501 Platinum Metallic
514 Carbon Metallic
544 Silver Pearl

Boring Patterns:

Helix	6 5/16" (160mm)
Trinity	6 5/16" (160mm)

Pull Size:

	Width	*Height*	*Projection*
Helix	7 5/8"	1/2"	1 1/8"
Trinity	9 1/4"	3/8"	7/8"



97 Linear

Finishes:
487 Brushed Nickel
490 Polished Chrome
486 Clear Anodized

Note: Linear pull wraps the drawer face and attaches on the backside of the drawer.

Pull Size:

	Width	*Height*	*Projection*
Linear	10 1/8"	1/4"	5/8"

---

104 Inset

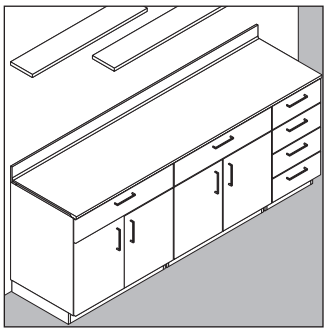
Finishes:
545 Matte Nickel
546 Matte Chrome

Pull Size:

	Width	*Height*	*Projection*
Inset	4 15/16"	2 3/16"	—

Pull Orientation:

- Drawers feature pulls in horizontal position
- Doors feature pulls in vertical position



How to Specify:

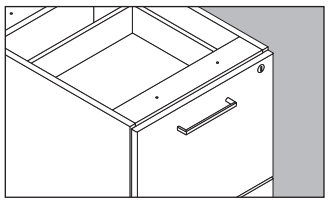
❶ Specify pull option and finish together in one step. If pull finish designator is a number, insert an underscore between the pull designator and the finish designator.

Example:
102_514 = Curve pull, carbon metallic

ALTERNA™

Lock Options

Doors and drawers are available
- Non-locking (standard)
- Key random with a black lock core and black hinged key (KRB)
- Key random with a silver (matte nickel) lock core and black hinged key (KRS)
- Key specific (KS)
- Keyless locking (KYLS)
- Individual keyless locking (IKYLS)



Locks are located on the top right of the drawers.

➤See pricing pages for lock options applicable to particular products.

Key Random:

When key random option is selected, key numbers will be assigned arbitrarily at the factory with key numbers ranging from KCCB001 to KCCB300 (black) or KCCG001 to KCCG100 (silver).

Randomly numbered lock core(s) will ship standard along with your order for field installation.

With random keying, different furniture units may or may not have the same key number. If you must have all locks keyed differently or all locks keyed the same, choose the key specific option.

Key Specific:

When key specific option is selected, the storage unit will be pre-drilled to accept a lock core; however, no lock cores will be shipped standard with the unit.

You must specify lock core(s) separately for key specific option; specify any key number from KCCB001 to KCCB300 (black) or KCCG001 to KCCG100 (silver).

To key all the furniture units in one area alike, choose the key specific option and order the quantity of locks needed for your installation.

Installing Locks:

Standard key that ships with the lock core can be used for the initial installation of the lock core in the field.

Changing Locks:

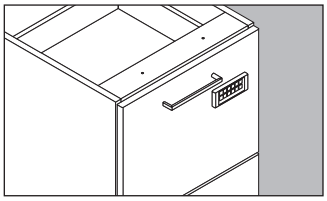
IMPORTANT: A change key, specified separately, is required to remove lock cores in the field.

Master Key:

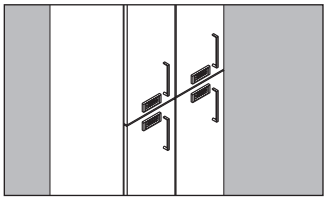
Master key is available.

Keyless Locking:

Keyless locking provides locking security for cabinets in all areas of the healthcare environment, such as exam rooms and locker rooms. Based on your security requirements, you can manage the modes of locking for cabinets.



Keyless locking utilizes radio frequency technology to operate transmitter keypad and receiver latches (factory installed). The transmitter keypad uses four-AAA batters (included) to operate. A low battery indicator is featured on the transmiter keypad, but it is recommended to replace batteries yearly.



Keyless locking can be used on individual doors or drawers, or a combination of doors and drawers.

➤See pricing pages for keyless lock options applicable to particular products.

Black Lock Core
- Key numbers: KCCB001 to KCCB300
- Black hinged key

$25

Silver (Matte Nickel) Lock Core
- Key numbers: KCCG001 to KCCG100
- Black hinged key

$25

Change Key
- Model number: KCCB1CK
- Allows removal of lock cores within these ranges: KCCB001–KCCB300 KCCG001–KCCG100

$9

Master Key
- Model number: KC2GMK
- Unlocks any lock within these key ranges: KCCB001–KCCB300 KCCG001–KCCG100

$15

How to Specify:

❶ Specify exact key number for lock cores or model number for change or master key.

Standard Includes:
- Solid surface worksurface
- Finished front edge
- Unfinished back and side edges
- 4" integrated backsplash

Note: Width listed in the pricing table above is for worksurface as standard. The overall worksurface width differs if a finished edge option for the sides is selected.

Options:
- Finished edge on left, right, or left and right sides

➤See page 9 for finishes and materials.

How to Specify:
❶ Model
② Side finished edge option:
X = None (unfinished)
L = Left side finished (+$25)
R = Right side finished (+$25)
LR = Left and right sides finished (+$50)
③ Solid surface price group:
STD = Standard
A = Corian Grade A
B = Corian Grade B
C = Corian Grade C
D = Corian Grade D
④ Solid surface finish designator

Standard Includes:
- Solid surface worksurface
- Finished front edge
- Unfinished back and side edges

Note: Width listed in the pricing table above is for worksurface as standard. The overall worksurface width differs if a finished edge option for the sides is selected.

Options:
- Finished edge on left, right, or left and right side.
- Sink:
  - 15"D x 19"W stainless steel, drop-in or drop-in ADA sink with drain and removable strainer
  - 14"D x 18"W undermount or undermount ADA stainless steel sink with drain and removable strainer
- Paddle-handle faucet or touchless-sensor faucet: polished chrome
- Sink cut-out location is measured from the left side of the worksurface to the centerline of the sink; cut-out inch increments begin at 12" from the left side, up to 12" from the right side.

➤See page 9 for finishes and materials.

How to Specify:
❶ Model
② Side finished edge option:
X = None (unfinished)
L = Left side finished (+$25)
R = Right side finished (+$25)
LR = Left and right sides finished (+$50)
③ Sink type:
DI = Drop-in (+$1101)
DIADA = Drop-in ADA (+$1379)
UM = Undermount (+$1110)
UMADA = Undermount ADA (+$1209)
④ Sink cut-out location; specify in 1" increments from the left side to the sink centerline
⑤ Faucet type:
PHF = Paddle-handle faucet (+$647)
SF = Touchless-sensor faucet (+$1489)
⑥ Solid surface price group:
STD = Standard
A = Corian Grade A
B = Corian Grade B
C = Corian Grade C
D = Corian Grade D
⑦ Solid surface finish designator

Standard Includes:
- Solid surface worksurface
- Finished front edge
- Unfinished back and side edges
- 4" integrated backsplash

Note: Width listed in the pricing table above is for worksurface as standard. The overall worksurface width differs if a finished edge option for the sides is selected.

Options:
- Finished edge on left, right, or left and right sides

➤See page 9 for finishes and materials.

How to Specify:
❶ Model
② Side finished edge option:
X = None (unfinished)
L = Left side finished (+$25)
R = Right side finished (+$25)
LR = Left and right sides finished (+$50)
③ Solid surface price group:
STD = Standard
A = Corian Grade A
B = Corian Grade B
C = Corian Grade C
D = Corian Grade D
④ Solid surface finish designator

- Shelf options (see above)

➤See page 9 for finishes and materials.

How to Specify:

❶ Model

② Pull option:
➤See page 244 for designators.

③ Lock option:
X = Non-locking
KS = Key specific; specify one lock core separately (+$39)
KRB = Key random; one black lock core (+$66)
KRS = Key random; one silver lock core (+$66)
KYLS = Keyless lock (+$328)

④ Hinge option:
STD = Concealed hinge
PH = Pivot hinge (+$66 for 60"H; +$88 for other heights)

⑤ Shelf option:
CH = Coat hooks (no upcharge)
CR = Coat rod (+$14)
WR = Wardrobe rail (+$54); available on 24"W models only
A3 = Adjustable shelves (+$223)

⑥ Door front TFL finish designator

⑦ Chassis TFL finish designator

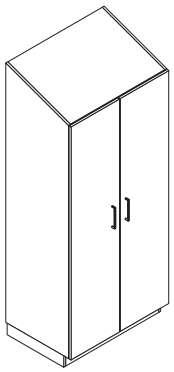
ALTERNA™ STORAGE CABINETS | SLOPED TOP | DOUBLE DOORS

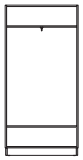
19"D and 24"D

GSA Contract Pending



With **CH** option:
- Two coat hooks
- Fixed top shelf
- Fixed bottom shelf

With **CR** option (24"D models only):
- Side-to-side coat rod
- Fixed top shelf
- Fixed bottom shelf



With **WR** option:
- Front-to-back wardrobe rail
- Fixed top shelf
- Fixed bottom shelf

With **A3** option:
- Fixed top shelf
- Three adjustable shelves

Standard Includes:
- Chassis: TFL
- Interior finished to match exterior
- Finished top, front and sides
- 120° concealed hinge
- 4" recessed toe kick
- Adjustable floor glides (1¼" adjustment)

Options:
- Locking
- 270° pivot hinge
- Two coat hooks per section

➤See page 9 for finishes and materials.

How to Specify:

❶ Model

② Pull option:
➤See page 244 for designators.

③ Lock option:
X = Non-locking
KS = Key specific; specify four lock cores separately (+$156)
KRB = Key random; four black lock cores (+$264)
KRS = Key random; four silver lock cores (+$264)
KYLS = Keyless locking doors (+$959); one keypad operates all doors
IKYLS = Keyless locking individual doors (+$1312); one keypad per door

④ Hinge option:
STD = Concealed hinge
PH = Pivot hinge (+$176)

⑤ Shelf option:
X = None
CH = Coat hooks (+$104)

⑥ Door front TFL finish designator

⑦ Chassis TFL finish designator

23¾"	24"	92½"	275.63	36.61	**65K242493CLH4LSLL**	$2058

Standard Includes:
- Chassis: TFL
- Interior finished to match exterior
- Finished top, front and sides
- 120° concealed hinge
- 4" recessed toe kick
- Adjustable floor glides (1¼" adjustment)

Options:
- Locking
- 270° pivot hinge
- Two coat hooks per section

➤See page 9 for finishes and materials.

How to Specify:

❶ Model

② Pull option:
➤See page 244 for designators.

③ Lock option:
X = Non-locking
KS = Key specific; specify four lock cores separately (+$156)
KRB = Key random; four black lock cores (+$264)
KRS = Key random; four silver lock cores (+$264)
KYLS = Keyless locking doors (+$959); one keypad operates all doors
IKYLS = Keyless locking individual doors (+$1312); one keypad per door

④ Hinge option:
STD = Concealed hinge
PH = Pivot hinge (+$176)

⑤ Shelf option:
X = None
CH = Coat hooks (+$104)

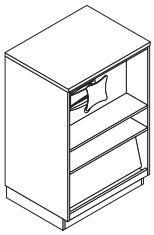
⑥ Door front TFL finish designator

⑦ Chassis TFL finish designator

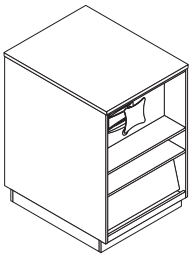
ALTERNA™ MEDIA CABINETS | LAMINATE TOP

Single- and Double-Sided

GSA Contract Pending



Single Sided



Double Sided

Note: Cove molding is required to complete installation of cabinets. Source molding locally prior to installation.

IMPORTANT: Single-sided cabinets must be anchored to wall; hardware is not included.
