

Terrifico is a cleaner/degreaser suitable for use in industrial, institutional and commercial settings. This product effectively removes oils, greases and soils from floors, walls, shower stalls, kitchen equipment, road equipment, vehicles, boats, trains, vinyl upholstery, etc. and all types of surfaces including vinyl, tile, metals, plastics, rubber and paint! This detergent emulsifies and holds soils in suspension for easy rinsing and wiping. Use for removing soot, smoke, carbon, crayon, lipstick, food spills, wax, etc.

DIRECTIONS: READ AND UNDERSTAND LABEL AND SAFETY DATA SHEET (SDS) BEFORE USE.

Use Dilution: 1 oz. per 1.5 gallons of water. 1. When cleaning floors, sweep area prior to application. 2. Dilute 1 ounce of product to 1.5 gallons of water in a wash bucket. 3. Always use a clean mop or applicator. Apply to surface. 4. Rinse mop or applicator, wring out and pick up excess solution. Repeat if necessary.

Terrifico es un limpiador/desengrasante de uso general para emplearse en entornos industriales, institucionales y comerciales. Este producto elimina eficazmente la suciedad, grasa y acumulaciones de pisos, muros, cabinas de ducha, equipos de cocina y de carretera, vehículos, embarcaciones, trenes, tapicería de vinilo, etc. y todos tipos de superficies, incluyendo vinilo, baldosas, metales, plásticos, caucho y pintura! Este detergente emulsiona y deja la suciedad en suspensión para facilitar el enjuague y la limpieza. Úselo para quitar mugre, humo, carbón, manchas de lápiz de cera, lápiz labial, derrames de comida, cera, etc.

INSTRUCCIONES: LEA Y ENTIENDE LA ETIQUETA Y LA HOJA DE DATOS SOBRE SEGURIDAD (SDS) ANTES DE UTILIZAR.

Dilución De Uso: 1.5 onzas por galón de agua. 1. Para limpiar pisos, barra el área antes de la aplicación del producto. 2. Diluya 1 onza del producto en 1.5 galones de agua en una cubeta. 3. Siempre utilice un aplicador o trapeador limpio. Aplique en la superficie. 4. Enjuague el trapeador o aplicador, exprímalo y recoja el exceso de solución. Repita si fuese necesario.

WARNING: CAUSES SERIOUS EYE IRRITATION. Wear chemical-splash goggles and chemical-resistant protective gloves. Avoid contact with eyes, skin, and clothing. Wash hands and affected areas thoroughly after handling.

FIRST AID: IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing for at least 15 minutes. If eye irritation persists, get medical attention. **IF ON SKIN:** Wash with plenty of water. If skin irritation occurs and persists, get medical attention. **IF SWALLOWED:** Rinse mouth. If conscious, dilute by drinking up to a cupful of milk or water as tolerated.

EMERGENCY TELEPHONE: 1-866-923-4913

KEEP OUT OF REACH OF CHILDREN. FOR COMMERCIAL AND INDUSTRIAL USE ONLY.

ADVERTENCIA: PROVOCA IRRITACIÓN OCULAR GRAVE. Use lentes a prueba de salpicaduras químicas y guantes protectores resistentes a químicos. Evite el contacto del producto con los ojos, la piel y la ropa. Lávese las manos y las zonas afectadas completamente después de manipular el producto.

PRIMEROS AUXILIOS: EN CASO DE CONTACTO CON LOS OJOS: Enjuague los ojos cuidadosamente con agua durante varios minutos. Quite los lentes de contacto, si se usan y resulta fácil. Continúe enjuagando por lo menos 15 minutos. Si persiste la irritación en los ojos, busque atención médica. **EN CASO DE CONTACTO CON LA PIEL:** Lave con mucha agua. Si una irritación ocurre y persiste, busque atención médica. **EN CASO DE INGESTIÓN:** Enjuague la boca. Si la persona está consciente, dele de beber hasta una taza de leche o agua en que lo tolere para diluir el producto químico.

TOTAL	100.00%

KEEP OUT OF REACH OF CHILDREN

DANGER

FIRST AID

Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call poison control center or doctor for treatment advice.

IF SWALLOWED: Call poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage.

(See side panel for Additional Precautionary Statements)

NET CONTENTS: 1 gal. (3.79 L)

Quat-Clean Plus is a phosphate-free formulation designed to provide effective cleaning, deodorization, sanitization, and disinfection specifically for hospitals, nursing homes, schools and food service establishments where housekeeping is of prime importance in controlling the hazard of cross-contamination. This product, when used as directed, is formulated to disinfect inanimate, hard, non-porous surfaces: floors, sinks, countertops, tables, chairs, and telephones. This product deodorizes those areas which generally are hard to keep fresh smelling, such as garbage storage areas, empty garbage bins and cans, toilet bowls, and other areas which are prone to odors caused by microorganisms.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. This product is not for use on critical and semi-critical medical device surfaces.

DISINFECTION – To disinfect inanimate, hard, non-porous surfaces add 1-2 ounces of this product per gallon of water. Apply solution with a mop, cloth, sponge, hand pump trigger sprayer or low pressure coarse sprayer so as to wet all surfaces thoroughly. Allow to remain wet for 10 minutes, then remove excess liquid. For heavily soiled areas, a pre-cleaning step is required. Prepare a fresh solution for each use.

To disinfect toilet bowls: flush toilet, add 1-2 ounces of this product directly to the bowl water. Swab the bowl completely using a scrub brush or toilet mop, making sure to get under the rim. Let stand for 10 minutes and flush.

To disinfect food processing premises: Before using this product, food products and packaging materials must be removed from the area or carefully protected. For floors, walls, and storage areas, add 1 ounce of this product per gallon of water. For heavily soiled areas, a pre-cleaning step is required. Apply solution with a mop, cloth, sponge, hand pump trigger sprayer or low pressure coarse sprayer so as to wet all surfaces thoroughly. Allow to remain wet for 10 minutes, then remove excess liquid, and rinse the surface with potable water. This product cannot be used to clean the following food contact surfaces: utensils, glassware and dishes.

To disinfect food service establishment food contact surfaces: Before using this product, food products and packaging materials must be removed from the area or carefully protected. For countertops, appliances, tables, add 1-2 ounces of this product per gallon of water. For heavily soiled areas, a pre-cleaning step is required. Apply solution with a cloth, sponge, hand pump trigger sprayer or low pressure coarse sprayer so as to wet all surfaces thoroughly. Allow the surface to remain wet for 10 minutes, then remove excess liquid and rinse the surface with potable water. This product cannot be used to clean the following food contact surfaces: utensils, glassware and dishes.

BACTERICIDAL ACTIVITY – When diluted at the rate of 1-2 ounces per gallon of water, this product exhibits effective disinfectant activity against the organisms: *Pseudomonas aeruginosa* (P.A. 1), *Escherichia coli*, *Klebsiella pneumoniae*, *Salmonella (schottmüller)* enterica, *Salmonella (choleraesuis)* enterica, *Streptococcus salivarius*, *Brevibacterium ammoniagenes*, *Streptococcus faecalis*, *Shigella dysenteriae*, *Enterobacter aerogenes*, *Staphylococcus aureus*, *Streptococcus pyogenes* (Quincke-Fresh Eating Strain B16 MG), *Vandermycin intermediate resistant Staphylococcus aureus* (NSA), and *Methicillin resistant Staphylococcus aureus* (MRSA), and meets all requirements for hospital use.

MILDEWSTAT – To control mold and mildew on pre-cleaned, hard, non-porous surfaces, add 1 ounce of this product per gallon of water. Apply solution with a cloth, mop, sponge, hand pump trigger sprayer or low pressure coarse sprayer making sure to wet all surfaces completely. Let air dry. Prepare a fresh solution for each use. Repeat application of weekly intervals or when mildew growth appears.

EFFICACY TESTS HAVE DEMONSTRATED THAT THIS PRODUCT IS AN EFFECTIVE BACTERICIDE AND VIRUCIDE IN THE PRESENCE OF ORGANIC SOIL (5% BLOOD SERUM).

GENERAL CLEANING – Apply this product to soiled area with a mop, cloth, sponge, hand pump trigger sprayer or low pressure coarse sprayer. This product can be diluted at 1-2 ounces per gallon or applied at full strength. Thoroughly wet soiled surface and scrub as necessary.

DEODORIZATION – To deodorize, apply this product as indicated under the heading DISINFECTION.

VIRUCIDAL ACTIVITY – This product, when used on environmental, inanimate, hard, non-porous surfaces at 1-2 ounces per gallon of water, exhibits effective virucidal activity against Influenza A2/Japan (representative of the common flu virus), Herpes Simplex Type 1 (causative agent of fever blisters), Adenovirus Type 2 (causative agent of upper respiratory infections), Vaccinia virus (representative of the Pox virus group), Human Immunodeficiency Virus Type 1 (HIV-1), Bovine Viral Diarrhea Virus (BVD), Human Coronavirus (ATCC VR-299), Strain 229E, Hepatitis B Virus (HBV), Hepatitis C Virus (HCV), Norovirus (NoV), Rotavirus, SARS Associated Coronavirus, Porcine Respiratory & Reproductive Syndrome Virus (PRRSV) (Strain NVSL) and Avian Influenza A. This product has demonstrated effectiveness against Influenza A virus and is expected to inactivate all Influenza A viruses including Pandemic 2009 H1N1 Influenza A.

KILLS HIV-1, HBV AND HCV ON PRE-CLEANED ENVIRONMENTAL SURFACES/OBJECTS PREVIOUSLY SOILED WITH BLOOD/BODY FLUIDS in health care settings (Hospitals, Nursing Homes) or other settings in which there is an expected likelihood of soiling of inanimate surfaces/objects with blood or body fluids, and in which the surfaces/objects likely to be soiled with blood or body fluids can be associated with the potential for transmission of Human Immunodeficiency Virus Type 1 (HIV-1) (associated with AIDS), Hepatitis B Virus (HBV) and Hepatitis C Virus (HCV).

SPECIAL INSTRUCTIONS FOR CLEANING AND DECONTAMINATION AGAINST HIV-1, HBV AND HCV ON SURFACES/ OBJECTS SOILED WITH BLOOD/BODY FLUIDS.

PERSONAL PROTECTION: When handling items soiled with blood or body fluids, use disposable latex gloves, gowns, masks, and eyes coverings.

CLEANING PROCEDURES: Blood or other body fluids must be thoroughly cleaned from surfaces and objects before application of this product.

CONTACT TIME: Allow surface to remain wet for 10 minutes.

DISPOSAL OF INFECTIOUS MATERIALS: Blood and other body fluids must be autoclaved and disposed of according to local regulations for infectious waste disposal.

SANITIZATION – For use in restaurants and bars. When used as directed, this product is an effective sanitizer against *Escherichia coli* and *Staphylococcus aureus*. Remove all gross food particles and soil from areas, which are to be sanitized, with a good detergent, pre-rinse, pre-soak or pre-scrape treatment. Rinse with a potable water rinse. To sanitize pre-cleaned and potable water rinsed, non-porous, food contact surfaces, prepare a 200 ppm active quaternary solution by adding 1 ounce of this product to 3.5 gallons of water.

To sanitize immobile items such as tanks, chopping blocks, and counter tops, flood the area with a 200 ppm active quaternary solution or apply with a cloth, sponge, hand pump trigger sprayer or low pressure coarse sprayer making sure to wet all surfaces completely for at least 60 seconds. Let air dry. Prepare a fresh solution for each use.

To sanitize mobile items such as drinking glasses and eating utensils, immerse in a 200 ppm active quaternary solution for at least 60 seconds making sure to immerse completely. Let air dry. Prepare a fresh solution daily or more frequently as soil is apparent. When used for sanitization of previously cleaned food equipment or food contact items, limit active quaternaries to 200 ppm. NO POTABLE WATER RINSE IS REQUIRED. This product is an effective sanitizer when diluted in water up to 250 ppm hardness (as CaCO₃).

DIRECTIONS FOR RESTAURANT AND BAR SANITIZER: Equipment and utensils should be thoroughly pre-flushed or pre-scraped and when necessary pre-soaked to remove gross food particles and soil. Then thoroughly wash or flush objects with a good detergent or compatible cleaner followed by a potable water rinse before application of sanitizing solution. For pre-cleaned dishes, glassware, silverware, cooking utensils, immerse in a solution containing 1 ounce of this product per 3.5 gallons of water.

STORAGE AND DISPOSAL

DO NOT CONTAMINATE WATER, FOOD, OR FEED BY STORAGE OR DISPOSAL.

PESTICIDE STORAGE – Store in a dry place no lower in temperature than 50°F or higher than 120°F.

CONTAINER DISPOSAL – Non-refillable container. Do not refill or reuse container. Triple rinse as follows: Fill container 1/4 full with water and recap. Shake for 10 seconds. Follow Pesticide Disposal instructions for residue disposal. Drain for 10 seconds after the flow begins to drip. Repeat procedure two more times. Then offer for recycling or reconditioning. If not available, puncture and dispose in a sanitary landfill.

PESTICIDE DISPOSAL – Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER, KEEP OUT OF REACH OF CHILDREN, CORROSIVE. Causes irreversible eye damage and skin burns. Do not get in eyes, on skin or on clothing. Wear goggles or face shield, rubber gloves and protective clothing. Harmful if swallowed. Remove and wash contaminated clothing and wash before reuse. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet.

Surety™ Hydrogen Peroxide G.P. Cleaner is a unique, hydrogen peroxide, fortified product that is one of the most versatile general purpose cleaners you can buy. Virtually all of your daily spray and wipe cleaning can be done with one product! From glass cleaning to carpet spot remover, this product has a variety of uses when used at different dilutions. Designed with a powerful surfactant, Surety Hydrogen Peroxide G.P. Cleaner penetrates and lifts tough soils without intentionally added harsh solvents or alkalis. With a neutral pH at its use dilution, this product is very user friendly.

DIRECTIONS: READ AND UNDERSTAND LABEL AND SAFETY DATA SHEET (SDS) BEFORE USE. Fill mop bucket or spray bottle with proper use dilution of product as shown below. For glass, restroom, and general spray and wipe cleaning, apply to surfaces to be cleaned, allow sufficient time to loosen soil, then wipe, mop, or squeegee surface. For floor cleaning, apply to floor, allow sufficient time to loosen soil, then mop surface. For carpet spotting, apply to carpet spot, agitate and rinse with water. For carpet prespray, spray on carpet and extract with cold water. For carpet extraction, fill carpet extraction tank with diluted product, and extract floor according to carpet extractor instructions. **LIGHT DUTY CLEANING:** 1:256 dilution (1/2 oz per gallon of cold water) for spray and wipe cleaning of glass, metal fixtures, counter tops, and other washable surfaces. At this dilution this product can also be used for daily floor cleaning and carpet extraction. **MEDIUM DUTY CLEANING:** 1:128 (1 oz per gallon of cold water) for cleaning of finished and unfinished floors. At this dilution, this product can also be used for spray and wipe cleaning of washable surfaces as well as carpet prespray. **HEAVY DUTY CLEANING:** 1:64 dilution (2 oz per gallon of cold water) for cleaning sinks, tile & grout, and shower surfaces in the restroom. At this dilution, the product can also be used for spray and wipe cleaning, degreasing, deodorizing surfaces and carpet spotting.

Surety™ Hydrogen Peroxide G.P. Cleaner un singular y fortificado producto a base peróxido de hidrógeno, es uno de los limpiadores generales más versátiles que usted pueda adquirir. Prácticamente toda la limpieza diaria por el modo de atomizar y enjuagar se puede hacer con solo este producto! Este limpiador se encarga de limpiar desde vidrios hasta remover manchas en las alfombras. Sus usos varían según la dilución empleada. Diseñado con base en un poderoso surfactante, Surety™ Hydrogen Peroxide G.P. Cleaner penetra y renueva la suciedad severa sin agregar intencionalmente solventes abrasivos o álcalis. A una razón de dilución con pH neutro, este producto resulta muy amigable.

INSTRUCCIONES: LEA Y ENTienda LA ETIQUETA Y LA HOJA DE DATOS SOBRE SEGURIDAD (SDS) ANTES DE UTILIZAR. Llene la cubeta para trapear o la botella atomizadora con producto a la dilución adecuada como se ilustra más abajo. Para el vidrio, el baño y la limpieza general por atomizar y secar, aplique a las superficies que desea limpiar, dele al producto el tiempo suficiente para penetrar en la suciedad y luego enjuague, trapee o use un jabador en la superficie. Para la limpieza de pisos, aplique en los pisos, dele al producto el tiempo suficiente para penetrar en la suciedad y luego trapee la superficie. Para la limpieza de manchas individuales en las alfombras, aplique en la manchas en las alfombras, agite y enjuague con agua. Para el pretratamiento de alfombras por atomización, atomice sobre las alfombras y extraiga con agua fría. Para la limpieza por extracción de alfombras, llene el tanque de extracción con producto diluido y limpie por extracción de acuerdo con las instrucciones de limpieza por extracción de alfombras. **LIMPIEZA LIGERA:** razón de dilución de 1:256 [15 ml (1/2 oz) por 3.78 litros (1 gal) de agua fría] para rociar y enjuagar el vidrio, accesorios de metal, mostradores y otras superficies lavables. A esta dilución el producto también puede ser empleado para la limpieza diaria de pisos y la limpieza por extracción de alfombras. **LIMPIEZA MEDIA:** razón de dilución de 1:128 [30 ml (1 oz) por 3.78 litros (1 gal) de agua fría] para la limpieza de pisos con acabado y sin acabado. A esta dilución el producto también puede ser empleado para la limpieza por atomizar y secar de las superficies lavables, así como para el pretratamiento de alfombras por atomización. **LIMPIEZA A PROFUNDIDAD:** razón de dilución de 1:64 [59 ml (2 oz) por 3.78 litros (1 gal) de agua fría] para la limpieza de lavabos, lechada para mosaicos y las superficies en la regadera del baño. A esta dilución el producto también puede ser empleado para limpiar por atomizado y secado, desengrasar y deodorizar las superficies lavables, así como para limpiar las manchas individuales en las alfombras.

**STAINLESS STEEL
CLEANER and POLISH**
Limpiador y Abrillantador para Acero Inoxidable

DIRECTIONS: READ AND UNDERSTAND LABEL AND MATERIAL SAFETY DATA SHEET (SDS) BEFORE USE. Apply this product to surface and wipe with a soft cloth, spreading and rubbing to be sure entire surface is covered. For heavier soil, a brief soaking period should be allowed after application, the rubbing continued until accumulated soil is removed. Cloth should be turned frequently to keep the clean areas "working" with the polish. Never use this polish on food contact surfaces. Rubber gloves recommended. **NOTE:** Never use on floors and protect floors from overspray. The products ingredients make a floor slippery. If oversprayed onto a floor, scrub the floor with detergent and dry thoroughly.

INSTRUCCIONES: LEA Y COMPRENDA LA ETIQUETA Y LA FICHA DE DATOS DE SEGURIDAD (SDS) ANTES DE USAR ESTE PRODUCTO. Solo aplique este producto sobre la superficie y seque con un trapo suave, extendiéndolo frotando para asegurarse de cubrir toda la superficie. En áreas con suciedad espesa, un período de remojo debe permitirse después de la aplicación. Sigue frotando hasta que remueva toda la suciedad acumulada. Nunca use este abrillantador sobre superficies en contacto con alimentos. Lávese las manos completamente después de usarlo. Se recomienda el uso de guantes de caucho. **NOTA:** Nunca lo use en pisos y protéjalos de las salpicaduras. Los ingredientes del producto hacen que el piso se torne resbaloso. Si salpica el piso, líllelo con detergente y séquelo completamente.

DANGER: MAY BE FATAL IF SWALLOWED AND ENTERS AIRWAYS. CAUSES EYE IRRITATION. Avoid contact with eyes, skin, and clothing. Do not breathe vapors or mists. Wash hands and affected areas thoroughly after handling.

FIRST AID: IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing for at least 15 minutes. If eye irritation persists, get medical attention. **IF ON SKIN:** Wash with plenty of water. If skin irritation occurs or persists, get medical attention. **IF SWALLOWED:** Immediately call a Poison Center or physician. Do NOT induce vomiting. **IF INHALED:** Remove person to fresh air and keep comfortable for breathing.

START FIRST AID. IMMEDIATELY CALL A POISON CENTER OR PHYSICIAN. EMERGENCY TELEPHONE: 1-866-923-4913

Storage: Keep container tightly closed. Store locked up.

Disposal: Dispose of contents in accordance with all federal, state and local applicable laws and regulations.

KEEP OUT OF REACH OF CHILDREN. FOR COMMERCIAL AND INDUSTRIAL USE ONLY.

PELIGRO: PUEDE SER MORTAL EN CASO DE INGESTIÓN Y PENETRACIÓN EN LAS VÍAS RESPIRATORIAS. PROVOCA IRRITACIÓN OCULAR. Evite el contacto con los ojos, la piel y la ropa. No respire los vapores o nieblas. Lávese las manos y las zonas afectadas completamente después de manipular el producto.

PRIMEROS AUXILIOS: EN CASO DE CONTACTO CON LOS OJOS: Enjuague los ojos cuidadosamente con agua durante varios minutos. Quite los lentes de contacto, si se usan y resulta fácil. Continúe enjuagando por lo menos 15 minutos. Si persiste la irritación ocular, busque atención médica. **EN CASO DE CONTACTO CON LA PIEL:** Lave con mucha agua. Si una irritación ocurre y persiste, busque atención médica. **EN CASO DE INGESTIÓN:** Llame inmediatamente a un centro de control toxicológico o a un médico. **NO** induzca el vómito. **EN CASO DE INHALACIÓN:** Translade la persona al aire libre y manténgala en reposo en una posición confortable para respirar.

COMMENCE A ADMINSTRAR LOS PRIMEROS AUXILIOS. LLAME INMEDIATAMENTE A UN CENTRO DE CONTROL TOXICOLÓGICO O A UN MÉDICO. TELÉFONO DE EMERGENCIA: 1-866-923-4913

Almacenamiento: Mantenga el contenedor firmemente cerrado. Guárdelo bajo llave.

Eliminación: Asegure la eliminación de acuerdo con todas las leyes y regulaciones federales, estatales y locales aplicables.

MANTÉNGASE ALEJADO DEL ALCANCE DE LOS NIÑOS. PARA USO COMERCIAL E INDUSTRIAL ÚNICAMENTE.

QUALITY MANUAL
DISHWASHING DETERGENT
Detergente de alta calidad para
el lavado manual de vajillas

INCEPTION™ is a highly concentrated, superior performing product. At 1-2 ounces to 10 gallons of water, this product will quickly cut through the heaviest amounts of grease and fat while providing long lasting suds. The real value associated with using this product is the long term labor savings and cost reductions realized with every wash.

INCEPTION™ es un producto altamente concentrado de alto rendimiento. En una tasa de dilución de 30 a 60 ml (1-2 oz) en 37.8 litros (10 gal) de agua, este producto corta rápidamente la grasa y el cebo, a la vez que produce espuma abundante y duradera. El verdadero valor asociado con el uso de este producto está en el ahorro a largo plazo del trabajo y en la reducción de costos de cada lavada.

DIRECTIONS: READ AND UNDERSTAND LABEL AND SAFETY DATA SHEET (SDS) BEFORE USE. Pre-flush with lukewarm water. **Tank #1:** Wash in a solution of 1-2 ounces of product up to 10 gallons of warm water (110°-120°F), depending on soil. **Tank #2:** Rinse in clean water. **Tank #3:** Sanitize with a recommended sanitizer. Air dry, never towel. Store dishes in a clean, covered place.

INSTRUCCIONES: LEA Y ENTIENDA LA ETIQUETA Y LA HOJA DE DATOS SOBRE SEGURIDAD (SDS) ANTES DE UTILIZAR. Enjuague previamente con agua tibia. **Tanque n° 1:** Lave con una solución de 30 a 60 ml (1-2 oz) de producto en hasta 37.8 litros (10 gal) de agua tibia (entre 43 °C y 49 °C/110 °F y 120 °F), según la carga de suciedad. **Tanque n° 2:** Enjuague con agua limpia. **Tanque n° 3:** Desinfecte con un desinfectante recomendado. Deje secar al aire; nunca seque con toallas. Almacene los artículos en un lugar limpio y cubierto.

EPA REG. NO. 70627-67 EPA Est. No. 0312-WI-3 (NW), 7546-WI-1 (WT), 13938-CN-1 (LD) Lot code letters indicate establishment number. Net Contents 946 mL / 1 U.S. Qt 5516217	1/8" COPY FREE AREA BATH MATE RTU™ Ready-to-Use Acid-Free Disinfectant Washroom Cleaner Cleans, disinfects and deodorizes toilet bowls, urinals, tubs, showers and other hard, non-porous washroom surfaces. Use on glazed porcelain, glazed ceramic, sealed grout, stainless steel, Formica, Plexiglass, fiberglass sinks, bathtubs or shower stalls and chrome. An effective one-step cleaner/disinfectant in the presence of organic soil load. For daily washroom cleaning in hospitals, motels, hotels, nursing homes, business and industrial buildings, restaurants and food plants. Non-acid formula with a fresh floral fragrance. Kills <i>Pseudomonas aeruginosa</i>, <i>Staphylococcus aureus</i>, <i>Salmonella enterica</i>, (formerly known as <i>Salmonella choleraesuis</i>), <i>Staphylococcus aureus</i> (Methicillin resistant (MRSA)), Influenza A/Hong Kong, Herpes Simplex Type 1 and Type 2, <i>Trichophyton mentagrophytes</i> (athlete's foot fungus), and <i>Chlamydiae trachomatis</i> on hard, non-porous environmental surfaces in the presence of organic soil (5% blood serum). *Kills HIV-1 (Human Immunodeficiency Virus Type 1) which causes AIDS (Acquired Immuno-deficiency Syndrome) and *Hepatitis B Virus (HBV). This product is virucidal against HIV-1 after 1 minute and HBV after 5 minutes in the presence of organic soils (5% blood serum). *Kills Pandemic 2009 H1N1 Influenza A virus. DIRECTIONS FOR USE: It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. Cleaning, Disinfecting and Deodorizing Toilet Bowls and Urinals: 1. Flush toilet or urinal. Lower the water level in the bowl by forcing water over trap with a bowl swab. 2. Remove excess water from bowl swab. 3. Apply 2 oz. of disinfectant solution to the bowl swab. 4. Swab all surfaces. Start under the rim and work down. 5. Leave treatment on surfaces for at least 10 minutes. 6. Flush toilet or urinal. Rinse bowl swab. Preliminary cleaning is required for heavily soiled surfaces. Cleaning, Disinfecting and Deodorizing Sinks, Tubs and Other Hard Non-Porous Surfaces: 1. Apply product with a cloth, sponge, mop or spray applicator to wet all surfaces thoroughly. 2. For heavier soils, agitate with a hand pad or brush if necessary. 3. Let treated surfaces remain wet for 10 minutes and rinse thoroughly. Pre-clean heavily soiled surfaces before disinfecting. To Control Mold and Mildew: Apply product to pre-cleaned hard, non-porous environmental surfaces. Allow to air dry. Repeat application weekly or when growth reappears. *KILLS HIV-1 AND HBV ON PRE-CLEANED INANIMATE SURFACES/OBJECTS PREVIOUSLY SOILED WITH BLOOD/BODY FLUIDS in health care settings and other settings in which there is an expected likelihood of soiling of inanimate surfaces/objects with blood or body fluids, and in which the surfaces/objects likely to be soiled with blood or body fluids can be associated with the potential for transmission of Human Immunodeficiency Virus Type 1 (HIV-1) (associated with AIDS) and Hepatitis B Virus (HBV).	SPECIAL INSTRUCTIONS FOR CLEANING AND DECONTAMINATION AGAINST HIV-1 AND HBV OF SURFACES/OBJECTS SOILED WITH BLOOD/BODILY FLUIDS. Personal Protection: Disposable latex or vinyl gloves, gowns, face masks, and eye covering as appropriate, must be worn during all cleaning of body fluids, blood and decontamination procedures. Cleaning Procedures: Blood and body fluids must be thoroughly cleaned from surfaces and objects before application of this product. Contact Time: Allow surface to remain wet for 1 minute to kill HIV-1 and 5 minutes to kill HBV. For other organisms allow surface to remain wet for 10 minutes. Disposal of Infectious Material: Blood and other body fluids must be autoclaved and disposed of according to Federal, State, and local regulations for infectious waste disposal. STORAGE AND DISPOSAL Do not contaminate water, food, or feed by storage or disposal. PESTICIDE STORAGE: Store only in tightly closed, original container in a secure area inaccessible to children. PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility. CONTAINER DISPOSAL: Nonrefillable container. Do not reuse or refill this container. Wrap empty container and put in trash. ENVIRONMENTAL HAZARDS: This product is toxic to fish and aquatic invertebrates. PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS CAUTION. Harmful if absorbed through skin. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling. Harmful if inhaled. Avoid breathing spray mist. Remove contaminated clothing and wash clothing before reuse. FIRST AID IF ON SKIN: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. IN CASE OF EMERGENCY, CALL A POISON CONTROL CENTER OR DOCTOR FOR TREATMENT ADVICE. 1-800-851-7145 Have the product container or label with you when calling a Poison Control Center or doctor or going in for treatment. MILDEWSTAT: To control mold and mildew (*Aspergillus niger* ATCC 6275) and the odors they cause on pre-cleaned, hard, non-porous inanimate surfaces add ½ ounce of this product per gallon of water. Apply solution with a cloth, mop, sponge or hand pump trigger sprayer making sure to wet all surfaces completely. Let air dry. Prepare a fresh solution for each use. Repeat application at weekly intervals or when mildew growth appears.

***VIRUCIDAL ACTIVITY:** This product, when used on environmental, inanimate, hard, non-porous surfaces at ½ ounce per gallon of water exhibits effective virucidal activity against Human Immunodeficiency Virus Type 1 (HIV-1), Human Immunodeficiency Virus Type 2 (HIV-2), Hepatitis B Virus (HBV), Hepatitis C Virus (HCV), Herpes Simplex Type 1 (causative agent of fever blisters), Herpes Simplex Type 2 (genital disease), Influenza A/Hong Kong, Vaccinia, Rotavirus, Human Coronavirus (ATCC VR-740, Strain 229E), SARS Associated Coronavirus, Rabies Virus, Bovine Viral Diarrhea Virus (BVDV), Pseudorabies, Bovine Rhinotracheitis, Feline Leukemia, Feline Picornavirus, Canine Distemper Virus, Paramyxovirus (Mumps), Porcine Respiratory & Reproductive Syndrome Virus (PRRSV) and Avian Influenza A Virus.

Kills Pandemic 2009 H1N1 Influenza A virus.

KILLS HIV-1, HIV-2, HBV, and HCV ON PRE-CLEANED ENVIRONMENTAL SURFACES/OBJECTS PREVIOUSLY SOILED WITH BLOOD/BODY FLUIDS in health care settings (Hospitals, Nursing Homes) or other settings in which there is an expected likelihood of soiling of inanimate surfaces/objects with blood or body fluids, and in which the surfaces/objects likely to be soiled with blood or body fluids can be associated with the potential for transmission of Human Immunodeficiency Virus Type 1 or Type 2 (HIV-1 or HIV-2) (associated with AIDS), Hepatitis B Virus (HBV), and Hepatitis C Virus (HCV).

SPECIAL INSTRUCTIONS FOR CLEANING AND DECONTAMINATION AGAINST HIV-1, HIV-2, HBV, and HCV ON SURFACES/OBJECTS SOILED WITH BLOOD/BODY FLUIDS.

PERSONAL PROTECTION: When handling items soiled with blood or body fluids, use disposable latex gloves, gowns, masks, and eye coverings.

CLEANING PROCEDURES: Blood and other body fluids must be thoroughly cleaned from surfaces and objects before application of this product.

CONTACT TIME: Allow surface to remain wet for 10 minutes.

DISPOSAL OF INFECTIOUS MATERIALS: Blood and other body fluids should be autoclaved and disposed of according to local regulations for infectious waste disposal.

EFFICACY TESTS HAVE DEMONSTRATED THAT THIS PRODUCT IS AN EFFECTIVE BACTERICIDE AND *VIRUCIDE IN WATER UP TO 400 PPM HARDNESS (AS CaCO₃) IN THE PRESENCE OF ORGANIC SOIL (5% BLOOD SERUM).

DEODORIZATION: To deodorize, apply this product as indicated under the heading DISINFECTION.

GENERAL CLEANING: Apply this product to soiled area with a mop, cloth, sponge, hand pump trigger sprayer or low pressure coarse sprayer. This product can be diluted at ½ ounce per gallon. Thoroughly wet soiled surface and scrub as necessary.

See *Reference Sheet* for a complete list of organisms and additional information.

SHINE-UP™/MC FURNITURE POLISH provides a beautiful luster that helps protect wood and other surfaces against ordinary wear. Its unique formulation of rich polishes resists smears, fingerprints, smudges and common oil-based marks.

DIRECTIONS: Shake well before each use. Hold container upright and spray about 8 inches (20 cm) from surface. Wipe immediately with soft, clean cloth. For dry dusting, small items or hard to reach areas, spray polish on the cloth and wipe immediately.

NOTE: Never use on floors and protect floors from overspray. The product's ingredients make floor slippery. If oversprayed onto a floor, scrub the floor with detergent and dry thoroughly.

SHINE-UP™/MC POLI À MEUBLES confère un beau lustre qui aide à protéger le bois ainsi que d'autres surfaces contre l'usure ordinaire. Sa formule unique à polis riches résiste aux trainées, aux traces de doigts et aux marques ordinaires à base d'huile.

MODE D'EMPLOI : Bien agiter avant chaque utilisation. Tenir la canette à la verticale et vaporiser à 8 pouces (20 cm) environ de la surface. Essuyer immédiatement avec un chiffon doux et propre. Pour dépoussiérage à sec, petits objets ou zones d'accès difficile, pulvériser du produit de polissage sur le chiffon et nettoyer immédiatement.

NOTA : Ne jamais utiliser ce produit sur les planchers; les protéger contre toute vaporisation excessive. Les ingrédients du produit font plancher glissant. En cas de vaporisation excessive, frotter le plancher avec un détergent et laisser sécher complètement.

SHINE-UP™/MC ABRILLANTADOR PARA MUEBLES proporciona un bello lustre a los muebles y ayuda a proteger las superficies de madera y otras contra el desgaste ordinario. Su formulación única de lustradores ricos es resistente a las rayaduras, las marcas que dejan los dedos y las marcas comunes de base de aceite.

INSTRUCCIONES: Agítelo bien antes de cada uso. Sujete el envase verticalmente hacia arriba y rocíe a alrededor de 8 pulgadas (20 cm) de distancia de la superficie. Frótelo inmediatamente con un paño limpio y suave. Para quitar el polvo en seco, elementos pequeños o lugares de acceso difícil, rocíe el pulimento en el paño y limpie de inmediato.

NOTA: Nunca úselo sobre los pisos; proteja los pisos contra toda atomización excesiva. Los ingredientes del producto que los pisos resbaladizos. En caso de atomización excesiva, frote el piso con detergente y deje secar completamente.

Lemon Furniture Polish
Polià Meubles Au Citron
Pulidor De Muebles De
Limón

Shine-Up® Furniture Polish is a general purpose Ready-To-Use polish made for use on commercial types of furniture and many other surfaces.

DIRECTIONS: Shake well before each use. Hold trigger sprayer about 8 inches from surface and spray a light mist. Wipe immediately with a soft clean cloth. Do not allow spray to dry before wiping. For dry dusting, small items or hard to reach areas, spray SHINE-UP Furniture Polish on the cloth and wipe immediately.

NOTE: Never use on floors and protect floors from overspray. The product's ingredients could make a floor slippery. If oversprayed onto a floor, scrub the floor with detergent and dry thoroughly.

Le poli a meubles SHINE-UP® est un poli d'usage général prêt-à-utiliser qui s'utilise sur divers types de meubles commerciaux et bien d'autres surfaces.

MODE D'EMPLOI : Bien agiter avant chaque utilisation. Tenir la bouteille à gâchette à 8 pouces environ de la surface et vaporiser pour la couvrir d'une brume légère. Essuyer immédiatement avec un chiffon doux et propre. Ne pas laisser sécher le poli vaporisé avant de l'essuyer. Pour l'époussetage à sec ou pour épousseter de petits articles ou les endroits d'accès difficile, vaporiser le poli a meubles SHINE-UP sur le chiffon puis essuyer sans attendre.

NOTA : Ne jamais utiliser ce produit sur les planchers. Protéger les planchers contre toute survaporisation. Les ingrédients du produit peuvent les rendre glissants. Si le produit vaporisé tombe sur le plancher, le récupérer avec un détergent et le faire sécher au complet.

Ce produit, lorsque dilué tel qu'indiqué sur l'étiquette, n'est pas classifié comme dangereux en conformité avec la norme 29 CFR 1910.1200 de l'OSHA (HazCom 2012 - SGH) et les exigences actuelles du Règlement sur les produits contrôlés (RPC) du Canada.

La cera para muebles SHINE-UP® es una cera de uso general lista-para-usarse diseñada para muebles de estilo comercial y muchas otras superficies.

INSTRUCCIONES: Agítelo bien antes de usarse. Sujete el rociador con gatillo a alrededor de 8 pulgadas de distancia de la superficie y rocíe un rocío liviano. Frótelo inmediatamente con un paño suave y limpio. No permita que el rocío se seque antes de frotarlo. Para desempolvar en seco, pequeños artículos o lugares de difícil acceso, atomice SHINE-UP sobre el paño y enjuague inmediatamente. No reutilice este envase.

NOTA: Nunca utilice este producto sobre los pisos; proteja los pisos contra toda atomización excesiva. Los ingredientes del producto pueden tornarlos resbalosos. Si el producto atomizado cae sobre el piso, frótelo con detergente y séquelo completamente.

DIRECTIONS: Hold can upright. Press button and spray a small area until wet. Use sparingly. Clean with one cloth and polish with a clean, dry cloth. The gloss is renewed and will be retained. The cleaning process is simple. No rubbing is required. Contains no acid or abrasive substances. Will not leave a powdery residue. Not to be used on cooking utensils, such as pots, pans, knives, forks or spoons.

For use in industrial and food processing establishments. Avoid contamination of food contact surfaces in the application of this product. Do not store in food processing areas. Surfaces subject to direct food contact must be washed with a suitable detergent and thoroughly rinsed with potable water after treatment with this product. Avoid contamination of food during use or storage.

NOTE: Never use on floors and protect floors from overspray. The product's ingredients make a floor slippery. If oversprayed onto a floor, scrub the floor with detergent and dry thoroughly.

For Food Plant Use: Suitable for use in non-food processing areas. Do not use on food contact surfaces.

Avoid contamination of food during use or storage.

MODE D'EMPLOI : Maintenir la bombe droite. Appuyer sur le bouton et pulvériser sur une petite surface pour bien l'humidifier. Utiliser avec modération. Nettoyer avec un chiffon, puis polir avec un autre chiffon propre et sec. Le brillant sera renouvelé et durable. Le processus de nettoyage est simple. Il n'y a pas besoin de frotter. Ne contient ni acide ni substances abrasives. Ne laisse pas de résidus poudreux. A ne pas utiliser sur ustensiles de cuisine, comme casseroles, récipients, couteaux, fourchettes ou cuillers.

Pour emploi dans des établissements industriels, institutionnels et de traitement des aliments. Éviter la contamination des surfaces destinées à un contact avec des aliments pendant l'application de ce produit. Ne pas entreposer dans des lieux de traitement des aliments. Les surfaces soumises à un contact direct avec des aliments doivent être lavées avec un produit détergent convenable et soigneusement rincées à l'eau potable après leur traitement avec ce produit. Éviter toute contamination des aliments lors de l'utilisation et de l'entreposage.

REMARQUE : Ne jamais utiliser le produit sur des sols, et les protéger contre un surplus de projection. Les ingrédients du produit rendent le sol glissant. Si du produit a été envoyé sur le sol, le nettoyer avec du détergent et bien le sécher.

Pour usage dans les usines de produits alimentaires : Convient pour une utilisation dans les zones de traitement non-alimentaires. Ne pas utiliser sur les surfaces de contact alimentaire. Éviter la contamination d'aliments durant utilization ou entreposage.

MODO DE EMPLEO: Sostenga la lata en posición vertical. Oprima el botón y rocíe un área pequeña hasta que esté húmeda. Use con moderación. Limpie con un paño, y pula con otro paño limpio y seco. El brillo se renueva y permanece. El proceso de limpieza es simple. No se necesita frotar. No contiene ácidos ni sustancias abrasivas. No deja residuo en forma de polvo. No es para usar en utensilios de cocina como ollas, fuentes, cuchillos, tenedores o cucharas. Para empleo en establecimientos industriales, institucionales y de procesamiento de alimentos. Evitar la contaminación de superficies en contacto con alimentos durante la aplicación de este producto. No almacenar en áreas donde se procesan alimentos. Las superficies expuestas al contacto directo con alimentos deben lavarse con un detergente adecuado y enjuagarse bien a fondo con agua potable después del tratamiento con este producto. Evitar la contaminación de alimentos durante el uso o almacenamiento.

NOTA: No lo use nunca en pisos, y proteja los pisos del exceso de rociado. Los ingredientes del producto hacen que el piso esté resbaladizo. Si cayó un exceso de rociado sobre un piso, restriéguelo con detergente y seque bien a fondo.

Para uso en plantas de alimentos: Adecuado para su uso en áreas de procesamiento no alimentarios. No utilizar en superficies en contacto con alimentos. Evite la contaminación de alimentos durante el uso y el almacenamiento.
