U - D E S K

Give your executive office space a grand appearance with a spacious, versatile U-Desk workstation. The U-shaped desk offers plenty of work space, allowing you to multi-task and efficiently manage large work loads. Strategic grommeting keeps your work area looking clean and desktops cable and clutter free. Get away from the chair by adding a stand up desk nearby.

L - D E S K

From executive suites to open office systems, the Legacy L-Desk is a perfect fit. The L-shape offers dual work surfaces and Corner Credenzas have curved interior corners that maximize space for sitting close. Corner grommets make wiring computers a snap. The L-Desk stations are highly customizable with multiple storage options available.

LEGACY

ESSENTIAL STATION

Open your office with a modern, yet value-oriented contrast to the common cubicle environment. The Legacy Essential Station accommodates any user with plenty of workspace and natural privacy. Many configurations are possible due to its reversible components. The station's most prominent feature is its integrated wire management solution. Power is placed along a cable canal located between stations that is accessed through integrated wire management grommets. The end trim allows access to the canal through the side panel and the top cap allows access from above.

POWER

All 8 wire 4 circuit (2+2) power systems are CL/UL certified. They are offered in double-sided power blocks that can accommodate up to 8 simplexes. This design allows more simplexes to be used per power block location, therefore lowering overall electrical costs. All molded components are made of high impact resistant LEXAN and all cables have galvanized steel flex covering.
