

the focused
Deveraux

Staying focused

Deveraux is a durable collection that focuses on the individual user's needs. This collection creates a private and non-distracting environment through traditional design and modern solutions.

Study Tables

Power silver
The Moire and Node power units complement Deveraux with power outlets and USB charging ports.

Wire Management Leg
Deveraux leg base study tables can be upgraded to include a wire management leg to keep wires out of sight and out of mind.

Durable

The lifespan of public furniture can often be shortened by its harsh environment. Deveraux's sturdy design, accompanied by durable materials, will ensure the furniture will be around for years to come.

4A rectangle, leg base (4-person)
5A round, leg base (4-person)
5B rectangle, leg base (4-person)
5C rectangle, panel base (4-person)
SURFACE laminate (Crystalline Dune)
WOOD light cherry

Computer Tables

Modern Additions

As the world innovates in both style and technology, so do we. Deveraux has been redesigned to include surface mounted power unit upgrades so users can easily charge their personal devices, a built-in wire management system and optional frosted acrylic dividers to provide privacy with an open feel.

6A pod starter/straight ends (12-person)
7A bullet island (5-person)
7B straight island (4-person)
7C pod island (3-person)
SURFACE laminate (Mercury Glass)
WOOD natural

Shelf
Deveraux carrels will include either a bottom or top (*shown*) shelf that can be used for storing various study supplies. The available task light accessory can be mounted under the shelf for additional lighting.

8A

Individual Focused

Deveraux was designed with a focused feeling in mind. The traditional aesthetic divides the user from the distractions around them so they can focus on the task at hand.
