

**Diversey**

## High Mileage® Floor Finish

A floor finish that delivers excellent gloss build and outstanding durability for your floors, even in the heaviest of traffic.

### Less Recoat Cycles = Labor Savings

- Extended recoat and stripping cycles yield labor savings and overall improved productivity
- Install up to five coats in one night

### High Performance and Durability

- Specially designed higher solids formula builds durability over time
- Extremely tough in high traffic areas and resists dirt, black heel marks and scratches exceptionally well
- Unsurpassed buff response with all types of UHS equipment—propane, battery or cord electric

## Use Directions

- Blockade areas to be stripped or finished. Floors will be very slippery until dry.
- Strip floors, using a Diversey stripper per the instructions on the stripper label.

## Coating

- Apply 3 or more medium coats using a clean finish mop or the Diversey ProSpeed™<sup>MC</sup> or TrailBlazer™<sup>MC</sup> Floor Finish Applicator System. Apply additional coats until desired gloss is obtained.
- Allow 30–45 minutes drying time between coats. Temperature, humidity and ventilation may affect drying time. Allow finish to cure for 24 hours before burnishing.

## Maintenance

- Dust mop or sweep. Clean the floor with a mop or an automatic scrubber using the recommended Diversey brand cleaner according to label directions.
- If desired, dry buff using medium to aggressive pad and 1000–1500 rpm equipment. Ultra-high speed burnish using a medium aggressiveness pad and 2000+ rpm equipment.

## Recoating

- Dust mop or sweep.
- Clean the floor with a mop or an automatic scrubber using the recommended Diversey brand cleaner according to label directions.
- Blockade area and apply 1–2 uniform coats of finish using a clean mop. Allow finish to cure for 24 hours before burnishing.

## Removal

- Remove using recommended Diversey brand stripper following label directions.

## Precautions

- Do not dilute. Do not use on surfaces colder than 50° F (10° C). To avoid contamination, do not return unused finish to original container. Do not freeze.

## Crew® Neutral NA

Non-Acid Bowl  
& Bathroom  
Disinfectant  
Cleaner

Non-acid, multi-surface restroom disinfectant cleaner that cleans, disinfects and deodorizes in one easy step.

### Effective

- Meets OSHA's bloodborne pathogen standard
- Kills HBV & HIV in one minute

### Easy-to-Use

- Simple ready-to-use flip top bottle
- Cleans, disinfects and deodorizes in one easy step
- Uniformly coats the surface for easier cleaning

# Crew® Neutral NA

## Non-Acid Bowl & Bathroom Disinfectant Cleaner

### Use Directions

#### For use as a One-Step Non-Acid Bowl Cleaner/Disinfectant for Toilet Bowls

- Remove gross filth and heavy soil deposits.
- With swab applicator, remove water from bowl by forcing water over trap. Press swab applicator against side of bowl to remove excess water.
- Apply 1 oz. of this product to swab applicator, cloth, mop, sponge or directly to surface. Swab entire surface area especially under the rim. Allow entire surface to remain wet for 10 minutes.
- Flush toilet and rinse swab applicator thoroughly.

#### For use as a Non-Acid Cleaner/Disinfectant for Urinals

- Remove gross filth and heavy soil deposits. Apply product directly to urinal surfaces including water outlets areas for general cleaning. Then pour an additional 1 oz. of product on applicator.
- Clean entire unit especially under the rim at water outlets with applicator.
- Remove screen trap to deodorize drain and apply 1 oz. directly on edge and into drain.
- Wait 10 minutes, flush and rinse applicator.

#### One-Step Disinfecting Glazed Ceramic Tile, Glazed Porcelain, Shower Walls, Floors and Other Hard, Nonporous Inanimate Bathroom Surfaces

- To disinfect hard, nonporous inanimate surfaces, use full strength.
- Apply product with a cloth, sponge, sprayer or mop.
- Treated surfaces must remain wet for 10 minutes.
- Rinse thoroughly.
- Pre-cleaning is required for heavily soiled surfaces.

## Crew® Clinging Toilet Bowl Cleaner

9.25% HCl toilet bowl disinfectant cleaner with a thickened formula that clings to vertical surfaces and effectively removes build-ups.

### Effective

- Quickly cleans away organic soil and eliminates rust, lime, hard water and uric acid deposits
- Cleans and disinfects in one minute
- Fresh floral fragrance leaves surfaces smelling clean and fresh

### Easy-to-Use

- Thickened formula clings to vertical surfaces for more effective cleaning and disinfecting
- Ready-to-use squeeze bottle

## Use Directions

### To Clean and Disinfect Toilet Bowls & Urinals

#### Toilet Bowls:

- Remove water from bowl by forcing over trap with applicator.
- Remove excess water from applicator by pressing it against side of bowl.
- Pour 1 oz. of product onto applicator.
- Scrub entire unit especially under the rim at water outlets.
- Wait one minute, then flush.

#### Urinals:

- Apply product directly to urinal surfaces including water outlet areas.
- Pour 1 oz. of product on applicator.
- Clean entire unit especially under the rim at water outlets.
- Remove screen trap to deodorize drain and apply 1 ounce directly on edge and into drain.
- Wait one minute, flush and rinse applicator.

## Shine-Up™/MC

### Lemon Furniture Polish

---

Cleans and polishes hard wood and laminate commercial furniture to a beautiful shine.

#### Protects as it Cleans

- Its rich blend of polishes provide a beautiful luster that helps protect against ordinary wear

#### Resists Smears and Fingerprints

- Special cleaners remove fingerprints, smudges and common oil-based marks

#### Easy-to-Use

- All the beauty of a hard-wax shine in no more time than it takes to dust
-

**Shine-Up™/MC Lemon Furniture Polish** provides a beautiful luster that helps protect wood and other surfaces against ordinary wear. Its unique formulation of rich polishes resists smears, fingerprints, smudges and common oil-based marks. Formulated for use on today's commercial furniture because it resists smears and fingerprints.

### Use Directions

- Hold container about 8 inches (20 cm) from surface to be waxed and spray a light mist on the surface.
- Wipe immediately with a soft, clean cloth.
- Do not allow spray to dry before wiping. No second cloth needed.
- Never use on floors and protect floors from overspray.
- The product ingredients could make a floor slippery.
- If oversprayed onto a floor, scrub the floor with detergent and dry thoroughly.
- On some small areas such as table legs, chrome trim, etc., it is not convenient to spray **Shine-Up™/MC Lemon Furniture Polish** directly onto the surface.
- In those cases, spray **Shine-Up™/MC Lemon Furniture Polish** onto a cloth and wipe the surface in a normal dusting action.

# Protect Every Moment

## IntelliCare™

Smarter Design. Sustainable Care.

### A complete hand care solution

The IntelliCare™ dispensing system is engineered to address all of your hand care needs with a versatile, modern and durable platform that is compatible with liquid/gel and foam products.

Game-changing innovation in dispenser technology:

- First hybrid dispenser for professional hand care available worldwide, with patented built-in technology that allows for touchless and manual activation, and provides low-content alerts.
- Robust and reliable ABS-plastic, scratch and UV-resistant
- Dose size switch and snap-in placard for ultimate versatility

Smart 1.3L packaging that let's you:

- Gain full product visibility at all times, with a patented bottle design that collapses from the back
- See the last product doses through a reservoir
- Reduce waste with a collapsible bottle that empties fully
- Easily replenish the bottle with an intuitive click mechanism

Professional hand care made easy with a compact range to cover most hand care applications. We achieve that with:

- Simplified product offering that is effective across multiple application areas
- Liquid and foam options available
- Best-in-class tested, trusted and proven formulations
- Maximum user acceptance; fragrances with universal appeal
- Leading mildness and skin compatibility
- Dermatologically tested formulations
- Global colour coded products with multilingual indications

Peace of mind with support from the industry experts:

- State-of-the-art on-site support communication and signage
- Partnered with leading organizations to develop and implement campaigns to raise hand hygiene awareness and programs to enhance compliance for you and your staff

# Use Overview

Amplify™/MC High Solids Durable Finish gives you high-gloss brilliance and durability in fewer coats, saving you time and labor.

## Preparation

- Always barricade area to be finished.
- Before the first application of Amplify™/MC High Solids Durable Finish, remove all old finish with recommended Diversey stripper.

## Coating

- Apply 3 or more medium coats of Amplify™/MC High Solids Durable Finish with a clean finish mop. Let dry to the touch between coats (about 30 minutes).
- On porous resilient or stone floors, seal first with 2 coats of recommended Diversey seal.

## Maintenance

- Clean Daily: Dust mop. Then wet clean with recommended Diversey cleaner in an autoscrubber or with a damp mop.
- Spray buff as needed with recommended Diversey spray buff, a red or beige pad and a 175–1500 RPM machine. Or burnish with a UHS pad and a battery, cord electric or propane machine at 1500–2000+ RPM.

- Clean and restore gloss with recommended Diversey burnisher. Apply recommended Diversey burnisher using an autoscrubber or damp mop, let floor dry and then burnish.

## Recoating

- Clean thoroughly. Dust mop. Machine scrub with a floor machine or autoscrubber using a blue pad and the recommended Diversey cleaner at the recommended dilution. Rinse well and let dry.
- Apply 2 new coats of Amplify™/MC High Solids Durable Finish.

# Bravo®

## Heavy Duty Low Odor Stripper

---

**Heavy duty and non-ammoniated for tough stripping jobs without the odor.**

### Effective

- ▶ Powerful formula dissolves all Diversey floor finishes
- ▶ Penetrates through finish build-ups and burnished finishes

### Low Odor

- ▶ Non-ammoniated, non-solvenated
- ▶ No heavy odor

### Versatile

- ▶ Suitable for use on a wide range of flooring

### Economical

- ▶ Multiple dilution rates for different levels of build-up—all at affordable prices

---

### Designed For

- ▶ Healthcare
  - ▶ Education
  - ▶ Retail
  - ▶ BSC
  - ▶ Government
- 

# Use Overview

**Bravo® Heavy Duty Low Odor Stripper** is a heavy-duty non-ammoniated floor stripper designed to quickly and easily handle your toughest stripping jobs.

## Preparation

- ▶ Blockade areas to be stripped or finished. Floors will be very slippery until dry.
- ▶ Mix 1 part **Bravo® Heavy Duty Low Odor Stripper** to 4–8 parts warm water, depending on floor finish build-up.

## Coating

- ▶ Apply liberal amounts of solution uniformly on floor with mop.
- ▶ If splashing occurs, wipe off surfaces with a clean rag dampened with water.
- ▶ Let stripper solution soak for 5–7 minutes.
- ▶ Increase soak time if using cool water. Keep areas to be stripped wet.
- ▶ Scrub thoroughly using a stripping pad or brush to break-up film.
- ▶ Pick-up all of the solution with a clean mop, wet vac, or an automatic scrubber.
- ▶ Thoroughly rinse floor with clear water.
- ▶ Let floor dry completely before applying recommended Diversey brand floor finish or sealer.

**Note:** The dilution of **Bravo® Heavy Duty Low Odor Stripper** can be varied from 1:4 to 1:8 depending on performance requirements.

## Cautions

- ▶ When using on asphalt or rubber tile, strip a small inconspicuous area to determine if bleaching or softening will occur.
- ▶ Do not use on unsealed wood, cork, linoleum or painted surfaces.

Diversey

## Complete<sup>®</sup> Floor Finish

A durable finish that reduces the need to strip and refinish – responds beautifully when spray buffed.

### Lasts Longer In Tough Traffic Situations

- Low maintenance, high durability and great finish value

### Easy-to-Use

- Easy application and recoat
- Great leveling

### Simple System Requires Minimal Training

- Easy to clean, maintain and strip with matched Diversey products

### Protects and Enhances

- Excellent traffic and mark resistance even on older floors

## Complete® Floor Finish

### Use Directions

- Strip floor using recommended Diversey brand stripper according to label directions.
- Apply 2–3 uniform coats using a clean mop. If higher gloss is desired, apply additional coats.
- Allow 40–50 minutes drying time between coats.
- Contaminants on floors can cause floors to become slippery.
- Avoid contact with eyes and skin.
- If contact occurs, flush immediately with water.
- If irritation develops, seek medical attention.

## End Bac® II Spray Disinfectant

A quaternary-based aerosol germicide for disinfecting and deodorizing pre-cleaned surfaces.

### Broad Spectrum Activity

- Kills gram positive and gram negative bacteria
- Kills Staphylococcus aureus and Pseudomonas aeruginosa, Streptococcus hemolyticus on hard, non-porous environmental surfaces

### Controls Mold and Mildew

- Controls the growth of fungus, mold and mildew on hard non-porous environmental surfaces
- Ideal for locker rooms, shower stalls, floors and benches

### Odor Control

- Eliminates odors at their source, does not just mask odors

### Versatile

- For use in hospital rooms, sick rooms, doctor examining rooms, bathroom and locker room facilities on hard, nonporous environmental surfaces

# End Bac® II

## Spray Disinfectant

### Use Directions

- Prior to application, thoroughly clean all surfaces to be treated to remove gross filth or heavy soil.

#### Disinfectant

- Hold can upright and spray from a distance of 6 to 8 inches until area for treatment is thoroughly moistened. Allow to remain wet for 10 minutes before wiping or allow to air dry.

#### Control of Mold and Mildew

- Spray surface until thoroughly moistened. Allow to air dry. Repeat application in 7 days.

#### Control of Fungus

- Spray surfaces until thoroughly moistened.
- Allow to air dry.

Envy®

Foaming  
Disinfectant  
Cleaner

Foaming, quaternary-based, hospital-grade disinfectant cleaner that cleans, disinfects and deodorizes in one step.

### Broad Spectrum Activity

- Highly effective against a wide variety of pathogenic microorganisms including bacteria, antibiotic resistant bacteria, viruses, fungi, mold and mildew
- Bactericidal, Fungicidal, Mildewstatic and Virucidal
- Meets bloodborne pathogen standard for HBV and HIV

### Effective

- Cleans and disinfects surfaces with a simple spray and wipe
- Foam dissolves dirt, grime, mold, mildew and other common soils

### Versatile

- Use on hard, nonporous surfaces including vinyl, painted surfaces, plastic, glazed ceramic, glazed porcelain, chrome, laminated surfaces and baked enamel surfaces
- Effective on stains in health care, educational, lodging and food service environments

## Use Overview

### For General Cleaning and/or Deodorizing

- Hold can upright. Spray foam evenly over surface.
- Wipe with clean cloth, sponge or paper towel.
- For heavily soiled areas or stubborn spots, let foam stay on surface longer before wiping.

### For General Cleaning and/or Deodorizing

- Spray foam evenly over surface. Be sure to wet all surfaces thoroughly.
- Let remain on surface for three minutes.
- Wipe with clean cloth, sponge or paper towel.

## Envy® Liquid Disinfectant Cleaner

Quaternary-based, hospital-grade disinfectant cleaner that cleans, disinfects and deodorizes in one step.

### Broad Spectrum Activity

- Highly effective against a wide variety of pathogenic microorganisms including bacteria, antibiotic resistant bacteria, viruses, fungi, mold and mildew
- Bactericidal, fungicidal, mildewstatic and virucidal

### Effective

- Ready-to-use liquid disinfects in five minutes and is a non-food contact sanitizer in 30 seconds
- Cleans and disinfects surfaces
- Quickly removes dirt, grime, mold, mildew and other common soils on hard, nonporous surfaces

### Versatile

- Use on hard, nonporous surfaces including vinyl, painted surfaces, plastic, glazed ceramic, glazed porcelain, chrome, laminated surfaces and baked enamel surfaces
- Effective on stains in health care, educational, lodging and food service environments

## Use Directions

### For Use as a General Cleaner/Deodorizer

- Hold bottle upright.
- Spray evenly over surface.
- Wipe with clean cloth, sponge or paper towel.
- For heavily soiled areas or stubborn spots, let solution stay on the surface longer before wiping.

### For Use as a Cleaner/Disinfectant

- Spray evenly over surface.
- Be sure to wet all surfaces thoroughly.
- Let solution remain on surface for five minutes.
- Wipe with clean cloth, sponge or paper towel. For heavily soiled areas, thoroughly clean surface prior to disinfecting.
- When disinfecting food contact surfaces such as kitchen counters and tables used for food preparation, cutting boards, appliances and sinks, then thoroughly rinse surfaces with potable water.
- This product must not be used to clean the following surfaces: utensils, glassware and dishes.

### To Sanitize Non-Food Contact Surfaces

- Pre-clean hard nonporous surfaces.
- Apply spray until thoroughly wet.
- Let stand 30 seconds. Then wipe.
- Not for use on food contact surfaces or on food preparation areas.

# Use Overview

Extraction Cleaner is a powerful cleaner compatible with advanced generation fibers when used as an extraction cleaner. It is safe to use on all synthetic carpets. Always vacuum carpet to remove loose soil and pre-spot carpet prior to cleaning. If being used for the first time, test for colorfastness in an inconspicuous area before use.

## For Portable Extractor Use

- Dilute 5 oz. of Extraction Cleaner per 5 gallons cold water (147 mL per 19 L).

## For Truck Mount Stock Solution

- Add 40 oz. of Extraction Cleaner per 5 gallons cold water (1.18 liters per 19 L).

## For Use as Pre-Spray (except on stain resistant synthetics)

- Dilute 13 oz. of Extraction Cleaner per gallon cold water (78 mL per liter).
- Spray solution via a low-pressure sprayer onto carpet, paying particular attention to spots and traffic lanes. Agitate with a carpet rake, extractor brush, shampoo brush or bonnet.
- Fill extractor with clear cold water or Extraction Rinse according to label directions and rinse carpet. After cleaning, re-set pile by brushing in one direction with a clean stiff synthetic broom or carpet rake.

## Heavy Duty Prespray Plus

Cleans heavily soiled carpets with a unique polymer-enhanced formula that also prevents resoiling.

### Effective

- Cleans tough soils in heavy traffic areas
- Carpets stay cleaner longer due to exclusive soil barriers that help resist resoiling

### Available in RTD® Dispensers

- All of the no-hassle benefits available with RTD® dispensers

### Safe

- pH neutral

### CRI™ Certified

- Meets the specification for the Carpet and Rug Institute Seal of Approval

# Heavy Duty Prespray Plus

## Use Directions

### For Prespray Cleaning

- Thoroughly vacuum carpet and pre treat spots.
- Using RTD® dispenser, turn dial to  (1:40) and fill pump up sprayer.
- Spray carpet completely, paying particular attention to traffic lane.
- Allow 5–10 minutes for product to completely loosen soils.
- Agitate carpet with extractor brush, shampoo brush, carpet rake or bonnet.
- Thoroughly extract carpet with diluted Extraction Rinse or luke warm water (use Liquid Defoamer in recovery tank as needed). Allow carpet to dry.

### For Bonnet Cleaning

- Using RTD® dispenser, turn dial to  (1:40) and fill pump up sprayer.
- Pre-spray solution on carpet.
- Clean with dry or lightly sprayed bonnet under rotary floor machine using circular motion. For bonnet scrubbing, soak bonnet in bucket of Heavy Duty Prespray Plus and wring out thoroughly before cleaning.

- When bonnet becomes dirty, turn over and continue. When both sides are soiled, replace with a clean bonnet and continue. For bonnet scrubbing, clean bonnet by pre-soaking in solution.
- Groom carpet with clean carpet rake or stiff synthetic broom. Allow to dry.

### For Extraction Cleaning

- Using RTD® dispenser, turn dial to  (1:320) and fill up extraction cleaning machine.
- Thoroughly extract carpet (use Liquid Defoamer in recovery tank as needed).
- Allow to air dry.
