

Revive® Plus SC

Mantenedor/
Rejuvenecedor

Mantenedor/rejuvenecedor formulado para limpiar pisos e intensificar el brillo.

Realza el aspecto del piso

- Hace 'emerger' el brillo cuando se pule con pulidores de 1500 a 2000+ rpm alimentados por propano, batería o tensión de línea

Fórmula patentada

- Exclusiva fórmula patentada de limpiador/mantenedor que puede utilizarse para la limpieza diaria

El piso permanece más limpio por más tiempo

- Este potente mantenedor puede utilizarse diariamente, sin producir un tono marrón

Mantiene el brillo

- Fórmula exclusiva diseñada para reparar rayones microscópicos

Instrucciones de uso

Mantenimiento con limpiapisos automático

- Restriegue el piso con una almohadilla roja o su equivalente.
- Pase el trapeador por las zonas excesivamente mojadas que haya dejado la máquina. No enjuague el piso después de la limpieza.
- Deje que el piso se seque por completo.
- Para obtener un aspecto óptimo, pula con almohadillas apropiadas.

Mantenimiento con trapeador y cubeta

- Limpie el piso con un trapeador con el producto diluido.
- Recoja la suciedad y el exceso de limpiador con un trapeador bien retorcido. No enjuague el piso después de la limpieza.
- Deje que el piso se seque por completo.
- Para obtener un aspecto óptimo, pula con almohadillas apropiadas.

Soft Care® Sensitive Foam™/MC Gentle Foam Hand Wash

Soft Care® Sensitive Foam™/MC is a fragrance-free, dye-free luxury handwash. The Soft Care® Sensitive Foam™/MC proves a great solution for areas where frequent washing is required and healthy hands are desired. Soft Care® Sensitive Foam™/MC provides excellent moisturizing capabilities, leaving hands feeling healthy and clean.

Features

- Skin softening emollients
- pH balanced
- Fragrance Free
- Dye Free
- High quality and consistent foam texture
- Formulated with wetting agents
- Free from undesirable ingredients, such as, Cocamide DEA, parabens and triclosan
- Mild surfactant system
- Skin compatibility tested (Patch test)

Benefits

- Safe, quick and effective hand wash helps reduce the spread of germs
- Moisturize hands with softening emollients, maintaining skin health for frequent users
- Leaves hands soft increasing customer satisfaction
- Rubs easily onto hands and leaves no sticky residue
- Effective surfactant system ensures excellent removal of grease and other soils
- Wetting agents allow for an even application and an easy rinse
- Reduced skin irritation and greater skin compatibility with a pH balanced formula
- Proven skin mildness with high moisture enhancement

Applications

- Best choice for allergy sensitive settings such as schools. Great for use in areas where frequent hand washing requires a deluxe moisturizing hand soap.

Use Directions

- Wet hands and forearms
- Apply one dose of the product in the hands and lather
- Rub taking special care in washing between fingers
- Rinse thoroughly

FEATURES

- Concentrated formula
- Wide range sanitizer
- Multiple use product

BENEFITS

- Extremely low use rate
- Effective at 150-400 ppm.
- Disinfectant, laundry sanitizer, deodorizer and hard surface sanitizer

RECOMMENDED USES

For use in hospitals, nursing homes, restaurants, bars or wherever an effective quaternary sanitizer or disinfectant is needed.

SPECIFICATIONS

Color : Yellow
Scent/Odor : None added
Character : Clear, non-viscous liquid
Foam : Low

pH use dilution : 7.0-8.0
Phosphorus content : 0.0%
Approvals : cRc, EPA

**IMPORTANT**

Read and understand the label and Safety Data Sheet (SDS). These provide a description of hazards, precautions, personal protective equipment, first aid, 24 Hour Emergency lines, storage data and other safe handling information. The SDS is provided with each container shipped. It is also available on our website or from the distributor.

PRODUCT DIRECTIONS**EQUIPMENT TO USE**

MixMATE Sanitation System, appropriate MixMATE spray bottle or pail and mop, sponge, cleaning cloth, bowl mop, scrub brush, rubber gloves and eye protection.

DIRECTIONS TO USE

SANITIZER: Apply solution of 150 - 400 ppm to pre-cleaned hard surfaces, thoroughly wetting surfaces with a cloth, mop, sponge, sprayer or by immersion. Surfaces must remain wet for 1 minute followed by adequate draining and drying. No potable rinse is allowed.

DISINFECTING OF HARD NON-POROUS SURFACES: Add 3.5 ounces to 4.5 gallons of water. Surfaces must remain wet for 10 minutes.

LAUNDRY SANITIZER: Fill washer to low level with a minimum temperature of 95°F. Using appropriate dispenser, inject into the sanitizing rinse step at a rate of 1.33 oz/gallon of water. Treat laundry a minimum of 5 minutes at a minimum of 95°F.

FOR USE IN THIRD TANK SANITATION: Prior to application, remove gross food particles and soil by pre-flush, or pre-scrape, and when necessary, pre-soak. Then thoroughly wash or flush objects with a compatible detergent followed by a potable water rinse before applications of sanitizing solutions. Apply a solution of 1 to 2.67 ounces of this product in 4 gallons of water (150-400 ppm active) to pre-cleaned, hard surfaces thoroughly wetting surfaces with a cloth, mop, sponge, sprayer or by immersion. For spray applications, use a coarse pump or trigger sprayer. Spray 6 to 8 inches from surface. Rub with brush, sponge, or cloth. Do not breathe spray. With spray applications cover or remove all food products. Check with us regarding availability/product registration status in your state.

PACKAGING

This product is available in 2/1 gallons (5199160).

Diversey

Signature[®]

**Ultra High Speed
Floor Finish**

The floor finish solution for “wet look” appearance throughout your establishment—for floor care that’s simply brilliant.

Excellent Performance

- Unsurpassed “wet look” gloss
- Dramatic response to propane, battery and electric equipment
- Designed to excel on vinyl composite, sheet vinyl and terrazzo flooring

Easy-to-Use

- Easy to apply, thin or full coats, fast drying
- Restorers and maintainers are not required
- Apply over virtually any finish after deep-scrubbing with Diversey UHS^{TM/MC} Cleaner and green pads

Use Directions

Preparation

- Blockade areas to be stripped or finished. Floors will be very slippery until dry.
- Strip floors using a Diversey brand stripper per the instructions on the stripper label.

Coating

- Apply 3 or more medium coats of product using a clean finish mop or the Diversey ProSpeed™/MC or TrailBlazer™/MC Floor Finish Applicator Systems. Apply additional coats until desired gloss is obtained.
- Allow 30–45 minutes drying time between coats. Temperature, humidity and ventilation may affect drying time. Allow finish to cure for 24 hours before burnishing.

Maintenance

- Dust mop or sweep.
- Clean the floor with a mop or an automatic scrubber using the recommended Diversey brand cleaner according to the label directions.
- Burnish using appropriate pads.

Recoating

- Dust mop or sweep.
- Clean the floor with a mop or an automatic scrubber using the recommended Diversey brand cleaner according to the label directions.
- Blockade area and apply 1–2 uniform coats of finish using a clean mop.
- Allow finish to cure for 24 hours before burnishing.

Signature® Ultra High Speed Floor Finish meets the newest and most stringent VOC standards in North America, including those adopted by the California Air Resources Board (CARB) 2011 regulations. In addition, **Signature® Floor Finish** is formulated with readily biodegradable surfactants and solvents. Also, **Signature® Floor Finish** is not formulated with any endocrine-disrupting plasticizers, dyes, or fragrances. These attributes, combined with numerous others, make this product an excellent choice for your facility under a sustainable facility care program.

Glance®

Glass & Multi-Surface Cleaner

A streak-free cleaner for glass and other surfaces such as chrome, stainless steel, sinks, bathroom fixtures and laminate countertops.

Heavy-Duty Cleaner Saves Time

- ▶ Cuts through grease, grime, soap films, finger marks and smoke film

Easy-to-Use

- ▶ Will not streak or smear glass, windows or mirrors
- ▶ Wipes clean and dries fast

Versatile

- ▶ Use on other washable surfaces including chrome, stainless steel, sinks, bathroom fixtures and laminated surfaces

Economical

- ▶ Concentrated formulations deliver excellent cleaning performance for just pennies per diluted gallon

Designed For

- ▶ Health Care
 - ▶ Food Service
 - ▶ Education
 - ▶ Retail
 - ▶ BSC
 - ▶ Government
 - ▶ Lodging
-

Use Overview

Glance® Glass & Multi-Surface Cleaner can be used on glass and many washable surfaces such as chrome, stainless steel, sinks, bathroom fixtures and laminate surfaces such as countertops.

- ▶ Fill, dilute or dispense product into spray bottle according to label directions.
- ▶ Spray onto surfaces to be cleaned.
- ▶ Wipe surface with clean cloth or dry towel.
- ▶ Do not use on copper or brass as repeated use may discolor these surfaces.

Oxivir® Tb and Oxivir® Tb Wipes

General Virucide, Bactericide, Tuberculocide,
Fungicide, Sanitizer

A ready-to-use cleaner disinfectant based on proprietary AHP® technology to deliver fast, effective cleaning performance.

Effective

- ▶ Bactericidal and *Virucidal in one minute, kills HBV, HCV, HIV-1 (AIDS virus) in one minute, Tuberculocidal in five minutes and kills fungi in ten minutes
- ▶ Patented technology contains a high performance surfactant system that delivers faster and better cleaning results
- ▶ SKU #5388471 meets NFPA (National Fire Protection Association) and CMS (Centers for Medicare & Medicaid Services) requirements

Environmentally Responsible

- ▶ No VOC's, no added fragrance, no NPE's
- ▶ The active ingredient breaks down to water and oxygen

Easy-to-Use

- ▶ Use to clean most hard, nonporous environmental surfaces with confidence
- ▶ Non-irritating to skin and eyes and contains no substances which at the given concentration, are considered to be hazardous to health per OSHA standards

Designed For

- ▶ Health Care
- ▶ Retail
- ▶ Government
- ▶ Lodging

Use Overview

Oxivir® Tb is a patented one-step cleaner disinfectant for spray-and-wipe cleaning applications. **Oxivir® Tb Wipes** is a one-step cleaner disinfectant wipe.

- ▶ Pre-clean heavily soiled areas.
- ▶ Apply solution by cloth or disposable wipe to hard, non-porous environmental surfaces.
- ▶ All surfaces must remain wet for one-minute to kill bacteria, HIV-1, HBV and HCV.
- ▶ Use a five-minute contact time for Tb and a ten-minute contact time for fungi.
- ▶ Wipe surfaces dry, rinse or allow to air dry.
- ▶ **Note:** Rinsing is not necessary unless floors are to be coated with finish or restorer. All food contact surfaces must be rinsed with potable water. Do not use on glassware, utensils, or dishes. Not recommended for use on brass, copper, aluminum, bronze, granite, zinc or marble.

Diversey
for a cleaner, healthier future™

PlazaTM/MC Plus

Sealer/Finish

A long-lasting, high gloss sealer/finish specifically formulated for stone floors.

Improved Performance

- ▶ Improved formulation is easier to apply—less mop drag for more consistent results
- ▶ Faster dry time
- ▶ Reduced VOCs of 50% and significantly decreased odor
- ▶ Now compliant with California 2010 VOC requirements

Easy-to-Use

- ▶ One product seals and finishes
- ▶ Can be applied, maintained and removed like any conventional finish
- ▶ Offers excellent adhesion to new or worn stone flooring
- ▶ Apply using a mop and maintain with 175–1500 RPM equipment

Versatile

- ▶ One-product solution for multiple stone substrates, including marble, terrazzo, granite, slate, quarry tile, brick, unglazed ceramic, Mexican tile and others
- ▶ Excellent leveling and brilliant gloss that can withstand high traffic loads

Designed For

- ▶ Education
 - ▶ Retail
 - ▶ BSC
 - ▶ Government
-

Use Overview

Plaza™/MC Plus Sealer/Finish is a high performance sealer/finish, which offers excellent adhesion to new or worn granite, marble, terrazzo and other stone flooring. It contains a blend of unique polymers which create a durable coating that can withstand high traffic loads.

- ▶ Remove all old sealer/finish using appropriate Diversey floor stripper according to label directions.
- ▶ Rinse floor to ensure all residues are removed.
- ▶ Allow floor to dry thoroughly before proceeding.

When Used as a Sealer/Finish

- ▶ Apply 3–5 coats of **Plaza™/MC Plus Sealer/Finish** using a clean synthetic finish mop and bucket, the Diversey ProSpeed™/MC Finish Applicator System, or the TrailBlazer™/MC Floor Finish Applicator System.
- ▶ Allow each coat to dry thoroughly, approximately 45 minutes depending on drying conditions.

Maintenance

- ▶ Sweep or dust mop.
- ▶ Clean floor with appropriate Diversey alkaline or neutral cleaner according to label directions.

- ▶ Low Speed Buffing – When dry, spray buff the floor with red floor pad.
- ▶ High Speed Buffing – When dry, burnish the floor with a UHS machine of 1500 RPM or greater and appropriate floor pad.
- ▶ Deep clean and re-coat floor when appearance can not be repaired with buffing.

When Used as a Sealer

- ▶ Apply 3–5 coats of **Plaza™/MC Plus Sealer/Finish** using a clean synthetic finish mop and bucket or the Diversey ProSpeed™/MC Finish Applicator System, or the TrailBlazer™/MC Floor Finish Applicator System.
- ▶ Allow each coat to dry thoroughly, approximately 45 minutes depending on drying conditions.
- ▶ Apply selected Diversey top-coat finish to meet the performance required.

Maintenance

- ▶ Will depend on the top-coat finish selected.

- ▶ Follow procedures quoted in the topcoat finish directions.
- ▶ Deep clean and re-coat floor with topcoat finish when appearance can not be repaired with typical maintenance.

Best Results

- ▶ Do not dilute.
- ▶ Do not use on surfaces colder than 50° F (10° C).
- ▶ To avoid contamination, do not return unused product to original container.

Note: Floors will be slippery when wet or contaminated with foreign materials. Promptly clean-up spills and foreign materials. Meets ASTM D2047 requirements for slip resistance.

Premia®

Ultra High Speed Floor Finish

Ultra High Speed floor finish that offers great performance and “wet look” appearance with low maintenance requirements.

Excellent Performance

- ▶ “Wet look” gloss
- ▶ Great burnish response that “pops” with propane, battery or electric equipment
- ▶ Superior resistance to dirt embedment, scratching, scuffing and marking

Easy-to-Use

- ▶ Easy to apply using standard mop or applicator
- ▶ Enables flexibility in maintenance procedures and burnishing frequency while still maintaining a great appearance

Designed with Environment in Mind

- ▶ New formula contains lower VOCs and is low odor
- ▶ Contains no fluorochemicals
- ▶ Contains readily biodegradable surfactants

Designed For

- ▶ Healthcare
 - ▶ Education
 - ▶ Retail
 - ▶ BSC
 - ▶ Government
-

Use Overview

Premia® Ultra High Speed Floor Finish is a labor-saving floor finish that delivers “wet look” gloss without daily burnishing. It can be used on all types of resilient floors. Non-resilient floors should be sealed first.

- ▶ Clean floor.
- ▶ Strip floor if necessary. Apply 2–4 coats of **Premia® Ultra High Speed Floor Finish** using a clean mop, the Diversey ProSpeed™/MC or TrailBlazer™/MC Floor Finish Applicator System allowing 30 minutes drying time between coats. Apply additional coats if a higher gloss is desired.
- ▶ Floors will be very slippery until dry. Meets ASTM D2047 requirement for slip resistance.

Burnishing

- ▶ Dust mop or sweep floor. Clean floors with any cleaner.
- ▶ Use autoscrubber with red pad.
- ▶ Burnish floor using light color UHS synthetic burnishing pad (not recommended to use natural Hog hair pad). Suitable to be burnished with cord electric, battery or propane burnishers 1500 rpm and up.
- ▶ Dust mop floor.

Product Specifications

Deep Scrub/Top Scrub and Recoating

- ▶ Dust mop or sweep floor.
- ▶ Scrub floor using UHS Cleaner. Use blue scrubbing pad and dilute product 1:512.
- ▶ Apply 1–2 coats of **Premia® Ultra High Speed Floor Finish**.

Stripping

- ▶ Strip floor using Pro Strip® or Freedom®.
- ▶ Dilute product according to label use instructions.

Diversey

Pro Strip™

Heavy Duty
Floor Stripper

A professional strength stripper designed for the removal of “tough to strip” finishes and sealers.

Reduces Labor

- Fast penetration of UHS burnished finishes and sealer layers
- Designed to work the first time to reduce “restrips”

Low Odor

- Does not contain butyl
- Reduces facility complaints regarding floor stripping odors

Versatile Problem Solver

- Works in cool water
- Variable dilution rate to match the job

Use Overview

Pro Strip™ Heavy Duty Floor Stripper is a high performance, variable dilution stripper that delivers outstanding performance and economy. The powerful formula emulsifies the toughest burnished films on contact without “gumming-up” or unpleasant odors and eliminates costly multiple strip cycles. A broad range of recommended dilutions can be matched to performance requirements for greater economy.

- Use appropriate personal protective equipment. Dilute product as follows:
 - **Light Build-up of Floor Finishes:** Dilute product between 1:8 (16 fl. oz./gal.) and 1:10 (13 fl. oz./gal.) with cool water.
 - **Heavy Build-up of Floor Finishes:** Dilute product between 1:4 (32 fl. oz./gal.) and 1:6 (24 fl. oz./gal.) with cool water.
 - **Heavy Build-up of Concrete Sealers:** Dilute product at 1:2 (64 fl. oz./gal.) with cool water.
- Blockade areas to be stripped. Floors will be very slippery when stripper is applied. Exercise caution.
- Apply liberal amounts of solution uniformly to floor with a mop. Start with the edges to give them more soak time. If splashing occurs, wipe off surfaces with a clean rag dampened with water.
- Let stripper solution soak for 5–10 minutes. Mop agitate to loosen finish or sealer. Re-wet as necessary, do not allow stripper to dry on the floor. Longer soak times may be necessary in cases of extreme buildup.
- Hand or machine scrub thoroughly using black pads or stripping brush.

- Pick-up all of the solution with a clean mop, wet vac or automatic scrubber.
- Mop up any “tracks” left by wet vacs or automatic scrubbers before they dry. Thoroughly rinse floor with clean water, using a mop and bucket.
- Let floor dry completely before applying recommended Diversey brand floor sealer or finish.

Important:

Do not use on wood, linoleum, rubber, marble, painted surfaces, on surface colored and acid dyed concrete floors as this product may harm these surfaces. Test for softening or color bleeding on asphalt floors before using.

Diversey

Pro Strip™ ULTRA

Heavy Duty
Floor Stripper

An ultra strength stripper designed for the removal of “tough to strip” finishes and sealers.

Reduces Labor

- Fast penetration of UHS burnished finishes and sealer layers
- Designed to work the first time to reduce “restrips”

Low Odor

- Not formulated with butyl or ammonia
- Reduces facility complaints regarding floor stripping odors

Versatile Problem Solver

- Concentrate not regulated as hazardous waste for disposal under EPA Resource Conservation and Recovery Act (RCRA) regulations
- New stronger concentration for lower in-use cost
- Works in cool water
- PPE is not required at specified use dilution

Designed For

- Healthcare
- Food Service
- Education
- Retail
- BSC
- Lodging
- Government

Use Overview

Pro Strip™ ULTRA Heavy Duty Floor Stripper is a powerful, fast-acting stripper that begins to emulsify most finishes upon contact, reducing normal soak times and removing multiple layers of finish with fewer passes. Can be applied on VCT, terrazzo and concrete floors.

- Use appropriate personal protective equipment.

Dilute product as follows:

Light Build-up of Floor Finishes:

- Dilute product between 1:8 (16 fl. oz./gal.) and 1:10 (13 fl. oz./gal.) with cool water.

Heavy Build-up of Floor Finishes:

- Dilute product at 1:6 (24 fl. oz./gal.) with cool water.

Heavy Build-up of Concrete Sealers:

- Dilute product at 1:4 (32 fl. oz./gal.) with cool water.

- Blockade areas to be stripped. Floors will be very slippery when stripper is applied. Exercise caution.
- Apply liberal amounts of solution uniformly to floor with a mop. Start with the edges to give them more soak time. If splashing occurs, wipe off surfaces with a clean rag dampened with water.
- Let stripper solution soak for 5–10 minutes. Mop agitate to loosen finish or sealer. Re-wet as necessary, do not allow stripper to dry on the floor. Longer soak times may be necessary in cases of extreme buildup.

- Hand or machine scrub thoroughly using black pads or stripping brush.
- Pick-up all of the solution with a clean mop, wet vac or automatic scrubber.
- Mop up any “tracks” left by wet vacs or automatic scrubbers before they dry. Thoroughly rinse floor with clean water, using a mop and bucket.
- Let floor dry completely before applying recommended Diversey brand floor sealer or finish.

Pro Strip™ ULTRA Heavy Duty Floor Stripper meets the newest and most stringent VOC standards in North America, including those adopted by the California Air Resources Board (CARB).

Soft Care® Hand Sanitizing Wipe Alcohol-Free

Soft Care® Hand Sanitizing Wipes are alcohol free ready-to-use cleaning and sanitizing wipes. Ideal for retail environments, educational facilities, municipal buildings, and other areas where sanitizing is needed and alcohol is not desired. Non-tacky formula moisturizes with Aloe, Glycerin and Vitamin E to leave hands feeling clean and fresh.

Features

- Special formula cleans and sanitizes
- Formulated with Aloe, Glycerin and Vitamin E to moisturize the skin
- Alcohol-Free

Benefits

- Convenient and easy to use
- Antibacterial yet gentle to skin

Applications

- Wet hands thoroughly and allow to dry.
- Dispose of wipe after use to prevent cross-contamination

Soft Care® Hand Sanitizing Wipe

Alcohol-Free

Dispensing Directions

- Remove lid by lifting upward. Remove foil seal.
- Pull towel from center of the roll and thread through "X" on the underside of the lid.
- Close lid. Pull towel at 90° angle.
- Snap hinged cap back into place to ensure towels stay moist.

Use Directions

- Wet hands thoroughly with product and allow to dry.
- Children under six years of age should be supervised when using this product.

Disposal: Offer empty container for recycling. If recycling is not available, discard container in trash. Discard towel in trash after use. Do not flush.

Diversey

Soft Care® Impact™/MC

Alcohol Instant
Hand Sanitizer -
Liquid or Foam

Soft Care® Impact™/MC is an alcohol based instant hand sanitizer enriched with skin conditioning emollients to keep skin soft and protect against irritation for even the most frequent users. Fragrance-free and dye-free, Soft Care® Impact™/MC meets CDC, WHO, APIC and PHAC hand hygiene recommendations for Healthcare personnel hand rubs.

Features

- Contains 76% (v/v), 72% (w/w) ethyl alcohol
- Waterless skin antiseptic with proper use
- Skin softening emollients included
- Dye Free
- Fragrance Free
- Skin compatibility tested (Patch test)
- Meets APIC, PHAC, CDC and WHO Healthcare Personal Hand Wash (HCPHW) guidelines

Benefits

- The ethyl alcohol formula means an effective hand rub to help reduce the spread of germs
- Minimize the risk of sick-leave resulting from cross contamination
- No rinse application
- Skin softening emollients leave hands soft and with no sticky residues
- Pleasant user experience stimulates hand hygiene compliance
- Free of dye and perfumes reducing potential risk of skin irritation and allergic reactions for users with sensitive skin

Applications

- Great for use in restrooms, healthcare settings, offices and fitness centers

Nonfood Compounds
Program Listed E3
Registration# 153923

(Foam only)

Use Directions

- Apply 0.4-1 ml into hands.
- Rub product vigorously over hands covering all surfaces.
- Allow to air dry - do not rinse.

Soft Care®
Impact™/MC
Alcohol
Free
Instant Hand
Sanitizer

Soft Care® Impact™/MC Alcohol Free is a benzalkonium chloride based instant hand sanitizer enriched with skin conditioning emollients to keep skin soft and protected against irritation. Fragrance-free, dye-free and alcohol-free, it is a preferred option for those facilities who do not desire alcohol based products.

Features

- Effective alcohol-free formulation
- Waterless skin antiseptic with proper use
- Skin softening emollients included
- High quality and consistent foam texture
- Dye Free
- Perfume free
- Non-flammable

Benefits

- Safe, quick and effective hand rub helps reduce the spread of germs
- Minimize the risk of sick-leave resulting from cross contamination
- No rinse application
- Alcohol-free where use of alcohol-based hand sanitizers are a concern
- Skin softening emollients leave hands soft and with no sticky residues
- Pleasant user experience stimulates hand hygiene compliance and positive public health
- Rubs easily onto hands
- Free of dye and perfumes, reducing potential skin irritation and allergic reactions for users with sensitive skin or respiratory conditions

Applications

- Great for use in restrooms, and public areas found in retail, schools, prisons, healthcare facilities, offices and fitness centers

Soft Care® Impact™/MC Alcohol Free
